Astrology - Annie Rose 12 signs from now until next Thursday

Lots going on & going to happen this week -

a new or full moon we feel effects 2-3 days before, 1 day after - 3:42 EST Wed am

Lots of news about \$ status of US this coming week - can expect nearing to agreement 13th - 15th

Syria: yes, they do need our prayers - this kind of moon can bring out the darkness

Uranus, planet of change - retrograde now - going stationery direct on the 13th - after that, we can expect lots of things both in Gov't and private lives - obstacles removed so we can progress

There will also be some news between 13th - 20th - in appearance, Uranus "stops" - can see not good intentions which are working behind the scenes.

This week's astrology: New moon is in Sag; Uranus will be in a trine aspect to Mercurry the mind and Venus, our life love and our work

Aries- a whirl wind of socializing:

Dec 10th - Mercury the mind, and Venus will set off a busy schedule for everyone

They have been putting off shopping, etc

Taurus - their new moon - they will enjoy the coming week: could get good news financially

Gemini - sign of communcation - their social life will be galloping! Meetings, events - other things to do
Personal lives much better this week.

Cancer - they have a caring sense of home, family, close friends - Mercury is in Venus & Cancer has made a lot of holiday plans; should not set work aside, but do work before pleasure. They will enjoy work a bit more - Uranus making the direct change will help them with joy of work

Leo - an outgoing sign normally, Mercury, Venus affects Leos - will join the sun, the ruler of Leo & make them more optimistic and more energetic; will hit them in the house of recreation, pleasure and love, will hit prior to 13th

Virgo - thinking of things to do around home; will meet large numbers of positive thinking people; will have unexpected guests; more holiday stuff than last year

Libra - more optimistic thanks to new moon - always have a wide smile, a gentleness about their face and their attitude

Scorpio - going to be less impulsive, more easy going; have to watch how they are spending \$ - tendency to be impulsive, not following budget; will gain in self-confidence; will find they are more popular with others, maybe more callers, visitors - it will surprise them!

Scorpio - a little space between front teeth, or a small cleft in chin; eyes are also very piercing

Sagittarius - have new moon in their sign; will get into the holiday spirit quite strongly - their pleasure zone is trined

Capricorn: they are old when they are young, young when they are old - sometimes have to wait until they are older to have lots of fun! will be turned on with psychic thoughts; their premonitions will start to beceme true realities: the covered will be uncovered - things they have wondered about others will be able to see, perhaps with their psychic eyes .

They have to pay attention to personal life and family - they are a parenting sign, like Taurus

They have "saddle bags" on the hips!

Aquarius - this will be one of the nicest holidays they have had; even if people do not have lots of people around them, the Aquarians will accept and enjoy and appreciate it; will have lots of socializing close to home

Pisces - from the 11th - 16th - should not believe all they hear: they will have to work at telling it like it is: they do not like to hurt people's feelings; they are sensitive and don't like to speak up - if you don't agree with what is happening, comment in a kindly or constructive way and help another.

T: words from Cynthia last night - in the **East Indian Veydic astrology**:

- **Dec 5th a new timelord has been born this very day!**
- We're going into a new time - no more 3D, but **5D and the new time lord is the guide.**
- Make an enlarged picture of the stars over the pyramids! **A TRIPLE ALIGNMENT on DEC 3RD!!!**
- 3 pyramids on Sedonian Plateau on Mars + the 3 stars in Orion's belt are also lined up

Annie: our astrology uses pie shaped houses; Vedic astrology used square houses, they are laid out in lines

- A man from India works for the gov't and **does the astrology for the country & gov't**
 - he was in Indianapolis where Annie Rose is: he did their charts

T: Ap 13 or so, 2008, there was a special star showed up: only once in a 1000 years - very auspicious times!

