#### **Hard News:**

**T:** current times are pretty intense; grateful for the connection that Rama keeps for us with White Knights

**R:** goes back to one issue: **we are not alone! This supercedes all other stories**

- Other stories are a variation on a theme about us being alone
- Chris Matthews: had on a clip about Bill Clinton being asked if we were being visited: BC said “I have no doubt.” Then Bill was asked about the Book of Secrets – Bill said essentially if I tell you, I have to kill you!

- For the average person trying to make \$10.10 an hour, life is a horror story
- Supreme Court gave free rein to Koch Bros or Kim Jung Il to bring in all kinds of \$\$\$
  - Tony Start gave John McCain how many millions?

**T:** McCutcheon vs SEC is worse than Citizens United act

- The Court twisted the way things are said: Thom Hartmann said money is not mentioned in the 1<sup>st</sup> Amendment, so the Supreme Court cannot legislate which is what they are doing.
- It should be the play of the House of Congress to say “No, this is our realm to deal with.”

**Al Jazeera:** mentioned Harry Reid always bringing up the Koch Bros

- Charles Koch wrote an op ed in the NY Times today, called Reid a collectivist

**Ed Show:** R talked to Larry, Curly and Bernie Sanders and the ACA moving to single payer

- Bernie being asked to run on Democratic ticket – moving that way
- Why did Rep senator DeBasio get on Fox News & say that the ACA sign up numbers were made up?
- Behind the scenes, Dr Stephen Bassett and Raj Patel who has an in with the Maitraya Benjamin Creme deals with: Bassett will get the money to bring disclosure forth on the floor of Congress

- Larry & Curly – Maitraya is from Venus and has never fallen from grace: has access to Venusian gold
- Paul Richoff, head of Iran Afghanistan Iraq Veterans Association, is going up against the Bush, Rocky and Shrubwinkle show – Rummy tooting his own horn and believing he has done nothing wrong
- Diane Finestein on Chris Hayes tonight: **will be releasing the summary of the report on the CIA**

**T:** the girl and 2 boys who were put into solitary confinement in Iran for going into an area of Iran that was “not for tourists” have been released: it was a game and Hillary was part of it

- They could hear other people being tortured: blood-curdling sounds!
- Talked to the guards: Yes, we torture – and so do you!!!
- Paul Richoff and Sen Gillibrand of NY: will have hearings about men and women believing they are doing one thing when they sign up, then go to the Middle East and see something else:
  - the story is about the stargates, the Gates of Ishtar, the Hanging Garden of Babylon – everything Zacharia Sitchen talked about which is true, as against the Scientology person's writing and the US MIB and the Roswell crash
- Paul Richoff said Rama is the only one who talks of this: the soldier who went on a rampage in Fort Hood had been ordered to go through a Stargate in Iraq; he got the feeling not to go and said no,
  - He was beaten and had a traumatic head injury; no one would help him when he returned, and then he went off his rocker in Fort Hood.
- The only ones with a vested interest in talking of this
- Sen Mike Ravell has pulled almost all of his money out of various places and said he is putting his money on #13 [Mother] and Stephen Bassett to bring about disclosure
  - A Major eclipse + the Grand Cardinal Cross and a Blood Moon
  - As Carl Boudreau, we are in a new space
  - The changing of the paradigm is going on right now
- Rand Paul, Donald Trump, Sen. Cruz and others: the only thing they have left is the fear card and ?? And Mother comes to meet this energy and shatters and consumes it
- **Blood Moon:** the culmination of the eneriges coming forth with Aries coming fully into play, Sun in Aries
  - Blood: everything that is coming up to be healed is on the table: it is so intense
  - That which it represents is the old being cut away
- We are in a totally new paradigm: what we focus on is what we create, that is how powerful we are
- Peter DeFasio came on and called Ryan a \*\*\*\* liar and went after Boehner – who said today there was now freedom to give money to whomever one wished, with no limits
- Ap 4 – July 4 – Occupy is going to show up in the park in NYC, in other places across US; Anonymous is also involved
  - Anonymous shut down the police dep't in Albuquerque for 4 hours
- Police do not get punished when they kill citizens; have been turned into counter insurgency troops
- 10 Rothschild bankers arrested in Iceland!!!!!!!!!!

