HARD NEWS

R/T: pretty overwhelming!

- Everyone in the zoo is extremely restless! It's about the absolute blatant lies going on that are so raw!
- Last week, before Obama went to California, he had a tete a tete with the MIB, his so-called handlers: they tried to tell him how he would follow the orders of protocol or he'd be dead: do what we want

you to do or you'll be dead

- he was in his Oval Office sitting behind his desk: he had a phaser under the desk in his hand:
If you want to live, you will walk out of this office or you will be a pile of goo on the floor. And by the way, you will take Assata Shakur off the most wanted list.
- Assat Shakur used to be part of the Black Panthers; was accused of killing a cop; the cop shot her; was taken to prison and got out somehow; has had political asylum in Cuba since then;
- He's doing this now because Cuba is being opened up - a whole team of American politicians went down there for a week or so; another group is going down. The reports are about how open-hearted the people are, how things are changing and how happy the people are about it.

HSBC – the largest bank on the planet, in Hong Kong & Singapore:

- Bank is insolvent: not allowing sums of money to be taken from the bank:
- Max Keiser said technically HCBC is insolvent; R posted a huge article by Matt Taibi on the website + another about another whistleblower has risked his life to talk to Matt about the absolute fraud of the mortgage scandal and the banking crisis of 2007-08 – Hank Paulson's name has come up

Greece: the German banks don't want to accept a 6 mos extension of the loan; people cannot handle any more austerity

Germany: if Germany backed down on this, people from Italy, France, Ireland, Spain, Portugal will be asking too; Ireland is going to follow the Iceland example and pay nothing back

- we are looking at the potential dissolution of the EU
- Looking at taking down a fraudulent system: **not in 2016, but RIGHT NOW!**

HSBC is also the biggest criminal on the planet: having been giving instruction in their Swiss operations about how to avoid paying interest out to clients

- all kinds of 13 families are involved: Scott Walker, Koch Bros [he is a schill who licks the boots of the Koch Bros – **KOS on Scott Walker**]

- All the criminals possible have been put into administration, governor positions, top Republican positions, - vast criminal enterprises to take over the country, with nazi underpinnings so they will be revealed for what they are. All Central European Banks run by nazis.

R talked to Lady Di; Lady Nada: they said that Ben Fulford has been drinking bad kool-aid lately

- talking about the CIA facility in Langley shutting down, hearing explosions inside – all R has heard
- yes, there is a total shakeup of the spook agencies across the planet being handled by St Germain and Sanat Kumara

- Edicts have gone by various Galactic Councils of 9, of 12, of 24, of 36, of 144,000

- Lady Di said they used depleted uranium hits in Ukraine! Just short of dropping it from the sky
Causes massive radiation poisoning
- Tens of 1000s people dead, not just 5,000

- No of US soldiers dead: 2 million + since 2006; the characters – Cheney & co - arranged to get \$10M for every soldier killed – same as in Ukraine

Rudy Guiliani: said that Obama does not love the US and is in bed with Islamic terrorists

Leslie Marshall show: Rama, KOS got on the show: **KOS got after her for talking about this man**

[Guiliani] : why is he still walking and breathing? He is a war criminal, he did 9/11; 78,000+ are dead with this and no one is talking about it!

Sybel Edmonds this last week said at least 50,000!

Lady Di – the UN Security is considering throwing Israel off the UN Security Council because Israel is such a war criminals

- also, Netanyahu thinking of postponing his visit to the US; thinks it is also because of what Obama said before he went to CA – people are realizing hardball is getting played now

- Net is getting taken to court for abuse and poor wages by his housekeepers; they quite and filed the lawsuit.
- Best thing would be him not getting elected: 3rd week in March

Caller: Is it true that when 9/11 happened, Guliiani got rid of his office in the World Trade tower just before that?

YES! And he set up shop across the street.

- A man who went to prison was a NYC city commissioner; he was also involved and has been on various talk shows: it was not Afghanistan: it was the US, Black Ops, Saudi Arabia, Israel
- Gordon Duff, Stu Webb & tom Hannigan – take it with a grain of salt & read between the lines – they all hate Obama too.

Caller: there was a **line of conversation to command** that the towers go down, had to do with the Pope?

