HARD NEWS

R: we are watching the empire in all its glory and Lord Vader's storm troopers do what they do best: killing people

- People are waking up; there are world wide protests about what happened in Minnesota and Louisiana
- All lives matter, no matter the colour
- Talked to **Rama Mu, LM Nada & Dodi:**
 - the original story goes back to the inception and we intended to do this story with dignity and respect
 - the woman today said I can't believe you killed my husband – and she didn't get angry.
 - They would not have been able to protest: there were many cops
- In the case of Alton Sterling, there were at least 3
 - the store owner did a 2nd film, another person unidentified filmed the first one which was also cold blooded murder
 - an expert in forensics said just because someone has a gun doesn't mean you have the right to kill a person
- Amy [Democracy Now] said the policeman took something out of his pocket after he was already dead
 - He was pinned on the ground already and the police man who said he has a gun, caused the 2nd cop who was pinning him down to pull out his gun and shoot Alton many times
 - the store owner said Alton was a good man, a family man, friendly, always with a smile - no arguments of any kind
- The one in Minnesota served lunch to 500 kids at the Hills School: all the children were his adopted children: called him Mr Phil
 - He was like a Mr Rogers with dreadlocks: he broke fights up just because of his good energy and people would talk, not fight
 - His beloved was in the car, as was her daughter in the back seat; she started filming what was happening – the policeman was told he had a licence to conceal & carry. He was asked to show his licence and when he went to get the paper from his pocket, the police man shot him 4x in the arm – shot the arm off the rest of them - and he bled to death in the cop car and no one was allowed to come to help – she recorded it all on her phone!!!
- These 2 events happened within 24 hours

R went **to talk to Rama Mu, LM Nada and Dodi**

- it's about the next evolutionary leap in consciousness that's happening exponential for all of us – it is also affecting the dark ones, wh don't know how to handle it; as the energies go up unabated, they will continue to act out even more: we need to send more love to the situation
 - the energies are ampin' up, thanks to the celestial beings, all the ships are coming in through the portal of the sun; the wingmakers once again – he has 3 youtubes showing this – and NASA tries to cover up what cannot be covered up
 - all these things are going on at the same time: the increased levels of frequencies, the tensions all going up
- **Stephanie Miller** calls Trump “Orange Hitler”; he keeps pushing the agenda of Lord Vader's ultimate plan for the planet; at the same time, people are saying this is the line[in the sand]
 - even Obama who said he would pull out his support for her provided she brings up the TPP on the Democratic Convention – he said tonight: this is an issue that we have to talk about this – across the nation, as this involves us all
 - just because the 2nd amendment says we have a right to have a gun, doesn't mean you need one if you're off balance in any way
 - Also, the police and agenda that has to do with white supremacy and 911 and CIA

duh – and ISIL – this is an agenda started by the Project for a New America - first it was Islam, then black folks, then people of colour and then the fake ET agenda

- the police do not work for the state, the fed or the municipalities
 - they work for the UN which works for the 13 families: the agenda is to kill as many blacks as they can

- **Thom Hartman:** we would never have known about Baton Rouge if cameras weren't in phones!
 - there are cameras on the cops who said that the cameras had dropped – and there were no other witnesses at the time
 - the fact that Diamond, the fiance, filmed this is an act of great courage
 - a lady on **Thom Hartmann:** time to change the culture in US – no guns for police and no guns for people! This is the only country on earth that has this problem
 - She was asked about hunting: and she answered why do we need automatic or semi-automatic weapons?
 - She also said that **meat provides no benefit to people** – only creates putrefaction in the colon – human beings are classified as herbivores!
The talk of raising vibrations and not killing animals for food is another story
 - Yesterday, when this happened in Baton Rouge: a man called in to Thom
 - told the story of a call that the police were to go and break up a brawl at a KKK event; when the police got there, they said all of the people were going to be arrested – so all the people present except 2 pulled out their IDs and they were ALL POLICEMEN! THE KKK WERE POLICEMEN – the 2 who weren't were arrested.
 - so yes, there is a problem!
- There have been demonstrations across the US about this whole event.
- **Mr Comey, head of FBI,** was interrogated for hours by the Republicans
 - there was enough evidence for what HRC did
 - it was seemingly a cover up R YES IT IS A COVER-UP

CL: read on the net that when Bill Clinton got on the plane – Kissenger and others were there too while Hillary was standing by waiting for the 'go' signal

- spoke very clearly about Kissenger being on the plane – will try and find the article

T: that is outrageous from the get-go!

