Introduction

IDEAS For Us is a United Nations accredited organization holding consultative status as a registered 501 (c) (3) charitable organization in the United States of America. We have been recognized as a leader in environmental action by the Obama Administration and our efforts to leave the World a better place have been personally acknowledged and congratulated by former President Bill Clinton at the 2013 UCF Commencement Keynote. IDEAS For Us is a youth led sustainability movement dedicated to taking action for a sustainable future. We continue to expand our scope and develop solutions by educating, engaging and empowering youth around the World to take immediate action. We specialize in bringing stakeholders to the table to develop solutions to the energy, water, food, waste and ecological issues facing humanity in the 21st Century.

For the International Youth Council of Sri Lanka, IDEAS For Us will conduct a two and halfday, 13 hour training event using lectures, break-out sessions, and multimedia presentations. The conference will train youth to use IDEAS initiatives and action projects as leadership training centers for students to advance their own communities economically, socially and ecologically. IDEAS For Us will provide conference attendees with free access to all of our planning documents and resources to ensure they put our methods and approaches to the best use possible. It is our goal to not only explain the concept of IDEAS, but to teach the methods we utilize in a simple way so the young people of Sri-Lanka can lead and organize for action effectively in the future.

VENUE AND DATE

Date : 24th & 25th of August 2013
Venue : MIMT, Thulhiriya, Sri Lanka

MIMT serves as a 'One Destination Solution' to all training facility requirements and is a company fully owned by MAS Holdings. Situated within Sri Lanka's first apparel intensive private free trade zone; MAS Fabric Park, MIMT offers a range facilities needed to carry out diverse training programs. Established in 2007, MIMT has grown to be the most widely used training destination by private corporates in Sri Lanka and is the country's largest residential training center. Patronized by the top blue chips of the Island in addition to government organizations and NGOs, MIMT's umbrella of services is both unique and unmatched. <http://www.mimt.lk/>

Benefits for Sponsors

We are collaborating with the local school to provide education for disabled and orphan children. The local school is geographically located on an excessively steep hill, which disabled children with complex and multiple disabilities cannot access, so some parents are currently physically carrying them up the hill.

And we are also working on social responsibility and Eco friendly projects, sustainable solutions for companies and universities. We have partners from Florida (USA), Kuala Lumpur (Malaysia) & Bangalore (India). And we have branches from 31 countries worldwide.

- We ensure your organization will attract quite an audience and get brand recognition locally and internationally.
- Your company will be recognizing as official partner of International Youth Council – SriLanka
- Your sponsorship not only allow these orphan & disability children to build a future; it also helps their families respond to their needs, thus allowing them to be autonomous!
- Through sponsorship you are guaranteeing that a child can live with dignity and you are helping in a positive manner, without the risk of upsetting his or her social and cultural environment.
- Your sponsorship will help to develop the sustainability of SriLankan environment.
- **Can send your representatives for the conference, at end of the event they will come up with sustainable action plan for your company.**
- This is an ideal opportunity expand your market level to world arena.

The length of your sponsorship is open and without commitment. The collective nature of Humanism's sponsor donations means the decision to stop. If we all work together, the Rebuilding Initiative will be a success and a greater number of young people can be empowered by the IYC SriLanka. As IYC SriLankan chapter gears up to showcase our pride on the world arena, we seek your support.
