HARD NEWS

- thanks for the contributions at this time!
- Also, there is more disinformation than good information out there at the moment!
- Please keep Markos Moulitsas of Daily KOS in the Circle of Support.
- HRC also saying that Julian Assange is compromised source – not true!!! And he has no way of defending himself, as he has no way of talking to the public
- There is a Report that Richard caught on CBS radio today – and then a slew of material that counter indicated it on Marcos' Daily KOS website – a sure sign of interference
 - The original report goes back to someone who was kicked out of the country - **Kim.com** was the website; Kim got around FCC rules & had a cloud site which he sold access to
 - The "rumour is" [as per CBS] that Kim knows Julian Assange and gave out the password to the NSA to get hold of the 30,000+ emails that Hillary deleted. IT'S A BIG DEAL AND IT'S TRUE!!!! That is why there is so much propoganda: she is hitting this really hard.
 - The great unravelling of the dragon who is cornered and dangerous; keep in Circle of Support
- **RanaMu:** R asked here how the election will play out.
 - She can't tell him as it would change the timeline – as in *Back to the Future* movies
 - What IS changing the timeline is that an object [Rama says a ship] has emerged from a black hole in this galaxy – things are usually sucked into black holes; they don't come out of them!
 - Need special kind of craft to go through a black hole coming from anti-matter to withstand the energy of what a black hole does.
- 1000s and 1000s bison showed up at Standing Rock: a sign that White Buffalo Calf Woman has shown up [LM Nada and other goddesses – Dirga, Pele, Kali, Mother]. Because the lifeforms working for the corporation have violated the goddess, then Goddess does what she does
 - remember in *Fern Gully* how the fairies got together and destroyed the machine that was chopping up the forest? The Spirit of the Forest showed up and stopped the machine [and *Avatar* movie as well]
 - R is talking of the Force showing up and stopping the machine
 - this is why these ones are freaking out and trying to kill millions of us at the moment
 - They are desperate – as they noticed after the forum on Oct 7th - that was the hologram at that moment
- A former Miss Finland has come forward and said Orange Hitler groped her at a pageant – this story about Trump is not getting any smaller. Rape is rape!
 - Michelle Obama was fit to be tied: don't get in the goddess' way when your kids are in the picture; this is where Mother shows up and gives you your wavs in your hand!!!
- Last week a lady on PBS, an anchor – was reporting Michelle's speech at the moment; she said "It was so fantastic; how come we don't run Michelle for president?"
 - R heard the same thing on a Thom Hartmann panel - there
- There are so many hints and allegations: cannot hide the story – Richard Hoagland brought it up that it is no accident that the story is unravelling as it is; it is about the son of Malcolm X, Mr 19.5* – it is about Mars, and other players too
- It is now talked about all over the news - accusations of Barack knowing about HRC's e-mails – when the whole thing comes out, it will be come clear about Hillary threatening to kill everyone if they don't do what they are told – and it's already oozing out with what occurred after the Oct 7th forum

T: to hear the truth and to hear someone speaking truth to power is very refreshing these days!

- Evil is evil and it's what we have on both sides: they [the media] have not nailed these guys because the media would have to nail themselves for what they are doing.
- Elizabeth Warren said to Rama recently that in the end, we know who will be sitting in the big chair; in the meantime, we gotta do what we gotta do to make it through this alive – which is the hope!
- The dark side still wants to live on too, and accountability must come.
 - And we are reminded to remain in the place of love and to send love.

Lots of good things going on:

- Program Called **Crosstalk**: one woman was talking of the White Helmets in Syria: are they are heroic NGO, or are they an extension of all C I A duh?
- The lie is that they are not connected to any one government: a conservative estimate is that they get \$100 Million from the UK Foreign Office and the US via USAID – which is very much connected with the “Deep State” in America: another word for the secret government.
 - These ones show up in Yemen, Libya, Afghanistan, and other places - and their job is to infiltrate target nations as an outreach of the CIA
 - They work in areas with so-called opposition; base is in Turkey

CONFERENCE CALL

Ross: 11 of the banks invested in the pipeline filed for bankruptcy yesterday – all stocks down!

