- Bills are the next challenge after the rent is paid: right now, they need \$85 for print cartridge

R: Tom the Cat, Larry, Curly and Mo

- said all that is going on now is playing the games with the so-called "annointed ones" who have been groomed to take "the big chair"
- Bernie and Trump are not annointed: the outsiders; chances are Bernie could swing this election in his favour
- On Mike Papantonio's show – talking about finding all kinds of voter fraud for both Trump and Hillary's campaigns

- Lots of fear being pumped daily about ISIL, and Mr Kim over in Korea:
- there was an incident last week when someone supposedly jumped the fence near the White House; the WH was on lockdown – somehow this story got screwed up & it became that Gen Dunford stormed the WH and demanded that the "house slave" Obama resign; DID NOT HAPPEN
- another shooting in Maryland: has to do with the 13 families **creating false flag events** to distract people from the real news of what is going on: more and more stories coming out about our space brothers and sisters

About Syria – on the Leslie Marshall radio program

- Got to hear a lady called Sara from Aleppo – a Syrian; she has witnessed 3 different stargates in areas of Aleppo near the temples or mosques
- saw very tall, golden robed beings coming out of the stargates, with all white auras – they were going to have words with Al Assad
- has also seen other beings that look like the blonde, blue-eyed space people, but she does not get a good feeling about the latter ones
 - the black ops of the US, and the rebels paid of by McCain, Lindsay Graham, Israel, Turkey are involved – all about the fake war on terror, called ISIL
- this has nothing to do with oil and terrorism; **all to do with the stargates**

- Brings it back to the story about Dan Rather and the planned interview with Sheik Jelani right around the time Daniel Pearl disappeared; he was a CIA agent, supposedly Al Queda killed him – it was like pat Tillman: Daniel Pearl was because he knew too much

- Gets back to how money gets moved around the planet and trade and commerce; it always has an ugly tinge to it: goes back to the un acknowledged black budget projects – trillions and quintillions of dollars go into these projects that Congressmen and Senators get told to sign on the dotted line
 - the guys in the dark sunglasses with tiny neural neutralizers in their hands come and make senators, etc sign; the signee sees a bright flash and remembers nothing.

- So many things are pushing the energies forward to have Full Disclosure happen
 - Mercury goes direct on May 22nd ;Jupiter on the 9th
 - All of this has to do with the fact that each day, there are quantum light year jumps going on, and we are being lifted up so exponentially
 - it's the best time to be alive, and at the same time: Aleppo looks like Mordor!
 - There was supposed to be a cease fire – over 70 more people have died, in addition to the 28 people who were killed at a camp outside of Aleppo fleeing from the bombing.
 - Has been said it was Al Assaud but R's sources said they were aided and abetted by the Black Ops like Mr McCain

T: a Syrian family, mother and children, taken in by Canada and went to Fort McMurray; due to the fire, they ended up in a location where there were cots and so on – the children broke down in tears as it reminded them of what they had left in Syria

- We **canNOT ignore the climate DISTURBANCE** created by humans:
 - has to do with doing fossil fuels - a hundred years ago, they knew they did not have to drill for oil, as Nicholas Tesla gave them free energy, but the dark ones wanted to use fossil fuels so they could be in control and make profit: they did this, knowing they did not need to do this!
 - China is using 4X more coal than ever before: Scotland uses no more coal, only renewables
 - The story is that the people have to do something too!
- Tells a story about renewing the earth for growing food in a village in China
- **Tom the Cat:** Trump is antagonizing so many nations that they will not tolerate his loud mouth: there is no army that can stop these other nations! They will shut him up – no names given
 - All the UK denigrated Donald Drumpf
 - London has a new major – a British Muslim
- Last night, some words from Mother Mary channelling the Great White Brotherhood about Trump being the new president - time to use discernment!

Redacted Tonight: Lee Camp – went after Hillary

Audio: The Rachel Maddow Show 5/5/16

She begins by reading the **President's Executive Order** about establishing a White House Transition Coordinating Council – Signed by Obama

Trump: announced his son-in-law will head the Trump transitional committee.

Hillary: \$91 million dollars for ads – confident that the money will roll in; that HRC will be nominee

Maddow to interview Bernie Sanders at home in Vermont

CONFERENCE CALL

Caller: can't find the link to the coop for Tara and Rama – it's an exciting prospect!