**R:** Putin: the ruble is now supported by gold!

**MR:** got an e-mail today: what are the dates for seeing the ruble backed by gold?

**R:** Already in place, as far as they know! This makes people in Wall Street very nervous; the Paul Volker rule now in place which means they cannot go through the back door and cheat any more!

**R:** not an easy week to see so much murder and death on the planet: choose to love them even more in their insanity – any agression on our part leads us into the same circle.

**T:** Glenn Greenwald: JP Rig from the UK – to inject false material into the internet to destroy the r

To use social sciences and other techniques to manipulate online discussion to their own ends

**T:** Gordon Duff: an older white guy who hates Obama, wants him dead! What he says is too mixed up with his vitriol.

**KOS:** time for us to focus and stick with NESARA

- There are no answers coming from Faction 1 & 2: this is causing a split in the light community and delaying the total shift – time for us to give up pursuing other things and get with NESARA!

**T:** Corporate subsidizing has to stop: hundreds of billions of dollars going to huge profitable corporations, and people are uninformed as the media allows this ignorance to continue.

**T:** got hopefulness from the comments of Larry, Curly and Bernie Sanders today:

- **full disclosure is the thing to focus on** – the money showing up [for Bassett will help this process of disclosure]

**T:** The drugs that are anti depressants and given to soldiers when they return or to women if they are raped: soldiers face psychiatric withdrawal from war all the time, and coming home and getting no support or love drives them to do violent things, including taking their own lives

**Guest: Loretta Craig**

- MR met her at an agricultural conference a while ago; Loretta is involved in a back-to-the-farm movement

- In 2008, lived in Pennsylvania and husband lost his job
- Now re-established in Kansas; between 2008 & now, she saw a statue of Lady Liberty wrapped in the flag in a WWI museum, with the message about self-reliance. The message spoke to her
- They are in Kansas on a little piece of land; started looking into how to grow own food
  - Found it hard to get the info about how to get nutrient-dense veggies/organic

- Victory Garden movement in US was started to prevent food riots; shortages were caused by sending food to Europe

- Was a labour shortage in WW II because of men going to war

- Had to figure out how to do this, as she found little help there; in the last 4 years, has come a long way
- Went to a “Food, Not Lawns” class, and had to learn a whole new vocabulary: has gone through a major paradigm shift in the last 4 years.
- Meaning of “nutrient dense” - according to USDA, we have to eat 10 carrots today where our parents only needed one! They had more boron and other nutrients – today's plants don't have those nutrients because the soil isn't healthy. She met someone who presented the system that made sense to her.

**MR:** what is in the soil is akin to the vitamins and nutrients in the body; some things that are in the soil do not allow the plants to absorb nutrients – and there are not enough nutrients in the soil these days. Without the good bacteria in the soil, the plants cannot digest what is in the soil

**LC:** became a spiritual experience: she realized that it really was “as above, so below”

- saw the similarity between the cows and humans: what is in the gut is what is needed
- Has put together a preparation for spring presentation: found it very lonely to begin with, now finding people to share with

**MR:** how could listeners go about organizing something like this? Connecting people with lawns with those who want to grow; people wanting to grow things on their decks?

