- MR:**
- Please remember to support MariettaRobert's show, too

Hard News:

- T:** Larry and Curly told Rama that the people and the plane are in a safe place; will come back after the criminals are dealt with according to the lawmakers
- John Fugelsein – brought up the Frank Church hearings in the 1970s when Kissinger etc were going crazy investigating people; the Church hearings went into celebrities private lives as NSA & other agencies are doing now, violating the 4th amendment [right to privacy]; Habeus Corpus that has gone with Patriot Acts 1, 2 and 3 yet all of it is fake stuff because it was based on something called Homeland Gestapo that Bush put into office after 9/11, and all leads back to 9/11
 - Diane Feinstein and John Brenner are sweating bulltets at the moment and Paul Bremmer, pro-counsel to Irag
 - Rick Outsen, John Fugelsein and Mike Papantonil said it is time for the hearings, these ones have not upheld their oaths of office – they have to be arrested: it is treason on its face
 - Even Bernie Sanders said there will be arrests
 - Chris Christie handing out objects, parts of the steel towers to people he was seeking favours from
 - Marietta said that some of the politicians in her area have pieces of this stuff too, and are handing them out [**T:** they are radioactive!]
 - Yet at the same time it was near impossible for Dr Steven Jones of Brigham Young University & his colleague from Wisconsin to get hold of any pieces to examine for tritium in order to determine what really happened: there is no way for molten steel to be burning for 100 days unless it was

volcanic or from it was nuclear fissile material that exploded at the site

- We are up for 9/11 – this is going very fast

Today is Pi Day / 3.14 Day – the Golden Mean, an infinite number which never ends: the transmutation of our DNA to the higher vibration of immortal, omniscient, omnipotent life which we have had access to for all time; we are not our bodies, yet we have the stewardship of them, and as we work with these higher frequencies coming in, we can literally steward our bodies to an immortal DNA, expanded.

- the plane - There was no one left behind; nothing was blown up – plane is in perfect condition: it is in a shuttle bay in a galactic starship and is probably even in better condition now because of being in the presence of such love!

Audio: the Dalai Lama being interviewed by Larry King: discussion about meeting with Obama, international events, whether there will ever be a female Dalai Lama

- DL completely retired in 2011

T: Discusses the machine that Dr Cody told her about : see below

Conf Call:

Dr Cody is on the call – he can explain about the technology he told Tara about

The rattler: has 3 modalities in one piece of technology – has added it to his oxygen therapies

Caller: works in office on the middle of a tarmac: needs a clearing on a regular basis

- Right now, it's an underground piece of technology, with 3 modalities
 - 99% of the people he works on are auto – immune
 - there is an over abundance of stressors in the body – bacteria, fungi, parasites – over 1000s of years, these stressors have developed stealth technologies to not be seen;
- With this machine, you put your finger over the plate and it buzzes, using metatronic energy to light up the stressors in the body & reveals the stressors so the central systems can see them & remove them
- 1. People with liver flukes have used this vibration in a couple of ways: this is vibrational medicine – it lights up and exposes the liver flukes – when the stressors are lit up, the immune system can go in and take them out
- 2. dissolves the -ve mental emotion energy that stores in sub-conscious and replays in our body on a continuous way – 7-80 % of illness in our body
- 3. it has the only electro mother force foot bath that is most most wonderful leg and foot massager you'll ever experience. Our life expectancy is reduced over years – the toxins over years are dropped down to calf muscle and the feet – they have a concoction that goes in the water and opens the pores and pulls the stuff out. People are getting misled when they think that the stuff coming out in the water is coming from their bodies, when it is actually coming from the copper wire, etc . The water in their technology starts clear and ends up cloudy: tells how they do it – opens up the pores of the feet so you can see the true colour – says the copper foot baths can harm the body
 - The system creates a zen Put your feet in the water with
- Tells of a patient of 88 years – restless legs, feet that swelled every night; - he had 3 baths a week and after the 2nd week, his feet quit swelling, the restless legs disappeared and he began to feel again in the bottom of his feet.
- When you repeat the use of the technology, over time your body will return a state of harmony when all the organs systems are communicating again -
- Can regrow joints with it too – eg, when a woman has a baby, her bones get rubbery and pliable:
 - the scientist he is working with can cause the knee to go into metamorphosis and in 6 weeks, the knee and cartilage will be restored [can't walk on it for that time]

T: this technologies is far superior to other technologies because this one gets to a higher vibration

Dr Cody: Need to know the metamorphosis formulations; aslo need to know the zen energies to draw

