HARD NEWS:

- T & R:** move in on July 9th; still need some pieces of furniture
- Rent is now \$1000 / mo including the 2 cats; need \$500 minimum
 - A symbolic move: they are moving up and, as well, we all move forward
 - They are completely off the grid – they have never done anything on a credit card
 - Don from BBS wrote them a wonderful letter of recommendation and he wrote it because we all have been supporting both T & R AND BBS.
 - talks about a recent report comparing the attitudes of wealthy ones and not so wealthy
 - We are living in community now
 - She has played some E2 design tapes where different kinds of materials are used depending on the cultures and what is around them in the community;
 - From New Orleans and Bangladesh – what is being made for them
 - Bangladesh is going under water; 3 rivers meet in the delta and people live on the islands in the middle
 - Indian Point Nuclear Plant is leaking tritium – which means people will have to be evacuated.

R: why we need Dr Keshe's technology yesterday:

T: still needs these ones to be arrested

R: this is a tapestry of intergalactic proportions

Natasha: whole story has to do with Baghdad and Gates of Ishtar

Iraq: Congress never declared war – it was

- When the US and the coalition of the unwilling who were coerced based on lies invaded Baghdad
 - They did not enter through the Gates of Ishtar & give an offering to Ishtar; violated Mother's laws
 - it's an ancient temple in the centre of Baghdad where the Hanging Gardens of Babylon once were – the gift is to be a Lotus plant; [eastern culture in the mid east]; the Jinn go all the way back to Lemuria, the Moors
- Remember a man named Daniel Pearl; this ties in Afghanistan – remember that 9/11 had nothing to do with Iran and Afghanistan, done by Black Ops and the 13 families. Daniel Pearl was to give a special commentary on Bill Moyer's show and talk about this.
 - www.Cyberspaceorbit.com Will see a picture of Sheik Jalande- works with the Jinn; Pearl was compromised and was killed by the Black Ops; it was blamed on Al Qaeda or the Taliban: he knew too much – like Michael Hastings going to reveal Petraeus and McChrystal
 - Saddam Hussein tried to kill Bush Sr, yet Bush Jr's father was JFK, not Bush Sr; Bush Sr reneged on a deal he made with Saddam
 - The Saddam Hussein assassins who went to the US were killed by Black Ops assassins
 - Bush Sr, Saddam Hussein, James Baker 3rd and Osama bin Laden were all partners as well as the Carlyle Group which had to do with The Project for a New Century; – Al Qaeda is a computer program created under this cover and the idea was to be able to commit murder and blame it on Al Qaeda as they went along

Natasha: the Sunni people are direct descendants of the Annunaki people of Uruk & Mother's people from Nibiru

- The Shia are a branch of the people from Iran & the Sufi traditions; Al Assad is also a Shia & an Allowite
 - Northern part of Iraq is Kurdish
 - Sunni are in the western part.
 - Maliki got rid of all the Sunnis in his government - no cooperation
- Between the white Satan, Maliki a schill for the White Satan and the pushing out of the Shia – this is why there is the ISLA group
 - Iraq is falling apart at the seams: Iraq was not Iraq until the Brits did it in 1920s – just added borders here and there in the Middle East without knowledge of cultures and belief systems Same as Steve Cohen on Thom Hartmann and what is happening in Ukraine
- when things being blamed on Obama, know it is HILLARY AND THE 13 FAMILIES, AND THE NAZI COLLABORATER Republican Party – in a democracy, you debate and discuss;
 - These ones are dictators including 14 treasonists: Kevin McCarthy was 3rd in line under Eric Cantor – he was one of the ones who was at the Caucus Room, protege of Eric Cantor
 - these are the dictators running the whole thing – they have gone up against everything that stands for a democratic society with a republic as the means through which the democracy operates

Natasha: all of these things lead to the place where there have been are all kinds of stories since 9/11 that have to do with – in the Reagan years they were blue dog democrats who leaned into being republicans ; the republicrats border into libertariansim.

- As people do not vote: go to your local democratic or republican town hall meetings & ask questions
- Nicole Sandler did this, asked a question, was arrested and tortured; almost tasered – spent almost 3 days in jail for asking a question concerning the new health care laws & Obama care
- She was literally dragged away because the congressman did not like the question!