- Our job is to learn how to navigate in the new fields of multi-dimensional realities
- the harmonic resonance of the Mayan calendar is non-linear -
- so we are resonating with the higher vibrations & become the god-being which is what we really are
- Think with our hearts and feel with our Buddic mind, the higher mind
- **This eclipses the ability of the Illuminati, the archons, the draconian types that are trying to spiral us down into lower densities; this stops them and it is quite painful for them;**
 - the energies are eclipsing their ability to further their negative plans
 - Like Barack Obama, **we too are moving forward**
- So the energy of the 3rd has already linked to the 12/12/12 - we get our new moon on the 13th 42 minutes after midnight, we get the new moon
 - 12/1/12 is the more powerful point of this conclusive Mayan calendar than the Dec 21st

Things going on re: Dec 12

- Metatron and Ra put out a message from Tyberonn - about the 12/12/12 - reading on Friday or Sat
- Celia Fenn doing a live video conference from NYC
- Annie Rose: $2102 = 5 + 12/12/12 = 11$ - a highly spiritual number;

T: As Above, so Below - it is about the // dimensions of the 3D and the 5D together

- about applying the wisdom we have gained and use it to go forward
- This is a good time to do Ho 'pono 'pono at a deep level this
- I am sorry; please forgive me; thank you, I love you - as we are truly willing to move forward and go into the forgiveness state - as Uranus goes direct,
- When does Pluto go direct? Sept 19, 2013 - means between now and then we have work to transform this work and ground it! Should be joyful after all that has happened.

Cathy: 12/12/12 - Cheryl Croci will be doing a special master call on that night

T: when we come together in world group service and do it within the law of One - this is a new service for the whole world - 5:45 EST;

Hard News:

R: Obama is moving forward, and we are going over the fiscal cliff; Boehner looks like he has lost his best friend!

- Energies are shifting, and so are we as we wake up

Syria: the story is so ugly; has to do with the Black Widow - she is in cahoots with Al Assaud; also in Dublin trying to negotiate with the negotiator

- Satellite pictures show them loading the chemicals on equipment

T: Russia, China, US have the memory sticks that can stop the launchers in full flight

R: got on the Ed show toady, spoke of the memory stick from the Keshe Fdn - asked them what they thought about using the Keshe space technology to stop this

Ed: that's all for today, Lord Rama! No comment!

T: Hitler used Siron gas in the gas chambers

- Ref to Max Keiser about squalorville - 220 sq ft for people, no heat, no gas - in England!

Cathy: but we are moving away from this!

T: Dec 3 - the energies are already hooked up with 12 12 12 - grounding the energies which came in on the 3rd - Ashtar said this

- The 13th - wedding anniversary of Tara and Rama, Penny & Lem; birthday of a friend;
- also Feast of Lady of Guadalupe - Nada's day - it's a feast - those who are here in female bodies - need to keep anchoring the new energies!!!
- so much disinformation on the web to create FEAR - false evidence appearing real
 - Schindler was a good guy, but the not-so-good guys were watching the good guy and trapped them all - that is why Tara is calling the St. Germain Trust scam and the request of the personal information of everyone involved a "Schindler's list"
- The last time this happened was when Dove was still here: people stood in a line at the bank in Orange County, 3-4 blocks long line; they all got appointments on Saturday;
 - got their gold certificates; on Monday, the plan was for the FBI to show up in white vans at all addresses and ask the people to get in and they would go get the \$ - but the idea was to kill them later and keep the money!
 - Mother eviscerated 3-4 generals; erased millions of pieces of data when they did this
 - And she did the same thing for the last St. Germain Trust info that people provided!!!
- **Hurricane Sandy WAS NOT A NATURAL EVENT!** They have not been using HAARP for 22 years; does not have the same power of the Tesla equipment that is on the Space Station.

R: Go to Dr Judy Woods site, Where are the towers?; the Hutchison effect - how stuff got fried at ground zero - people, equipment, et

T: the last typhoon is not natural either: they set up weather patterns so they can guide the storm & cause more damage

Karnicom Institute - talks about Chris Karnicom who speaks of the geo-engineered events: chemtrails everywhere around planet - it is being exposed

T: [Sandy] set up the high, then made it stationery so they could guide it at extreme right angle and a 2 foot snow fall in West Virginia - has never gone so far north - since when?

- They take the inside of the hurricane or whatever, reverse the spin and speed the spin harder

T: Hurricane Katrina never hit New Orleans - landed in the bogs to the west;

- Hillary had Black Ops go in to the Army Corps of engineers and have navy divers place explosives on the dams [from DuPont] and blow them up;
- then they sent FEMA and Black Water and shoot dead any black people they see; people were

also shipped to Idaho, Texas, Nevada, elsewhere and put in camps with the barbed wire facing inside - these people are now dead! $\frac{1}{2}$ million people are already killed from Katrina!

Caller: about Wingmakers ship being in position to do a mission; has this to do with being ready for actual shift of 21st?

