HARD NEWS

- have to learn how to use Puff the Magic Dragon to get rid the chemtrails -
- Len has learned to manifest in his etheric physical this week – seen by the neighbour!

LM Nada: the world's economies are dancing over the edge of the cliff – keep looking at the back of St Germain's head, but they don't want to!!!

- market went up to 1700 today

LM Nada, Dodi, Di: the media is #1 culprit on distractions: playing with the ancient ancient story: the return of the false prophet – a toss-up because Black Magic Mittens is in the mix now! And Donald Trump is a worse candidate for creating Lucy in the sky with diamonds

- these distractions take away from the real news which has the world leaders in a quandry: it brings into focus the Arc of Gabriel and Zoroaster's space ship -
- Reminds us of the article / you tube of King Annunaki being found alive: a very tall being with a beard and a crown - sort of looked like ancient Hindu masters who did their thing during the time of the Mahabarata – in the you tube, the cameras focussed on his face and on the lights flickering alongside the cryogenic chambers – not coffins - that are still functioning after 13,000 plus years or more! The Mahabarata was just 6000 years ago – it was in India, a real war with sidereal weapons like the orion war - the chambers the beings are in are slowly coming back to full power!
- The Zoroaster shuttle craft found in the cave in Afghanistan - if you don't have a vibration of the Office of the Christ, of love and balance, your life force is gone. Same as with the Arc of Gabriel – there were 9 arcs, and all the technologies have to do with the sidereal weapons coming into play now.
 - the world leaders are disconcerted to the degree that Putin is talking of this; Merkel is very upset about the findings, as are Erdowan and others.
 - Lady Di and Dodi explained: Joe Biden has taken a trip to the Middle East and not to Palestine! Thinks it will be a surprise visit to Afghanistan – and some other places; thinks the trip has to do with the situation between Syria, Russia and the US
 - **it is not Putin** hitting the hospitals – John McCain, Lindsay Graham and Al Nusra: all the Black Ops & millions of dollars; also the fake ongoing war on drugs that supplies, as talked about by Dr Greer: the unacknowledged black budgets where money disappears into a black hole and super soldiers result
 - None of this holds a candle to the ancient beings coming in - Goal of incoming beings is to return earth to peace & love which is NOT what Trump et al want

LM Nada: watch the upcoming solar eclipse and the frequencies moving in with spring equinox

- all about the return of the goddess and this time
- they are out of time, love, energy, air to breathe & it is time for full disclosure

T: the larger story: there is intervention going on at another level

- referring to someone else's piece about galactic intervention – the 3D stuff is applicable, yet there is galactic intervention at another level
- we talk about the 2nd Declaration of Independence which has to do with the Founding Fathers – we know the founders cut a deal with the British king who retained control of 19 constitutionally enumerated essential Governmental services related to the sea - eg, they can cry mutiny and slaughter as many as they wish, and they have –
- **Armageddon the Plan 2000** - it has just come out, but has been in existence for over 100 years [what is below is just the introduction: go to the website for the entire article]
 - Has another story that George Soros and the Bushes are part of the Bundy bloodline – say what?

- This document lays out the plans for the elimination of 2 billion people by 2000. . .
- T:** reads the introduction and adds commentary on the methods of "those in charge"

The Plan 2000 (ARMAGEDDON)

Written by Administrator

19 November 2004

from [NoMoreHoaxes](#) Website

The [Global 2000 report to the President](#), prepared by the Council on Environmental Quality and the Department of State begins as a STUDY for the "*PROBABLE CHANGES IN THE WORLD'S POPULATION, NATURAL RESOURCES, AND ENVIRONMENT THROUGH THE END OF THE CENTURY.*"

The report concludes that the stresses are already severe enough to deny many millions of people basic needs for food, shelter, health, and jobs, or ANY HOPE for betterment. At the same time, the earth's carrying capacity - the ability of biological systems to provide resources for human needs - is eroding.

In July of 1980, Secretary of State endorsed as official Carter administration policy the Global 2000 report, which according to then Secretary of State **Edmund Muskie's** own words, "THE ELIMINATION OF 2 billion human beings by the year...2000."

The Office of Population Affairs of the U.S. State Department from the National Security Council's Ad Hoc Group on Population policy, U.S. Foreign Polity is being planned and implemented on the basis of its effectiveness in murdering human beings.

