Hard News:

R: Susanna Martinez. Gov of New Mexico, doing her best to get rid of Occupy group in Santa Fe who are working on registering voters.

Camp Loveway: Teran talking about fear: false evidence appearing real:

talked of drowning at 6 years of age in Lake Michigan and being brought back to life

Sananda told him to get back in his body - he had a mission to do!

Dec 3rd, 2012: pyramids of Giza line up with the stars in the Belt of Orion - what will happen?

R is being told, in spite of the intense, horrendous stories, that we choose to focus on love.

- Teran learned how to swim later in life, and then how to scuba dive so not afraid of the water any more - we are all being asked to jump off the cliff with the little white dog
- R did the same thing with Ranna Mu: keep looking at the back of my head; keep looking, keep looking - it is a quantum leap of faith and this is being asked of us now.
- This is about going beyond fear and navigating in the higher frequencies what Cheryl said is needed 24/7
- Teran: there has been an intensity among the llamas in Tibet: there is an increase in the electro magnetic pulse; has to do with reaching the zero point of 13 htz - so palpable across the universe, coming from Mother's yanni
 - On Dec 3rd with Orian belt lines up with the pyramids - maybe the zenon gas will be released from the tops of the pyramids - next step is tag, we are it!
- 7 billion of us are calling for peace; 1% are calling for austerity and war - Greece is now officially bankrupt! RT is one of the only stations that is on the front lines with this kind of news!
 - Russia: the cathedral has filed another complaint against the Pussy .. group in Russia
 - what is happening: the religion of the future is about us - when we get it that we are co-creator gods, then things will really happen.
 - We need to focus on the mighty I AM frequency that Cheryl brought in
- Neil Armstrong left the planet last night at 82; think he was taken out because going to talk about Ets
- We have a whistleblower: will we let Bradley Manning continue to sit in jail for telling the truth?
 - Where is the justice for the war crimes of 9/11 and the 75,000+ who died?
- Teran talked about Don Juan, John Perkins, David Icke, Prince Harry - everything is coming up to be healed, the most intense of times, the most wonderful of times to be here
 - we walk the walk-less path and jump off the cliff, knowing we will fly

T: Brevic - Norway - declared sane; apologizes for **not** killing more than 77 young people!

R: the MK Ultra program that separates the minds and hearts of children

Caller: Missed some of answer yesterday - please highlight cease and desist order; who is Neil Keenan?

T: Neil Keenan filed \$135 trillion against the banksters; he was appointed by a man from the Philippines who has gold certificates, special maps & special objects reflecting our galactic history

[like the telesonium plates that Merk & Lady of the Sun planted for us to find when Lemuria was going down]

- The message of Prem Rawat was the same: peace is necessary, like water or breathing; it is not about money; it is about our goal being to live what we were created to live for - as we plant the seeds of selfless service for the future
- the "cease and desist" order is part of this: the dark ones have run out of time and money: 99% of the euros that have been used in the bail outs, etc, are fake!

- Neil K pulled his original \$135 T lawsuit about 2 months ago, and wrote into the next one all the stuff in the treasure trove that was found: the maps, the blueprints for building star ships; how to use star gates to get to other parts of the universe;
 - Prem Rawat said no one sent us an e-mail from space - yet in 1975, Commander Brillion on Prime Time, BBC tv in London said that we would be stopped if we played with nuclear weapons.
 - So there **WAS** a warning from our galactic neighbours.
- All the things NK has uncovered means he had to re-write the lawsuit
- **R talked to Heidi** about this on Friday, Aug 24th : Neil Keenan re-filed the lawsuit on Friday, for 1000s of trillions of dollars including all the stuff that has been found that can be used against the cabal.
- The week before, via ICC and ICJ, Neil Keenan put out a full "cease and desist" order to all banks across the planet to "cease and desist" all illegal activities in the banking industry
 - [if you haven't put your money in a credit union or a small bank, keep only the bare minimum in the bank and keep rest at home. If the banks don't behave, they will be cut off.]
- They [banksters, cabal] are toast - there is no army on the planet which can stop what is going on - this is about peace, not war - the banksters have usurped the role of government on the planet.
 - St. G gave the banks / bankers of the day the formula; they abused their privilege and instructions from St. Germain to use the interest to benefit the people; now the people get it all.
- we are watching the minions try to usurp the seat of power right now!
- we the people must move the people: **ignorance is NOT bliss; despair is not an option**
- **Ed Schultz show:** Larry of Larry, Curly and Mo was on with Mike P who took the place of Ed Schultz:
 - L, C & Mo were below the White House when Bush Sr, Rice, Cheney ordered the FEC to stand down and set in motion the hologram which made all at Ground Zero look up and see the hologram planes; at the same time, there were all white, windowless missile carriers which blew the hole in the towers before the plane went in; also, at the same time, the airlines scheduled to be flying in the zone were landing in various locations in Canada.
 - Maher Arar, a Canadian originally from Syria, when flying to the mid-east, was intercepted at Kennedy airport and flown to Syria, where Al Assad put him a block below the surface in a cubicle for 10 months with a single ray of light and tortured him. Why? He had special equipment which could film from underground and had taken footage of the planes entering Canada at the same time the planes were supposed to have gone through the buildings - ie, he was a witness to the fact of lying.
- Triggers: cease and desist; thousands upon thousands of dollars of law suits, including the stellar maps, blueprints for building craft, other galactic things
- When? Right now, there is a quarantine order on our planet but we have reached critical mass, and things will be happening even more rapidly - ships de-cloaking all over the planet
 - maybe by 2020, we will be trading with the people of Pluto - who knows?
- Millions of people will be lifted out of the planetary field to different planets to evolve at the level they are at; they won't remember things or people that they won't have in their lives; they will have those they are familiar with & life will continue.
- Those of us who are left will find that things are sped up even faster!
 - GMO stuff has really mutated our DNA: now 1 in every 88 babies born with autism
 - the GM cotton was created to be resistant to the boll weevil: as we wear non-organic cotton, the pesticide in the cotton goes through the skin of the mother into the womb
 - This kind of hard ball was started in 1996; Idaho was the experiment, starting in 1945: potatoes,