T: Natasha said: this will reverse itself when the Great Ancient Silent Watchers who are part of Mother's

people working for the light; they know how to operate the star gates and are in service to the Galactic Federation of Worlds headed up by Lord Lincor.

- Ashtar is in charge of this Universe of Nebadon
- Lord Lincor is in charge of all 7 super universes; Lord Salvington is president of Galactic Center; they meet regularly to discuss the situation and the reverberations from Earth across the whole 7 super universes. It is destroying the labyrinth – affecting the 7 super universes
- We as the volunteers are on the planet to see to it that peace happens – no more war!

R: Larry, Curly and Mo: said that war is over: this is over!

- Obama said: no troops, no bombs, no drones – we are going to get along!
- We have a seriously dangerous situation with the gov't of Kiev being supported by the west and NATO –
 - it's a renegade gov't that is bombing its own people in E Ukraine & have labelled them as terrorists: looks like a corner of Syria there
 - That they are pro-Russian has to do with their entire history! They know better about maniacal westerners / the white satan
 - The people in Eastern Ukraine are also Putin's people – they are going across the border to Russia looking for asylum
 - **RT is** showing raw footage of the dead bodies – they do not censor or hide anything
 - 3 old russian tanks came in **bringing supplies, water, necessities like tents** - not an invasion!
 - As Putin would comply with the pressure coming from his country and go in – if Putin did go in, then NATO would step in and then there would be intergalactic intervention in a civilization's development

R: It is very much at the place of not messing with Captain Ashtar and Admiral Sananda at this level: we would have full disclosure and the chips fall where they may!

T: in the meantime, Boehner is saying Obama is taking a nap over Iraq

R: Sam Seder, Lee Fung, & Lee Camp from Redacted Tonight: did a skit with the actor who played Obama - discussed the relationship between McCain and Lindsay Graham, Mitt Romney and others who have no intention of helping people; their only intention is to line their wallets and give people the finger.

- B2 stealth bombers

T: Goes back to the White House Dinner and Obama's story regarding Cantor: “Now you know I get letters from folks around the country; every day I read 10. I got one from a Virginia man who has been stuck in a part time job for years with no respect from his boss. I do wish Eric Cantor would stop writing me!”

R: Natasha: as we can hold the principles of what our master said: All we are saying is give peace a chance.

T: we've had abuses in our lives, our neighbourhoods, our country, our world – to give peace a chance, forgive all who have abused you, those you love and others around you; forgive yourself too.

- Talks about the process of writing and how it helps

Conference Call:

R: in the last 4 days, has seen 15 accidents – the solar flares, the full moon, increased intensities

Caller: Tells what he sees on his daily commute! Talks about the 2 pieces of nice grass in Santa Fe and how much can be seen in Michigan

Question: reading story about the pope, international court of Justice, Kevin Annett

T: Kevin Annett dealing with a **Sovereign Court** and has to do with **Common Law** and Statutory courts

- The Sovereign court is in common law; the International Court of Justice, except for LM Nada, is still compromised by the 13 families.
- ICCS is the sovereign court; the other is ICJ over which LM Nada presides, as well as being head of the solar tribunal on Saturn

Caller: ref to Chris Christie on the Jimmy Fallon show – dancing and doing other things; talked about running and beating Hillary Clinton

T: has a whole thing on him and he is more trouble than ever!

Caller: has reading about Chris Christie

What is this: The 40 portals opening into the financial system; someone was doing an activation of 40

Caller2: Children of the sun: written material & they are asking for donations; there is an MP3 and they are asking for \$1

Caller3: asks for an explanation of how Kennedy Sr was Bush Jr's father

T: this is the 13 families: Bill Clinton's father is a Rockefeller – in public say it's his uncle but it is his

FATHER. His mother is human – so Bill has a heart

- The 13 families, to control the lineage, wanted JFK to be the father by means of a petri dish: they wanted Bush jr to be controlled by the Rockefellers.

Caller 3: Is cloning done in a petrie dish?

T: No – take the DNA cells from the original person – don't need sex. Have incubator type things – they can make another of the original, called a clone, in 3 weeks.

Caller 3: Does the clone have a soul?

T: It's a fragment of the original soul – does not have full capacity; can be controlled.

