## HARD NEWS

**T, R:** today is changing of the guard: OPEC's most powerful nation has buried its king

- by now, he will have met Mother – has been a naughty boy: kept his 4 daughters locked up for the last 10 years! Has done some small things for women

**Wahabbism:** read a bit of the info they have

**Leslie Marshall: Sam Seder was a guest**

- talked about the statues of Mother on Mars – will read the story later
- **Sam talked to Rama** that Pres. Rouhani of Iran – Barack Obama is off to India to take part in a big celebration there;
- Rouhani said the new king Salman suffers from dementia: wanders around the palace in his pjamas; takes his car out late at night with women in it, just for a ride; stories that he is talking to invisible beings – Rouhani says it may be the Jinn saying it's time to reform the ways of Saudi Arabia – like lashing a blogger for 1000 times plus 10 years in jail.

**Audio: Thom Hartmann interviews Norman Lear**

**Conversations w/Great Minds P1 - Norman Lear "You Matter, Whoever the Hell You Are"**

Norman Lear, (Pt. 1) is an American television writer and producer who produced such 1970s sitcoms as All in the Family, Sanford and Son, One Day at a Time, The Jeffersons, Good Times, and Maude. As a political activist, he founded the advocacy organization People For the American Way in 1981 and has supported First Amendment rights and progressive causes. Shows like "All in the Family" and "The Jeffersons" didn't just shatter ratings charts - they changed the way we thought about American society. Why is that - and what can that tell us about the power of socially-conscious art? I'll ask legendary television producer Norman Lear - the man behind "All in the Family" and "The Jeffersons" - in tonight's Conversation with Great Minds. His new book is **Even This I Get to Experience**.

**Conversations w/Great Minds P2 - Norman Lear Goes After the Media**

Norman Lear, (Pt. 2) is an American television writer and producer who produced such 1970s sitcoms as All in the Family, Sanford and Son, One Day at a Time, The Jeffersons, Good Times, and Maude.

**Conference Call:**

**Caller1:** 6\* Celsius in Alberta is about +/- 38\* F

**T:** her stories about winter driving!

**C2 from Illinois:** talked about price of oil kept low by the Saudis as opposed to what the 13 families want – why?

- Competition between the 2 groups: the Saudis keep the price low through over supply
  - Gas in Santa Fe: from 1.74 to 1.78 to 1.73
  - Gas in Anchorage, AL - \$8 / gal
- Saudi Arabia does not have the same values as the US: only value is staying in the top position in the oil realm

**C2:** so the CIA does not have as much influence there?

- Have to separate the CIA from the US: they operate around the globe; they are stirring up so much

ugly stuff right now – the relationship between the small pieces and the larger picture is challenging

**C2:** usually have a nefarious plot going on: have one thing going on yet making people think otherwise  
• What they want to do is create a NEW WORLD ORDER and move in the reptilian landlords from the other planetary systems where they have already blown up celestial bodies there

**C2:** why would the Saudi Arabians not join that group?

- SA is only out for themselves; they have Wahabbism in that country, no democracy at all – they are a kingdom – Iran is ahead of them;
- SA is kind of medieval; Abdullah was working behind the scenes with McCain, Netanyahu et al and poisoned the ones in Syria

**C2:** Yet the Saudis were connected with the Bushes and were behind 9/11?!

- King Faud had 40 wives and around 150 kids: half are working for the dark and the rest for the light – the family is divided: there is not one universal mindset when you say “Saudis”
- the kingship is on its last legs: the half brother and the others that are left are all over 75! There is nothing ticking here: Salmon is the youngest and he has dementia!
- This is a galactic operation & we observe the infighting and the double, triple infighting going on

**C2:** Why isn't Romney being invited to the Koch bros events?

- He has more money than the Koch Bros and he is a mass genocide murderer
- he thinks he is the divine messenger of the Angel Moroni of the Mormon religion

**C2:** he has the same agenda as the Koch Bros?

- The Koch Bros can control the others –
- Chris Christie is a super racist: since 2013 in the fall, the Black Ops started going after him for Bridgegate: she does not understand the connection except that he is racist and part of the agenda is to reduce the numbers of people
  - Amy Goodman came out with the story: black people being killed in Jersey indiscriminately
  - Like the 2 policemen who killed a young black man with his hands up: they think they can do Nazi 4<sup>th</sup> reich in the open, with impunity
- Just the other day, Darren Wilson got off at the federal level!!!!