- T:**
- **Vatican** [in charge of every country/ leader on earth – everyone needs permission from the Vatican / Black Pope who is the power behind the Vatican and says yay or nay
 - **Jesuits** are a military organization, and the Black Pope is the Jesuit General
 - **Opus Dei** has to do with the Supreme Court as Alito, Roberts, Scalia are members which means they murder for the Vatican – swear allegiance to Opus Dei & vatican
 - Starting with **Marberry vs. Madison** – they usurped what the founding fathers put in place in the constitution which was making the Supreme Court the weakest link in the gov't and that **legislation would only occur in the legislative branch** – yet they threw out the 4th part of the voters rights bill; they did Citizen's United which they had no right to do AND They appointed Bush Jr to the presidency
 - brings up the quartrain of Nastrodamus – In the 12th month of the turn of the century, the villiage idiot would usurp the seat of power on the planet – which is what happened.
 - Ratzinger is still the pope, not Pope Francis [he is the good white pope doing things, but he is just as dirty as Ratzinger – responsible for murders in Argentina & other things]
 - to **Cardinal Egan [St Patrick's Cathedral]** passes on the orders that he gets from the Vatican [and the Black Pope is the one who is really in charge!]
 - to **Joe Biden**, as sitting **Chair of Committee on Foreign Relations**
 - to **George Tennat, head of CIA** at the time; he ordered CIA to do their thing!

- Asking about what happened in Langley:

- R said it's about a shake-up of all the spook agencies across the planet – we are in a new energy has to do with the Pisces new moon and the Year of the Sheep [in China] – Year of the Goat [elsewhere]

- put the yellow crime scene tape around the front and the back; police barricaded the place
- there is a huge underground base there, too – very not friendly what is going on

- In the last week, a CIA whistleblower who went to jail was on Chris Hayes tonight, and Amy and talking about what has gone on since 9/11 - Everything is starting to leak out

- **Veterans Today:** Gordon Duff: Putin is supposed to be releasing irrefutable proof that the US did 9 /11, satellite images etc – this will come out at the right time, as this is a galactic operation – **Putin IS NOT THE BAD GUY HERE!**

Regarding Disclosure

- It may not be the US that opens the door – possibly Russia, China and it was on the internet that Russia said if you don't do it, we will!
- every single day ships sightings: full landings; Ets coming off the ships and inviting people to go

for rides: Snowden and Assange are to release lots more files at the right time

- Sammy Hagar, lead singer of Montrose – tweeted that he's been contacted by the galactics
 - talked of the time when he was very young that he was taken on a craft and brought back
- more and more stories of this kind of event – this opens the doorway to full disclosure as this changes the conversation – as they share positive experiences of a good nature with the ET s

- Barack is playing a **key role in saying we are not at war with Islam**, and the Republicans are identifying him with ISIL – it has to break that all of this is funded by the WEST!
 - Part of it will be stopped: Erdowan of Turkey and the Kurds of Iraq and of Iran: they are going to take Saudi Arabia down for funding ISIL; it's out there that Syria is funding ISIL – still have to add the idea of John McCain and the nazi collaborators in the Congress
- **Shelly Adelson OWNS Netanyahu**: and the fact that Israel is one of the states of the US – has to be part of the story, too

Greece: over 1.5 million homeless in the US; **in Greece ALL THE ELDERLY PEOPLE** in Greece are homeless and starving! The Syriza party was on the ground protesting with the people and helping get certain things done: there are no medical resources in Greece of any sort, so the party that won set up soup kitchens and helping with medical thing

- this is what these ones want to create in the US!!!

Mississippi: wants to **close down the one and only abortion clinic in the state**

- **by 2016**: the 1/10th of the 1% will have more money than all the rest of the people on the planet
- a bizarre movie coming out on March 6th: Chappy – about a super soldier:
 - Why are these kinds of movies being pushed?
 - They want to put soul matrices in artificial, borg like bodies: if someone left their body, why would they transfer the soul matrix to a borg body?

