

Dear Perspective Supporter,

I am Roshunda Buchanan, founder of *2Unique Community Salvation Foundation*, which since 2004 has been an organization charged with passion and driven by commitment to the health and welfare of our communities. Our focus is to network and disburse an array of talents, gifts and resources, of the utmost quality into the homes, schools and facilities, so others may have opportunities that may not otherwise be afforded them. As long as the world remains, we plan to impact change through relationships, support, education and awareness.

My goal is to broaden my education and experience as a leader in the nonprofit sector by becoming a member of *Alliance for Nonprofit Excellence* and obtaining my degree. This will enable my organization to meet community needs from a global perspective by training leaders. The Obama administration is supporting those who serve the community. There have been promises for funding for nonprofit organizations and that is good news, however, this brings me to the purpose of this letter. I am currently an undergraduate seeking a bachelor's degree with a goal to obtain a master's degree in *Nonprofit Development and Administration* from the University of Memphis. The economy in its current state has halted all of my educational plans and depleted my personal finances. I have sought help, to no avail from federal assistance to state and county assistance. I am currently 6 hours from completion of my Associates degree in Psychology. I am currently seeking financial sponsors for educational support. Any funds obtained will be used solely for the purposes of education.

I am asking supporters to help me reach my goal. Is it possible for you to assist me by making a contribution? Any amount given would be appreciated. I will share my accomplishments on my website [www.2unique.org](http://www.2unique.org).

If you would like to support, please go to [www.2unique.org](http://www.2unique.org) and select Donate/Pledge. Your contributions will enable me to continue to make a positive impact in our communities for this generation.
