## **HARD NEWS**

**T:** Rama has not got any new shoes; nor do they have any money for food, so shoes are not in the picture  
Might the new shoes might be symbolic: like “filling new shoes”?

**AR:** or travelling a little bit

**T:** he has to go at least 20 miles a day to use encrypted technology

**R:** yes, he does go on star ships!

## **Nancy Pelosi and Harry Reid called today for a “quick call”**

- HR has to have surgery on the right eye: no guarantees that his sight will be improved/OK
- They are taking Mr B to make peace with his god; what he has done to the American people, as 3<sup>rd</sup> in line for the presidency, he has sold the soul of the American people to Lucifer
- Netanyahu, Boehner and the Republicans have set their minds on all-out war with Iran - outright racism against people of colour.
  - Since 1949, Israel has been the 51<sup>st</sup> state of the US and has run the USA from a distance; the party system has never existed! the Protocols of the Elders of Zion
  - Israel is the great White Satan against all peoples on earth and hatred of all things Islam
  - Islam is not ISIL, and Al Queda is C I A duh!

**HR:** it is no accident that they have the pentagram, the upside down 5 pointed star, as a symbol on their logo

- It was changed in Bush's first campaign when Cheney was Bush's Vice; he is the Grand Wizard of the O T O, started by Alistair Crowley in 1904 who started out with the light and got lured into the dark – murder ended up being the end result; they immediately turned the star upside down

**[Ordo Templi Orientis (O.T.O.) ('Order of the Temple of the East' or 'Order of Oriental Templars')]**

This is an ultra dark organization.

**HR:** leave Cobra up to KOS

**N & H:** Boehner has committed treason by accepting bribe \$ from the Koch Bros, Adelson and Mitt Romney to influence the Supreme Court and by threatening to kill Obama

- Netanyahu and Boehner put a contract on Obama's head through the Vatican. Benedict and Francis both agreed to this, they consulted the Rothschilds and the elder dragons above the Rothschilds which would include the archons and the dark ET s on this planet, particularly the Satonians

**AnnieRose:** Boehner was threatened by the bartender at the country club Boehner was a member of in Ohio

**R:** thinks it was kind of a set-up; they made up the story that the young man was mentally unbalanced

**AR:** he even e-mailed Boehner's wife to say he was going to kill Boehner

**T:** This story is the darkest of dark: Boehner has no intention of keeping Obama alive at all!

- **Tom the Cat** said Boehner and Netanyahu are both clones now! Both killed & cloned – much more than meets the eye.

**AR:** Boehner sitting on the podium during the SOTU – she thought he looked ill

**T:** he was drinking through the whole thing: some ice in one well, jigger with drink, some water in other two

**AR:** skin appeared to be orange

**T:** has been going to the sun thing – it's very terrible: saunas are not healthy – they cause skin cancer;

- he is also a complete alcoholic – 3<sup>rd</sup> in line to the President!
- The deal between Vatican, Boehner, Netanyahu & Rothschilds, Satonians, archons
- the promise: once you kill him, **\$10 Billion each**

**N & H:** we can tell you this because who is going to believe crazy Lord Rama!!!

- we are praying abundance for all of you; miracles do abound

**Tom:** Cobra is in bed with Faction 1 and 2, Ben Fulford, Nesara Blogs and Forums - John McAffrey of that group was taken out, didn't just die, in last couple of weeks; Tim Turner is part of it; now the people who started the Tea Party are there, also Phil and Wendy Gram and they are all involved with the so-called sovereignty groups like those of the Bundy Ranch who think they are above the law

**R:** hard to understand because these ones point guns at law enforcement officers and get a slap on the wrist; if you're black and with your hands in the air, they shoot you in cold blood!