Unprecedented Population growth as spelled out in the [ECO summit Meeting](#) in 1992 in Brazil has required the examination of the statistics provided in the studies of "Human Environment" (1972), "Population" (1974), "Human Settlements" (1976), "Water" (1977) and others has shown the MOST growth of Human species in the last 40 years. The first Billion of population occurred on the planet around 1800, the next century ended with about two Billion, the 3rd Billion around 1960, the 4th Billion in approximately 1974 and reach 5 Billion in 1987. We currently exceed 6 Billion on the Planet and the Technicians of Genocide are now stepping up their programs.

Thomas Ferguson was the head of the Latin America desk at the U.S. State Department's Office of Population Affairs.

"Every hot spot in the Third World is in fact a result of failed population policy. There is a single theme behind all of our work - we must reduce population levels. Either governments do it our way, through nice clean methods, or they will get the kinds of mess that we have in Iran or Beirut. Population is a political problem. Once population is out of control, it requires authoritarian government, even FASCISM, to reduce it. To really reduce population quickly, you have to put all the males into fighting and you have to kill significant numbers of fertile females."

At present 250 million Africans are threatened with death by [starvation](#) and [AIDS](#), nearly twenty million in the coming months. The immediate cause is a collapse in food production in most areas of the continent. In truth, the collapse of African agriculture is due to the '[Global 2000](#)' policies of the **International Monetary Fund**, the **World Bank**, and like agencies of the [NWO](#).

The lending policies of the World Bank, under Global 2000 supporter, **Robert McNamara**, have been designed to force African nations NOT to develop irrigation or any advance farming techniques but to rely on labor intensive low technologies.

T: this is not a game! And this is why it is galactic intervention time!

R: the ships that are the size of Jupiter, Neptune – the sphere alliance is here, and the Company of Heaven and us are ushering in Sat Yuga; Kali Yuga is coming in!

Reading: Lincoln as the CEO of the trading company: Lincoln never freed anyone's slave: he was a slave too – he was the front of fascism – the civil war was not about ending slavery - betrayal and fraud in 1868

- there are other comments in the material in the reference section.
- we have destroyed a lot of things in Universe of Nabadon; the vibrations, the results of our actions travel to all the universes of the super universes – they affect the entire planet and all the 7 super universes!

CONFERENCE CALL

With reference to the material just read: see **INFORMATION RELATED TO THE NOTES**, below

Bernie Sanders' Biggest Supporter: His Wife Jane | MSNBC

Published on 9 Feb 2016

Mika Brzeziski looks at the life of one of Bernie Sanders' biggest supporters, his wife Jane Sanders.

- The Maestro technology is being used by some of the groups within
- At the last Bernie movement when the PDA [Progressive Democrats of America] were backing him, over 200 people showed up in a snow storm. At another event, there were 400,000 people in NYC that was only covered by the alternative news sites
- Thom was saying this: whether Bernie becomes president or not, he's started a movement and it will continue – too bad the main stream media have said that the "politics" is more important
 - In the last few months, they were really encroaching on Melissa Harris Perry

Gerry: He loves us, now what the hell are we going to do about it?

T: we'll love you more!

Someone else: we'll love you back, and what are you going to do about THAT!

T: the I Ching coming to fruition this week: about enthusiasm!

Reading: The Bundy Bloodline – started.

Carlton: are there any royals that are integroust?

T: No – monarchies do not talk about unity consciousness. The evolutionary spiral of life has progressed past the idea of someone ruling over others. As we evolve into higher levels of consciousness, we need less rules –

- what happened 450 billion years ago: we asked to devolve into the lower realms but we actually started in anti-matter which was unity consciousness.
- There have been many technologies that have been suppressed for so long and they thought no one would notice. We are now in the situation where there is no water: like in many areas in Texas THEY HAVE NO WATER and they are still fracking! So water is brought in and it's in plastic bottles – and plastic has biphenal A in it which destroys the immune system.

Carlton: just threw a big one out: do not drink water out of plastic bottles!

T: yes, this is why we have the Universal College of Economics going on here: no plastic, no leaky gut syndrome here! This is why we need hemp plants because we can create bottles without plastic which is from fossil fuels.

- Trump and others are uncomfortable in their bodies, arguing about the size of their penises! What is going on? And the whole world is watching!

- There is still stuff going around that Michelle is a man, and Obama is gay! Say what? And some very homophobic content

Gerry: listening to Tim Conway Jr who said that when Joan Rivers was interviewed, she said on the program about Obama being gay, and a few days later she was dead!

BBS RADIO

MOTHER SEKHMET & ALCYONE [M/A]

- the clarion call is being heard now across the entire mazaroth – time to make all things new!
- In the Light of the most Radiant One, in the Office of the Christ and only in the Office of the Christ, we invite the loving energies of St Germain and the Violet Flame.

Greetings, Children of Ra!

