HARD NEWS

- T, R are back in Santa Fe, after the trip to Las Vegas and R's operation:
 - there was snow, icy rain, cold while they were gone; LV was windy and cold in general Sedona was wet and wet!
 - Cool and wet on the way back – good drive.
- R will be going through it for the next few weeks: waves of pain that he has to breathe through
 - He IS getting better!
- Talked to [garbled] with the full moon in Scorpio, sun in Taurus, WESAK in the middle -
 - so many good things happening across the planet: lifting us higher into the frequencies and the resonance of the merkaba vehicles that we all have
- Natasha shared this with Rama: Nassim is working on a space ship, in the form of a merkaba vehicle, a physical space ship like a geometric puzzle where all the merkaba vehicles fit together to make a giant craft. Has folks working with him who are ET brothers and sisters – all he was told.
- Natasha: that 3 million people were ousted from voting for Bernie –
 - T:** they were cast off the voting list – they had to re-register by October and no one was paying attention!
 - No way to prove without investigation who was going to vote for Bernie
- T:** the New York primary
 - Hillary has made a deal with 33 states Dem party leadership to manipulate things in each state to make sure she gets the vote
 - many things unravelling
 - **BERNIE DID NOT LOSE NEW YORK:** this is about the unannointed ones as opposed to the annointed, and Hillary is the annointed one!
- Queen Elizabeth is 90 years old today, April 21 -
 - **Natasha:** all the things of the illusion matrix are unravelling as we speak; frequencies are moving up exponentially; even if people cannot see it, they get a sense of the disturbance
- R:** asked **Natasha** about the potential of quakes: all she said was that the tectonic plates on earth are moving: be in touch with Gaia/Vywamus and listen when both of them speak.
 - She would not say there would be quakes of whatever size or where the quakes might be
 - : just that the tectonic plates are moving
 - R read that the entire US is moving around on tectonic plates: there are many forces at work
- In the midst of all of these: **Prince** decided to leave and he did not decide to leave on his own:
 - He's had a major flu for about 7 weeks - R smells something from the chem trails
 - Ed Schultz show: people did not know the activist side of him
 - he was an activist for Black Lives Matter = when Freddie Gray was killed in Baltimore – Prince wrote a song about it and that the young people would have to fix the system
 - most of his life a vegan; was for the total empowerment of the Feminine
 - Connected closely to the Obamas – did a concert last year in DC, and before that a private concert for 500 friends etc of them
 - There was some not so good stuff that caused his death – not a normal exit.
 - **Natasha:** this is an ongoing investigation and it's huge: it happened on the full moon day which is significant; he was a Scorpio too – more to be learned about this event.

- Angelca Merkel won the 4 freedoms award today – she's rubbing shoulders with Dalai Llama, Kofi Annan, JFK Sr and Nelson Mandela
 - Four freedoms: freedom of religion, speech, freedom from want and fear
- Yes, she spoke out for the refugees and behind that, some not so good things are being done
 - over 500 refugees were drowned out of an overcrowded boat leaving Libya – hit by a rescue boat!
- China is depressing all the commodities; April 19 the Chinese Yuan went into effect, including all the BRICS countries: Brazil, Russia, South Africa, India, China involved – there will be no business with the dollar of any kind - meaning 3 billion people off the radar with the dollar
 - when it gets to the place of the public enactment of NESARA, **the BRICS will go to zero** – that is what it means to have Debt Jubilee
 - Have to have it at zero and then go to a new way of dealing with things

BP Oil Spill 6th anniversary

- many, many people on the Clean-up Committees have contracted leukemia
- no one has gone to jail for the oil spill disaster
- the BP settlement was way below what the company should have paid
- ¾ of all the bottle neck dolphins have not been able to birth a live baby calf since 6 years ago and there are over 1000+ that have died: there is an endangerment of the bottle neck dolphins surviving in that part of the world

