**HARD NEWS:**

- T:** could get some rain! Let the winds of change arrive!
- We are at a very critical moment: we've got a pile of Republican maniacs playing stupid again!
  - Thank goodness for a genius president
- Chuck Hagel was the one who ordered up the ship to go to the Arabian Gulf
- This is about not losing face in front of the world – no one else has a nuclear aircraft carrier & we put one over there! The real cause is the Bush Clinton Crime family!
  - Barack said No boots on the ground! Natasha said no drones, no boots on the ground, no planes,
  - They are so desperate to start a global thermal nuclear war which has BEEN CANCELLED.
- Natasha;** No boots on the ground; no drones, no planes
- Iraq [Persia] is being carved up into 3 sections; it was carved up originally by the Brits!

**T:** The whole area called Israel used to be Palestine, and the overlying name used to be Sumeria

- South of Iraq: Shia people
- West of Iraq: Sunni
- North – Kurdish people – very small area; they flow over into Turkey and in Iran
- Kurdistan used to be a separate country, Syria Iran, Iraq, Turkey, Syria used to be the borders
- an Iraqi lady, now an American, told them:
  - For thousands and thousands of years, Shia and Sunni lived together in peace – except for allowing marriage between the groups. India has same attitude: called a class system.
- Bill Maher made a good point last night: there is 100% all white republican party; now Eric Cantor, the only Jew is gone, what is left is a 100%, all fundamentalist Xian group that states the whole globe is only 6,000 years old
- the literal translations have no relation to biblical codes – it's dogma! They think they know better.
- As for Christianity, we have a murdering paedophile pope who is not pope: Francis; Benedict is also a murderer, a paedophile who is actually holding the reins – this has to fall
- Iraq is falling apart at the seams – this group of “playing stupid” characters - the true word is they are traitors to the one they had better watch out for called Mother Sekhmet
  - Also need to watch out for St Germain who also works for Mother, as does Ashtar
- Maliki, the western puppet in Iraq, disenfranchised all the Sunnis out of his gov't, locally, provincially, nationally – so why do we think this [civil unrest] is showing up?

**Natasha:** said Iraq is being carved up into 3 sections; BO is sending no bombs, planes etc because the US folks did not enter through the Gates of Ishtar

- You need to go through the Gates of Ishtar where there was a temple that has been there since the time of Nebuchadnezzar and Saddam was that person in the past;
  - the gates are part of the temple – Ishtar is Inanna in the Annunaki language
  - Have to offer a lotus plant at the gate of Ishtar, the highest vibration of any plant.
  - Blue is the colour of Divine feminine, kindness, goodness, peace.
- Lady Di & Dodi's son is Omar, same age as Melia, oldest of Obama's daughters -1997
  - The 2<sup>nd</sup> child is Inanna, close in age to Melia, 2<sup>nd</sup> daughter of Obama
  - They chose this name on purpose, to bring the end of all rifts in the time space continuum to bring an end to war; they went to Mecca more than once as they know how to camouflage themselves and they offer a lotus plant to Ishtar; Egypt has blue lotus in the Nile area
- For anyone to actualize ascension is to follow the law of love which is to be calm; every time you fall away from calmness, you fall away from ascension: we have to learn how to control your human emotion
  - War is where human emotion gets involved; the challenge of any life time

**NATASHA SAID:** The Great Ancient Silent Watchers are here, and they do not show up with all of Mother's people unless something big is going down

**Rama talked to Larry, Curly, Mo [all 3 from the New Jerusalem] and Robert Sheer today:**

This whole situation has to do with the criminals: John McCain and Lindsay Graham who are a couple and use the sex act for dark purposes; John Boehner [who has sex with his secretary on the desk in his house]; then she names the 14 treasonous characters who met at the Caucus Restaurant **[SEE BELOW]**

- Every single one of the Republicans are Nazi collaborators of the 4<sup>th</sup> Reich kind who have been in the US since 1949, along with 100,000 Nazis who came to the US thanks to Kissinger and Bush Sr who was just a young man at the time: has just had his 90<sup>th</sup> birthday and jumped on Mother's day, June 13<sup>th</sup>. with the help of another parachuter
- Kevin McCarthy in line to be next to John Boehner; is related to Joe McCarthy of the McCarthy hearings: have you ever been a member of the communist party?
- There has always been an extreme enmity between Russia and the Nazis because the Russians

beat them out – the real work was done by Russia in WW 2

**Caller:** asks about a Rockefeller who was killed

**T:** the Rockefeller great grandson who was killed in a plane crash was getting ready to turn in his father and grandfather and the Bush Clinton crime family – he was murdered.

**Caller:** what about Sybel Edmunds?

**T:** still in a witness protection program; these ones want to kill Obama so bad, & start a thermal nuclear war

**R:** talks of a movie “Days of Future Past” in which Prof Xavier and Eric who turned into magneto and saved the day. Then Magneto got angry at the one who killed his mother and

• Stan Lee – writes comic book stories that parallel what is happening right now.

• Are we going to have this nuclear brinkmanship game – yes, these ones are begging for a date with Ashtar and they will be unhappy when it happens because Disclosure will be right behind,

**T:** Manly P Hall was Madam Blavatsky re-incarnated; she went all through Europe meeting royals and leaders, and brought through all the masters – there is an original photo on SanctusGermanus.com and you can see her with Kuthumi and 2 others;

• you might say she was a reincarnation of the Black Moon Lillith

• Miss USA is Miss Nevada – Nia Sanchez; she's a 4<sup>th</sup> degree Black Belt; in answer to a question about women, she said women should be taught this stuff from the time they are little – she is going to teach all girls across the planet so they can defend themselves against rape.

**Caller;** 1½ years ago and Sandy Hook: there is talk that Sandy Hook massacre was a false thing

**T:** that young man and the children are dead; they want to bring up

**R:** the father was involved in hedge funds and was going in front of a hearing and was going to talk about it and expose that the hedge funds were going

**T:** don't go back to those websites – **KOS TELLS US:** completely cancel any visits to any sites that have to do with dinars – otherwise, there is nothing from NESARA – time to bring everyone into learning what NESARA is about. Rama is the only one who knows what is going on and is not under a gag order.