R: yes, they are in position; has to do with the energies coming from centre of MWG, the Dark Rift

- It will be felt on the physical and all other levels - NOT GLOBAL EXTINCTION EVENT -
- It's an energy shift within each person as we become aligned with the Universe/ an even give & take •
- The Wingmakers are here to ensure that Mother's wayward children will do nothing unnatural -
THAT DAY IS SACRED!
- The WM are here to back this up as they know we make it, and the timeline has already changed; the time lords are already here and have everything to do with Sat Yuga
- Will see a video on Saturday: **2012 - THE CROSSING**.
 - The people in it are from quantum physics world, Santos Bonacci and others
 - The so-called "junk science" is about that fact that science is changing because it is about the science of love which can be worked with; when that is put in conjunction with hyper dimensional physics, things really move!
- Had we had these energies before the spiritually adept among us were able to use them with discernment - there would not be good results . . .
- The timing is precise: the light makes its move, the light community ground crew goes through the immersion process every time new energies pour in - there are so many wise beings here that we are blessed to know and be in touch with
- all of us are becoming more and more sensitive: the end time still looks like a horror story yet - we have learned the best way to transmute the negative energies -
PRAISE, RESPECT, THANK AND LOVE THE FEELINGS
PRAISE, RESPECT, THANK AND LOVE the DARK ENTITIES
PRAISE, RESPECT, THANK AND LOVE and the THE DARK EXPERIENCES

T: Speaking of **dark experiences:** The # of people being raped in this country is IN THE MILLIONS

Cathy: saw a video about in the military: as many males being raped as females and this is just starting to come out - just now being said out loud!

R: Ed Schultz today had on Tariq Ali and John Nichols:

- the story from Syria: has to do with the global hegemony & banking fiascoes that ultimately fund the lobbyists and politicians that make this things happen
- Tariq Ali said Miss Hillary has been funding Al Assaud AND THE OTHER SIDE: very ugly dogs in this fight. Russia has a big part in Syria and will not give it up by any means! They also have been giving arms, weapons to Syria; so have China, Bahrain, North Korea, US, France

Cathy: didn't Ashtar tell us there would be no war?

T: yes, he did - so far, **there has been no war - only invasion and occupation!**

T: Article called "It is sanction time for Israel" - on Press TV

[SEE BELOW]

- Tariq [Pakistani] comes on Amy Goodman often, knows all about Middle East, China, France, Russia
- NATO is making a mess there! US and France got Syria as a colony
- Chemical weapons - Al Jazeera had a map about 1.5 years ago - stockpiling chemical weapons
- Tariq - the other countries will topple Al Assaud from the inside
- Russia, China, Korea have something in common: they do not want the US and Hillary in the

middle - the sooner we get our people rounded up, the less angst there will be

- yes, the Syrian people are where the proxy war is going on!
- about the White Dragon Society - Ben F is a schill for the hegemony masters who play at the level Max Keiser is talking about - in the fiasco St Germain is the M
- Neil Kennan case brought up again - pulled the first case of \$135 T; the new one is the quarto quinzillion [40 zeros] case is the St. Germain - and St G will win.
- Jim DeMint taking over Heritage Fdn - expect a large scandal to come out: like Randy Duke Cunningham having money in his freezer -
- Obama a double Trojan horse - groomed by Brezinski to be a Manchurian candidate; he did it knowing what he was doing; Uranus went retrograde in July, and goes direct on Dec 14 and every thing that has been hidden will be revealed
 - John Nichols said this: Barack has turned evidence against Kissinger, Putin,
- Forbes magazine: have named B O as the world's most powerful person then Merkel and then Putin
 - Obama is a double agent in a completely different light : no connection to the way Merkel is
 - Putin is a double agent, too - but there is no comparison between them and Obama

Cathy: BO / Putin and Merkel do what they do to make up for dark deeds: what side will she come down on

T: she does know that she has to go to ICC

- Putin has done nasty stuff: responsible for millions being dead in his country
 - he's a 6th degree Don & a former KGB; not anyone to mess with
 - Prophecy about the Russian Bear and the Eagle

T: coming out in bits: **all the dark stuff is Hillary and a few reptilian friends**

- Hillary, Romney, McCain, Leon Panetta, General Petraeus, Netanyahu - assassination of ambassador for 800 metric tons of gold - they tried, and don't have it

Cathy: are there any clean countries? Leaders?

T: Obama. Desmond Tutu - not a leader, but he may be the doorway to how things change according to the way that Sananda

- Aung San Suu Kyi - trying; still controlled!

