Guest: Annie Rose

- everyone will want to be outside; in most areas will be pleasant - sees shopping picking up - for Xmas!
- home will be emphasized, including what to do with budgets for whole weekend
- MR will be busy and everyone else too - more business and social contact - will be hearing from those we have not heard from for a long time ; on late Monday night, sun passes into Scorpio which increases intensity in many ways: people getting to the bottom of things, mysteries clearing up
- Intuition will grow during the week, starting on Tuesday "How did I ever think of that?"
 - Tuesday also begins a harmonious period of time - Tues & Wed
 - Will have a tendency to think more with heart - we often put others' needs before our own and we need to watch that
 - We will want to be alone a little bit and seek out our own needs: meditating, sitting in silence, thinking when we go to bed - we'll get our answers as we analyze
- Talking about Oct 26th, 27, 28 when the moon goes into Aries - we are more active, higher energies - be careful driving, etc
- This coming weekend, moon joins Pluto - need to keep your nose to grindstone: be factual, no guessing; all black and white, no grey - what comes up, comes out!
 - The news programs are exploding with information - will be wild!
- Get the paper work done - though you won't be able to hibernate; no time alone on Sunday, Mon, Tues - will be all about people!

MR: Why is this?

AR: it's the Capricorn moon joining Pluto, the underground part of us - the moon sheds light on the things under the surface, underlying causes - then lots will be discovered - news media,

- There is such a need to be prayerful for peace IN THE WORLD; there is a cauldron of bubbling problems in the world, they will be seen & exposed - in your own words, ask for peace in the world.
- when she asks people "Have you ever seen a thought?", they say no. So she asks them to look around the room and see something - it was a thought before it was a pencil, a pen and so on.
 - We need enough people concentrated on the one thought: peace! One of the greatest blessings for all of us

AR: we also need wealth - can also be brought forward by thought and prayer

MR: Annie Rose does readings

AR: Phone number: 219 - 980 - 0010 - NW Indiana

Cathy: meaning of moon in Capricorn?

AR: these ones usually have straight, well-proportioned teeth

- Watch your knees - might be the weak joint of the body
- Mentally, educationally - understand math; however, they are black and white people
Very distinct in what they say, act - not grey - always know where you stand with them

Hard News:

R: exciting times, and we are showing up

- Keeps thinking on the story of **The Fourth Turning**: the Heroes and the Prophets show up and turn the story around: the Sirian Commander is doing this with ease and grace!

 - Annie, Richard, Cynthia and all the rest are talking of the lining up of the energies to Dec 21/12

 - These things have to do with the transformation inside of us
 - There are more and more stories breaking and truth coming out about BM Mittens & minions; lots of questions being asked: is it patriotic to have a Swiss bank a/c & off shore accounts?
 - St Germain is showing us what to do with our blessings when we receive them - he is giving us the tools to change the story as we witness the most heinous of crimes and who is running for Pres
 - The vote is sacred and they are trying to steal it - right now!
 - We are in critical moment of the timelines that have already changed from war to peace from war; they are shit out of luck, will have to face Mother, the planet Nibiru - it's a big deal because of the stories going on about Armageddon and we can mitigate all this too
 - Everyone R runs into and talks to asks him will there be an election - he does not know; he voted early
 - T:** there will be one, but if there is a missing piece, Obama will get it by default
 - Greece: everything closed down, all on strike except for emergency rooms
 - R:** Merkel trying to shore things out, yet as Max Keiser says, the criminals need to be arrested
 - Merkel is saying the NECU : more joint market policy; more joint fiscal policy - more austerity - in Spain, it's \$450 just for books alone!; More joint economic policy; more democratic processes
 - Just clamping down - want to give stronger powers to Brussels
 - These are Nazis there: this puts her on a collision course with France
 - Lots of talk about having democracy but it's about austerity

- R:** the FARC group met in Norway today with another group to talk about peace!
- Bruce Springsteen and Bill Clinton were in Parma, OH
- T:** Romney is head of the drug cartel for Romney, Cheney, Bush Sr

T: King told them 2 weeks ago they would try to crash the market and blame it on Iran and Obama

- Monday's debate is on Foreign Policy

MR: once we have an opportunity to have some, we will find out how to spend it

- issues: drug trafficking, political integration, rights of victims, land ownership and ??

