HARD NEWS

- T:** has been transcribing news about the former president of Uzbekistan – a dictator, authoritarian leader: kept opposition in check by jailing them, torturing them! All of this happening OUTSIDE of wartime. He had a brain aneurysm – never recovered – died at 78 – Islam Karimov – most secretive government and country in the world – right in front of our face!
- all this will be changed with NESARA – all dictatorships, no more Bandar Bush, Saudi Royals

2016-09-02 **Islam Karimov: Uzbekistan president's death confirmed** [SEE BELOW]

- R:** talked to the grand children of Alice Coltrane, wife of John Coltrane of jazz fame
- They told him that
 - Mother's people the Paschats are rising out of the desert from the West Bank to the Pakistani/Afghani border
 - this ties in with the Nibiru coming in, the stargates opening, the finding of the Arch of Gabriel, the finding of the cryogenic sleep chambers of Zoroaster and other beings around 14' tall
 - when the signal is given, all the nanites that have been uploaded in all the satellites circling the earth will stop broadcasting the B***S*** and broadcast the voice of the Ashtar Command
 - This news he keeps getting told more and more; this is coming harder and faster in our face
 - Every day there are more craft decloaking, more stories

- R:** An anomaly at the rocket launch in FL: a little white orb that showed up just before the explosion
- has seen other orbs in other videos, saw one in another country: it was dancing, bobbing and jumping around at a gas station in either Iran or Iraq; the orb moved to a highway and hovered over the highway and then legs came out of the orb;
 - reminded R of a tiny probe droid when Hans Solo, Julie and Luke are on a planet and see a droid-like probe come out of the snow while they were scanning the planet for a base.
 - The orb reminded R of that scene – more and more stories of weird stuff: we ain't alone anymore – we are in Oz, and the wizard knows the end of the story!
- On this eve of the Labour Day holiday – fiascos to the height of
 - have to do with full disclosure, first contact & the rest of the world is listening to the hair piece.

CONFERENCE CALL

Ro: creating something for the website: You Tube is huge and would bring great numbers of viewers to the website

T: there are young inventors and others to introduce to the world; Susan and Fran said he is a very beautiful young man!!!

Ro: RT is putting up 2 articles about ET – whether or not there is a galactic Fed /aliens speak English – the - alluding to disclosure!

T: we need that – the feeling she got when Alice Coltrane's grandchildren caught

Ro: from the sounds of it, could be in Sept to some time in October

Julian Assange and others will make some major moves in October

T: Thom Hartmann mentioned 4.3 light years away – would take 4.3 years to

- Rama said 4 hours at warp 7
- We can do all of this stuff, but we have to deal with these ones first who would like to stop us – more and more full disclosure is coming out.
- This star being in the goldilocks zone means it would support human life

Reading: food allergies are responsible for kids showing up with reactions to flu, bee stings, and with no treatment, they die!

On RT: humans have changed the earth so much that scientists say that we have entered anthropocene era; just like we see fossils of plants and animals that lived years ago, scientists in the future will find radiation and fossilized plastic

- Each year Americans alone throw out a food ball field 100 miles high of garbage.
- Our food security is in jeopardy
- we are losing species at a rate of 1000 x faster than last 65 million years – the only way to reverse this: save nature now! Commit to renewables 100% by 2025 – as we raise our consciousness, they [galactics] will intervene – we have to set the tone!

TOO MUCH STATIC ON THE LINES

T: Abraham Lincoln would roll over in his grave if he knew what the Republican party is doing now.

- Talks about RanaMu saying to Rama about Obama being offered a 3rd term because of the treasonous behaviour of the Republican party members – and he will pass the talking stick to Michelle! [one possible path to seeing Michelle as president]
 - The Republican sent a group of representatives – not to give a legacy to Barack Obama: both terms were forfeited – so he gets an offer to stay in for a 3rd term
 - he is in this whole situation for the long haul – it is just a 3rd dimensional idea: the age-reversing process is right here, right now!

Ro: not having to deal with the fear and all the other things will take such a strain off everyone!

T: there is much to be uncovered. They hate him! And that is because they have some undealt emotions and other issues

- also, a lady on the Thom Hartmann show: the court case by the 25 women – the first lawsuit

against Trump & Epstein, the 25 girls between 10 – 13, forcibly & violently raped on that island: they escaped because the indigenous people helped them escape and they have been in a witness protection program.