R: Hillary arranged for this with trillions of dollars of payoffs **because if Hillary goes down, they ALL GO DOWN [info from Rama's sources] and they know it!**

- This was bi-partisan, meaning everyone in Congress and Senate, except the 64 good members, WERE ALL PAID OFF: across the country and across the board and across the planet including judges and lawyers
 - the Saudis helped pay this off too: they have to have Hillary in there because this all goes back to 911 being an inside job; they don't want that information to get out!

R: this goes back to the stargates in Baghdad and the Buteci mtns in Romania and the time capsules with the Wingmakers – all tied in with the Wingmakers who are coming in through the portal in the sun:

- NASA is freakin because they cannot stop it; the sphere alliance/blue avians are also here!
- We are leading up to something with the increased level of

Ben Fulford: putting it out that HRC was on Air Force one with Henry Kissenger along with Barack Obama – since Hillary and Kissenger are Rockefeller stooges . . . surrender or die!

T: they are lying through their teeth – it's all F 2 news – all criminal activity – they have no power

- and Obama is a double agent: the guest on The Big Picture said Obama threatenend Hillary behind the scenes and said he would withdraw his endorsement if she did not keep the TPP off the table & the delegate platform

- **this is a complete lie – these ones want Obama Dead**

The Situation Report: - CL reads some more from this report.

T: AGAIN ALL OF THIS IS FACTION 2, INCLUDING BENJAMIN FULFORD!

- Obama is a double agent and on one end, it looks like he's a hostage – and he has her as a hostage on the other end!

R: Very convoluted – when Kissenger is around, there ain't no good puddin' to be eaten!

- when Kissenger shows up, people end up 6' under! All of them are not long for this world – we are watching – this goes right back to the Babylonian Money Magic Machine of ancient Annunaki and Babylonians; also ties into the Chaco Canyon with the wingmakers and other sacred sites that are fully activated –
 - the other shoe has fallen and is on the ground - we are walking with our space brothers and sisters among us
 - There are solutions that come out of this: soul-otions because it has to do with soul matrix; they have lost and badly, and want to go out in a fiery flame of glory – won't happen as there is too much evidence . . .
- Friend Pamela said she'd seen that the market fell by 10,000 points – it flashed at the bank:
 - it was the NYSE and tonight it ended at only 22 points down from 17, something points – even for it to show up at the bank is something else!!!
 - So 99.9% of info flying around has something wrong with it; this is true even on the light side who are compromised within an inch of their lives and cannot talk: **ONLY SOURCE OF SOUND INFO IS RAMA**

Big Will: Bernie Sanders making a move to endorse Hillary on Tuesday – what about it?

R: they are trying to work out peaceful solutions to the issues: HRC is the “annointed one” according to the dark side; yet this will bring up lots of the underbelly that needs to be brought up and there are people at the Democratic convention who will speak out

- There will be an out and out fight over the TPP being put back on the table

Thinks Bernie is being forced to endorse Hillary – EVERYONE is being forced.

CL Asks about the TPP

- It's the Trans Pacific Partnership; there is also SHAFTA , the 12 countries around the Pacific Rim of Fire
- The TPP on a world wide basis puts the fascist states around the world in control: any country that does against their profits can be held to account – this has already been litigated in New Zealand and Paraquay - there was a global kangaroo court - that won the case against Paraquay – NO MATTER WHAT YOUR SUPREME COURT SAYS, you have to follow our laws! Which means no more small “d” democracy
 - the first time Obama said he was for it – he was sitting with Chris Mathews who works for Queen E 2nd - MI 5 and MI 6 – Obama said he was fully for it or he would be killed dead.
- And the heads of the corporate media companies are also on the line -
 - Gretchen Carlson is suing Roger Ayles of the fake news channel – not real journalism
 - Now so many dead journalists – as much targeted as black people and others
 - Walter Cronkite, Peter Jennings, Keith Olberman – no real journalism going on

Fox Sets Internal Review of Roger Ailes Allegations ... “Although this was a difficult step to take, I had to stand up for myself and speak...