- The originals of the 13 families have been controlled for 13,000 years so they are used to it.
- 450 billion years ago the fallen ones threw out the DNA strands related to love

Caller1: another question

T: Says he has to watch **Opus Dei** – said he went to the movie & walked out.! Then he talked about being in Santa Fe: no grass, no oxygen, lightening on one side with sunshine on the other side

T: you know that Sananda Kumara walked this whole land, he brought the lumber and built the staircase out of one piece for the Chapel of Loretto – talked to the nuns for a while, then disappeared.

- The building St Miguel – one of the beams goes back to 13th century

Caller1: has lived in the 2 oldest cities in the US: St Augustine, FL and Santa Fe

- Asks about something relative to the history of Santa Fe

Caller 4: has sent the Children of the Sun link for the **solstice meditation** that opens the 40 abundance portals

Caller 5: Explains that the Bourbon family survived because one son did not get beheaded; became Louis 14th – married in 1795 to the empress who inherited the Moabite nation in Turtle Island

Www. Dralimelbey.com the website of the United Washitaw nation –

- click on the link and see the original documents and land grants that go back to 1400, 1500 – set up east of Applachian mtns
- The land to the Rockies from Quebec

Music: Avi Satchi

Mother Sekmet:

Greetings in the Light of the Most Radiant One; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

T: we pray peace, balance, economics,

Greetings, Children of Ra

- Happy Mother's day – this does not happen again until 2049; 1919 was the last time there was Friday the 13th and a full moon on the same day
- Mama Luna doing her thing! Since we are in a 13/20 cycle instead of a 12/16 cycle; it is only about love; Lord make me an instrument of thy peace; all we are saying is give peace a chance.
 - This is the story, the forgotten war inside here [our hearts] – what has happened to our people that has brought us to the brink?
- We are at the place where the 15 second auto destruct sequence has been initiated; we are the ones

who have to de-activate it within ourselves, and we do this in this split nano second with love: with infinitely more love for so many souls who have forgotten the original instruction when she came and issued the instruction manual of how you interact with this realm, and the protocols which go with it.

- It has become a giant fiasco based in how much more diversity within chaos can we create? It is only in here that the chaos resides: the universe is perfect; it does not make choices
 - We all make choices whether they are good, bad or indifferent. We tell the computer; we are guiding the ship called Temple of the Living God; we are in control, the master of your ship; no one else is telling us what to do
 - That is the illusion here, about giving away our sovereignty to ones out there who do not have our best interests at heart.
- The key to the story - they are simply playing a role: it is part of the cosmic game we chose to take part in with infinite joy and bliss; we can choose not to participate at any given moment: we are the ones making the choices, the Universe does not make the choices – shines on us like the Sun
 - The ancient city of Uruk - the situation there has to do with the 6 pillars of Islam have been changed a bit, and the stories about how this cosmic dance has been played out in infinite ignorance and bliss & - hmmm –
 - interesting stuff going on where extra added mix to the story as the increased levels of chaos, as it were, are adding to the cosmic soup and the ones who don't have our best interests at heart are the ones orchestrating this forgotten war because they have a standing army and that in a time of peace? - kind of a bad joke!
 - A standing army is being enticed, coerced, pushed into creating chaos and mischief simply because the protracted, preemptive war machine is about making money. Simply a matter of exchange.
 - What is this thing called currency exchange? About how we work with each other – if She works with us, and they work with us and we cook you dinner, it's about barter, exchange – not about the dollar sign. Yes, that is of importance, but it is a different form of how we exchange, how we barter”, “collective bargaining” some of the words used out there as they wish to destroy that which brought this country its magnificence and greatness called unions. It is important to barter and debate and get our rights.
 - It is of great importance to barter and our wayward children would wish to cancel these things as the way they are – these are part of the illusions that are coming back to wholeness as the one issue that is brought front and centre
 - It is only about how I can continue to be an instrument of thy peace and continue to bring peace and joy in this not so nice place at the moment and that is an illusion of itself Because we have created this situation for ourselves because – what is the one issue? As Dr Thom says “Tag we are it” - no body is going to do it for us, so we have to move this energy forward even as it means moving into places that create some uncomfortableness -
 - At this time we would just say the energies of this universe in the present time/space moment, since all time is now and we have asked to be in this sliver of time; we are infinitely supported as the universe is backing us up; as Mr Carl said relationships are shaking up for this month of June; it is also about the manifesting the infinite wisdom to go to the highest levels here in infinite joy and bliss even as we are looking at the most heinous of crimes

T: since Darfur has started – 350,000 people living in tents in the desert, and they are radically reducing food, medicine etc; people do not know if they will live for another hour! like Haiti where people are dying like flies! Like in Ukraine, Sudan, Afghanistan, Iraq, Syria

- Who are the largest manufacturers of these manufactured weapons? The US because we don't make things any more - we have outsourced our industries

T: We sicced NATO on a whole country and killed at least 75,000 people because Hillary wanted the money and didn't get it

Mo: about the original story that goes back to the Gates of Ishtar; she brings it up because we are witnessing the original story, original cause where issues of self-worth were bought into the story because we bought the lies and left the instruction manual on the way side and forgot who we were, and now it has come full circle.

