## HARD NEWS

**T, R:**

- Tuesday is St Patricks Day & the election in Israel is being held.
- One side is he has gotten Israel through 2 world wars, yet they were genocides, not wars
- The other side wants nothing of him! He collaborated with the US Republicans and embarrassed us all; and he's always on about Iran this, Iran that: tired of it!!!

## Karen Stewart:

- went to Selma on the weekend; she lives south of Atlanta; 9 busloads of folks went
- Left at 6 am, arrived around 9; marched over the bridge, went to the church where the leaders met before the original march 50 years ago
- Said she saw the Euro to the dollar dip to \$1.03; later it went to \$1.04  
There are only nano seconds to the end!

**Go to:** [www.whitehouse.gov.com](http://www.whitehouse.gov.com) – can sign a petition to call for the arrest of 49 members of Congress for treason and for violating the Logan Act.

- Reads part of the Act that demonstrates the idea that treason is not overstated

**Tom the Cat:** all we are watching is the final collapse of this story:

- They are going to get theirs! And Hillary is in deep trouble for what she did with the e-mails and creating their own private server; they were both the governed and the governor
- Tom said she destroyed the Bengazi stuff! Gadaffi is fine, it was a clone that was murdered.
- some say we are going 3D to 4D – yet we are in 5D and moving up
  - Means that 5D is available as we know that this level is there and take advantage of that and invoke the power of the positive thought no matter what we are seeing!

• **Christiegate** is about to roll out again: he is going down

- \$ 88.9 billion dollars of the Exxon case – paid only \$250 million!!! **[SEE BELOW]**
- Christie must come clean in the Exxon Case - \$250 million settlement out of \$88.9 billion defies reason!

Rachel reported on Christie and the 11 year case with \$88.9 billion settlement from Exxon

- The money will be diverted – how was the amount determined?
- The guest does not think it was by the AG or by the EPA; the AG handles these cases and the Gov should not be interfering. Raymond said if they cannot get the information from the Gov's office, they will subpoena the public records office.

March 4 – Rachel – talking to Raymond; prosecutors wanted to bring felony charges against David Petreaus; he said meet my lawyers from Williams and Connolly

- Before the house Republicans sent out subpoenas for Hillary's e-mails, those same lawmakers got a note from Hillary's lawyer called David Kendle, from the same firm of Williams and Connolly!!

[HAVE NOT BEEN ABLE TO FIND THIS SEGMENT, DUE TO THE NEW FORMAT ON THE RM SHOW]

March 13 – those 2 stories [Christie and Hillary] coming to the forefront

**Greece:** meeting between Greece & E U Parliamentary President

- an amicable meeting, yet concern about being able to pay the loan back
- still a question as to what would be done
- Greek PM & Finance Minister visiting other countries too – seeking help for items like health care, jobs for young people, education & other items -

2015-03-13 **MARCH PLANETARY UPDATE**

Solar eclipse, spring Equinox: really powerful time - initiates the Easter period **[SEE BELOW]**

Conference Call #: 860-970 0300 – 232323#

BBS # to listen and hear a really clear call:

716 – 748-0144

**Conference Call**

**Mr McGoo:** the site is [www.monitizecolb.com](http://www.monitizecolb.com) [323-345-5640 Mr McGoo's #]

- describes a program which is world wide – a central bank in Asia
  - when people go on to recorded call handled by a judge, using a central bank to conduct the business
- you send into the Cherokee Charity Justice Centre a copy of a birth certificate, a processing fee of \$50 and an additional \$250 which is refundable;
  - There is an opportunity for anyone to take part and get an income from it – involves birth certificate or death certificate of a relative

- It is American Indian tribe related – buy an international bill of exchange and put it into a program which gives people money for the next 20 years: check it out.
- People are given a debit card and can spend \$1000 a day – the main idea is to bring down the cabal and straighten out the world.

**T:** has he heard anything about saving the world?

**Mr McGoo:** check this out yourselves -

**T:** the dark side has already taken itself out: completely broke since Feb 6, 2014 and only playing a fraud game

**Mr McGoo:** has \$300 to invest and if he loses his money, he is not too concerned.

- Judge said they are going into BC and get connected to a tribe there
- Someone else has a connection to a tribe in Montana- it's about working through the Indian tribes

**Caller:** has checked this out and run it by KOS: it's a private placement program – NESARA will be in place before this ever comes to light. No sense in doing this as NESARA will be here before anything happens with this.