CL: Rama has spoken of how he was targeted: a serious thing when the galactics and/or Mother stepped in: the stories are hair raising:

- with all the work we have all done on ourselves - does Rama have any inner sense of the

NESARA law coming into being? She can't figure out fully what is going on

R: there is a complete detailed plan laid out that is in the works

- first: there will be the simultaneous arrest of these folks AND full disclosure – does not know how it will be played out as he's not on their payroll – but we are at the place where the electrons are dancing with joy for what is going on as it is movement at an exponential level – yet how it gets done in a lawful, peaceful way is anyone's guess

T: we know it will be full galactic intervention – gets played out peacefully

- About Comey: they say that this is another fish hook, and we caught one called Comey AND all the network media heads too who are promulgating all these destructive things [because they are complicit by doing what HRC wants]
- An article from June 28: Wikileaks founder Julian Assange said his next download will put Hillary out of the race, land her in prison, cost her the Democratic Nomination – that's a promise! **[SEE BELOW]**
- it's about Let's catch as many dirt balls as we can!

• **Chris Christie/Bridgegate**

- David Samson was appointed to the Port Authority by Christie: the Authority has jurisdiction over all forms of transportation as well as Ground Zero
 - so this Authority is also guilty of 911 whether he came on board later on down the road, he was in on it from the beginning – so they are catching more fish
 - Samson said he would take a felony charge¹ and this puts Christie in the hot seat Because he's going to take the fire, CC can remain on the short list for VP

• **About Trump:**

- Today, Ivanka, Trump's daughter, is supposed to be on the VP list
- Steve Kornaki stood in for Rachel: the New York Observer put out a story about the ensnarement of Bridgegate; about Ivanka's husband & his brother – Christie arranged for a prostitution thing to happen and then had someone go out and film it all, the one who's married to Ivanka: Donald Trump's son in law –
- the story was now that Samson is going to take a hit for one of the felonies so that lets Christie off, then Christie does this!

- yesterday, **Mark Lavine**, who interned for Barney Frank, laid out a story about a woman who in the 70 s was raped and threatened by Trump
 - started his show by saying OMG! how deep the rabbit hole goes
 - one of the super delegates for West Virginia told the story of Jeffery Epstein on the air; JE owns an island, is a billionaire and a known pedophile; been having with children his life
 - this brings in Bush Sr, Trump, Kissenger and many others; Bill Clinton has been having associations with young girls of 10 for years & years
 - went on and said that a 13 year old girl had been raped; she's now 37 – 24 years ago -
 - Epstein and Trump offered her a modelling career and it ended up becoming a prostitution ring and a human trafficking ring that these ones are involved in
 - she has filed a multi million dollar lawsuit, and it is one of 33 lawsuits facing Trump: HE IS COMPLETELY BROKE
 - What is happening here is that, astrologically, it will come to bite him in the butt!
 - This 37 year old showed up in NY court: – she has 2 witnesses of Trump violently raping her and threatening if she talked, she and her entire family would be dead!
- **Mark:** why isn't this being talked about elsewhere? Goes back to the Bush Clinton Crime Family & down this rabbit hole some more
 - let's talk about Babylon and the the Annunaki warlords who invaded the planet & occupied 13,000 years ago and yes, Atlantis is real, and yes, Lemuria is real, and yes the Men in Black are real: they are lizards from Orion's belt! So you want the Annunaki Warlord Queen for a president?

- Mark said he would switch and put his name behind Bernie: the convention is going to be a real evolution and revolution and Bernie will show us what a real democracy is

T: for 50-60 miles around, every park, every tent is completely booked by Bernie's people – so they will do a massive demonstration – this is movement of the people!

