HARD NEWS

Natasha talked to Rama today

- Talked about Barack and what he did:
- things have been speeding up in the first place, in earnest at Harmonic Convergence [August 1987] and that led up to 11:11 and Earth Link 88 [Feb 13th] and on Cinco De Mayo – on 5:94 there was another quantum jump that people did not know about
- In 1990, Asthar told everyone we are starting walk-in processes;
 - the light community lost its way for quite a while, and the dark was planning secretly to pounce on the Light community.
 - In order to preserve the physical bodies of the light workers, help was needed: in Santa Fe, for example, chemtrails have been raining down for 30 – 33 years: started on harmonic convergence
 - they did walk-ins to bring in another soul that might be able to do a better job with the physical body – that is how serious the problem was back then
- in 1999-2000: the Hopi prophecy was supposed to come to fruition, and Y2K which was about all the computers not being in sync with the year 2000, the turn of the century, and things were to shut down: but the real truth was that time was speeding up – the Hopi prophecy didn't come into its fullness at that time because the lightworkers were not ready – there was a snow job
- for the whole of the 90s – HRC took over for the Bushes as Bush Sr had done heroin for so long;
 - there were 34 clones made of him in 1991
 - and the Democratic party NC ceased to be a party and became a corporation
 - The Republican party was a corporate fascist nazi state – can't remember when they weren't!!
 - Eisenhower was the last good president
 - if Barry Goldwater were alive today, he'd be tarred and feathered
- The Reps have gone so far to the right
 - Donald Trump is an archon in a body and won't be long for this world:
 - Archons are ancient, ancient lifeforms who were here when the Watchers were here with Mother. They are immortal beings that can last for millions of years – just transfer consciousness into the next body – never day.
 - But after 1/3 of the angels fell, lots of convoluted stuff happened – the archons were some of the Archangelic lifeforms that fell when Luciferia fell
 - Trump was one of them in those ancient times – they feed on negativity, fear, absolute control over others; the over-confident, blown out-of-proportion ego –
 - Trump IS afraid of women and he has been to see the DC madam's facilities – 10x.
 - David Vitter – 15 x; John Boehner 22x;
 - in the 90s Saddam Hussein had a list miles long of those who committed fornication – group fornication – all kinds of horror stories!
- The **archons** have a lot more power; they have been deeply embedded secretly and using that power which is a real violation.
 - She's been listening to Meet the Renegades program – people who have stepped out of the goose step of the rest of the country
 - the guy is on Max Keiser a lot: talked about the prophets' generation which has been completely babied – had the opulence of the opulence; some went to college for free; parents did well; could still live in a middle class neighbourhood
 - Once the 60s came, things hit really hard as our heroes were killed –
 - In the 70s, countries went off the gold standard to the petro dollar –
 - In the 80s, the money stopped at the time of Reagan – no more school for free, and the costs of everything shot up exponentially; hourly wage was down to \$7.25 or

less from \$15 / hour

Caller: Bernie said something very evident: we are not quitting and if Hillary thinks she's got it in the bag, she should think again. What is the status of e-mail situation? Will she be indicted? Or will it be too late and will she run the gamut of running against Trump?

T: this question to **Natasha:**

- the e-mails will not go away; the story behind the scenes
- yet the feeling of the quickening has to do with the rest of the answer – HRC will have to do a deposition: will happen immediately if not sooner: talk on the radio that it would be July, yet she will have to depose herself publically
- Trump will play with this & say she's not a viable candidate

- what's happening is **they are speeding up full disclosure:** COR said it that there would be *more fake stories, programmed Light worker reports*, like the one from AA Michael – called "Prophecy regarding by someone called Christine Preston who said Trump will be president – won't happen! The Archons are the targets to take down!
 - Hillary represents the epitome of Nazism in the US with her death squads – this requires movement so this means things are really speeding up – maybe we have 5 hours in a day!

Caller: at WH yesterday, Barack & Michelle had several visitors from Star wars family – is this a good indication that disclosure is on the way.