**Caller:** for those who are holding dinars, what to do with them?

**T:** KOS said give them back and get your money back: they will not be used, not ever!!!! All will be taken care of within NESARA law with is Faction 3

**Caller:** what will Iraq do for currency?

**T:** need to ask the KING – the entire global economy has been collapsed for 15 weeks this coming Monday

**R:** Malaiki has one more day in office which is why things are stepping up – Iraq war was not about oil or WMDs but about the Stargates – how do you begin to explain this to the average American.?

**T:** yesterday, the black man who has the connection with NASA said that NASA has just revealed its first mockup of a space ship! If he's the director and is part of NASA, yes it's him. What they are discussing is the ability of the physics to go faster than the speed of light – to have the space in front of the craft get smaller and then expand as you pass by – it's quantum physics. They have already considered the possibilities

• Once we get these characters out of the way, Dr Stephen Greer already knows how to do it!!! 2 years ago

at the citizens hearing, he showed them how to do it!

**Caller:** Elvis Presley – coming back on the scene?

**T:** always been alive: living somewhere in South America; an addict's death was staged. He never did any drugs, only his clone did. He'll be back with JFK, Michael Jackson

**Caller:** Melia is taking drivers lessons; has a learner's permit; her dad will not be present! Has also heard that Melia is going on her first chaperoned date! A movie and dinner!

**QUESTION on Ukraine:** that Ukraine is being set up for the downfall of the US to start WW III; didn't Putin also say he was going to put it out there about 9/11?

**T:** NO, Putin is being pressured by his own people because there are rivers of refugees from the Ukraine – McCain and Graham and the Japanese and others are setting this up: the new president [Ukrainians] is a dirt ball and is bombing his own people like Bashir Al Assaud though Al Assaud has some people in his corner! There were no terrorists and Boresychenko has labelled his own people terrorists; they are Ukrainians who came from Russia; Kruschev – Ukraine is completely divided in half and never the twain shall meet! East Ukraine is Russian speaking Ukrainians, the west has Ukrainian speakers.

**R** visited Kurdistan in 1970s: the people followed the teachings of the Sufis which is the highest level of spiritual development. T brings up that Sunnis and Shias have lived together for over 6,000 years, disagreeing only about marriage between the 2 groups.

- All of these people are related to the Aramean people – the 13 tribes of IS RA EL- which is not Israel but the ancient story of the black people who were the original inhabitants, the Moorish people

**T:** it was Queen Elizabeth 1<sup>st</sup> who was Moorish, not Queen Victoria. She had to wear white powder which was aluminium – D'yanna was QE 1<sup>st</sup> and remembers it like it was yesterday.

**R:** Angelina Jolie plays a Moorish queen / in a new movie called Malificent

**T:** the last Moorish empress just died 5 months ago

**T:** there is a huge pile of stuff coming in the mail: about all of the land west of the Mississippi, florida being Aboriginal Moabite land – not Native American land but Moabite land. There is documented evidence. The Moabite Empress knew all this and provided Dr Richard Hoagland with information. Hoagland was giving a presentation at the ceremony at the bottom of the building and when he saw what was in the documents, he turned white! He had just been getting over a massive heart attack given to him by the 13 families;

**Caller:** encourages people to support T & R as much as they can; **T** also brings up the point that all the **lightworkers need to join together under one banner**, so to speak; invite everyone to come to these calls – we need to be in One-ness and aligned with Faction 3: **this is the only site which is Faction 3**; the other stations are related to Faction 1 or 2. The only way we will stay in the Oneness is to be on these calls: **Rama is the only one on the entire planet with access to Faction 3 AND IS NOT UNDER A GAG ORDER**. It was set up this way so there would be no dissolution of the information from made-up stories; the others are channelling clones of ascended masters, with false information – time to stay unified under the Law of the One.

**T: regarding donations:** they lost a main donor who has taken seriously ill, she helped a lot but now

cannot do more: it is back on us. Takes \$1200 or \$1500 for the radio, plus \$1500 for T & R – need a lot more people coming to the call and donating. And put her in the Circle of Support.

**R:** so grateful to be alive and to be in a body to do this mission, and watch the transfiguration of this planet, this country back to oneness.

**T: BBS getting ready to go syndicated** – very soon, meaning millions of people will be listening to this:

- it means they are the teachers' teachers' teacher not just on the 3D level, but on the 5D level: galactic, astronomically, astrologically, scientifically, economically – we need to know the galactic history and how it works. And we need to work together, not following this or that

- We [the planets, stars in the galaxy, etc] are expanding now; the sun has been travelling toward the star Vega, and Vega has been travelling to the Pleiades, and the Pleiades have been travelling **towards Galactic Centre where 27 galaxies converge** and all of them at Galactic Centre are moving into what is called “The Unknown”

**R:** This was spoken about by Alexander Salkin director/producer of 1<sup>st</sup> superman movie in 1987 or so: Christopher Reeves – the latest one – The Man of Steel which has just come out – very intense stuff: talk about this too.

**T:** which means that every planet in our solar system has its own unique pattern of travel and speed, the orbit is not a circle but in a spiral, elliptic shape, and following, not the sun, by the star Vega,

**Children coming into the US at the Texas border:** It is very hard to look at the children being treated like dirt at the border: this is exposing more of the Nazi collaborator / Republican mentality since 1949 –

**Eisenhower knew about this, was a good guy**

**R:** this has to do with the fake war on Terror and the war on the people of colour, and trying to keep America white – yet we are a nation of the 12 Rainbow Rays

**Robert Sheer, Larry, Curly, Mo** – Obama is doing all he can to get the Dream Act passed and Immigration passed: we won't get anything done with these ones in Congress unless we the people put pressure on: we the people need to call up as individuals and make sure our representatives know what we want. The people need to do the leg work – Rama used to work at a restaurant in Montpelier, VT; he was a line cook prep cook; Bernie, his wife and Thom Hartmann came in and sometimes they went to Bernie's house for dinner and talked of how to change things.