T: that's why the cops are out and being brutal!

This came out about 5:30 today:

– 1000s and 1000s of bison showed up out of nowhere

Caroline: driving home today, remembering something from Ireland –

- when Shannon airport was going to be built, the corporations tried to build Shannon Airport through fairy land and were not supposed to; as a result, so much went wrong, people related to the corporations died in car crashes
- the local people were telling the contractors not do do it. Her friend said you would never drive through fairy land or destroy a fairy mound!
- Mother Earth has regained her voice!

T: the Native American people know that the people doing the policing and running the pipeline will be taken out eventually by the spirits of the land

Ross: movie *Avatar* – when the great tree answered and the animals came

COR: consciousness is shifting back to Mother Earth

T: for those who have been mentally challenged because of what is going on – T & R took

someone with them to the **Avatar** movie: she was not well – was scared when she saw the movie - when people see things happen in another realm, they see the dark side doing things – it's a PTSD thing.

- A recent story of a man suffering from PTSD tried to kill his wife; the story is not coming out – the violence [all around us] is so acute, it brings it out the worst in all of us & moreso in those who are already traumatized

R: there will be 4 more *Avatar* movies that will talk about the planet Pandora, and this constellation Alpha Centauri is very few light years from earth; Pandora is one of the planets in that constellation.

- Yes, Pandora is an actual place: James Cameron knows this

COR: Michael Moore has made another movie called **Trumpville; hasn't seen it**

T: M. Moore has to do what he has to do

- getting really ugly now – bigger and bigger lies coming out
- HRC is a solid image hologram – capable of attempting to function with suppressed emotion yet the negative emotions are taking on so many forms.
- There is such blind rage and the impulse, desire to use brute force all the time -
- She is the same age as Tom Hayden who just died.

Carlton: T mentioned Director of Wikileaks – when it was announced that he had died a week ago

- none of the reporting had details about his death except “he may have been sick for a while”

T: Hillary had him taken out – Julian Assange is inside that room, and the agony of that death would be awful – the man who is dead was very prominent in his guidance and mentorship to investigative journalism around the world -

- and Julian can do nothing: in addition, he lost his lawyer 6-8 weeks ago

Ross: director's name was Gavin MacFadyen

www.rc.com/363793-gavin-m – cause of death unknown at this time - Centre for investigative journalism –

T: he has a white and gold aura! Can tell if a person is getting ready to leave by looking at the iris of the eye

Carlton: RE: Dick Gregory and the contributions to healthy living –

- need to acknowledge the circumstances Dr Sebe – he was a naturopath and healer from Honduras; had many years in the US – info about him is all over Youtube, Internet –
- he has claimed that he has found cures for AIDS & cancer - means he is a marked man.
- He was at Honduras airport enroute to US and detained at the airport for several days; ended up dying there – supposedly was ill! About as ill as Prince was!
- Yes, he died in the airport while in custody of security – 2-3 months ago, this happened. He may have been in late 60s

Jefferson: detained him because he had \$30,000 cash on him – their reason for detaining him – and he died while in custody. They suspect murder.

T: Hillary did the coup d'etat in Honduras

- it is extremely important for us to remain neutral – wishing for another's harm is an eye for an eye – she reminds all of us about this.
- HRC is not living: is a solid image hologram. At this moment in time, it is for us to assist others to wake up to what is really happening: this is our job and nothing else!
- Always send love and call for the highest good of all at every moment. As we are given responsibility to know what others don't know, we cannot deal in the revenge of the Sith –
- When this kind of feeling comes up – praise, respect, thank and love that feeling!
- We volunteered to be here in this moment and every moment, and to expand in love – to

hold someone accountable and yet love them: Chris Hedges does a good job of remaining neutral [see above for the interview between Hedges and Tavis Smiley]

Ross: usually shrugs stuff off

T: really important to praise, respect, thank and love that feeling – if it is appearing to throw you off balance, it is a good teacher! Yes, the energies are hard-hitting

Carlton: Any comments about the takedown of the internet a week ago?

