**Host:** Cathy Lauren

**Meditation:** Cathy Lauren

**Mayan Calendar:** Rainbird

**12<sup>th</sup> Thurs – 8 MULUC** - because of the wave we are in, we pay attention to the voices of our ancestors; 8 = harmony, relationship; Muluc – the red moon – we have contact with our spirit directions and remember what we came here to do

**13<sup>th</sup> Fri** – have a full moon also; **9 OC** - 9 is expansive; Oc is the dog – fill the day with unconditional love

**14<sup>th</sup> Sat – 10 CHUEN – 10 is manifestation; Chuen is the monkey**

**15<sup>th</sup> Sun – 11 EB** – 11 is letting go of what no longer serves; we do that with our human aspect so let's drop those aspects–

**16<sup>th</sup> Mon – 12 Ben** – the sky walker and crystal clear understanding of our cosmic journey

**17<sup>th</sup> Tues – 13 IX** – we complete this wave on the Jaquar medicine woman aspect

**18<sup>th</sup> wed - 1 MEN** – we start a new wave, about independence and belief in the self which will help us in our planetary service and service to others; we'll be focussing on moving consciousness to source; any feelings of separateness are illusion

**19<sup>h</sup> Thurs - 2 CIB** - a stabilizing warrior energy – a strong day to do our mission work; no portal days in this week and we are getting close to the last unial of this harmonic unial – we are about to birth the idea we started with.

## **HARD NEWS**

**T:** the energies went up and up today, thanks to the full moon

**R:** and there were 2 X Class Flares to go along with

**T:** temp has been in the 90s today – need to remain calm!!

**CL:** it feels like growth is 3 weeks behind – and the things she expects to see [like strawberries] are not yet out. Haven't had so much rain lately though the forecast is for a rainy summer

**R:** they have apples on the trees already – yet up 90s in their area at the end of May; the intermediate period was heat at noon and then needing a fire at night

**T:** they get way less rain than they need; CL getting more than usual

- It's about the messing with the weather patterns; California has less water than usual

**CL:** about X Class solar flares – meaning?

**R:** X Class flares are go to soho website and look at them: the solar observatory – the place on the net where you see the corona on the sun and the different craft coming in. What is going on across the planet and in our solar system:

- everything is heating up due to the fact that our friends are here and it all has to do with this!
- In the ancient city of Uruk / Baghdad – falling apart at the seams due to the failed policies of the Bush and Shrubwinkle show.

**T:** Nancy Pelosi has said that the Bush boy took us into war on a fake premise and caused a real stir in the Iraqi hologram; Maliki has gone even further and totally ignored the Sunnis – they just do not count!

- ISIS stands for the **Islamic State of Iraq and greater Syria**: the military gear and material they have is from the US; this was done by the US to make it look like the people are going up against Al Assaud

- Putin will not allow anything but to have Al Assaud stay put; has to do with what is going on behind the scenes with the US: it was McCain who supplied the poison for the kids and adults; it

was US Black Ops along with the Saudis and Israel – this is the Great White Satan!

- Putin is the Ring Pass Not, along with Iran; Iran is Shia, Al Assaud is Shia and ISIS is SUNNI.
- Maliki is a failed governance, a tag-along of the US, the Great White Satan –
  - he has increased tension between the Sunnis and the Shias; separated mind from heart; done nothing beneficial
  - Sunni and Shia lived in peace for 6,000 years and more before this last while.
- Before the US got into Iraq, no one knew about car bombs or IEDs both of which are now showing up in Ukraine & Afghanistan
- **This is all Black Ops:** used mind control, took people out of mental institutions and strapped on bombs and sent them in to various places.

**R:** The story of Iraq is the cradle of civilizations: the Sunnis are the direct descendents of the Annunaki and some of them followed Lucifer & fell; they made that a choice; it is the story of Enki and Enlil going to the dark side,

- yet not all Annunaki are bad. Like not all alligators or lizards are bad; all kinds of good ones.
- Yet the elitist group of this cabal have joined together as the dark priesthood from Atlantis into Egypt and penetrated every society and took over
  - The Vatican is the biggest story ever because what was in the 1<sup>st</sup> Creation got repeated by the Vatican: in the 1<sup>st</sup> Creation, Lucifer decided to become Darth Vader and threw Mother out as his first action – no need for feminine energies. Talks of what Boehner said about Elizabeth Warren.