Friday: Earth Day

- 200 countries now celebrate Earth Day
- Someone to talk in depth with Rama about Dr Greer: suspend your beliefs and disbeliefs about his – the story is much deeper than most people know - he is going to whistleblow like no one else can; at the moment, he is still alive –
 - That person tells us to suspend all disbelief, remain neutral, send light as he has a big job to do
- In the face of the dragon lady and Leon Panetta, one of her major campaign managers
 - Panetta was present at the meetings with Laurence & Nelson Rockefeller and the papers she has regarding full disclosure
 - there is a big effort even before their time in Arkansas to cover the tracks of all the crimes
 - One of the big ones is that in 1972, on orders of Henry Kissinger, she erased the true original footage of the assassination of the death of the clone of JFK Sr – they spliced and diced and change it
 - she wore the pants for Waco; killing of John John Jr; and millions who were killed and their deaths not reported: Bosnia Gen Wesley Clark and Mr Milosovic and the fact that the US was carpet bombing areas of Europe; abducting people and killing them underground
- as Natasha said, with the frequencies of the full moon: we must be of the impeccability of divine love, compassion, gratitude and unconditional joy
 - in terms of the full moon: a negative thing could be an explosive event; there is also a positive event that can happen; as we feel the energies, we must be ultra careful and send much more love and combine it with divine love and compassion.
 - There is something that could come about with the opening of the heart.

R: Maybe St Prince leaving at this time – Yoko Ono, Shaun Lennon were devastated

- R smells a rat yet also out of this there could be a heart opening that is exponential across the planet, as music transcends everything else; as we operate in the high heart, no matter who or what we are, we can feel the frequency of love
- the music of the spheres is being poured onto the planet at this moment; the schools are trying not to teach music in schools, yet the Music of the Spheres coming in are helping the

children and our individual Inner Childs – we need to stay attuned

- The Star Antares [Antares Arcturus Midway Station] – this is a particular star called Antares
 - Mars begins its retrograde motion in the sign of Sag and it will be aligned with the star Antares of the Scorpio constellation
 - it is a major star and one of the visible stars from earth; associated with intensity power and control as well as honours and success -
 - this happening right now is about us having to cut all strings with past beliefs and suspend all our beliefs about what this is about

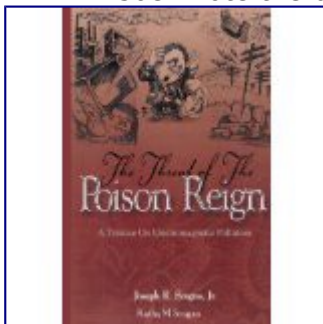

MR: question from a listener – about sense of dizziness out of nowhere and it lasted for a few hours – next day it was gone; MR has experienced some of this too!

- R has had this, also T – the ears are for balancing in the brain – we are getting higher and higher frequencies that we can hear on a subtle level and we are disengaging and re-engaging at a higher level.
- R felt it at Lake Mead, going from AZ into NV – he felt a frequency shift in that area; ears ringing with a high pitched tone!
 - The sun has huge solar flares these last few days: the sun is not hot, but is cold fusion – R saw something there, like a huge grin: the sun was smiling at us! With solar winds, clouds
- Mars returns to Scorpio on May 27th – Sag is about exploration, expansion, experience, philosophy, teaching, publishing, sales, marketing - Mars wants to go on adventure; yet before we go on this adventure, we all need to re-work the way we embody this energy
- The way we do this is the change that represents this new divine economy: As St Germain says, we demand and require this change, remuneration – the money needs to go to this new dispensation so we can be in the new area

SAF – Self Awareness Formula - have to be aware of the symptoms we are experiencing

People picking up things as they are driving – it's about chemtrails! The gov't calls it "atmospheric" - oh, right!!!

Radiation is a frequency that one cannot see

Kathy provides background on the **organization of the book**

- First part has to do with radio frequencies, radioactivity
 - Alchemy has been important over the ages: they wanted to turn base elements into gold - alchemists have now become chemists
 - Joe developed a way of building up the immune system so people would survive exposure
 - He had created a nutrition formula that helped him and out of that he developed a questionnaire that he used at clinics
- Things to do to build up the immune system
