

“Let the beauty we love be what we do. There are hundred of ways to kneel
and kiss the ground.”

Soul-Voyagers Network A ‘Community of Spirit’

The Soul Voyagers Network is open to all those working in transpersonal fields that would like to deepen their experience and practice by connecting with like-minded others. In this way it seeks to expand and promote the deep healing work facilitated by regression practice, holotropic breathwork, ancestral work, constellation work, psychodrama, bodywork, shamanism and other transpersonal therapies and spiritual paths.

It also seeks to promote the vital importance of such a synthesis of understanding and practice and to find ways of maintaining the deep bonds that are created between those that have shared the experience.

Membership is free and you simply need to sign up to join the network. In order to benefit from the depth of experience within the community we do, however, ask that you have a body of related experience.