**R:** the #1 story we will not hear about until there is full disclosure is about the Stargates in the Middle Eastern countries; not about oil or anything else

**T:** the ISIS group has taken back oil fields and processing centres: has taken back about 1/3 of Iraq

**R:** the Kurds have taken back most of what was called Kurdistan, and should be allowed to have it

- Today, the Israelis did an air strike on the Palestinians and killed many; all of this stems from issues that have not been dealt with, the fake story going on over there

**Talked to LM NADA today;** she is with Lady Di and Dodi, still in the Wesak Valley

- This particular moon is called the pure white light of Christ consciousness for humanity moon.

**T:** this moon is the Christ Consciousness of all humanity moon – doing something that has never been done before

- The Christ moon comes first
- The 2<sup>nd</sup> one is the Buddha moon
- The 3<sup>rd</sup> one the pure white light of Christ consciousness for all humanity – it's an extension of the previous 2 moons.
  - It is enveloping something that has never happened on the ground before.
  - As we used to look for ascended masters, no longer happening; there are millions of masters called St Germain and LM Nadas and Ascended masters St Germain – we are evolved and we can now take over those roles of ascended masters – that is why there are so many of us
  - 144,000 x 10 hundred thousand x 10 hundred thousand – we are all being called to service immediately.

**R From NADA:** Chuck Hagel was being grilled by a Republican committee who were outright trashing Beau Bergdahl

- He basically told them to shut up and went on about Rumsfeld, Bush, Cheney et al being war criminals; Scooter Libby outed a covert CIA operative while on duty – in any other country, he would be hung for high treason. In any other country, they would all be dead said L M Nada.
- Beau Bergdahl is coming back [June 12<sup>th</sup>] and will be in a Texas hospital; there are Republican Senators and Congressmen who want to throw him out along with Obama.

- Some things in the hearing were not aired: about the 5 Gitmo prisoners being released in exchange:
  - One of the congressmen asked Hagel how Congress was not informed 30 days in advance to

decide; highly unusual that we were not informed: we have never brought home a POW in such an untimely manner – has this anything to do with the VA scandal?

**Nada gave Hagel's words:** "It's none of your damn business! This man's life was in utter danger and your failed policies of the Bush Administration got us here!"

- Pelosi had also made reference to Bush and the fake WMDs: we are moving to 9/11.

**T: Chris Christie in hot water:** someone else came forward – a chief of staff who had Bridget Kelly under him, BK sent him an e-mail about what was going on with the G W Bridge, the C of S showed it to Christie; the C oS told the head of the committee that Christie lied totally about what was going on

- when Chris Christie is exposed, 9/11 will be fully exposed because he did it

**CL:** raises the question about learning these things and the American people don't know it, nothing ever seems to change, when good people get put under the bus . . .

**T:** and what you do not know - back in 1979, they knew the chance of this being pulled off was very slim because the biggest problem was the light workers meditating and getting high; she reviews the background of the 70s and of young people not paying attention to what was happening while they were learning spiritual principles; while the young people were learning the spiritual stuff, the others **revised history**. We don't get to learn it in history books or geography - and now people do not know what really happened.

- **WE HAVE TO DO BOTH** – Know What Is Going On on the ground; Know The Spiritual Principles, Apply The Spiritual Principles on the ground. That's how we bring Heaven to Earth.

**R: Sam Seder** brought up today on the **Ring of Fire** that America has a huge gap in the process of learning about these things; lots has to do with an apathetic attitude, the repetition of the phrase "government is the problem" [a Reagan phrase]. Since the crazy right wing took over . . .

**T: this has taken a long time:** brings up Barry Goldwater and the Koch Brothers – Ron Paul is a Nazi, a Ku Klux Klan member; a Libertarian, and a Koch Brother

**CL:** goes back to the phrase "**government is the problem**"

- **T says the term "government" was re-defined.**
- Government is NOT the problem – it is all of us allowing those who govern us to do what we see happening and we do not fight back – the energy has to shift with us!!!