**T:** they are behind sending the delivery of affidavits to all the governors of the country, saying cease and desist because you have violated your Oaths of Office by supporting an ineligible candidate for the presidency, Barry Soto, alias Barack Obama, born in Kenya

- They are all part of the dinar, dongs etc revaluation process, under the jurisdiction of Phil and Wendy Gram, along with Drake, Neil Keenan, David Wilcock, Ron Paul, Rand Paul, Abby Martin, Alex Jones, Alfred Webre, Leo Wanta, Mark Rich, Michael C Cotrell, Bill and Hillary, Col Billy Faye, The St Germain Trust and Black Operations programs including the weatety benefactor promising all the heads of ones with a 501(c)3 if they submit all their information they might receive funds
- This goes into Stew Webb, Ted Gunderson – this is the same Black Ops at so many levels.
- **THIS IS THE 13 FAMILIES CONTROLLING, AS THEY HOPE, ANY KIND OF UPRISING LEADING TO NESARA HAPPENING WITH THE PEOPLE.**
- **CANNOT EXPECT A REVALUATION WHEN the same people are behind funding of ISIL**

BTW: King Abdullah died at 90; his half brother Salmon is now King; SA has been in bed with the Bush /Clinton crime family forever, they have NO IDEOLOGICAL alignment whatsoever, but share political interests which is why this has been going on for long

**Yemen:** the prime minister stepped down today

**AR:** they overtook his palace

**T:** the Huti, an Islamist group, took over: they forced him out because the head of that country was a puppet of the CIA opartons

- Brennan, head of CIA, is responsible for sending the drones which have killed who knows how many innocent civilians

**R: Yemen has stargates like the rest of the Middle East**

**T:** the war against the fake Islamic situation which is not Islam: it is plain old Black Ops tyrannies

- As in the Civil war and the War for Independence, the wealthy families funded both sides alike; 600, 000 people died in the Civil War
- in order to get MLK Day approved, the south agreed only if Robert E Lee was honoured too – General Lee and the other one should have been hung for treason for the murder of 600,000 in the US Civil War [from Thom Hartmann]

**HR, NP:** Boehner is guilty of treason for inviting Netanyahu to address the US Congress 2 weeks before Israel goes into elections

- He is going to try and get war announced against Iran
- What he has done is against the protocols written up in the constitution: to ask the President and then the Senate - and the President does the inviting. Boehner used his connections to send the invitation

**T:** Enactment has to do with letting the public know what is going on behind the scenes:

- 1949, Israel became the 51<sup>st</sup> state of the US, with the Protocols of Zion being used, and this has been the 4<sup>th</sup> Reich ever since
- We have been thinking that we have been doing something else

- We are being asked **to ask everyone to please contribute: owe \$818 to BBS.**
  - **KOS wants this show to stay on the air** because **THIS IS THE ONLY SITE** where we can get direct information about NESARA as we are the only ones that have a direct connection to Faction 3, via Tara and Rama.
  - when the 4<sup>th</sup> Reich ceases, we will need to have the knowledge & wisdom about the NESARA law and background; and this requires knowledge of past history in order to move into the future,

#### **DONATIONS: GO TO WEBSITE OR TO MARIETTA**

**This [these calls, the 2013 website]** is the only place where we can get the hard news at the highest level plus information about the development of the spirit & the mind, and information about health for the body plus astronomy and astrology

- We also need the physical grounding to do these things. Thank you for helping.

**T:** this is a larger arena every day!

- the people in Eastern Ukraine need to be in the Circle of Support: they are 50,000 more of the Ukrainian reserves to go bombing around there!
- McCain and the Black Ops have been hiring folks and bribing them to represent a so-called Russian separatist group but they are only an extension of the Black Ops to create another type of warlike situation

**Guest: Michael King**

- Has been going through a cleanse this last week, testing his newest product: Vital Cleanse & Revitalize
  - On Day 8 of the cleanse
  - Started with the green super foods which has 5 of the best products in one powdered blend
    - earthen sea greens; fibre blend using chia seeds & other things; deep earthen cleanse – the basic minerals – sacred clay, etc; + herbal C – the highest source of Vti C + in its most stable forms + some of the friendly flora formula in there = a single product called *Vital Cleanse and Nutrify* – takes about a kilo per month to take the 2 tablespoons twice a day
  - also added *energy and brain power* to provide mental focus and stamina, an energizer
- did not eat foods for the first three days, then started with salads, then some soup
  - Has added another component: a strong and gentle form of adrenal rejuvenation & support [nettle seeds and adaptogenic herbs and other things]

- **Kidney and Adrenal Builder** is what it's called
- Now has a combination of super foods +

