HARD NEWS

R: the world is a very awesome place to be – on this planet at this time is a gift! Can also be said it is the worst of times and the best of times!

T: the ugly underbelly has to come out – people are aware of the darkness, but not of its extent!

- Happy Groundhog day, Imboloc; St Bridget is the one today.
- The energy is very high – everything that is not love is being brought to the surface for us to clear!

Marietta joins the call on the phone!

- Watching a bit of a repeat of his-story, her-story as things – the insanity going on has to do with the crazy cult called the republicans and their so-called cult leader who is not really a leader: his kids have to cover for him!
 - It's not a joke: the whole world is watching
- Rama has not seen people mobilize like this since Viet Nam; that's why he thinks what is happening is really very significant – they are afraid of us and what we can do when we mobilize!
 - over 250,000 people in the streets in Romania for the 3rd night – to do with the law passed about refugees; the US is the cause of the refugee crisis in the world because they opened the Gates of Ishtar in Baghdad without the permission of Ishtar and the Jinn
- R has seen all kinds of Highly credible things that show that we have always been a galactic civilization and it is coming to fruition, yet they are profiling, categorizing people and putting names on lists: the Islamic profiling stories; the lies about the Islamic world
 - the US did 9/11 to itself and blamed it on the Islamic world and no one has been held accountable – it keeps circling with the energies as more comes to the surface
- Theresa May, prime minister of Great Britain – has heard her described as Neville Chamberlain, the appeaser, just before Hitler –
 - T:** How was Neville behaving?
 - R:** basically appeasing the dictator yet standing back far enough to keep out of the way in case he lashed out to strike.

R: they arrested 76 people at Standing Rock on private land

T: It was pending today that would go under the Missouri River – and MR saw 6 huge bulldozers today: it was a comment and then about those arrested being on private land

T: they are operating outside the law – the gov of ND, as they have been doing all along

- now they have something pending – a bill which, once it's passed, water protectors and protestors have the same amount of rights as road kill!
 - GOP rep Keith Campenick #1203 – exempts drivers from liability if they accidentally hit a pedestrian on a particular road – yet that road is a public highway to keep
- ND also looking to a bill to make it a crime for adults to wear a mask: T brings up the fact that the pepper spray is so powerful, the mask helps prevent being blinded or suffocated
- another law would require the state to sue the fed gov for repayment of the costs

Omena [O]: her view is **this is a necessary evil:** meant to raise people's consciousness not just in US but also across the world – they will all fall into the swamp – love trumps hate:

- she has no fear about this process as it is a necessary evil – have to clean out the swamp before you can bring in the love! They will not win: the world is up in arms – there can be no secrets anymore as all is transparent now
- she knows it will stop and that it will stop soon!

T: 911 as an inside job also has to come out now

O: things are coming at such a fast pace

CAROLINE OCEAN RYAN [COR]: The Collective: one of the reasons for so many Executive Orders being done so quickly is to throw people into chaos and fear: don't get involved – just look at it. Just stay calm.

- They want to throw us off beam & lose our resilience and scatter our energies: as O say, people are getting more focussed because of this.

O: the people around the world are doing this very peacefully – 98% coming across as intelligent, calm – marching, organizing

- 5 million people don't want Trump in Great Britain in the summer! He's a foreigner: he can land, but they don't have to let him into the country!

O: He's a foreigner to them!

- Has read somewhere that he's getting rid of legal immigrants! She's an immigrant, and she's going nowhere
- it's a necessary evil and she blesses it all the time, every day! It's OK.
- She can bilocate to the W H and will bless him!
- Still doesn't know what her 2 dreams were about!

MR: what did she see on the Platform?

O: It happened Dec 14 when she was in Ireland – she dreamt she went into a funeral parlour; he was lying on a platform – black, 6" high; wearing blue suit, white shirt, hair just so - she observed no eyelids fluttering so thought he was dead.