- Keep looking: Fran and Susan just set this up – found a place in Santa Fe that T & R can use; the rest of us can donate to the coop.

T: yes, Putin did put a price on Trump's head – quite a while ago.

- Really important for us to remain neutral and send love
- The US is the worst perpetrator of events around the world
- Interesting that Barack Obama has an Executive Order for making a proper transition to the presidency – the Republican party is going bye-bye; the Democratic needs a face-lift because it overrides the voice of the people.

Redacted Tonight: Lee Camp – on RT tv – so many good things on that channel

- he said there was a 33% discrepancy on the votes on Hillary's side
- Saying that the fraud on Donald Trump's side is up to the sky!
- Question as to why Ted Cruz left the race?
 - Doesn't know but quoting the Old Testament and promising to do certain things as per scripture does not help!
- Be Aware: Donald and Hillary had this planned long before the thing started! They are working together!
 - Remember when Hillary set up the murder of the 9 people in the Birmingham Church and walked out as if all were well.

Reading: Ben Fulford: Is it time for Francis to confess involvement in Argentine dirty war, and resign? [She adds comments all through the reading]

T: be sure to have money in a credit union – they are not part of the huge banks

In answer to the process re: announcements:

- Everyone in the world will undergo a period of time for education – for a full month, with 72 hours of information being played and re-played
 - In the following next month: re-indexing of products and services begins -
 - if you are in a credit union you exchange your dollarw for Rainbow bills
 - packages get delivered, complete with instructions, non-disclosure – thinks it will be 2 White Knights in a Brinks truck or a truck disguised as maybe a postal truck – they will have their own guns, too
 - We will be asked to sign a document: this takes us out of being a slave – right now everyone is a slave!
 - We sign the document and write this above the signature after they hand us the package [which includes, but not limited to – documents on non-disclosure; info on about 200 trust indenture venues to choose from: ie, chose a company then study how it fits with what you want to do with the money you receive which is not just for you; it is for projects to help humanity; have to have a team – could be an NGO – need to learn about the people, maybe live with them, set up the curriculum and

- do all the follow through – in other words, envision the project from start to finish]
- We will be sent to NESARA banks.

This statement comes above signature:

Non-Assumpsit, Without Prejudice, Reserving All
Natural God-Given Birthrights, Waiving None, Ever.

Signature

And /Or ASIGNS Then put in the date

Non-Assumpit – means you assume nothing: you are delineating that you are no longer a slave.
Birthrights – to life, liberty and the pursuit of happiness
Asigns – a trust indenture, a series of trusts

Gerry: He ordered a [stamp made with blue ink](#) so he would not have to re-write the statement

- capitalize the beginning of every single word
- **USE BLUE INK – because people can try to make copies [easier in black ink]**
- make we have [blue pens](#); this will be really critical when we go to the bank

Ross: why is this not part of the contract we get – where we sign our name

T: it is not a contract – the first time we sign our name is on the document we get from the WK

- there will be 72 hours of instruction, and EVERYONE will have these instructions
- We are hearing it for ourselves

COR: suggests creating such a statement, putting it on the fridge and looking at it daily and build up the excitement regarding NESARA

- we will all have instructions to follow exactly
 - we'll have to set up a series of trusts
 - Everything will be re-indexed – it will be a spiritual economy
 - numbers will be changed all over the place: will have to do with ascension, all the energies free,
 - the idea of studying with Dr Keshe where he teaches about communing with the technology and that we are all plasma energies
 - The galactics are here all ready – all over the planet – Rama has seen them in the WH & saw them disappear into invisibility as they walked down the hall

Ahalya: asks for an overview of who Rama talked to

T: Rama heard the story of a lady on the Leslie Marshall show– she is from Syria and witnessed 3 stargates manifest: one was in a temple, the other 2 were

- saw golden robed beings with white auras and other blonde-haired blue eyed ones who looked fair and felt foul; she was hiding & was able to observe and not be observed.
- R did not talk to her – only heard what she said: she did not use her real name.
- Has been a resident of Aleppo for her whole life; called from there: no details on that.
- She wants to get her city back to “normal” - it looks like Hiroshima
- R talked to **Tom the Cat, Larry, Curly and Mo:** a whole pile of distractions going on here – have to get into the underbelly of all the events, and remain calm
 - Mr Hair is pushing his authoritarian agenda