**MR:** is this all in one product or is there a 2<sup>nd</sup> product

**MK:** nettle seed is in the **energy and brain power**; recently added to the **kidney and adrenal builder**

- Need to add minerals which is what is needed to restore power to the whole adrenal system mentions what is harmful to the adrenal system – the chemical formulations are not needed if you use the adaptogenic herbs and the kidney and adrenal builder
- the newest addition of nettle seed which is in 2 formulations to consolidate as many benefits as he could in 2 products
- The 3<sup>rd</sup> product in the superfood cleanse program:
  - not a fan of water based cleansing programs – we grew up on sugar overdoses, etc
  - Our bodies are not as strong as our ancestors of 200 years ago so we need to re-build the body in order to do a complete cleanse and nutritify
- His program is cleanse & nutritify: to nutritify is also to cleanse which is why using chlorella results in a great detox.
  - People are exposed to so many chemical things: medical profession, industrial / ag pollutants, household bug sprays; war experience
  - Have to detox carefully: Chlorella is a powerful detoxifier: talks of what happened to 2 former cocaine users when they took too much chlorella after having been off the cocaine for 15 years. Heavy chemicals in your history means should start with clay baths first
  - for that reason he is removing the chlorella from some of the products
- He is going to create a new product with chlorella in it – not sure which one of his herbs he will combine it with
- Seaweeds are some of nature's finest food sources – do more for people than anything else, except the nettle plants
- **Vital Cleanse and Nutritify:** a year round cleanse includes vital cleanse and nutritify + the brain power one
  - Adds *Digestive Bitters* – helps push things through due to the need to keep the system working even though you are not eating a lot of food / roughage when doing a cleanse
  - the bitters helps liver create bile which processes the bile and also takes out the toxins [the bile encapsulates the toxins] – the liver does this all the time.
  - body provides about 1 quart of bile a day, a lot of fluid to be produced by your body: works well if the body is alkaline; sluggish bile happens when the body is too acidic – can block entrances to various ducts which can result in gall stones, pancreatic blockages & other digestive issues. Body needs alkalinity to move the bile out of the body
  - the liver will encapsulate heavy metals, viruses, bacteria, chemicals, parasites into bile fluids anything that is toxic to the body: will encapsulate and pass it out through the intestines for release. bitter herbs are the best aids in this
- the fats are the reason for the development of more bile production; the gall bladder is activated and put the fats into the small intestines to emulsify the fats and oils.
  - This is the basis for the development of the liver / gall bladder cleanse
- Recommends using bitter herbs and digestive spices to enhance the production of enzyme production in the stomach and the saliva
- Good digestive spices in the meal or Swedish Bitters – Digestive Bitters is in a powdered form that he thinks works better and in a broader way – take some at every meal and before you go to bed
  - this is the 3<sup>rd</sup> item in his **year round cleanse and vitalize program**
- 4<sup>th</sup> product that is suggested, though not 100% required: the **Immune Power** which is there to knock down the fungal overgrowth and other things: because the immune system is strengthened, it

knows what to do to knock out other things.

- This is the kind of thinking that he has taken into account when developing & creating his products and the programs
  - when we have too much sugar [fruits, agave sweetener] and too many fats and oils & you've had antibiotics in the past means you won't have the digestive powers of our ancestors 200 years ago
  - be careful about food combining: CHECK OUT HIS FOOD COMBINING GUIDELINES on the website
    - Watch especially the consumption of fruits and fats – when and how to combine them
    - Honey can cause sepsis, extreme bacterial overgrowth if you use too much on a daily basis
  - A lot of the health food products and diets are the reason we do not progress very much: he tried a lot of things himself

**Vitality Herbs and Clays: Herbs and Clays for Energy** | Vital Health Newsletter Archives  
<http://www.vitalityherbsandclay.com/vital-health-newsletter-archives/herbs-and-clays-for-energy.html>

- It is a do-able thing to live for 1,000 years

Two **major sources of aging**:

- (1) **Radiation from numerous sources** – wifi technology, towers, nuclear power plants, accidents reported and not; munitions plants, fracking;
  - Clays and seaweeds are the best ways to remediate and detoxify
  - Glutathione – asparagus an excellent source – helps to modify the toxicity counts
- (2) from **the sun** because it is not a white star: it is dying
  - Most planets are hollow, with usually advanced civilizations living within them and because they are not exposed to that dying sun