**LC:** go to the library, go on face book: check out the local food organizations like slow food; use library to find classes; bought pod casts of seminars,

[www.growbetterfood.com](http://www.growbetterfood.com) – will take you to JOHN KEMP who is the one who pulled it all together for Loretta

- Yes, she grew a garden and did a CSA Community Supported Agriculture for 4 families: people pay a fee up front to the farmer to grow their food and they get a bag of veggies every week of what is in Season.- cost is equal to how many are in your family and your estimation of need

- Loretta volunteered to help on a farm and learn how to do it before she did things on her own.
- Vandana Shiva is coming to town in a couple of weeks: when genetically modified seeds moved into India, the smaller farmers could not afford the seed: there were incredible number of farmer suicides because of what happened.
  - She encourages people to propagate seed, keep the seed – stands up to the corporations
    - is coming to encourage them to take part in the movement to seed freedom
  - VANDANA SHIVA – WILL BE IN KANSAS CITY ON APRIL 17<sup>th</sup>
    - In 1999, addressed the World Health Organization in Seattle and not to spread GM seeds
    - She told the men in suits where the bear goes in the woods!
    - Has taught the women in India how to grow food – they grow their own food and stuff, and weave their own cotton and make clothes – use small loans to start small businesses

Whole discussion about GMOs

**L** brings up what William Davis says about wheat in a book called Wheat Belly

**MR:** Arden Andersen wrote a book called Food Plague – a book that describes very well what GMO seeds to the soil and to the food – easy to read, well documented

**T:** When you do something that is not good to you because you are ignorant, and you get the same info in school and society – what is the long term damage? How do you fix it?

**MR:** depends on your genetics; this generation is seeing children dying sooner; Europeans will not accept GMOs, and here in NA, the GMO companies are working to prevent labelling; non-GMO products go to Europe; GMO products are used in the States

**T:** yes, the US is the most inundated with GMO foods & people are not aware of what it does to them

**MR:** if it says "organic" and has the symbol, it should be organic. The word "natural" is the word that means nothing!

#### Hard News:

**T & R:** such an explosion of energy; radio hosts are also talking about it's time to see the end of this!

- They also want to wring C Christine's neck: he spent \$1 Million of the people's money, trashed everyone he didn't like; David Samson retired as he does not want to play any more

**R:** the 13 families want the gauntlet of power to run the entire planet – they are not getting it!

- All has to do with the fact of this ancient, ancient story: what we understand as magic brings in the super science, that love, compassion is a science, God is a number; the realms most folks don't talk about unless they are smoking / taking something!

**T:** Michelle did a fantastic job when she went to China with her mother and 2 girls: 4 women of three generations who told the Chinese to get their stuff together:

- she told the Chinese that there used to be laws in the US that were against coloured people like me and my mother, and there were peaceful protests to bring about change [pointing out that the Chinese are killing some of the minorities there]
- the message is coming from the feminine when it comes from Michelle & is resonating in China
- lots of good symbolism in the message and presentation
- the regime invited her because they thought she would bolster their regime [this info came from a Chinese person on the Melissa Harris-Perry show last week]
- President Xi was all over Europe last week: Brussels for the anti -nuclear meeting; then the G7; then to Germany and Angela Merkel and around Europe to make other deals.
  - The trade between China & Germany equals 1/3 of Chinese trade numbers.
  - China, Russia part of the BRICS
- US has isolated itself in a way because of its bully tactics
- India has created seeds that require little water: the western part of the US has need of such seeds!
  - US and its 500,000 fracking wells and polluted water that is just forced back into the ground
  - US in the place of needing to know a few more things about growing things due to the weather and lack of good water.

- On March 31<sup>st</sup>. 1946 – 2014 a Malasyian civil rights activist made her transition: the Buddhists are said to be killing the Rohingya who are Muslims; she fought for the Rohingya and the domestic workers – in 2005 she was awarded the Right Livelihood Award for her work with the migrants and women
- **The Last Word** – guest Sen Loretta Weinburg, Co-chair of Special Legislative Comm on bridge scandal:
  - Laurence said to her that David Samson was involved with the bridge scandal from the start, and that Patrick Foyer wrote the memo saying it was possibly illegal, and Samson wrote a response saying that Foyer was "playing in traffic".
  - **LW** said that no one has wanted to look at the fact that what Foyer stated was worth looking at.
  - **LO'D**: Samson was perfectly located to have the legalities reviewed, but he didn't
  - **LW** said that Christie's report is full of holes; also omitted to say that her letter to the Port authority was copied to many people – she asked all the right questions; also spoke of the gross overt sexism in the report relative to Bridget Kelly – entirely gratuitous; she'd tell Randy Mastro who wrote the report that he was a disgrace to the legal profession!

