

Triangle Climate & Landscape Researchers' Doggie Bag

Take-Home Info from the Brown Bag on October 11, 2012

Main Presentation

South Atlantic LCC Funded Projects - An Overview and Discussion. Rua Mordecai, Science Coordinator at the South Atlantic Landscape Conservation Cooperative (SALCC), gave an overview of selected projects from the SALCC and explained how they relate to one another, the SALCC's development of a Conservation Blueprint and how these products will be shared. To find more information on the projects, go to the SALCC [projects page](#) on their web site. If you have questions, please contact [Rua](#).

Next Triangle Climate & Landscape Researchers' Brown Bag Topic

November 8, 2012 Jerry McMahon from the Southeast Climate Science Center will present "Southeast Climate Science Center Funded Projects – An Overview and Discussion" from 12:00 – 1:30pm.

Location: Ground Floor Bullfrog Education Room, Wildlife Resources Commission Building, NC State University's Centennial Campus, 1751 Varsity Drive, free visitors' parking in rear of building

News & Events

SALCC Web Forum – October 18 (Ginger)

- The SALCC will have its monthly Third Thursday Web Forum on October 18th at 10:00 am. The main presentation will be *Vegetation Dynamics Projections to Inform Conservation in the Southeast* by Jen Costanza from NCSU's Biodiversity and Spatial Information Center. For more information on the SALCC Web Forum and to attend, look [here](#).

Setting Biological Objectives (Rua)

- The SALCC is developing a process to set biological objectives for natural resource conservation across the region. A team has been dedicated to this process for a few months now and the SALCC is having two workshops to get input from partners and other organizations and agencies across the southeast. If you would like to contribute to this development, please see the [Indicators Page](#) on the SALCC web site to leave your comments.

NC DENR's Climate Adaptation Strategy (Janine)

- Janine gave a brief overview of the State's climate adaptation strategy - *Climate Ready NC: Building a Resilient Future*. The report is in its final review and will be made public as soon as possible. Check out NC DENR's [climate change web site](#) or contact [Janine](#) with questions.
