Small miracle: that today on Mayan calendar is white dog day: neighbour could not find her white dog - they helped drive round the neighbourhood to look for it - Dyanna knew it was warm and safe, but not where it was. Neighbour found it eventually in her own basement, locked in a room.

MR: someone else asked MR to share that she had 4 instances of great results when she "hired the heavens"!

Guest: Annie Rose

Friday: a high energy day - will see a lot of news and attitudes changing

- will be making personal decisions that day: will be able to follow through on these changes

Monday: - full moon will be in Taurus - usually sets the stage for lots of energy which is thought out and planned; we can follow the directions of our thoughts
will begin to feel it starting on Sunday evening

- The sun is in Scorpio; the moon is in Taurus - both strong shining towards each other; people will settle down and get on with what they want to do - will work out for us, as we will be able to follow through

Tuesday: Mercury will be leaving Scorpio and going into Aquarius - will see much more light-heartedness we won't take things so much to heart -

- Mars is in Sag & this energy has been up; some people might have felt low energy for a bit, but it will be an energetic week
- will be a fast-paced week with Mercury in Sag - mediate; think with positive force; keep goals on a positive direction - if we do this, we'll see our goals manifest
- take precautions with kids going out on Halloween
- Time to clean out closets, get rid of stuff that is not needed - start Monday or Tuesday!
- New things, new friendships coming into our life; deeper sense of comradeship with those we know
- Full moon is also ending of things: many people have been waiting for the re-valuation of currency - watch for a major event on Tuesday; from Tues - Thurs, will be some major news on this full moon in Taurus is last of 4 power moons of year; sun, moon brighter than any star in sky

Wed: re'ships - may be indication of starting new, how we look at a re'ship - we will move from being an enabler to letting the other person what we need from the re'ship
Will also be a busy day, but a good one.

Sat, Nov 3 - set clocks back - when we do that, we get back on more settled view, clearer, of what we want to do with personal, business life, and plans for upcoming holidays. Will also be more unrest in other countries

Election week - pretty smooth sailing but chaos on that day as Mercury goes retrograde that day - say to self and others "Peace! Be still"

- Look forward to a more active week than this one and lots of news!!!! Watch Sunday through Tuesday for real action!!!!

T: in terms of active week coming, will we see big benefits on universal as well as personal scale?

AR: yes, sees major re-structuring

T: arrests before re-valuing; then NESARA, then re-valuing [THE ORDER OF EVENTS, FOLKS!]

AR: we will hear of 1, maybe 2, on Tuesday - re-valuing

T: if they talk about it, will say it is coming - cannot happen until N is announced

AR: says that is what the charts are showing!

AR: What would arrests consist of?

T: 98% of satanists have been arrested for last 3 years behind the scenes

- the big ones with the big trust funds - one got 11 years, another 2 years

AR: thinks will hear more on that from Friday to Monday

AR: 219 - 980 - 0010 appointments only [outside Gary, Indiana - Central Time Zone]

Hard News:

R: Rachel Maddow was basically screaming that Glen Beck and Dick Cheney having a fund raiser in Texas and saying you have to be crazy to vote Obama - they are saying he is the anti-Christ!

- This is about us coming together with the most grace and love for Mother's children who have created the most heinous of crimes right in broad daylight

Mr X: R brought up the hit list of Americans killed around the world; many folks on the left trashing Obama, saying it is on him: yet Miss Du Pont & 13 families are also involved - things are popping.

- As we approach the election, the most heinous of crimes have been committed on both sides - both parties are tainted with blood - our galactic round table is becoming a universal round table - people are waking up to: how can it be patriotic to have 40 - 50 bank accounts outside of America?
- Today Colin Powell and Col. Laurence Wilkerson [Powell's former Chief of Staff] have come out to support Obama - THIS IS HUGE

R: the astrology is what people continue to say: stay grounded and send these ones love

- John Kettler and the UFO war in the South China Sea; there is also a brinkmanship war in the South China Sea: these are black ops taking out other black ops using Area 51 technology:

T: this is a cover story looking for some way to blame some way to make Obama's policies wrong

- Toss up on what is going to happen on the markets across the planets: ref to Max Keiser screaming about where is their gold? Germany has no gold whatsoever!

R: what he heard is that gold is \$6 - 7,000 an ounce: very extreme - has heard lots of crazy stories!