**T:** this is about Obama vs. The treasonous ones – his part is to lean heavier on Congress: no president in history has spent as much time – McCain is a treasonous war criminal and his handler is Kissinger who is president of the world Nazi operation whose HQ is in Dachau. HK was Henry 8<sup>th</sup> father of QE 1<sup>st</sup> and she was mother of St Germain/ Sir Francis Bacon. QE 1<sup>st</sup> was Moorish because Ann Boleyn was Moorish.

- Nixon was worse than Kissinger because he wanted to bomb Viet Nam. Palin is Kissinger's latest barbie doll!

- **The ISIS group** has taken over 17 cities and towns; took over Mosel and are going for Baghdad which has 500,000 people. Almost half of Syria too

- The ziggurats of Baghdad are the energy of the ancient city of Uruk, the Niberians

- Brings in the story of what Beau Berghahl saw and Chelsea Manning – all comes back to the stargates –

- when the TV shows came out: Stargate SG-1 and Stargate Atlantis, they were not actually Sci fi but based in what actually happened: using the portals that go across the Universe of Nebadon;
  - brings in how Enki and Enlil brought in the idea of controlling the genetically engineered slaves – brings up the Ga'ul the warriors who answered to Innubis in SG-1 until they learned how to remove the serpent energies they had inside them which gave them their abilities which were not based in love– it was fantastic and yet is related to reality.
  - The secret service agencies which are fronted by NASA know all about these things, and are trying to create ways, kinds of things to control us. Using the technologies right now through DARPA and other agencies - by next month, may have an iron man suit for the soldiers so they can run faster than a truck or a car and do all kinds of things with technologies.
- **Send them more love because all the connections come back to silicon chips;** these technologies are based in the quartz crystals and, at the higher levels, the crystal kingdom has said “NO” to war

**T:** we are moving into the silica base and are no more carbon based: as we learn this stuff, we are learning galactic physics – we are morphing back to where we started. We co-created this human body with Mother in the Lyra constellation in the 5<sup>th</sup> dimension. In order to get to Galactic Centre and follow it, – the sun is following Vega, a star in the Lyran constellation, the same star where we co-created these bodies

**R:** The capital of the Ashtar Command is a city called Trantor where he was born and grew up there; the sky is blueish greenish tinge, the land is lush and green like Ireland; all are in the 12<sup>th</sup> dimension & have never known war; not part of their consciousness. Ashtar and the Command are stationed in the Pleiades

**T:** Rama is in training to be Ashtar, the ray of that 12<sup>th</sup> dimension; Rama has been up to the New Jerusalem many many times – he has been navigating on the bridge is one of the chief tactical Navigational Officers on the New Jerusalem. He has to act like it in this Dimension: we could lose our life force at any moment; Rama is way too skinny and emaciated at the moment. He has to get over the first hook of the first incarnational pattern of being so angry at Jehovah; his mother brought through Jehovah in this lifetime; he got angry all over again. Lots of things have stunted his physical form, including smoking marijuana at the age of 5

Abby Martin calls out Goldman Sachs CEO, Lloyd Blankfein for his comments on income inequality in America, acknowledging there is a problem but ignoring that he's a part of it. Abby then goes over a few of the most outrageous CIA operations around the world, such as the agency's efforts to destabilized Latin America through a series of coups and assassinations and even an attempted character assassination through a CIA producer porno film. Abby then speaks with photographer and author, Yoav Litvin, discussing his work documenting 46 different street artists in his book 'Outdoor Gallery'. Abby then reports on the announcement by Tesla Motors CEO Elon Musk, who has released the patents over the company's electric vehicle technology, discussing the importance of sharing patent information on innovations that move humanity forward. BTS wraps up the show with an interview with Hip Hop Artist Vance 'Head Roc' Levy, performing the song 'The Super Bad III Solution'.

**T:** reads about the revisions of the development of the NESARA act.

“ The story passed around for many years by many writers is as follows:

“2000 – Late one evening on March 9, 2000, a written quorum call was hand-delivered by Delta Force and Navy SEALs to 15 members of the US Senate and the US House who were sponsors and co-sponsors of NESARA. They were immediately escorted by the Delta Force and Navy SEALs to their respective voting chambers where they passed the National Economic Security and Reformation Act. These 15 members of congress were the only people lawfully allowed to hold office in accordance with the original 13th amendment. Remember, British soldiers destroyed copies of the Titles of Nobility Amendment (TONA) in the war of 1812 because it prevented anyone who had ties to the crown of England from holding public office. NESARA is the most ground breaking reformation to sweep not only this country but our planet in its entire history. The act does away with the Federal Reserve Bank, the IRS, the shadow government, and much more.” <http://www.wethepeopleforpeace.org/N-E-S-A-R-A--->

- This short background contains **SOME INCORRECT details** which have been corrected verbally many times by Tara and Rama, the latest being on the Stargate Roundtable call of May 1<sup>st</sup>, 2014.

**T:** Refers to “Some of the history behind the Nesara Law” and about the people escorted by the Delta Force and the Navy Seals to their respective voting chambers to vote –

- **INCORRECT:** THAT 15 MEMBERS WERE ISOLATED:
  - the **ENTIRE CONGRESS** was involved.
- **INCORRECT:** MEMBERS WERE ESCORTED TO THEIR RESPECTIVE VOTING CHAMBERS
  - They were taken to “an undisclosed location” which was **KOS' STAR SHIP**, accessible from the White House. This was couched as “an undisclosed location” because no one could talk about “star ships “ at the time.

**T & R:** It is time to correct the record.

[Stargate Roundtable, May 1, 2014]

[Taken from NESARA INFORMATION – SHORT VERSION - a work in progress]

**T:** get more people to come and listen to what is happening. Many people are tuning in to this program - it's wrap-up time; the ability to help our neighbours is more and more important

- Pluto and trine – these are earth things – territorial battles – they are large group karma things being worked out: different tribes fighting over territory

T: the Shia and the Sunni have lived together for 6,000 years and only squabble over marriage – the only thing which upset the apple cart was the Great White Satan stepping into the middle

- Maliki, as a puppet of the west, kicked out all the Shia people
- The ISIS is playing dirty: cutting off heads etc, and using weapons paid for by the west.