**T:** Also they made a separation between the government and the people: WE ARE THE GOVERNMENT!

- Cannot see what is going on unless you study it and see that there is a secret gov't – have to study this and see where the darkness has infiltrated

**R:** Only 13 % of Virginians voted in the primary there – result of extreme apathy

**T:** Brat is an Ayn Rand and he wants no social programs of any sort; to privatize education, first responders, everything: people are on their own; No Obama care, no amnesty for people of colour.

- we have our private money and you have nothing! [worse than Eric Cantor!]

**R:** in response to a comment – Yes, makes it good for a Democrat to win the 2014 election!

- Democrats will get stronger; we will also push harder.

**Chuck Hagel was not finished:**

"It's none of your damn business! This man's life was in utter danger and your failed policies of the Bush Administration got us here! Donald Rumsfeld is guilty of war crimes, as well as Dick Cheney, George W Bush; and Scooter Libby outed a covert CIA operative while on duty – in any other country, he would be hung for high treason!"

**NADA SAID: in any other country, they would all be dead!**

● **This from Chuck Hagel!**

- Hagel went to Russia with Obama and they almost got dead! [ this was some time ago]
- Obama and Hagel went on a spying mission; they almost ended up in the Siberian gulags for good, Obama got them out of it which is one of the things he learned when he was on Mars.
- **Mr 19.5\* is NO SLOUCH!!!** He is a Sirian Commander; the 9<sup>th</sup> member of the Sirian Council and

goes to Sirius A regularly for the meetings, whether you want to hear this or not!!!

**CL:** underscores the importance of coming to these calls **because this kind of knowledge and information will not come from elsewhere**

**T:** need to know the entire galactic history as well as the history of our earth history in order to do this!

**R:** what the US has been doing since 9/11 is trying to get hold of the stargates & get control ancient sidereal technology that goes far beyond anything else we've have been taught.

- How do you explain this to someone with 3 jobs and keeping up with car payments?

**T:** there were 200,000 jobs added this past month under the circumstances

- Also, the power of the positive thought no matter how difficult things are at this moment – take it higher
- Refers to the young woman Ibramim in Egypt who keeps going on no matter how many of those she knows have been killed. A member of the original Arab Spring group in Egypt

**CL:** urges listeners to come and hear the Saturday calls which bring in the rest of the story. Talks about Stargates and that Iraq is not about oil.

**T:** the stargates are sentient beings who will not let themselves to be abused.

- The dark ones on the planet want to leave the planet because they have nowhere else to go – they think they can go to another planet and continue as they have been on earth & not deal with their karma

**R:** stargates are inter galactic portals that go to places like Sagittarius, the Pegasus constellation, to Alpha Centaruii & other kinds of places

**CL:** the Milky Way Galaxy is where they invaded and took over the planet and now they want to leave because their vibration is too low to get out or to remain here

**T:** yet because WE ARE ONE, we are them, and they are us, so there is no escape. We are responsible for everything they did because we are one, which is why many of us came into this life time even though we did not need to: we are taking on global karma, galactic karma, inter galactic karma, inter stellar karma

**CL:** comments that this lifetime we are all having is one of the most difficult there has every been

**T:** none of us ever took on more than we could handle; the choices that we made and what we decided to take on was decided with our souls in mind before we were born and **we did the design**

- T knows a lot about spiritual organizations: refers to the I AM Teachings – T has been inside this sanctuary for 40 years & talked to the people who were the transcribers for mommy and daddy Ballard; knows for certain that the CIA poisoned the Ballards and changed a lot of things and did lots of mind control and mind programming of people inside the organization.
- Talks of the Theosophical society and the head of that society being a fairy – a fairy was needed to clean up the mess!!!

- Have to go beyond those types of institutions -

**CL:** all we can do is pray and ask for the unhealed to be healed – we get what we got because we are not doing anything about it.

**T:** **let's pray peace, let's pray healing; let's pray wellness** – calls things into the NOW. Using “for” puts this out into the future.