- maybe that is why Obama issued his Executive Order about the orderly transition of power after the election.
- Cleveland is where the Republican National convention will be held – talk of a blood bath
 - the Bushes, McCain, Lindsay Graham, Mitt Romney and others – **not going!**
 - Bob Dole might go for one day
 - Dick Cheney endorsing Trump,
 - Paul Ryan said he didn't know if he could endorse Trump – **T: Ryan is a criminal!**
- In 2008 at the DNC convention, Dennis Kucinich kept shouting “Wake up America” for 6 solid minutes!
- Yes, Bernie is a Venusian and is fully protected!

Ahalya: lives in Hudson Valley, NY – people were disappointed yet in a quiet way people are working to show how H-illary stole that election

Lee Camp [Redacted Tonight] talks of one of the people involved in the election fraud -

We have to stand in our power and GET ACTIVE.

BBS RADIO

MOTHER SEKHMET AND ALCYONE [M/A]

Greetings in the Light of the Most Radiant One. In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

Greetings, Children of Ra:

- Indeed, shuttle craft are right here: just a matter of nano seconds before everything is revealed: and the nano seconds are right now which is why everything is in chaos and up in the air. The dark ones have nowhere to go except to love – and they simply cannot do this: they have made their choice. Let sleeping dogs lie and people reading the morning paper alone – they will get theirs. The sun shines on everyone; it doesn't make choices. They have made their choice– let them live with it – Enshallah
- They have to face what they have done which is so many war crimes across the people of this planet and other planets; all the stories get told so there is closure and healing for all concerned: the highest good. The issues at hand are great, yet peace prevails:
 - Bernie is the answer – only logical choice to bring peace at this time

T: Hillary just put out \$90 Million for ads from now till the elections; she doesn't have that money, they say - so how many promises did she make to how many people for that?

M/A: You don't want to know

T: The assumption that Bernie just needs to get out of the way; Bernie is not going anywhere.

- Neat that Rachel Maddow went to Bernie's land – beautiful
- In the meantime, they are watching something that Bill Maher produces after each show – going to where the bomblets are Cambodia, Laos and looking at people minus eyes and arms

M/A: and the West Bank, and Gaza – the largest open air prison on the planet – they would like to do this to all of us. Yet something is in the way and it is called “us” and they are not going anywhere. Here to stay. And the stories get told of all the brotherhoods, sisterhoods

from the tiniest ant people of Orion to the greatest heroes throughout the galaxy. We are all here.

- All of it is in this moment of such magnificence; it is a blessing! Such grace – to be here at this time in a body and to experience the frequency shift where we go from limited consciousness to and see Lord Krishna in his universal form: what a gift - looking at ourselves in our universal form that is what is taking place. There are spots where we need a little polish and shine, yes – but this is how we help each other
- In the realm of infinite possibilities, we have already made it. She keeps saying - it is about the rainbow rays to Asgard and the frequencies that have lifted us up as we experience the new moon in Taurus. As we approach the Goddess Day: Sun – day - honor the goddess in here [High Heart] that is the way of salvation, home, not the false stories that are being preached at the moment. There is so much to be grateful for that we are experiencing at this time and yes, we will say it again - they took Prince out – he knew too much

T: they were trying to say he was addicted to Perkadin – needed a 2nd hip replacement – his friend of 38 years said he needed the other one done; Rama needs to ask his people more about it.

- Tomorrow there will be a service up there in Minnesota; Stephanie Miller and John Fuego are going – hopes to see it televised – will be so many there

M/A: Yes it is so much of this moment to be so grateful to be in the NOW

T: was watching history about London in the 14th century, the 1300s – the time of the bubonic plague; narrator said there was no sanitation at the time; when someone got the bubonic plague, the whole house was shut down because everyone would die from it.

