As a reminder: Tara & Rama are the official spokespeople for Faction 3  
We are grateful for what they do for us, and for everyone's financial support

**CallerJ: Will ask on her behalf: where is highest productive blessing is for rest of year?**

**Card of Purpose** - My reason for being here:

- now is a good time silently or aloud, to make your own declaration of what you have come here to do: with work matters or creative self: **Stairway in the sky: higher awareness or knowing**

**Purpose: I grow more aware in every moment**

- **something that may be unexpected: Card of spiritual knowledge** and the keys to open up doorways You'll be sharing your beliefs with others; will be making changes, fine-tuning your beliefs; others will want to know about it. Your part to play in this is to hold the energy of a lady of action; very dynamic; mentally and physically bright and vital  
You will be given extra energies that you can listen to other peoples' stories & opinions -  
Blessing to call in: Divine Justice - the scale in balance; it is also known as the card of Truth
- **Affirmation** "I live by the divine law, I live in balance & harmony"

**CallerP:** Sounds like MR and Penny have a good foundation of a relationship: it's really solid, and a grand thing we have connected again this lifetime!

**Overall energy blessing card: It's the interplanetary consciousness card:**

connection with the cosmos; you are a star walker for sure and a starseed here on the planet: have many, many dimensional support people; overall, the biggest blessing is as affirmation says: "I connect with my brothers and sisters throughout the cosmos" You will be anchoring in some wonderful energies these next few days as we finish out the year.

**Purpose, work:** holding open a new doorway where you live right now, where the higher dimensions are coming through and so with this gateway energy, it will be very easy for you to connect with star brothers and sisters [picture: an open door and universe shining through that doorway]

- **Affirmation:** I open the door and step into the higher dimension

Suggests that you ask the best frequencies, the highest good to flood your home and your environment and anywhere you are going, as you take those energies with you.

**something unexpected that may come up soon:** if not affiliated with any young people, this is a place to maybe place focus: if you help them in understanding their spirituality or just being able to incorporate everyday activities into a higher dimension, this will be a wonderful gift to the planet - you may have the opportunity that comes that will truly affect someone's life: a young teenager or a young adult

**your part to play:** to help them get over a very intense sadness or a betrayal; if you have a listening ear along with a loving heart, there is somebody you will be helping

**Best blessing to incorporate** in this path of yours: harmony [golden butterfly on the front]; the card of balance: message Everything is flowing as it should; and I am happy, I find happiness; I embrace happiness.

Angelsu asks for the highest aspects, the highest aspects of heaven truly blossom around you and all that you encounter - so grateful you are on this planet, doing what you do

**CallerJ: overall energies to work with** - tunnel card; a grand journey

- on back of card, it says: I am taken through a dark tunnel, but as I travel, I feel my soul will be joined by its greater self when it gets to the other side, and I can beam it in wonderful, effective blessing
- wherever you are you go with the light of god that never, never fails - the dark tunnel may be a re-birthing to shed old energies and bring in the new ones

**Relationships:** predominant one: you are being blessed with the holy grail; rapture. You will have an opportunity to take a re-ship into a higher, more exquisite perfection than ever before

- **Affirmation:** I am whole, complete, I am ecstatic joy - you can take this to a higher level
- **something coming to you that you won't expect:** an **ACE**  
these come up when you have been asking, praying, wanting some special thing from the universe; you will receive the blessing in work re-ship as well
- **Your part to play:** sharing his understanding as a divine son of the universe; sharing your spirituality which helps other
  - The best blessing you can call in is: utilizing your fine mind: **card of thought, Universal Mind**
  - **Affirmation:** "My thoughts shape my reality"

**Caller** asks about the journey: was hoping to move in the future:

- yes, you will be in a new location & meet new people
- Caller will mostly likely re-locating the home - retired
- energy of the card shows you will enjoy the new spot - will be rejuvenated, exhilarated with the new place, meeting, greeting, exploring
- thanks