- Explain about solar flares: an unprecedented amount of energy being poured on to the planet
- As our DNA evolves, this extra energy aids the DNA – yet we have to pursue that, do the disciplines that open up our consciousness more
- The solar flares cause disruptions in the body – can get dizzy and not be able to control the functions of the body - can knock out electrical grids

## Guest – Rainbird

- She was trained in **spiritual healing yoga; there are centres in over the country**
  - His mission is to end the suffering the grief in the world; he learned and taught over 18 years
- Mass treatments are part of the middle levels
- Brief energy transfer is part of the teaching – opening the chakras is done by the brief energy transfer
- All of us have our first chakra open at some level so we can survive
  - When the other 6 are opened, healing and balance take place.
- There is prana in the air, it is abundant and it has great healing potential
- Presents the process of the treatments – as we work on the physical body, the spiritual and emotional bodies get better, too. As you work on others, you can feel it in yourself
  - Talks of a soldier who was healed and this amazed those in the medical profession
- She had a centre in North Carolina and trained people up to the 4<sup>th</sup> level and had master Dang come in to complete the opening of the last chakras.
- She can now teach up to the top levels; the 4<sup>th</sup> level is a mastery level.
  - Also learned techniques to de-salinate water, to detox everything you eat or anything!
  - Tells of treating a box of cereal which had GMOs, sugar, and so on
  - She could treat everything in a store if she wanted to!
  - Can also treat a location, a building
- Diabetics, radiation, AIDS,
- When you stimulate the 7<sup>th</sup> chakra, the crown of your head: you are treating every system in your body
  - Give a treatment on chakra 7 as an emergency treatment
  - Had students who were Reiki masters and they said after they'd had treatments and training in the universal energy programs, their Reiki treatments dropped to 50% of the time.

**T:** talks of both/and treatments: treating plastic bags and using paper bags

When you have to heal someone, ask permission of the soul.

**RB:** does that; also says she will pray for the person who usually agrees

- That energy will not be admitted to the person unless they want it at some level.
- She knows that Master Dang was from the Pleiades
- Does not take long to become a practitioner in this – as you treat yourself you become whole and get integrated – a lot of us have physical growth without spiritual growth – need to get this in balance; this practice allows spiritual awakening to happen; it increases your discernment.
  - This energy comes from the Pleiades, from Source
- Can do the treatments long distance; wants to set up a conference call and go to 4<sup>th</sup> level, a mastery level – takes about 3-5 hours!
  - Has a friend who does this over conference calls and he is from St Louis
  - She waited 7 years before she did anything!
- As a practitioner, you never charge money for healing anyone – she is offering to teach this for free
  - Wants to have a follow-up call after the initial one
  - Does not want anyone not coming because they cannot afford it
  - This is one of the things that helps the planet and it will clean you up and clear you out
- One of the things learned is to clean out wandering souls around you
  - There is a memorial to all soldiers in Melbourne, Australia – the entities that did not cross over from the violence of their death will gather there, and help soldiers who are alive to continue in their wars – going to such a place and helping them pass over is a real service.

- Discussion about Reiki which is not a complete process: this one is
  - Past modalities are just that: “past”. The Millennials have nothing to do with the older kinds of practices
  - Talks of various techniques they learned, the principles they learned and worked with
    - **Healing self is the most important thing we can do!**
    - When you have control over this for 5 minutes a day, you are happier and more productive
  - Question about Reiki: is there a place for people without money to learn Reiki?
    - Be creative and go to various sites and see if there is someone you can barter with
    - The consciousness is raising and the energy of exchanging is more and more in place.
- CL:** tells of a friend who has been receiving radiation for 6 weeks; he was told that Reiki would be good for him – so she will give him several sessions. That he would ask for it is amazing AND that an allopathic location would recommend it is even more amazing!!!

**T:** as we expand our consciousness, the flow of this energy flows through other systems

- **The name of the person who created Spiritual Healing Yoga:**
  - Just duck-duck-go this name – **can go to YouTube and pick up his energy as he transmits Lung Minh Dang – website in St Louis, run by his son**  
[www.Hue-faculty.com](http://www.Hue-faculty.com)

To be part of the call she is planning: e-mail her and give her your phone number.