**Mr McGoo:** went to a private meeting in Culver City with St Germain & 25 people

- Cassandra ? came with St Germain
- got a private message from St Germain that NESARA would come when he didn't need it
- Before his eyesight deteriorated, in 2002, went up a mtn in CA at 5 am; a shuttle craft came

**Caller:** the last one that was done was done in 1989 and has not seen one work

**Mr McGoo:** has been involved by going to London and chasing this: has seen them work

**T: KOS** has said stay out of that; the ones that cut you out have no qualms about doing so

**MM:** The central bank involved is the Bank of China

**T:** you do not know that this is a galactic operation and China has no say

**T: Jimmy Kimmel Live:** President Obama was on, and said that space aliens control the US of A – was he joking? Obama's admission was nothing than a joke, emphasizing

- **NO – LM Nada** said that Obama has already ordered the US military to duty and the Provost Marshall General was to pass the orders on: they are preparing for galactic intervention and the arrest of over ½ million all at once
- Really important that we don't do this [get involved with other money schemes], and keep this show [BBS] on the air because only T & R get the Faction 3 news
  - Cannot set a date because that makes everything in between now and then
- T&R need to stay on the air so take your \$300 and put it to the show: we are here to support NESARA – the new Sara law, first daughter of Magdalene and Jeshu
- these **ones are being dealt with at a galactic scale**; the energies are going so high, many people cannot take it and will be moved to another location.
- What is important is not the money, but being prepared in our consciousness – there is money there and it will be distributed to those who have the consciousness to help
  - right now, we need to work in unity consciousness and bring this forward

**MM:** sees no evidence yet: getting some nudges to do some things; has a spiritual guide and he is also practical; knows that there have been delays, with no idea of how long the delays will last

**T: It is not delays:** she does not know how they **did so much in 11 years – 2003 – 2014**

- 2003 to now – over ½ million of the cabal have been tried, prosecuted – doing so much in 11

years has never happened before

- the other issue is that we realize there is a necessity for the vibration of the consciousness for those leaving and those who are staying to have their consciousness further upgraded – time for us to take our turn and stay focussed on what we are doing – this is the most important change in the world!!
- when Rama asks where is Patrick Fitzgerald, a special prosecutor who cannot be fired because he has the goods on everyone while they would like to use the fake judicial system which answers only to the cabal: how they keep the police killing people of colour – like the policeman who killed a kid in Florida

**MM:** he has a spiritual itch & wants to get cracking

**T:** you are not looking at what is going on: it is not if YOU are ready, but if the WORLD is ready.

- The galactics are in control of this whole project!

**MM:** his spiritual contacts include Rumi and Tabriz - can send them a photo of them

**T:** they play a Sufi song or teaching every Friday or Sat;

**MM:** He'll send the pictures

**T:** such blessings coming forward;

- both T & R have been working this for 42 – 43 years
- when they started this, they were told it was a drop in the bucket, a moment in time, as we are wrapping up 13,000 years of an invasion, a takeover by a foreign group who are reptilians
- they are trying to play with dark matter and life; unless you work with the Office of the Christ, you cannot survive such an experience
- We have not been so far behind in the radio bill: need to catch up – ask more people to come and experience the mind of unity consciousness
- 42 years is a drop in the bucket given what happened 13,000 years ago and the suppressed issues that have happened since then
- She describes the set of Jimmy Kimmel: these guys know about the story
  - Sam Seder tells people to go to 2013 Rainbow Roundtable; listen to their show on BBS Radio – that is NOT a drop in the bucket
- Obama opened up vibrations when he spoke in Selma, and they will continue to reverberate.