- Indeed, all is being consumed by that Violet Fire. This time we are in: it is as has been said: she takes no prisoners. It is a complete unravelling at this time; we must reweave the tapestry; it is the very fibres of what we know as space/time being re-woven as it has been said. Everything is shifting, changing; the only constant we have to hang on to is change:
 - That is what the man said: Change is the order of business.
- This little cosmic dance we are in in the moment: we are only very first steps of Sat Yuga, Golden Age – all of what we have experienced, learned, about this upcoming time.
 - Yes, it is so that they shall walk amongst us [humanity]; it is already happening. There are many of them at this present time that walk the West Wing, in the Kremlin, Buckingham Palace – matters not where it is; they are all here.
 - Now is the time when we shift old energies which have no purpose except to separate the mind from the heart – a futile exercise.

T: and exhausting to say the least!

- It serves nothing, no one. This is the time of our own DNA speaking to us with that sound of one hand clapping that is so loud! Ascension symptoms: all of it it is about the change we are in, and it will not stop until we are completely transfigured head to toe: as we can look each other in the eye and radiate only love whether we have a beak, horns or funny looking hair, it doesn't matter – we are pretty; we all have equality.
 - It is the nature of who and what we are: in divine service to all that is – we made that commitment when we took on form. And it was with great reverence, respect, dignity, gratitude, grace – we took on the form of living love, loving light to complete this mission.
 - It was so many moons ago and in this moment of now, all we have is each other and the love that pours forth from each one of us. This is the glue, the magic, the gold dust, that is the magic of who and what we are.
- Very soon - and she means immediately, in this moment: already there are ones that have awakened to travelling with the gold dust – like the solar limbs of the flares that come off the sun. It is just a matter of shifting our consciousness; we become the particles – everything is the particles as we wish to shift: as we shift our consciousness, we shift our shape. It is so easy – everything is a part of everything else. It is how we interact with all life in this circle of life, from the bee up to this form of the living goddess, All That Is.
 - Even the bees have something to share with us about community, how we interact. Even her wayward children would mess with the consciousness of the bees, yet that consciousness can override the misguided programming.

- All that is happening in these moments and this time is everything that we've been taught about how to do this mission in the very beginning is going off now in our DNA.
- It is the cosmic clock, if you will, that has gone off – this is why the brotherhoods, sisterhoods of the most High – no accidents [that] the stories about our ancient families are coming to the surface; the movies about our gifts and abilities, as we move amongst the stars –
 - we don't need a ship, our merkaba is the ship; we manifest our merkaba into physical form – sound frequencies: light colour sound, combined with love; it is how they move and have their being – easy!
- What has become uneasy is the great deception that has been used now it's falling apart. So the wayward children put up a false prophet to gather the masses looking for a hero, a king –
 - How about right here? A king of kings, queen of queens that is in each one of us. We are the sons and daughters of the most High.
- Even the life form with the funny hair – it is about the divinity of each one of us: a grand cosmic game is afoot – it is only about love: the rest of it is a joke and a bad one indeed.
 - Please for our safety, for our consciousness, in oneness to all that is: remember we are in an amusement park! In this park, we can lose our life force as it were; yet we can gain it back just as easily – we have to know how to move through the house of mirrors.
 - and that is where we take a walk on the wild side with our naqual self, that shaman, goddess: Baba Jaga is a good example: she is an ancient representation/archtype of goddess energy - very ancient - from Russia, the Ukraine: she flies like the witches of the UK, US – yet she has the allies of various beings like over here: snow lion, great white bears of the north – Ice Bears, Eagles, the black cat - works with the energies of anima/animas – unmanifested, manifested primordial energy
 - This primordial energy is what makes up the story in the moment; this primordial energy is what is calling the shots at this moment.
- Our planet, solar system, everything that is moving in accordance with divine radiant focus of All that is – we are moving closer to the centre of the Milky Way Galaxy; energy that is pouring forth from the center is the uplifting frequencies that shifts matter, space, time, anti-matter –
 - It is already transmuting, transfiguring living particles – even what we may think - living that is of some sort is being raised to the 12th dimension, higher!
 - only that which has been in service to all, in service to humanity in all its forms- this is that is why she says as she sits beside the virtual campfire across the eons of space time looking each other in the eye: some at the council fire have wings, or beaks, horns, or fangs, claws, antlers: it does not matter - it is who and what we are.
 - We can have a dialogue that brings in the wisdom of all beings; it creates the fellowship of divine unity that the great teacher on this beloved blue green marble that Carl Sagan used to speak about: the tiny dot in the blackness of space, the shining jewel for all to see.
 - now Earth, the 33rd member of the Intergalactic Confederation of Worlds is rising to the occasion in this moment, all eyes are on us – it is in our best interest to do what is asked of us - which is to express love, follow the Laws of the One, be in service to all of life.
 - Dr King when he gave his message at that church was about the story – we are all at the mountain top now, so as we do this with the rainbow rays of all 144 strands: 144,000 x 10-100 thousand x 10-100 thousand – those monkeys washing their food in the lake - Lake Baquel – other lakes: Vostok
- Whatever is happening, we'll all do this in this moment: the sound of one hand clapping is so magnificent of this time we are in - when we have the power with love to shift an entire Age in the twinkling of an eye
 - Bernie is the one making simple steps to make it happen – listen to the wisdom teachings