Cathy: if you keep up with this stuff, it's crazy - a giant chess game and all are guilty

T: the great arbitrator is here: MOTHER with Nibiru and her Paschats

- Also put up the picture of the 2 suns that showed up on Nov 15th + the PYRAMIDS
- St Germain is here with the 40 zeros - all is in place.

Reading: Deutsche Bank hid 12 million dollar in losses to avoid a government bailout

[SEE BELOW]

- Yesterday, Israel refused the UN weapons inspectors
 - Merkel and Netanyahu met today and there were bristles -
 - Netanyahu is isolated for doing 3,300 new housing units - entire European Union said no!
 - Ehud Barack his minister of defence quit;

Cathy: Net grew up in Philly, about 20 minutes from where Cathy lives!!!

T: Underneath Philly are all the tunnels that go all the way to Williamsburg, VA and the Bruton Vault

R: the 2 movies about National Treasures [Nicholas Cage] are true!

Cathy: what documents are in there?

T: Santos Bonachhi is a master astrology and teaches the bible as a master astrology book!

Revised edition of the King James - by Francis Bacon, brought here by St. Germain himself!

Cathy: if you know where you are going in Philly, you can go anywhere!

• **THE GREAT REVEALING IS UPON US!**

T: Every day between 4:30 and 6:30 am - people are napping, not sleeping - the regenerative hours for the entire planet - as you do meditation then, or dream time, or write something - contemplation - do it daily - KEEP A JOURNAL AND WRITE IT DOWN - this brings the angels, the menahoonies

Cathy: her dreams becoming with more memories - she is starting to notice things, there are patterns about the dreams. To stay connected with yourself, the journals etc are one way

T: and these calls for 10 years, we have been meeting with Mother every week - and the energy is building

Mother:

Greetings, in the Light of the Most Radiant one and in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

T: That the Buddha and the Christ should open in our heart and stay there for the highest good of all concerned

Cathy: asking more about what Mother did for the St. Germain Trust stuff and that Mother went in and cleaned out the data bases

T: there is a sense of higher purpose here - not time to do that sort of thing [St Germain trust stuff]

Cathy: Most important thing to share with this audience?

Mo:

- We are coming to the place - on this particular day all we have seen: all the talking heads have all been wearing blood-red ties
- What she can share as we approach the sacred dates of the alignments - it's ecstatic, orgasmic joy - we are stepping into Sat Yuga and we get to be here for 100,000 years, immortality - the cat came back for another day!
- All that is unlike love is boiling on the surface of the pots: Benghazi, Israel - why did Israel blow up the USS Cole & kill hundreds of soldiers? No one has gone to jail yet for this; this is not the people of Israel, but about the ancient story of our children who are begging for a hug yet do not know how to ask in the traumatized amnesia they are going through: love them more as they are in their death throes - THIS IS THE TEST, EVERYONE.

Cathy: when you hear about those in power, certain ones resigning, disappearing - whole families are missing the major person - must be horrendous!

Mo: yes, it is a major blow to this story. As we are moving up an octave; we are talking of Yugas that are large amounts of time compressed into a short amount of space; talking of space/time, time/space - every moment is here now - past, present, future

- what we are experiencing now is children leading in the most haggard of conditions - they/their soul matrices have chosen to lead the way as we move from Kali Yuga to Sat Yuga and the cycle changes again and we get to experience 100,000 years or more which is just a twinkling of an eye - yet our cells say it has been so long since we have embraced in this way.
- That is the big deal here, because these ones all know it; it is the final moment for their test, too -
 - how do we do this with love, gratitude, wisdom, love and grace is our test to be the masters; we've chosen to walk into these living temples which are more than bags of water - we are the Adom Kadmon merkaba vehicles that become those spheres of living love, living light like a physical sun. That is the energy transmuting back to plasma energy that is 100th dimension - to be in that frequency of that, we need hyper basic shielding on our ships so we are not radiated by the cosmic