- The lesson was that people have to learn to work together. There was an ambitious young man – Dick Wittington and his cat – he made a lot of money and started building public toilets around London and created public sanitation **[SEE BELOW]**
- some 30,000 people a year die of bubonic plague to this day and we have interesting characters who have made up plagues: AIDS and ebola, for example
- the zika virus calcifies the brain in babies

M/A: it is about removing us from the planet; and she must say that they are the endangered species. They are not aligned with Love; when you are not aligned with Love, it is very difficult to be here at this time, to be in this temple of the goddess on this planet. She is rising to the occasion and the goddess comes first: we are returning to a matriarchal society where the council of the great mother decide how things get governed.

T: Aren't we evolving in terms of our DNA and we are also learning how to access the junk DNA

M/A: It is the story of the extra strands of DNA that makes us so unique: we lend a hand to each other with unique gifts and abilities to aid each other, rather than destroy each other. As we were to work together, it makes things more awesome the morphogenic field cannot be stopped; it is the law of the frequency shift: the Force has called the shots and is making it so

- As we wish to work with the Force, we allow ourselves to get embraced with that frequency.
 - It is in this moment that serendipity, the natural way, is how this happens. So many are engrossed in daily activities of how to focus on survival, yet this goes beyond survival at this point
 - It is that we are in such magnificence and joy, yet it is very much a challenge to see it and she is saying set aside all the other issues

T: A hard news item: just beginning to tell how many people have died at Hanford, WA –having real trouble as there are single walled and double walled structures; the leaks are coming from the single walled structures and now the double walled structures are leaking

- in order to repair it, people get hit with the radiation and are getting really sick
- they are trying to say the radiation is not in the Columbia River which is part of the Snake River and it crosses over at Jackson Hole and goes up to Canada – the waterways

have radiation poisoning in them that is not being discussed.

M: Lord Michael knows what to do

T: And we are still all breathing Mother: has a feeling in her heart that something changeful is coming

M: It is right now - Yes

T: as Ross said on the conference call, there are not too many people including his roommate do not thing that what he might say about this would be sensible, much less real – need to have whack-whack in the face, decloaking right in front of them!

M/A: for so many generations now, the stories about magic and the mystical aspects and the legends and tales of how we interacted with the people, with the fairy lords, the hobbits, the dwarves: they are all real stories. The 9 realms spoken of in stories of Odin and Thor are real places.

- The issues at hand are because the powers that have no power want to cover up the creators of magic and beauty and joy because it causes physical pain to their hearts which are closed; they cannot withstand that pain and they act out in a vicious, outlandish manner because the pain is so great – they would rather die than accept the love coming in. That is their choice and so be it and so it is.

- This planet is ascending with her people . . .

T: we need to plug the hole, Mother!

M/A: The hole is getting plugged. Already it is, and it is about sharing the simple joys of the wisdom, the holiness of this time.

- In the background: visitors come to see T & R

- The frequencies that are in our midst at this moment are so magnificent to behold; it is only about bringing in the love at this time for all beings. It creates a way in which the legends and stories, the naqual path that can give us the wisdom to travel the good journey roads, the Good Red Road on the path to Asgard, the rainbow bridge. This is what is transpiring at this time - it is in the best interests of all concerned to work with these energies at this time.

M/A: what she can say about the present moments: be in joy, be in graciousness of what has been brought forth. There is so much that is transpiring with love; it is a challenge to be here and to also be in these moments of such dichotomy of conversation, where all is a bit challenging for everyone concerned.

- And she can say honour all paths, all frequencies and, as we are working with the higher frequencies of love, it changes the whole story right now. So much that is coming to pass is very much in our midst of joy and great love.

Greetings – yes, she's done

T: Mr Putin can come out any time and announce Full Disclosure!

M/A: Yes, she very much says that Putin is giving the world hope by doing a concert in the ruins of Palmyra; this is about out of the ashes of war comes the Phoenix Rising, the peace story.

- This is what is transpiring as we find ways how to work with the energies that come out of the naqual path. Don't look for them – they just show up.

- Greetings in the light of the most radiant one. Kadoish, kadosh, kadoish, Adonai, Sabaoth

R: was at Mt Adams, for some reason! In Oregon working with the energies of that mountain and the frequencies of the ships in that area

T: could be they are working with the radiation leaks? Can you see the energies of any change?

R: big change! It is huge!

T: So people like Hillary and Trump are concerned about the changes and want to stop them?