- Radiation is a big deal; when you fly in an airplane, you fly through less atmosphere and are exposed to more radiation: so strengthen your body by using more clay and seaweeds; fermented foods also mitigate radioactivity in the body
- We have a lot of challenges in our society: the year round cleanse program has a lot of seaweed in it, as well as the clays – the clay performs numerous beneficial functions: pulls out the toxins when the clay is put in the bath water. Clay has been used both in Chernobyl and in Fukushima – it was used then the radioactive water went into the ocean – far superior to iodine
  - Clay baths during an intensive cleansing program when processing from the gut
- 1<sup>st</sup> 3 days: fuzzy brain – slept 9 hours the first 3 nights – no food, only the vital cleanse every 1-2 hours
- 2<sup>nd</sup> – 3<sup>rd</sup> day – added the energy and brain power: in ½ hour, had better focus, energy, stamina
- 4<sup>th</sup> day: had about half day with good concentration
- 5<sup>th</sup> day: had 12 hours of good mental focus; the physical energy was not as good, but enough
  - also shifted 300 lbs of silica rich - a lot of physical work, good exercise – stamina was growing
  - was losing interest in food: took *vital cleanse and nutritify*
    - Could go 3 - 4 hours - and later in the day, 2 small salads and ½ avocado in various ways.
- 6<sup>th</sup> day: added a small bowl of soup to the salad pattern
  - We are too old to need protein: these are low blood sugar symptoms mineral deficiencies, hormonal deficiencies – these symptoms are correctable.
  - Mushrooms have a satisfying effects in a lighter way than meat does as it is very heavy and it acidifies the body and creates parasites in the gut
    - cancer clinics say they are being filled with paleo diet people due to the over acidity

To balance this, he tells the story of his visit to a local coffee shop

- He goes to a local coffee shop: organic coffee into which he puts clay – it's safer than other types of beverages, but not as good as a strong herbal tea; just tastes better!
  - Owner is 100% of a variety of native people: Americans, Mexican & others
  - she told him about her diet: grows almost all her own food; eat wild meat that they prepare

- themselves or grass fed beef; she loves meat and she loves fat and she loves fruit!
  - This shocked him! And she eats bread – organic grains also have roundup on them – they are genetically modified since the 50s and the roundup comes from the overspray
- Everything she is eating is against all he has been teaching: the only time she got sick was under the influence of white man's food when she went to college:
  - she can eat fruit, veggies, fat – yet she is not fat and has more energy than most people he knows, and big bright eyes –
  - she has **a heritage that is 100% indigenous**: their metabolism is suited for them: they are already stronger than the average American who is into 6<sup>th</sup> generation sugar uses; did no immunizations etc, no hormone replacement
    - this brings in the Anastasia material, and 70 year old woman in Florida who grows her own food – it's a YouTube item – growing own food is a great way to rejuvenate the body
  - she does not have the genetic modification that is in the meats or fish; lives in the mountains in natural surroundings: clean environment with good ionized air due to the location near the river
- This leads him to believe that at one time our society we lived basically like this: Anastasia takes it to the extreme which is what he thinks is the ultimate solution:
  - 2-3 acres that is transformed into a ¼ – 1/3 that is forest; garden with many species  
air is pollen rich
  - a pond in the middle
  - a nutshell, a kind of eco system which transforms the atmosphere of the 2-3 acres
  - the plants start growing for the needs of the family living there and whatever your genetic needs are; especially if you put spit on the seeds and put your bodily fluids on the ground where the soil picks up what you really need.
  - that is a different kind of health food store and that will heal all diseases
  - Getting from here to there is a hurdle, but hopes we'll be motivated
- The woman has been living in a situation for many generations in an environment that has changed her constitution and her digestive powers.
  - it does include sweets with oils which he cannot handle – does not live in the forest; does not grow all of his own food: he has lost his gardens and is just growing dirt using worms
- If we can get it right this lifetime, we can enjoy life better and understand the concept of forgiveness and ultimately our bodies become immortal; in the meantime, we want to be healthy
  - if we can regain our ancient constitution by cleansing the body from society's toxic loads
  - purge out what has been included and replace it with super foods
- He has aged somewhat – a friend said he had not aged at all after 4 years! - and his vitality has been maintained
  - he could go for almost 12 hours on the computer with a clear head during this cleanse
  - sleep is a lot better as long as he does not worry about what's going on in the world
  - takes a lot of ormalite to help remove some of the stress – a regular amount daily  
Is experimenting by taking larger amounts

MR: talks about living on the farm and it is the place she prefers to be!!!

