

T. Boone Pickens and the Pickens Plan

***“Putting His Money Where His Plan Is,”
Lou Dobbs,
July 21, 2008***

***“Boone Pickens. A remarkable fellow.”
Lou Dobbs,
July 21, 2008***

T. Boone Pickens wants to end our crippling dependence on foreign oil.

*“We are in a Crisis mode...and we’ll break the country in less than 10 years.” T. Boone Pickens, **CNN**, *Lou Dobbs Tonight*, July 21, 2008.*

Imported Oil statistics:

1991	42%
2018	80% (If we do not change directions)

Oil imported into the US (Middle East and Africa): 38%

Solution: Transportation using Natural Gas

“There are 8 million vehicles on Natural gas. Only 142,000 of them are in the US.”

T. Boone Pickens

The government needs to move quickly on using natural gas for vehicles

GM produces 19 different vehicles that use Natural Gas.

Cleaner, cheaper, abundant, domestic

“The US has not had an energy plan for over 40 years.”

T. Boone Pickens

Where to Develop Alternative Energy for Electrical Use?

- Wind (Central US)
- Solar (Western US)

The Natural Gas solution for transportation: 22%

Reduce US dependency on foreign oil.