Rio Tinto Corporation: Resolution Corporation is a subsidiary of Rio Tinto: have managed to get hold of **Apache land along the side of the Grand Canyon where they have a huge copper mine**

- it was done sneakily by putting a land bill into a defense spending bill which allows them to privatize the land and therefore bypass all the environmental and cultural protections attached to the land, let alone the fact that it is not theirs! **PUT THIS IN THE CIRCLE OF SUPPORT**

Guest: Omena [O] + Dr Karen Lapinsky [Dr K]
www.elegantclinical.com
karen11@aol.com
860-471-2057

Dr K: Her practice is called Elegant Clinic Corporation; a vocational program in Connecticut for people who are mentally challenged and/or have mental illness

- Operational model: use an innovate, integrated model addressing physical, mental, spiritual, emotional aspects of people – it is a strength based model

- Having good success & getting lots of referrals – have people working in the community who have never done this before
 - There are people taking the program who have never left home before, and they are now coming into the program and going out in the community and feeling confident

Dr K: Yes, the practice is growing: will have new clinics added in Mass and are helping other clinics and programs across the country

- Model is different than traditional model because it is shaped to suit the needs of the individual
 - have a loving, spiritual model
 - lots of difference in what they do that other agencies don't do – yes, they are non-profit

O: is she available to consult others?

Dr K: yes www.elegantclinical.com
karen11@aol.com
860-471-2057 [her direct number]

Dr K: Has been doing this for more than 10 years.

- It's very challenging working with people who are mentally challenged or living with mental illness or both
- The most important thing she has learned:
to keep their needs in the forefront every day they come to the program – keep them #1 – their needs change from day to day, just from being in the program

O: How long can people be in the program?

Dr K: Indefinitely, unless they go to a different program or they choose to stay home

- the goal is to get them out working in the community and integrated in their own communities

O: So they learn how to foster relationships and build community?

Dr K: Yes!

O: How do they tap into the individual's spirituality?

Dr K: The biggest challenge – they do a questionnaire – what is their love in life? Their passion – questions that are not generally asked

- They also consult with someone who can help the members of the staff -
- Omena has also found this missing – asking about what brings the clients joy

Dr K: they are going to put up a greenhouse: to get them interacting with the earth,

MR: organizing garden classes; working with the Sup't of Schools – future Farmers of America have projects too; as people have produce they can preserve, they will be taught how to do that kind of food preserving.

Omena: if you come across anyone in the mental health field you can add them

MR: could maybe get people to help in the gardens

Dr K: the busier we can keep others as well as ourselves, the better!

O: The challenge of working with the population she is working with: she has to have growth in the employees as well as the clients.

Dr K: the employees are often sidelined – not given thanks or gratitude: their model places the staff in the framework too: she has the staff do the same questionnaire so they know how they are going to grow too

O: we have to have the employees rise in levels as well as the clients. A lot of people mistake spirituality for religion and they are not the same!

O has met some of Dr K's clients and they seem to be happy

- Can't have staff being ignored, especially when the clients are dually challenged!

O: could have the staff vying with the clients!

T: who are you caring for exactly?

Dr K: People living with mental illness and people who are mentally challenged – or both

- her model involves the physical, mental, emotional, spiritual and it is about integrating all these
- when someone has mental illness AND is mentally challenged – that is difficult!

T: Are they adults?

Dr K: Yes, they are adults – over 18

MR: do you talk about the spiritual side?

Dr K: Yes, it is a gov't supported program; funded by the state of Conn

MR: So you can talk about the spiritual side – no deterrent as it's funded by the state

Dr K: Yes, it is not a religious model, it's a spiritual model: what brings them joy? What do they love to do? What are their gifts? What are they grateful for?

- They have a relaxation room and are moving them forward in that direction, but do not force there is not regarding religion: this is about fostering their whole mental being.

DrK: talking to state reps today: they were talking about the strength of the program with Dr K

O: does not think she will get any hassle; still see her tapping into each individual and anything that moves a person is spiritual!

- Because they are living with challenges, they will each have something different that gives them joy

Dr K: Yes, she has drawers full of referrals but not enough room - which speaks to the program

T: the place that Thom Hartmann has in New Hampshire for under 18: The Hunter School; kids with autism

- HDHD and HDAD – they use something called Mindfulness

Dr K: yes, they use it: mindfulness was created by Dr John Cabot Sims who has a large practice out of the Univ of Mass

- It teaches us to be in the present moment where they are: do things we don't normally do like chew a raisin for 7 minutes!