- She got up, went to the bathroom, came back and got back into the same dream. Says he's dead – goes out through another door and all kinds of people approach her – she has no idea what it means – and still hasn't been given a clue!
- She'll be the lady in the red dress when she goes into his bedroom!

Cmdr Randy: report on Standing Rock about 75 arrested; burning the teepees, going on private land, creating as much chaos as possible; also onto the private land of other people as well

O: Let's send angels there: they are already there: a necessary evil – and it will be OK!!

COR: people are not cowering any more: people are pouring into the streets and shouting out!

O: people are changing history now, not repeating it

T: where do people get to live?

COR: have a lot of financial help from all around the world

O: to go onto people's private land with an order from the President of the U S

COR: need to bring down the whole house

T: take the whole thing down – debt jubilee; NESARA now; galactic intervention

O: the galactic armies – would like to see them in human form!

T: The galactic sovereign militia is 20 million strong, with 4,000,000 in human form; the rest are galactics from all over the Universe.

- will all happen at once, not piece meal – the signal goes from St Germain to Provost General to the President who is supposed to order up martial law;
- the Faction 3 White Knights – will put everyone in beams [meaning no one can move]
 - what happens to US economy happens to all economies in the world – they are teetering on the edge

O: a lobotomy is needed at the top!!! [much laughter at this!!!] Psychic surgery!!!

T: the force fields and a skeleton crew left in Congress –

- across the planet, it's 1/2 million going all at once – they won't be able to move: won't be hurt, just immobilized
- the guns, military equipment won't work - the nukes already don't work!
- In the meantime, it is a secure thing – yes, we've been hearing this until we are blue in the face – Thom Hartman's report today – at least 3000 areas across the US what have lead

poisoning 7 x worse than in Flint, MI right now! The entire water structure is ready to go kaboom because of the poor conditions

- Today, there was a list of regulations that allow coal mines to dump waste wherever they want with no penalty – no arrests or anything!

- so many kids being born with autism – the organo phosphates, the sprays being used on the land, and from the chemtrails, is causing a dropping of the IQ of people across the world – and now about 1 in every 55 kids are born with autism
 - there are ways to turn this around but will take work: when people have a less ability to understand how to be in a higher state, or how to keep a roof over their heads, will be harder to get the info across
- this whole month is just full of swamp lands – the 27th could be a world war!
- the president of the European parliament – Donald Tusk - declared the US as an enemy of the EU equal to the Islamic State, Russia and china
 - they are part of the nazi contingency forces to make the 4th Reich real and to create a world war – they cannot keep this fake thing going and are killing each other behind the scenes
- the whole fake story about Islamophobia and condemnation of entire countries and their religion: Depak Chopra was saying today we are all one divine humanity and as we work with that thought, it goes into the heart space and all the illusions disappear: this is where we have to go
- China has a trade imbalance with the US - \$667 BILLION just for 2016 alone; it's also said that they are manipulating their currency; this situation is not resolvable - fixing this up causes a leak somewhere else
 - the House of Cards is on fire: the only thing that will bring this down is the story that is not being discussed; the only one who talks of it is Sean Stone who is seen on **Going Underground**, and also goes into the realm of David Wilcok & ET Corey
 - what has been found in Antarctica - the whole story of Atlantis – has to do with **what the earth was like before the flood**. Our brothers and sisters are already here, and there are solutions being put in place. This necessary evil gets people up on their feet – people have been complacent since the time of Ronald Reagan and since then
 - hasn't seen people getting people mobilized since Viet Nam

T: as the wages go down and the red states have legislation called the right to work: for less.

- Where there are unions, people get \$6,000 more than those working in right to work areas - the rich people make more money when they don't pay so much to their staff – and the gap widens!