**L O'D**: On March 31<sup>st</sup>, 1736, Abigail Adams wrote her husband John Adams and said she wanted to see in the new code of laws that he remembered the ladies and was more generous to them than his ancestors were: [she is guided by Sananda Kurmara – Rama] – do not put such power in the hands of men; they are inclined to be tyrants – we are determined to foment rebellion!

- Women did not get the vote until over 100 years AFTER she wrote that letter!

- [people called Jack and Margy are a couple from NW, now returned to Mass; they were John and Abigail Adams;
- When Dennis Kuchinich was in Santa Fe the first time, he had written a bill which included words of "mind control", "chemtrails", "exotic weapons" which he wanted banned: the word Chemtrails was taken out; Margy got up and asked him what he had to say for himself, as they had seen that the world was taken out; he had nothing to say – Jack and Margy are now educating people in Mass]

**T**: Shakeup in French politics now: attempt by the Fr Pres to get his socialist party back; happened on Ap 1

- NATO is making a hornet's nest out of this: they are the criminals [Rama]

- An article that a team of Ukrainian people that went up and down the eastern border with Russia and there were no Russian troops at all! T & R have not seen this article – heard about it only.
  - NATO wants to start a skirmish there – have also trying to start something in Poland as well – it was McCain and some others from the US who want to start a war
- As soon as Crimea was signed over to Russia, the pensions of Crimeans were doubled to bring them up to par with Russian pensions! In Russia, when you retire, you can live nicely on your pension  
R: if he goes to Central Park and talk about Occupy, he can within limits; not in Russia.
- Japan: evacuation order partially lifted for an area near the nuclear plant: not telling the truth as TEPCO is lying and the geiger counters are all rigged – young people not taking up the offer.
- Japan has to stop their Antarctic whaling – got stepped on by the international group

**R**: Everything that is going on is fabrication to hide the real fact that the Republicans, the Tea Party and those who oppose progressive change are facing their demise: the energies coming in are so radical that we are being asked to jump off the cliff – we are in "no time", walking on water, walking on air; suspending our disbelief and going beyond the realms of the normal.

- More and more of the media are beginning to drop serious dimes about the ET question – as we move forward to this, money becomes unnecessary and as we become part of the Intergalactic Council of Worlds, we do not need money, only have a mission

- The entire Atlanean grid is up and fully active **R**- the scientists can't explain the anomaly they have found
  - There is a body of climate change deniers on Fox and other places
  - Noah was an Atlantean sea captain who had a fabulous amphibian mother ship – could travel in the water and the air; was not a bunch of rag tag individuals on a leaky wooden boat!
  - The false religions have put out such insidious stuff
- **The grid means we do not need more oil AT ALL!** The pyramid in the water by Crimea is part of this

**T:** Dr Keshe said it takes 6 mos to get set up with the grid; all we will need to do is push a button on a cell phone and hook into it

- Also, there are satellites going around the sun which make energy from the sun and use a radio signal to send the energy to the earth – it is dirt cheap to do this!

**MR:** some of the good stuff is happening – when will we see this stuff?

**T: KOS** said these ones are blood-curdling in their efforts to keep us off balance: The earthquakes in Chile are being stirred up by the dark ones who are trying to get a war going somewhere!

- Bernie Sanders talking to Larry and Curly was no joke!

**Closing: Angelsu**

Her first comment: our imagination is our best tool!
