Hard News

R: hot wild day in the south west – fire south of Santa Fe!

- Everything we are watching now is about Black Ops – there's an article out there: no planes hit the towers on 9/11, only holograms.
 - The trap is snapping as Mr 19.5* does what he has to do: the issues of race, culture, being different are so obvious.
- **Anonymous 7 1/2** talked to R today, also Sam Seder and others in the wake of Orlando
 - the #1 issue – Mark Levine – used to be an intern for Barney Frank – talked about what happened to his sister who was gay and shot in cold blood like those in Orlando; about 5 years ago, a hate crime. Mark is from VA and voting for Hillary
 - Guns themselves do not walk into airports, malls, bars and shoot people – takes a person to do it - a person with a mind that has been programmed.
 - When Obama was speaking about an assault weapons ban, Gen. Dunford was beside him and is in total support of this idea: Scott Mowry now completely immersed in dinars, dongs, idea of Dunford being president – DUNFORD IS NOT THE PRESIDENT. This is the zig zag path to nowhere.
- **FROM Anonymous 7 1/2; Larry, Curly; Tom the Cat**
 - Plus a call from **LM Nada** who said the UN is NOT OVER IN CHINA, STILL IN NYC –
 - so many ludicrous stories, along with Mr Hair: #1 issue is about the colour of one's skin
 - **Tom the Cat, Larry, Curly:** as humanity gets past the idea of race, colour, gender – then we can have a real conversation.
 - Also, the galactics are still showing up en masse whether the media reports on it or not – we are all divine beings. R has sat with many galactic councils, whose members remind him of the bar scene in *Star Wars* – and there is always respect for the Office of the Christ!
 - On Earth, a very old program is coming to an end and the truth is coming forward: the goddess is back, she is black, her name is Sekhmet - and Michelle Obama, Angela Davis and the Obama family represent this idea. It IS coming forward as more stories come forward about Black Lives Matter - when we get to the place that every single life is so precious . . .
- **Anonymous 7 1/2 today** showed Rama his light sabre: a different technology than the phasers – he cut a bumper off a car in 6-7 seconds. The device looks like a flashlight or a laser pointer – cuts through bodies, tanks, cars -
 - what are these things doing here? Has to do with the usurpation of the very soul of our planet - on Thom Hartmann today, another scientist said we are in the midst of the 6th Extinction – massive law suits starting to pile up against Exxon Mobil and other oil companies
 - Yes, there are law suits against Trump – Amy Goodman had a segment on this today - doesn't pay his people or the corporations: major tax fraud that goes into the realm of the mafia and the Vatican. David Cay Johnson said his lawyers know how to use the law to avoid paying taxes: that the deficiencies in some of the structures that need to be repaired can cover the taxes – so if he does one, can't do the other! They know how to weasel out of obligations
- Back to major story: Exxon and other major fossil fuel companies have known since the 1960s what would happen: 17 Attorneys General are demanding the release of 4 decades of records from Exxon Mobil – it can be proven that EO knew in 1977 they were at primary cause for what is happening now, that by 2000, we'd be well into the 6th extinction and that the very life of the planet would be endangered
 - Also, American Petroleum Commission gave the fossil fuel companies a report in the 60s

on the fate of atmospheric pollutants; the melting of the ice caps; the rising of sea levels, increasing photosynthesis rapidizing it

- Many things coming up at the same time!
- **BREXIT** – this will completely break the back of the EU and the Euro will go down – have stopped all campaigning on this issue because an MP of British Parliament was stabbed and shot to death on the street in her riding.
 - Anonymous 7½ said that David Cameron had something to do with it – T agrees as she didn't think Cameron was authentic in what he said.
- Republican party wholly owned subsidiary of Walmart, the Koch Bros and ALEC is controlling the Congress by pre-determining what the laws will say that are put up for a vote
 - Republicans can only win as they lie more about who they are and what they do
- **Bernie Sanders:** gave a talk today – **will not concede;** need to stand up to fossil fuel industry
 - People there chanting "Stop the fracking" – and Bernie said yes
 - this campaign is going to win because we are doing something unusual in contemporary American politics – we are telling the truth: need to confront the truth to go ahead
 - Truth #1: the campaign finance system is corrupt** - American democracy is not complicated: one person one vote, not wealthy campaign contributors buying election – why the move to public funding of elections
 - #2: it is a rigged economy** – not discussed in corporate media – the truth is in America today, the top 1/10 of 1% now own almost as much wealth as the 90%; the 20 wealthiest people in the US own more wealth than the bottom half of all the people in the US
- Sen Chris Murphy backed by 40 Democrats – 15 hours in the Congress talking **about gun reform** and disallowing assault weapons – all were present for the 15 hours.
- **Anonymous 7 ½** – why do you need a weapon to go against Godzilla with, when you don't even think you can kill Godzilla?
 - this is about the AR 15 – these are weapons of war – playing with them on the streets is not a game – it is why Anon let Rama know that the White Knight, the forces of Light - at a certain point will make it so that eventually all the bullets, tanks, guns will not work

Bob Nay, former Congressman, on Thom Hartmann today

R: called in to ask how close are we?