rays of the sun

- Mother has lowered her frequencies to a level so that she can understand and speak through this living vehicle. . as we take on the merkaba vehicles, that we are immortals, creator gods with the abilities of Q and then some
- Just saw the story of Kate and William - all of the truth will come out about Lady Di and Dodi and the story about the 7th daughter of Sananda and Magdalene/LM Nada - this is the ancient story of the Aboriginal Moabite nation and the people of the black land
- this is a different kind of revolution called respect - we the people of the black land want freedom to walk the streets and not be labelled "terrorist" or other things - this has gone on since the morning of 9/11 - story of the people of colour who are of Islam: the next level is they would want to make war against the people of the universe - yet ultimately the fallen empire - At this moment, they are running for their very lives and are scared sh**less because we mean business
- take this moment, all that it is - what we have heard about between the 3rd, the 12th and the 21st -
 - Self has asked to take the final bridge test and become a bridge officer -
 - it is happening more in the consciousness; this is a consciousness shift, as well as physical, emotional, mental shift. It is all these things and more as we step into Kali Yuga.
- It is about calling to task what we have not been privy to for how many years when we first knew of Dr Tesla and Dr Marconi [they took a little wormhole to somewhere in South America with Lord Adama and Hatonn of the Silver Ship, Nicos of the libraries down there: will be back after everyone is in shackles - the whole story will be told]
 - this is about what Dr Tesla brought to the planet: free energy, telepathic - no need for cell phones - mind to mind, heart to heart. This is the universal language - the solar tongue

MOTHER TONES - these sounds are sound of creation - a, e i o u

- In the tradition of the Cherokee and others - when you sing these creation sounds, Kokopelli shows up with the other clowns and creation is manifestation: as you think it, therefore it is.
 - We have already reached critical mass to shift this planet - now we are tipping it over the edge so it can be integrated for Dave the carpenter, Joe the plumber and all the rest - who know something is going on, not sure what. Might believe the ancient horror stories
- **John the Divine never told stories about death and destruction in Revelations:** it was about the transformation of what is occurring here: already our children Jawveh, Lillith, Lucifer have come back to love, sitting here and waiting for us to catch up.
 - It is complete, the final hours are counting down; it is for us - the Eagles have landed and it is all of us: how we do this is now our test - let us pass it with the greatest of love, gratitude, wisdom We have been down this road before: 26, 826 years was the last yuga cycle

Mo: you passed the test with flying colours - or we would not be here to tell you about it!

LOVE is the key & the key master is here - the cosmic stories are not fantasies! They are real!

Cathy: When have we not spoken of love? Now sees the word everywhere!

Mo: goes back to the ancient story of our children who used and abused the people of earth and used the gold dust to separate the mind and the heart. Also the story of Sumeria . And what has been kept from us in terms of physical immortality which is the key to what is happening to ourselves

- and now these alignments that are happening; all these things are in proper context of how we went full circle We have here a great cover-up : we are and always have been creator gods, and how we have fallen to this place, and the blinders with the issues that come up that separate the heart

from the mind with the concepts that were introduced through the strands of DNA so we would go to sleep and forget who we were.

Cathy: obviously we have forgotten who we are - the point of this test!

T: 12/3; 12/12; 12/21 - **these are increasingly powerful numbers, exponentially powerful**

- It has been hidden for 5 months that Obama has been turning evidence against all sorts and it will all come out on Dec 13th when Uranus goes stationary direct.

Cathy: when this all happens: it may not be called NESARA - know we will have the announcement - will it be called NESARA for the general public?

T: absolutely everyone in DC knows it by the Reformation Act -

Mo: also connected to Sec of Interior Vilsack and the Pigford Case - all of what is occurring is the story about the 40 zeroes: we go round and round and back to the 40 zeroes - this is St Germain - he is the final say so on this: **National Economic Security and Reformation Act**

T: it won't be a process of evolving - Every detail will be made clear

Mo: as we transition into universal economics and the changeover; as we dissolve borders & the issues of differences between individuals - **the diversity within love is the key** and that is what is occurring: the needs of the many outweigh the needs of the few.

Caller: Kali Yuga - the unawakened ones have been allowed to explore themselves

- Sat Yuga - the time of light and truth - has to do with the Flower of Life and the Tree of Life coming together as one: flower being consciousness; tree being the physical
- The new age of light is infinite bliss
- Reads a channel she received

Mo: in response to 2nd Caller: we are all particle accelerators in ourselves, and as we align with the 8 minutes, things align in and of ourselves - we came in knowing full well this was a polar story that has come full circle. The Law of the One is the full story.

- Free will choice goes by the way side as the Law of the One becomes more prominent
- anything that can be done in the Cern Accelerator is nothing in comparison to us - as visitors from our past, she says "Bravo! You made it!"