Ross: there was a comment from Wikileaks on Twitter: they had nothing to do with it - doesn't know who did it.

Lyn: TWO MORE WEBSITES TO CHECK OUT Projectheavenonearth
Global oneness

Ross:last weeks internet take down – what happened? Who?

R: had something to do with the energies of the sun coming in -

Ross: the web host company they service had about 120 companies went down today for 2 hours
• THEY ARE BUSINESS WEBSITES – the hosting went down.

COR: lots of shake-ups going on

Ro: energies of the sun caused this last week - not a hack job? Amazing!

COR: forces in the universe showing us who's in charge

Ro: Ben Fulford has his assets frozen – they are being put in a harder position before the rest of the story unfolds

COR: could be a warning to them? **Trumpland is MM'S new movie – ON YOU TUBE!** 1 hour, 11 min long - need to watch it quick!
• Ross can download it and pass it on . . .

T: asks about a movie called *13th* – it's about the 13th amendment, made by the lady who did *Thelma*

COR: on netflix – the cost of Netflix depends on kind of program you purchase - \$7.99/mo is the streaming plan – you watch what is on their site.
• If you want DVDs sent to you, add \$3.00 and the cost goes up

Ro: DIRPY.com is a site from which you can download as an audio file or a video file.
• There are things on You Tube that you have to pay for

T: Thom Hartmann – **Before the Flood** by Leonardo de Caprio – to be on Sunday pm.
• So much education is coming, and it is starting now!

Rainbird: more about the bison at Standing Rock – horses were herding them; and someone shot at them, and killed one and the other got a broken leg.

T: you do not kill the horse of an Native American!

RB: it was a private contractor/hired thug!

COR: have pulled every trick in the book to try and break the spirit of the Native Americans!

RB: put it all in the Circle of Support

COR: need all kinds of money to get people out of jail! [there's a gofundme a/c on the net]

Abba: [from Germany!] - sounds so clear!

- Has just seen a report that some of the water protectors, as they were arrested, had numbers written on their arms, and they were put into concrete dog kennels that had nothing in them.

T: sounds like Auschwitz!

A: this is meant to create a reaction – and what is there left to do now?

- What was beautiful to see was the bison – praying for something like that! To have something happen in a positive way – getting grimmer, darker the way the people are being treated.

Ro: the investors are filing for bankruptcy

T: where is the so called dog kennel thing?

A: just saw it on Twitter – not sure. Were taking them to Morton County jail – have they created another arrangement – sounds like they are doing their best to emotionally scar them! May be on the area that is being contested.

T: send that info to Rama so he can send to KOS

A: picture of the sheriff with the german name: a picture of the protector handcuffed with a hood on top of his head, sitting by a vehicle – the ND police thought it was a great example of going about the situation – trying to stoke the fires

T: this is at Standing Rock?

A: Yes, in the last hour! Will do some more checking -

Ro: twitter has a way with removing controversial posts – save them to your computer!

T: save it: they will try and sweep it under the rug; then send to Rama

A: how is everyone?

T: there is something going on that is causing this [her constant coughing] – not sure what it is: doing slippery elm and something else – has to work with the energies!

- Stomach is just a little bit better – taking something; blending her salads, taking veggie broth; taking good herbs; bitters regularly

A: a suggestion – what she does in similar situation: boils ginger, peels it, lets it gey syrupy – on impact, whatever is going on, goes away! With her makeup it's a magic potion!

T: peel it, cut it up, put in water, boil until it becomes syrupy

A: maybe try putting peels in the water to get their goodness as well; take out of the peels, then add the peeled ginger to the water – boil until syrupy

T: next week Barack Obama will be on Bill Maher show!!!! Something is up in the zoo!!!

Raylene: Thom Hartmann talking about ATT&T –

- Sacred Stone Camp is one of the gofundmes for North Dakota

COR: it's the 3rd largest Gofundme – want people to donate so they can withstand the winter

T: they are not going to leave

Raylene: It's more than a wakeup call when over 200 tribes are together and people from all over the world!

T: White Bullalo Calf woman is another name for L M Nada. Wonderful that she is on the ground!