**CONTACT INFO: Vitality and Herbs and Clay.com**

- in RH column: there is a link to the food articles & a link to the program guide  
**Vital Health News Archives** – the articles spell out much of what he has said
- private **consultation with Michael**: call the office to set it up; the call is recorded; can be anywhere from 15 minutes or for as long as is required.
- **To talk to the staff for free**: 541-482-9633

## **HARD NEWS**

### **T: the program is now being heard all around the world!**

- the word is that something is up in the zoo
- grateful to have others send a monthly donation of \$5 / week; as there are thousands of people listening, this would be good support.
- This is the only place where the totality of how Faction 3 White Knights and the Ashtar Command who have been part of the military since 1945 at the 38<sup>th</sup> level above the President which is part of the galactic operation [is told]
- Through the Roswell incident and various other crash landings, and stealing the technology of the visitors and back-engineering to create technologies for mal intent – a serious problem;
  - and also using the knowledge of Rosicrucianism and back-engineering it as well, for mal intent - taking the laws of the Universe and using them in a not-so-nice way – not a positive approach.
- Omena last week said it in an interesting way: there are people who are unconscious, and Cathy said what do you mean unconscious? I thought everyone had a soul!
  - Omena rephrased it: they do not have an emotional body and so don't have a moral code
  - Mother has taken it farther than that:: they took their knowledge of how to create life and chose to use that knowledge to cut out the 12<sup>th</sup> strand of DNA which is also the emotional body – ultimately, with the original design that Mother created and we co-created with her, they thought they could improve on it.
  - they thought it would be great to have no emotions which are connected to conscience – and this would include moving people aside if they see no use for those people - this was a conscious decision which has been going on for over 13,000 years
  - they are doing something even more vile: cutting out the pituitary and pineal glands and eating them which extends their lives for 50 years, and then they violate and violate and violate and so they have to do more of that, more and more often and the result is over 2 billion people killed in the last 100 years.
  - This kind of activity requires a higher calling: a galactic intervention in a civilization's development as we have reached the place where we could have nuclear holocaust.

### **The Last Word with Laurence O'Donnell: Phyllis Bennis was a guest**

- Said that what they are doing is extremely dangerous: the Nazi Republican collaborating party, with Mr Boehner inviting the extreme Nazi / Khazarian Netanyahu to come and speak to Congress without consulting the Senate or the President is against the law
- Article 2, Section 2, Sentence 2: states the protocols for inviting people to speak in front of Congress: to go through the president and the Senate.
- Thom Hartmann: how would you have liked it if Bush had invited Saddam Hussein ?
- It was never enacted / announced that it was true [that Israel was the 51<sup>st</sup> state of the union]
  - enactment is a lawful term meaning that the public of the world to be aware of this
  - NESARA has to be enacted in that sense; the problem is that the world has not seen this and then the question is why are we still subject to the protocols of the elders of zion - most people do not what you are talking about!
  - Things are very very late in the hour
- Netanyahu will speak before Congress two weeks before the election in Israel & will make a case for going to war with Iran!

### **Tom the Ring Tailed Cat: Iran is not going to buy that program!**

- Dr Keshe has said numerous times that would be a very fatal mistake: the technologies Iran has would make American technologies look like rubber duckies floating in the water!
- It is important that we have this vehicle [the radio program] alive, functioning and healthily financed
  - Mother has been counselling one person for several months and the fees provided supported a good portion of the radio bill [\$150 – half of the monthly amount]
  - important for more people to help as we wish for this information to get through to others

- Earlier it was mentioned that anything else that considers itself a source of info is NOT HAVING A DIRECT CONNECTION TO FACTION 3
  - Alex Jones put out a video playing like Anonymous threatening Obama in the last 24 hours
    - it denigrates Anonymous: this is on purpose: HE IS A STOOGES FOR THE VATICAN
    - He is a jesuit and has received billions from the Vatican via his wife
- there are stories like this with some good information mixed with an attitude against the Black Man in the White House which is a strong theme.
- Something called **The Event: it's a Black Op and is NOT A SPIRITUAL THING AS SOME LIGHTWORKERS THINK IT IS** – it is literally a layered thing that distracts from the great body of wisdom of higher learning, combined with what has been done that defies that and how NESARA fits in with this.
  - We have been told that all is in the planning: the Dark Side plans well in advance for all they do
    - it took 38 years to plan for 9 /11, starting with the murder of JFK Sr - Nov 22, 1963 and Sept 11, 2001 did 9 / 11 plus all in between