• **This is a galactic operation** & if people are still wondering what is going on: there is a real problem

- Mother said a long time ago that there was going to be a whole lot less people on the planet because the Ashtar Command will be moving them to another place like this –
- This lightens the load here and at that point of time, we will be going to higher vibrations faster and faster
- all the masters are guiding this because it is very obvious to all of us that the responsibility we have has to match the abilities we have; we have much to learn
  - We chose being born into a Jihadist family, a Christian family, a fundamentalist family – there are over 1700 indigenous native people just in the western hemisphere; there is eons and eons of stuff that has been lost and

**T:** hopes that many of us will come together and hear what Master Dang has to say

- As everyone can make a contribution, come together with the energies
- we'll learn something from a Master from Viet Nam and how much do we understand about that country being at the end of the wrath of the US
  - We killed over 5 million people
- If we are not white, anglo saxon – it's very elitest; THEY ARE NOT HUMAN; THEY ARE INVADERS, SHAPE SHIFTERS.
  - The words that our Lady of Lourdes – it was LM Nada's star ship they saw; there was earth under her feet and she spoke of the abomination of desolation: the misuse of the divine vehicle of the human body
  - they are literally being removed now: Boehner and Netanyahu have been killed and cloned in the last little while, and this came from Nancy Pelosi and Harry Reid

**C3:** please repeat about the cloning; why is Obama not meeting with Netanyahu?

- Net is coming by a treasonous act, being done by both of Boehner and Net
    - Article 2, Section 2, Sentence 2 – the president has to invite a speaker after the discussion of who is to come; Boehner cannot do this: it is treason because he violated his Oath of Office
- C3:** his purpose was that this would get into the news and turn most of the US who is pro Israel against Obama: this is what the media wants us to think
- That Israel is the 51<sup>st</sup> state of the US has not been announced to the people, it is not lawful
    - just like the UN is a dark place and not what people think it is
- C3:** about clones?
- Pelosi and Reid said we are taking Mr Boehner and Mr Netanyahu to make peace with their gods!
  - Yes, they really said that! Nancy P was acting Pres of the US on Oct 2<sup>nd</sup> when the US marshalls removed the last clone of Bush Jr who was attempting to declare martial law; they lifted him up and took him out of the building, and Nancy knew exactly what was going on
- C3:** This was never on the news!
- Right, and that is what this teaching program is all about; it was serendipity that we got the conference hour so we can talk with everyone! Tells how it happened.
- C3:** she loves this group!
- T:** wants the group to grow!
- C2:** if Boehner and Net were cloned; who operates the clones?
- The galactics and KOS – they have technology
- C4:** about the process of cloning and whether the clones have souls.
- they have soul essence because you need the DNA to create a clone – depends on who takes them out – both light and dark are cloning:
    - the dark took Carter out in 1977 and cloned him; he found out in the late 90s and called Rama up and told Rama what is going on – he found out as he was running and jogging – running by a river; somehow he fell and a rabbit bit him on the leg; when the doctors came to look at his leg, it was a clear liquid running from his leg, not blood! That's how he found out!
- C5:** if both light and dark create clones, what is the motive? Can the dark program the clones?
- Yes, but it does not work all the time.
    - Henry Kissinger is a clone, and he loves his program!
- C5:** he was quire dark
- T:** and he still is! In the first creation, he was one of the angels who decided to eliminate the 12<sup>th</sup> strand, so there is no emotion: they can consider us all commodities and get rid of us as desired
- C5:** they are psychopaths
- Yes
- C5:** what is the advantage of cloning Boehner and Netanyahu?
- T:** then they have a program and perhaps can lighten up the activities [with help from the White Knights]
- they can also stay in the public eye and have their power reduced, so the energies of the light can come in and gradually take over;
  - the media has to be taken over by the light completely and it will occur – getting better all the time: MSNBC saying more and more for a controlled media
- R:** voted for Carter at that particular election; friend of the time voted for god!
- T:** the awareness of what Ron Reagan was has only become clearer in the last while
- the young people of the time thought mostly of getting money or training to be lawyers
- C4:** heard that a hedge fund lost \$800 million dollars over night
- markets are going up and down like a yo-yo, as are the gas prices
- T:** talks more about Nancy Pelosi: as acting Pres of US in the first 10 days of that time
- had big meetings about TARP – Hank Paulson, Bush Jr, Dick Cheney, Rumsfeld, Alberto Gonzales, Condi Rice, Nancy P – they had to vote in the house, in the Senate for both TARP 1 and TARP 2