**CallerCh:** has never done one of these with Angelsu: what a wonderful Thanksgiving gift!

**Overall Blessing** is to bring forth more good things in your life

- The **alpha and omega card** - infinity sign over a triangle filled with golden sun
  - **Affirmation:** "I am the consciousness in and of all things; I am the Universe"
- whatever is the **highest information to receive** this time: **The Universal Eye, all knowing**
  - **Affirmation:** "I step into the Universal Eye which sees all; I watch as all of creation happens"  
Will be even more amped up - will have more understanding of what is happening and why
- **Something unexpected: 6 of Swords:** energy where she helps people find even more of a safe harbour in service to human kind; she is changing some aspects of the helping she does through her work; seems like an avenue for people to ground even deeper into earth as she changes, for them to be in harmony and less traumatized
- **Her part to play:** kind of a father figure to people: the **Emperor card** which is about helping, anchoring in more of an authority aspect than ever before - balancing a little bit more of the male aspect into her consciousness & how you operate

**Best Blessing to call in to help you in work and life:** an Initiation Centre ; Angelsu asks about a vortex being where she is; says the Great Lakes are a portal, understands it is an Atlantean portal in the area

**Card of Initiation Centre, the Calling Grounds:** usually this card is about going somewhere - yet the energy centre is right under her feet!

- **Affirmation:** "There is a special place on earth calling me to go to it; when I arrive, I will anchor light

into it, and I will move into my full power as a celestial being" - yet Ch is already there

**Caller:** this acts as wonderful confirmation!

- **The Alpha/Omega energy is with her always** - you are really amping up the energies where you are living; always expanding and always refining.

**Caller:** thank you for all of YOUR wonderful work! Love to all out there: see you on Sunday

**CallerR: the Archangels card** - he carries a very broad shoulder load of AA energy

- **Affirmation:** I attune to the AA energy for guidance

**Either work or re'ship:** she pulls the earth connection

**Affirmation:** "I join with the earth, and we travel through the cosmos together"

- working with the earth and all of the children

**Something unexpected: Knight of Swords** this is somebody that is very dynamic, will help you change

some things around you at your residence - no, not thinking of making any changes at home

- Lots of old energy leaving & experiences; new energies will be coming to him - you are going to make a new friend who is very dynamic who will help you change things

**Your Part to play in this:** allowing the energies & cycles of the moon : work with them as you make the changes; the upcoming eclipse [28<sup>th</sup>] would be timely for him to incorporate the energy & making some changes

- **Best energies to work with at this time:** There is either a place you adore through the many lifetimes you have lived, it is off planet ; almost as if you are locking yourself in earth's energies - like a cave where you rejuvenate and recalibrate. If you are not aware of it, make up a story of a place that is a delight to your heart!

- **affirmation on the back of the Starry Brotherhood card:** "I go now within the halls of the great starry brotherhood; there I receive teachings from one who has gone before me on the path"

- For a extra energy, knowledge, you might want to incorporate this: The energy is Extra-terrestrials: there are many councils he is on in other dimensions yet there is a wondrous place he is so happy to be in, and it is off planet - **Caller:** is it part of Ascension? Yes, it could be

- As a wonderful creative soul, creation aspects are a talent for you: so he can create a wonderful sanctuary, a retreat - Can he ask for help from the arch angels - yes, he is much in tune with that energy

**Caller:** lots of times he sees 5:5: 5, more frequently these days than ever: it means change

**Asu:** change is a wondrous gift - for him and for her! That energy is surrounding him hugely!

**Asu:** enjoys the material he puts on Facebook - thanks him for that!

**Caller:** thanks for the Thanksgiving she has given!

**Asu:** Blessings to all!

**Hard News:**

**R:** we are moving at warp 6. 8 towards 12/12/12 and 2012, Dec 12

- Dec 12 is a sacred date

- What he is seeing and hearing: the timeline called extinction level events has been erased; replaced which is called going calmly through 2012 without earthquakes doing anything to the planet

- Yet there are all kinds of stories about Nibiru behind the sun

- The other stories are about the rats running for their hidey holes across the planet - not being discussed by main stream media or even the alternate news

**Dec 21, 2012** - we are going through magnificent changes in selves - several massive coronal ejections

that have been affecting people's energies - can get out of bed and go to the bathroom and then go back to bed - or they are also making people so wired it's like 6 cups of coffee!