**T & R started in 1999** with these stories on conference calls and updates from Jennifer Lee

- They had pages on other people's sites [like Tree of the Golden Light] to give messages
- They have all the data that is archived; now they have an archive on the radio site
- She sleeps 2-5 hours a day, maximum: she does not get tired after what she has learned from Mother: takes notes and notes and notes, as writing is very healing and a way to re-member our history and thinking with the heart also helps
- Penny of Penny and Len – each set of notes, taken 3x a week, require still more hours to check and edit, and send for uploading on the website; Can involve an average of 8 hours a day after the call when catching up with missing sessions is included.
- All is being done for the sake of the mandate for all of us growing in wisdom, knowledge, **over standing** [beyond being “under” the programming of the 13 families: “understand” has a sub title: “you will understand under what we say is true and you will go no farther than that”] and this is what we have with all the media across the planet
  - It is by the people standing up and speaking truth to power – a man planning more actions that are in the face of laws that we have no idea what they are making: now they detain folks and make them do years of hard time without letting them out
- **Dinars, dong, Zimbabwe situation:** back in 2010, there were people who made agreements and got some of their money: they were done to what Dove told them about in 1999
  - these 13 families offer certain people money and say let's meet in Lichtenstein, Geneva, Paris and we'll set up a trust for you, and then those people who travel over there disappear – this has been going on since 2010, and they have no intention to do anything else.
  - In the last years, we were told there would be 2 levels: certain people would get \$38.85 / dinar, and others would get \$3.85 – people thought that some had done more than others and accepted that.
- We know that people can be killed and cloned; Boehner and Netanyahu are cloned: Lucifer in bodies!

**2008, Nov 9<sup>th</sup>** – Susan channeled Ashtar & was talking to a client: he said there was not one single strand of DNA of Hillary Clinton is left on the planet; she was executed for setting up the Black Op to murder 86 people in Waco, TX

- **Hillary Clinton did this on US turf, treason** of the highest order.
- Boehner has committed numerous acts of treason over 25 years or so making arrangements for bribe money to be paid to shape who is going to be who in various political positions, plus playing with the Koch Brothers to do lawmaking – it's all treason
- Along with insider trading on the hedge funds
- Mitt Romney is a **multi trillionaire** and is using loopholes in the tax codes to completely hide those funds – he does not need the Koch bros

- Obama has said he wants to close the trust fund loopholes in the tax code

**Davos:** decoupled the Swiss franc from the Euro

- They did it because the euro is going bye-bye; the price of goods made in Switzerland under the Swiss franc value went sky high which meant they were losing their market – and people could buy the same stuff in Euros because it was weak.
- also because they could not save the values of the Swiss Trust a/c of the rich ones.
- manipulation, manipulation!!!

**Japan** is having more visitors than ever: the Japanese dollar is so weak against the money of other Asian countries that visitors can gobble up Japanese goods for next to nothing

- **Obama hit the bulls eye yesterday**

- did not mention the TTP arrangement by name: just made subtle statements
- realize this man is a Master and works with St Germain, Ashtar, Sananda, King of Swords, Commander Soltec, Commander Monka, Kortonn, LM Nada, Andromenda Rex – these galactics and Ascended Masters are working with Barack Obama on a daily basis!
- BO the only president who was a member of the 38<sup>th</sup> level above the president **before** he became President because he went to Mars between 18-20 years old
- at the same time he [knowing he would be a double agent] was becoming a “Manchurian Candidate” of Zbigniew Brezinski who was head of the IMF at the time.
- **he is not Barry Soto:** his father is Malcolm X and he would not have existed for this long if people had been able to trace the connection or if he did not have the galactic connection
  - Remember that Shinzo Abe tried to have him taken out in China with 3 ninjas and KOS took them out with phasers.