- Jan 16th – had MLK Jr not been assassinated in the middle of the campaign, Dr King would be 88 years old; we are left to wonder what he would say about Trump and what has happened since April 4th, 1968
 - T reads from what was said on The Last Word / Laurence O'Donnell – talking about the times of Barry Goldwater, KKK, John Birch Society - history repeating itself.
- Talks about Ron Reagan, a clone programmed by bush Sr, and maggie Thatcher working together to impose austerity and increasingly remove significant parts of democracy – this has been planned for a long, long time
 - The Clintons creating the Democratic party as a corporation and, in 1994, they gutted a strong part of the law and created citizens United to treat corporations as people.
- At midnight this year, the Bush Clinton Crime family who did 911 with the Mossad - lost their immunity -
 - Israel has been running the US since 1949 when they began the 49th state of the union
 - and 911 is heading towards 90,000 people who died that day!
- This is why we have the ability to change things . . .

Reading: a bulletin: we know about Anonymous and that the group works with St Germain: they are computer hackers and they have issued Trump a notice to stand down from Office;

- Trump is just the front man, the Republican party is right behind him. There is a you tube – he has been ordered to stand down by Feb 28th – the whole Trump **regime** has to go Trump AND all around him
- T & R were told years ago that the Republican party has to go, as it is the nazi finger, the finger of Soron – the Republicans are a nazi group

2017-02-01 **Anonymous – Operation Resistance Engaged: Trump Told to Resign by Feb. 28 [SEE BELOW]**

- a short **paragraph on Imboloc** – it is the first of 3; this is a holy day dedicated to St Bridget

OMENA – about angels **Call in Numbers: 1-888-429-5471** **1-530-413-9517**

O refers to Doreen Virtue's books on Archangels

- angel means messenger of God:
 - we have to invite them into our lives and ask for their help as they will not interfere with our free will – we have to be open to receive them
- O loves Archangels as they all stand for something different
- they are part of god, the creators – have no limitations, not in dense matter as we are; can ask them in our mind, out loud
- guardian angels – they are permanently by our side – sent from the Creator
 - they are not our deceased loved ones
 - she grew up praying to her guardian angels – and still does!
 - Commands and demands them to put her to sleep at times – if she wants knocking out, that's what they'll do
- There are different kinds of angels:
 - AA angels – overseers of our guardian angels
 - fallen angels – pride is the biggest thing: they become earthlings if they thing

The Nine Choirs of Angels: Seraphim; Cherubim; Thrones; Dominion; Virtues; Powers; Principalities; Archangels; Guardian Angels

- choirs of angels: years ago a client was dying of AIDS – he could hear the angels!
- Principalities -
- dominions
- Powers
- all have their agendas

MR: do they have a progression moving up: ladder of responsibility or whatever it's called?

O: not static – all assigned; the archangels sent them out

- not the same system as here – no promotion
- they are celestial beings: don't have to learn anything – can intervene if we ask for help
 - there is no judgment; sometimes they take human form for temporary purposes

COR: people report being helped out of the blue and when you turn around, there is no one there - it happened to her in NYC

O: in a bookstore, looking for a particular book; asked the clerk who said they didn't have it; she turned around and she was handed the book; she turned it over and saw the picture on the back so she knew it was Ibsen who had given to her! This is what you're looking for!

COR: they know an open channel with they see one!

O: she had AAM get her out of a mess of traffic in Dublin after she yelled at him!

MR: in Sedona, a used bookstore – the book on light colour and sound fell off the shelf where she was – and all the passages she needed were marked!

O: if you're open

Ariel – provides for our physical needs – works with AA Raphael; the Gnosis believe

- As real – helps bring departed souls to heaven and helps the grieving ones – regarded as the angel of death in some traditions
- helps with environmental life purposes; manifesting supplies; connection with nature

Chamuel – he who sees god; also helps with finding lost objects – considered to be the leader of the angelic realms called Powers.

