HARD NEWS

T: far from a boring time to be alive!

- Reads a quote from Frederick Douglass, the great abolitionist – James Earl Jones reading Frederick Douglass on *Democracy Now* today.

R: sat between the vibe machines at Mr Fenn's house: talked to the quantum field, the torus, the VOID

- the machines put out a static electricity sounds like the Tesla coils – like Tesla said, you can hear a harmony, a frequency, when you listen to the sound and work with it: quieting the mind and the body is a challenge
- he sat there for 1.5 hours and started to see images in the quantum field: the energy of the field has all the answers, and is right within us! Every particle in our bodies is made up of this energy – in spite of orange man's proclamation that he is the king

• As Stephanie Miller said: when you denigrate the feminine, have no respect for the goddess; rape is a war crime – 45 & his disrespect for women: telling women they must dress like women! Makes no sense . . .

• Jodi Hamilton, daughter of Carol Burnett; Susan Sandndon has been on Stephanie Miller, too - Matt Taibi are just saying: you cannot work with the kind of energy that dishonours the feminine; it's the end of a cycle right there

- this being is the only one who can heal the story for himself – keep sending more love

T: Like the quote from Douglass: there is something way off here! St Germain told the founding fathers to sign the document even if it was seriously flawed.

A text message from the Poppy Lady:

- Dr Trump wants to play with Iran: Dr Keshe has told us about being able to make US military operations /equipment useless – no joke. They are stepping into the area of the Avengers and so on; they have no idea of what they are messing with when they step into the realm of the Arc of Gabriel and the pre-adamic people who know what the earth was like before the flood, and aren't not going to see it again

T: from the very beginning, there has been an effort to move things away from the truth, the highest good: has been going on for a long, long time

- if you are told something that is not true and are told it over and over again, the brain accepts it as normal after a while, even if it isn't, because it cannot accept the unease

R: the stakes this time around are as high as we can go: Ashtar has said no nukes, and he means it – can't have an attitude as we are seeing it right now: the intergalactic federation of worlds runs at an impeccable frequency – the energy of the heart; there is an order to the frequency when it does not come from the old paradigm of limitation

- Rama had heard on the councils on Saturn and other places that when we get past the accumulation of goods, or hoarding stuff, or being of the 1/16th% - all will be a moot point – and they will have to chop wood and carry water or they will cease to exist.
- What he remembers hearing is that as earth ascends, universal economics kicks in as that is how the universe works

T: looks like Betsy DeVos is still have trouble getting her nomination; 2 female Republican women are saying no; DeVos and husband profiting from the debt of students

• KellyAnn Conway slapped Steve Bannon across the face today as he was groping her!!! And she is Trump's lover!!!

- Kelly Ann Conway made up a terrorist attack [the Bowling Green episode] to justify the muslim ban

R: heard today that Sean Spicer is close to cracking because of the energies coming down on him

T: Sean Spicer said Mr Flynn was very clear about Iran yesterday! This false claim comes

- Today Mr Trump was saying that Iran does not know how kind Obama was – not me!
- What Iran is doing is not a violation of the agreement though the White House is

Spicer was referring to an attack on a yemeni ship

Big Will: Trump went to Florida without his wife – what's up?

T: the wife will not be joining him – he has been seriously abusive to her; did not spend time with his kids – there are larger issues here, on a serious scale

Audio: This is about going after Hillary – a necessary thing to get there

Watching the Hawks – Sean Stone interviews Robert David Seal – Jan 23rd program

Can Trump Overcome w/Robert David Steele

<https://www.youtube.com/watch?v=Lhgtg-4EU8U>

Published on 23 Jan 2017

Former CIA case officer Robert David Steele enters the Hawks Nest to discuss Donald's Trump's relationship with the Intelligence Community after all the Russian Hacking allegations with Sean Stone.

CONFERENCE CALL

https://www.freeconferencecallhd.com/playback_rudd/?n=a4Ejy/uBYtM

Birdman: has had the room light up so he knows that his mother is present. As for his brother, send him love and let things unfold as they will. Yes, he does get feedback

T: refers to the piece she played just before this call – that Trump is playing a role and showing what

Gerry: speaking to the one of wally wonka – Sean Stone in a movie; Wally Wonka put huge amounts of money in the project; Vince Foster - a lot of exposure against Hillary, the Clintons and the Bushes – this movie just being planned. He was talking to Mr Gibby who was a partner with Lee Wonka – he produces docs on native americans – told Gerry that he is raising money to make the doc so they can make the movie, and son of Oliver Stone is in it –

T: Sean Stone is a Faction 3 White Knight! We have to remember to stay neutral and send love to all the players – without all of them, the story would not be completed.