corn, soy, even swiss chard!

- This is an anti-science, started to mutate our genes and control us better, and reduce the population to 2% - this program is CANCELLED!
- **IMPORTANT:** eat organic, cut out red meat - the animals want us to quit eating them!
 - By 2020, all the animals, the plants, the stone people, our finny friends will ascend as we will :
 - they did not come here for us to eat them & cows will be lifted from the planet
 - **ALL THIS INFORMATION IS IN THIS DOCUMENT!!!!**
- The documents Neil K knows about were only discovered about 4 months ago! Lots of info there!!!!

Caller: does the cease and desist order call for home foreclosures to stop?

T: yes - because they used major fraud to create home foreclosures by robo signing, predatory mortgages - all illegal!

Caller: credit cards; high interest?

T: yes!

Caller: Is Neil K part of NESARA? Yes!

R: Iran - the people are building star ships & this has to do with the coming of the Mahdi

- The fake story / cover story is about oil; we never needed to have oil
- if we go to Baghdad and stand by one of the ancient ziggurats, we have a direct connect to the centre of the MWG - the militaries of the planet know this, and they want to play with this ancient game of challenging the galactics, but Ashtar and Sananda have it in the bag
- **Greece:** Julian Assange standing in the window of the Ecuadorian embassy; Bradley Manning - these are all main cotter pins - any one of them can be the thing that sets things off

Audio: Greek Minister - Greece is bankrupt, game over.

- Patrick Young from an investment house; the tape was made about 2 weeks ago

T: whole story is that deal was made with G20 & Hank Paulsen made deals and they all pocketed lots of fake money; this is all pushing Merkel & she will have to go before LM Nada & tell the whole story.

- Things are finally moving!
- Teran called it "speed dialing on steroids"!
- Max Keiser's image of the cow on the milking machine, with the milking machine being attached to the udder also being in the cow's mouth.

Colorado PBS-TV Leads the Way – Airs AE911Truth’s 9/11 Explosive Evidence – Experts Speak Out Watch Live 8/18 Saturday at 7pm

Dear 9/11 truth supporters,

We hope you will watch this rare Public Television programming and, call in to let CPT-12 know that you appreciate it with your pledge. [This will be streamed worldwide](#), so please forward this email far and wide! We are most fortunate that our plucky, independent TV station in Denver – financed mostly by individuals, not corporations – decided to break the silence about 9/11, this most taboo of subjects.

We hope you will choose to become informed on this critical issue, which continues to be the engine that wreaks havoc on our fellow human beings around the world.

We will not be silent. Let this be the motto of us all for the benefit of humanity and our world.

Thank You!
Fran Shure – for the Colorado 9/11 Visibility team

Colorado Public TV to Air ESO Documentary!

When: Saturday, August 18, 2012, 7:00pm (MDT), with encore airings on Channel 12.1.

Live Streaming and Details: Of special interest, [CPT12](#) will be streaming this important event over the internet through Sunday, September 2, 2012 at: www.cpt12.org/911ExplosiveEvidence. Details of encore airings and public comments can be found at this link.