- Mr 19.5 degrees has the plan to take us through this doorway: it is simple and logical and based on wisdom of over 1000 years
- At the same time, they are trying to play out the revelations game - Glen Beck is losing it: has mentioned the 78 programs, various websites having to do with the programs, the John Kettler character & fake alien invasion which goes along with the stories of the last week or so
 - Randi Rhodes spoke of this - she mentioned the Reformation Act
 - Brings up Wendy Grams, Phil Grams who got test packages, between 2007 and now - Phil took one of his gold certificates [Dick Arney did the same] and used it to get collateral - then funded Tea Baggars & other sovereignty militia groups which are against Obama: if they try to stop the election on that day,
 - yet Obama has it well in hand [light has won, dark can do nothing] - it is already completed
 - This is also about the transformation inside of us as we send them more love than we can imagine

- **Randi Rhodes:** guests were LM Nada, Queen Noor:
 - another female soldier called up; she was a Lt Col who was raped by 3 superior officers; last time it happened, one of the officers cocked a gun at her head and told her that if she ever mentioned it, she would be dead; she has lived with this since she left Iraq; she wanted to leave as she was getting no help.
 - Both Nada and Noor spoke up and spoke up of the sons & daughters of Lebanon & Jordan that have died for the fake war on terror. They also talked of all the women from around the world who have come together to join the women of Rawa, Afghanistan - all these women are calling for trial, conviction and execution of the Bush Clinton Crime family right now
 - The US has the mission and the responsibility to clean this mess up. Every war has been because of the US behind the scenes - in the Constitution, not just about freedom, also the obligation to suss out the truth
 - **Chris Matthews:** Carolyn Kennedy was on: Obama will make it; she is behind him.
- T:** Sir Francis Bacon did not finish The New Atlantis - said he would be back to complete it all - and we are the ones to complete the story.
- R:** The Indigos and the Crystals and The 4th Turning
this is on a spiritual, evolutionary level that goes beyond what we understand with the conscious mind
- T:** off air, Nada and Noor said they sent a direct tweet [= to a direct phone call] to the UN on behalf of all the women - the goddess has spoken - there will be a cease fire now!!!!
- Nada represents the United States

- T:** Lots of people signed up for the 78 programs; they are being watched like hawks 100% of the time by the Ashtar Command from the ships
- 2001, April 7 - Rama met Mr X for the first time - the day Bush Jr stole the vote
 - what about threat from AG of Texas: if the UN people try to come and monitor the voting machines in our state, there will be guns
- R:** he asked Mr X about it: things will be done lawfully; the right people are in place, being backed up by the galactics.
- T:** Their reason: if the black man gets back into the white house, we will succede from the Union
- R:** has to do with Rick Perry, a criminal in the Governor's office
- T:** they do it with glee on their faces; as the energies of higher frequencies come in, and people are being trained on the ground to use it for darkness, they want to use the energies for more and more

darkness - getting high on killing people is worse than getting hooked on heroin! That is the danger
- getting high on killing people - people we think are good family men turn out not to be - like Romney

T: Oct 30, Nov 13th - two of most important days

- In Ophiucian astrology, we are literally travelling through Virgo now which ends on Oct 30th; which is ruled by Mercury - Mercury goes retrograde on Nov 6th, square Neptune. This combination of energies, starting on Nov 6th - most powerful combination ever in the history of the world
 - The 13th has a new moon and a solar eclipse
- So **two Tuesdays are flanked by special astronomical events**
- Bix Weir [who does not believe in Nesara] said Oct 17 - Nov 11th is a 25 day window; Nada and Heidi confirmed the 25 day window: we will neither confirm nor deny - yet that window is a confirmation of changing over as outlined in the article read above: the economy, the gov't, education, religion - this will be a transformation that will dig up all the dogmatic beliefs that do not serve us.

Caller: Oct is an extreme month - 28th - time to help one another and get this mission done

- Nov 1 is All Saints Day - is there a particular reason that Nibiru may appear in the sky on the 1st between Sun and Mars?