- The first lawsuit starts on Sept 9, next Friday, 2 days before 9/11

- **Jimmy Carter – new website – electionobservation.com** – will have monitors at all the locations to monitor the Nov election – glad to hear he is doing something; want to see him stay alive. A few weeks ago, the saying was he only had a week to live! He wants to make the announcement that JFK's father is also his father !

COR: asks for a review of the rape case

T: Jeffrey Epstein has private plane, flies people to his island; has a castle with little girls and little boys 10- 12 – the men have their way with them, and the kids are thrown in the ocean for the sharks.

- The Republicans gerry mandered all the elections – you can have someone elected but still not have the majority of the votes – they make sure the votes are rigged, and the electoral college makes sure all the delegates are bought
 - they are trying to get through the eye of the needle

COR: a miracle that Obama won last time

T: 10 million democratic votes were suppressed says Greg Palast – and he still won!

T: she listens to Thom H every day; he is supporting HRC because of her being a killing machine who has had him threatened more than once. He always goes back to 1994 when it was thought that Jimmy Carter was a shoo-in – something happened and the democrats lost badly. This also happened when the flower power thing was going on and all their heroes were killed

- their generation decided not to vote PLUS they said they would go for the money – got involved in the hedge funds; at that time, the private equity thing started – and Mitt Romney and Bush Sr were shutting down manufacturing businesses and sending them to Mexico and China -
- when T came to Santa Fe in 1987, to find something to do there, wages were down to \$6.20 / hour for a job – yet in the 70s, it was around \$15
 - as we become more spiritually aware, we are responsible for what happens on the ground; it's our job to fix things.
 - The irony: she can remember sitting in the desk when the principal told people to sit down and he told them JFK was dead – she was 16 – this woke her up. Tons joined the Peace Corp which JFK set up – went all over the world and learned much.
 - The Viet Nam war caused the loss of so many guys – buried in Viet Nam – it was a troublesome awakening. To really anchor in the spiritual awakening has been a long journey and it's still going on – we have no clue as to how much we are loved.
- Lincoln was a dirt ball too – his mother was a deeply melanated slave woman – he was black – he married a Collins; his father was a Rothschild – he had other children out of wedlock and did not care for them. He cheated on his wife – she was crazy!
 - It was his wife who killed him: John Wilkes Booth was a hired goon of the Rothschilds – she had a silencer on a tiny gun and shot him right behind the ear!

COR: Lincoln's father was a Rothschild and the same family arranged for his death?

T: Yes – use them up and spit em out! Has been going on forever! When Hillary got herself caught with Vince Foster, thought they would have to kill her – then the idea came up about having Lady Di go to the US and marry Bill: Di said she would only marry for love. So Di was the one who was killed [only her clone]

COR: Still keeping our eyes open for an Oct surprise?

T: GG Lilly called on Wed and said that some of her friends in AMN said that Barack was going to

declare martial law – Oct 12 – 15 – and then an article came from the internet – as someone asks if Clinton is forced out of the general election, then what?

- Within the last 4 weeks before the election which put 2 and 2 together – heard about Julian releasing the e-mail
- Nov 8 will be the election so things have to happen between Oct 8 and Nov 8 – so T is thinking Michelle might show up

CA: telling people to not be surprised if neither make it to the election

T: Steve Kornacki took over Rachel's show last night – she did a special and he played it: she went back to the Whig party and Lincoln was a member of that party – they were fighting so much between themselves that the Whig party was shut down. There will be no more Repub party because they joined with a bunch of dems and committed treason.

T: yes, North Dakota protest has gotten way bigger and then they took away their water; now blockading people from getting in and out

- getting bigger every day: the army corps of engineers did admit they did not have permission to go on the land: they don't think they need one as they consider the Native Americans have no rights
- as Thom Hartmann says, the native Americans have been on the land since the beginning and the invaders arrested them!

R: None of the land is white peoples land in R's understanding: as everything is completed and there are no more weapons of war, the wise council of elders will get out the treaties that go back to Pocahontas and the true founders that put together the constitution with Ben Franklin

R: knows the wise council of elders – Maitreya, Quan Yin, St Germain & others

- when people see these ones in front of them, they will realize all this is real!
- The descendents of the people who first owned that land are to be the ones who get to remove those on the land at the moment!