- There are also the emotions: the story of Palestine and Israel - story is so ancient - Mother Sekhmet, Mother Zudiachus, Mother Africa - the one who was here before the gods were here
- all kinds of issues coming up to distract us from our ascension: he is being told by the Supreme Councils **that we are all part of where we go up to the ships at night - he sees every single one of us every night! - we are going to be taking on the mantle of what we see in the night work!**
- The blending of the two [3d life, night life] will be something to behold! NOT ABOUT EXTINCTION LEVEL EVENTS or Hollywood Blvd dropping in the Pacific: yet we are also witnessing the collapse of global economies - Max Keiser is on top of it

**R:** the story about Karl Rove & Anonymous, Julian Assange: Julian Assange is getting ready to dump so many documents across the planet that it will make Karl's story look small & pale in comparison to what the 13 families have done across the planet

- this involves 2 billion people being removed from the planet - how we heal this is our biggest challenge

- What he has been hearing: so many different facets: yes, we have a victory here - **the Sirian Commander won - THIS IS HUGE!**
  - So many have spoken about what he is doing; in his weekly address today, he spoke of the people in Rockaway, NY who live in condition like those in Gaza: have to show ID to go to the bathroom; helicopters flying over the area - many celebrities came out to help people
- Dyck Van Dyke was serving people at a soup kitchen - so many folks pouring out their hearts and souls to help those in NE United States - this was a geo-engineered storm, created by MI Black - as we heal it for ourselves, we heal it for the whole planet

**KOS sent a text** - next step in story of Hamas, Israel has to go much deeper: Palestine has the right to address the UN about war crimes list,

- yet there have been other flotillas has been stopped from going to Gaza
- Gaza is the largest prison on the planet: this has been going on for 1000s of year - has to do with the story of Mother and the gold dust - this reflects what is going on in the present occupied territories -
  - 5 Israelis dead, 140 Palestinian people dead - how is that line up?
- There are things we have not been told for many, many moons: has to do the harsh realities of the 13 families about the slice of the real story about the Bantus, the Aboriginal Moabites, the people of colour and how the lunatic fringe on the Right who have challenged Obama: he is backed up with flotillas of beings to help - the larger story which is unfolding
  - the Rainbow \$ is in the bank - R has seen it - things will happen like lightning now
- yet it is not about the 13 families who dangle carrots all over the place; **the real story is about our ascension, not the money** - yet the story about the money is about the least among us: how do we create this so there is enough for everyone - there is more than enough to take care of all the people on the planet!
  - it is the place where as this unravels - this is **the 4<sup>th</sup> turning** [a book] - this is the time when the heroes and the prophets do their thing - this is about love, the biggest challenge
- The stories are continuing: there is a change in how things are being reported: more truth coming out now across the internet
  - the Wingmakers are in the picture: they have to do with this from 175million years in our future that story is being healed now as we get NESARA announced
  - There are submerged things behind the scenes with the Sirian Commander as he has the

political capital to do what he has to do

- Ed Schultz was talking about **taking the cap off Medicare, Medicaid** and bringing more in, not cutting anything!
- austerity does not heal things or sanctions or the war consciousness that comes from the ancient story of the Annunaki splitting the heart and the mind, splitting the DNA and adding a bit of gold dust just to screw things up

**T:** nothing is going away; the evidence continues to build

- The text of the Laurence Wilkerson interview: **the Israelization of the US, the CIA, it is a coup!** is lots of evidence
- Karl Rove loses the election after being checkmated by cyber sleuths
  - His rigging of elections goes back for decades - Term 1, Term 2 of the Bushes

**T** asks Rama if Rove did something on first election of Obama? **R:** he is so dirty - send him love!

- He was pre-meditatively raised to do this by the Committee of 300

**R:** the anomaly at the centre of the MWG: **as we hit Dec 21, that anomaly hits the whole MWG**

- what comes out - the dark ones know it
- the ending of one Mayan calendar: we experience those frequencies - the 8 minutes as we watch the water droplet transform on the star tetrahedron

**R:** has been playing with the Solfeggio scales - 578 - and the meditations:

imagine yourself doing the same thing: as the Universe expands, so your cells expand

**T:** George Bush accidentally votes for Obama!

**URNS OUT TO BE A HOAX**

**T: War Room with Jennifer Granholm:** had on one of the ladies she pardoned when she was Governor of

- the lady got out of prison; got a couple of MAs and a PhD and got married in between
- She spoke up for the other women in the prison

**Mother:**

Greetings in the light of the most Radiant one. In the Office of the Christ and only in the Office of the Christ; we invoke the loving energy of St Germain and the Violet Flame.