- He answered – so close we can spit on it but still I cannot tell you the time – talking of the Reformation act
 - Has to do with the craft coming in, and these guys burning their bridges at both ends, and the news cycles – used to be a weird comedy show called The Trueman show and now it is the Trump show – the media takes up all the time talking about his insane lies

Native America calling: talked about stones that the Mexican gov't revealed just recently – made of gold – show ET beings there – Nassim Harimein and someone else on the program saying there is no doubt we have been visited – the conversation has changed from one of fantasy to one of reality – this disclosure will change how we interact with others and ourselves – when the galactics are present, the issue is always the project, not gender or anything else

- the reality that **love is stronger than hate:** a picture of 100s of **Wingmaker craft in the corona of the sun** – the SOHO observatory watches the sun, this has been going on for over a year and a half **[SEE BELOW]**
 - Rana Mu said "Yes, we are all here!" when Rama asked her about this.

- Marshall got some news – in German – many banksters being arrested – not being heard here and at the same time, a major bank went down – headlines only: no translations yet

2016-05-20 Ex-CIA Pilot Gives Sworn Testimony That No Planes Hit The Twin Towers [SEE BELOW]

- the 2 airline jet planes were diverted – crossed over into Canada – what really happened is that they had 2 tritium nuclear bombs that went off underneath the basement floor – also had bombs set up as per a demolition building plan – just a reminder of what went on.

Caller: News out that Julian Assange is getting ready to destroy HRC's campaign – a photo of her and little girls going somewhere/doing something [?] – pictures he is going to release

R: it's possible – yet she's not the only one doing this -

Caller: not looking good for Hillary?

R: no it's not and Miss Uma is in the story:

T: saying she's a spy from Saudi Arabia, yet she is Hillary's doorway into those worlds

- a reminder that Hillary went round the world talking about fracking, making it go global
- Also 10s of 1000s of picture from Saddam Housain of politicians doing nasty things with boys and girls and then killing them, dumping them into the ocean for the sharks

Caller: found a 3 year old toddler drowned at Orlando: it was said that an alligator got the child yet it was totally intact – yet would alligators not have mutilated its victim?

T: just knows there are so many lies: need to stay focussed on the good that is coming in – all being spoken of now has to be filtered.

Caller: these are all distraction due to HRC and e-mail gates???

T: Yes – including Faction 2 and the dongs and dinars – and John McCain accusing Obama as responsible for Orlando: it is McCain who was most responsible for putting ISIL in Syria

Caller: asks about General Dunford

T: is he a good guy?

R: he is supporting Obama in the full weapons assault ban

- He is a Faction 2er and is compromised – he is participating in F 2 events which are distractions!

- Reads from Carl Boudreau to provide the spiritual side of this:

Recapping June

Thus, during the [Grand Squares in June](#), Sun, Moon, Venus and Mercury each completed a Grand Square. Indeed, each made a rapid series of difficult aspects to each planet in the mutable T-Square.

Among other things, these bodies in the inner solar system govern the patterns of our self-awareness and close interpersonal ties. June's Grand Squares, then, were about the transformation of personal and interpersonal patterns at the deepest levels of our awareness.

They brought choices about our identity - who we think we are, how we want others to think of us and behave toward us. They brought pressure to establish new, morally and ethically improved patterns of thought. They compelled us to seek improvement in feeling and actions related to ourselves and those we know - thoughts and feelings free of those lies and distortions that support the oligarchic societal structure and its grip on us.

As July opens, we are already actualizing the intimate and intricate, largely inward decisions that June's Grand Squares inspired. And we are doing so amid obstacles that continue to multiply and morph as issues become ever more subtle, urgent and widespread. These proliferating details and subtleties will only increase our awareness of the need to rectify the patterns that guide our lives. Not least because of July's aspects.