Ri: the ones coming from ?? into – have been moving pretty fast; have good leaders

- The acts of extreme violence – where does individual responsibility come in for the individual fighter?

T: the east of Ukraine is Russian; the west is Ukrainian – the people in the east did not vote for this one

Ri: is chaos; mars opposite that in Libra adds more air to the fire! With Pluto in between them is the desire for control and having it their way

Welcome to the full Moon in Sag tomorrow (Thursday!).... Sometimes the truth hurts but in the long run it is

all that lasts. And sometimes the truth is that we are MORE than we thought, we HAVE more than we thought, and that we therefore are responsible to Do, Make, Change, and Initiate more than we thought! And that of course, involves OTHER PEOPLE which is where the consciousness really needs to happen haha!.... Enjoy! Music by <http://chadwilkinsmusic.co>

### **Conference Call**

**Caller:** what is the White Satan?

**T:** the west – particularly Israel and the US, though not necessarily the people

- Though the people in Palestine are well programmed:
- In Israel, every boy and every girl has to go into the military for at least 2 years, often for 4
  - They are sent into Palestine and have to kill people
- Israel has a panic button and they are surrounded by everyone who hates them and they hate Syria and Iran – the people are so completely PTSD and brain fried; once they serve they get \$10,000 a year – they take their money and they go to India and live in squalor; they have sicknesses in their minds and live 10 in a room – which gets them worse, not better. This is what is happening to the children of Israel.
- It is so important to cut ourselves off from the media which is so controlled: brings up the film “Small, small things”
- As we look at this situation, it's like the thinking that lacks humanity and results in people in the US who want to see a huge wall between the Us and Mexico and central America
- That is **why KOS said** if people have heard of NESARA and you find out some information is from a website that is not speaking the truth – invite the sponsors of the website to come to hear us and don't commit psychic suicide.
- She is talking of 10s of thousands of people flowing into Russia because the gov't in Ukraine is bombing the heaven out of them: sees RT and cannot tell if she is watching info about Syria or Ukraine – it is harder for a camlich man to go through the
- A month after NESARA is announced, the index for all will be changed – now we have to be totally honest!
  - We have to be with the cosmic Christ energies and nothing else: we have to work harder than ever to learn how to take on our new DNA
- We can still have \$100 million worth of fun, and it is in our astrology that we need to “get light” - we are being forced to go deep and then go deeper because we have been so programmed:
  - everyone who has a white skin has no experience of what it is like to be a person of colour – right now the person of colour has to pay 4x more than the white person and in some places you cannot have property at all unless there is a rule
- There are people who have white skin and wear guns who are full of rage – the killing that is going on in the US that no one is talking about. 78,000+ killed in 9/11 and we are not talking about who caused 9/11
- The ISIS has just taken \$400 million from the city of Mosel and cutting people's heads off – we in the west are responsible for this

**Caller:** introduces a guest who is a nurse who wants to announce a presentation having been in a library in Oregon by [geoengineering.com](http://geoengineering.com) [skyberalert.com](http://skyberalert.com) and a documentary called “look up”

**T:** like it said in the astrology, we need to look at this, not to get gloomy, but how to turn it around. That is the deal.

- Thinks people are beginning to realize what has been happening without their realization; some people say their parents still watch Fox News and think they are crazy.

**Redacted Tonight - a new show on RT      Lee Camp**

**Caller:** adding to **Obama Mama:** Michelle and Barack Obama have just bought property in the Ashville

- North Carolina has so much hate for the Obamas, though Asheville is an island unto itself. Feels like Santa Fe – a whole different vibe.

**Caller:** he had gone there on his own during campaigns, then he brought Michelle, and then the girls – and they fell in love with the place.

**T:** it was only an offer – Tara warned her to check things out completely; we need to have lightworkers who are ready to work in the galactic world

- 7 levels

1 tribal consciousness – ancient ancient but this is not what is going on in Iraq or Ukraine

- Iraq had a higher educational system than the US before the US wrecked it
- Iran's education is still higher
- The US has suffered thanks to GMO food – best restaurant in Santa Fe serves organic
  - GMO screws up your blood, your organs, your brain
  - There is also a lot of radiation – Indian Point in NY leaking like a sieve, people only beginning to say this is happening, never mind saying that it will affect 3 million people within a radius of 3 miles – and there is no plan to do this!!!!

2 mass consciousness - [this part of the discussion was not finished]

**R:** Bobby Kennedy Jr and Mike Papantonio – the best trial lawyer in the US: the issues he is dealing with are affecting the world; he is on the defence team – the only difference between the ones from the bio-medical types and Charles Manson is that they wear suits

**T:** Abby Martin said that those who work for the big companies make \$9 million and the workers make \$30,000 – that money [the larger amount] does not buy love or peace or anything,

- They have been on the radio for 3.5 years.

- Don said they could be ready to go syndicated in as early as 7 days – she reminded him that the first 6 months of notes not yet there -

**R:** don said he would talk about different ways websites are put together – 2013 website when things are posted

- Black ops have been trying to knock BBS off and their new system is so stellar that it will block them

**T:** talks about how much help they have been getting to meet the obligations of the cost of the calls – she hopes that all of us will focus on these ideas and bring along others who

**KOS has said the stakes are getting higher:** go to the other sites and the Dinar stuff you will miss out – the Dinar stuff and the NESARA stuff are not in the same league: it's one or the other!

2012, April 25 **Robert Draper Book: GOP's Anti-Obama Campaign Started Night Of Inauguration**

[Sam Stein](#)

[stein@huffingtonpost.com](mailto:stein@huffingtonpost.com)

WASHINGTON -- As President Barack Obama was celebrating his inauguration at various balls, top Republican lawmakers and strategists were conjuring up ways to submarine his presidency at a private dinner in Washington.

