HARD NEWS

R talked to **Larry, Curly & Tom the Cat Thursday**, who said that Chuck Schumer has been accepting small bribes here and there; was slammed by M I B inside the Mossaud yesterday and was given \$2 Billion – could have said NO, but would have ended up dead.

- That is why the Bird People are here, the Wingmakers, & the Arcturians who are behind the Blue Avians – **this is the first time we've had a real formal announcement that the galactics are fully intervening in the affairs of earth.**
- On Amy's show today, targeted Hillary Clinton for what happened with the sanctions in Venezuela – of course, it was on Barack's watch so they put him on the hot seat, too– but it is never him, Hillary is their person for the 13 families and their agenda
 - Bernie said we have an oligarchy in the US
 - Also, all the new money being created on Wall Street is going to 1/10th of 1%
 - In the last 2 years, **\$157 billion between 14 people!**

- R: Talked to Natasha** today, and her friend from a Shaoulin Temple in China; R calls him "Jackie Chan"
- they both said the police force in the US has become Mad Max; next question will we have Thunderdome? Enter Mother and no one will come out of that dome: this is about the ending of this story!
 - Natasha said: we have Mad Max here and it's very ugly – they want to do the transhuman agenda and remove all of humanity and create terminators, robot cop or even worse
 - She also talked of what is going on in Cuba – a meeting called but not being discussed: Uncle Fidel could leave any day now – they gave him stomach cancer like they gave Hugo Chavez: taking oil of THC 24/7 and natural opiates on a consistent basis
 - this will give the Republicans a bombshell!
 - Raoul is approaching 80 too – they have both been assets of the CIA – nothing but the US behind all of this.
 - N said Raoul very concerned that when Fidel goes, there could be a coup – but it will be a peaceful one, says Rama

Audio: Thom Hartman **The Bigger Picture ON FOOD SAFETY**
 - **Patty Lovera, [Food & Water Watch](#)**
 - **Paul Shapiro, [Humane Society of the United States \(HSUS\)](#)**
 - **Colin O'Neil, [Center for Food Safety](#)**

12:41 Our Food Is Killing Us

Patty Lovera, Food & Water Watch & Paul Shapiro, Humane Society of the United States (HSUS) & Colin O'Neil, Center for Food Safety join Thom to talk about the safety of our food. Approximately 48 million Americans get sick every year from food borne illnesses. How is this possible given all the technology and regulatory power at our disposal? The answer - in tonight's Bigger Picture panel discussion about food safety.

Conference Call: no sound

BBS Radio:

Mother Sekmet:

Greetings in the Light of the Radiant One, In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

T: brings up the amount of water in the Universe of Nebadon, water everywhere, water in the vacuum and the illusion that water does not exist is about the illusion of in our sub-consciousness and the drought in California being a test

Mother/ Alcyone – M/A

Greetings, Commanders, Eagles and Angels!

- there is much taking place in these realms of manifestation; all being called to active duty now: why the bird people, the Paschats, our scaly friends are here: there are many of that persuasion on her ship, as well as on The New Jerusalem: they all serve under the banner of Love. This is the story of what is happening through all time and space

T: the Mayan, Mexican people – token is the iguana of the scaly persuasion – they are BIG!

M/A: they can teach about mesqalito and the medicine

T: when they walked around in Mexico and in their garage door or the bricks, would be a large scaly creature with suction cups on its feet! They were actually sideways on the sides of buildings, etc

M/A: so many here to help awaken humanity; never before in this planet's story –

- at this time, something changed, and it is about all of us tipping the scale – critical mass has been met.
- It is a fast-moving change, yet we may not see how fast. It is about the Pluto-Neptune-Uranus – fundamental change. These frequencies of the squares of the outer planets of our solar system are rising to the occasion of using the high hearts the ways in which we are the goddesses/gods of the most high
- in this realm, we are all equal. Now is the time to shine like the blazing suns we all are: suns and daughters of the Most High. It is happening in spite of the pitfalls that have come our way – self-induced: we asked to be here, and we are asked to go through it. Now it the time we change “IT” is us, and we are IT; It is about the fundamental change and moving up an octave – never again will we do this realm again
- Earth is moving a little closer in direction to Pleiades, centre of the MWG – what happened yesterday: we were in a certain part of the galaxy, today moved even further and these may not seem like much, but we are moving at quantum light speed
- it is about equality of who and what we are: all species and this issue seems to be part of the drama here. Speaking of the one known as Chelsea Manning: transgender people are people too – it matters not who and what you are in these temples: the man you know as Mr Zulu, world famous, has a same sex husband; very happy. They have twitter messages speaking to the world, asking what are the higher principles?
- The true message of the ship travelling and having new adventures of how how we can come together in spite of our issues and differences and even the way we look and have dialogue and even heal, coming together and healing where a view point and attitude becomes that of gratitude, and animosity is an ancient story buried along with the dead.
- It is this time like The Scorpion sings in the song: winds of change are here. It is about this time that we do this and do it with love.

T: Thom Hartmann was talking on The Big Picture: question was should we change our constitution so that we have the right to vote? There are 4 or 5 places that protect the right to vote, but it is not definitive that we have the right to vote.

M/A: when these sacred gentlemen came together to write the New Atlantis laws, what was put together as We the People, this government was not big gov't or small gov't – WE are the gov't in the sense that we govern ourselves with the higher wisdom of the high heart, as we come to consensus as a group of beings and we agree to change to a higher way of being.