T: thanks to call who have called in – this is the time when being together really counts!

- There could not be a more important thing to do than be together!
- Wants to be sure that the people are not harmed – what has been done in Abu Grave

Rama: the interaction tactics [of the police, national guards] are not civil!

T: the US gov't was nto founded on christianity

COR: they were deists? Meaning?

- That means they know that as we get into who we are, we are gods and goddesses and have the immortal ability

- The signer of the Declaration knew their lives would be cut short, yet St Germain had them sign their names anyway with the promise that he would see things carried through

COR: you will sign that document – he has intervened again!

T: he has never left the planet!!! and he is intervening at the most important time without violating free will choice!

- Donald Trump showing up in the way he has is a kind of blessing; HRC is a much more difficult problem and it is ultimately more evil.

- She and her husband created mandatory sentencing – and 1 in every 3 who have deeply melinated skin will do jail time! Mandatory sentencing tripled the number of people of colour ending up in jail

COR: Clinton brought in 2 strikes

- even a candy bar can land you in jail: 3 strikes and you're out. Lots of people are in jail because they are hungry – this is evil!

- People need to wake up – lots of lightworkers have no concept of what white privilege has

given them.

- There are more people that will be taken down now – those who thought they were unimpeachable are also going down. More and more important to do this with love, and to live impeccably and realize the responsibility that the American people have taken on –
- St Germain talked of the new America – America is the I AM Race & what does that mean?

T: watching link TV – mentions name of documentary *both trains??* in Europe loo

- the last time Abba was on, she told us about the kids being trafficked! And stuff is going on that has continued since the time of WW 2 – camps in Greece were burnt to the ground ON PURPOSE - in every country, as Hedges alluded to - extreme right wing parties in the Euro zone – going to the nazi position and repeating this.
- Responsibility is the ability to respond

- We are on the edge of the thinnest veil: Sawhain / Hallowe'en.

BBS RADIO

MOTHER SEKHMET / ALCYONE

Greetings in the Light of the Most Radiant One! In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame!

Greetings, Children of Ra!

Indeed it is that time that we all have been asking for; the moment about arrivals all that is coming into full focus here. As we are part of the story, we all asked to be here at this time to see it through; now it comes full circle

- It is as these cycles/yugas, we are passing through: time for Kali Yuga. Even though we invite Kali in - an aspect of Mother - that removes the old ways that have not served in this space/time continuum.
- As we are observing in this great moment of transfiguration, much like it was when the Admiral showed up and created such a stir [as Jeshua]. Now in this moment the story about this guy Kalki Maitraya showing up with the others; the buffalo [bison] are running - In the same breath, also, it is the awareness that the land in and of itself - like the good lady said: don't mess with the fairy mounds. Don't mess with the water: Gaia/ Vyamus has a funny way of moving you out of the way in the most unique and fortunate ways
- She means fortunate because Gaia/Vyamus and all of us are part of this story – the old falling way is like the leaves at this time: gotta go because it serves no purpose but to make better compost.

T: the leaves, you mean, Mother?

- As we are watching the 13 families – they are running from the inside out as we are watching – we get to watch the walking dead in our small transmission box and we get to watch this in live and living colour in the moment. And it is only coming to its conclusion here on this samhain eve – it is the great moment of when the veil is thinnest, like Beltane - she is the gatherer of souls, as the song says.
- It is about that funny little story getting no press – a jet came out of a black hole in the last 24 hours. This is HUGE DEAL!!! They come in peace – it is that Gaia / Vyamus, along with our soul matrix, has asked in this moment for a little meeting of the minds, as it were! Where we get out that energy that has not served this sector of the galaxy.
 - as we are observing, there are energies not serving this planet, not serving the people – therefore, they are moving themselves out of here with each breath they take. And the

sun Sol is adding a little more spice to the soup. As the energies increase with the coronal ejections, the holes that open, the beings coming forth from the portals in Sol are here to enter the soiree.