R: They are fruit flies compared to the energies pouring in – they have to ride with the tide

or they will cease to exist!

INFORMATION RELATED TO THE NOTES

2016-05-02 Is it time for Pope Francis to confess to involvement in Argentine dirty war and resign

by benjamin fulford

The gnostic illuminati and the US military have both told the White Dragon Society that Pope Francis must resign because of his friendship with former Argentine dictator Jorge Videla and his involvement in Argentina's dirty war. The resignation will be the trigger for a series of dramatic changes in how this planet is run, the sources agree. "They will be writing about this thousands of years from now," predicts gnostic illuminati grandmaster "Alexander Romanov."

Romanov also said that Khazarian top Mafiosi Heinz (Henry) Kissinger had died and that there was nobody to replace him in the Khazarian power structure. We been told many times in the past that "Kissinger is dead" only to have him appear in public shortly after we published the information. So, Mr. Kissinger, if you are still alive, please appear somewhere in public to be photographed and filmed. If he really is dead though, this would be a huge breakthrough because Kissinger has been the man behind the 60-year Khazarian mafia hijack of funds meant to be used for the benefit of this planet.

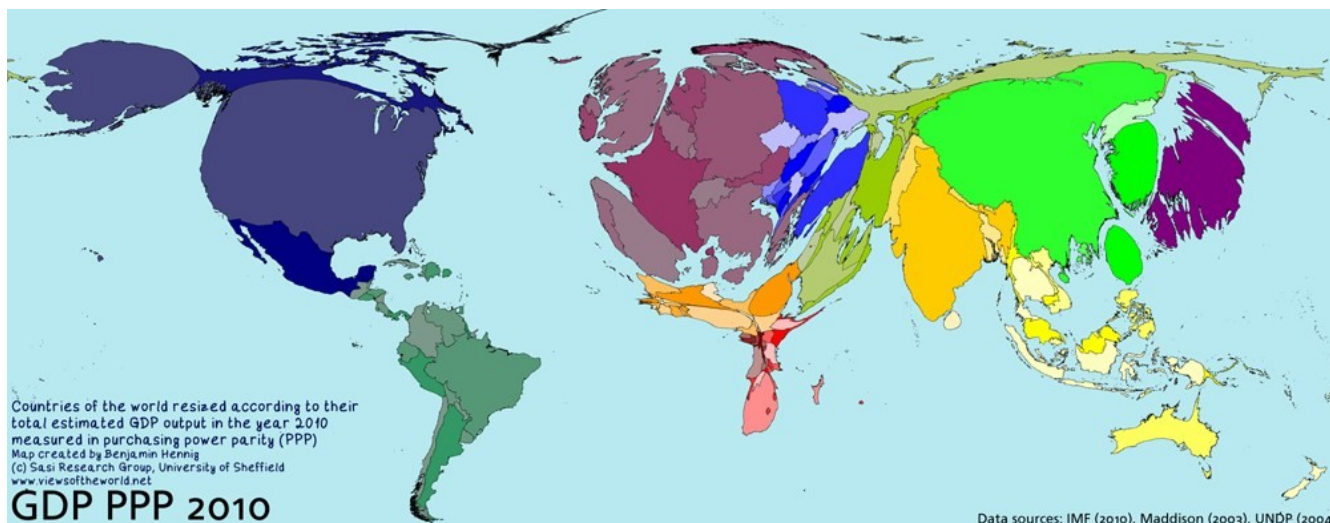

This could also be why veteran career CIA and State Department officials are now handling the gold negotiations with the Dragon family in Asia, WDS sources say. The gold is already available so, the delay comes from the people controlling the dollar printing (or inputting) facility. There are multiple meetings going on about this issue, especially in Washington DC, and these in turn are connected with the talk about having the Pope resign and Kissinger removed from the scene. More meetings on this issue continue this week.

In any case, if you look at the following links you can see very clearly that, as far as the real world is concerned, Khazarian mafia control of the economy is finished. The first is a map showing in red the countries enrolled in the Asian Infrastructure Investment Bank or AIIB. You can see that apart from African nations and the Americas minus Brazil, most of the world is already on board.