T: you always say "I am the Light and the Dark Mother" - this energy out of its time/space continuum is having a difficult time maintaining its status - we needed this energy to have the lessons of duality, yet those unwilling to cooperate and consciously knowing they are doing something that is not nice, will be moved to Herculobus - they cannot stay with us as it is so painful, it causes combustion of the heart. They need to go so the energy here can go higher.

- The intergalactic war criminals get moved to Dracos, and are tried there

Cathy: this is **after** the trials here

T: Yes. There is literally no death, but there is second death. They may be exiting this planet as the results of the trials and they are executed & removed from their bodies

- But that is not the end. They can choose to meet with Mother on the other side of the veil "of death" and then if they still refuse and rebuke, then literally they go to 2nd Death - the soul is dissolved into the Dark Rift - every life time is dissolved - all they have done that has skewed the timeline is completely dissolved
- anyone that is tied to a negative emotion, that part of self that is connected is also dissolved.

Mo: that part of the self that has difficulty with the energies as we are moving through these intense moments: every moment, we have an opportunity to serve by sending more love, more kindness, more gratitude to those who would have slit our throats - we have to go beyond the physicality . . .

Closing: Cathy

2012, Dec 6 PressTV~ It is sanction time for Israel

www.presstv.com

Thu Dec 6, 2012 12:24PM GMT

By Jim W. Dean

But the Israelis have huge amounts of blackmail material collected over decades on most Western leaders and legislators. They certainly will not hesitate to use this to stop any sanctions effort. There will have to be a grass roots effort to clean house. All those who have aided and abetted in Israel's crimes will need to be sanctioned, also."

Israel fell into a carefully laid trap today by refusing to allow inspections of its weapons of mass destruction facilities. This has opened the door for the only possible response. It is sanction time for the Israelis. Let them reap what they have sown. And let us do what we must do.

If the shoe were on the other foot, the Zios would be screaming to have the facilities bombed, but we won't do that. The WMD contamination would be a disaster. Even conventional weapons landing just on their nuclear waste sites would create a catastrophe for anyone down wind. It's the cheap way of making a conventional warhead go nuclear, using the target's own waste material.

Netanyahu played his role as expected. Straight out of the Talmud, his coalition does not accept demands from the non-Jewish sub-humans. He will bet the farm on the Jewish Lobbies in the main Western countries, that they can bully their host country legislatures to do their bidding. They have a long track record.

In America this is a bipartisan campaign. The Senate Democrats and Republicans passed the new Iran sanctions bill, drafted by Israeli intelligence operatives as usual.

Canada, which is the Mossad's western hemisphere base, will rubber stamp anything coming out of Tel Aviv. She has slid a long way down the humanity scale since WWII, when their great PM Mackenzie King refused to sign onto a post war plan to 'depopulate Germany.'

The other Allied leaders wanted to kill off 20 million men, women and children through starvation. Their goal was removing Germany's need to be an export competitor to earn the needed foreign exchange to buy the food for its population.

When the plan was leaked to a shocked world, the villains pretended it had only been a working paper, when it had actually been a signed mass murder document. Where are the Mackenzie Kings of our day when we need them? Was the Palestinian UN vote a hint that some are coming out of incubation?

This post-war planned crime against humanity, against a defenceless people, was of course never prosecuted. To add to this shame the victor's court historians have ignored it all these years. Real historians like David Irving were attacked for printing the forbidden truth and made examples of to cower the rest of the sheep. And yes, Jewish lobbies had their fingerprints all over the dirty deed.

But the Israelis have huge amounts of blackmail material collected over decades on most Western leaders and legislators. They certainly will not hesitate to use this to stop any sanctions effort. There will have to be a grass roots effort to clean house. All those who have aided and abetted in Israel's crimes will need to be sanctioned, also.

There is no point to taking out a repressive leader and leaving the repressive infrastructure in place. A new leader will be found in a day to carry on the former work. But we do have a template to use on Israel from WWII, the Japanese one.

Israel must not only be de-nuclearized but de-militarized just like Japan was, and for similar reasons. Both

wanted growing space, and used their military power to get it. Japan's target was Asia. For Israel it is every country on the planet.

To militant Israelis we non-Jews are just two-legged farm animals. As their chief rabbi publicly declared, the rest of us are here to serve Jews. The Likud party people really like that part and they are big fans of the rabbi.