T: a peace envoy warning of crisis in Middle East - between Lebanon and Syria

just stop the flow of the controllers and their money and that puts paid to a lot of things

R: Refers to the Wingmaker angel in the corona of the sun

T: someone send another angel today - please invoke all the angels to help us

Caller: reminds people that the main key to getting to the other side is respect for the sacred feminine

- We all have that - and the dark have made it their agenda to separate us from ourselves and from god
- One of the mantras and what we are doing for the entire cosmos is sacred heart consciousness
- when we connect with nature, we are connected to the sacredness both within and without and so we respect all and respect live.
- How do you go from "do as I say or I'll kill you" to encouraging each other with love - expressing unity consciousness

Mother Sekhmet

In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

Greetings, Children of Ra

- In these moments before you, it is with the greatest of grace and gratitude - we are grateful for your

lives and what you have done to bring this into manifestation, this divine discussion of what is happening on this planet.

- How best do we surf these waves - with the greatest respect for the Feminine in these times?
Now is the time of the Great Mother goddess; we return with Nibiru and all of the people; it is the time we come together with all of the inhabitants of many worlds, many systems, not just this one.
 - The focus is on the blue green ball of water, most unique in the solar system, and the issues at hand are the greatest in the moment - the story, the basic divine rights of being are being challenged - do you eat? Do you die? There is no death, yet in the moment how do we bring the story of the moment into focus - things are changing in the hearts of all; has to do with the feminine
 - She also refers to **The Fourth Turning** when the heroes and the prophets show up. It is in our best interest for us to move with the energies of the moment; the clarion call is nigh - AA Gabriel is here, talking of resurrection & judgement day!
 - The story of Nibiru, Planet X, has all to do with this particular moment, this year, 2012.
 - It is about how we do this together - first and foremost, we are given a chance to change our destinies in this moment.
 - The biggest story is the least among us which has the biggest impact - it has to do with how we care for each other, with the heart, and how we open to the energies of the moment.
 - The man and his beloved who sit in the Oval Office - we are being asked to love ourselves and be in Serendipity and magic
 - this is about all nations, not just the Aryan nations, but all nations
 - The most basic of stories: way further back than 6,000 years ago! Not the divine design as per the teabaggers: this magical moment is about us, and the magnifying glass is on us:
 - how we do this with respect for each other? She comments on the blatant disrespect for the man in the highest office in the land - and the discussion around it has reached a new low!
 - The missing slice of North Amexum, South Amexum - how this story fits in with us: about being black.
 - This is quite an issue at the moment - how do we end this story if we have no respect for the man in the greatest seat in the land? If we have this respect, then we can move forward.
 - We are travellers in time and we come from your future which is our past and it is completed: we are watching you play out the drama; we have taken it to the levels we see on the big screen!
 - Every molecule, every particle is a universe unto itself and interacts with all the other universes.
 - When any one of these goes awry, shock waves move through who and what we are.
 - The shock wave is the respect for the feminine which is occurring - and the goddess has said now is the time for the dignity to come through. We are all equal in all of this - how can we do this if we are not equal?
- T:** the question on equal pay made Mitt R mad!
- What Fox News did was trash the question and the woman who asked it.
- MO:** if you don't respect the feminine, the jaguar woman will get you - she gives life, she takes it - the equality balances out
- The story involves Mother, Nibiru,

- the question of respect for others is the biggest piece - and the lack of respect for the man in the Oval Office who is guiding the activities
- As we come into this manifesting place, we are perfection; we are equal; we are co-creator gods - how did we get into jealousy and so forth and forget that we were co-creator gods?
 - We are all equal here and we get to the central point with respect for each other and this man is showing us: here is the key to your ascension; as we learn this, we move forward

T: BO was on the Jon Stewart show for 20 minutes

- he was at the Al Smith dinner, sitting by the Archbishop - she sees the aura

Caller: What is Clinton about as he is sticking up for Obama? Looks like burning off negativity

Mo: it has come down to the final wire - it is the moment: it is not accident he is hanging out with The Boss - the story is we take care of our own. He is asking in his own way: Mother, we want to make it and I don't want to leave.