T: he's on the pink ray -

Gabriel: the messenger of God – she's afraid of water – in a meditation, she's in a leather chair floating on the water; along comes a giant angel who hands her a huge leather book –

- there was nothing in it, called the Book of Truths – he told her to write it!
- G helps parents with conception and child rearing

MR: she had the experience of AA Gabriel being with her when she was a child, and of him being 15' tall – the result of something she did

O: he is considered a masculine and a feminine essence – appears as either, depending

Michael: invoke his name and he will show up and help. Known for Protection in all kinds of forms; helping find life purpose guidance; repairing necessary items

MR: one of her favourite books: **The Treasure of El Dorado** – Joseph Whitfield - out of print now; in 3 pages, it lays out the angels, their jobs, their rays – she won't loan it any more!

O: had a dream when she started reading this book: was in a prison cell; a master appeared in front of her; she called him "green gold"

COR: it was probably bigger than just O being imprisoned: more likely about all humanity being imprisoned!

T: he has an inner retreat in the Grand Tetons – inside one space is an area covered with emeralds

- the gold: M is a captain and has a whole fleet of ships, each with a gold ring around it – gold is the complement of violet

COR: sees Omena as filtering stuff out and receiving more light data

PLEASE LISTEN TO THE ENTIRE RECORDING: THE EXCHANGE BETWEEN OMENA AND COR IS VERY HELPFUL.

Raphael: is a healer – a servant before the glory of the lord: patron saint of travellers – send him on ahead of your travels so there are no problems

Cmdr Randy: asks about those who protect and heal animals – Ariel and Raphael

- To sleep better: get rid of all electronic equipment, no phone – and bring in all the angels

Sandalphon - "brother" or "brother together" - an intercessor of prayers between humans and god; The angel of music

Uriel: The Light of God – the intellectual archangel

Metatron – a teacher of esoteric knowledge; has knowledge of the malleability of the physical universe; very much involved with helping, healing sensitive children: the Indigo, the Crystal; the Rainbow children

Azrael – a grief counsellor who guides souls to heaven after their crossing; supports those who are grieving, and also grief counsellors

Jophiel – the angel of beauty; the Feng Shui angel

Haniel – can help with the development of intuition and clairvoyance; women's emotional and physical health issues; intuitive support

Raziel – the wisdom of other lifetimes; awakens the knowledge of the past and the esoteric wisdom of the universe

Raguel – brings harmony to all relationships

Jeremiel – helps with life reviews, which can be done before we pass over

Zadkiel – Support for students: angel of memory; healing our memories

See: **Archangels 101** by Doreen Virtue, Hay House, 2010 - source of the names and attributes of AA's not mentioned by Omena

Penny

O: knows she's spoken to me before.

P: Yes, called shortly after Len passed; she said it would take a while and it has, but I'm on the upward trail. And I have found an angel in human form called a massage therapist.

O: Best thing to be done for self.

P: My question: what are the names of my guardian angels, and what are they doing?

O: they are trying to get you on your soul's path –

P: which is what I am thinking a lot about

O: to guide you and to put opportunities your way; have brought a couple of new people into your life; you are to pay attention to the new people in my life; will bring me joy and a purpose!

P: That is the question I've been –

O: Looks like you're getting an answer: just to remind me to be aware - sometimes you can get a little skittish! [a huge outburst of laughter from P!]

• Just ask the angels for the love, peace, calmness you need: and take time to answer people – don't have to answer right away

P: do they have names?

O: O explains to the angels that human beings find names helpful when they want to call in help, bring in the energies

• Mariah – the female essence – **P:** as in the song "They call the wind Mariah" ?

O: says she's much stronger than the wind, yet when you feel a breeze, it'll be her!

• Hara – the male essence – very big

• her fan is pink so maybe she spreads love around

• He's very powerful: trying to uproot me! You know that life begins when you get to the end of your comfort zone? **P:** yeah, have been there a few times!

• Well, you're about to start a whole new phase in your life; **P:** O did tell me that this would happen when I reached a certain stage of recovery .