9/11: Explosive Evidence – Experts Speak Out: This new documentary by Architects & Engineers for 9/11 Truth features dozens of credentialed experts in architecture, engineering, and other related fields who argue that the World Trade Center (WTC) Twin Towers and WTC Building 7 were not brought down on September 11, 2001, by the office fires ignited by the jetliner impacts, but rather by explosive controlled demolition. The 43 architects, engineers, physicists, chemists, and others interviewed in the film represent more than 14,000 concerned citizens and over 1,700 architects and engineers from around the world who have signed a petition demanding a new, independent investigation. The film details scientific, forensic evidence that the group claims was omitted or misrepresented by the official reports. Official reports blame the unprecedented destruction of all three modern skyscrapers on fires and on the removal of insulation by the jetliner impacts. No jetliner crashed into WTC 7.

The documentary presents interviews with several psychologists who share their ideas about why the evidence discussed by the technical experts in the film has been difficult for many to face, and how to make approaching others with this controversial issue easier. Family members of 9/11 victims speak to the viewers explaining why they are still not happy with the answers they’ve been given by our government. They ask that we join them in looking at what these experts have to say.

Appearing live in the CPT12 studios: San Francisco Bay Area architect Richard Gage, AIA, the founder of Architects & Engineers for 9/11 Truth, will join Shari Bernson and Tom Colbert in the CPT12 studios for questions. Gage has recently completed a national tour with this new film. Frances Shure, MA, LPC, one of the psychology professionals in the documentary, will also be an in-studio guest.

History: Due to visionary Development Director Shari Bernson’s leadership, CPT12 is the first US broadcaster and PBS station to air content addressing alternative theories and suppressed news about the events of 9/11. Their US premiere broadcast of *9/11: Press for Truth* in June 2009 was a successful fundraiser but not without controversy. The station received many viewer responses, pro and con, nationally and internationally. Bernson welcomes the debate, noting that “CPT12 has always supported airing alternative voices that have received censorship in the mainstream media.”

Over the succeeding years, CPT12 aired the documentaries *9/11: Blueprint for Truth*, *America: Freedom to Fascism*, *Loose Change 9/11: An American Coup* and *The World According to Monsanto*, which were similarly successful in generating pledges and public commentary.

Mission: Colorado Public Television is committed to presenting alternative perspectives and to examining information and issues not addressed elsewhere in the mainstream media:

"September looks like the beginning of the end of stalemate, indecision and partisan standoffs. People will see more clearly than before the wisdom or the error of their ways. The consequences of preferences, words and deeds will become readily apparent and help many make important choices. Personal alliances as well as large-scale political and economic alliances will shift accordingly. Although it probably won't end the hard-edged partisan politics itself.

A more polished, written version of this analysis will be available on my blog on or about the 1st of September. <http://carlboudreau.blogspot.com/> "

Caller: explain North Node, South Node changes happening at the end of the month, & Venus & Leo in 12th house

Ri: the NN is getting ready to slip into Scorpio, as it goes counter clockwise to the motion of planets
Significance: we are into a new semester, the one of Scorpio. We are always going forward and

- the NN is our destiny; the NN today relates to our group destiny - as we go into Scorpio, we will get another download of transformation. Scorpio is in Capricorn, and they are happy together.
- The South Node is the past, our history; NN is future

Caller: What is meaning of Taurus in NN? And the fortune thing?

Ri: The south node is energy and old material being cleared;

- we use SN to do rituals, yogas, cleaning things: get rid of stuff we have not used for 6 months - feelings, thoughts through meditations, exercises, etc
- the SN was in Gemini - we are now discarding main stream media, as we recognize that they are agents of others whose name we do not know - they are losing their influence due to creation of internet which allows greater growth of individual consciousness
- the NN leads us into Scorpionic Taurus - we have got to recycle everything if we want to move into a different civilization

Caller: doesn't Taurus represent throat chakra, a different form of communication?

Ri: yes, has to do with power of the word [Gemini in Taurus]

Caller: Venus and 12th Leo - what Carl mentioned

Ri: Venus in Cancer now, moving into Leo in next 2 weeks; when Venus goes into Leo, the sun is related to gold which is related to Leo which is related to both crown chakra and heart chakra. If those 2 parts of our system get lit up, they will get lit up in a different way than the way they have ever been before! This is spiritual time.

T: It is also harvest time at the end of September, both physically and spiritually.

Carl was talking about having to make a choice, one way or the other.

She comments on the fact of the documentary on 9/11: we no longer have to hold on to that information, it is now OUT THERE!!!!

• What is the meaning of the square: making sure

Ri: squares and oppositions force movement; they challenge you to change.

- Oppositions are easier in that all you do is become your opponent, and then you discover you are all one and then you can find the middle path.
- Squares force a choice: go left or go right; or go up or go down; or in a different direction from the one you are following

T: does it not also mean you cannot be in denial? You have to face what is going on?

Ri: In Sept, the German Parliament has to decide what do to about its neighbours.

T: Finland might leave first; which would help Germany not look like so-and-sos!

2012, Aug 23 2012 and the Pyramids at Giza...