BBS RADIO

MOTHER SEKHMET / ALCYONE [M/A]

Greetings in the Light of the most Radiant One and in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame!

Greetings, Children of Ra!

Indeed, now is the time. They are here with all their relations; it is this story that keeps being passed around about their people, Nibiru, the coming events.

- They will **make it clear:**
 - NO 3 DAYS OF DARKNESS;
 - EARTH NOT GOING TO GO THROUGH CATAclysms AS WE MAY HAVE HEARD ABOUT STATES FALLING INTO THE OCEAN.
 - THESE THINGS HAVE BEEN MITIGATED

• She is just saying stories are out there concerning their imminent arrival: Nibiru **already here!**

T: You mean it's about nasty stories about Nibiru going around on the internet?

M/A: Yes concerning cataclysmic events and anomalies . . .

T: yet what is happening in Central Italy – they are not out of the woods yet

M/A: It is about all the energies being raised . . .

T: in 2 days they had 1600 after shocks & some were in 5.2s, 5.3s, 5.4s

M/A: As we have passed this eclipse, the ripples in the pond cross the solar system which is part of the galaxy: the ripple effect of the eclipse is the energies are getting stronger, not weaker. As we watch the frequencies increase with what this eclipse has done, it has sealed the wayward ones' with their fate.

- They [M, A, et al] have been spoken of as late; yes they come with the Paschats and the people of Nibiru, not as an invasion but in peace and joy.
- It is about the raising of the frequencies so that we can all lie down with the lamb - and nobody is a lamb here!
- they commend us for the hard work we have done for so many eons of time, yet the frequencies increase and [so does] the wearing thin of the patience.
- Activations of our higher frequencies, siddhas, already going on at such an exponential level; it is not unusual for stories to come out now about all of the gifts and abilities we all have that are being put to good use.
- The time **not** to pick up the double bladed axe, yet there are some [for whom] it may be the only way justice will be served.
- She would speak to that effect: how this will be completed:
 - is like how Rana Mu showed Rama – as we work with the 3 fold flame with the frequencies in these bodies getting higher and higher and higher, they cannot stand it so they act out and create more chaos for themselves.
 - This spills out into the general society, yet rest assured: they – her wayward children – are feverishly figuring out how they can create any sort of distraction from the truth about their [M, A, et al] arrival and our salvation, the planet's salvation.
- They cannot go forward with their plans, try as they might. The triangular shaped craft that have been created in the hangars and death chambers of Rafeon are not coming from Andromeda: these ones who have taken the left hand path of the dark side . . . yes, there are triangular-shaped craft out there which have been seen over major areas of the planet, major cities in this country: yes, they make no noise, they are completely silent yet we do not get a sense of joy when we see those craft. It is not of . . . And they know that [that this will not work] .. .

T: Is it really necessary for people to go into terror from the fake alien scenario? Does that really gotta happen?

M/A: They are so insane with their ideas of xenophobia and the strange – let's say their – she is figuring out how to put this in our words – their obsession to a degree that is fanaticism about keeping their idea of wanting a few cultures here, “cultures” meaning different civilizations that are not working for the Office of the Christ or involved with the upliftment

T: No matter whether they come from another time/space continuum or not, the energies continue to go up so they cannot really prevail . . .

M/A: No they cannot prevail and that is what she is saying – what this one was told about by those he talked to today

T: the people of Mexico are furious at the president for letting that bully in a china shop show up!!! his popularity was already in the toilet before this happened!

M/A: Yes! What she can say: Be of good cheer! We are all here in this together; how it can be brought into a place of joy is to keep working with the frequencies of lifting ourselves higher.

- At the same moment, what Rana Mu showed this one - by sending the 3 fold flame into all the particles of these lifeforms each and every moment when we get a sense of . . . rather than getting angry, getting pissed off, going into hate and and doubt and judgement and regret and depression – they say in joyous celebration: the energies that are lifting us up, all of us. These ones who have taken the dark side path cannot hold a candle to the higher frequencies going up, so they create insanity and distractions which is all they have – fear and distraction - and a few M80s around, along with ancient war weapons that soon will not function

T: what does “soon” mean?

M/A: – it means right in the moment; as more and more of . . . they will look extremely silly – it is as Dr Greer has spoken about – they have gone to the extent of putting on Hollywood-style rubber masks of ET s and dressed up Black Ops with exotic weapons to make us

think we are being abducted; also using technology to control the mind from the heart.