- Increase big bank taxes: includes the little incremental taxes/ transaction fees on hedge funds
  - a miniscule amount that really adds up
  - the entire hedge funds will be shut down!
- Raising the taxes is for all those making so much money

- In 2009, 288 people had more money than ½ of the world's population
- In 2014-2015, 80 people have more money than most of the people on the planet
- In next year or two, will have more money than everyone on the planet!

- Brings up the need to bring the BBS bill to zero!

- Barack Obama is the starseed who came to save this planet from reptilian clutches: they are not human!

**Chris Christie**

- **when Bridgegate began in Sept 2013**

- what he did out of vengeance was to declare war on all people of colour in his state
- he has let it be known that the police can shoot people of colour as they wish

**Video: New Jersey Police Fatally Shot Man Who Had His Hands Up**

Newly released video from a police dashboard camera shows officers in New Jersey shot and killed an African-American man who had his hands in the air. The video from December 30 shows Bridgeton police officers Braheme Days and Roger Worley pulling over a car. After apparently removing a gun from the car's glove compartment, Officer Days warns the passenger, Jerame Reid, not to move, saying, "I'm going to shoot you," and "If you reach for

something, you're going to be (expletive) dead." Reid appears to say, "I'm getting out and getting on the ground," before standing up with both hands raised in apparent surrender. Both police officers then open fire, shooting at least six times.

| <b>The Wisdom:</b> | Change !<br>Stripping away the old skin.<br>Making way for<br>Revolution |

One thing is a constant in our universe, that is change, and now as there is a great shifting of energies on planet earth: prepare as it is now reflected on your life path.

Necessity and opportunity are now combined, making this a rarified time where your power to make positive change is at its most dynamic. It is a time that can carry you to heights you have not before imagined. No need to rush or panic, there will be time to do what must be done. And have no doubts the changes you have desired and dreamed are active as never before.

When you read or hear this message from the ancient oracle avoid the temptation to make changes purely for the sake of change that would be folly. Be present, and with out shame or judgment seek wise council when necessary from either your inner teachers or the ones in the flesh who are accessible. Don't let your ego keep you from asking for assistance from a wise person in your tribe when you feel you are missing something in the process. This will be of benefit to family, tribe and relationships as all moves toward the benefit of the greater good.

Carefully consider each move you deem necessary, consider all aspects and ramifications of your action; then make that move the focal point of your actions and supported by finding stillness in your meditation. In stillness you will be shown the proper time to take action or to discard a particular action. Moving in this way, you can build a solid foundation from which to launch your revolution, your re-evolution, and the change that will allow you to achieve supreme success. And have no doubt; this time in your life, and that of the world tribe, is nothing short of revolution. Be well armed, with your armory of love, kindness and compassion.

Prepare yourself for change. To be ready and confident that you will receive the bounty of change that is coming, you will benefit by being steady, healthy, and by curating a calm and quiet mind. To be a successful revolutionary you must be strategic and have a definite plan.

This time in your cycle is a time of abundance, at this point you are called to consider that abundance without a strong vessel to contain it will slip away quickly and send you into a descent that could take many cycles from which to recover. Don't risk it. Know that what has taken you to this point, no matter how beautiful and loving, or disappointing and painful, it has given you the ability to have a very clear vision of what needs to be done and how to behave in correctness to the times, honor and be of the actions dictated by you and your inner wisdom, your intuition. Trust this vision now and find your passion that will bring the knowledge of the correctness of your movements that will embody your bliss.

Be fully in your body when you feel the pain of internal revolution, this is suffering, and suffering paves the way for you to live in freedom with dignity and compassion. As this destined change, this revolution, is happening, be and speak your truth.

Remember, you cannot hurt anyone with words or actions that are of truth; it is the choice of the other to take truth and attempt to subvert it by calling it hurt, hoping to be relieved of taking responsibility for their own contribution to the situation and their selfish efforts to be in control.

The world is not as you once knew it. The obstacles to your truth were the ones who attempted to convince you the way it was in their eyes, asking you to fulfill their dreams and desires, not yours. These were the ones who relished control over you and your dreams of freedom and wholeness. The image of this hexagram is that of metal over fire. The metal is molten and represents the cycle that is in transformation, waiting to take a new form, to become a new, creative, beneficial force.

