## Staff exchanges - first success

The first staff exchange between members of Telecentre-Europe has been successfully completed. Telecentre.org funded us to run this staff exchange scheme for its members as one of the knowledge sharing initiatives identified as a priority in Riga. Three more staff exchanges are about to take place in the first round of this pilot project.

## Actions for advocacy

We have been having a number of discussions with a range of stakeholders over the last few months. These stakeholders include the European Commission (DG INFSO and DG EMPL), Microsoft, the Gates Foundation, UNESCO and TechSoup. We are hoping to continue and expand these discussions and will keep you informed of progress on any developments.

## Telecentre-Europe: Organisational establishment

We are also in the final stages of developing a proposal for the formation of a legal entity for Telecentre-Europe. We will issue this proposal in the next couple of weeks for consultation by you all, prior to Istanbul.

In Istanbul we will hope to come to a clear resolution so that the process of legal formation can begin. There will be a special session in Istanbul for this purpose, but those not attending will be able to contribute to the resolution online. Watch this space for more details to come very soon.