2nd Hour – Omena

- has been talking to people on the phone over the last month about their Twin flames that they think they have met –
 - Has talked of this before: rarely do they come in together unless they have a major change they are going to bring to the world unless it is a major healing, philosophy or whatever
 - in the Twin Flame relationship, there is no demand of the ego on each other : the love between them is unconditional and they are very focussed on the mission they are in together – can be a romantic relationship – or not.
- If you think you've met your TF, 99% of the time you've met a soul mate who's come in to help both meet their missions and/or to grow, develop
- Does anyone have new information she might not know about?
 - Can call upon a TF to help you in your daily life – must be asked.
 - If you've figure out what essence you are, your TF is the opposite: female essence or male essence – will love you unconditionally – very different essences, purposes
 - a soul mate is there to help you to grow, force you to grow
- we only have one Twin Flame – we don't wonder if you are good enough, or if they are going to marry, if they love you – those are soul mate concerns. TF s support each other totally eg, Jesus and mary Magdalene, Ghandi and his wife.

MR: many times you have work you didn't get done with your TF -

O: with TF can have different kinds of relationships – usually have specific projects to do

O: thinks that Robert is her TF

MR: this relationship seems to go back to Lemuria; robert only goes to Atlantis – Robert is part of the group – asking for clarity on this

Phone: 860-871-6076: leave a message, and Richard will get back to the caller

From July: will be doing phone consultations during the day

Writing: beginning July: 1st Book: The Soul of God – she's getting close to finishing it
 2nd Book: For The Love of God
 3rd book: For Christ's Sake, Get it Right!

- Universe has given her the support she needs! A work in progress!
- has called on her Twin Flame many, many times to help her; she can be quite demanding with the spiritual world as they are not subject to the same demands we are; also knows the concept of time does not exist in the higher dimensions, so asks for help NOW! She is asking for the help to get us the understanding we need to move forward
- Last time she was on, she talked of fairies, and Caroline Oceana Ryan called in to give Omena some further information about fairies which was of great help to Omena

Amy, MN: rescue cat is very chatty – Kashmir: is she trying to tell Amy something?

O: very grateful! And happy to have a home!

MR: has adopted a 1 yr old Australian shepherd: smartest dog she's very had – name is Aussie

COR: thanks to Omena for kind words; also thanks for being clear about the Twin Flame issue

- The Collective has quite a job explaining how things work, not an everyday occurrence
- Asks if, after the Orlando episode, any victims came to her?

O: only a lot from the shooter: he was having a huge struggle within himself as a latent homosexual – didn't know what to do with the info – was very angry

COR: so he was the person to tap for being programmed.

- Some involved in that event knew that their leaving in that way would open up a whole new level of consciousness in humanity

O: agrees that group souls will take the opportunity to transition if they have a purpose in mind

- will bring to people's minds about gun control -
- have already had a filibuster about gun control – more consciousness coming to the American people about not having guns so readily available
- group souls: don't operate on a physical brain decision, but an inner soul decision – the soul and the spirit are not bound by our rules, feelings or thoughts – bound by what is for the higher good
- she knows that souls will go together on planes & may do a group transition; often group souls have same life styles, similar characteristics – will often transition at the same time and those left are in terrible grief and don't understand – requires us to understand how the group mind works – how much more has to happen to wake up those stuck on guns

MR: the Friday before 9/11, she said to her grandson that people should have more compassion for each other – only time we see that is when there is a tragedy like a weather event – and a few days later, there was 9/11

LT: has been having left shoulder pain – lots of work by chiropractor: source of pain?

O: Pain has to do with past life; has to do with emotional well-being, suppressing emotions

- Don't honour who you are – tendency to be critical of self-aware
- The chiro can manipulate and relieve pain for a while.
- Also need to be aware of own thought processes and doesn't want to be aware
- left side is about the feminine flame, the feeling body – talks about relieving the feelings by writing about them or trying to verbalize

MR: the right side is in the maleness: her right hip she thought was about moving forward, not moving – is this universal?

O: RHS – mental, masculine side

- we are in 3rd dimension, in dense matter; as we age, our bodies tend to deteriorate
- what probably started it had more to do with stubbornness; doesn't appear to be fear of the future; the hip seems to be a combination – that started a long time ago 25-30 years ago – had to do with digging her feet in and didn't go forward at the time – locked the energy in there!

MR: she's the only one with a metaphysical belief system in her family - has had to be stubborn, firm

O: stubbornness is not a negative thing; can mean a lot of different things: if we stay in the same spot, others will call us stubborn – and hindsight is a great thing!

MR: was asking about the right hip, which also involves the leg

COR: when someone refuses to see something or not move from a particular view point, finds the energy gets stuck – they lose fluidity in their outlook, things get stuck in the body - there is some point when the fluidity is not there and gets stuck

- some people she is dealing with – their bodies are saying it's time to change, and are making it plain to people that there is no more hiding; in the past, people used to live with the issue of shoulders or whatever; now people are seeking to know why – and there is nowhere to hide! We have been gifted with the consciousness of being aware

MR: the guest last week said "why is this happening to me again?"