- being shared by the one from the great sister planet of Venus is sharing at this time:
- it is about the High Heart and what we can do for each other and everything else falls into place - no need for conquest and control;
 - Adventure: if we want a real adventure - go into the pathways of the neural net in our brain; we'll see the same thing as we see in outer space - no difference: what the neurons look like are the same thing as the spokes of the MWG, the great tree of ITZ-RA-EL
 - as we wish to travel this rainbow bridge to Asgard: Welcome!

- Greetings in the Light of the Most Radiant One

T: asks if Mother can see it on the horizon

M/A: It is in this sacred moment - YES - she can give no dates, yet as we watch this spring equinox, solar eclipse followed by lunar eclipse . . .

T: a sister activist fighting for freedom in Mexico was assassinated today; the 116th one killed in the last year – time for this to stop!

M/A: the voice of freedom will never be silenced. Yes, enough oceans of blood!

T: asks for some toning – which they do!

M/A: Remember – to hear all the colours of the rainbow:

- Greetings, in the light of the most radiant One! Kadoish, Kadoish, Kadoish -
- Remember we have the power with love! Do it now!

T: so many challenges – time to release things completely!

R: sitting with a group of coyotes on a mesa; it seemed like 2nd or 3rd mesa in Hopiland; they were singing a joyful song, howling! Thinks it has to do with the frequencies getting higher and lighter and better.

T: so much is changing now – a chorus of love!

Subject: Americans Free at Last – The ties have been permanently broken by Judge Anna

The information below is **IMPORTANT!** We are sending a special bulletin of the Prepare for Change Newsletter so you can easily send this to colleagues, friends and family. Although it has been "out there" for more than a week, it will take much longer than this to sink into the hearts and minds of the population. Read it carefully. As you know, we still have long way to go before the law of land is established and fully functional. This is a first step.

You may have discovered most of this information on your own, or in fact you may consider it old news, but the vast majority of Americans do not know this. So we have created this simple but attractive email to connect with those who may be unaware.

We feel that this clear and authoritative summary statement by Judge Anna Von Reitz is a perfect introduction to this topic.

In addition to the known background, it includes information about legal remedies taken that have ended 400 years of European meddling and predation in America's government. **This is Historic News.**

Please share or forward this to others with a need to know. The link at the bottom of the page leads to a library of PDF that explain so much more

Thank you

Americans Free at Last – The ties have been permanently broken The END of 400 Years of European Meddling and Predation in America

by Anna Von Reitz

Saturday, January 30, 2016

In March, the IMF's governmental services corporation doing business as the UNITED STATES (INC.) went insolvent. It was entered into Chapter 11 without naming a Successor to Contract. That left the "federal" side of the Constitution vacant and flapping in the wind.

The intention of the perpetrators is obvious. They meant to void the Constitution once and for all. So, what to do?

We had already delivered Due Process to the IMF dba UNITED STATES and its franchises, resulting in a proper Judgment of Commercial and Administrative Default.

We had already entered a properly constructed claim in commerce to claim back all the assets naturally belonging to the American people.

We formed an alliance with the Lakota and the Athabasca, two of the largest Native American nations --which are "federal" and which have internationally recognized tribal governments, and we filed

Sovereign Letters Patent and a Declaration of Joint Sovereignty.

The Constitution was saved and a new foundation begun.

The Native Americans are now free to come home to land that they were "removed from", no longer POW's, they have regained their sovereignty as free, sovereign and independent people living on the land.

The united States of America and the free, sovereign and independent people living on the land of the organic states have regained their sovereignty in the international jurisdiction of the sea.

For the first time since 1789 Americans are in full control of both their natural land and sea jurisdictions. We are finally whole.