T: there were 21 clones; he was in a witness protection program all during this; his wife was given the power to join with Bush Sr in 1993, the clones were programmed for certain particular times; she had her lover Vince Foster killed; in 1994, Ok City bombing; '95 - Waco, TX & she sent in the Black Ops to do the killing of the 82 people; 2008 - Ashtar said that after she was ordered to be removed from planet by B O along with the 10,000 banksters that were taken to the Hague on Halloween in Oct 31, 2008; McCain stepped down at 11:11 - these ones are so precise

Mo: synchronicity - Bill Clinton has a sliver of AA Michael in this lifetime; he committed to the Light that this planet would make it even if he had to turn his back on the global elite

T: the civilization from the West being developed now: the rules from the past can change: what are we going to do? Will we execute everyone - will we let them go free and let the people decide? This a feeling he might just do some miracles here

Caller: the ascension is going on with whole universe, including the planets in our solar system

- the planets are already raised up; that energy from them is amped up
- she talks of astrology: Wall Street ruled by Taurus, the opposite of Scorpio and higher aspect of Scorpio is to transform things: Scorpio energy is here already and will do its job - no secrets will be hidden; Libra is divine justice - the energies are already here: things will be at the highest levels of each of these influences - the energies are here and are amped up, so no stone will be unturned - there will be more fireworks until all is back into unity consciousness -
- any comments about the other planets bringing all this to a head?

Mo: throughout the solar system, the galaxy, this universe of Nebadon - all is expanding, becoming awake, alive, alert; it is about the transfiguration as humanity on this planet changes

- As the planet becomes 33rd member of inter galactic federation of worlds, it changes, the scheme of things in this local sector of the Alpha quadrant
- as Earth begins her journey as Terra Nova - there is a transfiguration of everything: flora fauna; the mantle of peace is being laid on this planet - has to do with what humanity and the entire local cosmos has asked for
- we jumped into this story as co-creator gods and we loved that much the idea that we would take on the concept of how low could we go - 3D, 3D to forget our divinity and step into Hal Loka and behold it is transfiguring into heaven and everyone is feeling it
- the Aquarian age is before us - nothing about extinction level events or doom and gloom, yet that slice of it, that part of humanity of the black hat persuasion, is forcing us to look at our values and help

us achieve our ascension

- We have to say it is about LM Ma'at and the feather and the cosmic dance that is occurring right now in the cradle of civilization between the Tigris and the Euphrates and the stargates and how we do this with each other and with dignity and grace and love
- What you are feeling is the grand scheme which is hitting the fan and everyone feeling the uptick, the change in the very nature of the atmosphere of what you are breathing

Caller: as a light worker, feels responsible and feels it at a deep level

Mo: as we can help our brothers and sisters along the path who still believe Mitt R is the answer and wake them up to the notion of the worst idea - one could be lynched for speaking in this manner:

- this is the times we are in: we are commanding, demanding in the moment and command, demand respect for the goddess in your local circles - how we do this changes things

T: this Saturn in Scorpio stays with us; this will make the discipline work for the Phoenix to rise

Mo: the phoenix rising is the whole picture that is about to occur from the inside out: you have come from that which is the least likely to ascend to the most likely to ascend in the moment

T: the mercury retrograde will be pretty gnarly

Mo: This is about walking the razor's edge - even if the wire disappears, we keep walking! We can walk on air and we can walk on water in the same moment!

T: there are quite a few countries who have only fiat money

Cathy: talking of 19th being a critical day on the Stockmarket

Mo: things are ripe for a radical shift in terms of helping the least among us:

- the people of Greece and Spain are leaving their bodies in droves due to the austerity and the idea of cutting your way to prosperity? Not logical.