O: There are patterns in everything we do and sometimes they will make us aware of the need to change – won't do anything until a bomb goes off and they are going off louder now.

O: for people to begin asking about things stuck in their body – have to pay attention to what the body says – can go into meditation and ask and the body will show you what is going on

- For the longest time when she was younger, she had a pain in her left hip – she found out she was a captain on a slave ship bringing people from Cape Hope in Africa to the Caribbean – the pain was a knife in the hip – doing rebirthing training, found she was the above – when the knife was pulled out, she was pain free
 - O does it with people now: getting rid of a persistent pain: can only work with people when they are ready
 - To remind us all: we are all working on ourselves
 - The only way she will come back after she transitions will be as an ascended master so she can come and go as she pleases
- COR:** when she went through the process of pulling out the knife – was it a fear of death that anchored the pain of the knife?
- O:** was not so much afraid as angry that someone would stick a knife in her, especially a woman. She was very arrogant as a male
- Mohammed Ali said: it's not boasting when you can prove it! He was the fastest; he was the greatest! He was a master soul from the first time she saw him as Cassius Clay
- COR:** saw him speak as a young child: first time she saw him speaking to a white panel with dignity and authority – they called him Cassius Clay and he said my name is Mohammed Ali – and then they called him Mr Mohammed Ali; he told them “Mr Ali” would do.
- IN RELATION to the past life: has she seen people with a scar that is a remnant of a past life that is indicative of the way they died in a past life
- O:** no one has asked about a scar that they are curious about; nor has she seen things – they speak usually of something that is nagging at them like a pain, or something is out of alignment. Often time people think they have premonitions, but she sees it as usually a bad memory: a nagging energy to clear up the energy around them
- MR:** It's helpful for people to understand
- her hip – when people asked her as a little kid how old she would be, she'd say 120 years
 - she said to God she was willing to sign on for another 40 years but she needed help – and the pain was gone for 2 weeks! Can't say it's completely gone - she is envisioning the re-growth of cartilage and also requests to re-grow this
- O:** if you figure out how to do this, O wants to know about it!
- COR:** aren't you coming into your ascension body, light body?
- MR:** yes, as we all are. One of the things she's been asking: about her next assignment – to work with frequencies – in a meditation, got a whole list of frequencies – now she's asking how to implement them
- O:** whether it's string or electronic, doesn't matter – just need the correct vibrations
- MR:** need the overtones in her opinion; Electronically is just a pure sound without the overtones – Yes? No?
- O:** last week, looking at some bushes blowing and sees the shape of a heart – in the middle of the heart shape, sees a wolf's face would show up - - she wrote down what was coming in and it was about ascending while still in physical body – glow faded away; yet the shape of the wolf's face was in the bush – and for 3 days, coyotes came close to the house and have never done anything like that before – she acknowledged the presence of the wolf; at the end of the day, the face would be faced in the opposite direction.
- in the animal cards, the wolf is a teacher. The coyotes are tricksters – and that they came for the first time means they came for a teaching; also they are acknowledging Omena too!
- COR:** It's a download! It's earth wisdom coming to her; the wolf is revered by native americans as a voice of Mother Earth wisdom is 5th dimensional coming to her – won't make her dizzy!
- T:** we're in the 5th age, the masters are saying that many, many more twin flames are coming in at the same time now; many of the twin flame masters will manifest without being born and show up to help us

- numbers of us **did come in early** as Twin Flames and if you haven't met yet, will happen soon- numerous Tfs will just de-board as many ships are already in the mode –
- the Andromedans have put a bug in Putin's ear – have given him the technology to stop the Republicans are naughty kids and be as bad as you want because it will wake people up

O: she knows who her twin flame is and if that TF appears in front of her, they are going to have to pick her up off the floor and if that TF appears in front of her, she is going no where without Omena

T: a very large change coming, and the things we thought we knew about the higher realms are changing very quickly – the non-linear is giving us a booster shot! Expect the unexpected!

- Grateful to be part of the radio show; thanks to Caroline and those on the program

Next Month: Omena will bring a guest / surprise!