- What is the first thought here: the least among us need the most attention at the moment: blessed are the children. It is this time that the children are speaking: all children – whether you are 8, 80, or 800 billion, it matters not
- It is this place where we are all one. Which is why she says even Chelsea Manning gets to stand

as a creator goddess; it is this place of what has happened is the awakening the particles
- In the vacuum where it seems there is nothing there: but there is so much
• Dance with us please - there is no forbidden dance - it is the dance of love, ecstasy in the cells; when you do the dance, you merge with the universe, the universe merges with you
- this is how we ascend in a most auspicious way - the energy moves its electromagnetic bag of water: If we were not comprised of water, we would be 4 pounds of dry chemicals in a bag - not a whole lot of fun!

M/A: we asked to animate this story: when Prometheus took the torch and stole the fire from Mt Olympus, in a certain sense we woke up the kundalini in all of us; we said we would do the dance with grace and dignity, bliss and joy - this is happening in spite the grumpy old men like McCain and "get off my f***** lawn you dirty kids".

- It is about equality of the highest order, and it is happening.
- yet we must do our due diligence and remove Mad Max as he has gone out of his mind, insane with the power that Vader or Soron has given him. The police have become these - they want to kill; it is this place about the so-called upcoming war they want to play with
 - If you take a look at it, it's the war inside here - it is that place of the issues at hand: when 911 happened, it changed things; it changed this reality and now it has come full circle with Mr 19.5* who may not seem like anything at the moment.
 - He is an ox; he gets things done: every single one of the criminals who did 911 will hang for what they have done. Because ethnic cleansing is the issue at hand: cannot remove a race - we are all equally important, we are all equally part of the plan, even those ones who think that because they have white privilege and think they are the gods who dictate to the slaves: sorry, Charlie - it is she who speaks first: Gaia/ Vyamus; we follow her dictates and she has already transfigured into Tita Lacoria, Terra Nova
 - if we wish to follow suit, we listen up or we become compost. If you want to be compost, make my day! It is fine! We can grow more hemp!
- Yet at the same time we need to do due diligence and heal this living temple of the living god/goddess
 - All the tools are in front of you - first one is be love; live it. Like this man said: be love now. His Holiness Mr Ram Dass did some things that were not so cool in this lifetime; now he's come full circle

T: He's grateful he's still alive

M/A: these ones who have seen the other side of the coin and have to live with what they created - it has come full circle; those who did 9/11 - do not think for one minute that they don't have to take their meds at night so they can sleep after what they have done.

- Quite a cosmic dance we are doing at the moment - all is surfacing to be healed - this is why as never before are, there are so many issues on the table.
- This is called **the fourth turning** - the heros, the prophets step up to the plate and say we are not going to do this with the end of a gun, but with a meditation pillow: that is the higher consciousness here. How can you make the pillow levitate? If you think about that and want to do that instead of picking up a gun because somebody is a different colour
- You might not like the way he chews his food: so what? Get over it: we are all the same: we wipe the same way, we do the same issues, so let us learn how to love each other in the moment as we are all in this great barge called earth
- This ascension is happening even though we're resisting our own ascension because of the idea we have that we think maybe we have to do it this way or that way: listen to yourselves, your particles; they'll tell us how to do it!

T: tax day coming

M/A: Tax day: Robin Hood of a very bad sort! Not the Robin Hood she knew - Sir John and the Nottingham bunch; Rama was there.

- this story about how the IMF and the IRS and these ones who - Hmm!- all money is fake anyway. Can't get blood out of a rock, but they will try anyway. This is why we are watching the empire of Soron fall

- In the monetary systems, it is all about the fact that the machines are doing the trading, not the humans. At a certain moment here – right f***** NOW - the consciousness, the metachlorians, will say the fat cats have had enough now we'll put them out permanently and give it back to the people. Like the lion lying down with the lamb.

T: this is going to be quite an experience – no matter how long we've known what the end will be this, it will mindboggling in spite of knowing this is how it would end

M/A: when we get how big this is, now magnificent we are, how vast and beautiful this universe it: we are have adventures waiting – we have no idea -

- It is not about hate and violence; it is about how many ways can we show you how to dance so you feel the ecstasy in your cells; you will not want to kill or to die: you will satisfied in your soul matrix - there is a place where humanity is hungry like Dr Gauber Matey speaks of: we have become hungry ghosts who are addicted to pain: pain is inevitable, suffering is optional - at the same time, our pain can be a way - we remove the pain with the consciousness that we become the pain, and then there is no spoon.

Greetings in the light of the most radiant one: Kadoish, Kadoish, Kadoish

- Remember the Mahdi is here NOW!

R: I've been a long ways away! Seems like he was walking on Uranus: purple planet – with huge forests that at taller than the tallest trees on earth. There were glowing orbs that seemed to be part of the trees – went up the veins of the trees and hung from the edges of the branches

- No, it wasn't winter, but the balls of light would float in the air and fall on the ground and then light up the ground. Seems like the nature of Uranus.
- Has never experienced such a thing – such a peaceful feeling
- the beings were translucent – can see through them; they follow the Law of Love

T: it's the planet that brings about sudden dramatic change – the power of the concentration they work with requires focus.

R: he tried to talk to them but all they would do was flash on and off – no voice he could detect

T: not quite sure what answer you got!

R: This particular spring as things get warmer across the planet in the northern hemisphere will be different – thinks that new species will show up. Gaia / Wywamus have brought forth a cornucopia of so much love that we are one divine race

T: knows new planets have been showing up in various places – have a few miles to go before we sleep!

R: Light Years!

T: we are just beginning to learn how to walk in galactic time which is no time!