O: the mindfulness helps to integrate all 4 levels:

T: the challenges of the mind are inter twined with abuse on other levels, especially when some things do not get acknowledged

O: the spiritual part goes to the heart – brings about the good feelings. The mindfulness brings them into the moment – that comes from the heart and feeds the heart.

T: the different arts: MR has presented the solfeggio tones – do they know anything about that?

DrK: art and music therapy are a huge part of their program

- they can generally express themselves through art therapy

T: describes the solfeggio tones and how each tone opens another a chakra – suggests using the tones as part of the healing modalities

RB: In North Carolina, the people who are dually challenged have been put in??

O: when the people are involved with things that lift their spirits, they are much happier: need to add the music, what brings them joy so they can share with each other

DrK: does think the focus needs to change: finding the joy is important –

- yes, meds are important and for them to develop into who and what they can be – we have to shift things in the paradigm so they can move forward

MR: also need this in the public schools: have gotten so far away from having the kids find their joy

DrK: agrees 100% - public schools have been mentioned before:

- a lot of goals have been made that are static – eg, Sally will swear 3x in the next week!
 - Focus less on the clinical things and more on the quality of care
- Agencies are so top heavy like in schools and the question of what is acceptable can be a couple of things: Is it what we want or what is good for the client?

T: did you say that your consumers sometimes get to work and get money?

DrK: yes: they have one who works in an auto body shop

- another who works in parks and does cleanup
- another who works in a store
- continue to work on job skills, life skills, social skills which are ususally the most deficient – they work on the parts that are least up to par.
- These people are wonderful employees: they are the most loyal employees and most willing to be of service, to help

MR: it's almost as though they are more in touch with what is around them: working in gardens, with plants, with nature: they thrive!

DrK, Omena: agree!

O: Dr K has energy in abundance!

DrK: yes, she does.

Caller: from California: asking about help for the son of a friend

O: suggesting to get the home where he stays to call Dr K

Caller: what about alcoholism: says the bi-polar medicine does not make him feel good at all

DrK: don't have anyone inside the clinic who prescribes

- her program is based on development and re-hab
- DrK could be involved in consultation
- Yes, they have nutritional component, and they take cooking programs

Caller: how joyful to feel that someone is doing this important work!

www.elegantclinic.com

Dr Karen's number: 860 471 2057

karen11@aol.com

Omena: an upcoming event: everything

Sunday March 29th Marriott Hotel at Windsor, Connecticut

MR: Will it be recorded? YES! And will make it available to anyone who is interested. Will share info about that on one of her next visits!

MR: or use the recording as part of the show!

- A great way to expand the knowledge base!

Omena: wants suggestions on any topic we would like to discuss, and she will find someone to handle the subject

MR: send MR thoughts and suggestions either by phone or e-mail or on the call

Omena: back on 3rd Thursday in March [MARCH 19TH]

HARD NEWS:

MR: passed on some info they might want to share

T: dozens of **cargo ships sitting in limbo off the West Coast:** food is rotting, imports, exports sitting in containers since Jan 9 – 15; Unions citing safety concerns and operators accusing the union of slow down tactics. On Feb 16, everything came to a full stop.

- The Port operators are unwilling to pay over time; back log will take weeks to clear
- July, 2014 the contract ran out and still nothing in place
- this could end up costing the US economy about \$2 Billion A DAY! Up to a dozen ships handle more than \$1 million per day!
- The rise of globalization make the west coast ports vital –
 - the international longshore association: about 20,000 people wields tremendous power that it has leveraged to create good wages and to make safety a prime concern in a complex and dangerous place

Sam Seder show: Leo Gerard the CEO of the Steelworkers – said the dock workers need to be getting \$25 / hour minimum, plus the truckers etc – the ante needs to be upped

- the level of production has gone up 4x since the 60s;
- Need to change what people are being fed
- As wages go up in Burger Kings, etc, cost only goes up about 5 cents – is not that expensive!
 - England is a worse model than the US at the momentous
 - Thom Hartmann explains it better