2016-05-20 Ex-CIA Pilot Gives Sworn Testimony That No Planes Hit The Twin Towers

John Lear, the son of Learjet inventor, shocking claims

<http://www.neonnettle.com/news/211-ex-cia-pilot-gives-sworn-testimony-that-no-planes-hit-the-twin-towers>

By: David Shayler | [@Gods_Spy](#)

A former CIA and civilian pilot has sworn an affidavit, stating that no planes flew into the Twin Towers

A former [CIA](#) and civilian pilot has sworn an affidavit, stating that no planes flew into the Twin Towers as it would have been physically impossible. The statement has gone viral in the [conspiracy world](#)

John Lear, the son of **Learjet inventor, [Bill Lear](#)**, has given his expert evidence to [Project Camelot.org](#) that it would have been physically impossible for Boeing 767s, like Flights AA11 and UA175 to have hit the Twin Towers on [9/11](#), particularly when flown by inexperienced pilots:

'No Boeing 767 airliners hit the Twin Towers as fraudulently alleged by the government, media, NIST and its contractors', he claimed in the affidavit. 'Such crashes did not occur because they are physically impossible as depicted, for the following reasons: in the case of UAL 175 going into the south tower, a real Boeing 767 would have begun 'telescoping' when the nose hit the 14 inch steel columns which are 39 inches on center.

'The vertical and horizontal tail would have instantaneously separated from the aircraft, hit the steel box columns and fallen to the ground.

'The engines when impacting the steel columns would have maintained their general shape and either fallen to the ground or been recovered in the debris of the collapsed building. 'No Boeing 767 could attain a speed of 540 mph at 1000 feet above sea level 'parasite drag doubles with velocity' and 'parasite power' cubes with velocity.

The fan portion of the engine is not designed to accept the volume of dense air at that altitude and speed.

The piece of alleged external fuselage containing 3 or 4 window cutouts is inconsistent with an airplane that hit 14 inch steel box columns, placed at over 500 mph. It would have crumpled.

No significant part of the Boeing 767 or engine could have penetrated the 14 inch steel columns and 37 feet beyond the massive core of the tower without part of it falling to the ground.

'The debris of the collapse should have contained massive sections of the Boeing 767, including 3 engine cores weighing approximately 9000 pounds apiece which could not have been hidden. Yet there is no evidence of any of these massive structural components from either 767 at the WTC.

Such complete disappearance of 767s is impossible.'

The affidavit, dated 28th January 2014 is part of a [law suit being pursued by Morgan Reynolds](#) in the United States District Court, Southern District, New York.

In March 2007, Reynolds, a former chief economist under the George W Bush administration filed a Request For Correction with the US National Institute of Science and Technology citing his belief that real commercial jets (Boeing) did not hit the WTC towers.

Although many, including the 9/11 Truth movement initially rejected the 'no-planes' theory as too outlandish, with proponents such as John Lear it is gathering traction.

John Lear, the son of Learjet inventor, Bill Lear, has given his expert evidence to Project Camelot.org

Unlike any other form of statement, an affidavit becomes truth in law, if it is not rebutted. It will now be up to critics of the theory to present their evidence and analysis to rebut the statement point by point. If they do not – or cannot – then the US government will by omission be allowing that the account given by the 9/11 Commission is wrong.

The 65 year old retired airline captain and former CIA pilot – who has over 19,000 hours of flight time -- also drew attention to the inexperience of the pilots who allegedly flew the planes:

'The alleged 'controlled' descent into New York on a relatively straight course by a novice pilot is unlikely in the extreme because of the difficulty of controlling heading, descent rate and descent speed within the parameters of 'controlled' flight.

'It takes a highly skilled pilot to interpret the "EFIS" (Electronic Flight Instrument Display) display, with which none of the hijacker pilots would have been familiar or received training on, and use his controls, including the ailerons, rudder, elevators, spoilers and throttles to effect, control and maintain a descent.

Lear has, according to his sworn statement, flown over 100 different types of planes during his 40 years of flying and holds more FAA airman certificates than any other FAA certificated airman. He flew secret missions for the CIA in Southeast Asia, Eastern Europe, the Middle East and Africa between 1967 and 1983 then spent 17 years working for several passenger and cargo airlines as Captain, Check Airman and Instructor.

He is a member of [Pilotsfor911truth.org](#), which has consistently argued that it was impossible for jet airliners to have hit the Twin Towers in the way the 9/11 Commission has suggested. The Commission did not take evidence from pilots when it conducted its enquiry into the attacks from 2002 to 2004.

I found this today. Very interesting.

This UFO fleet was caught by [Streetcap1](#) of Youtube. Its an awesome find. Here we see fleets of ships in groups of 2, 3 and even 4. For a fleet this size to be passing Earth, something big is about to happen. Yes, you can bet money that they know we are here, but they are so technologically advanced that we are no threat to them. We see 60-80 ships here, that the SOHO image caught. Many more it didn't catch.