**R:** a new movie about the gunman

- a recent tweet / comment by John Podesta suggests that Obama was furious

**Nada :** changeover is going on behind the scenes and the galactics are taking over

- See the LA Times article on the Jimmy Kimmel Live

**Caller:** saw the Jimmy Kimmel show last night – have to see it to see the body language when he turned his face to the audience, he was not smiling and said we cannot talk about that

Kimmel: said he had Clinton on and asked him about galactics; Clinton said he had looked into it and there was nothing in it. Obama responded "That's what they tell us to say"

**T:** there is something up in the zoo!

**Paul:** [www.electromagnetichealth.org](http://www.electromagnetichealth.org) – a petition to sign  
[www.outofthisworld1150.com](http://www.outofthisworld1150.com)

went to the galactic wisdom conference this weekend; something dedicated to Dr Emoto; had 2 contactees at the conference: Scott Librial, ?? Potter;

- the galactics will take care of certain situations.

**Caller:** Librial is a friend of his and is 100% accurate;

**Paul:** told them the galactics were protecting the inn where all were meeting

**T:** when Rama talks to his people, it's a continuous repetition that the galactics are in charge and what is going on behind the scenes is so quick: We've done the hardest part

- 41 - 42 years she has been doing this; 1974-79 worked on Rainbow Rose Festival and the world wide conference – setting up 360 locations around the planet so hundreds of millions of people could tap in –
- message was all the same: something big is happening and we are to be taking over the Office of the Christ roles while those ones moved into the cosmic christ roles
- It was never to be a public thing: the idea is to find the harmonic vibration of love – it was an evolution that was continued
- Instead of having to do 98% of the spiritual work ourselves, we now can do 50% - things got tougher and tougher, thanks to the dark ones.
- Then the Ashtar Command started a new project: the Walkin Project in the 1990s – so many people were leaving like Dove who was in a hit and run accident; took her 2 years to get up and going again
  - a new soul entered her and she had an opportunity to re-design what she might do on the planet – yet her ego got in the way as it had not changed; in the end, she was taken out. She was the one who got the message out to so many people. She was part of Faction 2, given a chance to clear up some of the things she needed to clear up
- Raelyn Allen put out an article in 1999 that she found out that in 1996 Clinton had become Faction 2, and that there was a Faction 3

## **BBS Radio**

**T: brings up what McGoo said about St Germain**

all the old systems, beliefs, religions, the ideas like being subject to death or that a money system is required in order to live: **life is greater than that!**

Greetings in the light of the Radiant One, in the Office of the Christ and only in the Office of the Christ we invoke the loving energies of St Germain and the Violet Flame

## **Mother / Alcyone**

Indeed! Happy equinox! What is happening is we are at the crossroads; there is a story out there are you staying or are you going? There are some – the energies are such, that they choose to go; that is their free will choice.

- Yet at this time, now is the time to do this: tag, we are IT! We asked to be here at this time to get our hands and feet in the dirt, and feel Mother and what it feels like.
- This moment with the equinox / eclipse / blood moon – now is the time: make your choices; make them wisely. Lady Master Ma'at is actively using the scales – it is the time where, like Ranu Mu said: yes, the timelines have separated; we are in Sat Yuga. All that is not of the Office of the Christ is falling by the wayside; what the master said “do a few good things, and go them well; those simple joys are holy”.
- As we, as a society, become more and more adapted to the higher frequencies of coming to the place where the high heart is the story of the day- as we come from that high heart place, there is no beating around the bush.
- ..Let Mr bush deal with his own high heart: he has enough to do when Mr 19.5 invites him to the heart of he story [Selma]. We are all Micheal Brown, we are all Travyon Martin.
  - The original story is that of the people of the black land & needs to be shared with the people of the world, not hidden – this is a big deal that is changing the course of Her

story, His story.

- Mr 19.5 – no accident he chose Jimmy Kimmel's show to talk about them [galactics] - he could have done it on David Letterman

**T:** it was not announced; just BOOM!

M/A: it is about where the heart is, at the same time that certain protocols and energies have been put in place and the 5<sup>th</sup> element comes into place, and they get a seat at the table with all of us. And, yes, they know how to eat with a fork and a knife