- I also need to wear blue!!!

P: and the reason is?

O: Blue is power! You're learning to stand in Your own power!

P: That's not hard to do: it is one of my favourite colours

O: that's your proof when you said it is one of your favourite colours!

MR: during the discussion about changing directions: she saw you digging up a small tree to be transplanted somewhere else; doesn't know if it means moving or just a different focus -

O: she is uprooting her life, the tree of life, she's moving her tree of life in a different direction

P: have done this a few times before – the feeling of chaos before things settle down is monumental: some days, I feel like I'm in a whirlwind; other times I am perfectly fine. I do know I am going through a huge transition.

O: work with the angels to work through this – this transition won't happen all of a sudden. There won't be any chaos: will be on the inner realms – give them permission to work with you when you're sleeping

P: asks about Len – is he there? Does he have anything to say?

O: Len is here: very happy for me, happy that I am moving on

COR: you're doing great

P: a story for COR and the others: the story of the yard light –

- Len and I set up the yard light at the old house, where our new neighbours live. It operates on a light sensor and comes on at dusk, sunset
 - bulb must be going as sometimes it comes on, sometimes not: when it does, it's a dirty lime green; have been noticing this for a while but brought to my conscious attention by our neighbour to the north
 - Neighbour has often seen an orange ball of energy going from the south to the north along the tree tops to the west of this house; when she first told me about it several years ago, I said it must be an orb
 - She's been talking about it again lately: then a couple of weeks ago, I was on the east porch over towards the neighbours and saw the lime green light on the yard light going from the dirty colour to a very clear white, then to orange and suddenly disappeared. This has happened several times – and I asked Rama about it.
- R: just Len reminding you to not get caught in the maya, the illusion: things are not as they seem! Reponse to his comments: That's an understatement !!!
- It's interesting how the light changes colour and how sometimes the orange moves, but mostly it's there and suddenly it's gone . . . this just takes seconds to happen: the first 2-3 times I saw it, I was wondering if I was really seeing this: it's the kind of thing that would make me clean my glasses but it's too dark for that – it always happens in the dark or the dusk.
 - Is he playing tricks on me?

O: she's getting that this is part of your growth being reflected back to you: your light is changing – that's what they are showing me

P: and the fact that it's goes out? Can't it stay on forever?

O: it doesn't go out – I just can't stand there all night looking at it!

P: No, I just can't stand there all night looking at it, especially when it is -10* as it is now!

O: It's really telling you that you are growing and changing

COR: it's responding to your frequency: and there are wonderful heavenly helps: angels, fairy folk, galactics - so many people coming and going in the energy field around the house – in addition to which I am growing so fast; will see the fluctuations in the energy fields

O: celebrate it!

P: I am just so happy: I go out to look into the eastern sky at night, and see stars which then have red, green, white lights going round and round them, and then they start dancing in the sky and I start dancing too because I'm seeing ships– so great! - who wants to live in the city - with that kind of spectacle in the sky?

Sonjah: just listening is so inspirational

- who are my angels; what are they helping her with right now; do they have names?

O: has 3 around her – she doesn't often let them in: has to be more specific with them about what she wants them to do

- 2 females, 1 male: have been with you for a long time – have to be clearer, more precise; sometimes lots of different energies around her

- they can help by grounding the energies; stabilizing her a bit more on the spiritual level.

S: has been asking for guidance so she can be stable, steadfast, staying in high heart; still processing the situation with her daughter – the healing has extended beyond Christmas

- the daughter has un-friended her after Sonjah wrote some encouraging words on her Facebook page

O: Daughter needs to do this journey on her own: every time you try to connect with her, it interferes with her healing journey – makes her angry –

- she is kind of a solitary person: drains her energy when anyone interferes – and it's not just Sonjah; it's anyone: don't take it personally.