By [kiroro](#) | Published [Jumat, 10 Februari 2012](#)

by Charles Marcello

I happen to be one of those people who believes nothing is going to happen in 2012. However, in order to prove that to myself, I have been studying this issue for about four years now. While studying ancient cultures I noticed that each of them had a fascination with the planets. The stars are mentioned of course, but not nearly as much as the planets. So when I saw a video a few years ago talking about Orion's Belt being the reason why the Pyramids were built, or at least the Pyramids were built to honor Orion's Belt... to say I did not believe that was true would be an understatement.

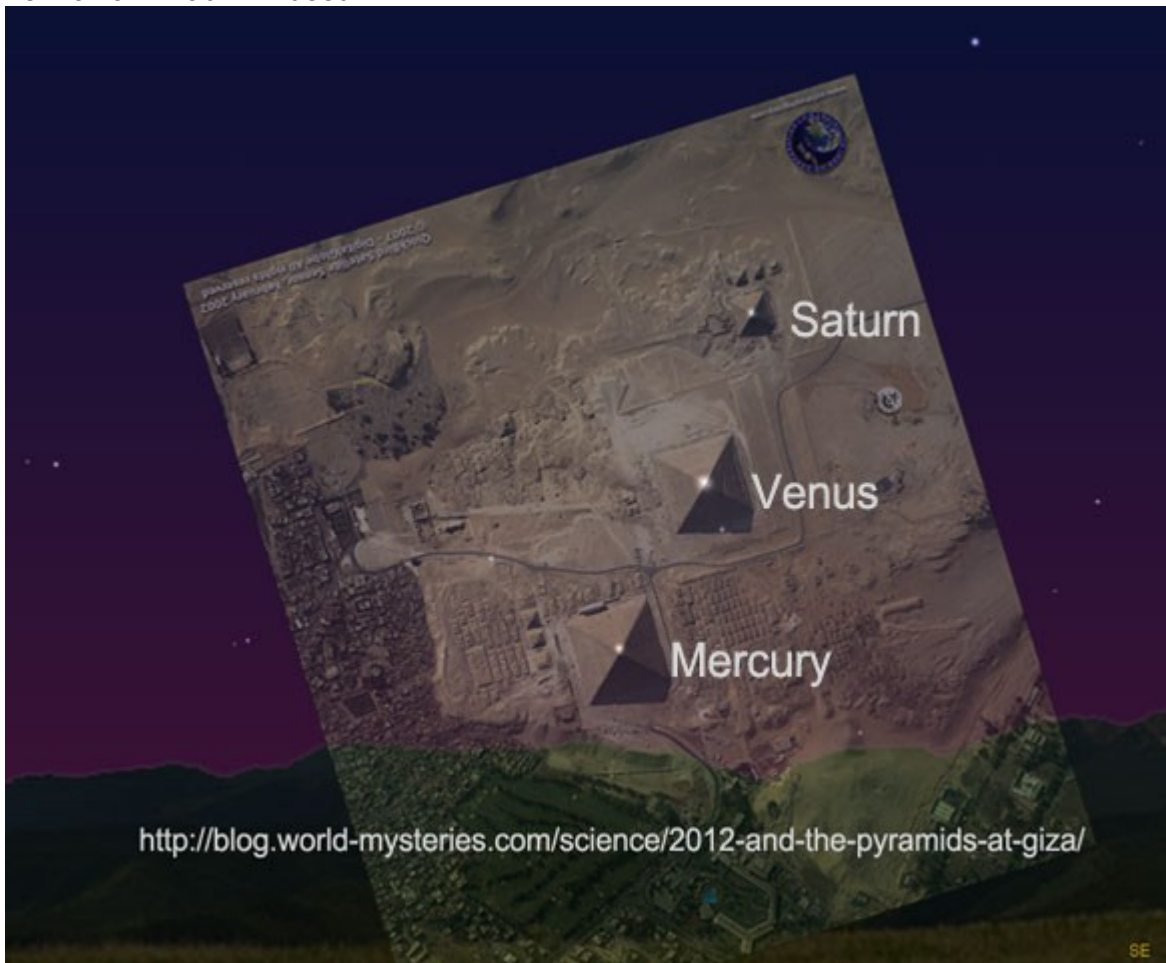

Add caption

I felt if the Pyramids at Giza were built to honor anything it would be a planet convergence of some kind. So when I started looking at the night sky while using the FREE online program... [Stellarium](#)... my mind was already searching for clues. I wanted to see if there was anything worth mentioning regarding planet alignments in 2012. What lead me too... or what helped me find... the picture below... I was completely taken aback by what I found. To be completely honest I never in a millions years would have thought I would actually be able to prove my theory was in fact correct. But I cannot deny, and I don't think any honest person can deny...