WHAT TARA READ is marked by asterisks

Those who have read our affidavit of probable cause, "You Know Something Is Wrong When....An American Affidavit of Probable Cause" know that the Founders cut a deal with the British King allowing him to retain control of nineteen enumerated essential governmental services, all in the jurisdiction of the sea.

This "split" the jurisdiction owed to American states and people and created two different populations of people from the outset-- the free sovereign and independent people of the United States and the British Subject inhabitants who remained to provide these services under the Constitution.

The so-called "Federal Government" was never a sovereign government. It was always an association of sovereign nation-states. And it was never our government though it was under contract to serve us. It was always a foreign government operating under the foreign jurisdiction of the sea and the equally foreign Law of the Sea.

So long as the British King remained honest and honored his obligation to us to act as our Trustee on the High Seas and Navigable Inland Waterways, the future remained safe-- but almost immediately the "Troubles" began, as King George wiggled like a fish on a hook and sought to regain his position over the Americans.

Things appeared to settle down after the War of 1812, but by 1845, the then-Pope and the British King sealed a secret pact agreeing that the egalitarian American Republic was incompatible with the idea of Papal Supremacy and the Divine Right of Kings. The Secret Treaty of Verona was a grotesque, criminal, and highly secret Breach of Trust by both the British Monarch and the Holy See.

Within 15 years members of the American Bar Association loyal to the British King had elected Abraham Lincoln, a lawyer, to the Office of President of the United States -- CEO of the commercial trading company deceptively called the United States (Trading Company) -- not the land, not the country, not the organic states, and not the people. The actual Constitution already had provisions denying any member of the Bar any public office, so in Lincoln's case the only "Presidency" he could occupy was as the CEO of the trading company doing business as the "United States".

It is not a mistake that Abraham Lincoln led our country into a vicious Civil War, the results of which we are still dealing with 150 years later. The Civil War was not about ending slavery, as you can see by closely reading the 13th Amendment of the corporate "Constitution" called the "Constitution of the United States of America" adopted by the perpetrators of all this criminality, betrayal, and fraud in 1868.

Though loudly proclaiming the abolishment of slavery, the 13th Amendment of this federal corporation document (which is actually a corporate by-law) goes on to enshrine slavery as a permanent part of the newly formed federal corporation doing business as The United States of America, Incorporated's form of law. It makes criminals slaves and leaves the corporate "Congress"-- an elected Board of Directors--free to define who the criminals are.

A close reading of the 14th Amendment shows that they made everyone who was a United States Citizen (Federal Citizen) a criminal by definition, a slave by definition, and a debtor, too. To this day, when these vermin bring innocent Americans into their private corporate tribunals (which are misrepresented as public courts), the charges are addressed to "persons" named after the victims. These "persons" are legal fiction entities defined as public trusts and more recently as public transmitting utilities—and they are already guilty by definition.

This is why it does no good for anyone mischaracterized as a "United States Citizen" to claim the guarantees of the actual Constitution, and why these courts do not hear any of the laws or the facts of any case, and also the reason that their own court rules for judges admonish them to provide "an appearance" of Justice where there is none. All that is really going on is a determination of how much these criminals will charge you for their "service" and whether or not you will be "impounded" as cargo or held ransom as chattel backing the debts of their corporation. [T & R comments: this is why there is intervention and why Mother is here: because under teaching this false pretence & going back to the Fascist state in the beginning – this goes back 450 years when St Germaine/Sir Francis Bacon came as a galactic interventive modality & started the Renaissance. Henry VIII was his grandfather & and is now Henry Kissinger; it is time to close the door. There were also Councils going on on Saturn and other places in the solar system; they could see where we were going and things were set in motion, which are coming to culmination now - R knows Bernie Sanders is part of the correction of the situation, but can't say more as he does not know the rest of what is going on.]

This heinous crime, duplicity, Breach of Trust, enslavement, and merciless abuse of the American people has gone on for 150 years and since the 1930's things have only gotten worse. Until now.

The very mechanism they hoped to use to finish us off was turned against them. We slipped in, invoked our true standing, formed the new federal alliance, issued the new Sovereign Letters Patent, issued the new Declaration of Joint Sovereignty— and booted both the British and the French off our shores once and for all.

Our answer came by Divine Providence, even as representatives of the Wells Fargo Bank (owned by the US Attorney General) were claiming that the united States of America no longer existed, that we no longer had a national currency in circulation, that all the Americans had "voluntarily" given up their birthright and accepted the slave status of "United States Citizens", that our land was "abandoned property" and the Secondary Creditors of the bankrupt UNITED STATES governmental services corporation should be allowed to come in under color of law and claim our land, our homes, our businesses and everything else to pay the debts run up under conditions of fraud by the IMF doing business as the UNITED STATES.