- At the same time, it is about the story of the least among us – that is the first and foremost getting Betty Ruble off the couch & back into her own house; it is about how Nesara gives us back our dignity – she can get her dogs out of the shelter, too.
    - there is a lot going on to change the course of this story at this moment; at the same time, there is so much distraction because they do not want us to gain our freedom, only to forget & get very fearful: get some ammo and use it on the black guy ..
    - Not happening folks: Mr 19.5\* has already let the cat out of the bag!
  - How they get introduced is the next leap in consciousness and that is already happening;
    - every day there are more stories about the time we are in, where we can interact with each other in the same dimension!
    - It is that the stories are true: yes, Nibiru is in orbit; the scientists, politicians, high crimes and misdeameanour folks are very worried about the fact that there is a division that happened, and many of the Nibiruans did not fall from grace. Some did.
    - The ones that are here, confined to this planet are the ones being exposed; the rest of the story, as Paul Harvey used to say, is how we come: we come in peace.
    - Now is the time for them [galactics] to interact on all levels so that we comprehend the magnitude of the magic of who and what we are with this temple: do we know we have the keys to immortality sitting right in our faces & all we are asking is “Where is our money?”
    - **It is not about the money, but about the immortality in this temple of the Living God!** The money comes as a form – we could trade river stones that have been smoothed by eons of time & water
    - and there are some water ceremonies coming up to honour water which is so sacred.
  - In the times we are in, these bags of water we are in, that we communicate with, through
    - it is about water and how we interact with the nature of the universe. And this blue green speck in the vast night sky is a big f\*\*\*\*\* deal because of the water here: let's take care of it! It is that time!
    - Even now as we speak, our news agencies are not yet discussing how they [galactics] are cleaning up the water in Fukushima so we don't look like Golum: it is massive intervention going on here, yet let's worry about other things, like Hillary's emails and Bengazi; and ISIL and House of Cards – how many distractions are there? Our true mission is here is taking this physical temple into ascension. They are not going anywhere
  - they heard a story today on a radio: “coffee with a cop” – there are police working with the one who was called a Czar for Obama and he said 9/11 and they got rid of him:
    - he talked today about “coffee with a cop” – there are circles and circles where police are having coffee and tea with the people of the community to discuss how to get along with each other, no matter what we look like.
- T:** we need the community cop again; talked about walking a mile to school and getting to the lights; a woman cop made sure the kids got back and forth across the street. She had the kids talking to her about what might be going on. What happened to that?
- Mo:** what happened is that the police have become terminators to fight against the Annunaki. Yet they [galactics] are coming in peace to help us understand our own DNA – this is a big, big deal because what we have in our DNA is morphing already.
- In our DNA we have the gold dust and it flows through our veins; as we raise our frequency to St Germain's level, we too can have gold blood. We have to do it by changing

our attitude, doing the sadna, the meditation, mudras, doing the yoga which heals the body the mind and the spirit, and being able to look people in the eye when things get tough

- the conversations at the moment are not too pretty

**T:** petitions for holding the 47 senators accountable for treason: WhiteHouse.gov - there are already so many signatures -

**Mo:** Iran is not the enemy to the world: the US is with their black ops who go around the worldwide and are paid for by the highest bidder

- They are listening to us now as we talk: Hi! Another evening in Never Never Land.
- It is about the place where you and I are one; it is about anti matter and matter;
- when you play with anti matter, you are playing with her [Mother] who gets to call the shots, as she comes from the anti matter universe. This is not a joking matter as it can create anomalies that can put you on the other side of the universes
- we are in the most unique position to wake each other up – water is key

**T:** it needs to be structured, not alkaline – can get sick drinking alkaline: needs to be structured.

- We do need a balance: structure maintains the balance in the system

**Mo:** In these few moments here, it is about the issue at hand approaching the sacred dates of the return of the Man with the Plan, and these eclipses and the blood moon.

- At this time we work with the high heart and the highest energies we can muster so we can get through the eye of the needle; our wayward friends want to do some very wayward things with the energies, and they have already blown things badly!

**T:** we have to make sure they don't harm people anymore

**Mo:** that is the deal: at any moment now, someone will get on the podium and say it's time for a press conference to have a discussion of the Disclosure Project – this opens up the way for them to help us help ourselves!

**T:** saw a show about somewhere in Mexico where there were round structures; a community centre – it is built and being used. She remembers uncle Ed's idea about getting a droid

- Can get an R2D2 and the program of how to build these structures is in his brain: they can spit out the spherical structures at 1 a minute! This can be done!
- And there is Dr Keshe's program to create food and water out of thin air
- There is a com badge to talk to anyone you want
- a long time ago, Keshe said within 6 months he could use a cell phone to connect us all to the Atlantean grid – it is already activated – she asks where the process is at the moment.