- Republican super delegates vote on July 18th
- Democrat super delegates vote on July 25th

Mark: 911 was about the stargates in Afghanistan, Iraq, Syria, Jordan, Israel

- this whole story is being played out on the stage a last ditch final war to take over this planet by the annunaki warlords and lizards to take over the planet etc
- we need to talk as a country and as a world on how we interact with each other with great dignity and respect no matter who we are: and yes, the ET s will be landing
- Prince Charles, the Duke of Edinbough and a mile long list and Madam Palfrey's list
 - Charles and Philip: good friends of Jeffery Epstein – they have sex with little boys and girls and then kill them all

Commander Randy: the effect of the Crater 2 galaxy; is this galaxy adding to the frequencies?

R: has to research this! **T:** send Rama an e-mail

Caroline Oceana Ryan: a friend who has visions: has seen a planet that is also a sentient ship: coming closer to earth: as it passes, it will shift the energies of many people and a lot of people will wake up at once; it's not the Nibiru

R: has heard this and that is related to Nibiru – has also heard of a planet called Nemesis that will be passing by

- there will be no collisions or panic on the planet: it will raise frequencies at light speed – will cause the 13 families to fall right out of the bucket! As we approach the 8 -8-8 & end of Mayan calendar

T: got a message today about another object - a set of instructions found by the ACIO back in time – 1972 through some caves when the ancient Arrow wingmaker site was discovered

- the set of instructions was on optical discs; only recently has a way been found to read the optical discs – they describe that 750 -800 yrs in the future, we have an interaction with another body that comes close to the earth but by then we have a forcefield that gets activated and deflects the body coming near the earth, and stops what is going on
- the set of instructions also describes how we get out of the mess right now – **and that is with the intervention created by full disclosure: Mr Putin is one of the major players** balancing the balls, along with XI and Obama – all the agencies know this, and are playing the shell game with the walnut shells and the pea – and there is no pea!

COR: regardless of the machinations by the 13 families and others – the energies are shifting to the point where they won't be able to hang on to that veil and they can no longer lie

- and for another thing: the veil that has kept us separate from the rest of the galaxy will be gone

Both T & R agree!!!

T: this can also mean Godlike Productions: there was film footage of Hillary doing an interview –

- her eyes started to slit and scales started showing up on hands, feet: this can happen again right on screen and everyone will know what Mark Lavine is talking about

COR: did we get the name of the delegate?

R: MARK LAVINE – he IS the delegate!

- **don't think** things are going to be normal anymore: the power is back in the hands of the people and it is our to wield it in a good way with dignity and respect

CL: the conversation with Commander Randy: the **other galaxy is called Crater 2** near our

galaxy: this is a new one found recently

R: has to do some research

T: asks for Randy to forward anything he knows, and Rama will ask his sources

2016-07-07 **Astronomers just discovered a huge galaxy orbiting our own [SEE BELOW]**

- To finish about the **instructions found in the Wingmaker caves in Chaco Canyon in NM**
 - This is about 2 hours from Santa Fe
 - Have to have a particular frequency to walk through the force field and it can be done; people who get through the barbed wire experience terrific pain, thanks to the CIA
 - 750 years in future: a body gets a little too closer to earth's gravitational field; the wingmakers activate a force field around the earth and the object is bounced off the force field and heads towards the moon which is now one of our original moons
- During the time of Atlantids, our 2 natural moons were blown out of our sky – they have been re-constituted and are by Ganymede, one of the moons of Jupiter
 - to prevent the moon from being struck, the Wingmakers bring their starships through the portal of the sun and form a lattice of the energy fields of their ships; the force field prevents the asteroid from hitting the moon and they cause the asteroid to implode on itself by means of a collective beam energy – it can do no more harm!
- R's stories are all like this!

T: we all have to grasp: THERE IS NO MORE KARMA. They have lost and it still looks like Darth Vader: IT IS THERE TO REFLECT BACK TO PEOPLE WHO ARE STILL ASLEEP so they can participate and wake up

- when they can no longer hold things together, the really dark lizards will start shapeshifting and / or they will disincorporate [spontaneous combustion] in front of us!