R: will ask Mother

T: starting last year, could see Nibiru in corona of the sun in the short count of the Mayan calendar

- Since Mar 26th, 1999, astronomers have been watching the ship; they were watching Hale Bopp and companion way back then - the companion is Nibiru. These folks have been shaking in their shoes for a long long time: they have underestimated the spiritual, social growth, development of the people and power / use of the internet to help in all these ways [passing on of information, increasing awareness about ascension, etc]
- Under South China Sea, there is a grid point which activates the Atlantean grid which means free energy for the planet for ever and ever! Don't want people to know about this, or have access to it

T: Obama had an all nighter last night in Las Vegas - still going strong! With Bill Clinton in today's places

- **John Fugelsein** took over for Eliot Spitzer: He thought the Christian Right would get a kick out of this: pulled various bible verses: "I am sure they will all want to vote for Jesus" and then he reads all the quotes, etc - Jesus was a radical, non-violent, revolutionary who never spoke English; was totally anti-death penalty; anti-wealth; anti-public prayer, pro-community, never anti-gay; never mentioned abortion; never fought for tax cuts for wealthiest Nazarenes, was "a long-haired [Ebionite], brown-skinned, homeless, community-organizing, progressive activist, middle eastern jew!" [John calls himself a recovering Catholic!]

T: Ed Schultz radio show: Dick Durbin Sen, IL + Rama + John Nichols + Ed

Dick said:

- Tagg Romney - has it in the bag with owning voting machines, all rigged, nor do we have proper justice system to change this
- Eric Holder - a schill for Wall Street
- Dick, as a member of the Bohemian Grove, knew that Romney showed up at Bohemian Grove - they kicked him out & told him that Rothschilds said they were of house of Judah; he was of House of Dan, House of Lucifer, so not welcome; the real Lucifer has come back to love;
 - House of Dan is same house of Celtic people of the Ebionite Jew / Jeshua: there is no one

confined to the Luciferian plan, other than the ones attempting to hold it in place, as the leadership has come back to love

- Shelly Adelson is member of Bohemian Grove - through a mutual friend of his & Shelly's - Dick Cheney!!!!

R: Durbin is trying to save his soul

T: then he said that on the 7th, he pretty much stated that **Obama would make it: so did Nada, Noor**

- he will have a landslide bigger than 2008 one
- Obama will call Congress back a week early; Congress will call for Eric Holder, Hillary to step down for contempt of Congress; will get arrested on the spot!
- On Tuesday, **Heidi and Nada confirmed this**; though on the radio, Nada said no dates, and she could neither confirm nor deny - just keep moving forward - this is what they always say
 - then he said he would declare a constitutional crisis - ALL ON NOV 7th !!!
- Confirmed that the UN would monitor all the voting booths across the nation!
- The people will be in the cross fires if there are bullets flying around: the galactics will use containment
- **Thom Hartmann**: "unbridled capitalism kills democracy "
 - Brad Friedman: the Republicans have been putting pressure on each of the states' local officials if they don't get the local areas to vote Republican!
 - These ones are desperate
 - Richard Mourdock and Romney says I am supporting this one!
 - Mourdock: even in most horrific circumstances of rape and woman conceives, it was god's will

R: Obama says rape is rape, it's a crime - and a tool of war!

T: Eve Ensler who was on Amy Goodman last month: spoke of a woman who was abducted & gang-raped for 14 days straight and got pregnant, kept the child and loves it & has found a way to look after the child - about individual reactions, not those forced on one

T: people in Fox News & related sources saying Obama does not have a plan - yet this is what is in it!

1. increasing funds to education; education, special training is a national priority
2. building in manufacturing boom
3. boosting American-made energy [**the outline of Obama's background**: he was a Muslim king of India; an age of enlightenment; lived at same time of Sir Francis Bacon / St Germain and they were friends! And he was raised in the 8 fold path]
4. reducing the deficit responsibly by cutting out where we can and asking wealthy to pay a little more
5. ending the war in Afghanistan and doing nation-building at home

T: **Ed Schultz**: Greg Palast on + Wilkerson + Powell - called for war crimes: identification of, indictment, etc

T: **Jay Leno**: Obama was on for the full hour: he gave a lot of strokes to Hillary

- Brought it up on Ed show; Ed said she does not need more strokes - she gets them all from her partner [Wener's wife]
- Powell: very heavy duty today on Mitt Romney
 - still need to reveal your last 10 years of tax returns & I know you have something to hide
 - tell about the money you & wealthy Equadorian families produced to commit to the death squads ; Romney was involved in the events in Equador - not just a bystander
 - about Freeport, Ill - this is just another 170 to add to the others you threw out of your companies in this country

Caller: If Hillary and Holder arrested, what happens to the rest?