- the 10<sup>th</sup> was a Friday – Bush Jr was behind a podium: he looked like his mother had just died and said that he would be leaving in 3 days and was happy that TARP had passed: the energy and the aura did not match the words; he limped off and the US marshalls took him away:
  - that was the last clone; after that they created a solid image hologram – and is still there because all that is unknown has to be there for the sake of the knowledge we have to gain
- This process we are in is very, very intense!
- Nancy knows: and the following Monday after the 10<sup>th</sup> or the 1<sup>st</sup>, Hank Paulson, Barney Frank, some of them – the really big ones from the Federal Reserve –
  - the point is that Paulson was a clone; had been killed Dec 29<sup>th</sup>/30<sup>th</sup> – shot in the chest 3 x and lived until early Jan 2008;
  - the sleaze story showed up in Nov/08. He was sitting beside Bush Jr and was supposed to be looking like he was in the room, but he wasn't & was always looking in the wrong direction
  - the technology on the computer enlarged the shirtsleeve – then it disappeared and returned: the holographic image of his wrist was moving outside the sleeve
- Feb 8<sup>th</sup>, 2009 – it was the World Economic Forum: had piped in the Queen of England right into the WEF and she was confessing that she owned everything south of the equator, and she had completely destroyed those people and taken them into absolute poverty:
  - that was a clone of her –
- Cloning has been going on for last 43<sup>rd</sup> years that they know of; AND THIS ALL HAS TO COME OUT!
- We do not need another civil war and inside this country there are cells and collections of nukes, weapons – it is so evil, and lightworkers are having a hard time with this: how do we overcome this horror story?
  - With the power of love
  - Mother said yes you have your free will choice until or unless you are planning a nuclear or psychic holocaust!

**Charles again:** so the dark forces have not figured out that their ability to knock out Obama - that there is something extra ordinary going on?

- Yes, they know what is happening; the ability to make a choice is severely hampered by lacking the emotional body; they are used to 13,000 years of power; the Roswell incident was them bouncing a laser beam off the moon and taking a star ship out of the sky

**R:** they've been planning – the ultimate last card is a fake alien invasion with Area 51 technologies and making it look like the galactics are the bad guys, and the gov'ts of earth are the good guys – **the biggest lie ever.**

**T:** we cannot perceive what life is like for them; as we have walked only in our own shoes, we have no idea how painful it is for them

**R:** Bush Jr is his cousin – it is true - and he has no idea of how this man lives, or how he sleeps at night – he is a solid hologram: do holograms dream? *The Bladerunner* is based on a story about electric sheep: do these sheep dream? Dekker who is chasing – is he a real person?

- We are dealing with these kinds of lifeforms right now – the transhumanist agenda; the dark ones want to put life force / soul in these kinds of bodies

**C6:** any updates about disclosure?

- will be playing something from Dr Greer which came out on the 20<sup>th</sup> – all the craft are being seen on the space station, around the moon. The rover found Pashat statues on Mars -

**R:** just waiting for Obama to get up and say we have to acknowledge the friends we have from elsewhere

- In the movie **Man of Steel**, he refers to himself as an “undocumented immigrant”!

- The point is that Nancy Pelosi was standing beside Hank Paulson who was a hologram; she knew it and knows all that is going on: just cannot talk about it due to a gag order.
- So much to learn and so many imposters at so many levels: we have to draw on our Akashic records and we have that ability; they have been weakening the structure of the human body with poisons, the

methane gas cloud over our head, poor food etc

- The Dep't of Indian Affairs has compromised the relationship with the native Americans
  - Al Jazeera had on an article about the Native Americans: they are being killed faster than the African Americans – police just walk into a house and shoot everyone!
- As we open our hearts to more love, we become more and more as One; so many of us have been traumatized in so many ways

**C** grew up in the 50s, and just about all her life, does not remember feeling safe walking on the sidewalks at night, as D'Yanna said at the start – we think it is normal to feel afraid about walking at night.

