

Survivorship Conference Program

Survivor Spotlight

Brenna Huckaby
Mom, cancer survivor, two-time 2018 Paralympic gold medalist, and first amputee featured in Sports Illustrated Swimsuit.

Morning Sessions

Please choose **one** of the following sessions.

Sexual and reproductive health

Room 8.3059

Andrea Bradford, Ph.D., Medicine- Gastroenterology, Baylor College of Medicine
Terri Woodard, M.D., Assistant Professor, Gynecological Oncology and Reproductive Medicine

A candid presentation and group discussion about the challenges of relationships, intimacy, fertility and the effects of cancer.

Managing late effects of young adult cancer

Room 4

Martha Askins, Ph.D., Associate Professor, Pediatrics - Patient Care
Sandra Medina-George, M.S., Vocational Counselor, Pediatrics - Patient Care
Michael Roth, M.D., Associate Professor, Pediatrics-Patient Care, Co-Director, Adolescent and Young Adult (AYA) Oncology Program, Director, Childhood Cancer Survivorship Program

Learn about the potential cognitive effects of treatment and the supportive care options available to help manage symptoms. This session also will explain federal and state laws that can protect you in work and school environments. You will hear about benefits like reasonable accommodations that can help ease the transition back to work or school after a cancer diagnosis.

Transitioning into survivorship

Room 5

Angela Yarbrough, M.S.N., R.N., F.N.P.-B.C., Family Nurse Practitioner, Childhood Survivorship and Pediatric Endocrine, Pediatrics-Patient Care

Life after treatment ends can be a difficult transition. Whether you are returning to work, or school, or trying to figure out who you are as a person post-diagnosis, join this session to discuss the practical and emotional elements of adjusting to survivorship.

Lunch Session

MD Anderson Adolescent and Young Adult Program

Richard Gorlick, M.D., Division Head and Chair, Pediatrics –Patient Care

Young Adult Survivor and Caregiver Panel

Robinder Abrol – Lymphoma Survivor and Nikita Dharia – Fiancée, Caregiver
Aly Taylor – Breast Cancer Survivor and Josh Taylor – Husband, Caregiver
Jillian Williams – Ewing’s Sarcoma Survivor and Janna Williams – Mother, Caregiver

Moderated by: Michael Roth, M.D., Associate Professor, Pediatrics-Patient Care, Co-Director, Adolescent and Young Adult (AYA) Oncology Program, Director, Childhood Cancer Survivorship Program

Hear from a panel of young adult survivors and their caregivers as they share their unique experiences, needs and survivorship strategies.

Afternoon Sessions

Please choose **one** of the following sessions.

Cooking for your health

Room 8.3059

Karla Crawford, R.D., Research Dietitian, Pediatrics - Research
Christine Ranieri, M.S., R.D., L.D., Supervisor, Clinical Studies, Behavioral Science

This hands-on cooking class will show you how to create nutritious foods geared towards improving your health during survivorship. Our guest speaker will debunk some myths and answer your nutrition questions.

Integrative medicine in young adult care

Room 4

Rosalinda Engle, M.A., Mind/Body Intervention Specialist, Integrative Medicine Research
Karen Moody, M.D., M.S., L.M.A.C., Associate Professor, Pediatrics - Patient Care, Director, Pediatric Palliative and Supportive Oncology

Learn how to use mind, body, and soul to improve your health, manage your pain, and recover your vitality.

Vision board: Sharing your story

Room 5

Zachary Gresham, M.A., M.Ed., Program Manager- Art in Medicine, Pediatrics-Support Programs
Wendy Griffith, L.M.S.W., Senior Social Work Counselor, Department of Social Work
Kasey Marsh B.S., C.H.E.S., Program Coordinator, Volunteer Services and Merchandising- Children’s Art Project

A cancer diagnosis can cause radical life changes. Create a vision board that illustrates who you are now and how you will thrive in the future. This process will help guide you to identify your passion in life and create a path to live it.