What will happen in the night sky over Giza and how it seems to mimic the lay out of the Pyramids at Giza, is very interesting indeed... Especially since everyone already knows the Mayan's attached great importance to the year 2012... now that makes this discovery even more interesting and plausible... especially since... the ending and restarting of the Progression of the Equinox... (The natural wobble of the Earth that finishes a full cycle only once every 26,000 years or so...)

Whether you believe something will happen in 2012 or not, is not important... The fact is that the planetary alignment matches layout of Pyramids at Giza on 12.3.12 and this will happen just 18 days before 12.21.12. ... 6 plus 6 plus 6 = 18... Even the most ardent skeptics have to admit, that is one hell'va kawinkadink indeed!!!

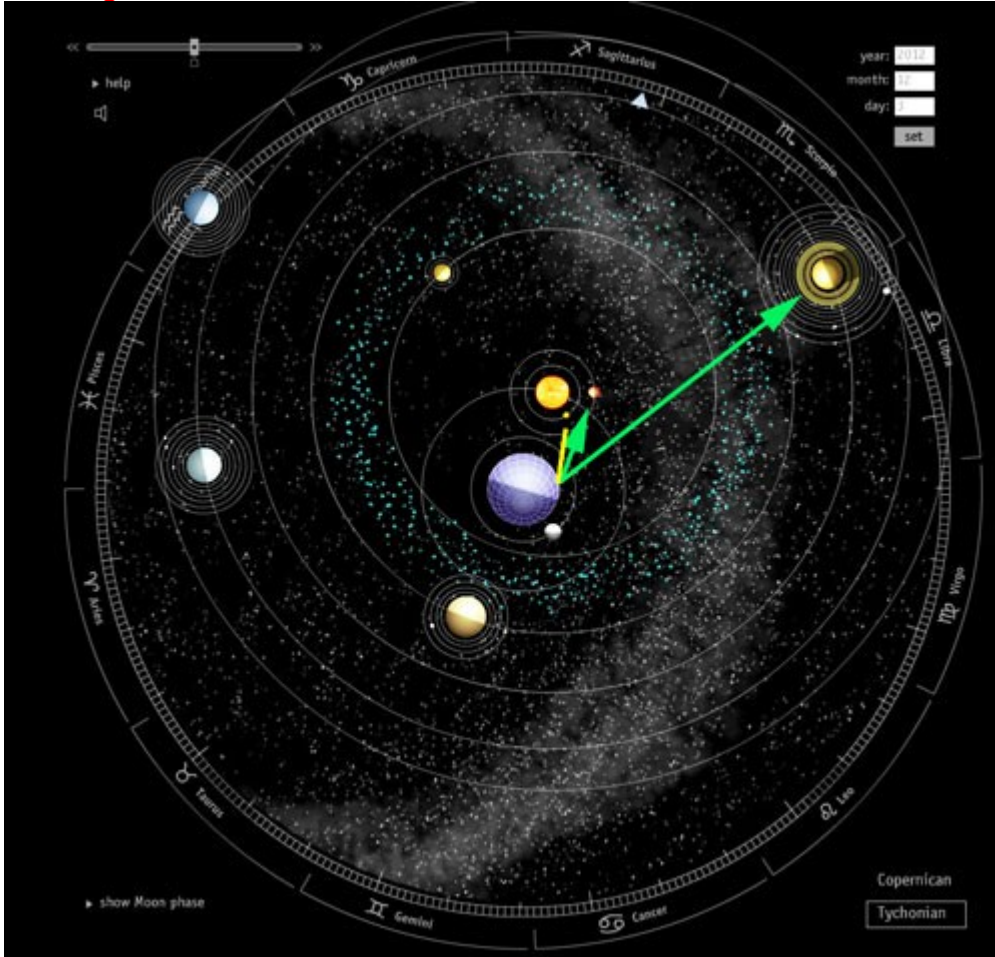

Planetary alignment that will take place Dec 3, 2012 is dead-on alignment with the Pyramids at Giza. Night Sky in Giza, Egypt on December 3, 2012, local time ... one hour before sunrise compared with the Pyramids at Giza. Image generated by Starry Night Pro (the same view of the planets can be obtained using any other astronomy program, e.g. Stellarium).

If you go to this link you will read about this discovery of mine.
<http://www.abovetopsecret.com/forum/thread519207/pg2#pid7564861> ... You will also notice that picture of Giza was posted by another member of that site... I posted his picture and Dec 3 2012 together... to allow you to decide for yourself. Please take a look at that picture, or if you want to do a more in-depth analysis (please download [Stellarium](#) or use any other similar software, e.g Starry Night).