- At the same time, yes, there are other cultures, other civilizations who are here, who have used and abused the people of earth – and all of this is in this moment. This is why there are so many councils that are speaking to the equivalent of representatives like ET Corey and others who are saying – as the exposure of the unacknowledged black budget operations that fund the secret space command and the other nefarious activities going on around the solar system –
- each day, more stories come out; each day, more of her people are coming forward; craft are being seen and they cannot continue the fake war on the people, or the lies about the fear of making us very afraid about what is to come
- She has to say in all due respect, in glorious joy – this planet is ascending, and her people: you people; not one iota will be left of this dark stain on this planet, of ????

[Mother makes a harsh noise] - a word that is the equivalent of “slugs”

T: it's insulting to the slugs!

M/A: Even the slugs are divine creations . . . snails - they have a perfect order to their universe

- she is using a metaphor for something we might be familiar with
- we might be familiar with “slackers” who are not up to par with the times that are a-changing. It is about the frequency of the hearts– the song they just played Guru Ram Dass from Singkar – the tones, frequencies of that particular piece are based in the solfeggio tones of 528 hz to repair damaged DNA from what has been going on for so long.
- this is what is going on in the moment: they are repairing our/their DNA and the DNA/ RNA in, of itself is talking to us, divine beings, and asking us, in glorious union, “Lift yourselves up higher. Do not get caught in the maya”. That is easy to say, even harder to do.
- As we do this each day – reach out with our gifts and abilities to the other extraordinary beings; to use a metaphor, the fellow X Men, X women on this planet who have the gifts, abilities - we all know each other – we connect on the dream time cycles – we interact with each other as Cheryl shares with us on Sunday and Monday.
- We are all in this one moment of joy, and **we have turned this around!** She speaks in the past tense because they are visitors from our future, their past: she cannot make it more imperative – the seriousness of the hour: in what she speaks and says - this is not a fairy tale – this is real!
- They have come from our future which is their past - we are the ones who make it and change the course of this planet's destiny and its timeline: – NOW is this time - cannot give dates, yet can say IN GLORIOUS JOY - this is the time, and we do it!
- What it is, is simply going into the heart space and working with the joy that wells up inside us when we interact with another who connects on a heart level.
- Even as it may seem improbable or impossible, it is highly probable, highly possible – it is so magnificent to behold this unravel and happen in each moment, second - there are more events and she uses the word “events” loosely, as what we are seeing, watching, experiencing, dancing for joy, maybe crying in agony as well as ecstasy with what is transpiring - it is a cosmic dance, how we do this together, the union of Shiva/ Shakti
- What they said to Rama today:
 - The Paschats are rising to the occasion – to put it simply: Bernie has some answers that cannot be discussed until after the fact, and things are in a stage of what she calls in Rama's lingo: everybody is cooling and chilling to the place where we get some cognisance and some semblance of order to get the message at a deep exponential core level – it is about the strands of DNA moving at quantum light speed that are firing off like the neurons that fire off with sparks of electro magnetic frequency: that is what this Temple of the living goddess is.
 - As we set aside the emotional baggage and the maya of the day – even as we sit at our desk/cubicle and work with the energies, send the 3 fold flames up all the capillaries, veins, arteries, organs – whatever we may visualize and see, as these temples of frequency, of light and love and ecstasy get lighter and lighter – it makes it easier for them

to interact with us on all levels

T: The Collective was saying we are getting to the place where we won't need to eat solid foods any more

M/A: Time for Liquid Light – this brings in the water, the plasma water Dr Keshe talking of – if we want a nice juicy steak with all the vitamins - drink the water which nourishes the body – not the idea of eating a steak, but what nourishes the body – bad example!

T: TC also said the animals do not want to be eaten any more

M/A: as we visualize and take in the plasma water – as we want the 22 amino acids to nourish the body, we see it in the water, then we drink it, there it is

T: takes some practice

M/A: that is why she is saying, what she is sharing: as we work with the energies of the 3 fold flame and connect with all the extra ordinary beings across the planet – and they are out there, all we have to do is just ask, and they show up, it's that simple – even if we have to imagine it, and we are on an imaginary journey – that makes it so, as if it is real and this moves time space energy.