- the Faction 2 is a scenario, a LIZARD PROGRAM AND THEY ARE ALL TAKING PART.
 - HRC was chosen by Queen E 2 to be the person who does the stop gap for everything – way back when Vince Foster was killed, and the OJ Simpson story was the dog and pony show, it that took our attention away from the idea that she should have been put away for life.
 - Barbara Walters, 1997, Jan, when Diana was here, asked Diana if she was willing to marry again; Diana said she would only marry for love. Barbara was leading with this question because QE 2 wanted HRC dead so Bill and Diana could marry & carry that burden
 - Diana knew she would die for this – so it was time to create clones – King of Egypt caused it to happen for Henri Paul, Diana, and Dodi. All 3 were cloned and in 2003, the Journal news [now DW News out of Berlin] – discovered that the blood types were not those of Dodi, Di, Henri Paul etc so there were suspicion that they were not dead right from the beginning: it was already in plain sight - and T reported it at the time! If we don't know where to look, we won't see it!

GUESTS: TARA AND RAMA - THE CONTINUATION OF THEIR STORY

- Both T & R had similar backgrounds in their youth
 - R was in his granny's coven; T was also involved in a coven in Chicago
 - also both had experiences with the star ships

These two things contributed to what T & R do now

T: things that happened to her when she was young in Chicago

- her father raped her continuously from 3½ until she left home at 13
- she found a job babysitting 2 kids that kept her at the children's home as the mother worked a night job; T came home most weekends
 - One weekend when she was home, she and her friend Francis who stayed with a group of grad students: T used to stay there after the other job – when T told her father she was going to go see Francis, her father started chasing her around the kitchen with a butcher knife – T took the bus, her mother followed her to the beach – her mother didn't want to admit that she knew what her father had done to Tara, not until T was 33
 - But this issue was about race!

R saw what happened to his brother when he returned from Viet Nam – became a terminator!

- One of the reasons R has been always against war and burned draft cards and followed Fr Daniel Barrigan – non- violent demonstrations: went to the 1968 Democratic convention where the police beat people and killed them – never reported in the media

INTERJECTION: RIGHT NOW: in Texas, protestors are being shot upon by the police!!

T: in her life, Jehovah was coming through her father; in Rama's life, Jehovah came through his mother

- Jehovah came through the father, representing in this lifetime the dark side as expressed through Jehovah - and he put her mother in an institution – twice!

CL: wants to know how Jehovah can come through her father and do rape, etc, when Jehovah is the name people give to god?

T: Jehovah was the name given to the shadow side of Alcyone – 450 billion years ago when we were negotiating this divine leila, experiencing going into form; we needed a polarity and Alcyone volunteered to cast a shadow and that would be called Jehovah

R: R's mother was an alcoholic in this lifetime; his father was an aspect of Krishna Arjuna

T: her mother was an aspect of Archangel Gabriel; got her light through the catholic church and then married her father who was Jehovah incarnate: she was totally traumatized by this relationship – and her father once committed her mother to a mental institution.

- **T** was at Loyola University at 17 when she learned that her mother was exposing her parts to her brother and sister to show them what they were for; her father called the ISPI Illinois State Psychiatric Institute – THEY interrogated her for days which really pushed her over the edge – took her to Dunning Institution.
- T visited her mother at a mental institution for a year. One day the mother encountered an large unstable black man who beat her almost to a pulp.
- All these instances in such things that happened: in the meantime, without her parents' knowledge, she went with the nuns to Selma

- Rama's mother went to Selma too – she was an activist; they were beatnik Bohemians! his parents read him the Communist Manifesto; he read Karl Marx and Lenin and knew the absolute lies of Joe McCarthy – they killed the Rosenbergs over this
 - THE BIG RED THREAT – has been created by the US of A!

T: most of her male classmates are dead because they went to Viet Nam

R: spent more time in the principal's office than elsewhere because he protested all the rules –

like going under the desk if there is a bomb with an air raid siren going off: told principal that being under a desk wouldn't help if they were to get help; called in R's parents who told him the same thing – and the president lost it – Rama was kicked out of that school.