COR: Sean Stone is a FC white Knight? He's so well informed in the interviews on Gaia.com

T: YES!!!

Sean Stone does a lot of interviews on Gaia.com – does not talk about his work with Wilcock and ET Corey when he is on RT. Mr Putin has an agenda about how he thinks the disclosure will be done – Matt Taibi, Lee Camp

COR: his show is called BuzzSaw on Gaia.com

T: Omena took the cake last night: we need a lobotomy in DC!!!

- If she could get Trump to pay attention, she could erase the programming in his brain – that would be interesting!!!!
- has the image of Trump the next morning: groggy; there was this lady in a red dress . . .

R: when he has seen Mother in her red dress, he's seen her teeth dripping with blood

T: the Clinton Foundation is shrinking down to nothing; the donors are just disappearing . . .

COR: a judge put a ban – and airlines are going to let people aboard anyway

T: has heard different states had gotten a list – people couldn't board as Trump had cancelled their visas – which is very mean!!!

- There is an article about a similar thing: they raided Standing Rock – and T saw some footage where people's things were burnt – today, don't even dare to back down because they will try and make people into mice!
- At the beginning of Amy Goodman – a clip of James Earl Jones reading Frederick Douglass - remember that Hillary caused Waco texas in order to get rid of the evidence

T: a long time ago, a video

Ro: Trump has ordered thousands and thousands of records about animals to be taken off line

T: KOS has every record that Trump thinks he can hide: but what he is doing with that order is thinking he can keep the killing machine alive!

BBS RADIO

MOTHER SEKMET / ALCYONE [M/A]

Greetings in the Light of the Most Radiant One. In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame!

Greetings!

- a wild time to be in a body, experiencing this primal force moving into everybody's consciousness; that's what holds the particles together in [and] of themselves; this cosmic force playing with the energies of All That Is, in this creative NOW.
 - Love is the answer as we just heard: surrender to Primal Force, Divine Source, All That Is inside of us in the heart space; this is how we get through this keyhole the size of a Black Hole.
 - Because it is just a cosmic joke on another level as we are dreaming this dream awake, as we are all experiencing it, as well, in this dream – it is not a dream, yet dream-like qualities of the dis-connect have to play in context: religion – religiosity – these concepts of Source, All That Is - perfect in unison with all that is moving in this quantum field at the moment.
 - So many good energies pouring in at this time, as the transfiguration of the ages is coming about. It is the most auspicious time to be in a body, having this experience. The trick is not to get caught in the maya. It [maya/illusion] is thick in the context of the matrix – how it has been fine-tuned. The best advice she can give in this moment about the astrology: stay in that heart place; experience that high ecstatic joy of just giving thanks to being alive, and we are so grateful for each moment to be here, experiencing this – including the lows that go with the highs: as Ms Obama said: We're gonna take this high all the way up!
 - Everything that has gone on in the last 8 days, as it were, is about the shifting, changing of timelines. As the old gets erased from existence, all that goes with it like this orange man and this reversal of - we see you [Mother is distracted by the kitty!]
- T:** Robert Thurman will be at the Sister Giant thing – he brings in the Dalai Llama energy – asks about the Dalai Llama – he's been kept pretty quiet and muffled lately!

M: He is doing well in this moment: getting up in the experiences of this cycle and there are parts of his consciousness that would like to take a rest. It is not in the sense of what we call death `cos there is no death!

T: He could reverse this too – kind of old school to think that is a way to go . . .

M: Yes he can; it is his choice. As we are watching a transformation, transfiguration before our eyes . . .

T: He does have to know more than he is saying.

M/A: He does, and he cannot say as he has taken a vow of . . .

T: as he also knows more, then he also knows he has a bigger choice than the way it has looked for most of the time

M/A: his way is the way of selfless . . .

T: maybe like Sai Baba and Master Dang who said I pass the talking stick and the students get to do this now

M/A: it is in accordance with how things are progressing as the quantum field moves into resonance with everything, everybody

T: he might like to dance on Proscion – who knows!