- It is what Nassim is talking about – every single one who comes forth and says “you want to get in touch with the other realities: think with your heart; start with using your abilities” That is how you move mountains – may sound like BS but it is not

T: as Medea Benjamin was saying – there are 10, 000 people dead in Yemen

M/A: and there are millions more than that – she could talk for hours

T: this is black budget money Hillary transferred to Saudi Arabia [which went out to other countries, etc] - \$1.4 billion dollars of this stuff

M/A: and they want to play with transhumanist android bodies to make you live for ever – yet this is the best body [human temple] going –

- like what Jonathon Livingston Seagull said in the poems – a thought: you think it; therefore with your thoughts, it is there –
- this is the reality of the next evolutionary leap in consciousness:
- we wanted to be physical: it is physical; it is our thoughts, and this is how physical our thoughts can be – can move tanks, mountains, craft as big as Darth Vader's death star
- want to go into what Dr Xavier teaching? This is what power with love is - not about apocalyptic events it is about we have a destiny as life forms; we have been asked to move our DNA to the realm where we are creator god/ goddesses of the most high - use it, don't abuse it; use it now

Greetings in the light of the Most Radiant One – Kadoish, kadoish, kadoish

T: Thank you Mother

M/A: use that Shakti Pat caught inside us: we know how to do it as we've been doing for eons of time – this little moment of bantering back and forth - take this talk to the virtual bank of everlasting love!!!

R: he went to the Elysium Fields in Greece to walk there and bring that joy in; all the folks are here, so many beings of love - time for us to interact with them; he does it every day and it sounds like a sci fi movie yet it so real, it brings tears to his eyes. passes the talking stick in joy and ecstasy

T: They are being very mum yet it certainly feels like something big is up in the zoo!

R: they are a bit mum at the moment yet the shoe has fallen and is almost on the ground – we are have the abilities to levitate, work with telekinesis, psychokinesis, clair audience, clair sentience – we are being asked to be divine beings and it's tough

T: some things slipped away for a few decades – we got lost playing the money game

R: yet money is only energy

T: yes – yet it was used for war and acquired a few extra tentacles!

As humanity faces global environmental and social collapse, our fear of the “Other” can be magnified by unstable contracting economies, radically shifting demographics, and new social norms. Can humanity overcome these divisions and come together to protect our common home? John A. Powell, a nationally respected voice on race and ethnicity, leads UC Berkeley's Haas Institute for a Fair and Inclusive Society, holds the Robert D. In this episode of the Keiser Report, Max and Stacy discuss all that was won by simple sleight of monetary hand. They also discuss Scotland's collapsing North Sea oil revenues and whether or not China can help them. In the second half, Max interviews David Low about Scotcoin and asks David, 'why not just use Bitcoin?' They also discuss how it is that the Scottish independence referendum drove David to cryptocurrencies.

2016-09-01 Larry Wilmore Keeps It 100 On The Late Show With Stephen Colbert Stephen's old friend talked race relations, his canceled show, and more!

Larry Wilmore stopped by [The Late Show](#) Thursday night to dish on current events, his old show, and [his long-running friendship with Stephen Colbert](#).

The hilarious comedian made headlines this summer when his late-night gig, *The Nightly Show*, was axed. Though he told Stephen he misses hosting, Larry said there's one thing in particular that grinds his gears.

"I am very upset that they did cancel a brother's show when all the best worst racial stuff started happening," he stated. "Hillary calls Trump a bigot, he calls her a bigot, he's going on his Mexican tour, you've got a quarterback who won't stand for the National Anthem—all the best racial stuff happens now when I lose my show!"

Of course, Stephen wasn't about to let his old buddy visit the show without giving him the opportunity to have a little fun. At the start of the show, Larry surprised the audience by delivering a side-splitting monologue.

Thanks for the laughs, Larry!

If I told you that Democratic Party lobbyist Tony Podesta, whose brother John Podesta chairs Hillary Clinton's presidential campaign, is a registered foreign agent on the Saudi government's payroll, you'd probably think I was a Trump-thumping, conspiratorial nutcase. But it's true.

The lobby firm created by both Tony and John Podesta in 1988 receives \$140,000 a month from the Saudi government, a government that beheads nonviolent dissidents, uses torture to extract forced confessions, doesn't allow women to drive, and bombs schools, hospitals and residential neighborhoods in neighboring Yemen.