- Also can also apply 2 rainbow paddles – one across the forehead, one under the jaw, increase the zen frequency and it will dissolve the clot in 30 seconds in the case of stroke
- A simple remedy for a heart attack: 8 os of water; 2 tbsp of baking soda; 4 200 mg baby aspiran made into a powder and dissolve in that water and keep it by the night table – also add 1 tsp of gelatin; gelatin will deliver whatever you take into the body much quicker
 - if you have a problem absorbing stuff, add gelatin to your water - it allows what you are taking to get into the body much quicker [tells of tylenol in gel caps – the gel caps hare
- People are getting cardiovascular calcium deposits and body is developing schlorosis because there is aluminum in the water and we need to get back to boiling the water for 10 minutes – not bottled water – boil it and it becomes blood plasma ready.
 - This is something that people used to do – and put it in glass water jugs and and would not cause calcium deposts throughout the cardio vascular system
 - He boils the water and runs it through a gravity flow system – a Velaqua system – not water alkalization system – boil it first.

Caller2: asks about Liquid Needle Body Soak - what he puts in foot bath. a detox booster and lymphatic re-balancer

- Asks about using it if you have breast cancer – yes, soak in a bath with it.

T: this company has light coded water for specific reasons -

- A 32oz bottle is \$50

Caller 3: Commander in Atlanta!

Anything to share about equinox on March 20th - and about missing plane?

T: we are coming to the end of a 40 year cycle; in the Wiccan tradition, we are coming into a new year on the solstice - during the equinox time, [will go into Aries in the normal calendar] – Aries is the feminine energy [from **the Gnosis and the Law**] – Air is Airies, and Divine Complement is Thor – their charges are the sylphs of the air – the magical elementals are complementing our thoughts as air has to do with our thoughts and our wisdom; the Pegasus is the horse flying through the air -

- The most challenging thing the human race has ever done is ending this war and this death: those who have all the money etc have had the upper hand for so long, and the blessing is that the extremes are so noticeable – time to get out of the negative: when we feel that we are not worthy and so on, it creates an extreme on the other end
- As for the astrology – this is not an ordinary equinox – a NEW YUGA
 - The lies of the west, the diabolical nature of NATO and the support of the media for NATO with no understanding, the constant war mentality of everyone: all will be revealed
- There is going to be a white man's march tomorrow because they think they are being over looked – Thom Hartmann went head to head with the man who was on his show and talking about this; Thom told him he had no idea what it was like to be coloured and to have to endure “death by a thousand cuts”
 - R & T saw “12 Years a Slave” - it was all true – we are the worst perpetrators of slavery, rape, etc etc on the planet and not yet held accountable
- Amy Goodman told Rama he would see the ones in Congress arrested, prosecuted and executed in The Hague – Amy is one to be listened to!

Caller 3: asks about LM Nada

T: she is in ICC court in New York – T & R hardly talk to her – since 2007, she has had caretaker-ship of the country; stays under the radar – we the people are important to get things done

KOS: you can't serve 2 masters, cannot split your loyalty; Faction 2 has people running all over the place, chasing all kinds of ideas.

Caller 3: Asks about the Plane – what prevents it from being found?

T: it is in the belly of a mother ship – there were scientists on the plane who were going on to Germany but it was not safe for them to take their new technology out - the people on the plane are safe and will come out after the fact

Music

T: we are starting our 4th year on BBS; have been on the Conference line since 1999; T & R have been doing this since the 70s. They have met people working in the project for getting NESARA together since 1949 who are still here. Bless the elders who pursued this and have kept it going.

Mother Sekhmet

Greetings in the Light of the Most Radiant One! In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

T: the biggest work we can all do is maintain the power of the positive thought; no matter what you might judge it to be, everyone has something to teach us even though it is a big challenge

Greetings, Children of Ra

- Indeed we have quite an interesting cosmic dance on our hands. Spontaneous at best is how the Universe works – spontaneous and serendipitous; what we need shows up at the most opportune moment, like The Life of Pi

T: We like Pi

MO: indeed it is the infinity of who and what we are; the story never ends, just takes on new forms since we participated all in the grand experiment with diversity in love – enshallah – the words of the prophet - he comes caring the sword of peace, the scimitar, the way of the sufi masters