**T:** we ask for guidance through this gate that has been opened; that people be evolved now in a timely manner when Mercury goes direct; we the people must carry it to fruition

- Obama is the president; we will find that he received the most votes of any president in this country ever!

**Greetings, Children of Ra:**

- we are grateful to come this evening; giving thanks about this moment, what we are grateful for
  - to be here in this time of tremendous transfiguration both within and without
- It is about the healing of all worlds, and the issue at hand of the people - how things have evolved to the place where now, as we approach the end of this calendar and the beginning of many other realities this is not the end of this - **YOU DON'T GET OUT OF THE MISSION THAT EASY!**
- The best is already happening, in the midst most diversity we have ever seen - so many different cultures coming under the banner of love - this is the story and the glory of what is unfolding here the people of Planet Earth have said: NOW is the time for peace, now is the time for love; enough of ancient war stories - separation, death, austerity, lack of
- The winds of change are about prosperity of the abundance of who and what we are as co-creator gods - this is priceless and those who would wish us no ascension or awakening in awareness of the

precious gift we have

- this temple of the living god; as we discover the magic of Adom Kadmon, this is the gift here, as we encompass the beauty: ye are creator gods and you have the ability to end this today. It takes all of us to do it - as one does it , it ripples out, as it only takes one to begin, as Neo said.
- Miracles are manifesting presently day after day after day - each second is an entire year going past -
  - it is about the awareness of what we have in our midst; the frequencies are something to behold in this moment
  - Go with this moment; it is the only moment; as we focus on this moment, the rest takes care of itself
- What is happening encompasses 23 super universes and then some - as we can encompass this in our awareness , the entire understanding of this conversation we are having with you: the awakening of each universe within your body which is each cell - universes upon universes upon universes - this is the key to understand
  - these moments are the most intense and challenging we have ever been asked to deal with -
  - it is in the name of love, as Bono puts it; as it comes forth, it changes everything for everyone: it is that simple
- We have created a wall of illusion that is so thick, we have to put our head through the wall to see where we are going: it is a challenge to get past the issues that are being brought up with our emotional stuff that comes up every second to distract the monkey mind to distract us from our ascension; the frequencies are increasing the pressure on the temple of the living god
- As we get simpler and simpler: turn off the box, get out in nature; walk with Mother Earth - you can see us at sunrise and sunset - Nibiru is there, and it is not scary - it is about love.
- The gold dust is the next step as we become more and more aware of how this is an interplay;
  - the mono atomic gold, the white gold - it is already in our atmosphere; more and more stories about this will come into play in the next few weeks
- With the anomaly which is coming from Mother's yanni and expanding across the expanse called The Rift - the energy is growing and growing - as things approach 12/21/12 , that anomaly encompasses the entire MWG: nothing to be afraid of, it is the frequencies of being wrapped in such ecstatic joy, we know nothing else and we wouldn't want to be anywhere else, except in that joy -
  - as we experience it, the cells expand and we become living plasma - that is what is happening with these bodies, star tetrahedrons, merkabas - we go back to balls of light - that is how we began, and now we complete ourselves
- Not about extinction or losing our awareness, we do not lose anything: this may sound like an alien thought form, but not so - it is as familiar as looking up in the sky and seeing Sol
  - as we look up and see Sol, it is so ancient and yet so familiar - it is the great circle , the great hoop, the wheel of life; how we move in that wheel is how we interact with our brothers and sisters of all cultures: whether we have fur, fins, dark skin, tails, feathers does not matter, we are all One; we serve on the Intergalactic Federation with dignity, respect, love

**T:** the ceasefire does not include things to change the Status quo

**Mo:** gotta open the borders of Palestine; stop the games about weapons moving into Gaza - Hezbollah, Iran, Romney, McCain, Korea, Syria and everywhere

**T:** how about all the walls in Palestine?

- Mo:** yes, the one that separates Palestine & Israel: it is a one state solution; that is our final word on it and it shall become a one state : it always has been Palestine
- the Dome of the Rock is the stargate that holds the story all the way to the Gates of Ishtar
  - as we learn to use the stargates, we will gain the wisdom of Ra

**Closing: Cathy**

So many thanks to all listeners for keeping the program going for so long: for MariettaRobert, Tara and Rama; for the whistle blowers; the unsung bringing forth the energies of light; the miracles happening in our lives, increasing insights; gratitude for what is coming; sorting, sifting what we have heard, have learned