- Rainbird's [Lightenergync@gmail.com](mailto:Lightenergync@gmail.com)
- Rainbird's e-mail for a quicker connection cc to [mbmaudin211@hotmail.com](mailto:mbmaudin211@hotmail.com)
- Put SHY in the subject line

**T:** on the news today: Indian Point north of NYC – leaking tritium big time

- Considering evacuating people in 10 mile radius = 300,000 people  
50 mile radius = 3 million people!
- Thom Hartmann was interviewing 2 ladies who said there is no plan for that kind of evacuation
- It is a very old nuclear plant – already tritium over NYC due to 9/11
- Teaching the technique of Rainbird – then our vibration will be at a higher level and we can heal others and raise their vibrations.

**RB:** about electricity – she has a clip of master Dang sending energy to Turin, Italy where a class was going on; there was a blackout in Turin so he concentrated on his antennae on his desk for a few seconds; the phone rang and he was told that the power was up again so the class went on

- We have all these things in us – we can bi-locate, increase our telepathic abilities
- can practice telepathy at a higher level; it's a common experience in her life to hear telepathically

**CL:** will be part of this!

**RB:** in closing: she's excited about teaching again after not doing so for a few years; wants to help others and share the gift of spirit.

**CL:** a book you can open anywhere and get inspiration: Michael Singer – **The Untethered Soul**

- One of Cathy Lauren's favourite books – good for when the energy is down, when you're aggravated, when you're off balance – another tool she uses

**CL:** the whole issue of our DNA changing – has a lot to do with the Photon Belt; the energies of Divine light that are infiltrating everyone – it forces our energies to become lighter

**T:** What is really happening this started at Harmonic Convergence when the Photon Belt began, came from Alcyone in the Pleiades, it was like a tractor beam – a little bit of increase in frequency which nudged expansion, bit by bit –

- by Dec 5/2006 when the planet was wobbling on its axis outside the outer rim of the Milky Way galaxy and we could have gone super Nova; it functioned like a tractor beam and pulled the planet inside the MWG; for millions of years, we were not fully in the MWG;
- No one was talking about it, but the Russian scientists pointed it out; RT has ripped the veil off but we don't get that news.
- The cabals around have kept us on shaky ground
- Every planet in our solar system has been damaged in one way or another – yet our sister planet, Venus, ascended early than us
- The biblical story 6000 years ago was a nudge too to consciousness that needed nudging
- we evolved as a human race
- Mother's phrase is that we are at our best when we are at our worst: – Alcyone intervened in our civilization's development with the Photon Belt
- These ones are screaming and kicking – they do not want to go, they want to stay and control, but they cannot have it both ways
- 2010, Aug 18 we entered 2012 and Mother said we had two extra years
- So by the summer considered 2012, Aug 18, we entered 2014
- In this August 18, we will be in 2016

**CL:** finds it hard to wrap her brain around this

**T:** It's the great overlap; Rainbird has been telling us things about the Mayan calendar and we are now in tune with the words – we have been prepared to hear it. It's a vibration we accept/ prepared to receive - we learn like that. Same thing here

- Intuition is divine memory, combined with the magic called Imagination which is the real world and the rest is illusion, maya.
- The maya calendar is switching gears from the logical/left brain which controls the right side of the body to the right brain which controls the left side of the body which is actually bring the balance as we learn about divine balance and resonating with the vibrations – it's like an osmosis and we can pick up a whole body of the gnosis which is divine wisdom. It is not about going to school in one way, yet it is: galactic school.
- Talks of Patty who works with galactic essences – she formulates by using gift of developing the resonance of the imagination combined with the intuition which expands the vibration to cosmically comprehend how to develop a formula that creates that vibrations