The symbolism of this hexagram, Ge, tells us in no uncertain terms that we have entered a new era—not by choice, but as a result of our destiny.

If your timing is off and you jump too soon or by listening to the ego you miss the time of action, you will not go gently into that good night—you will be metaphorically skinned. And that will be unpleasant, dramatic, time-consuming, and surely emotionally and psychologically painful. Now you are being given a choice: you can break free of your addiction to pain, suffering, and drama that you learned in your youth with the understanding that you have set it up this way in order to feed the bottomless pit of frozen needs of old patterns and knee-jerk responses. The choice you are given now is one you will not often be offered. Your choice is to be conscious and attentive to details and with this awareness use your intuition combined with the advice of a sage, the wise person in your tribe of fellows, as to when you will take this action or jump in carelessly feigning bravery and sink back to old ways, behaviors and beliefs. This is the opportunity to move out of the foul smelling pit of shame and self-judgment.

Timing is of the essence. You will know the right time to creatively make the necessary changes by trusting your inner voice of wisdom and awareness that will be made clear in stillness. Trust that you will be guided well by your intuition, which will illuminate the right time and place to shed your skin as a glorious serpent of light and transformation.

Place becomes as important as time in this case. Choose a sacred space for this dance of transformation. The joyous dancer of Spirit can be called as you ally now. As far as where to be it may be an actual place where you can feel safe to go into your depths. Invite the one, or ones, who are sacred to you to be present, as you do not have to do this alone, not anymore, because what you are going through is happening all around you. Speak up, speak your truth, speak of where you are in the inner dance, and take partners. You will be surprised at how many in your milieu are in the same dance, so join together and do the dance. It will be a new seriousness, and it will be joyful.

When a skin is shed or cut away, what is revealed are new ways of being. You are left raw, delicate, and vulnerable. You will enter one of the most vulnerable times in this personal cycle and of Earth herself. It is of great benefit to be the fierce warrior goddess or hero as you use truth to complete and support your process. As you are shedding, you will clearly see what has been disharmonious or dysfunctional in your life. As previously ignored or denied issues and attitudes reveal themselves—and they assuredly will—shed them along with the metaphorical skin that is being cast aside.

Be strategic now. Look to your old habits. See the ones generated by, shame, fear and doubt, and with intent do process and let them go. Literally change your thought process. Words and language are codes that reach the sanctum sanctorum of your heart and soul and manifest as realities. Hear the inner words that are negative or are of no use, and literally correct your self-talk.

Prepare yourself for change. To be ready and confident that you will receive the bounty of change that is coming. You must be steady, healthy, and have a calm and quiet mind.

Just knowing that the time of radical revolution is here is not enough. For a revolution to be successful, it must start within. To be believed you must first believe in yourself. The human condition is a mystery. It

often brings us to ask the unanswerable question: Why me? So the first action is to get that weak plea out of the way; then the road to revolution, radical change, will become clear—you will manifest it. In fact, you have already manifested it. As you walk through this gauntlet of fear, shame and doubt you will find you have been wearing blinders, seeing only the old ways. You will not make it through if you are worried about what others in your tribe, family, company, or relationship think. It doesn't matter. This journey is yours, not theirs.

Abundance referred to in this text has many parts. It may be money, love, place, happiness, recognition, health, or any combination of these things. Prepare yourself to receive by making the conscious decision to be conscious of change and to ignite revolution. In this way you make ready the vessel to receive. This is, in part, the alchemical formula that begets revolution—learning to receive, with humility and dignity. The other components are trust and confidence in your inner knowing; clear your mind and trust the messages from within.

There is a grand opportunity now to change your old ways of thinking and being. By doing so, you can and will change your world and our world. This is our responsibility as we awaken as aware and conscious beings.

Don't give up your ideals and don't compromise. Be firm, compassionate, and kind as you grow a new and beautiful, luminescent skin to take the place of that which you shed on your journey.

As you are losing that old skin of stale and useless modes of thinking and behavior, it will benefit you to move with the rhythm of the earth....dance, sing and be joyous. This is the signal to spirit that you are present and willing to receive what you have worked so hard to achieve and acquire.

With feet planted firmly on the ground say again, and again, and loudly...I AM HERE...

Be love and teach peace..this is the responsibility of conscious beings in service to the greater good inspired by Gaia, our mother of nature.
