Irish Set Dancing is a hoot!

See for yourself! Try Ireland's wildly popular social dance form. Invented in rural Ireland almost 200 years ago, Irish sets are figures danced by four couples in a square, akin to American square dance. **All ages are welcome.** Come with or without a partner. Wear comfortable clothes and smooth-soled shoes. Could be the most fun you've ever had on a dance floor! Veteran dance teacher **JULIE BUZZELL** (*Nashville Rhythm Cloggers*) will show us how.