- 911 is a wake up call for the planet; a line has been drawn now

CL: there may have been a line in the sand – but does it mean that the dark can't do any more??

R: today is the 7th, tomorrow is the 8th – supposed to meet in Warsaw about going to war against Russia: Putin & his cabinet have been briefed by the Andromedans & others – no nukes

- they are playing chicken: a war of words, of policies – neither Russia or the US have the money to go war – tomorrow the discussion is to begin

R: both his brother and his sister were black because his mother had been married to a black man!

T: That would never have happened with her parents: she and Francis got off the bus and as they walked down the street, were attacked by a group of white kids – a Japanese family lived in the house, Tara got the gate opened and Francis followed: when the Japanese man came out of the house, they all ran – Francis got beaten up too

- she and Francis were taken in and called her mother: her mother's good heart was fine with this – Francis had to go to hospital because he needed stitches – her mother was back from the institution
- when her mother got out of the institute, she had a restraining order put on the father; he stayed downtown on skid row in a place for retired vets who all drank and
- T took her first born child, who was part black, part Filipino, part Irish - to see her father – turned out to be shortly before her father died – he did hold her 1st born!
- Christopher David Banks – an incredible being; still lives in Chicago on the near north side – he witnessed the murder of Fred Hampton in cold blood

R saw the same thing: his own brother was involved in these kinds of things too – both are speaking of issues that they know about.

T: these are parallel experiences – they are talking from experience!

R: these experiences helped him get to the place where, at 13, he went on the ships

- Ashtar reeled him in and said “Class is now in session” and it has not stopped since
- **We – all of us:** the 144,000 x 10 hundred thousand - made the conscious commitment to show up, to be born together - to create a morphogenic field that transforms physical matter as we watch what is going on
- that is why what COR said – they can't go any further

- Bill Cosby was brought before a judge and tried to get out of it again,
 - judge said no you will stand trial for what you did – how many women got raped by him? the Black Ops twisted his mind – had to do with money!
 - Robert Bird died on Inauguration Day at the luncheon – he would be in a trance and leave his house in the middle of the night and be gone for 4 days; he was having sex with the MK Ultra girls and had no memory of what was happening to him. Mind control
 - Used the same thing on Bill Cosby and turned him into a kind of pedophile – all the women were quite using money, drugs and sex as punishment and programming as the tools of illusion which is about everything except love.

R: the biggest thing that has brought us to this is inequality – the 1/38th of 1% are in a quandry of what to do with their money except to create more confusion, chaos because they are looking for love in all the wrong places – cannot buy love!

COR: did he have a continuous ongoing memory from the first time since 3 years old and visit from an Ascended Master?

R: At the age of 5, after he was initiated into Wicca, Parmahanda Yogananda appeared to him:

and told R what his mission would be: you are Ashtar's son, you will introduce the ET s to the world

- at 13 he did his bar mitzvah on the end of nuclear proliferation
 - went to the Bar Mitzvah having tripped out on mushrooms; spoke about unilateral nuclear disarmament in 1967: just following Captain Kirk's words & what he saw through watching *Star Trek* and talking to Gene Roddenberry – that there was a way to negotiate our way without having to think about nuclear war.
- Mr Putin, Xi, Obama – as the cards are laid on the table, all there is to discuss is the dismantling of the weapons of destruction, giving the standing armies a new purpose like the dept of peace; making new infrastructures; changing this planet –
 - as Heather Ann Harder who ran for president once said we can fix this planet in 30 days after the galactics land, and Mother [Sekhmet] confirmed this – the technologies which have been suppressed will help
- we are at the juncture – the shoe has dropped and how it gets discussed in MSM: someone brave needs to speak up – could be Amy, could be Shepherd Smith – no idea: just being told
 - MARK LAVINE ON AIR TODAY: do you want an Annunaki warlord lizard for a president?

CL: what is next piece to share re: their similarity?

T: learned how to eat organic as soon as she left home

R: got raised on organic food, even if it contained meat.