- We are bringing it back into the mix: Instructional Manual 181-01 – it is about orgasmic love and joy – how else do we do this in the midst of loading shells into – she stops in the middle of a sentence because describing the war machine with so many octopus tentacles – a reflection of

T: Called a Koch-oc-topus - an insult to the octopus which are sentient beings

- They contribute to the environment in the water

Mo: as the water and the land prosper, we prosper – a circle that cannot be broken: how many more ways can I be an instrument of thy peace? Where there is hatred, let me sow love.

- It may look like we are on the brink of the fake story called Revelations: all of **IT IS FAKE!** It is just a very bad joke being played out in the moment.
 - **The cavalry is here – which is us.** And it is not about armed militias & marauding gangs – this is a unified field of love – there is such tremendous love being poured out on this planet now and in surrounding areas; our wayward children know that we know that they are out of time, out of luck but not out of love – the one place where we must hold the highest principles as we watch peace officers - they do not hold the peace; they do not carry peace; they hold a piece with some depleted uranium in their hand
- What are we so afraid of? Is it because we are going to experience so much more love and joy in this moment, and we cannot stand it? Does not think so. We have been given our orders by the Captain, the Admiral: we are doing magnificently – at the same time, keep the pure heart, the pure mind, the pure tongue – let it speak only the words that Rumi speaks of – of the god self within us. The only creator gods here are us, with the legions and legions of beings with great amounts of divine love, not the kind referred to by Bill Maher in his movie Religiosity.
- How we decide to tune in and hear the one hand clapping which is so loud now; it is deafening in this moment; it is what is ringing the bell in the village square and all are hearing it, and the rabbits are on the run: they know the time is up and they have to comply with the laws of love.
 - What's happening here and seemingly spiralling out of control, the dogs of war – it is only about the false evidence coming up to be healed. As we go to do the night work with Mama Luna, remember our mission that we asked to share in as we spread more love across this place called Tita Lacoria/Terra Nova – there is so much magnificence, cosmic joy,, wisdom being brought forth on this planet.
 - Yes, she hears the cries of her children with no food, not water and breathing nuclear waste each day – it is about choices we have made to come in and push the river
- And the one-hearted people have brought their petition to the House of Micah where it would be heard by the law makers who have turned out to be the law breakers; we have been asked to become the law makers as they have violated their oaths of office, and they use their false power with impunity.
 - As we speak these words to the powers that were, they choose to sew your mouth shut and put you in Fort Leavenworth, Gitmo, Abu Grab; good people like Assange, Bradley Manning, Michael Hastings, Dr Daniel Ellsberg - they would like to sew their lips shut so the words about treason, high treason are not heard.
- Back when Paul Revere said he would light the light in the lighthouse: she is not calling for a revolution, picking up primitive fire sticks which hold no candle to the power of the heart,
 - divine love – more powerful than any fire stick, ancient weapons we may have – as we can look each other in the eye, it is the wisdom of truth that brings about a global village. It is how nation building is brought into manifestation; then we can discuss how we bring on line the next step in evolutionary consciousness because we are creator gods and we created this paradise in infinite joy and bliss
- Maybe we took the blue pill and forgot a bit about the matrix for a moment – metaphorically speaking, we have slapped ourselves upside the head with the wisdom; can't take any more of the garbage being spoken of by the pundits who lie through their teeth for 40 zeroes and the one man who holds the key, the secret destiny of the New Atlantis – we are the new law makers as we bring this new

village on line and it is already being made manifest.