T: Natasha said Full disclosure is coming close – she called it the 5th element

- the technology of Dr Keshe magnified: has a bubble he can put over a war scene and stop things [a forcefield]
 - Michelle was on NCIS on Channel 13 – PBS, 7:00 MT; she played a role of being in the WH and in the Oval office; some man saved a girl from being molested: she was in the Oval Office honouring the man who saved her and presented on the air that this was a good thing to happen
 - THE FACT THAT SHE WAS IN THE OVAL OFFICE IS ANOTHER HINT – don't be surprised if she ends up being president, and Bernie knows all about it
- the biggest reason HRC's email will not go away – has to do with the secret space programs and the secret space command of which ET Corey used to be in, on the dark side
 - the emails go into the level of cosmic clearance, and the State dep't gets involved and other agencies connected with the programs etc: the Skunkworks and the MIB get involved – why she is in so much trouble.
 - Ed Snowden, Julian Assange know all about it: and why the e-mails are so important – because they talked about transferring goods and personnel to star ships & Hillary was directly connected with that stuff

From Commander Randy: was there an explosion in Area 51; did it happen in the non-human area, way below ground? Were the underground bases being taken out in Japan, as per Benjamin Fulford?

R: changes are the deep military underground bases [DUMBS]

- believes they are being taken out by the forces of light
- not sure what Fulford is saying yet ultimately they have to be taken out – Dr Greer brings this into his operation: they are unacknowledged black operations – where hundreds of thousands of trillions get disappeared – all kinds of stuff from DARPA, Raetheon, General Electric etc
- It's another reason for not having Trump around
- Bernie is the only logical one – the media is in bed with the 13 families so we don't get the real news

- Putin had a classical concert in the ruins of Palymyra today to honour those who lost their lives in Syria– there has been a cease fire, except for Aleppo
 - Aleppo was attacked and all sorts are dead: does not believe was Al Assad – think it was the Black Ops & they are probably controlling him and the media
 - they attacked innocent men, women and children who were camping outside Aleppo – they were killed on purpose!
- About the E-mails: in the cosmic clearance part – she is engaged with e-mails describing the supply, the personnel, the star ships of the dark side
 - There were commanders from the dark Sirians, the dark Orion war lord forces from Dracos, and the dark fire dragons who have been hiding deeeper since the beginning the 1/3 angels have been inside earth's core, have been hiding from intergalactic bounty hunters – the good guys of the Ashtar Command coming after them
 - Mother Tita Lacoria expelled some of the dark ones from underground hiding places – this started with Harmonic Convergence
- Trump said in his first 100 days, will get rid all the muslims – in response to news that London has elected a Muslim mayor
- Some of the dragons, over the last 10 – 12,000 years have made deals with secret space commands and eventually later with the secret gov'ts on earth
 - The plan is retrofit the whole earth to be reptilian; this is where the intention of the 13 familes has been to reduce the human population to under 2% and bring in all their dragon friends.
 - They can't because we are ascending in spite of what they may try to do
- This is not the time to sit back and wait for something to happen; time to be more active!!
 - Talks of a friend who printed out NESARA announcements on golden paper and went to South Bend, Indiana, handed them out at a Bernie rally; people there said other people were handing this kind of info out too. Go for it!

Caller: Michael Moore is in Flint Mn as well as Obama who was assuring people that the water was safe; M M did not agree with that – what 's happening?

- Barack was stating that the Federal Gov't has a bigger obligation now because the state is not helping the people; he did say the pipes would be changed but it would take a long time; he did say to use the filtered water – MM said no & they were told NO too
 - Rachel's show: In some houses, the water was off the scale: the filters did nothing
 - in other areas, the filters did help
 - Until the fat lady sings – and BO is a double agent – just have to keep going

R: Gov Snyder was booed when he got up: a matter of moments before he is arrested!

T: and a whole bunch of other people across the country!

