**Host:** Marietta Robert

**Meditation:** Angelsu

**Mayan Calendar:** Rainbird

In Wave of Kan, starting on Sunday. Have entered into 10 core days – galactic connection is very strong.

**ALL THIS WEEK, THE DAYS ARE PORTAL DAYS WHICH MAGNIFIES ALL THE ENERGIES AROUND US.**

**27<sup>h</sup> Thurs – 5 LAMAT** – we are in an 8 Kan Year, about being open to the energies of our potentials

- 5 is a sacred tone that is the core purpose, the acceptance of our humanness as the overtone;
- Lamat is the stargate – a visionary aspect; the illumination of human kind – time to let go of self doubt & diffidence

**28<sup>th</sup> Fri – 6 MULUC** - the moon, reminds us of our telepathy and using it; the opportunity to get knowledge; for wise use of the universal mind, which is our mind. 6 is rhythmic

**29<sup>th</sup> Sat – 7 OC** – Oc is the dog, unconditional love; 7 is the mid point in the 13 – has a magical element to it

**30<sup>th</sup> Sun – 8 CHUEN** – the monkey: balancing work and play, gift of innocence; new moon and time to set intentions for the new moon cycle.

**31<sup>st</sup> Mon – 9 IX** – IX about being the healer, activating positive thoughts; 9 is completion energy

**1<sup>st</sup> Ap Tues – 10 BEN** – Ben is the skywalker; 10 is the manifestation – the day that hearings on ESETI hearings begin; Skywalker is a warrior aspect, focussing on our journey, seeking clarity

**2<sup>nd</sup> Wed - 11 IX** – Ix is the magician, the shaman, the jaquar energy; 11 is letting go of what no longer serves us, making room for the new – there is growth in this time.

**3<sup>rd</sup> Thurs – 12 MEN** – Men is the eagle, the visionary aspect and commitment to service; let go of feelings of despair and separateness; 12 is the unity of polarity

**Mr:** how often do we have these portal days all in a row?

**RB:** Every 260 days in a cycle; we are in the centre of the cycle.

**Annie Rose:** not on the call after all.

**MR:** asks about elk leaving Yellowstone: 1/3 of elk are gone; when birds start to go, means change is imminent.

**T:** does not know what is happening; D'Yanna lives close!

**CL:** why are elk leaving?

**MR:** not sure about it either: some people believe Yellowstone will erupt or there will be earth changes

**T:** there is a geyser at the centre of Y'stone, with lakes and rivers and streams –

- even back in 1997, the water was getting very hot! It is getting hotter now.
- A map from late 70s shows it blowing out & nothing left from CO to west coast. The other side of the coin is if you focus on it, you create it.
- When animals move, they know what to move for: if they leave their homeland, they leave for a reason.
- Need some truth telling here about what is real here: what she is concerned about is that these ones would do this as they can do weather modification.
  - There is a volcano on the large island in the Canary Islands; there is a volcano that keeps going off south of the largest one; when it goes off, the crack goes wider:

- They could stimulate that and if the island cracks, it will cause a tsunami that will cross the Atlantic and take out 1/3rd of Florida, wipe out Delaware and submerge Manhattan.
- They play with that technology in the cause of brinkmanship
- **This week is the most dangerous time we have ever gone through: these guys are desperate: noose is so tight around their necks, they are about to be completely taken down**
- **On Sunday, Nada told Rama some will just be removed, no questions asked; not even bothering to arrest them – that is how dangerous they are**
- **Exposure is going exponentially this week.**
- Three Mile Island: 35<sup>th</sup> anniversary on March 28 – still lots of radiation flowing from ther; not a good report

**Rainbird: All portal days this week: we can really do this** and make the connections and do the work

- Calls in the directions to assist us

### Hard News

**T&R:** the Turkish Gov't has moved to block You Tube; they have not lifted the block on Twitter though there is a court order to do so. A conversation on You Tube about

- Both platforms have been used in the last 2 weeks revealing the corruption of PM Erdowan of Turkey.
- Who would be behind starting anything in Syria? The PM said it was purely precatutionary – nothing imminent.
  - The pre-preparations are proving to be an embarrassment for this gov't and for gov'ts in other countries: if no one else will attack Syria, then they will do it!