T: 98% of the satanists are already in ships - has taken 3 years to do this

- 99% of the people pretending to be in charge are either clones or holograms - easy to remove
- Germany is out of their gold: if G does not have gold behind them - and in same breath, Keiser said they are about to crash at any second: economy in the tank -
- on **Journal News** early in the morning, item was that G Britain's GDP went up 1% between July and end of Sept - sounds like a conflict, but Libor happened in between

Caller: a whistleblower - Sybel Edmonds - to speak up

T: will ask Mother

Mother Sekhmet:

Greetings in the Light of the Most Radiant One! In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St. Germain and the Violet Flame.

Greetings, Children of Ra!

- This is the moment! We knew how deep it was going to get when we started eons ago and that people would have to wake up at the last moment, and we are at the last moment. We are travellers from from your future; we know that you make it
- NESARA will come to pass, timelines will be healed - in the next few seconds, it is of utmost imperative that we guide our energies of love with the greatest of wisdom of love and gratitude
 - the 520 years of missing history have to do with the idea that black is beautiful, which means the energies represented by the Aboriginal Moabite nations - the one described as
 - Mr Morsi will get it together inspite of the stories about ??
- This yanni is the one which brought you in; this yanni is the one which is taking you to the next level - take it or leave it! No one messes with my yanni! This is where it ends now - rape is rape!
 - Indeed - 520 years were cut out of the story - the most important part of the story -
- Stem cells have a consciouness and - every particle is a microcosm
- Is our ship here? Yes, Nibiru is here - not about invasion or extinction level event - about collecting our children and dealing with them as need be - they can create or un-create with a moment's thought, as they are as much co-creator gods as we are.
- The patriarchy has taken it to the point of life out of balance - this is about the healing of all stories
 - let it begin with the healing within us - it is not my will but thy will, and the greed stops here.
- The future is so bright, you'll have to wear shades to get through it because this is about love
- Everything re Roe v Wade - getting the headlight/taillight story correct once and for all - getting the kundalini energy used correctly - need to understand how the temple of the living god work - has to do with the throat, the 3rd eye, the crown, the 9 stars above our head
- We are watching the lunatic fringe of the masculine patriarchy losing it; they cannot contain themselves any longer as goddess has spoken, now - the great equalization is coming about in the heavens and as all lines up with the centre of the Milky Way galaxy, it is all about love, nothing else.
- Mother is so grateful for our progress and the radical realization that we have come full circle and that

we are taking it to the next level - how we do it with love is the next great test - the aspects coming up are no small piece of work - the Mercury Retrograde is a razor's edge

- so-called fake election yet all works out for the highest good of all concerned - as we have the election on Nov 6th, maybe the reversal of fortune as the criminality has blocked the elections & something changes in the timelines - might just be the smallest of folks coming forth

Caller: Key is choosing God over our ego; how we evolve is based on the decisions we make on a daily basis - decisions for the good of all over ego. We are all expanding our consciousness - how do we physicalize god in this dimension: the joy and the bliss of the heart is

- The Divine Masculine needs to realize in mass that the joy and the bliss of the heart far outweighs any orgasm as god is divine light, divine love -

Mo: in this moment, it is the balancing out of all the energies - the biggest story before us is healing this issue before us - election, selection which has all to do with keeping the energy in balance.

- Now is the time when things shift in twinkling of an eye - this is the final walk as we move through next 12 days - in which the conclusion, the transformational energy, getting to the deepest level in all of us, radiating that frequency

- it is about the great central sun beyond the central sun and we get to experience what that frequency is like, to be that frequency: there is no death, only eternal life. We may feel that life is turned inside out in that moment with the energies, and maybe we need to experience an ego death to get there

T: in Pleiades, we not longer not create through vagina, but through the heart, the throat, the 3rd eye, the crown chakra - literally create another living being

Mo: manifestation out of the mitichlurians, the force

T: Going up in the beam is like millions and trillions of orgasms in each cell, an orgasm in each of our 17 trillion cells - 17 trillion orgasms

Mo: this is the greatest of moments that has everything to do with our ascension, how this is done with the greatest of grace and love; with the energies coming in at this time send the 13 families so much love and then some!

MR: asking for someone else: what is difference between white planet, New Jerusalem, Nibiru?