**Mo:** the changeover is going on in the moment

**T:** if that's all happening already, then the amount of quickening that it reflects – if different people can walk into the UN, now as the House of Michah – if these kinds of exchanges are going on, there must be something going on behind the scenes that we cannot see.

**Mo:** the good folks that are in charge will come and get 40 + hours of instruction about how we

**T:** Putting the new energy in its place, whatever that means – the system being changed to a galactic operation

**Mo:** we all learn how to live with each other in the proper way where nobody has issues with this one's tail or that one's fins – we come in peace; that is how we change this from one of war to one of bliss

- Since we are already in Sat Yuga, Kalki Maitraya is already here, and the cosmic christ story is about 100,000 years of peace and how we change this Yuga;
- we are witnessing in these temples of the living god /goddess / All That Is – we are witnessing the change over in ourselves and our DNA which is already saying “now is the time for peace, now is the time for love.”

Kadoish, Kadoish, kadoish – adonai sabbaoth

**R:** has been to Hesperus, capital of Venus

- all the Kumaras are meeting; many Kumaras are going to be here because of the energies of the eclipse, the blood moon – the portal is so unique to this time, this is why it is such a big deal: the forces of Light are gathering and it is huge!
- the other ones want to try something and keep us from remembering our hearts – they don't get to do it

**T:** they want to try a fake alien invasion

- they are doing maneuvers with NATO; the people are getting active and saying NO

**R:** The story on the radio that Putin is putting long range missiles in Europe to hit the US – **IT'S A LIE!**

**T:** Russia doing that in Europe? That's not true!!!!

**R:** gotta turn off the media and watch Free Speech TV

**Audio: Bill Maher HBO Real Time Guests Friday March 13, 2015**

**The Interview:** Civil rights activists **Annie Clark and Andrea Pino** – both of whom are featured in the documentary "*The Hunting Ground*" and are co-founders of the survivor advocacy group End Rape on Campus

**The Panel:**

**Sharyl Attkisson** – investigative journalist and author of **Stonewalled: My Fight for Truth Against the Forces of Obstruction, Intimidation, and Harassment in Obama's Washington**

**Arianna Huffington** – Editor-in-Chief of Huffington Post Media Group and author of **Thrive: The Third Metric to Redefining Success and Creating a Life of Well-Being, Wisdom, and Wonder**

**Tom Rogan** – columnist for *The National Review* and panelist on "*The McLaughlin Group*"

**Mid-Show Guest:** Academy award-winning actor Sean Penn – who stars in the new film "*The Gunman*" opening in theaters on March 20th

- What %age of women on campus suffer from sexual assault? **1 in 4 or 1 in 5**
- Universities don't do much about this because they are private businesses and a bad reputation affects their ability to raise money.

## INFORMATION RELATED TO THE NEWS

2015-03-05 **Christie must come clean in oily Exxon settlement**

[http://www.nj.com/opinion/index.ssf/2015/03/the\\_christie-exxon\\_settlement\\_an\\_oily\\_tryst.html](http://www.nj.com/opinion/index.ssf/2015/03/the_christie-exxon_settlement_an_oily_tryst.html)

Bayway-refinery-aerael.jpg

The price for 140 years of contamination around the Bayway Refinery is cheaper than New Jerseyans believed. (Frank Conlon/Star-Ledger)

As a skilled politician, Gov. Christie knows where his bread is slathered: He raised \$18 million from fossil fuel interests in 2014 for the Republican Governors Association as its chairman, including a tidy \$751,000 from ExxonMobil.

So it's easy to see why many regard the New Jersey's chintzy settlement of an 11-year lawsuit over the oil company's contamination of 1,500 acres in Bayonne and Linden as just another big, sloppy kiss for his oleaginous chums.

You arrive at this conclusion through simple arithmetic, which the governor has yet to even acknowledge since Friday's disclosure in the New York Times.

Start with this number: He was in charge of \$8.9 billion suit against the petrochemical and oil refinery plant that filled our wetlands with 9 million cubic yards of tar, so Christie's reported agreement to settle for \$250 million is a travesty for environmental protection and law enforcement.