- Putin, Obama and Xi for 2.5 years have been moving to get Nesara announced, in spite of what it looks like - as well as full galactic disclosure

**Ukraine:** IMF have announced they will give a loan of \$18 billion to that country: which means they immediately go into instant austerity.

Also play with "imminent domain" which means they can take people's land from them.

- Greece, Ireland, Spain, Portugal, Italy have gone down this road – France is going there, too.
- Someone said that \$10 billion from the loan will go back to Russia directly, right off the top of the loan
- Obama visited the Vatican today – talked for an hour, more than 20 minutes; kind of interesting when Benedict is still the pope/ black -
  - A huge cult since the 60s where they abuse the children, kill them and eat them for dinner.
  - Jimmy Saville was involved with this for a while: tony Blair and David Cameron also involved
- Their Sikh landlady came to visit – she is going to Viet Nam and Cambodia with a Sikh friend who is a tour guide in that area and will see what the US has done in these countries.
  - She actually saw this on a Facebook that the Vatican was going to be prosecuted on Mar 31<sup>st</sup> for the child cult, and also that there were things moving to get NESARA things moving
  - The Skh lady also saw on Facebook that the ship was taken onto a space ship
- Tonight, Chris Christie cleared Chris Christie!
- In North Carolina, the perpetrators of the coal ash in streams and water have cleared themselves
- Eric Holder is guilty of things around 9/11; Mike Pa niled Holder for enabling the m
- Mike P also nailed all the banks: Wells Fargo
- **Debbie Wasserman-Schultz** on Ed last week: she nailed chris Christie for being Bernie Madoff's office boys
- **The undercurrent of the exposure is moving things tremeondously**

**Randi Rhodes:** Guest was director of documentary called **Mirage Man** – connected with Area 51 and back-engineered craft – the TR3-B3s which are much like the Pleidian crafts & made by back engineering

- The story of the video – the man connected with it is kind of a disinformation video: want to get out from under the thumb of Darth Vader yet they have made a commitment to them.
- In the video, Bob Dean speaks of the lights over Phoenix [he also spoke of this during last year's disclosure conference in April at the National Press Gallery in DC.]

### Guest: Dr Carla Bozenski

- the products she has been developing have been for her clients with severe pain issues
- One particular formula she has been using she created for herself due to the various physical things she was undergoing: started with the "no pain" formula and did variations on it.
  - Dr Carla added some emulients that allow the formula to be absorbed more readily
- She has not sold these before: just used them in treatment with her clients – now time to release them
  - **No Pain, No Pain** – for pain relief
  - **Starlight ZuZu** – formulated to work with people on bone spurs, ibone injuries; calcification – this one seems to work on things that come during crises. One of her clients lady had the massage therapist put this all over her body – just floating! The massage therapist experienced a couple of incidents as well
    - ZuZu solved some issues right on the spot.
    - Bottles are 3/4 oz - small enough to carry around
- 93-95% of women who have had breast cancer have had the experience of having a root canal
- Any infections in the mouth can go to the heart – explains her concerns about teeth
- Going to create some gold cups which will not be as expensive as some of the one she originally made
  - Something that will go directly into the blood stream; use them doing meditations; put them under mattress or in the pillow – have a violet light that goes out, similar to orgone but with more energy than the orgone alone.
- She is her own guinea pig so she does not have to use doctors, dentists, etc
- This new energy device will help with chemtrails, and other things; she was concerned about radiation as they still had relations in Kiev at the time; can create things to use on one's property to create an energy that is like a huge silk umbrella that goes over the property and is grounded in the magnetic energy of the devices.
- Larger ones in the property as a permanent installation; the smaller ones in the home or in a room
  - They are something to clear out disharmony