- We have been down this road many times before - as she has said many times, they are visitors from our future: we make it and the planet makes it

- Mr Putin is not going anywhere, nor are a few others who have a key role in how we set up, how we can discuss the Terra Nova/Tita Lacoria story that is already transpiring in the midst of the decay that has to go
 - Out of the ashes of the old story comes the phoenix rising – this planet is a shining Star and the 33rd member of the International Galactic Confederation of Worlds.
 - Mother is here to make sure we make it, and how we make it is the reformation act, reforming what is already transpiring, transfiguring, as we are having this little chat.
 - the energy which serves no purpose except for good compost is withering itself out – she asks us all in Divine Service to send more love to all situations going on right now that have a kink in the mix.
- Yes there are many folks that are leaving, and it is about that which is - as Lady Master Nada, White Buffalo Calf Woman shows up with her beloved, the Pahana of the west – it is about the first order of business: Lord, make me an instrument of thy peace!
 - There is much coming about – a very twisted form of justice! We have the scene where these folks armed with automatic weapons – they point these weapons, law enforcement and they get a slap on the wrist. And the folks at Standing Rock get met with Darth Vader's forces – it is about the colour of the skin; and black is beautiful and the black goddess is here even though she is out there tooting the horn for the dragon lady, yet we all know what the play of the story is;
 - they have to play out their passion play and they are in the midst of it, at the height of the play, and let it play itself out.
 - and she [Mother] assures us we are not going to Mad Max's Thunderdome – this is a peaceful story, peaceful transition, solutions that create infinite wealth, bliss, abundance and joy. This is already transpiring in the midst of walking the roads and valleys of Mordor – yes, so many have left the land.

T: Learned from Ross – a couple of months ago, someone else was killed at an airport in Honduras

- The duty of the police is not to protect us, but to protect the corporations and arrest codebreakers. **[M/A:** They are agents of the UN]
- and the other piece is that 11 of the banks that are funding the pipeline by Standing rock are filing for bankruptcy

M/A: No money to feed the beast to turn on the gasoline for the bulldozer

You heard what Caroline said – the fairies could show up with the water sprites and the a bulldozer could end up with a few other machines and folks in the Missouri River; Missouri River a big river.

- This ends here: do not violate the goddess' sacred space and this is what has happened.
- very much the place where patriarchy is going to take a back seat now – as she comes in and tells the folks how she's done!

T: thousands of buffalo showing up out of nowhere – pretty outrageous. Didn't take long to get on the media, either – the ones they watch anyway!

M/A: this story about abominations of desolation and what LM Nada has spoken of in the ways in which this story completes itself now: the return of all the ancient legends, tales – many tales to tell of how the magic of who and what we are in the frequency of the force – we have the power now and we must use it! It is already taking place whether we like it or not – the siddhas are turned on for all. And some in a certain sense: if the sun is too bright, better put on shades! It's only going to get hotter in the kitchen as she comes to do the

sacred dance with Kali and Pele and Dirga and White Buffalo Calf woman.

T: they are killing more Native Americans than people of colour, as the Native Americans are considered expendable. It's not being reported - Amy covered the story of a native American woman who got killed last week: said it's happening all the time, every day

M/A: and in the midst, send love, peace, joy to all situations as a part of All That Is. The land is sacred to our people; every part of this earth is sacred to our people. And this is why Goddess shows up now!

- It is in the midst of the clarion call we could say has gone out – she speaks again of his return: Lord Maitraya with the other brothers and sisters of the Wise Council of Elders who already – let's say, Uncle Bernie, Elizabeth Warren know who they are; so does Raj Patel; Morgan Freeman knows too with the series called The Story of God – yet he has to play a certain role, as he is one of the ones to share the wisdom of the black Mother Zudiachus -

T: he was on Stephen Colbert's show; had won an award, didn't show up for the awards ceremony wasn't important to him. Didn't know where it was or anything. Steve kept asking about it.

M/A: This is an object ; answers T's comment about a particular movie - it was called *God Almighty* -

T: they all know but they all have to do what they gotta do, Just like E. Warren has to do what she has to do

M/A: and this is an intense time as we watch so many souls who want to leave and at the same time, some are choosing and far be it from them [M/A] to stand in the way of getting in the way of a soul wanting to leave – if it is by another one's hand or the issues at hand that are going on, there is no judgement – the scale of Ma'at will figure it out at the right second.