T: this didn't happen in her family, but learning to eat organic also helped her break the mesmerism of catholicism

T: Something that could become final tonight in the Senate at the moment: the DARK [bill about] labelling – but it is not about the labelling: Vermont already has a label law – the DARK act would reverse the VT law –

- What is being proposed is a CODE [that can be scanned by a device] & need to know where to go to find out what the code means
- also, the definition of GMO is not a good definition
- even Sherrod Brown voted for this – under threat of a gun by HRC – he's being considered for VP. Talked of John Lewis getting behind Hillary, and someone else – all under the threat of HRC's gun!
- We are right on top of the edge of the edge

R: got a hit this morning early when another killing was reported at 6 am: Mother said “just watch what I do now” – as though something has just gone way over the edge!

- **for this to be trillions of dollars of bribes:** it is unimaginable that she gets to stay in that position – we all came in here with a mission to end nuclear proliferation which is to be discussed in Poland, and to end racism
- And, as Thom Hartmann said: this is **not about racism – it's about WHITE SUPREMACY**
 - a completely different way to look at it: the police are terrified of brown faces –
 - they have this impression in their minds since they were children of brown people being animals; the police training imposes even more of that
 - We have reached a place where there is no place to go: brings up the psychologists who have gone to Gitmo and said to the soldiers to go ahead and torture these ones! Against all the oaths they have taken to do no harm

CL: reminds listeners that Mother is “Mother Sekhmet” and the book called **The Secret Places of the Lion** talks more about her.

R: all the events of now have to do with humanity coming together and shifting our outlook – no accident that these things are coming up for humanity to look at, and the solutions are being given to us at the same time – it's about a complete transformation transfiguration of the planet

T: Closes by reading the last 2 paragraphs in the prologue of the book **Secret Places of the**

Lion:

"Certain Secret orders have always managed to salvage or save universal truth, and on clay tablets, scrolls, and papyri they recorded the truth, so that future man might know . . . and in the *knowing*, the *truth* would make him free from the bondage of untold ages.

These records were hidden in tombs . . . secret chambers . . . Caverns . . . temple ruins . . . catacombs . . . and every secret recess and tunnel was utilized. These records deal with the Most Ancient Wisdom and will be rediscovered in the years immediately ahead. These truths have been secreted away – then discovered, only to be buried again after they served their purpose of revealing that which was to be known during a particular age and time in man's spiritual development.

The author wishes to extend his appreciation to his wife for her encouragement; and to Brother Philip, O. A., [Amethystine Order] of a monastery in the Peruvian mountains who worked tirelessly amidst Cyclopean masonry translating original, ancient records in the Scriptorium there.

The LION is greedy of its *prey*, for the ancient records are well preserved and hidden – but they will be revealed soon. The young *LION* lurks in *secret places* – and these places will no longer be secret in the "Golden Age" now dawning. As far as the information in this work is concerned . . . "the memory of man runneth not to the contrary"!

This work is dedicated to all men everywhere that they may *understand [inner stand – Tara]* blessed are their eyes for they shall see . . . blessed are their ears for they shall hear – when the seal of secrecy is broken, the "mystery of mysteries" revealed, and the SECRET PLACES OF THE LION are no more!

George Hunt Williamson

- COR:** getting a reiteration what we see on the news: looks like MSM taking advantage
- it's upturning of the events; about truth finally coming through and not waiting for the ET rescue mission
 - we need to claim this for ourselves as no one else will do it for us

CL: thanks to those who listened, to those who called in
Namaste to all

2016-06-13 BREAKING: WikiLeaks Founder Promises Hillary Clinton Arrest And Indictment After Next Leak

Julian Assange is the founder of WikiLeaks, a whistleblowing website, counted on by millions to call out the dirty birds who hold far too much power in our country. Assange says that his next leak will be so damaging for Hillary Clinton, that not only should she no longer be eligible to be President, but she should be arrested and indicted.

According to Assange, he has “enough evidence” for the Department of Justice to indict Hillary Clinton regarding her handling of classified information, which includes directing her staff to remove “classified” labels from emails as a way to casually [send](#) pertinent and delicate information via an unsecured public server.