- She grew up in the foothills, went to Glendale High – has never felt safe, and more so now.

**R:** had a choice to hang out with the Cripps or the Bloods; carried a small handgun in his backpack at the time. He was next to Panorama City – the orange groves were destroyed with the building of I 5

## **BBS RADIO**

### **Greetings, Mother, Alcyone:**

Greetings in the Light of the Most Radiant one! In the office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

### **Greetings, Children of Ra!**

- As Mercury is doing its cosmic dance, along with the conjunctions of Pluto & Uranus; since we are all One, it is a cosmic dance going on between the suns, the stars – the cells reflect what is in space: suns, stars, galaxies are all within the cells. We have the innate ability to create Universes upon universes; we all do: this is the place where we are all being asked to step up to the plate as sons and daughters of the Most High.
  - In this moment, it is called “Use the Force”, as Master Joda says We have the abilities now; it would be – it is – it is all there is: the reflection of what is within from without.
- Everything is now! What we are all going through at the most innate levels – it is the place inside that reflects outwards; starts on the inner and reflects outwards to everything, every one. This table, this mike, this screen – the electrons are dancing within the confines of what we understand, overstand about how we interact with the molecules, electrons, protons –
  - it is in our best interests to interact with these frequencies which are screaming at the highest levels! See me, feel me, touch me, heal me. Now is the time – it changes everything.
- **This moment here that we are in is the magical moment**, right here, right now- there is no other time, it just IS right at this now; how this reflects out to All that Is – these moments we are experiencing in ecstasy as well as agony is this cosmic dance we have asked to participate in. As this local sector of the western spiral arm in the Milky Way Galaxy is upgrading itself along with the rest of the U of Nebadon.
  - This small green speck has asked that we participate in the grand scheme of things: after all, it IS a SCHEME! The best laid plans of mice and men and how we get to the next level of becoming the 33<sup>rd</sup> member of the Intergalactic Federation of Worlds: that time is NOW in spite of the barbaric acts going on at the moment.
  - This planet and the surrounding areas of the solar system: everything is in upward spiral of the cosmic dance of infinite ecstasy and joy; yes it is - the suffering is optional: san sara is over – it is how we do this with such dignity, grace, beauty, gratitude fo the Most High;
  - As we really get this in our cells, it changes everything – how we think, move, have our being. Since we are all One, and the least among us is the order of the day – everything reflects back to the one story that is front and centre: black lives matter; all colours of the rainbow matter – all the

rainbow rays; it makes no difference if we are green with pink polka dots and antennae – we are all One;

- in this one single moment, nano cells are asking us to rise to the occasion, and the temple will follow; the cells are screaming “WE are HERE”. As we get very, very quiet in this temple: we can hear the cells talking to each other, can hear them breathing, and can hear Giaa, Vymaus breathing in and out. It is that unison of the cosmic dance – the rest is Maya, illusion. The in breath, the out breath, nothing else: everything else falls by the wayside, And we and Mother, all are in this NOW moment