**CL:** asks if the Maya disappeared because their vibrations were so high, they could not be seen – yes?

**T:** some were not of that vibration; describes what they did

- Mayans were also Egyptians – brings up the book **When Rocks Cry Out** which really torks your brain!
  - The real Mesopotamian valley is really in North America, Central America – this story has been upgraded.
- With every generation, we are expanding into a higher rung of the ascension coil, into greater understanding; if we stay stuck in past teachings, we are not opening to the new, moving forward –
- The founding fathers told us not to just sit on the documents [constitution] -
- Understanding is a word in the dictionary with the insinuation that you are an underling and someone is over us; “
- “Overstanding” was NOT included: Overstanding means having a galactic perspective – the manipulation of language has been deliberate to keep us down & there is no equality here.
  - Talks of the loss of many languages – when you study languages that are being snuffed out – there is resonance, understanding, a body of gnostic wisdom that gets lots
  - Story tellers bring more than just the words, they bring the imagination and awareness of galactic reality.

- **Going back to the Photon Belt:** it did not quit acting like **Tractor Beam:** our entire solar system and our sun – Super Galactic Center is following something, and that is following something – we are all going back to whence we came - the Pleiades and it is moving too – nothing is stationary.
- In 3D books, it looks like the orbits of our solar system are going round the sun – not so - the sun is following something else, we are being magnetized to the sun; our physical sun is following Vega, in the Lyran constellation
  - The star, Vega, is where we came in from the 1<sup>st</sup> creation from the Pleiades which is located at the center of our galaxy which is also the Super galactic Center where Andromeda and there are 27 other galaxies that have their center there as well: we are travelling more and more into the unknown, and the more we are willing and capable of immersing ourselves in these higher resonances, the more we can lead and guide.

**CL:** brings up “change is inevitable, growth is optional”

**T:** the original saying of the Buddha was “Pain is inevitable; suffering is optional”

- Talks of the pain relative to birthing a child – it is also bliss! T has learned how to not suffer with the pain – Cynthia taught to praise, respect, thank and love the feeling – when you use that attitude with pain, you do not make it worse! Though you can have eternal suffering if you want it!

**CL:** as we grow, we realize we don't have to take someone else's meaning: we can change it as we increase our understanding & know that we can make something what we'd like it to be. It's part of the evolution of the soul.

**T:** Talks of the movie title “The never ending story” - we are always growing.

- The template for economic growth is about growing & taking from others – it involves competition and getting more than the otherwise
- Expansion means something else: expansion of your aura means that you include everyone because we are all One. Tells the story of the lady who could read auras and followed the development of Obama's aura which within 2 years had expanded to 90 miles in all directions!
- As he had the courage to follow his mission and he is an Ascended Master and has been adding to it and his aura encompasses all around him and envelops the consciousness around him and removes the trivial

**Reading: the I Ching** [WEEK OF JUNE 9TH]

**[SEE BELOW]**

- Wants to read it because things take time, yet they are going very fast; we are everywhere and no where at all and more aware of everyone's part of the Divine Leila – there are divine beings everywhere, here and in the middle of Iraq – she did not hear Obama say he was going to drop bombs there, although some are asking for him to do that!
- The ISIS group are angry at the Great White Satan: the US went in and said what they are going To do – we cannot force things
- Mother: no more war and get there by focussing on more love!
- the I Ching is following exactly what is happening.

**Closing:** Rainbird

**#3 Zhun Sprouting****Above: KAN Precipice, Danger****Below : ZHEN *Arouse, excite, inspire*****The Wisdom:****The beginning of a new cycle has arrived.****It wears no disguise.****It is real, tender, delicate and vulnerable.**

A seed that was conceived and planted by your care and creativity in your life plan has been lying fallow and you have been waiting to see if agreements will be made to make this seed come to flower. You need wait no longer, the seed is pushing its way through the hard earth moving obstacles aside and is reaching the light of the sun. With this new beginning of a project that came about because of your belief in yourself comes excitement laced with the struggle to leave judgement and what is perceived as conventional behind.. Like many new ventures the way forward is not showing in clarity, which is proper at this moment in time. It is now for you to feel it. It is this lack of clear vision that is causing some confusion as to how to move forward and what or who to let go of and decide what will stay to be nurtured and protected in this cycle of new growth. Do not let your fears and doubts take you off track. Muster all your energies and call on your hidden strengths, they are there and will be accessed through using and trusting your intuition, the true voice of your heart and soul.