Assange [says](#) that, while he believes that some of the rules regarding classified information are silly, he also knows that Hillary Clinton, as well as President Obama, has pushed to get people who break those rules [prosecuted](#) for such crimes.

Over 30,000 of Clinton’s emails have already been released by WikiLeaks. Those emails were sent by Clinton over the course of four years, while Clinton served as Secretary of State. While Assange didn’t go into too much detail as to what exactly he would be releasing, he did say that he had “accumulated a lot of material about Hillary Clinton, which could proceed to an indictment.”

Assange does not, however, believe that anyone in President Obama’s administration would actually indict Clinton. Assange said this in an [interview](#) with ITV:

“[Attorney General Loretta Lynch] is not going to indict Hillary Clinton. It’s not possible that could happen. But the FBI could push for new concessions from the Clinton government in exchange for its lack of indictment.”

This is not the first time Assange has [called](#) on President Obama to indict Hillary Clinton. In 2010, WikiLeaks released information that would have had any non-famous politician in serious trouble. That information was soon forgotten, and nothing ever came of an indictment.

Now, many years later, the American public is still talking about Hillary Clinton’s private email server and mishandling of classified information. The public wants the truth.

Assange is viewed as an enemy of the state, keeping sanctuary in the Ecuadorian embassy in London. Ecuador has refused the United State’s request for them to hand over Assange to us.

2016-07-07 Astronomers just discovered a huge galaxy orbiting our own

A huge galaxy orbiting our own Milky Way has seemingly appeared out of nowhere. The newly spotted dwarf galaxy, which has been named Crater 2, sits around 400,000 light-years away, and has already earned the title of the fourth largest known galaxy circling our own.

So how does a galaxy that big stay hidden for so long? Crater 2 has always been there, quietly circling our own giant galaxy. But its stars are so diffuse that it's incredibly dark, and it's been masked up until now by its brighter neighbours. In fact, it's one of the dimmest galaxies ever detected in the Universe.

"This is indeed a very rare discovery," lead researcher Vasily Belokurov from the University of Cambridge in the UK [told The Huffington Post](#). "A galaxy like Crater 2 is a sort of invisible object."

As far as we know, the Milky Way is orbited by 49 other galaxies, but this research suggests that perhaps there are other dark galaxies, inside our own cosmic neighbourhood, that have remained hidden because of their diffuse, ghostly appearance.

Crater 2 was first detected in January, when astronomers used a computer algorithm to study images taken by the Very Large Telescope in Chile, and then pinpoint regions where there might be unusual clustering of stars - one of those clusters turned out to be Crater 2.

Because galaxies don't tend to have defined edges, astronomers often describe them in terms of their 'half-light diameter', which basically means the diameter of the part of the galaxy that emits half its light.

Based on the analysis so far, the astronomers calculate that Crater 2 has a half-light diameter of around 7,000 light-years, which means if we could see it in the night sky, it would look twice as big as the full moon - but also a whole lot more diffuse, because of how far apart its stars are.

The illustration below shows what Crater 2 would look like if it was 1,000 times more luminous than it really is, with the Moon for scale:

Vasily Belokurov

"It is orders of magnitude less luminous compared to most objects of similar size," [said Belokurov](#). "It is extremely diffuse. We believe it was born that fluffy. But why, we do not yet know."

In the last 10 years alone, the number of known satellite galaxies has doubled, which suggests we still have a lot to learn about the galaxies orbiting our own.

In fact, there's evidence that Crater 2 itself might belong to a small group of galaxies that are falling into the Milky Way.

"It seems to be aligned with a handful of other astronomically nearby objects, which may be teaching us how our group of galaxies formed," Jay Pasachoff, an astronomer at Williams College in Massachusetts who wasn't involved in the study, [told The Huffington Post](#).

Belokurov and his team are already using the new galaxy-spotting technique to figure out what else is out there that we might have missed, with the hope of eventually better understanding the evolution of our own galaxy. One thing's clear - when it comes to space, we still have so much to discover.

The research has been published in the [*Monthly Notices of the Royal Astronomical Society*](#).