- What is happening on the planet is that peace is the order of the day, and at the same time Love – unconditional, divine, compassionate love; like what His holiness was talking earlier about the affairs of our civilization and what is needed is love and more divine compassion for each other
- Not what these ones are spewing, and what they wish to create: more of the same – **it is over**
- All that is coming to pass in the moment is about the frequencies that say 'now is the time and this is the place' can't be more on the money than here and now; in the midst is a little salt and a little pepper: some grist for the mill concerning how we get it done.
 - As Mr Bill says, there needs to be some splainin' done – it is about the ancient, ancient story of our children who have only one wish – to be loved; yet they have chosen for some reason to play the role of the mad hatter, the dark side where they are absent of love
 - as Rainbird says, I will eat for you, so we will love for them, even more. It is at the place of divine compassion: – you will get love, you can't get out of it, you can't get around it - you can only get in through that door and it is what the man said, if you want to follow me, set it all aside and walk with me: you came in naked and you will walk right on through naked
- It is about what this temple of the living god is about: You are a merkaba vehicle, that is what this is; you have your own ship already within your cells; how you convert it to the merkaba is the deal, and you do it with with divine compassion, wisdom, joy, All That Is
- The electrons, the frequencies - an interesting dance – it is the sacred sound that is what is being resonated, the hum people hear; in Taos, called the Taos hum; yet it is the frequency and heart beat of Mother Gaia /Vywamus; it is balancing out, equalizing all that is not in order in this local universe.
 - There is a shift as we move closer into the Pleiades, the centre of the MWG; the energies are only increasing only in the context of more love in the cells; since every cell is a universe, it can take on unlimited amounts of love.
- Legions and legions of angels and craft are here; so many that if they were to decloak, people would not see any sky. They are in the atmosphere, stratosphere – everywhere!
 - the next step is about Mr 19.5* talking with the Great Bear of the east; there are mutual ways to get things done for the benefit of all concerned. If the Bear in the east talks about a few incidents, we have a few chats about a few incidents - the issue of the Crimea is about the fake fiat dollar

- which is already in the toilet; someone has to flush the toilet – maybe it will be Max Keiser tonight!
- We cannot go any further with any of the fractionalizing thing - there is a new story in town and it is about the funny game of exchange happening; the energy flow, trade, trade relations but not TPP
 - it is about how we trade with each other whether it is trading coins or energy or cooking dinner, sharing wisdom around the council fire in the western spiral arm of the MWG –
 - All is, in the twinkling of an eye about love and the next step is that the games of these ones who have sexual dysfunction:
 - why do you think there are so many ads for Cialis and Viagra and other things: they have transferred their impotence to the nukes – the nukes don't work.
 - As you fix your kundalini with your beloved, you might have some balance with the bigger story – it is only that she comes at the beginning and end of a yuga to balance out the cosmic dance that is being laid out in front of everyone's eyes whether they choose to see it or not.
- It is about how much she can love her wayward children - more than you can imagine who play the roles of the dark lords of the sith – the only way to go is up and that is what is unravelling right now
- Concerning the flight with the words 70 – it is about love: the scientists have technologies which border on the cosmic galactic technologies that are desperately needed to balance out the game: they will be returned intact.

T: What does she see in terms of the convergence with Ukraine & calling the US & EU to accountability?

Mo: this delicate swan's dance is about the **story not being talked about:** the puppet master that was put into the Ukraine is a banker: why do bankers want wars? Because it is how they make money

- This is a story about the banking fiasco which can go no further; they cannot go any further with the algorithms that, in the short time we have been talking, have gone dancing around to make money for the Koch Bros, the Black Ops and the fuhrer
- It ends as we watch Wall Street fall on its face – that is the story of Crimea

T: \$1.39 going to \$1.40 to the Euro

Mo: Angela Merkel needs to come clean, has to go to the world court – the pressure on her is great: she could join the bucket list / kick the bucket . Love these ones even more – the great dance, this passion play every one is watching is about her wayward children who did the graceful fall from grace,

- And, at the same time, the truth has to be told: planet earth is not for sale no matter how much gold the 13 families claim they can gather up – it is not enough, they do not get that earth is not for sale and The end cycle has already begun;
- the rubber band is breaking: now comes the ramification: instant karma is gonna getcha [Jon Lennon]

T: disconcerting to see how this looks at the moment : a super power putting huge Numbers of troops at the border of Crimea

Mo: thinks about the movie called **War Games** & the computer says “How about a nice game of chess?”– it was a simulation; but this is not simulation –

- the nukes, the non-negotiable discussion, do not work, so the story is how do we come to the table?
- We all come empty handed – Mr 19.5 & the Great Bear - so what do we discuss?
- it is about how we help our people – matters not whether we are gay or straight or alien – WE ARE ALL ONE – the sooner we get that, we can come together, the better – So be it.

Kadoish, Kadoish, Kadoish

R: seemed to be in a great hall – not sure where it was: maybe Oslo; filled with all kinds of beings – coming up on St Patricks Day and the wearing of the green – thinks they know something is going to shift; to the light of the rising of the equinox and the coming of the resurrection – thinks this is the time we get to see him:

- He said Just walk with me, not need to take anything or carry anything, just walk with me – thinks

this is what is about to happen.

- The Admiral is saying now is the time and if you want peace, this is how we do it – leave the weapons of the tongue and the weapons of the hand at the door. The tongue can be like a dagger as well as like a rose!