Reads what the North Carolina legislator did – Jeff Jackson: from **The Rachel Maddow show:**

<http://www.msnbc.com/rachel-maddow-show/watch/nc-state-sen-runs-solo-marathon-session-400705091832>

YOU HAVE TO WATCH THIS ONE - IT IS LAUGH OUT LOUD FUNNY and profound

- When Jackson arrived at work on Feb 17 at the State Capital he found he was the only one there, so he decided to get some work done! **Lots of tweets from “Just one Legislator”**
 - in a 1-0 vote, decided it would be a terrible idea to cut the University system even more!
 - just defeated a filibuster because I needed a drink of water that removes opposition to new child care subsidies
 - Should hurry up and pass medicaid expansion! Tweet from the Senate Chamber: all votes unanimous!
 - invest heavily in wind and solar-expansion
 - support early child hood education
 - broad-based economic development
 - NC becoming a national model for progress
- This legislator lays out what needs to be done:
the people in North Carolina have been through a lot: and **thanks to Rev. Barbour!**

Joe Rogan [stand up comic] is on Amy, talking about the galactic brothers and sisters, Dr Bassett

- He's been on **Camp Lovewave**, talks of DMT, journeys to get in touch with our abilities as our extra strands of DNA come fully on line.
- Has also worked with Peter Joseph of the Zeitgeist movement – Z Day in Germany later in March; also tied in with the Venus Project

www.VenusProject.com or .org – a model for building the light cities on many levels : as the land prospers, the people prosper.

- Also a story that **Alex Jones is a Mossaud schill**; he planned with The Saudis the 9/11 attacks – he is a Jesuit; people get to the level they are at by playing with not-so-nice people

Turkey: A girl going home in a mini bus, driver tried to rape her [in the last couple of days]

- she resisted & he beat her with a lead pipe.
- In the broader spectrum, it has to do with inequality – the

• Beyond T's ability to grasp how people can have this in them – the UN sent someone who had to do with women's rights: cannot change this by force – has to do with a spiritual application, and people need help in so many ways.

Audio: Abby Martin – Joe Rogan Feb 19, 2015

Exporting drones, Chapel Hill terrorism & how Marxism can be democratic

http://img.rt.com/files/episode/39/12/f0/00/bts_1902.mp4?event=download

In this **Breaking the Set**, Abby Martin contrasts BTS's recent visit to Cuba and how the tiny island nation exports doctors worldwide with the recent announcement that the US will begin exporting drones to its allies. Abby speaks with founder of MintPress News, Mnar Muhawesh, about the Chapel Hill shooting and how the media's refusal to call it a terrorist attack fits into the narrative of the War on Terror. Abby is then joined by Founder and Editor of Jacobin Magazine, Bhaskar Sunkara, to analyze the Syriza party's victory in Greece and the anti-capitalist Podemos party's emergence in Spain. **Abby wraps up the show with Joe Rogan, host of the Joe Rogan Experience, discussing everything from aliens communicating with earth to marijuana legalization.**

[SEE BELOW]

Mother:

Greetings in the Light of the Most Radiant One, and in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the violet Flame

Greetings, Children of Ra!

- Indeed, all of what we have heard tonight is about this time we are in where, as our brother Joe put it: we are being visited by ourselves; it is that we have come as the Hopi say: we are the ones we have been waiting for.
- Now is the time, and who better than Mr 19.5* to begin to talk about this story: he has been to Mars, to so many places.
- Now is the time; all of the magic is this moment. We have the kingdom laid before us – it is a golden time to totally transform, transfigure all of what has transpired. It is as Master Jodi said: you must unlearn everything that you have been taught and begin anew.

- We are in a new time and a new space with the frequencies of this new moon: the Year of the Goat. Time of this moment when we the 144,000 x 10 hundred thousand x 10 hundred thousand x 10 hundred thousand have been asked to show up. How can we begin to talk about this except to say we are already here.

T: isn't it true that the updated programs of light have

Mo: they are an ancient, ancient race and culture that in this dime: let us say send them into the Dark Rift with love. We will share more tomorrow. Kadoish, Kadoish, Kadoish

BTW: the hats Joe Rogan was talking about – he'll get quite a surprise:

Dr Greer: the science is beyond the mind of comprehension

Rama: went to the New Jerusalem and Captain Ashtar says

- Now is the time for love! Now is the time for peace! Let it begin with us! This is how we do this: simply send more love to all.
- Yes he said **just keep looking up!** It is right here under our noses or above us! **Just keep looking up – it's all there!**

Namaste!