A few weeks later Jacob Rothschild showed up. He assumed he could just cut a deal with the IMF and move into place as the Successor to Contract and begin the long-planned seizure of our land and other assets via the use of commercial mercenaries disguised as employees of our lawful government — just like what is going on in Oregon now with the Uranium land-grab and the fake "FBI".

The "FBI" like the "BLM" are just brand names of old used-to-be units of other governmental services corporations long gone. They've been run under color of law for years as private security and property management subcontractors of the IMF dba UNITED STATES and its corporate municipal franchises. Those men shooting and threatening people in Oregon are private commercial mercenaries acting under color of law, impersonating government employees.

That thing is Washington, DC that you were misled to believe was "your" government and which you trusted accordingly was never your government. It has always been an abusive and criminally mismanaged foreign government perched on our shores, here under contract to provide "essential governmental services".

We are not responsible for the debts of this foreign entity and we have repudiated them accordingly.

All we ever owed the UNITED STATES were reasonable fees for nineteen services— most of which we never received.

It was our distinct pleasure to inform Mr. Rothschild that other arrangements have been made and his offer to act as Successor to Contract was accordingly refused.

We will be providing our own services and taking care of our own business and our own people from now on.

The drive is on to reclaim and repatriate all American assets to America and to Americans. The Bank of International Settlements has already agreed, the World Court has already alerted all six branches, and an initial brief has been filed. The American Armed Forces have been alerted and true Americans from every walk of life and corner of the globe as well as friends from around the world are rallying to our assistance.

The world is waking up, led by tiny Iceland, and now by the Americans. We have lived for a long time under the thrall of criminals, as have many other nations. The British and the French, the Germans, the Japanese, the Canadians, and the Aussies— all direct victims of this same fraud and criminality, while the rest of the world has suffered both directly and indirectly from this plague of dishonest politicians, corrupt judges and the banks which have functioned as crime syndicates.

Please do your part to support this mighty effort to restore the peace, prosperity, and health of the whole Earth and the people living on it. Together, we are all the True Sovereigns— born to learn who we are, born to learn how to rule ourselves, born to be caretakers of each other and our beloved planet.

Please print, post, send, carry, do whatever it takes to inform every American. Especially inform all members of the police, the military, the so-called "law enforcement agencies", the clergy, the community leaders, school officials, everyone who needs to know.

DO NOT FOLLOW ANY "ORDERS" TO HARM AMERICANS. THOSE WHO DO WILL BE TRIED FOR WAR CRIMES AND FACE THE DEATH PENALTY JUST LIKE THE NAZIS AT NUREMBURG.

If you have resources, knowledge, or skills to offer, please stand by. There will be needs aplenty in the days to come. There may be possible disruptions of public services, possible disruptions of supply chains, possible confusion and very probably misinformation spewed by the Mainstream Media which is owned entirely by international corporations that have benefited from the fraud and very obviously failed to do their real job.

It is either criminally stupid or a purposeful malignant circumstance when all a country's major news organs are owned by foreigners. Now that you know that fact, turn the knob. Take everything these talking heads say with two grains of salt; use your own brain and common sense.

Trust in yourself, your abilities, your skills, your friends, your families, your communities, your most cherished ideals, your fondest hopes. If you are like most Americans you will feel panic and anger and confusion when you realize just how close we have come to total disaster.

Believe in the Magnum Mysterium, the True God, the Great Spirit that shares One Life with all of us with One Love that is truly Divine.

Walk forward now, together, hand in hand, and fear no evil. When the Truth comes what is False must pass away.

- Judge Anna von Reitz

how to emerge victorious from this battle may at first blush seem weak or frivolous, but they are not. There is within reach a magical elixir that confers victory; that elixir is devotion, kindness and celebration. Celebrate with those around you; raise the vibration by offering joy, love, and spirit. Celebrate that you have come to know yourself better; celebrate that you have learned you cannot do this great task before you alone. And in all walk with your head held high for all to see.

Trust that you have become empowered to be a voice in the wilderness of despair. Your gentle touch will bring all together in celebration, and your tribal brothers and sisters will emerge from behind the curtain as you lead all in celebration. It is that easy, because celebration, a form of ritual, is of the natural ways of our shared human condition.

Celebration is food for the body, mind, and spirit; so pull out all the stops. This is a time of no limitations. It is a time of vast expansion, and you need do nothing other than celebrate in dignity the events, times, and passages of life on earth for the clarity of your way to be revealed.

In joy and celebration
The curtain that has hidden
Love, abundance, and success
Is now rising.