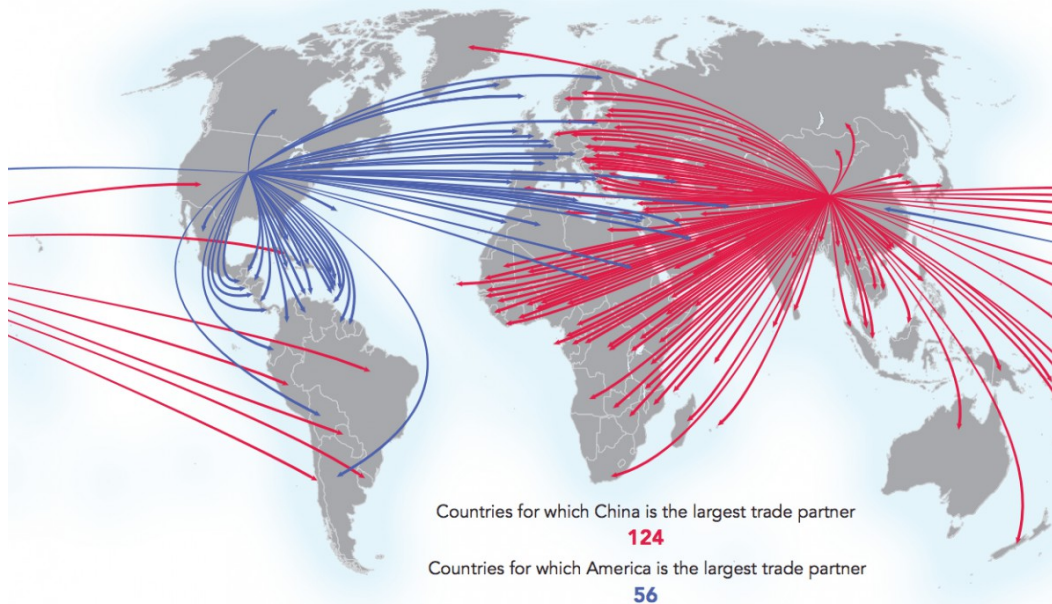

The next link shows these countries in terms of purchasing power parity (real) GDP. Again you can see the AIIB countries are overwhelmingly large in the map. The US looks huge too but, people who know the real world know

that US GDP is exaggerated by about 50% through financial fluff (numbers in bank computers not connected to reality) and fake statistics so, you need to imagine it half that size.

The final link shows countries that have China as their number one trading partner versus those that have the US as their number one trading partner. Again you can see China has more than double the US in influence on the real world of trade.

What this means is that if the AIIB countries decide to stop accepting the US dollar, then it is game over for the Khazarian cabal in the US.

There will be an Asian Secret Society and WDS meeting this week where this will be a major topic of discussion. The WDS will propose issuing an ultimatum to the dollar controllers to either accept

the future planning agency and gold deal or else be hit with financial Armageddon. Of course, in order to prevent world war 3, the US armed forces and agencies will continue to be financed in such an event. However, they will be asked to clean out the criminal filth infesting Washington DC and New York.

In fact, Pentagon sources tell us that the White House was under lock-down April 26 and 27th "as special forces led by [General Joseph] Dunford entered via tunnel to demand resignations." We can confirm there was a lockdown of the White House those days, officially because of a "fence jumper," but President Barack Obama has been in public since that time so we are not quite what resignations were demanded. Since Obama is just a house slave, this possibly ties into the Kissinger information above. Time will tell.

In any case, there are signs financial Armageddon is coming anyway. On May 2nd (today) the US de facto state of Puerto Rico is about to default on a bond payment, which will trigger a systemic breakdown if it is allowed to happen. No doubt there will be some last minute kick the can down the road maneuvers on this. However, Atlantic City is lined up to be the next to default. After that will come others until the dyke can no longer be plugged.

As detailed in previous newsletters, most of the big US and European banks are already zombies, supported by nothing other than cooked books or illusions called "derivatives" that exist only inside bank supercomputers. The fact that Goldman Sachs has started up a retail bank with minimum deposits of one dollar shows how desperate they are to get real money, Pentagon officials say. The Federal Reserve Board owners are still also trying to organize a bail-in which is a polite way to say steal depositor's money. That is what three former Fed chiefs, Paul Volcker, Alan Greenspan and Ben Bernanke discussed with current chief Janet Yellen, Vice President Joe Biden and President Obama at a recent meeting at the Rockefeller center, according to several sources.