INFORMATION RELATED TO THE NOTES

2015-02-17 **Wednesday's Weird Aquarian-Piscean Super New Moon**

**aquarius new moon
collage by Emily**

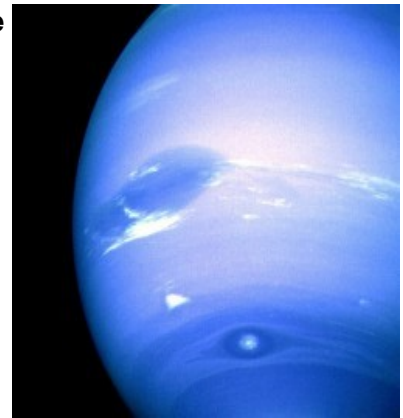

Wednesday's New Moon is WEIRD. The Sun and Moon will unite at the last minute of the last degree of Aquarius – 29 degrees, 59 minutes (3:47 pm PST). Moments later, both will shift into Pisces. Since the New Moon coincides with the Moon's perigee – when it travels closest to Earth – it's also a super-charged Supermoon. And it's Chinese New Year, initiating the Year of the Sheep.

Flavored by the last two signs of the zodiac, this New Moon asks us to clarify and commit to our vision for the future (Aquarius), but also to be willing to dissolve, surrender, and allow our **plans and ideas to morph** into something beyond what our little minds can figure out (Pisces).

The New Moon is loosely conjunct Neptune (at 6 Pisces), activating the Saturn-Neptune square. This square reinforces the New Moon's blending of Aquarian and Piscean energies, as Saturn is the traditional ruler of Aquarius, while Neptune is the modern ruler of Pisces. According to astro-genius (and Pisces Sun) **Rick Tarnas**, Saturn-Neptune contacts inspire:

*“disenchantment and disillusionment – in both the negative and positive senses.... These include not only loss of faith, discouragement, social alienation, and sense of existential meaninglessness but also **the empowerment that can emerge from confronting an illusion**, shedding a faith that is no longer viable, waking as if from a dream, lucidly recognizing the consensus madness, demystifying the received version of reality.”* (***Cosmos and Psyche***)

The New Moon also activates another major planetary alignment – the square between Uranus, the modern ruler of Aquarius, and Pluto. The pressure is intensifying as we approach the seventh and final exact square on March 16, **culminating a process of radical transformation that started in 2012**. The New Moon occurs at the midpoint of (i.e., halfway between) these two planets.

Neptune

That awkward, uncomfortable and sometimes seemingly stuck place in-between the old and the new seems to be part of the territory of the Uranus-Pluto square. Two consecutive New Moons at the 29th degree – next month's will be at 29 Pisces, the last degree of the zodiac – punctuate this theme. The last degree of a sign, called the anaretic degree, represents a culmination of energies, and can carry a feeling of urgency or crisis. The last degree of Aquarius has to do with the urgency of knowing, trusting and following our own truth, **breaking free from the hive mind** and taking the risk of being our freaky selves, so we can give our unique gifts to the collective.

We've been working with these Aquarian themes over the past month. The previous Aquarius New Moon, on January 20, coincided with Mercury turning Retrograde in Aquarius. Mercury is Direct (moving forward) again, as of February 11, but we're still “in the shadow” until March 3 – a phase of integrating the

information, insights and perspectives gained during Mercury Retro. At last month's New Moon, all the information wasn't in yet; now we've got what we need to move forward.

For more insight into what this Aquarian-Piscean New Moon means for YOU, find the house in your birth chart that contains 29 degrees Aquarius. (If you don't know how to do this, check out this post from a previous Aquarius New Moon.) The areas of life signified by that house are where you're invited to: shake up your perceptions and open to new possible futures; take action to bring your dreams and ideals into reality; surrender having to know how it's all going to play out and just take the first step; free yourself from realities that are no longer true to who you are and what you value.