When the seasons change and thunder comes, it releases tension that has been building up. This is nothing less than a change of seasons and a change in your way of thinking. N.B. a great store of energy is now about to be released. The benefit will be not to squander this energy in actions that do not serve the greater good; you are advised to adhere to the universal laws of compassion, fairness, and generosity.

Use this well-earned force to raise the spirits of all those around you. Be the leader you truly are in your field of endeavor and in your primary relationships, family, tribe and community. At the same time, be humble in the face of this great force of joy and completion. This release of tension will cause tears and laughter, both a similar and blessed release and you will be shining like the sun and feel your first chakra powers of sex, light and love that will lead the way.

Lead all into a time of joyful celebration. Carpe Diem: Seize this moment and seize these days before you with compassion, enthusiasm, and love. In doing so, you will gain a deep confidence in yourself that will be your pillar of strength when you must deal with difficulties further down the line.

Thunder over earth denotes that an electrical energy that has been building is being released. So it is with you now. You have just passed through a difficult period of time where you felt judged and feared you were slipping out of favor. This is actually not the case; you are better placed than you might have thought. The crash of thunder is signaling a dynamic change, and you are being called to let those around you know that the time of change has arrived. Celebrate it and it will be so. That is the magic; snap.

Like thunder, enthusiasm cannot be controlled, regulated, or held in reserve. Enthusiasm just is. Within the nature of enthusiasm are great gifts of inspiration and confidence. The movement is to

operate in harmony with the earth and allow this moment to activate your personal power and to enhance your spiritual path.

I often hear people say that they have no formal spiritual path but do have a belief in something that is difficult to pin down. This is where the teaching power of enthusiasm and arousal come into play—through celebration.

Celebration, being a form of ritual or ceremony, is in itself a spiritual act. No need to qualify it—just let it be.

Make recent events a reason to bring your fellows, your tribe, together, and lead them in celebration. Signify you are alive to dance to the rhythms of the earth. Khalil Gibran said in *The Prophet*, "*Sing, dance, and be joyous, but let each of you stand alone for the pillars of the temple stand apart and the oak and the cypress grow not in each others shadow.*"

A window of opportunity is wide open in your life path. Break the cycle of procrastination. Plan it, build it, honor it, and celebrate it. Celebrate you and that you have survived wiser and are satisfying the desire to be loved. Mark well in ritual your successes, in art, business, love, health and spirit or in your creation and support of family. Give a party. Bring the tribes together. Get off the couch...stop lying to yourself and demonstrate your love for her, him, them, and your own sweet self. Be the thunder and awaken the spirit of love and celebration in all those around you. Celebration is the path of least resistance and it is yours to use to enliven the greater good. These are the immutable laws of the universe and the human condition. And in the end we are just that: delightfully and magically human.

It is in ways like these that we have the opportunity to make the world a better place—the world we all want—as we strive for the greater good of all. We are in the very beginning of a new age, a new era, where peace is possible. With enough love it will be so—Teach Peace every day and Be the love you desire

Sing, flirt, laugh, and heal.
Raise the vibe, man;
Raise the vibe.

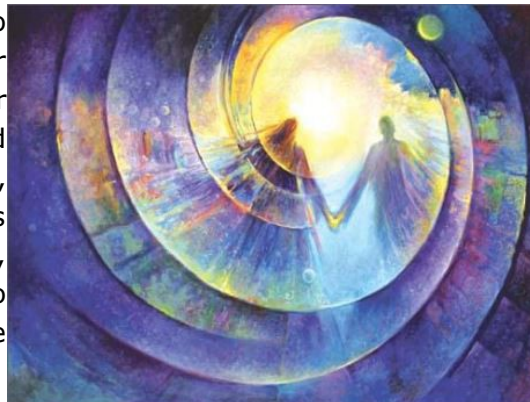

I send you enough,

BobbyK

**The older we get, the closer we are.
The higher we go the higher we are**

Light tribe of Gaia, we come at this Equinox juncture to bring an assessment of the Earth energies and your evolution. And our purpose is, as always, to raise your frequency. The easiest way to achieve this is to bring good news, is it not? When you feel encouraged, hopeful, reassured, this leads to a lifting of those emotional states which do the opposite – anxiety, stress and hopelessness, which lower your vibration – the corollary of which are to attract yet more negativity. And so we will focus on the good news, which is always there if you search it out.

When, Like Pollyanna, you look for the positive in every situation, you attract more of that which pleases you – and so we will uplift you with the glad tidings that we detect regarding your evolution into 5-D. The good news is this: **What we perceive in your planet's atmosphere at this time is a lifting of the density of your fourth dimension.** This is being achieved through the progressively larger numbers of your people letting go of negative belief structures that are based on untruths.