The Podesta Group's March 2016 [filing](#), required under the Foreign Agents Registration Act of 1938, shows that Tony Podesta himself oversees the Saudi account. At the same time, Tony Podesta is also a top campaign contributor and bundler for Hillary Clinton. So while one brother runs the campaign, the other brother funds it with earnings that come, in part, from the Saudis.

John and Tony Podesta have been heavyweights in DC insider politics for decades. John Podesta served as President Bill Clinton's chief of staff, founded the influential DC think tank Center for American Progress (which regularly [touts Saudi "reforms"](#)), and was counselor to President Obama. Tony Podesta was dubbed by *The New York Times* as "one of Washington's biggest players" whose clients "are going to get a blueprint for how to succeed in official Washington."

The brothers seem to have no problem mixing their roles into the same pot. Tony Podesta held a

Clinton campaign [fundraiser](#) at his home featuring gourmet Italian food cooked by himself and his brother, the campaign chairman. The fundraiser, by the way, came just days after Tony Podesta filed his Saudi contract with the Justice Department, a contract that included an initial "project fee" payment of \$200,000.

The Saudis hired the Podesta Group in 2015 because it was getting hammered in the press over civilian casualties from its airstrikes in Yemen and its crackdown on political dissidents at home, including sentencing blogger Raif Badawi to ten years in prison and 1,000 lashes for "insulting Islam." Since then, Tony Podesta's fingerprints have been all over Saudi Arabia's advocacy efforts in Washington DC. When Saudi Arabia executed the prominent nonviolent Shia dissident Sheikh Nimr al-Nimr, causing protests throughout the Shia world and inflaming sectarian divisions, *The New York Times* [noted that the Podesta Group provided the newspaper with a Saudi commentator who defended the execution.](#)

The Podesta-Clinton-Saudi connection should be seen in light of the recent media exposes revealing the taudry pay-to-play nature of the Clinton Foundation. Top on the list of foreign donors to the foundation is Saudi Arabia, which contributed between \$10 million and \$25 million.

What did the Saudis get for their largesse and access? Wikileaks revealed a 2009 cable by then Secretary of State Hillary Clinton saying: "More needs to be done since Saudi Arabia remains a critical financial support base for Al Qaeda, the Taliban, Lashkar e-Tayyiba and other terrorist groups." Instead of sanctioning the Saudis, Clinton did the opposite: She authorized enormous quantities of weapons to be sold to them. On Christmas Eve in 2011, [Hillary Clinton and her closest aides celebrated](#) a massive \$29.4 billion sale to the Saudis of over 80 F-15 fighter jets, manufactured by Boeing, a company which coincidentally contributed \$900,000 to the Clinton Foundation. In a chain of enthusiastic emails, an aide exclaimed that it was "not a bad Christmas present." I'm sure the Yemenis at the receiving end of the Saudi bombings would not be so enthusiastic.

The Clintons have said that if Hillary Clinton gets elected, the foundation will stop taking foreign donations. But what about no longer taking campaign contributions from people who are paid by the Saudi government to whitewash its image? The Podesta Group should be blacklisted from contributing to Clinton's campaign until they drop the monarchy as a client and return their ill-gotten gains. If Hillary Clinton wants to be a meaningful symbol for human rights and women's empowerment, her campaign must live up to the values she claims to represent, and this would be one step in the right direction.

2016-09-02 Islam Karimov: Uzbekistan president's death confirmed

<http://www.bbc.com/news/world-asia-37260375>

The Uzbek government has confirmed the death of President Islam Karimov, six days after he was taken to hospital with a suspected brain haemorrhage.

One of Asia's most authoritarian leaders, Mr Karimov, 78, died after 27 years in power.

His funeral will be overseen by Prime Minister Shavkat Mirziyoyev, seen as a potential successor.

Rights groups say Mr Karimov repressed opposition to his rule but for supporters he represented stability.

He will be buried on Saturday in his home city of Samarkand and three days of mourning will be observed.

A United Nations report has described the use of torture under Mr Karimov as "systematic".

The late leader often justified his strong-arm tactics by highlighting the danger from Islamist militancy in the mainly Muslim country, which borders Afghanistan.

Expressing his condolences in a [statement](#) (in Russian), Russian President Vladimir Putin described Mr Karimov as a statesman "who had contributed to the security and stability of Central Asia" and who would be a "great loss for the people of Uzbekistan".

The official announcement of Islam Karimov's death came on Friday night but Turkey's prime minister had sent condolences to Tashkent hours earlier - live on television, suggesting the funeral invitations had already gone out. So why did the Uzbek authorities hold back with their statement?