This is not going to be allowed to happen. The gnostic illuminati's Romanov says that "if we have to kill 6000 people to stop it, then that is what we will do."

It also appears the Khazarians have already stolen whatever they could from Saudi Arabia. That is why workers from the Saudi Binladen construction company torched buses last week in frustration over not being paid wages for over 6 months.

<http://www.veteranstoday.com/2016/05/01/saudi-binladen-workers-burn-company-buses-in-makkah/>

There has also been a 90% drop in the number of foreign mercenaries working for ISIS for the same reason, lack of pay.

With little left to loot from Saudi Arabia, the Khazarians are now desperately trying to take over Brazil "not just to control oil and minerals, but also the vast freshwaters of the Amazon and the Guarani aquifer," Pentagon sources say. The Bush family and their Fascist Korean Moonie friends (UN Chief Ban Ki Moon is one) bought their big ranches in Paraguay because they lie on top of this aquifer. This is one of the best places in the world to develop new agricultural land.

US Vice President Biden last week tried and failed to convince Pope Francis to stop backing beleaguered Brazilian President Dilma Rousseff. Instead, the Pope helped organize massive May day protests in support of her. Perhaps that is why suddenly two separate sources contacted this writer last week with information about Pope Francis' alleged involvement in Argentina's dirty war.

It looks very much like the Nazi faction of the Khazarian mafia wants flee back to their old South American haunts before too many Americans wake up to the crimes they have committed against the United States. It is already too late for ring leaders like the Bush/Clinton crime family to flee. They will have to face justice.

Another sign things are not going well for the Nazi faction is that Gerhard Schindler, the head of Germany's BND foreign intelligence agency, was fired last week "because he lost control of the Panama Papers," CIA sources say. The law firm at the heart of the Panama Papers, Mossack Fonseca, was a BND asset, the sources say.

If this is true then the next big Panama Papers data dump may expose many senior Germans as well as the Bush clan. Perhaps even the general public will finally be told that German Chancellor Angela Merkel is Hitler's daughter. This exposure by the Americans may be one reason why the Germans are looking East to Russia and away from the US.

The other people looking to the Russians now are the ASEAN countries who have begun military cooperation with Russia as a hedge against China and insurance in case the impending US bankruptcy creates a power vacuum in the region that would be filled only by China, CIA sources in Asia say.

The upcoming United Nations Permanent Court of Arbitration ruling on a territorial dispute between China and the Philippines is expected to rule against China because China does not recognize the court's jurisdiction, several sources agree. In that case, the US military will use International Law as a pretext to seek cooperation with ASEAN and Russia to contain China. The only problem with this US stance, Chinese government sources point out, is that the US itself also does not recognize the tribunal. Nonetheless, a court ruling would give the US military a face saving and honorable pretext to justify its pivot to Asia.

Yet another group seeking Russian protection are the Japanese. That is because the regime put in place here after World War 2 is entirely reliant on the US. If the US goes bankrupt, that regime, mostly run by North Korean proxies, will be quickly overthrown by the native Japanese, sources at the Three Legged Crow secret society say. They point out that the current Emperor is not the real son of the Emperor Hirohito because Hirohito did not want to have his real son fall into the hands of the Americans. The real son is now head of the Japanese underground opposition, the sources noted.

This is why the current Japanese government is trying to include Russia in the G7 meeting in Mie Prefecture later this month (not in April as previously reported in this newsletter). However, the Russians correctly view Abe and his regime to be Rockefeller and Rothschild slaves and are unlikely to support them, Russian sources say. "The G7 people about to gather in Mie are terrified," illuminati "grandmaster Romanov" says. Romanov noted the illuminati still have one stolen Kursk nuclear weapon and will soon decide how to use it.

Aside from the fiat monetary scam and bloodsoaked petrodollar, another significant source of funds for the Nazionist Khazarian Mafia is the "healthcare" industry which [registered a whopping \\$3.09 trillion in 2014](#), and is projected to soar to \$3.57 trillion in 2017, in the US alone. We believe that this is just a conservative figure.