MR: is it true that special forces led by Gen Dunford entered the white house and demand the resignation of the pres?

R: NO DID NOT HAPPEN!!!

MR: Omena will be back shortly – 860-454-5384 – can call and get a reading.

BW: the ROTC would have to battle little green men and armies made with robots

R: they are trying with technologies to create robot armies and insert soul matrix in those bodies – will not fly, as this is not in line with the Law of the One. No matter what they do to merge artificial intelligence into android bodies This is not done in the light of the Office of the Christ –

- they are playing with the most heinous of technologies right out of Mordor
- our cops are 2 steps away from looking like Lord Vader's cyber-borg police – we are already down that road: they have to go bye-bye and Yoda is here with all his friends.

Natasha: the archons, the fallen angels, claimed earth a very long long time ago –

- from the time they thought they were so smart and destroyed the sun system 450 billion years ago – the Darth Vader story of today goes back to then
- Since we are all one, and there is only present time; his story in linear time is past our comprehension and it ripped the space/time continuum from 450 Billion years in the past and 250 Million years in the future – the Wingmakers came back to tell us
- these energies are starting to pour in – they not going slow:
- they had no business claiming earth in the first place, and Mother always gives them enough rope to hang themselves.

- and now, the Consumer Financial Protection Bureau that Elizabeth Warren is using to stop the Panama stuff; she got on the podium and said “have I got a story to tell you” and she introduces Mr 19.5* and he gets up and tells of being the 9th member of the Sirran Council
- R:** as that type of hypothetical scenario were to come down - and there are many irons in the fire and he would not hear of it unless it were being cussed and discussed around roundtables!
- in that scenario, Mr 19.5 would tell the whole story of Mars, Laura Eisenhower, the other people – and since there are no secrets and we are all one family, this would help us all heal from the PTSD that we have all suffered for how long? It will be a global healing for everyone, as it fills in puzzle pieces that are light years wide and helps people grasp how they fit into the story and as these things get healed, it heals everything for all of us, and we don't have to go down the timeline of leaving this planet which has already been cancelled.
 - The way he gets it is that it may begin as soft disclosure, yet it moves right into full disclosure
 - this timeline has already been changed; the fact that they are telling us this means that means they know something T & R don't know
 - We are watching a tv reality game show host run for the oval office and he won't make it
 - he's rubbing elbows with major crime families - he's a mafioso boy and a half – his big partner for the last 20 years has been Hillary Clinton and they do human & child trafficking TOGETHER and they have plotted this together
 - as the nanites that have been uploaded in to the satellites around the planet - when they get the signal from the amino acid computers on the ships, things start happening, – then Warren may do what she has to do, and Obama does what he has to do to tell the story, and Keshe does what he has to do to seal up certain parts of the planet along with other contingency forces & drop down the forcefields

KOS: brief chat with R:

- just said that what Putin did today by coming to Palmyra and uplifting people's spirits- in such a place that looks like Mordor gives them hope -
- Better to do things like this instead of spending millions of dollars on BS on the major networks – NONE OF IT IS VALID! It's all BS!
- KOS said we need to do more things like James Tyman does: group meditations of countries involving entire countries and land masses to raise energies
- the classical musicians, and the conductor played the violin: could see the Russian army sitting there – they were young people; there was a really good feeling there: a sense that things are going to get better

• Full disclosure is on the cusp of happening– yet there are no dates

MR: Daniel Brinkley gathering people and many others like this are fostering good energy to negate what is on the media. James Tyman – and lots of others

T: Dr Greer has been mentioned as connected with Benjamin Creme:

- the radio at the University of NM did a commercial about the return of the Mahdi and Greer was included as part of the contingency forces to bring this to fruition -

mentioned by Benjamin Creme

- DO NOT BUY THAT DR GREER DOES NOT WORK FOR THE LIGHT; **A COMPLETE LIE – He is a double agent!**

MR: question by e-mail: will Kuchinich still be head of the Dep't of Peace?
YES!!!!!!!!!!!!