Also, it should be noted, that planetary convergence only happens every 2,737 years, and its

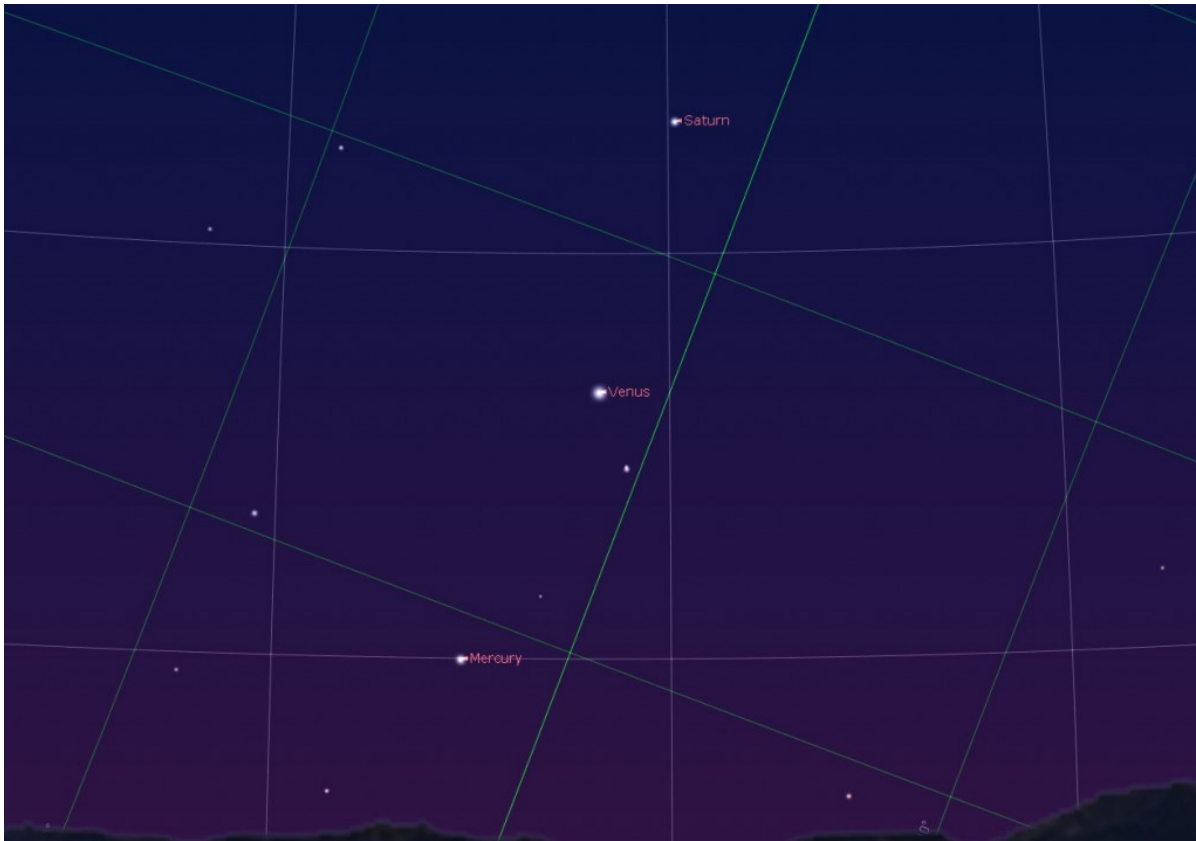

different for at least 2 more cycles running the program forward... and doesn't happen again for over 28,000 YEARS if you run that program backwards in time...

After watching a video on the net regarding the inner chambers of the great pyramid and how they seem to point to other stars in the night sky... I decided to see what else the night sky holds/will look like on Dec 3, 2012... I believe **the evidence absolutely proves that what I discovered explains that the pyramids were built to honor (or warn about) specific time marked by the planetary convergence...**

Positions of planets can be used as a perfect clock. Such a clock can mark date in time (in the past and/or in the future) and can be read by intelligent beings regardless of their language and calendar they use...

The following 3 images are presented here to confirm the “match” of the planets and the pyramids using a precise triangulation survey instead of a satellite photo (click on each image to enlarge):