**THERE IS MUCH MORE DETAIL IN THE DISCUSSION THAN IS INCLUDED IN THESE NOTES!**

### Contact Info

**There is one that has them all together: does not give the name**

**MR** had never heard of using the cell salt associated with your birth month.

**Hard News:**

**Ed Show today: Debbie W-S** said so much;

- was talking about the crimes of Gov Rick Scott in Florida: too numerous to talk about
- Scott and Jeb Bush and other crime family members + 26 Gobs who have created the right to work for less + the issues discussed by Debbie
- Ed described today: Boehner and others do not want to work on a jobs bill or an immigration bill
- they have finally cooked their goose through their blatant disregard for their respective offices.
- Have also rigged elections since 2000 Bush v. Gore – except when Obama got in, due to the galactics and to the people's desire – **in the last election, 10 million votes were gotten rid of!!!!**

**DW-S:** they could be running neck and neck with Bernie Madoff in terms of jail time;

- also, about Christie being Madoff's office boy and knowing where the skeletons are.

**T:** the only reason we are surviving this is that we are moving into the higher dimensions [ref to the radiation of Three Mile Island]

**R:** called the program & asked "When we are going to see accountability for the shooting of Gabby Giffords?"

**D W-S:** "You have stepped right into the briar patch – this goes right up to the 14 members who met on the day of Obama's inauguration and plotted treason by agreeing not to do anything he wanted

**T:** who is protecting Debbie W-S that she can say this?

- R:**
- Larry, Curly, Mo and a few galactics are keeping her safe!
  - Ed: could not have said it better – more and more of this is seeping out into the public.

**R: All in with Chris** tonight: [Chris and wife had another child today!!!]

- Jeb Bush, Shelly Adelson and someone attached to Koch Bros are doing some kind of event in one of Adelson's aircraft hangars in Vegas – Chris Christie, Scott Walker, Rick Scott, Rick Snyder of Ohio – will be speaking; these are the ones who have taken money distributed [not finished]
- McAffrey put out an article today saying that
  - the re-valuing had already happened on Mar 19<sup>th</sup>
  - Obama resigned or be arrested for high treason!

**KOS: THESE STATEMENTS ARE ONE BIG LIE**

[NESARA Blogs and Forums are Tea party types & are behind this too ]

**Audio: from Thom Hartmann and The Big Picture - 3 short pieces [LOOK THIS UP ON FRIDAY]**

1. **Dr Michael Hudson** on Ukraine and the IMF
2. **Three Mile Island** – a report on what happened there: March 28, 1979 – 35 years since event

## The Big Picture March 27, 2014

Tags: [mike papantonio](#), [Ukraine economy](#), [banksters](#), [Ukraine bailout](#)

Thom talks with Attorney and Radio Host Mike Papantonio over a lawsuit that claims Wells Fargo created an extensive guide for its employees on how to produce missing documents needed to foreclose on homes. Also, the IMF is giving Ukraine's new government a bailout package, but could the loan actually destroy Ukraine's economy? Thom talks with Dr. Michael Hudson.

## Three Mile Island: What really happened?

March 28 will mark 35 years since the partial meltdown at the Three Mile Island (TMI) nuclear power plant near Harrisburg, PA. Beyond Nuclear has prepared a special edition of our newsletter, [The Thunderbird](#), focused entirely on examining the truth about the TMI disaster. [View and download it here.](#)

In it we debunk the myth that "no one died" and look at how much radiation really got out; the health effects; the fiasco of evacuation; and the parallels between the TMI, Chernobyl and Fukushima catastrophes.

We would like to make [The Thunderbird](#) widely available to our allies and colleagues in the field who are so often confronted with these frequently repeated myths. But we need \$3,000 to cover the production costs.

Won't you please help us permanently silence the lies about TMI by making a [donation](#) today?