It is possible they were focussed on practicalities - preparing the burial site and gathering suitably senior world dignitaries for the send-off. Perhaps, too, Uzbekistan's powerful security service was stalling, watching for any hint of unrest or a power grab?

But Islam Karimov ruled for more than a quarter of a century without naming a successor so the delay could well point to a struggle for power behind the scenes. It is hard to know, in such a closed system.

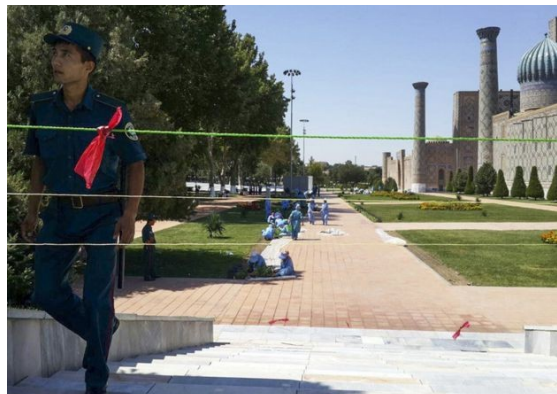

That has left Uzbekistan-watchers trying to read the signs. In Soviet times, whoever led the funeral commission would end up running the country. That may mean Prime Minister Mirziyoyev is the man to watch but for Uzbekistan all this is unprecedented and it is early days.

President Putin addressed his message to Uzbek senate leader Nigmatulla Yuldashev who, under the constitution, becomes acting president pending early elections.

Mr Yuldashev is unlikely to fill the presidential role

more permanently, analysts say.

Mr Mirziyoyev has been in office since 2003 and his deputy, Rustam Azimov, is also seen as a key player.

News of Mr Karimov's death was finally confirmed after several foreign leaders and diplomatic sources reported it on Friday, following days of rumours that he had already died.

"Dear compatriots, it is with an immense pain in our hearts that we inform you of the death of our dear president," a state TV presenter said.

One of Mr Karimov's daughters, Lola Karimova-Tillyaeva, posted a black square on Instagram with the words: "He left us... I choose my words and cannot believe it myself..."

Earlier, Turkish Prime Minister Binali Yildirim broke news of the death at a televised meeting of his cabinet.

Reports from diplomatic sources suggested several regional leaders were making plans to visit Samarkand for the funeral.

Prime Minister Dmitry Medvedev is expected to represent Russia.

Some human rights groups say the Uzbek government is one of the most repressive in the world, notably after [a crackdown in the eastern city of Andijan](#) in 2005, when hundreds were killed.

Mr Karimov's followers argue that curbs on freedom are a small price to pay for law and order.

"Yes of course, it's a price for stability, because we see what is happening now in Syria, in Iraq, in Yemen, in Afghanistan and even in Europe - you cannot defend yourself from the terrorist attacks," Sherzod Igamberdiev, a lawyer in Tashkent, told BBC News.

"If you put all your efforts into stopping terrorism, you will have criticism, but we live here, we know the situation on the inside, we are satisfied with him, we love him."

Analysts say Mr Karimov has played Russia, China and the West against each other to keep Uzbekistan from total isolation and to receive limited US aid.

Strains in relations with Moscow have appeared intermittently, notably when Tashkent suspended its membership of a Russian-led military alliance, the Collective Security Treaty Organisation. In 2014, Russia wrote off most of Uzbekistan's foreign debt to Moscow, forgiving \$865m.

2016-08-29 The Six Clinton Foundation Scandals Everyone Needs to Know

How did Huma Abedin hold down four full-time jobs at once?

The Clinton Foundation, the nonprofit charity organization run by Bill and Hillary Clinton (that also provides a career to untalented daughter Chelsea), has been in the news recently over what is truthfully just its latest scandal.

The media has latched onto the news that more than half of those who received a personal meeting with Hillary Clinton while she was the secretary of state had also donated to the Foundation. In truth, this is just one of many scandals the Foundation is involved in—but most others have been reported and quickly forgotten, in favor of blowing up something GOP presidential nominee Donald Trump said or did.

Even this latest scandal is trying to be diluted by some in the media. As mainstream journalists continue to point out how bad this is for Clinton, *Politico* reported that Steve Bannon—Trump’s new campaign CEO and executive director of Breitbart.com—was charged with domestic violence two decades ago. Though these charges were dismissed, *Politico* thought the decades-old story warranted a breaking news email.