The event -- which provides a telling revelation for how quickly the post-election climate soured -- serves as the prologue of Robert Draper's much-discussed and heavily-reported new book, "Do Not Ask What Good We Do: Inside the U.S. House of Representatives."

According to Draper, the guest list that night (which was just over 15 people in total) included Republican Reps. Eric Cantor (Va.), Kevin McCarthy (Calif.), Paul Ryan (Wis.), Pete Sessions (Texas), Jeb Hensarling (Texas), Pete Hoekstra (Mich.) and Dan Lungren (Calif.), along with Republican Sens. Jim DeMint (S.C.), Jon Kyl (Ariz.), Tom Coburn (Okla.), John Ensign (Nev.) and Bob Corker (Tenn.). The non-lawmakers present included Newt Gingrich, several years removed from his presidential campaign, and Frank Luntz, the long-time Republican wordsmith. Notably absent were Senate Minority Leader Mitch McConnell (R-Ky.) and House Minority Leader John Boehner (R-Ohio) -- who, Draper writes, had an acrimonious relationship with Luntz.

For several hours in the Caucus Room (a high-end D.C. establishment), the book says they plotted out ways to not just win back political power, but to also put the brakes on Obama's legislative platform.

"If you act like you're the minority, you're going to stay in the minority," Draper quotes McCarthy as saying. "We've gotta challenge them on every single bill and challenge them on every single campaign."

The conversation got only more specific from there, Draper reports. Kyl suggested going after incoming Treasury Secretary Timothy Geithner for failing to pay Social Security and Medicare taxes while at the International Monetary Fund. Gingrich noted that House Ways and Means Chairman Charlie Rangel (D-N.Y.) had a similar tax problem. McCarthy chimed in to declare "there's a web" before arguing that Republicans could put pressure on any Democrat who accepted campaign money from Rangel to give it back.

The dinner lasted nearly four hours. They parted company almost giddily. The Republicans had agreed on a way forward:

Go after Geithner. (And indeed Kyl did, the next day: 'Would you answer my question rather than dancing around it—please?')

Show united and unyielding opposition to the president's economic policies. (Eight days later, Minority Whip Cantor would hold the House Republicans to a unanimous No against Obama's economic stimulus plan.)

Begin attacking vulnerable Democrats on the airwaves. (The first National Republican Congressional Committee attack ads would run in less than two months.)

Win the spear point of the House in 2010. Jab Obama relentlessly in 2011. Win the White House and the Senate in 2012.

"You will remember this day," Draper reports Newt Gingrich as saying on the way out. "You'll remember this as the day the seeds of 2012 were sown."

Draper's timeline is correct. On Jan. 21, 2009, [Kyl aggressively questioned](#) Geithner during his confirmation hearings. On Jan. 28, 2009, House GOP leadership [held the line against](#) the stimulus package (Senate GOP leadership would prove less successful in stopping defections).

The votes, of course, can be attributed to legitimate philosophical objection to the idea of stimulus spending as well as sincere concern that the secretary of the Treasury should personally have a clean tax-paying record. But what Draper's book makes clear is that blunt electoral-minded ambitions were the animating force.

Whether or not that's shocking depends on the degree to which one's view of politics has been jaded. What's certainly noteworthy is the timing. When Mitch McConnell said [in October 2010](#) that his party's primary goal in the next Congress was to make Obama a one-term president, it was treated as remarkably candid and deeply cynical. Had he said it publicly in January 2009, it would likely have caused an uproar.

By extension, however, the Draper anecdote also negatively reflects on the Obama administration for failing to appreciate how quickly congressional Republicans would oppose the president's agenda.

2012, Apr 27 [Darrell Issa: Hold Hearings To "Expel" Ryan, Cantor & Other GOP Who Plotted To Undermine U.S Economy](#)

<http://www.dailykos.com/story/2012/04/27/1086786/-Darrell-Issa-Hold-Hearings-To-Expel-Ryan-Cantor-Other-GOP-Who-Plotted-To-Undermine-U-S-Economy>

by [cc](#)

It's no secret now that GOP in Congress literally plotted to undermine U.S. economy during President Obama's Inauguration.

In Robert Draper's book, "Do Not Ask What Good We Do: Inside the U.S. House of Representatives" Draper wrote that during a four hour, "invitation only" meeting with GOP Minister of Propaganda, Frank Luntz, Senior GOP Congressmen plotted to undermine and destroy America's Economy.

The Guest List:

Frank Luntz - GOP Minister of Propaganda  
Rep. Paul Ryan (R-WI)  
Rep. Eric Cantor (R-VA)  
Rep. Kevin McCarthy (R-CA),  
Rep. Pete Sessions (R-TX),  
Rep. Jeb Hensarling (R-TX),  
Rep. Pete Hoekstra (R-MI)  
Rep. Dan Lungren (R-CA),  
Sen. Jim DeMint (SC-R),  
Sen. Jon Kyl (AZ-R),  
Sen. Tom Coburn (OK-R),  
Sen. John Ensign (NV-R) and  
Sen. Bob Corker (TN-R).

Non-lawmakers present: Newt Gingrich

During the four hour meeting, the senior GOP members plotted to bring Congress to a standstill regardless how much it would hurt the American Economy by pledging to obstruct and block President Obama on **all** legislation.

These members of Congress were not simply airing their complaints regarding the other party's political platform for four long hours. No, these men were literally plotting to undermine and destroy the U.S. Economy.

On that date, January 20, 2009, America had been losing over 750,000 jobs per month because of policies these Congressional Leaders had enacted and their goal, their goal that night, was to plot ways to undermine any and all legislation that would pull American families up and out of the economic calamity they had helped create.

Everyone of these members of Congress supported the very Bush/Cheney policies that caused America to teeter on the brink of the 2nd Great Depression and caused the 2007 US Economic Meltdown.