Mo: we are turning into butterflies - happening across the universe of Nebadon - earth is the center of it, and what we are doing with the grand experiment called Love in diversity

- The people on earth continue to hold themselves in the greatest respect and love.

Closing: Cathy

- we are one day closer with every passing day
- a poem called "one day closer"

2012, April 19 Robert Bork is the Only Reason You Need to Vote Against
Mitt Romney
By Malia Litman

<http://malialitman.wordpress.com/2012/04/19/robert-bork-is-the-only-reason-you-need-to-vote-against-mitt-romney/>

The President of the United States is obviously the single most powerful position in our American government. The most important power held by the President is the appointment of U.S. Supreme Court Justices. It is the United States Supreme Court that interprets the Constitution and thus defines the civil rights of American citizens. Because the appointments to the Supreme Court are “life-time” appointments, U.S. Presidents can affect the American way of life long after they no longer serve in office. Richard Nixon, who [resigned in 1974](#), instead of facing almost certain impeachment, had previously appointed **FOUR** U.S. Supreme Court Judges. Those Justices remained on the Court even after Nixon brought dishonor to the Oval Office, and resigned.

-
-

When John McCain nominated Sarah Palin for the position of Vice President, it was crystal clear that the pick was made for political purposes, and it was totally contrary to the best interest of the country.

http://www.youtube.com/watch?feature=player_embedded&v=C6urw_PWHYk

Not only were people petrified of the possibility of Sarah Palin serving as the President, but faith in John McCain was significantly diminished as his pick demonstrated that he was more committed to winning the election than to protecting our country.

Mitt Romney has made an equally egregious appointment. Robert Bork was appointed by Mitt Romney as the co-chair of his Justice Advisory Committee in an effort to demonstrate that he is conservative enough. Bork’s history of extremism is so apparent that his nomination to the Supreme Court was [rejected with bipartisan support](#) in the Senate in 1987. Bork has been a [vociferous opponent of feminism and reproductive rights](#).

Lawrence O’Donnell warns of the [threat of Robert Bork](#).

-

Robert Bork :

1. is opposed to Civil Rights.
2. has indicated that there is no right to contraception, even within the confines of marriage.
3. opposed to the recognition of the Right of Free Speech for anything except political philosophy, and has specifically opposed the notion that science is protected by the First Amendment.
4. supportive of laws that attempt to control the identity of people with whom anyone can have sex.
5. committed to the notion that the Constitution does NOT shield women from gender discrimination.

Four of the current Supreme Court Justices are over age 70. One of these justices is a cancer survivor. So whoever takes the oath of office in 2013 will likely have the opportunity to fill several of these seats. Now that Romney has selected Bork as one of his chief judicial advisers, all Americans should be focused on the fact that Robert Bork could determine the [identity of the next several](#) Supreme Court Justices.

The late Senator Ted Kennedy [declared on the Senate floor](#):

“Robert Bork’s America is a land in which women would be forced into back-alley abortions, blacks would sit at segregated lunch counters, rogue police could break down citizens’ doors in midnight raids, schoolchildren could not be taught about evolution, writers and artists could be censored at the whim of the Government, and the doors of the Federal courts would be shut on the fingers of millions of citizens for whom the judiciary is—and is often the only—protector of the individual rights that are the heart of our democracy ... President Reagan is still our president. But he should not be able to reach out from the muck of Irangate, reach into the muck of Watergate and impose his reactionary vision of the Constitution on the Supreme Court and the next generation of Americans. No justice would be better than this injustice.”

In March 2002, the Oxford English Dictionary added an entry for the verb “Bork” as U.S. political slang, with this definition:

“To defame or vilify (a person) systematically, esp. in the mass media, usually with the aim of preventing his or her appointment to public office; to obstruct or thwart (a person) in this way.”

Let us join together to [“Bork” Mitt Romney](#) in 2012.