**Interview with Dr Theresa Dale from last week.**

**Guest: Dr Theresa Dale**

- Holiday time is opportune time to work with family issue
- A great opportunity to be with loved ones; want to be clear about things so positive things are created
  - emotional issues peak when we are with family
  - Sometimes we have to peel off layers of belief, identities to get past the persona that has been running your life since you were a child
  - Shut off TV etc and go inside: best way to help the planet is to SEE IT HEALED
- We can change things and ourselves: the easiest way to change the world is to change self so that we are not projecting out on to the world our concerns about ill health or negative things
  - An exercise to get people out of victimhood and into empowerment

**THE BLISS EXERCISE**

- created because she grew up with negativity due to the childhood she had
- she healed a tumour she had on her uterus by herself, with no help
- It is about taking another person into your heart - look at an image and bring it into your heart - can be done quickly - look at someone even in your mind, animals, plants, any living thing - and bring them into your heart
- Thinking can be destructive especially if it is negative!
- As you bring people into your heart, their attitudes change
- She did the process with a family member over two weeks and they will shift and you will shift.
  
- Expand your heart space: every time you see a cat, a dog, a broccoli or a field of broccoli, bring it into your heart - keeps you in balance!
- She started this in 1990 - has created all kinds of things using this process!
  
- You need to see the thing you want to create, the form, the outline; feel it, and be one with the frequency of it: you will create from the soul of what you are, not the personality.
  
- The truth is there are amazing people on the planet: to empower them to be the best they are, bring them into your heart and RID YOURSELF OF JUDGEMENT!
  - She started doing this with politicians for whom she had no regard.
  - The UN has banned mercury in fillings - she is working on doing this. Now Malibu County has banned it, so has another one - soon the USA will ban it all - Obama is for this!

**•FOCUS ON THE POSITIVE THINGS HAPPENING!**

- As of yesterday, agreed to count every single vote in CA -
  - need 600,000 votes to pass Prop 37 and a million votes HAVE NOT BEEN COUNTED!
  - What we want to do: see the uncounted votes being counted; see the pile for Prop 37 being twice as high as the against side:
- **Prop 37 is about labelling GMOs** - not allowed in the majority of other countries. Monsanto makes this kind of seed - they stopped counting with a million votes left to count. Letters went to the Governor and now the counting will be completed!

1<sup>st</sup> book: **Transform your Emotional DNA** - exercise is the BLISS EXERCISE

2<sup>nd</sup> book: **Revitalize your Hormones** starts with saliva test: tests for all hormones, food intolerances, candida; ENDO PURE works with hormones if people don't want to do a saliva test

- **317-773-0061** MariettaRobert's number; she helps Dr Dale with this work
- Dr Dale uses homeopathic hormones, not chemically made ones

T: a homeopathic hormone can hold a memory for 200 years - what does this mean?

**Dr Dale:** • Homeopathy has been in existence successfully for over 200 years;  
• a homeopathic remedy holds the formula for about 5 years.

**Dr Dale:** Every thought has a frequency that stores in a system or an organ or a gland -

T: we are in upheaval time due to Mercury retrograde, plus the 3 year thing due to Saturn

**Dr Dale:** when people get stuck, they experience issues in their lives because they do not want to change

T: Trauma that can freeze-frame a pattern, not just for a life time, but thousands of life time - how do you address this?

**Dr Dale:** has done it for self and others; has created a process that is taught in the California College of Natural Medicine

there is a process to release the issue and the cellular memory as well

she created this to help get over her childhood - the work on self never stops! Keep going to find out how good can I get my life or my health?

T: doing this brings a new way of sustaining ourselves: the current patterns are about to be dumped!

**Cathy:** we all resonate with your ideas; we are all working on ourselves

- Liked what she said: you don't have to tell everyone; you can just do it
- when did you feel that you had cleaned up all layers?

**Dr Dale:** she was 22 when the tumour was diagnosed on top of her uterus; she did not want a biopsy or surgery; told the doctor she would fix it herself & find the answer because she created it!

- She walked down the street in NYC, found a book in a health store, followed the program and in 6 months she fixed it
- Sometimes people create disease to find a way to grow!
- Sometimes people will not empower themselves, just take advice from others - get rid of the fear and go for it!