These guys can't say they were sitting at dinner for four hours discussing any objection to Stimulus Legislation and raising the Debt Ceiling because of political ideology as each one of them voted **yes** on Bush/Cheney Stimulus Bills and **yes** every time Bush/Cheney wanted to raise the Debt Ceiling.

Here's how they all voted:

- "Yes" to Bush/Cheney January 2008 Stimulus
- "Yes" to Bush/Cheney bailing out Bear Stern
- "Yes" to Bush/Cheney bailing out AIG
- "Yes" to Bush/Cheney TARP (sept 2008)
- "Yes" to Bush/Cheney TARP (oct 2008)

And these same members of Congress:

- Supported Bush/Cheney keeping cost of two wars out of the Budget
- Supported Bush/Cheney spending \$4Trillion on Top 1% Tax Cuts while trying to pay down Debt on Two Wars

Ahhh ... but at their dinner they plotted to suddenly stop supporting any stimulus legislation:

**"Show united and unyielding opposition to the president's economic policies."**

Rep Kevin McCarthy said,

**"We've gotta challenge them on every single bill."**

Not only did these Senior members of Congress plot to destroy the American Economy more than it already was destroyed? They actually carried out their mission:

- Every one of these Senior members of Congress have threatened **Government Shutdown** over things like:  
not funding planned parenthood, not raising the Debt Ceiling which, in-and-of-itself, would cause US Economic turmoil.

... oh, and stay current, these same House GOP members of Congress are still, today, threatening a Government Shutdown.

- **Senators:** Jim DeMint, Jon Kyl, Tom Coburn, John Ensign, and Bob Corker have
- **Filibustered** more Bills than any Congress combined in US History.
- **Voted NO** on every single piece of Legislation brought to the Floor including: NO on Al Franken's Anti-Rape Amendment, NO on Lilly Ledbetter, NO on Fair Pay Act.
- **Representatives:** Paul Ryan, Eric Cantor, Kevin McCarthy, Rep. Pete Sessions, Jeb Hensarling, Pete Hoekstra and Dan Lungren
- Voted NO on every single piece of Legislation; including NO on increasing FEMA during natural disasters.
- Have been on tv constantly chanting the lie that they were guilty of ... the lie that "President Obama's policies undermine the US Economy."

Yes, these Republican Congressional leaders used **Karl Rove's playbook** and falsely accused the President of what they were guilty of: **Intentionally Undermining the US Economy**. And, again, in keeping with Karl Rove propoganda, they chant the same lie over and over and over again.

America had been at war since 2001. The Constitution says a person can only be guilty of "Treason" while America is engaged in war -- we are at war. The Constitution says "Treason against the United States, shall consist only in levying war against them, **or** in adhering to their enemies, giving them aid and comfort. I believe that plotting to undermine the President of the United States by destroying and weakening the US Economy directly aids the enemy. Treason?

As for impeachment, only one Senator has ever been impeached.

These members of Congress are paid to do The People's work. They are not paid to plot ways to undermine American families by destroying the US Economy.

heir acts that night are disgusting, repulsive, unbecoming of a member of Congress and they should be **expelled from Congress** for their covert plot to destroy and weaken America's Economy and for obstructing The People's work from getting done.

I urge everyone to contact Darrell Issa and tell him to:

**Hold Hearings to Expel** the following people from Congress for plotting to undermine the President by destroy to the US Economy:

Rep. Paul Ryan (R-WI)  
Rep. Eric Cantor (R-VA)  
Rep. Kevin McCarthy (R-CA),  
Rep. Pete Sessions (R-TX),  
Rep. Jeb Hensarling (R-TX),  
Rep. Pete Hoekstra (R-MI)  
Rep. Dan Lungren (R-CA),  
Sen. Jim DeMint (SC-R),  
Sen. Jon Kyl (AZ-R),  
Sen. Tom Coburn (OK-R),  
Sen. John Ensign (NV-R) and  
Sen. Bob Corker (TN-R).

I don't know if they committed Treason, but I do know they are Traitors and **Traitors have no business writing or voting on US Laws.**

Oh, the next time you hear the GOP say "Obama wants to destroy the economy" or "Government Shutdown" ... remember ... as Newt Gingrich said after their four hour dinner on January 20, 2009 "You'll remember this as the day the seeds of 2012 were sown."

To Translate GINGRICH:

**"You'll remember this day as they day we became Traitors to the United States."**

**2014, June 14**      **A letter to an Ohio legislator who is playing with women's lives**  
By [Melissa Harris-Perry](#)

*Last week, the Ohio House of Representatives held its first hearing on [House Bill 351](#), a bill that would [ban Ohio women from using insurance of any kind to cover an abortion](#). The bill makes no exceptions for cases of rape, incest, or when pregnancy threatens a mother's life. It would only allow women to use insurance to end ectopic pregnancies - cases in which an embryo implants outside of the uterus. The bill would *\*also\** prevent public employees or those on Medicaid from using insurance coverage to pay for certain contraceptives. And the Ohio legislator who sponsored the bill has some questionable ideas about one in particular.*

*So I thought I'd send him a letter to help clear things up.*

Dear Ohio State Representative John Becker:

It's me. Melissa.

Your bill broadly defines abortion to include "drugs or devices used to prevent the implantation of a fertilized ovum." And in your testimony during last week's hearing, you said you didn't intend for birth control pills to be included in that definition. I'm not sure how you make the distinction because, [according to the American College of Obstetricians and Gynecologists](#)—you know, actual doctors—the pill can in fact impede the fertilized egg from attaching to the uterine wall.

Now I don't say that to give you any incentive for banning insurance coverage of birth control pills, too, but to point out that's just the tip of the iceberg of what you *\*don't\** know about the very health choices you are trying to restrict with your legislation because you also went on to defend your ban on intrauterine devices—commonly known as IUDs—based on your belief that they fit into your scientifically specious definition of an abortion. And you seemed to think it was perfectly reasonable to justify codifying your belief into law by saying:

["This is just a personal view. I'm not a medical doctor."](#)

Well I'll give some credit there – at least you know enough to admit you're not a doctor. And yet, you insist on playing one in the Ohio Assembly because you are using your power as a legislator to insert your personal views right in the middle of women's private medical decisions. And the very least you could do when making laws to constrain women's health choices is to get your facts straight about women's health.