Israel has mounted offensive espionage operations across the entire world. The Palestinian UN vote showed that not even the tiny Micronesia countries, including the make-believe ones under water, escaped their targeting for control and dependable UN voting.

Can Israelis actually do this with just their resources in Israel? Of course not. Israeli 5th columns operate everywhere. They are used as a human shield of sorts to deflect any mention of disloyalty as based on anti-Semitism only.

It is an open secret in the Intel community that no Western country will prosecute any Israeli espionage. This is a breach of all of their leadership oaths to defend their country. Of course those countries that reject domination, and do defend their people from the Zios, are considered threats.

So we have the incredible irony of those who sat in judgment at Nuremberg, and hanged people for 'waging an aggressive war,' are now breaching their own precedent and demanding immunity out of the barrel of a gun. They dishonor the deaths of all those who lost their life in that conflict. They stain Western civilization and jurisprudence by betraying it.

The Israeli regime also provides us a tried and true sanctions template. Once Israel is 'officially' deemed a security threat to all the rest of us... we just build a wall... around the entire country. The difference this time the Army Corp of Engineers will not build it like they did around Gaza, and the American taxpayers pay for it. We will give that honor to Israel's victims.

The pro-Israeli Diaspora and their friends like the Christian Zionists can pay for it. The latter can use the money they have donated to the WMD Regime to clean it up like a nuclear waste site, which in many respects I believe we will find when the inspectors get in there.

David Ben Gurion Airport will get to see what it is like with no planes coming in or leaving. Yes people, I mean that kind of wall, just like Gaza. If they protest just tell them that Jim Dean said if it was good enough to dish out to the Gazans deemed a threat with no WMD, then it is certainly fair for one Israel that has.

The US will have multiple exposures here, not only for the black projects and billions pumped into Israel while Americans are being third-worlded to pay for it all back at home. We also waved India past the IAEA inspection process, which assured that Pakistan would keep investing in its own nuclear deterrent, which it can ill afford.

Why has America done this? The only feasible reason I can see is a desperate attempt by those behind the military industrial complex to replace the Soviet Cold War with the Neo-China one. The bogeyman drum was being beaten for China, another country endeavoring to build up its defensive capabilities.

Why do more Americans not connect the two dots that making an enemy threat out of anyone wanting to defend themselves is very undemocratic? It is not a difficult hoax to see through.

How many military bases does China have in Canada and Mexico? And how about those Chinese S400 type ground-to-air missiles lining up on our southern border and the ten warhead medium-range missiles being installed 'to protect Chinese and Mexican interests'?

How would Americans react to this? But here is the big question. Why would they act the same way... when it is not happening? Who really is our enemy in such a twisted scenario?

The rank and file Americans are victims in all this. The war costs have been just a tool to transfer wealth to the super rich, and I mean the cash. The troops and factory workers get IOU's and paper stock certificates. The

average Israelis are getting robbed themselves. Even their 'Holocaust' funds get looted. At last count a third of Israel's 'survivors' were eating in soup kitchens.

The American version of this looting hustle was taking place on Capitol Hill today with an expert testifying on Iran as a threat to the Caucus region. He was of course surprise – surprise – an Israeli expert, Ariel Cohen.

I took a look at Cohen's bio at the Heritage Foundation and he has the grooming profile of the classic Israeli asset. Israel has tons of them working out of numerous think tanks here and in Canada. Many have become Mossad hostels of a sort.

His expert testimony was shocking to say the least. I will try not to make you sick by just showing a few points from his conclusions.

"Expand anti-terrorism and drug trafficking cooperation between the US and the three South Caucus states, neutralizing Iranian subversion activities in the region."

My response: Mr. Cohen, how can you not know that all the drugs coming out of Afghanistan are being shipped out by American and Israeli 'contractors' with the three countries you mention getting their cut of the pie? And why did you not address this subversive activity as threat to the region when everyone in the military and intelligence business knows that it is true, including you?

"Uphold the interests of the small Southern Caucasian countries when attempting to construct an effective Iran policy which leads to the elimination of Tehran's nuclear weapons program."

Mr. Cohen, you must know the IAEA, Israeli and American Intel have all stated that the Iranians do not have a nuclear weapons program. Why would Iran want to prelude having a nuclear deterrent at some point in the future when they are in range of Israeli nuclear missiles with constant threats of launching a preemptive strike?

Your testimony Mr. Cohen is exactly what I would expect an Israeli agent to deliver at exactly this point in time to justify the Senate sanction vote as addressing a threat, when you are just doing some 'pre-staging' work for Israel. It's an old game what you did today.