- It is about soul Matrix. We are all in this great story together: the good, the bad, the inbetween

- when we began, some decided to play on the dark side of the Force, others on the light side. Now at the end of the cycle, the equalizer that comes in is not just her – it is the energies that have kicked into motion with our galaxy, our universe – she could not stop these energies if she wanted to because our cycle has moved from Kali Yuga to Sat Yuga, and the old must die and pass away like the leaves are falling now as we head into winter space, the inner space, the sound of one hand clapping.

- It is winter – this time that is transpiring; it is the most important time as these souls sitting in the edges of Mordor; it is getting to be winter: cold in Aleppo, Lebanon, Gaza, Ramallah, so many cities – Standing Rock, secret circles. This time as we are watching the fading of Sol as it approaches this time where we watch the winter solstice come and –

- she could say the rising of the solar/lunar cycle, how things are getting played out in the moment, and there is so much to be excited and grateful for. We are getting to walk amongst the ways in which we get introduced to star fleet and the other ways in which the Intergalactic Confederation of Worlds helps to colonize and it is not about colonization as we have heard on this side of the fence:

- it is about how we are creating as souls in this new circle /cycle that is transpiring with so many legions upon legions of folks who are here to introduce new ways of being on this planet.

- They are not going anywhere – it all begins here; it has already begun - new plants, new animals, new beings, new ways of interacting with each other, how we turn a desert into the Garden of Eden overnight; it's not about forced energy - it's about loving yourself first and foremost – that is the order of business.

- As we watch this time, he who is known as Ancient, Eternal and Supreme of Days comes in and changes everything, along with Lord Maitraya –

- all she can say about the ones who have chosen this path: go in peace and be on your way!

Greetings in the Light of the Most Radiant one – kadoish, kadoish, kadoish

- remember we have the power and it is in the goddess' hands – and all the goddesses are showing up now.

President Obama is soon to be out of work, as the last year of insane election news has frequently reminded us. On Monday night, he stopped by *The Late Show* to get some interview help from [Stephen Colbert](#). Dressed as generic middle manager “Randy,” Colbert sat down with the sitting president for a practice interview.

As the interview gets going, Randy becomes curious about why Obama hasn’t been promoted over the past eight years. “There wasn’t a lot of room for advancement in my last job,” Obama said. “The only one with a more powerful position was my wife.”

Later on, Randy noticed that Obama’s resume doesn’t mention his place of birth. Unfortunately, this is kind of [a sensitive subject](#) for Obama, who’s had to answer questions like that for years. Naturally, he declined to discuss the topic with Randy.

Obama was more than willing to speak about his greatest weaknesses though. “Well ... sometimes ... when I talk ... I take ... too many pauses.” Obama also took some time to reach out, sincerely, to millennial voters. “This is the most important election of their lifetimes,” Obama said. “They have the opportunity to make history. The results in November could change their lives forever, so they have to get out there and vote.”

2016-10-17 SR#1271 NBC Crew - Crooked Hillary's MASSIVE MELTDOWN at Commander-in-Chief Forum

Visit our website now: <http://www.billstill.com> - considered by informed insiders' as THE ultimate resource for fixing the National Debt problem and surviving Economic or Financial Collapse/Crash and attaining the unvarnished truth about Washington and today's United States Political Climate.

Good afternoon, I'm still reporting on NBC Crew - Crooked Hillary's Massive Meltdown at Sept. 7th Forum. Remember the Sept. 7 Commander-in-Chief Forum where Donald Trump and Hillary Clinton appeared separately but back-to-back for 30 minutes each?

According to an email forwarded to us late last night, which originated from a Comcast email address, the technical crew for NBC which produced the event is now speaking out about what took place moments after Clinton walked off the set – a massive profanity-laced tirade aimed at NBC's host, Matt Lauer.

It turned out that Clinton had been fed all the questions for approval in advance of the forum. But then, after the approval, Matt Lauer had had a change of heart and he started his questioning with an unapproved line concerning Clinton's use of an illegal private server for her sometimes classified, work-related emails.