So please allow me to enlighten you. Because I'm not a medical doctor either, but I do have the good sense to research the facts.

For starters, no matter what your personal views are, [an IUD is not equivalent to an abortion just because you say it is](#). An IUD is [a device](#) that when used as a form of long-term contraception, is most often used to prevent sperm from reaching an egg. Of the two different kinds of IUDs, [just one of them is ever used to prevent implantation of a fertilized egg](#).

And neither of those uses scientifically qualifies as an abortion.

But more importantly, by banning IUDs from insurance coverage, you are preventing women from accessing what—according to the CDC—is [one of the safest and most effective methods](#) of contraception. What's more, by blocking coverage from women on Medicaid, [you are taking away a critical family planning option](#) from women who are most at risk for unintended pregnancy, and least able to afford the costs of

their reproductive healthcare.

And when you propose a bill that could reduce a procedure that could potentially save a woman's life to a question of whether or not she can afford to pay for it, you're doing something much worse than just playing doctor. [You're playing with women's lives.](#)

Sincerely,  
Melissa

2014, June 14 **FULL MOON in Sagittarius June 12th / 13th 2014~**

*\*FULL MOON\* in Sagittarius (on the 12th or the 13th depending on where we are) furthers the energies of expansion and bigger vision. As we align with our truth and essential values, we can envision new ways of being and actualizing. Time to rewire the channels of the mind to higher frequencies. Positive thinking and affirmative self-love vibrations can help clear the channels for inspiration to flow. Here are the MYSTIC MAMMA Astral Insights from the most insightful readers of the planetary bodies...*

First from the wonderful [Molly Hall](#) from [Astrology.About.com](#):

*"A Sagittarius Full moon is one for illuminating visions that can be aligned with your philosophy. It's not an intellectual exercise, since it comes on a moving current, in a fire sign of action.*

*"...In the days leading up to the Full Moon and after, entertain possibilities that give you that tingle inside, the zing of optimism. Sagittarius is ruled by Jupiter, the planet of aspirations and guiding visions.*

*"These are filtered through the charge of idea-collector Gemini (Sun), and fueled by the aim of the archer (Sagittarius Moon). Be curious about the revelations that come from the magical fusion of intelligences.*

*"...The Sun and Moon are at 22 degrees Gemini-Sagittarius... It's possible to see through many filters, and come up with new interpretations. That old adage about change your thinking, change your life can be put to the test now.*

*"There's a restless social atmosphere, with a lot of buzz for exchange. In this charged Full Moon mood, there's some volatility with Mars (Libra) in its angles to the change-driving Uranus-Pluto square. There's vitality to cut through what's inhibiting growth, and to make changes (some extreme) to come into sync with your personal philosophy.*

*"On top of that, Venus (Libra's ruler) is opposite Saturn, for some pressure on relationships to 'get real.' The sunny spin (that Sagittarius seeks) is to make refinements, however difficult, that are in line with your deepest self, and what you desire.*

*"At this Sagittarius Full Moon, there can be flash sightings of a new big picture. Sagittarius is mutable fire, the sign of broad knowledge — the kind that connects the dots. This is very, very empowering, and allows you to consider new and surprising possibilities.*

*"A Sagittarius Full Moon brings together the lively curiosity of Gemini (Sun) and the sharp instincts of Sagittarius (Moon). It's time for the enlightened Fool to set forth on a new adventure!*

*"Be watchful for prophetic dreams, and note the serendipity in waking life. Sagittarius is ruled by lucky Jupiter, the planet that keeps us close to the path that feels right and true. The lucky star!*

*"That's why the Fool in the Tarot comes to mind now. The Fool travels light, and is at a stage of setting out with no preconceived ideas. That's what Uranus Aries encourages — to go beyond the conditioned groove, what's handed down — to what originates from the emerging self.*

*"A Full Moon in Sagittarius now, with all that's going on, energizes the mind. This attracts us to ideas and people that put things into an inspired frame, rather than one that's demoralizing. This is the time to shift, to shake off the cobwebs, and scan the horizon for an idea whose time has come.*

*"Sagittarius is the sign of truth and high ideals. Gandhi said, 'Truth is by nature self-evident. As soon as you remove the cobwebs of ignorance that surround it, it shines clear.'"With the clarity, unveiling and burning off of what's false, a new path forward is realized."*

From [Cathy Pagano](#) from her [Wisdom Of Astrology](#):

*“The Sabian symbol for the Sun at 23\* Gemini is: Three fledglings look out from their high nest. This symbol implies a larger perspective, a higher state of consciousness where the mind engages with the Self and becomes more conscious. It’s time that we gained a deeper and more natural understanding of human existence. It’s time for some creative integration of mind and heart. This symbol seems to indicate that Spirit (the birds) is being renewed and in the process of unfolding new truths.*

*“The Sabian symbol for the Moon at 23\* Sagittarius is: The torch and spiked crown of the Statue of Liberty. Like Lady Liberty herself, this symbol urges us to find our freedom and our truth...”*

*“The purpose of this Full Moon is helped by the Moon’s Nodes. The symbol for the North Node at 27\* Libra is: an airplane sails calmly over fields and cities. Once again, the message is to take the high perspective, get an objective overview. It also seems to indicate ‘leading the way’.*

*“The Sabian Symbol for the South Node at 27\* Aries is: Through imagination, a lost opportunity is regained. It’s time to imagine who you really are in the larger scheme of things. Are you here for a purpose or is your life meaningless? There must be something each of us can do to change the world! Imagine it!*

*“A few minutes before this Full Moon, Venus in Taurus, the planet of connection, opposes Saturn in Scorpio. Saturn in Scorpio has forced us to look at our emotional wounds and the resulting behaviors we use to defend ourselves. Venus in her own sign wants us to forgive ourselves and heal. It’s time to own our self-worth. Once we do, we can forgive others and dare to have free and strong relationships that are free of past wounds.*