Mo: New Jerusalem is 5,000 miles in diameter mother ships, one of 12 motherships circling Earth - they are the Cities of Light, part of the Intergalactic Confederation of Worlds

- Nibiru is Mother's craft, larger than the sun and it is behind the sun; it is affecting the gravitational field of this solar system and all the way to centre of MWG - every 26, 826 years, we return with Nibiru; we come at beginning and end of each cycle to balance out masculine, feminine energies
- white planet: another name for LUNA, possibly the moon - but Mother is not sure what material Glenda was reading with this reference. Brother on Aboriginal call saying we have not seen Vulcan as it is on opposite side of moon which we cannot see: it has already been discovered - he also said Vulcan is why there is light coming through the moon
 - Moon - stories of solar, lunar goddesses - much more will be understood in next few days - about the coming of the lunar goddess - has to do with the balancing of the energies
 - Kali, Pele, Dirga, all of us are here and it is a cosmic dance that has to do with Nibiru
 - This is **ABOUT ASCENSION**, and not about extinction level events; **ABOUT TAKING THIS TEMPLE OF THE LIVING GOD WITH US** in loving presence with all the love and joy that goes with it - a challenge at this moment when people are juggling 3 jobs and worrying about voting/not voting and so on

T: Iceland had a vote re: new constitution - almost 50% voted for it

Mo: has to do with changing of the guard

Mo: Nov 8th is when China votes - yet lunatic fringe on the right sent out messages in Spanish to people to vote on Nov 8th

T: a message in Spanish to US Latino voters went out - that your date to vote is Nov 8th thinking that the Latinos will be stupid enough to fall for this deception! Barack Obama's people are getting that message out!

Cathy: there are those saying the cabal / Illuminati are gone - what is the score at the moment?

Mo: 98.5% gone - there are a few more containment stories to play with

- it is to do with the ones left on the world stage - the financial zombies who have no understanding when they speak in terms of slashing, removing, entire sections of financial realities, they are speaking in global terms of genocide, ecocide, murder on the grandest scale to be done through financial processes, not with horses and bayonets
- all they have left is the fear card: we are here; the playing field has been levelled - we are here at the end and beginning of every cycle: the entire Company of Heaven in this local solar system asked for divine intervention, and we are here to clean up the situation, our wayward children who took you to brink of extinction
- the last little ones on the world stage, the ones that are raising holy heaven with hair on fire and Trump and his distasteful distractions, that are blatant, lewd behaviour of angry children who did not get the love they think they deserve - it is about entering the Dark Rift and you will not be passing this way again!

Cathy: Barbara Walters on The View was saying " Just stop it, Donald, Just stop it!"

Mo: the feminine has said "Enough!" The goddess has spoken: we want peace and we want joy; we want our children to grow up and not have pogo sticks for legs!

Closing: Cathy

2012, Oct 25 **FASTEN YOUR SEATBELTS, THE TRANSFORMATION IS HAPPENING!!!**

Transformation is in the stars but not before an impending collapse of our global system of government, money, education and religion.

There are several upcoming and current astrological alignments which will bring a new age of consciousness to humanity, but not before collapsing what is already in place.

If you are one of those people who completely disregard astrology, then please keep in mind that astrology shows us how the cycles of time always repeat themselves while specific alignments always bring about specific changes. For example, [Pluto is in Capricorn](#) until 2023. The last time this rare alignment occurred was in 1776, the year of the American Revolution. Look around. What's going on? REVOLUTION in many countries.

http://www.youtube.com/watch?feature=player_embedded&v=0i-0DGN2eWc

Also see: [Expect HUGE Changes With Upcoming Rare Astrological Alignment!](#)

In 2012, there was a rare alignment that hadn't occurred since the 1960's during the [Summer of Love](#). I knew about this alignment in 2008 and told my daughter to expect to see a lot of people wearing tie dye in the next few years and right on schedule, people were wearing tie dye without knowing WHY.

As I mentioned in the [Transitioning Into 5D Earth](#) article, we are going to need to take a step backwards before we take a HUGE step forwards. What we are going to be seeing is a literal implosion of government, education, money and religion in the next 3 years and it's already begun!