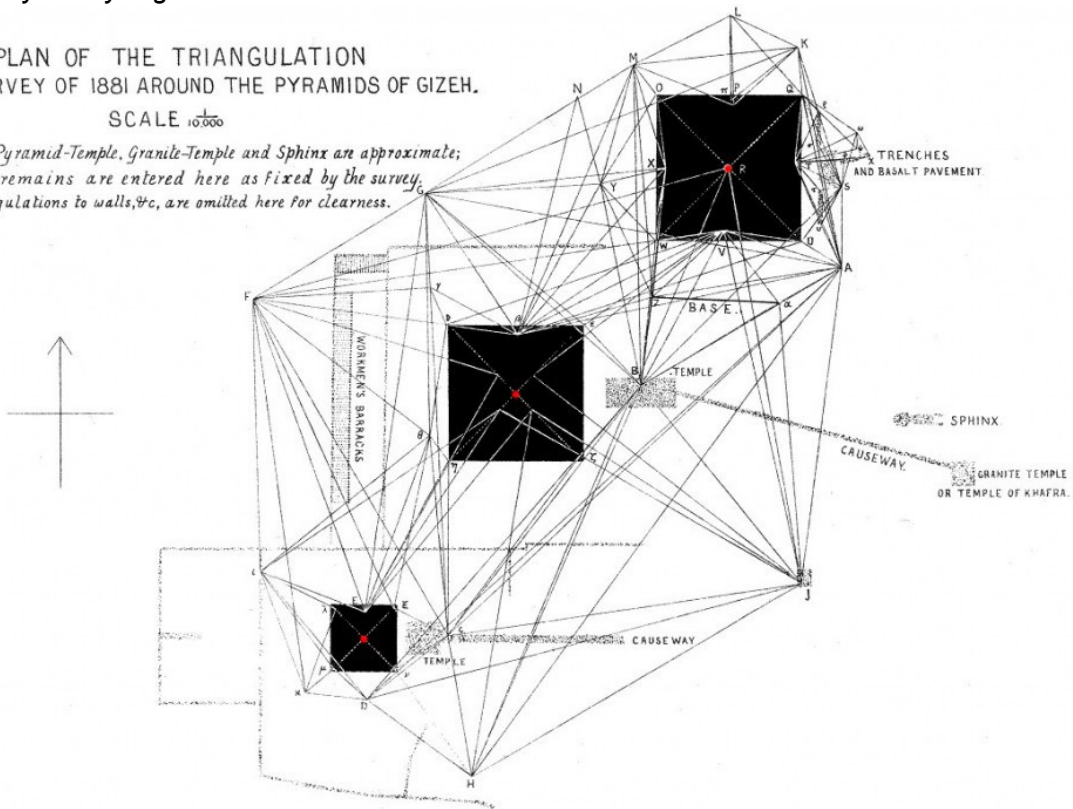

Night Sky in Giza, Egypt on December 3, 2012, local time ... one hour before sunrise. Image generated by Starry Night Pro.

Image of the Night Sky in Giza, Egypt on December 3, 2012, local time ... one hour before sunrise compared with the 1881 survey drawing of the Pyramids at Giza. The result is perfect match...

If the pyramids were built to honor Orion's belt, instead of **matching a planetary convergence seen only once every 2737 years, and only matching the Giza layout every fifth cycle...** then why are there no other massive monolithic structures honoring other, more pronounced, constellations throughout Egypt, or the world for that matter... **Every ancient culture seems to be honoring the Planets, with just passing homage to constellations...** Why would the pyramids be different? The answer, they wouldn't be... and what's even stranger still... If you take the three sets of three pyramid groups at Giza, and add all of the three's by two together... meaning, group 1, group 2, group 3.... add g1 to g2, g2 to g3, and g3 to g1, you get 6 plus 6 plus 6... 18... 18 plus Dec 3, equals Dec 21, 2012...

I have no doubt the Pyramids of Giza were built to honor an extremely rare planetary convergence. The creation story in the bible was created to tell that tale, and that, in part, is exactly what the Masons are celebrating. (Though the Pyramids are a lot older than the books of the bible.) The bad news for the Masons is, the stories they use to enhance the knowledge within each of its Masonic levels, has nothing to do with god or God, rather, **it has everything to do with the science of our solar system, and planetary interactions... or more correctly, the Sun, Moon and Earth,** the Hiram Key be damned. **The stories in the bible, the first five books, has very little to do with God, more so then they have almost everything to do with extremely advanced ancient knowledge... that we can only recently understand and prove, that was in fact passed forward for the benefit of all mankind.**

The story of Moses and who he was gives great clues on how to re-read the first five books of the bible. The stories within the Mayan/Aztec cultures gives even more clues on how to understand the stories within the bible. There is still a lot more information that I firmly believe we will be able to discover throughout the world, and within other religious texts... that will either, support what I'm about to share with you, or perhaps... give more extremely ancient knowledge that the survivors (pay attention to that word) desperately felt they needed to pass forward. I could spend an incredible amount of time walking you through each level of this discovery. Yet I don't want to ruin the journey for others. The picture proving the Pyramids at Giza do in fact match the planetary convergence that will take place one hour before sunrise on Dec 3, 2012 is presented here in order to get your attention.