According to a Comcast official (the parent company of NBC Universal) who apparently was quoting those on the set:

"When Matt posed the one legitimate question about the FBI investigation concerning her homemade server and the unsecured emails, we could see she was beginning to boil."

According to an NBC Associate Producer of the Forum, as soon as Clinton got off the set, she exploded.

"Hillary proceeded to pick up a full glass of water and throw it at the face of her assistant, and the screaming started."

"She was in a full meltdown and no one on her staff dared speak with her – she went kind of manic and didn't have any control over herself at that point."

"How these people work with this woman is amazing to me. She really didn't seem to care who heard any of it."

"You really had to see this to believe it. She came apart – literally unglued; she is the most foul-mouthed woman I've ever heard ... and that voice at screech level ... awful!"

"She screamed she'd get that f.....ing Lauer fired for this."

Referring to Donald Trump, Clinton said:

"If that f - - - ing bastard wins, we all hang from nooses! Lauer's finished...and if I lose it's all on your heads for screwing this up."

So, Crooked Hillary fears the gallows, eh? Interesting.

Her dozen or more aides were visibly disturbed and tried to calm her down when she started shaking uncontrollably, as she screamed to get an executive at Comcast the parent company of NBC Universal, on the phone. Then, two rather large aides grabbed her and helped her walk to her car.

Matt Lauer was massively criticized for the rest of the week on air by the Clinton campaign and the rest of the MSM as having conducted "an unfair and partisan attack on Clinton."

According to the email, calls were made to the New York Times, the Washington Post, Huffington Post and Twitter executives with orders to crush Matt Lauer.

One staffer on the Clinton campaign told the NBC staff that they all fear Clinton's wrath and uncontrollable outbursts, and one described Hillary as "an egotistical psychopath."

Since Hillary does not allow any staff to have cell phones when she is in their presence, no footage is available.

Interim DNC chairman Donna Brazile, the first black woman to hold the position, was singled out by Hillary during the rant. She screamed at Donna: "I'm so sick of your face. You stare at the wall like a brain dead buffalo, while letting that f - - - ing Lauer get away with this. What are you good for, really? Get the f - - - to work janitoring this mess - do I make myself clear?"

A female NBC executive said that Donna Brazile looked at Mrs. Clinton and never flinched, which seemed to enrage Hillary all the more. The executive continued:

"It was the most awful and terrible...and racist display - such a profane meltdown I have ever witnessed from anyone, and I will never forget it.

"That woman should never see the inside of the oval office I can tell you that. She was unhinged and just continued to verbally abuse everyone - she was out of control."

Why did Lauer ask his rogue question? According to sources close to Lauer, because:

"... the American people deserve an answer from the former Secretary of State."

I'm still reporting from Washington. Good Day.

2016-10-27 **Gavin MacFadyen, 76, Mentor and Defender of WikiLeaks Founder, Dies**

By [SAM ROBERTS](#)

[Gavin MacFadyen](#), an American investigative journalist who became an early mentor and defender of the founder of [WikiLeaks](#), [Julian Assange](#), died on Saturday in London, where he lived and spent much of his professional life. He was 76.

The cause was lung cancer, his wife, Susan Benn, said.

Since the 1970s, Mr. MacFadyen produced and directed scores of television documentaries on a wide range of subjects, including neo-Nazi violence, [child labor](#), nuclear proliferation and industrial accidents. Sometimes he worked in disguise.

He also co-founded the nonprofit [Center for Investigative Journalism](#) in London in 2003, a training program in skeptical reporting, and WhistleblowersUK, a support group for tipsters. He was a director of WikiLeaks and, with his wife and another journalist, John Pilger, formed the [Julian Assange Legal Defense Committee](#).

Mr. Assange, an Australian computer programmer, founded WikiLeaks in 2006 and published millions of secret documents, many supplied by Chelsea Manning, a United States Army intelligence analyst. Mr. Assange has been under investigation by the American government and is wanted for questioning about rape allegations in Sweden. He has found refuge in the Ecuadorean Embassy in London to avoid extradition.