We will name 3 significant lies that are being dissolved in your present time-line: -

Firstly: **'Women are the weaker sex.'** This blatant untruth was seeded as far back as the collapse of Atlantis, when the dark lords succeeded in compromising the confidence of the people in the priestess orders. In the cycles of time you have experienced on Earth, the power of the Goddess has regained its former strength in many civilisations, only to be crushed again by the patriarchal powers who sought to take control. Right now on your planet, there is a joyful uprising of the Goddess energy, acknowledged by both sexes. This is dissolving the collective pain of your fairer sex which has been held in 4-D - and this is good news, is it not? The belief in the beauty and power of women is being restored, and it is as if a cloud is dissipating that allows the sun to shine through into your world once more.

The second untruth being dissolved is that **'you are a victim of your circumstances.'** You are **never** a victim, people of Terra. You are **always** in control of your destiny. Despite the circumstances into which you were born; despite the experiences of your childhood; **you are always the masters of your destiny** – for you have been given the gift of free will. And this gift allows you to choose your thoughts; to use your emotions as a guidance system; to perceive the world through the eyes of love rather than fear. You are always able to look to the light and not the shadows; you are always able to choose whether to be self-serving or to be *of service* to your tribe. Truly, you are designed to blossom into the awareness of the truth of existence known as self-realisation. Your consciousness awakens through the chakric wheels that are part of the human design – that which differentiates you from more simplistic forms of life. These new beliefs have already blossomed in millions of you – and in this very now moment, there are more still

letting go of victim consciousness. *Poof!* Another lie collapses, and the clouds lift even further.

Thirdly: '**There is not enough for everyone.**' This is a negative belief that was seeded to propagate fear, greed and scarcity consciousness – and it is in every way a falsehood dear ones. Yes, there is a need to be respectful of the resources of your planet, and to work in loving cooperation with her. But there are resources as yet untapped that will solve the energy crises that concern you - and there is much knowledge still hidden from you that when revealed will bring solutions for your survival and your prosperity. The calamities that present themselves to you will ultimately lead your civilisation to the hidden truths, for the truth must and will come to light in the end. It is decreed that your people will know the truth of all things in the generations to come. You are on an upward spiral in your evolution, and nothing and no one can stop this expansion.

These 3 examples of lies that are imploding demonstrate our point beautifully – that the fear-based collective consciousness which holds the 4-D blanket over your world is dissipating – as the truths become clear to you, new beliefs are seeded and your path towards fifth dimensional consciousness opens up, like the yellow brick road to the promised land.

Know this, dear ones – that your individual state of mind matters, more than you can imagine. Each one of you who steps towards positivity, relinquishing the negative beliefs and patterns of your forefathers and mothers, opens an energetic pathway for others to follow. **You are the paradigm shifters. You are the way-showers.** And you do this first and foremost by changing your own way of thinking. Your thoughts and beliefs are the primary substrate, the soil into which the seeds of higher consciousness can blossom. **Start by reinforcing the truths that negate the above deceptions. In these days that lead towards the March equinox, and in your ceremonies on the day, we ask you to say the following affirmations - for this will speed up the process of the healing of your world stupendously, and you will be achieving your soul purpose by being of assistance to your tribe:**

1.) **'The power and beauty of women is acknowledged world-wide!'** This affirmation, along with the visualisation of strong, happy, liberated women across your planet, will heal so much suffering in the collective consciousness of your planet. The power of women is not a power over the male species. The strength of the Goddess is a natural truth of existence; part of the yin-and-yang of the principles of life.

2.) **'I am the master of my destiny!'** This truth brings you into a feeling of excited anticipation – of the opportunities awaiting you for love, happiness and abundance. You choose to look at the light; to take the next step towards achieving your dreams; to know that the universe is working in cooperation with you whenever you *believe* that you can succeed.

3.) **'There is enough for everyone!'** This certainty dissolves scarcity consciousness and universal fear of lack. Visualise the abundance of water in the ocean; the infinity of stars in the night sky. As your society self-corrects and begins to work in cooperation with the natural world and all nations are forced to band together in the big re-think of life that planet earth is experiencing, competition and selfishness dissipates.

You are all one. We are all one. We are made from the stars; we are made in the image

of the creator. And as we all remember the bliss and joy of the one-heart that rules all universes, we rejoice once more in the unity consciousness that heals all ills. **Love is all there is** dear ones. Truly, love is all there is. And so it is. Namaste.
