SAMPLE LETTER:

Here is a sample letter. The key points are in the sample, but please customize your letter, depending on whether you are a parent of a future/incoming PS199 student, a parent of a current PS199 student, or a concerned neighbor. Thank you for taking the time !

Dear "Recipient Name":

My name is "Your Name". I hope to enroll my four year old daughter in PS199 in September 2009. We have been looking forward to her attending this wonderful public school. I am writing to let you know that I support DOE proposal B which moves the Center School out of the PS199 building.

Unfortunately , since city planners did not think about where they were going to send hundreds of children to school when they decided to build 5-6 new high rise apartment buildings in the PS 199 zone, I have no choice but to support moving the Center School to a new location.

Hopefully city planners and politicians will learn a valuable lesson next time they allow real estate developers to build massive high rise apartments without having the responsibility of funding classrooms or new schools to accommodate the influx of new students to existing schools as a result of new construction.

I thank you for reading this and for addressing the overcrowding at PS199. It is a fantastic public school that I chose for my daughter and specifically purchased an apartment in what I thought was the catchment to ensure a good education for her.

Thank you for your time.

Best regards,
"Your Name"
