

BODY SCULPTING WRAPS

*Holistic Body Sculpting using the powerful properties of Macro-Minerals!
Feel Lighter, Younger, Relaxed & Energized*

MINERAL SCULPTING WRAP

Infrared Mineral Sculpting Wraps, developed by ourselves here at InternaPure, are performed using our Far Infrared Lux Sauna and elasticized cloth bandages soaked in one of our Mineral Solution Blends.

The infrared heat encourages the body tissues to relax and pores to open up to take in the vital minerals that support detoxification, weight loss and cellulite reduction while sweating out toxins, and relieving body aches and pains.

The treatment consists of the application (by yourself or with the assistance of one of our technicians if necessary) of warm cloth bandages around your problem areas.

You will then relax into a blissful state sitting in our Far Infrared Sauna while your body is absorbing and assimilating our mineral blend and releasing stubborn toxins for 35 minutes.

While in our Sauna you will receive the added benefit of our Oxygen and Ion therapy, Aromatherapy promoting toxin release as well as listening to calming music that has an embedded Bio-Energetic Vibrational Healing Track that heals the Human Body Field.

Magnesium Macro-Minerals, featured in our proprietary Wrap Blend, are an excellent example of energy nutrients because they activate enzymes that control digestion, absorption and the utilization of proteins, fats and carbohydrates.

Body Wraps (Introductory Rates)

35 Minute Single Wrap Session		\$65.00
3 Session Package	Save 20%	\$156.00
6 Session Package	Save 27%	\$348.00