M/A: or get a suntan on Risa – that's up to him! It is the reality of such in this experience we are **all** going through: it is the transfiguration of the sun, Sol. As Sol goes through her/his lifting oneself up to the higher realms, every single particle gets affected, and it is if a billion orgasms happen all at once. It is not a bad thing – it is the upliftment of divine ecstasy and love in this solar system!

- She is talking about The Event, not the one Cobra talks about, yet what he refers to is the same issue She is referring to: as the sun goes through transfiguration, they are only taking one slice of the story – how many dongos can I count in my pile?

- It's not about money; it's about this - heart magic that is the Creative Force – can't eat money, honey!

T: Jean Halifax says, in the introduction, "Through the psychic archeology of scholars like Robert Masters, the ancient manifestations of pure energy states are being re-awakened in humanity so that we can enter the mystery of the untamed. The Goddess Sekmet is an energy key that opens the way to this mystery to the opening of an undivided nature."

M/A: There is only one story here, and we are watching ourselves ascend and taking all of our friends with us

T: We are Donald Trump, we are Hillary Clinton, we are Steve Bannon; Donald Rumsfeld; I am Trayvon Martin, Troy Davis, Dr King – each one

- Each one : I Am That I AM in this creative quantum field of everlasting, ever expanding field of joy and love; it is the cosmic dance we do with ourselves, as the field is talking to us 24/7; it's saying Listen, listen, listen, to my heart's song; I will never forsake you, I will never forget you

- this energy that is happening at this moment: so moving; big. It is like the words describe - Sister Giant – here; she's black, she's moving this forward – her name is Michelle Obama, had to take a little rest – and the rest is moving right along; can't give any more details

- Malia went to NY, took part in the march; went to Standing Rock in the last weeks!

- It is this joy bubbling up in spite of the fact we are in this moment, in the most intense of moments, as the course of this conversation with oneself is . . .

- It's the story of Kali Ma: in one hand we have birth; in the other, death, and in the transpiring of the story in this moment, we have a lunatic in every sense of the word. And the seriousness of the hour: Asthar and the Command, as She has said, the 4 Muskateers are here – no nukes. Yet Iran is nothing to joke about , nor is Mr Putin, nor is the US of A – yet nobody is going to launch any nukes – only issue is – wants to use a seldom used word that Bill Maher uses quite well – they are screwing with our heads in a most unappreciative way and it is all pretty racy

T: and they are screwing with our lives at this point, Mother!

M: Yes. Freedom if we can conceive of it, keeping it, always has been free: the free electrons, protons, everything that moves has its being within this quantum field. It is about freedom; cannot get up and put a cramp on it, or imaginary handcuffs; it is this field that is encompassing life. It is going to swallow this story whole and it would be most auspicious for all of us to send more love to all situations.

- As we have heard from various astrologers, it is very hairy and, like in the past cycles of astrology, when these aspects have been moved into our face – discord, chaos, Black Moon Lilith, the story Aries stepping in here, the rising frequencies as the sun takes its place rising to the noon day position called summer solstice, but before that, spring equinox, resurrection.

- She is saying in this moment now, of this time, as Sun has left Capricorn, moved into Aquarius, moving into Pisces - the energies in this moment are about the return of the Nemesis system, of which Nibiru is a part, as their solar system called Nemesis interacts with the solar system of the Sol sun system. There will be some sparks to fly and it is not about extinction level events.

- Yet Nibiru is affecting earth along with Nemesis, the black sun, that dwarf star - the magnetic higher frequencies pulling at Sol, raising him/her up. It is about this ascension coil: we are moving up and cannot be undone

- It is about the Age of Aquarius and this time of how we do this Golden Age, Sat Yuga - it is not a pipe dream, it is absolutely real. As we watch the unfoldment, unravelling, how it gets done in grace and beauty, there is chaos - it is about divine chaos – gotta have some chaos that throws the tonal on its back and the naqual can come in, shake up the tonal and we go for a ride; we can ride on her back! In the legends of Mother Russia, they ride on a giant dog across the tundra; sometimes it is a giant bear like the Ice Bears.

- These stories are not just fantasy; it is about the return of all of us who began this story: with fairy dust, gold dust, manna, melanated skin - gotta have it black, honey! the only way we gettin' it done!