I'm going to allow you, YES YOU, the opportunity to learn these truths on your own. Learn what the Sphinx will be looking at on that day and until Dec 21, 2012. Learn which two planets will be dancing in the Western Sky just before sunrise in 2012... I will hint you towards the month of August. Learn which chambers some believe align to what stars/constellations from the Great Pyramid, and then discover where they will be on Dec 3, 2012 and then on Dec 21, 2012. Some of you will already know the answers, and you're welcome. For those of you who don't... get up off your ass and find out. For those of you who claim nothing is going to happen in 2012, you may in fact be right. The good news is, you have nothing to fear from simple people freaking out because of all the hype of 2012. The

bad news is... Extremely powerful people believe in the ignorant stories passed forward by our not so distant ancestors... They deeply believe in the numbers. They deeply believe in the ancient sacrifices. They deeply believe they are in fact doing g/God's(s) work.

- **Count 144,000 days after Sept 11, 2001. You now know the amount of time we have left before they believe they must finish their work.**
- **Count 666 days before Dec 3, 2012 and then find out where your leaders were.**
- **Count June 10, 2011 to Dec 3, 2012. Count June 10 2011 to Feb 4th 2012, compare those numbers to Dec 3, 2012.**
- **Count how many days separate Feb 4th 2012 from June 10, 2012. Then start running the numbers and compare them to numerology, Paganist lore, and the Bible. (Notice that is the first time I've capitalized the world bible.)**

I have in fact solved the Pyramid Mystery. It cannot be denied any longer... However, I've also discovered why these Paganists must stop. Your mythology is wrong. I truly wish it wasn't but it is. If what I've discovered is true, you are going to suffer in ways you cannot even imagine... You will not be loved for what you are planning, you will be despised and hated by the gods...

- **Compare our planet's daily numbers to the distance of our Sun.**
- **Compare those numbers to ancient mythology.**
- **Compare the mathematical numbers to the days of the year you honor against those numbers and our solar system.**
- **Compare 3, 7, 21, 42, 72, 111, etc... against our planetary daily numbers and the mathematical numbers we know are true regarding our solar system. Compare them god damnit and open your eyes.**

$3^3 = 9 \times 3 = 27$, not to mention $216 = 6 \times 6 \times 6$... which just happens to equal how many Sun's you need to line up side by side to reach the Earth from the Sun. Who ever built those pyramids flew in space, period!!! *[Editor's Note/Correction: On September 18-19 the distance of the Sun from Earth is approximately 150.336 million km, about 108 times that of the Sun's diameter (or 216 times of the Sun's Radius)]*

Dec 3 is exactly 18 days before Dec 21. $18\text{days} \times 24\text{hrs} \times 60\text{min} = 25,920$. The Progression of the Equinox takes exactly 25,920 years.

Now learn the cycle of Dec 3, 2012. It only happens once every 2737 years... but only matches the Pyramids of Giza every 5th cycle. Yet... how many cycle does it take for that convergence to match not only the Pyramids of Giza, and then compare that to the creation story in the bible and Mason mythology. You now know why there are 33 levels... however you also learn there must be a 34th... it's the only way they could possibly obtain balance in their order... just like you will learn the advanced mathematical, solaristic, and scientific understanding our truly ancient ancestors had to known of in order to build the pyramids the way they did, place them the way they did, and then hide all the information the way they did.

The story of Moses becomes even more incredible once you sit down and understand. All you need is your bible and the information I've mentioned above and you will learn so much. I could spend all day explaining this to you, destroying any chance you have of discovering all of these truths on your own. And I absolutely refuse to do so. Yet I know I cannot allow this information to go unknown for to much longer. It must be known before the end of this year, for so many reasons, if you study, you will understand completely. Read Captain Morgan's Book. Read Your Bible. Read Maurice Cotterell's book or watch his video's on youtube. Watch or read Graham Hancock's books or watch his youtube

videos to understand the knowledge he and his co-authors have discovered. **Then do the math I've mentioned above.** Then research the Dec 3, 2012 and how long its been since this the last time this happened exactly 18 days before the progression of the Equinox. (if the progression of the equinox happens every 25,920 years, and that planetary convergence matches the pyramids every fifth cycle or 13,685... But can only be seen on earth every second cycle how many cycle does it take...) then Re-read the creation story. Compare the math... (1 day equals 24, 2 days equals 24 times 24, 3 days equals 24 times 24 times 24, etc etc... and then compare the stories you are told to believe regarding our earth, by both science and religions.) **Compare the math... compare the stories. Compare the science... This is undeniable. UNDENIABLE!!!** Later this year I'll give you much more... Or for those who are extremely lazy... read my posts... the answers from beginning to end are there if you are smart enough to see them... Yet For now, I pass the rest of this journey onto you.

I do this to make sure the truth cannot die with me. I do this so as not to ruin or create bias as to how you, YOU, rediscover these truths on your own. **The math is completely undeniable... The truth is so much more fantastic then you can imagine.** And in time all the lies will be exposed and the true solutions will finally save ourselves from ourselves. The choice is yours... If you decide to begin this journey... All I will say is...