There has been a confluence of energies that has caused the situation to show in early growth. Your hopes, skills and desires have joined together to awaken and bring to life this new growth cycle. Protect this delicate and vulnerable beginning by gathering your strength through a rigid examination of the truth. This new cycle has begun because of your past hard work and your having, knowingly or not, let go of expectations. That is the magic of creation; no expectations. Therefore you did not cloud your vision by projecting a future outcome. This is what has supplied the fertile field for this seed of an idea, process or relationship to open to new growth.

As you gather your forces, look deep into the areas of your being where you are most self-confident. From this point of view you can tap into the voice of your inner wisdom; your intuition.

Intuition is a gateway to the divine. In trusting this voice, you are open to receiving Universal guidance. You can call this source what you will. You can identify the voice as a guide, a teacher or angels; whatever name you give it, it is here for you now, to tune in and to listen. If you feel confused, gather your courage, dip into your inner sage or reach out to a wise person in your tribe to assist in sorting out the messages. Once you make the approach, be dignified and respectful: listen and act on what you hear and what your heart knows as your truth.

Thunder and rain  
Are coming simultaneously.  
It is loud and difficult to hear;  
Listen to the thunder  
And seek shelter from the rain.

With new growth come unfamiliar risks. Mate your courage and your intuition. Pause for a moment of reflection and then make your move. Many things are in disarray around you. Friendships, relationships and the inner

workings of your community and tribe are all trying to find their balancing point. Let them be and do not try to fix anything; you have new growth to attend to.

While digging deep into your intuitive self, these situations will reconcile without your interference. In fact, were you to step away from this new growth to deal with the confusion, you would keep these situations from finding their natural order and this new cycle, that brings with it the potential of strength and abundance, would diminish and likely disappear.

Stand your ground now, make your movements with confidence and kindness. There will surely be obstacles showing on your path, but these are temporary, like a thunderstorm: it comes, shakes the earth, and then goes, leaving moist, fertile ground that has been prepared to birth the new.

In humility, see your place between earth and heaven and realize that with this cycle comes the nourishment of your inner being and a long awaited evolution of spirit and self. Align with the greater good for all, including yourself, and the way will be made clear and imbued with a great and deep breadth of knowledge.

You are experiencing the birth of something new, however difficult and dangerous a birth it may be, it is the birth of a new perspective and a new way of thinking that will allow you to persevere and succeed. Perseverance in facing the coming storm of activity will deliver abundance and joy, which will lead to a brilliant completion.

In business, find the gifted helpers to work with and advise you. In your personal relationships, communicate openly and with a fresh approach to the truth you see and feel. Open your eyes to the love that stands before you that is without agenda or guile. Leave denial and doubt by the wayside and freely take council with trusted friends or teachers, listen to what your heart is saying. In this way you are protecting the vulnerability of this new way, this new plan, with understanding gained from experiencing your own vulnerability. This will lead you to the delicate path within where love resides.

You are certain to find some struggle with this juxtaposition of major forces in your life, this struggle comes with the meeting of the light and dark forces. The forces of light will open you to a loving sense of self, while the dark forces will use the ego to attempt to take you off this path of evolution. This is an important phase in the grand scheme of things.

Hold to the truth that comes from your inner knowing. This is your intuition, which is your connection to Universal truth. It is this truth that will carry you to a higher level of knowledge, insight and success. The problems and obstacles you are encountering will be brief. Let them run their course, and then make your move.

This time may well be felt as a great inner passage and it is, it will require diligence and patience, patience with yourself; what comes easily usually doesn't last. Your magic will be found in your ability to make a relationship with the difficulties and disassemble them from the inside out. In this way what has sprouted will grow and bring with it maturity in emotions, relationship and spirit. Your trust in your intuition is made stronger by taking action on what you feel and hear. This cycle is here to bring healing to you, your family and tribe. By your taking action it will be felt and activated, and you will join with like souls around the earth and bring harmony and peace to our entire non-geographical tribe as we prepare the way for a new golden age of peace and prosperity for all.

Many Blessings

In La'Kesh.