*“We are once again entering ‘the Grand Cross Zone’. Now that Mars is moving forward again in Libra, it’s coming into contact again with the Pluto/Uranus T-Square to Jupiter in Cancer. We get to re-visit how we’re handling our new life! This is the 3rd cross these four planets have formed this year—the Goddess always works in threes!*

*“...[Mercury stays retrograde](#) until July 1st. Use this time to reconsider how you see your life and what you believe is possible. Imagine!”*

© Copyright 2014 ~[Cathy Pagano](#) All Rights Reserved

From astrologer [Jessica Shepherd](#) from [Mooncircles.com](#):

*“Just when Gemini Sun overly scatters our attention into a million directions, Sagittarius Moon asks us to step into a bigger picture.*

*“Sagittarius Moon is hungry for new, meaningful experiences, has a hefty appetite for pleasure, for enjoying life to its fullest. Boredom and predictability are anathema to the expansion of this sign; we need to shake up our routines at this Full Moon, search for extraordinary philosophies and ideas, endeavour to shift our ordinary life into a life less ordinary....”*

*“With both Mercury in Cancer and Neptune in Pisces now quietly retrograde, we might watch a foreign movie or documentary about an unvisited land, read philosophy books, attend lectures, or cultivate a more optimistic mindset (try, ‘It’s all good.’ ‘I lead an abundant life.’ ‘Good things are coming to me now.’) Travel abroad lifts us out of the ordinary, but so can a trip to our favorite mountain top....”*

*“We so quickly consuming media and experiences nowadays but lose something in our haste. Is your attention divided? Are you savoring the marrow of your life experiences? Are you giving your self the time to bask in the big picture and big questions of your life?”*

*“Saturn in Scorpio also opposes Venus in Taurus at this Full Moon. Money, what you versus what I value, is a sticking point. Feelings of love, giving and receiving, aren’t flowing easily.*

*“Sagittarius Moon’s shadow is irresponsibility, and opinionated dogmatism. Philosophical roadblocks may require us to step back and re-evaluate. We can clarify our personal truth at this Full Moon while remembering to allow others theirs...”*

*“Consider: it’s not our experiences but our ability to derive meaning from them that make our life ordinary or extraordinary. If you lack vision or are in the dark, seek new perspectives, vistas at this Full Moon. Bring new insights into your dilemmas –or let them go if needed, as Jupiter, above all, holds the desire for a meaningful life and the freedom to claim it.”*

From the wonderful [Pat Liles](#) from [The Power Path](#):

*“We are still within the influence of the Pluto square Uranus aspect; the Grand Cross is reduced to a T-Square, yet collectively we continue to be deeply challenged to be adaptable to these times of transition...”*

*“Our beliefs about our feeling nature and the emotional baggage from the past have been at the forefront of our attention.*

*“We are bringing our emotional nature into present time with the help of the Grand Trine in water signs: Jupiter in Cancer (expanding our emotional nature from the personal to the universal and feeling deep love for our Mother planet Earth), Saturn in Scorpio (having the discipline and focus to look at and unlock festering old stuck places that create contraction, crankiness and inflexible joint issues), and Chiron in Pisces (healing and releasing old woundedness and suffering and turning it into a gift of wisdom to share with others).*

*“It may not feel like a gift because a lot is being asked of one when you start pointing a gnarled finger towards the emotional body, but these planets are in an aspect of great support, and those willing to step up and move the emotional body into free flow will reap tremendous benefit and power to create the life you want...”*

*“Mars is the activator of the ongoing Pluto/Uranus square and will exactly square Pluto on June 14 and exactly oppose Uranus on June 25. Mars was in retrograde during the exact Grand Cross and now is moving forward. More aggressive, impulsive action may be the result hopefully channeled into breaching old structures and breaking out of fear. The Moon will have moved into Capricorn and be traveling with Pluto on the 14th, so emotion will be high behind this energy on Saturday morning after Full Moon.”*

From the always insightful [Dipali Desai](#) from her [Celestial Space Astrology](#):

*“The pressure is on, not only on an emotional level with the Full Moon in Sagittarius at 22 degrees on June 12th/13th, 2014 but also a bigger generated tension or prompt for growth at the end of the week is the final aspect that Mars in Libra makes to Pluto in Capricorn -Retrograde and following week to Uranus in Aries.*

*“Things are rumbling and tumbling. It may feel intense when you slow down to tune in. You are an empowered being and are fully able to handle whatever is coming up. Trust in this.*

*“There may be emotional desire or comfort to pack up and go off on an adventure to distant lands or visit places that bring up sweet memories. The sign of Sagittarius often feels its passion in travel, visiting new lands and meeting people from other walks of life. It tends to help stretch one’s Consciousness into new dimensions. Yet, ask yourself is this adventure what you need right now or if you are escaping? Or do you really need to you ‘deal and attend to’ whatever is coming up that life is bringing in now?”*

*“The Lunar phase in astrology symbolizes getting in touch with your emotional level, subconscious and being in touch with that part of you that may nurture or need to nurture the symbolic seeds. It is not just about quick manifestation. During a Full Moon phase, one may witness what prevents the symbolic ‘seeds or habits’ from taking hold or root and blossoming. And what requires conscious change or healing to make this different. What is old worn out and working in opposite to your intention?”*

*“...Whatever is swelling up within the emotional level and subconscious is important to take a closer look at, explore and possibly heal. What fears or reactions are gripping you from the inside? Is it about money? Security? Limiting Belief? Trust issues? Power issues?”*

*“...Full Moon phase suggests a time where that which is hidden from awareness rises to make itself known and become illuminated. Emotional level is activated similar to high tide in the Ocean...”*

*“While the Full Moon in Sagittarius at its potential reminds you to aspire towards emotional passion and nurturing your higher potential, it is also suggesting to aim to live your truth through walking your talk. Step back to regain perspective. What is the key lesson? Key insight? What awareness do you need on a emotional level? What is your truth?”*