Website: [www.wellnesscentre.net](http://www.wellnesscentre.net)

Her saliva test is different than most

[www.Naturalhealingpro.com](http://www.Naturalhealingpro.com)

about the products

- loves to help people; also trains around 2000 doctors to help them get patients off all drugs etc

- lectures internationally, as well, on radiation on Fukushima;
- Lectures on weight loss, hormone rejuvenation, autism: meets people who have self - healed
- Impossible to get rid of all the layers because we don't know how many there are: we are human - have past lives, cellular memories, DNA
- We could be working forever on the problems on our lives to have joy and bliss - if you find out what gives you joy and bliss, you will have health in your body

**T:** Just your vibration is so healing! Thank you!!!

**Dr Dale:** talks about taking the earth into our hearts as it is a living, breathing thing

- adopting a great sense of gratitude for the Mother Earth so it can heal itself - oceans, etc -
- we have to continue to see that the earth is recovering from the ways people are mistreating it
- the earth is our sustenance, and we need to spend more time honouring it in meditation, etc
- allowing stress to overtake you and attack your adrenals, affects & imbalances entire endocrine system - the Bliss Exercise helps prevent that; meditating and bringing earth into your heart stops that
- Need to get the mercury out of your mouth immediately: she has had patients with cancer, muscular dystrophy and multiple sclerosis got better to a great extent when fillings were removed
  - A man with cerebral hemorrhaging had 15 fillings in his mouth - while they were being taken out, the cerebral hemorrhaging stopped!
  - Patient with 16 root canals and tumours in the neck: took out the root canals, and the cancerous tumours disappeared
- uses only raw, unheated herbs - have to remove the toxicity, change your own attitudes

**Pulsed electromagnetic field** - a piece of equipment which can heal anything; Shack O'Neill of the Cowboys has one - \$18,000 - \$27,000

**Scenar** from RITMARscenar - want the ones which go up with the astronauts - it's from Russia

- looks like a remote for TV: diagnoses what you are missing; where you are out of balance and feeds back what you need - works great for scar tissue - can open up the area where the scar is because the acupuncture meridian will flow again
- Learn to be your own healer: give us your saliva and receive a program;
  - you will only get something for short term, not long term - have to muscle test people if do long term stuff
  - Today a report that people are falling dead from drinking energy drinks with too much caffeine in them

**Dr Dale:** Closes by wishing all all many blessings and healing on every level!

**Special Code to Bless Water, Food, Body, Plants...**

**Anything Animate or Inanimate**

**by Nicole La Voie**

**995**

Twelve years ago, I ran across a paper explaining the 995 as Sacred Geometry Numeric coding designed to bless the food and (change) it vibrationally to that of the Christ Vibration. As our body changes and is filled with more and more light, the vibration of things we eat, drink and surround ourselves with will be more and more important as we become sensitive to the vibrations.

I applied the 995 to many things and it works most of the time (electronic not always). Since I work with water, I notice that whatever water I buy from the store, the water can be PURE, but the energy is not there. Just imagine how many times the water that is on the planet has been recycled. I found that by blessing the water with the 995, the negativity is remove(d) from it, then, the next step is to ask the spirit of the water to bring it to its highest potential.

By doing this you can bring ALL the water around you, bottle water, tap water, [well water](#), river, lake, etc to its highest form. Our body is made up of over 70% water and the brain is over 90%.

Just try it and taste the difference. You will bring your whole body to a better state even if you don't feel it. Give it to you(r) pets and your plants and watch.

Of course, you can also do the blessing to the food you eat, the clothes you wear, the house you live in, the car, etc.

To do the blessing to a person or animals that have an imbalance can only help. Also I do the blessing when I see pictures of disasters. Everything we do to dissolve duality and bring the oneness is our prerogative as (a) child of GOD. Let's use it.

This ancient coding meaning is:

The first 9 means dissolving

The second 9 means duality

The 5 mean(s) the power of one

The clockwise circle is to reset the energy

**How to do it**

Circle your food or water etc. clockwise 3 times and say 9-9-5. Do it clockwise only. Then, ask the spirit (or the energy) of the water, (food) to bring it to its highest potential. That is it. Anybody can do it. It is a matter of choice and awareness.

Enjoy, Nicole