- You, LM Green Tara, may have not heard about this – the lady in Sedona [Genii Townsend] who wrote a book about the cities coming into physical manifestation at the moment! All of these stories about the I AM America map: we do not need to watch global disasters where east coast, west coast take a dip in the oceans, & the new Madrid fault line rips the Great Lakes apart – this is about disaster capitalism on a grand scale. And at the same time they are the seeds of False Evidence Appearing Real [FEAR] , and they would like to use their sidereal war weapons to do these things
- Gaia /Vyamus have another plan and it is about us; the secret weapon called Love – that is the key and it is so simple; and they [the dark ones] don't think we will get it in time, yet it is already happening: the heroes, the prophets, the Indigos, the crystals are already saying it: I will not go to war for your money, your lies – we will help you with the light cities, how about we cook some food? How about we sing some songs: How about we heal each other?
- It is about that place, only about the fact that we are the ones who asked to be in this cosmic story and do this dance and stop the godzilla of Wall Street and bring it back to Main Street:
 - Lord, make me an instrument of thy peace.
 - Let me share with you how to be an instrument of that peace. It is about the fact that we are on this wild ride as Bill Hicks describes it – the chills, the spills, the turns, and we may feel we have to Hug that toilet until nothing more will come out. She understands about how we feel, seeing the blood and guts in the streets of all our dead children.
- We chose, in this moment, to be in the midst of Divine Chaos and to bring Unity Consciousness to the chaos, and order comes out of chaos – she must make a cosmic joke of it because if she cried the oceans of tears, there is no Noah to build an arc! We are the arc – this is the holy temple of the Lord thy god, this is how we get it: god/goddess/all that is - if we think an old man with a long white beard will save our ass, not so!

T: Noah was a star ship captain of an amphibious star ship

Mo: he was Nemo; his ship was called The Nautilus; he worked with Lord Neptune and Minerva and the mermaids, mermen, etc – that was a fake story about the boat landing on Mt Ararat.

- What does it take for everyone to take this – not about getting on Facebook for years and years
- Do something – Occupy Something – how about your heart which is the place to begin..
- There are no jokes in the Universe when she sees her children dying

T: they are murdering people at the border and not telling anyone

- They wanted to call a hearing for the head of the Border Patrol, and the day before he was fired and put him in another department
- No records being kept
- In Ireland, a mass grave with 800 babies in it was found – has to do with the church

Mo: that church with the false chair – Peter had nothing to do with it: Peter would be telling them F*** you She is speaking of that place which is bringing / brought back to hol-i – ness which is so full of holes

- Mr Frankie [the not-the-pope] – does not want to call him the Vicar of Christ – only Sananda Kumara, the planetary prince along with AA Michael, are the Vicars of Christ.
- Frankie is trying to wash the blood off his hands; he is guilty of war crimes, genocide, ecocide
- Mother only wishes to impart the wisdom of infinite joy; hold these sacred ones in office who have chosen to put on the gauntlet of power and use the infinity stones for dark purposes; that gauntlet of power will choke them to death: they have violated Odin's 1st law which is that the people come first
- She refers to The Laws of Asgard – the wisdom of Odin and LM Freya of the Vikings; comes from the ancient wisdom of Hyperborea where the people come first.

T: thanksMother for bringing another level of understanding to this story

- She cannot keep up with what is happening – it is just pouring in!

Mo: all that T has [in terms of notes and information gathered over the years] is only one micron of the information of the Alexandria Library

- The wisdom is here, in the heart - we only need to ask – we

T: getting a feeling we might be getting another download from Di and Dodi and KOS who are pulling things out of that library; Rama needs to have a chat with them

Mo: Bill Maher has a lot to say tonight with Krystal Ball

T: She has a story that implicates Christie as a total liar! It is out there already! These ones think they can get away with this – this is all at once, isn't it?

- What was Natasha's energy like today?

MO: the great Silent Watchers we walk with: we are all here with the Cosmic Key and it is about waking us all up to the fact that the Guardians of the Galaxy are here, and we are part of the story. As we can get this one, peace comes to the land of Ishtar.

- Greetings in the light of the most radiant one-

Rama: has been outside the Gates of Ishtar, looking at what we have done

T: as the people of Altea America, we can change it

R: Whatever I may have done in this moment, Mother/Father god, please forgive me!

Thank you, I love you

T: Children of the Sun are asking us to pick a place – there is a way to focus and transmute the energies

- Pick a place from somewhere in the world and blast them with
- Make sure to use Ho'opono pono – as we are all One,

R: forgives his mother: he gave her a run for her money – has to forgive himself too.