- That's what the goddess has said. She said it in her speech: goodbye for a moment; we'll be back to take care of the rest

- and this return of this rising tide now is about all the legends and stories of the rainbow nations return with the rainbow bridge from Asgard – this is completing itself now as goddess is rising with her power. Sometimes goddess has to take on the warrior goddess role like Zena and use the axe, use the sword, the chakra, as she throws the energy with it and it removes that darkness

- this age of the ancient babylonian money magic machines: we wanna know about the demon here, go look up "Dayhawk, an ancient babylonian sumarian gods" - not very pretty; had to be remove Dayhawk from existence: bringing in the energies of Apophis and the others that still to this moment rearranging molecules in the void as they become new universes.

- Just a day in the life of a galaxy: as stars come, stars go; black holes expand, black holes contract; comets go by; asteroids move into gravitational field; as the energies lift up, She are grateful for being here with all of us since we are a reflection of Self: I Am That I Am

- it is so awesome, magical to be here and to see it and we get our power back with love – it is not power over love, but love with power – a thundering velvet hand. It is the way he said: when I was hungry, you fed me; when I was in jail, you came and visited me. Lord, make me an instrument of thy peace; where there is such hatred, let me sow love

T: Mother, are you going to help us a little bit? How is this going to work put?

M: federal judge orders a nation wide hold on travel ban . . . basically saying f*** you!

T: It's temporary. We have a few other things like Michael Flynn putting Iran on notice for a fake story that Mr Press Secretary says they went after one of our ships, when it was a Houti going after a Saudi ship – what is going on here?

M: these are lifeforms that are like Nas?? former beings that were once humans and turned to the dark side and now demons from hell

T: that supreme court justice thing is serious stuff – because that appointment goes for life. A problem here . . .

M: keep the people of colour back behind, under the yoke of slavery; if they get out of line, whip them into shape.

- and this is why she comes at the beginning and the end of each cycle to balance the story out. Goddess got screwed this time around; she is back and she means business.
- the colonies of this one may be just his dinner: it is that simple: you don't play with the goddess and defile her: she will rise up and remove that which is [coming forth/ made] out of evil – it is that simple: can't put it any other way

T: they also made the timeline go shorter to nuclear holocaust

M/A: cosmic clock 2 minutes to midnight; she took her claw off the second hand!

- they are already in our atmosphere, as She keeps on saying: set an extra plate at the table for Elijah and his friends so that we can have a true passover: passing over this angel of death once and for all, called Hitler and his old timeline
- we are in a new age whether you get it or not !

T: the New Yorker and Vanity Fair have pulled out of the White House Correspondents dinner

M/A: Samantha Bee who used to be with Jon Stewart is going to do her own show; She recommends that we watch her –

M/A: he does not have anything to say – except that: the proverbial middle finger: it's over; She has no time for life forms that don't comply when they cross the line – she comes with a double bladed axe and send the energy back to the void

T: have been some questions about Samantha Bee

M: of course, she has to walk that fine line as a media person having to lie

T: it's a bit deeper and darker than that: has heard some things

M/A: Of course, everybody plays with the energies and Bill Maher goes way low, honey!

T: talking about something being wrong principle-wise with her; does not remember what she saw

M/A: cannot comment except to say – everyone speaking in this moment: send more love as we remove this darkness from this sector of the galaxy!

T: Learned quite a bit from the Sean Stone interview with Robert David Steele and the good ones in the intelligence agencies – worked with Ray McGovern; the other two in the NSA who got time

- the point is being made that Bannon should be indicted for treason, with Hillary – he has been doing the drone strikes along with Hillary
- Jeremy Scahill can only play like it is Obama, but **he knows it is not Obama.**
- We have a pile of 4th Reich-ers here that cannot stand!

M/A: Send more love. Greetings in the light of the most radiant one: we are in the most auspicious times here and it is so awesome to be here

T: the best time ever to be alive!

M/A: watch the magic unfold here, the serendipity: love will find a way – it always does

- Kadoish, Kadoish Kadoish Adonai Sabaoth

R: he has been to some dome: Dome Rock – it's a mountain, there is a dome at the top of it.

- There were all the rainbows coming into the mountain, just pouring rainbows in. He was watching the mountain transform, going in on itself and changing, transfiguring, becoming like glass almost

T: reminds her of the time they went with Rainbird to a North Carolina hill -

R: **different coloured rays of energy**

T: from the I Am Teachings

R: It was like being in a space ship - the rainbow rays pouring in

T: time for such a transformation now; the illusion of the other thing . . .
