

International Youth Council – SriLanka partners

We have mutual agreement between our official partners to exchange our Youth Leaders for joint projects, events and conferences. The benefits of the Youth Exchange program are:

- Getting sponsors from other nations.
- Getting youth cops from other country to develop our organization.
- Maintaining relationships between us and other organizations.
- Exchange their Knowledge & Ideas.
- Coordinating projects with international & local partner Organizations.
- Global internship opportunities for IYCSL members

We signed memorandum of understanding document with our partners. The purpose of this MOU is to clearly identify the roles and responsibilities of each party. In particular, this MOU is intended to:

- Enhance the knowledge and understanding of each party's function.
- Increase the level of collaboration between both organizations.
- Establish a lasting partnership between both organizations to sustain each of our visions, missions, and goals

Intellectual Decisions on Environmental Awareness Solutions (IDEAS). USA

Official Sustainability partner

Intellectual Decisions on Environmental Awareness Solutions (IDEAS) is a collective network of youth leaders, green professionals, campus & community organizations and businesses who seek to develop the ideas, innovations and ground breaking solutions to the challenges we face today.

IDEAS helps add value to the environmental movement and helps provide resources to further your mission and goals. IDEAS Chapters adopt a three-tier approach to environmental sustainability that offers campuses and communities a portfolio of solutions that help to Educate, Engage, and Empower (E3) the public in Research (R&D), Action, and Environmental Awareness initiatives.