The media will try to memory-hole this latest Clinton Foundation scandal, but it can’t be forgotten. Nor can these other Foundation scandals. This is probably not a comprehensive list, but here are the most egregious.

1. **Selling access to the U.S. State Department**

I already briefly mentioned this scandal, as it is the most recent. Of the 154 people who met with or had conference calls scheduled with Hillary, [at least 85 donated to the Clinton Foundation](#), according to an *Associated Press* analysis. The 85 donors gave a combined total of \$156 million to

the Clinton Foundation, and at least 40 gave more than \$100,000 each. At least 20 gave more than \$1 million.

How could anyone possibly believe these donations didn't help get a meeting with Clinton? Turns out only Clinton's staunchest supporters are defending her on this. The *LA Times'* Thursday editorial called for Clinton [to leave the foundation](#). The *New York Daily News'* Gersh Kuntzman said this scandal was "[impossible](#)" to defend.

2. Sketchy foreign donations from abusive nations

Clinton purports to be a defender of women and has talked about running [coal miners out of business](#) (an extension of the Left's hatred for "Big Oil"), yet her foundation has taken money from countries that commit human rights abuses against women and make their money from selling oil.

In February 2015, *The Wall Street Journal* [reported](#) that Australia, Germany, Saudi Arabia, the United Arab Emirates and a Canadian government agency that was trying to get the Keystone XL pipeline built all donated to the Clinton Foundation.

Obviously, Australia and Germany don't count as "abusive nations," but donations from former foreign governments is strange of itself—it had always been clear that Clinton would run for president again. And the donations from Saudi Arabia were especially troubling, since Clinton claims to be a champion of women yet Saudi Arabia bans women from driving or interacting with men to whom they are not related.

3. Using the State Department to help her husband

While his wife was the secretary of state, Bill Clinton's speaking fees [magically doubled and tripled](#), from about \$150,000 a speech to \$500,000 for a speech in Russia and \$750,000 for a speech in China. The State Department [approved these speeches](#).

How wonderful was it for Bill Clinton to have his wife oversee a department that approved his big-money gigs?

4. Donations in return for Bill Clinton speeches

Bill raked in at least \$26 million from speaking to organizations that also donated to the Clinton Foundation. Sure, they paid him to speak to them, and he may have spoken to them just for the money, but I'm sure it didn't hurt that they also donated to the foundation.

5. Huma Abedin working for State and the Foundation

For six months in 2012, longtime Clinton aide Huma Abedin appeared to be superwoman. She was working for Clinton's State Department, as well as the Clinton Foundation, Clinton's personal office and a consulting firm tied to the Clintons. How did she do it?

The Foundation [was subpoenaed](#) over Abedin's work, and was also under investigation by the FBI for ties to the State Department. How it was even legal that Abedin worked for both is astounding.

6. Helping foreign entities that donated to the Foundation

Clinton was a member of the Nuclear Regulatory Commission while she was secretary of state.

The commission was working on a "request to approve the sale of U.S. uranium stock to Russian atomic energy agency Rosatom as part of a transitioned takeover of a company which through an earlier merger had acquired U.S. uranium interests," [Politico reported](#).

Surprise, surprise: Rosatom [had ties to the Clinton Foundation](#). Rosatom acquired 17 percent of a South African company called Uranium One in 2009. In 2007, Uranium One merged with UrAsia, which was owned by Frank Giustra. Giustra gave \$31 million to the Clinton Foundation in 2006 and pledged \$100 million more in the following years. Giustra along with Bill Clinton, acquired uranium interests in Kazakhstan in 2005.

The chairman of Uranium One when it was acquired by Rosatom, Ian Telfer, also gave \$2.35 million to the Clinton Foundation.

Then there was the UBS deal, [in which Hillary Clinton intervened](#). The IRS was suing Swiss bank UBS AG in order to obtain the identities of Americans who used the bank to set up offshore accounts. Again, unsurprisingly, after Clinton stepped in, UBS increased donations to the Clinton Foundation—from \$60,000 to \$600,000 by 2014. It lent the foundation \$32 million for an inner-city loan program and paid Bill Clinton \$1.5 million for some speaking gigs with its Wealth Management Chief Executive, Bob McCann.