But thank you just the same. You have validated all the reasons why Israel also deserves to be sanctioned as a rogue state. You were doing double duty today just like Netanyahu was with his 'bugger off' on the WMD inspections.

We now have a long Israeli list to work with, multi-decades of extensive WMD programs, drug trafficking, terrorist operations, destabilizing countries, money laundering, blood diamonds, human trafficking, waging offensive wars, and crimes against humanity. And yes, we know Israeli special operations people were killing US troops in Iraq and Afghanistan. It's in the classified reports.

What would you say sir about you and I working together to write up a joint statement to deliver to the Congressional committee on this threat? I would even be willing to do most of the work. It would be a good change of pace for you.

Bombshell: Deutsche Bank Hid \$12 Billion In Losses To Avoid A Government Bail-Out

Submitted by [Tyler Durden](#) on 12/05/2012 16:58 -0500

Forget the perfectly anticipated Greek (selective) default. This is the real deal. **The FT just released a blockbuster that Europe's most important and significant bank, Deutsche Bank, hid \$12 billion in losses during the financial crisis, helping the bank avoid a government bail-out, according to three former bank employees who filed complaints to US regulators.** US regulators, whose chief of enforcement currently **was none other than the General Counsel of Deutsche Bank at the time!**

From the FT:

The three complaints, made to regulators including the US Securities and Exchange Commission, claim that Deutsche misvalued a giant position in derivatives structures known as leveraged super senior trades, according to people familiar with the complaints.

All three allege that if Deutsche had accounted properly for its positions – worth \$130bn on a notional level – its capital would have fallen to dangerous levels during the financial crisis and it might have required a government bail-out to survive.

Instead, they allege, the bank's traders – with the knowledge of senior executives – avoided recording “mark-to-market”, or paper, losses during the unprecedented turmoil in credit markets in 2007-2009.

Two of the former employees allege that Deutsche mismarked the value of insurance provided in 2009 by Warren Buffett's Berkshire Hathaway on some of the positions. The existence of these arrangements has not been previously disclosed.

Naturally, DB is defending itself in the only way it knows: "this is complicated stuff, and we know better than those guys." In other words, this is just a **"tempest in a teapot."** Where have we heard that before...

The bank said the investigation revealed that the allegations “stem from people without personal knowledge of, or responsibility for, key facts and information”. Deutsche promised “to continue to cooperate fully with the **SEC's investigation** of this matter”.

The complaints were made at different times in 2010 and 2011 independently of each other. All of the men spent hours with **SEC enforcement** attorneys and provided internal bank documents during multiple meetings, people familiar with the matter say.

SEC enforcement attorneys eh? Because this is where it gets really fun: the person who was in charge of DB's legal compliance at the time was none other than Robert Khuzami. **The same Robert Khuzami who just happens to be the chief of enforcement at the SEC!**

Robert Khuzami, head of enforcement at the SEC, has recused himself from all Deutsche Bank investigations because he was Deutsche's general counsel for the Americas from 2004 to 2009. Dick Walker, Deutsche's general counsel, is a former head of enforcement at the SEC. The SEC declined to comment on the investigation.

Sadly, the "we are too sophisticated" defense may not be very effective this time.

Two of the former Deutsche employees have alleged they were pushed out of the bank as a result of

reporting their concerns internally.

One of them, Eric Ben-Artzi, a risk manager at Deutsche, was fired three days after submitting a complaint to the SEC. In a separate complaint to the Department of Labor, he claims his dismissal was retaliation for his allegations.

Matthew Simpson, a senior trader at Deutsche, also left the company after submitting his own complaint to the SEC. Mr Simpson declined to comment. Deutsche Bank paid Mr Simpson \$900,000 to settle his anti-retaliation lawsuit. Reuters reported in June 2011 that Mr Simpson had raised concerns about improper valuation of the derivatives portfolio.

The third complainant, who worked in risk management and has requested anonymity, raised his concerns to the SEC and voluntarily left the bank.

Or actually, since **every bank** in the world is forced to lie, cheat and mismark its own balance sheets every single day, not least of all the European Central Bank which as of moments ago has to accepted defaulted Greek bonds as collateral, this may just be completely ignored.

After all opening this particular Pandora's Box may well reveal that not only DB but the world's entire financial system is completely and totally insolvent.