Immediately after Mr. MacFadyen's death, WikiLeaks issued this Twitter post: "Gavin Macfadyen, beloved director of WikiLeaks, now takes his fists and his fight to battle God. Sock it to him, forever, Gavin." It was signed "JA."

In his book "WikiLeaks: News in the Networked Era" (2012), Charlie Beckett wrote that Mr. MacFadyen "was a core WikiLeaks supporter who had offered the services of interns, facilities and even on occasion his sofa to the team." Mr. Assange moved into Mr. MacFadyen's London townhouse in 2010, bringing with him only three pairs of socks.

Elaine Potter, a philanthropist and co-founder of the [Bureau of Investigative Journalism](#), based in London, said Mr. MacFadyen had been driven by "passion, politics and curiosity."

"He recognized the significance of WikiLeaks and made contact from the moment they arrived on the internet," she said. "He became obsessed with providing support for whistle-blowers."

Mr. Assange and WikiLeaks have been thrust into the spotlight in recent months by the release of thousands of Democratic National Committee emails amid suspicions by United States officials that the files were hacked by the Russian government, possibly to influence the American elections.

But Mr. MacFadyen maintained that Western news organizations had uncritically published material provided by the Central Intelligence Agency and that the fundamental question was whether the information was true and in the public interest, rather than its source.

"His commitment to exposing the true nature of power was his life force," Ms. Benn, his wife, said. "He

spearheaded the creation of a journalistic landscape which has irrevocably lifted the bar for ethical and hard-hitting reporting.”

She added: “Gavin worked tirelessly to hold power to account. He once said, ‘Good journalism is always political journalism.’”

Mr. MacFadyen was born Gavin Hall Galter on Jan. 1, 1940, in Greeley, Colo., and grew up in Chicago. He never knew his father, and he adopted the surname of his stepfather, a medical researcher. His mother was a pianist.

He worked as a union organizer and demonstrated for civil rights before moving to Britain, where he graduated from the London School of Film Technique (now the London Film School).

Afterward, he created a documentary film group to chronicle the political turmoil in the United States during the late 1960s for the BBC, covering anti-Vietnam War protests, race riots and the police clash with demonstrators at the Democratic National Convention in Chicago in 1968.

He went on to cover the war in Nicaragua between the right-wing contra rebels and the Marxist Sandinista government in the 1980s.

Collaborating with the director Michael Mann, he played Boreksco, a crooked police officer, in Mr. Mann’s 1981 debut feature film, “Thief,” and was a technical adviser to “The Insider,” Mr. Mann’s 1999 film about Jeffrey Wigand, a tobacco company whistle-blower, starring Russell Crowe and Al Pacino.

He produced documentaries for the BBC, Granada Television and ABC-TV and for Frontline on PBS. He was a visiting professor at City, University of London.

In addition to Ms. Benn, he is survived by a son, Michael, from his first marriage, to Virginia Daum, which ended in divorce; three stepdaughters, Sarah Saunders, Deborah Ramsay and Samantha McLean; and six grandchildren.

[In an interview](#) with Delft University of Technology in the Netherlands in 2009, Mr. MacFadyen drew a distinction between being a witness and bearing witness, and defined a whistle-blower or an informer as someone who values the truth because it will affect the future.

“The wealthy and powerful often are unhappy about telling the truth,” he said. “There is a famous story that if you give a poor man on the street a dollar, you’re considered a good Christian, but if you ask, ‘Why is that man poor?’ you’ll go to prison.”

Journalism, he suggested, was essentially pursuing answers to basic questions: “A building has blown up. Great. We need to know that — very important. Who did it? Why did it blow up? What are the consequences? Who was killed? Who benefits from this? Those are the questions I want to ask.”

He added: “The more we know, the more we can control an event or stop those events. To understand the events, not to cry, not to laugh, but to understand.”

A version of this article appears in print on October 28, 2016, on page B14 of the New York edition with the headline: Gavin MacFadyen, Mentor and Defender of WikiLeaks’s Founder, Is Dead at 76. [Order Reprints](#) | [Today's Paper](#) | [Subscribe](#)