- As Naomi Klein said, this changes everything, and this moment here we have been given the keys to the kingdom
    - Like Genii in Sedona said: the Cities of Light are already manifesting on the planet, and as we walk through those gates of our own temple of the living god, goddess, All That Is, it is physically manifesting. In the moment here, the cells are speaking at the highest level about how we can interact with each other to make a difference in this cosmic dance – it is so magnificent to behold!
  - and at the same moment, everything around us is a cosmic distraction to get us on the path of Oneness; it is about doing 2 things at once and nothing at all; as we flow with the inbreath, the outbreath, and hear the cells breathing; as we get in touch with that inbreath, that outbreath and the unison frequency as Gaia / Vymaus breathe and we breathe in conjunction with her and him; this spiral dance of cosmic ecstasy, infinitely changes all time and all space: there is no other thing happening!
  - How this makes a difference in the scheme of things is this divine scheme we all concocted to be here, as we have asked ourselves to show up for active duty as she is ascending along with us and him.
  - it is the imperative story that is on extreme red alert: Gaia/Vyamus is changing - yes, climate change is real; all the things happening are very real – not about extinction level events, but about ascension of the Most High
    - the present science has to take the next quantum leap in evolutionary development & this brings in hyper dimensional, quantum physics.
    - Our scientists are in kindergarten and now we must move up to the level where we are in a divine classroom with Metatron and Neptha El RA, they are the teachers of the hour, and they are saying here and now, listen to what the planet is saying, listen to what yourselves are saying, Now.
  - How we change this story: this cosmic dance we are doing, the waters, the air, the land, these temples that are flowing with the divine cosmic dust - the gold dust is in every thing and everyone. It is part of the hyper dimensional physics of nature, of what makes up the frequencies in different dimensions.
    - as we are at that level of the divine classroom with Metatron and Neptha El Ra; – the lessons being learned are that our thoughts we have, have physicality and are very real and they have an effect on the environment, on everything they touch; they feel all they touch
  - Her wayward children asked to have this lesson deleted from their experiencei but it is hitting them like a railroad tie or like the cosmic train on the track to the Dark Rift. It would be in our best interest in this moment to send them even more love. As they have asked, we need not know these things; let them go in their infinite ignorance and bliss – they have already made their choices. And so it is
    - Let us get on with the cosmic dance of life everlasting – even the dark ones know things come full circle: yet they will do their cosmic dance as they dissolve into nothingness – and we create new universes out of what their essence is. That is the essence of the day - cosmic soup
    - have been making stone soup: put the stone in the pot, add carrots and taters and some Miso! [T: you are making this up – we're eating beans and beans and beans!]
- Mo** is making a cosmic joke: the methaphor about it is: start with the stone soup – which is

where she is going with the story - : they will ask to be deleted from the program because they have violated cosmic law at the high levels! So she will make stone soup out of their essence – she is a very good cook! Add some spices to the soup and it will be just ducky! No ducks in the soup; it is vegan

**T:** markets up, down etc etc; gas prices up, down, etc etc; one day the Pres of Yemen resigns, next day not as per the Parliament; will it become a Jihadist state or not; will it be split in two; In Ukraine: one day the town is taken over by one group, next day there is another group – all there is are dead bodies. In the meantime, the World Economic Forum is going on , , .

**Mo:** they are very much aware that the extremes of wealth distribution is the noose around their necks. No army, no marine force, no navy on the planet will save them.

**T:** Barack off to India at 6 am tomorrow

**Mo:** would be in his best interest to visit Guru ?? temple

**T:** KOS could divert him!

**Mo:** Time flies when you're making soup! Now is the moment that we have some undocumented immigrants who want to immigrate here and help you. Was watching Ancient Aliens and David Childress: when Fukushima happened, a few visitors came to let us all know that – even though it is the filth of the splitting of the atom went into the ocean, she and her beloved friends are still mitigating things or we humans would not even be here! This is the paradox of why we are even having this discussion: **NO NUKES AND WE MEAN IT!**

- The Captain and the Admiral of the all Intergalactic Fleets are saying **NO NUKES.**
- Yet there is a story out there, still pumping fear : *Information Clearing House* is saying we are on the edge of nuclear war with Iran: Pres Rouhani knows that no nukes are allowed
  - Dr Keshe has already deployed the technology
  - Mother has already deployed her technologies: the technology of love and the Divine Wisdom of the Force, the mitochondria, the mitochondria that sit in our cells

**T:** talking about football and not about wall street being down the tube!

**Mo:** underinflated balls! No touchy, feely!

**Stephanie Miller** was on Laurence O'Donnell last night: holding 2 footballs - conversation about foot balls

**T:** what is happening?

**Mo:** It would be in our best interest to not worry; let us say that the the pigs giving their very lives to let others play gladiator games!

- She can show us what real gladiator games are about: there are no winners! And we are done with gladiator games and the hunger game is over.

**T:** they consider they are winning as they sit in the parlours in Davos and the killing is being done by others

- the Party in Greece said they weren't going to leave the EU, but were still going to vote for the radical left – T sees it as an oxymoron!

**Mo:** Merkel is not long for this world and leave that story alone

**T:** she has not looked well since the accident when she fractured her pelvis skiing
