

There is a state wide effort among PCs, selected county chair and Vice Chairs to improve the integrity of the AZGOP. In part the effort takes on 3 dimensions.

- 1) is to restore confidence and trust in the AZGOP elections to paper based for audit verification.
- 2) eliminate proxy abuse during all AZ GOP committee meetings - LDs, County and state meetings. An activist in the Maricopa swamp informed the one LD had 5 Exec Officers and 2 PCs for a meeting to conduct business by using **69 proxies**. The proxy abuse reached exorbitant scales in the AZGOP where at one meeting some state committeemen showed up with a box full of proxies.
- 3) is a legislative works to upgrade the A.R.S. to prevent proxy abuse, build into the AZGOP accountability and other matters to restore confidence, integrity and trust in your party. I say your party as a PC directly representing the GOP voters and as State Committeemen/women representing the PCs.

I view the Phoenix swamp and the Washington D.C. swamp as a miss-named sewer. The national harassment scandal with slugsh funds, etc. is only the tip of the ice berg floating in the Washington D.C. swamp and a reflection of all in America away from GOD's law, natural law and movement to wards an ever increase in immoral socialist society.

Frosty - Please publish the attached.

Bruce M Piepho, Cochise County State Committeeman

I am working to restore Integrity and Trust of the PCs and State Committeemen/women in the Arizona Republican Party. One of the serious problems is a lack of cohesive comprehend able communications. The BRIEFS on 11/27/2017 stated =

Proposed County Resolutions must be submitted to Resolutions Chairman **Barry Wong** at barry@barrywong.com by Nov 28, 2017.

Barry Wong,

I plan on submitting a resolution for the AZGOP mandatory meeting on 1/27/2018.

I am confused and hope you can clarify my understanding of the process to submit a resolution to the AZGOP Resolutions committee for consideration at the mandatory meeting on January 27, 2018. According to the briefs below you are the Resolutions Chairman. Is that correct?

What is the correct or preferred procedure to send you an email or send correspondence to some address?

What is the correct dead line date? 11/28/2017 or 12/ 12 2017 (45 days before the date of the mandatory meeting?)

Every Arizona County should submit the attached resolution for consideration at the AZGOP Mandatory meeting.

Proposed resolutions, other than memorial, may be no more than **250 words long and must be submitted 45 days** before the scheduled state party meeting in order to be considered by the resolutions committee.