- Step back and stay stepped back - allow her to invite you in

• one angel can help with that: deals with love and understanding; the AA that helps with children –

- Gabriel for healing;

- Every time you have the impulse to help your daughter, call on Theresa – they pronounce the name in Spanish: she will stop you from interfering, help you pull back

- No emotion: learn to discipline your emotions because they leads to outbursts and the creation of a lot of bad karma

- Male energy is Tony – you might want to talk to him and to listen!!! To keep her on straight and narrow and help with chaotic energy

- Females: Traca and the other energy which has not given her a name:

Sonjah – who is helping financially?

O: it's called trust and abundance: have to trust and give up worrying about abundance

- Metatron is the one to help as a parent with children: hers as a child, and her child's

- talk to the angels who work with you: lack of abundance is poverty of the soul, has nothing to do with money - bring in gratitude, without gratitude there is no joy!

- Ariel will help with physical and financial needs such as money, shelter and supplies. Doesn't mean bundles of money, just that basic needs are met

S: she has to be so aware of her thoughts every minute, and trusting – met a lady today who only wants Sonja just to go and talk to her, not to do anything . . .

- In the afternoon, talking to a friend on the phone about being in her high heart, new Earth – exchanged numbers – in awe that they met! Two people in one day!!!

- She is so grateful: 2 people in one day

O: god bless you; start paying attention; start taking better care of yourself!!!

Nan: daughter is Jada and, as her mother, could she work with Jada's angels?

O: you have to stop worrying about it: daughter is fine – she has 3 angels working with her –

- need not worry – they will take care of her.

N: Do the angels have a name so she can tell Jada – she has to ask

O: just tell her that she has 2 male, 1 female guardian angels, and the 2 males have been with her for many lifetimes: she just needs to know that and call on them!!!

Omena's wrap-up:

- to suggest that everyone tune into their angels

- sends love and light to everyone: this is a necessary evil and it will all end.

MR: Tonight is an additional gift from Omena: she'll be back on the 3rd Thursday – Feb 18th

2017-02-01 **Anonymous – Operation Resistance Engaged: Trump Told to Resign by Feb. 28**

By Anon Watcher

#[OpResistance is engaged](#). Anonymous on YouTube have issued President Donald Trump a warning to stand down from office and resign by Feb. 28, stating that since he has taken up office, “an unprecedented attack on basic human decency and civil rights” has been witnessed.

A [countdown timer](#) has also been installed on the Operation Resistance website, counting down the days, hours, minutes and seconds until the uninstalling of the current Trump regime commences.

The opening footage of the YouTube message gives a nod to those already protesting. “We will protest, resist and continue to practice civil disobedience until we can clearly state that this regime is at an end. You have exactly 35 days or we will take to the streets in a day of resistance,” says [The Anon Message](#), Anonymous.

“Refusing immigration from Muslim countries set the precedent for an isolationist ideology that history has shown us is what perpetuated both world wars,” the clip continues, referencing history to support its argument.

“We will not rest until these demands are met. If these demands are not met we will not let you sleep without hearing our voices ring across this great nation. You have exactly 35 days or we will take to the streets in a day of resistance. We will let you know the true extent of the American people’s power and influence. We are a nation founded on revolution and we will continue that tradition until our government is once again stable and in competent hands.”

Trump’s “pedalling blatant lies” and the expedition of the Dakota Access Pipeline are but some of what is mentioned. “We will not stand for this.”

URGENT: Operation Resistance (#OpResistance)

<https://youtu.be/EOhsMWsb62s>

The call-to-action demands:

1. That Donald Trump resign from the office of President of the United States by 28 February, 2017;

2. That the current administration submits its resignation by 28 February 2017;
3. That the interim administration be made of senior elected officials of the Independent Party, thus removing any bias or unwanted opposition misappropriation;
4. That early free and fair elections are called on as soon as possible.

On March 1, if this doesn't take place, the call is for people to take to the streets and mass march for change – "On March 1st, expect us all."