That alone demands public disclosure, and if there isn't a suitable explanation other than this governor's kleptomaniacal impulse to grab whatever environmental funds are within reach, the judge should reject the settlement.

Timing, indeed, was a factor in this: Christie put a provision in this year's budget that allows him to divert huge sums from settlement of environmental cases into the general fund, to help him balance his books. That provision expires at the end of June, so Christie may be settling on the cheap to get this done fast.

The jaw-dropping aspect to this settlement, however, is that the court had already applied retroactive liability for damages under the Spill Act. The only thing to determine was price: The state determined it would take \$2.6 billion to clean the sites, and requested another \$6.3 billion in compensatory costs.

Consider the argument again: In November briefs, the state justified the cost by calling the damage "staggering" and "unprecedented." In February, it settles for three cents on the dollar?

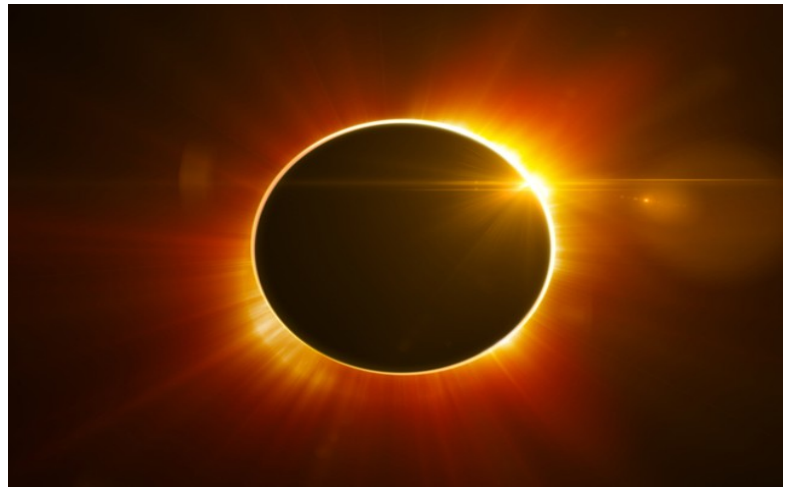

The governor will likely justify it by saying it is a risk to await Judge Michael Hogan's ruling. But if it was a risk, he should explain why it was taken to trial in the first place.

Typically, you root for a settlement - that's how 97 percent of cases end - but not after a decade of litigation. Especially against Exxon, because environmental lawyers say this is typical of its recalcitrance: While other Fortune 100s such as Honeywell, Dupont and Chevron resolve their liabilities, Exxon is famous for digging in with both heels, even as the state wins each round of litigation.

Liability, however, was established this time. The chance of a judge coming back with a three-percent reward was remote. And there were grounds for appeal.

But it never got to that, for reasons that baffle. Until they are shared, the people will interpret this as just another messy political agenda, another case of an underserved state being left with a huge cleaning bill.

During this month we will be experiencing a total solar eclipse, providing a tremendous opportunity to expand into our full radiant potential of light. The Total Solar Eclipse in March occurs at the same time as the Equinox adding to the intensity and making this a profound planetary event. We have not experienced a total solar eclipse with such magnitude since the solar eclipse in 1999.

The Equinox in Auckland, New Zealand will occur on Saturday, 21 March 2015 at 11:45 a.m. NZDT. Based on UTC this will occur on Friday, March 20 at 22:45 in London, England. Please click [here](#) to find the actual time in your area. The influences are felt both before and after an eclipse.

At the time of the total solar eclipse we will feel an acceleration of light sending a wave of energy through our physical body. What this means for the human body is light energy will be sent through the Pineal Gland and nervous system to recalibrate one's bio circuitry. Leading up to the eclipse and most definitely following this high infusion of light, one can experience anxiety, tension, dizziness, restlessness, sleepless nights and physical body discomfort such as joint pains, headaches and sinus congestion. Some may feel waves of emotion and fear. It is important to remember this is a Year of Manifestation, the infinity symbol will play a major role in helping to align the polarity that exists within each of us, restoring balance and guiding us towards our full potential. At the time of the Equinox we have equal portions of light and shadow. The universal message emanating from the Infinity sign.