Saturn is in Scorpio until September of 2015. Right now, we are witnessing a total New Moon eclipse of the sun in Scorpio which brings about "the Great Awakening". In astrology, Scorpio owns the house of death and rebirth. This particular alignment presents the opportunity for people to eliminate their ego as well as for a transformation of consciousness. This will bring about the greatest amount of polarity between positive and negative. **In other words, as bad as things might get, they will be unimaginably amazing afterwards.** The seed was planted when Pluto entered Capricorn and now the tree is starting to bear its fruit.

http://www.youtube.com/watch?v=emgKefXcqEc&feature=player_embedded

Let's imagine that you own an orange tree. If you try to eat an orange while it's green, then it's going to be bitter but if you wait until the orange has ripened, then the fruit will be incredibly sweet. This is

what's happening right now. While Saturn is in Scorpio for the next 2.5 years, it gives us an approximate timetable for when the fruit will be ripe. Right now, we know that the bitterness of the fruit is already upon us. We also know that, in time, the fruit WILL ripen. It will not ripen overnight but just like transitioning from the Age of Pisces to the Age of Aquarius, this is a gradual change. In the great scope of "time" a few years is a fraction of a second, so look forward to this to come to fruition within the next few years. We are going to see the immediate collapse of many of these institutions in the next few months, so be prepared because the ball is already in motion and nothing can stop it.

Let's also keep in mind that Mercury goes retrograde on November 6th through November 26th, 2012. When there is a [Mercury retrograde](#), one should avoid activities such as:

- placing ads
- making important decisions
- travel
- purchasing communications equipment
- signing contracts
- initiating business deals
- sending important correspondence or any type of message
- starting school or any important project
- beginning any new enterprise (as plans may be reversed later)

It's no coincidence that this retrograde will occur during the general elections in the United States, which might cause delays or irregularities in the election results.

Astrologer Carl Boudreau believes that November will be *"a good news/bad news month. But it's also a test of our determination, our perceptions and our reactions. Depending on what you choose to focus on, it could seem all bad or all good. All of life is like that to some extent, but November is a special case. How we respond to November 2012 will have a major effect on the whole rest of our lives."*

However it affects you, though, November will be a very, very eventful month, full of final decisions and major turning points. An interesting rundown to the 2012 chart."

Boudreau added, "On November 23rd, Mars in Capricorn squares Uranus retrograde in Aries on the cusp of the 11th house. This square will release uncontrolled, angry, violent expressions of resistance and independence on an individual and a collective level. There is a strong possibility of riots, civil unrest and outbreaks of warlike violence somewhere in the world. It's likely to provoke people who are already on edge, so on 11/23, things heat up."

"On November 28th, there is a partial eclipse of the Moon in Gemini in the 12th house. We're expecting sudden unexpected events or crises that bring about the rejection of outdated or self-limiting attitudes and the release of deep, self-defeating fear and anxiety. What it means is that we're expecting issues and events that shock people out of their complacency, their smugness or rigid or counterproductive habits of mind.

http://www.youtube.com/watch?v=ukYgINQU6Jo&feature=player_embedded

Astrologer Kelley Rosano believes that the Taurus New Moon will mark the beginning of the 4th and 5th dimensions as we move out of 3rd dimension polarity consciousness into triality consciousness.

Do not be afraid to let go of “life as you know it” because in order for the New Earth to begin in this 3rd dimensional reality, there NEEDS to be a collapse of what is presently unsustainable. This does not mean it will be replaced with a New World Order. On the contrary, it will be rebuilt in the best interests of humanity as all suppressed technologies are released. The way of life, as you know it, will seem like the Stone Age in the next few years so be willing to release whatever we have gotten accustomed to in this current paradigm.

You will ALL be the creators of the New Earth and history will record you as the fathers and mothers of innovation in the next stage of our spiritual evolution and transformation. Those who are currently asleep will be turning to you for advice on how to cope with these changes, so be prepared to lead by example while helping those who do not understand what is happening. The LIGHT ALWAYS WINS in the end!

The Hopi say that “We are the ones we’ve been waiting for”. While it’s possible that the world will transform into 5d Earth through a vibrational change, we are still in this 3rd dimensional reality where the current system is in desperate need of reformation. The next few years will provide the opportunity for a complete transformation of not only consciousness, but also political, educational and monetary change. Perhaps this is what the Maya envisioned?

They say that those who don’t learn from history are doomed to repeat it. What have we learned and how can we make things better? I provide some answers in the Transitioning Into 5D Earth article, but in the meanwhile, please be prepared to take that step backwards by having plenty of fresh water and enough food to last 2-3 months. This, by no means, is fear mongering as change is needed in order to move forward.

Transformation always follows these alignments so there is a light at the end of the tunnel, and that light is YOU!