We are shadow and light, masculine and feminine, star light walking in a human body having a human experience that at times can create imbalance. Many souls have incarnated with the ancient Atlantean Fear of failure and loss. With the total solar eclipse the deepest fears will be brought to the surface for healing. One's intuitive abilities will be greatly heightened at this time, so one must be cautious who and what you allow into your energy field during this three day cycle.

Utilizing this significant opportunity to realign to ones true purpose can support your earth journey. I will be in Toronto, Canada

[click here for more details on this event.](#) On Friday evening, March 20th there will be a heart opening meditation to assist in aligning one with the higher frequencies. On Saturday, March 21st I will be sharing tools of empowerment and the ancient knowledge of working with the sacred symbol of the infinity sign also known as the Lemniscate, the blueprint of the universe. You are invited to join together with a wonderful group, for a powerful time of healing as you experience the celestial elemental chimes and crystal singing bowls. I will also be sharing the andara crystal, the stone of unconditional love as it activates the seed we each carry within our heart center.

The Maori share the teachings of Ti Kore, the intense energy that expresses itself as chaos in the void. It is the emptiness or nothingness that we move through just prior to manifestation. When we embrace the void we move through fear imprinted from many lifetimes. We move through the verbal imprint of untruths that have been recorded in our consciousness. There is no way around this; it is essential to move forward into the unknown for here our creative potential waits for us. The total solar eclipse provides a grand opportunity for each of us to tap into this creative potential to manifest our dreams.

At the time of the total solar eclipse, Ma'at, the Keeper of Cosmic Balance will be strongly felt as her expression is awakening many. Our soul experiences are reviewed and we have an opportunity to reclaim our power. Being able to hold this tremendous potential is key to manifesting into reality the dream that has been dreaming you. Because of Ma'at, the Egyptians knew that the universe, was a fractal universe. What thoughts and actions were placed within the chaos would manifest into physical reality. Ma'at represents reality, the solid grounding of reality that made the Sun rise, the stars shine, the river flood and the fertile crops produce. The universe itself was sacred. With the total solar eclipse we have a grand opportunity to let the untruths that lie in our unconsciousness die. An aspect of ourself needing to die to be reborn into our true potential.

The eclipse energy will illuminate for each of us where we are not living in integrity and truth. Where we have deceived ourselves and others. The potential we have at this time is tremendous if

you take the time to find your still point and enter the chaos.

An eclipse is an astronomical event that occurs when one object in the sky moves into the shadow of another. The solar eclipse (which occurs only on a New Moon) happens when the Moon is located between the Earth and Sun. Solar eclipses, like a regular New Moon, signify a new beginning or a new direction unfolding. An eclipse from an astrological perspective creates a super powerful New Moon. This one will be occurring at the time of the Equinox, which will take the energy to another level. On a personal level the big events in life often happen when an eclipse occurs. The solar eclipse in 1999 was the prelude to me becoming the guardian of the obsidian skull known as EB. To say my life changd is an understatement indeed.

For those who have subscribed to the 2015 Moon Cycle and Ritual online subscription I will be posting both an Equinox ritual for this powerful night as well as a guided meditation to support the opening of your heart and third eye to receive the gifts being offered with the Total Solar Eclipse. I am also posting the Full Moon Ritual for both the Northern and Southern Hemisphere which will occur on Friday, March 6th.

I will be both in New Zealand to celebrate the Full Moon under the Grandmother and Grandfather Pohutakawa Tree and then flying home to celebrate the Full Moon again on the sacred Mount Shasta. I find that to be incredibly powerful in weaving the crystal island of Waiheke, the heart essence of Lemuria with the sacred Amethyst Mountain of Saint Germaine, just prior to the Solar Eclipse that will occur on the 21st. 2015 is the year when the Divine Feminine is fully anchored into earth plane consciousness. With the infusion of light available with the solar eclipse and the turning of the cosmic wheel at the time of the Equinox, we have an opportunity to experience the alchemical marriage and union of the divine male and divine female, unlocking the ancient grail codes and remembrance of Avalon. The knowledge held dormant within the earth grid since the time of Atlantis can be accessed during an eclipse. I encourage you to utilize the power of this time to step forward in search of your own divine truth. So many tools are available to us at this time. For those who are called by the lady to return to the mysterious lands of Avalon we invite you to join us in sacred ceremony at the source of the sacred waters in September.
