### Hard News:

**T:** we are being handed the talking stick now: how are we going to manage our lives together???

**R:** Dodi, of Dodi & Di, called Rama today: we are the 144,000 who have been called to active duty: the most intense time is the one we are going through at the moment

- Dodi shared that a feeling of despair is almost rampant: people wanting to beam up
- Ashtar has not told Rama this on any level: the best is yet to be
  - There are 2 light cities on border of China and Mongolia that are already manifested - they look like a mirage - they are 3<sup>rd</sup> to 5<sup>th</sup> dimension
- The distractions are at the highest level: they are to separate heart and mind
  - This is about how we do things together, not alone - we are moving to unified consciousness
- As lightworkers who come together in a unified field of consciousness, we are absolutely powerful
- How will it be pulled off? By Mother, St Germain, us
- The criminality of the moment:
  - the outright lies of BM Mittens and his sock puppet
  - rape is rape - a war crime • there is also financial rape • & the rape of the heart and the mind
- As Dodi shared, distractions disappear when we come together as a unified field -
  - many feel nothing is happening, yet things ARE changing within each of us as well as in all living matter - all that is unlike love is being brought to the surface to be healed.
  - Those ones called Mother's children know they have no more time to gain a foothold

**R:** speaks of the various kinds and shapes of crafts: spheres, that look like jelly fish; dodecahedrons, etc

- All the folks in them are here to see what is happening: this is our day on Broadway, as it were!
- The cabal members do not want us to notice what is going on in our sector of the MWGalaxy
- Has heard a rumble that Obama may let it drop at the DNC convention about the structures on the moon which are 2 miles high

**MR:** mentions conversations among with David Wilcock and others about a gathering in London, outside the Games. David said about 25 people were invited, they walked off the ships and looked like us

**R:** David said later someone put out a message that was not his! Rama has been asking if this is disinformation **KOS** said maybe it did happen, & that DW was told if you talk about it, you won't be here to talk about it

**T:** David W got himself involved with Faction 2 and is controlled by them.

- There **was** a full and clear picture of our galactic friends on the opening nights.

**Reading:** Neil Keenan's exclusive post - "Blankfein, we're coming after you!"

I am coming for you! You can expect us!

- Writing to Mr Blankfein in response to the article "Goldman - it is time to bet on a big comeback in Europe" [SEE BELOW]
- Heidi has already zeroed out the accounts of the banks, and the money is with Beloved Master Ascended St Germain in an undisclosed location in the west.
- The fake Bank of International Settlements is the one being discussed in the article.

**Caller:** Has heard that VP Biden is going to Iraq - what do you know about the trip?

**R:** going to talk to troops; also rumours about RV happening soon - but that depends on St. Germain

- the messages are saying the markets cannot continue
- Max Keiser saying the capitalists need capital punishment: can go no further with fake money
- The criminality going on: Jamie Dimon, Lloyd Blankfein stealing trillions daily and putting it away

**T:** isn't their money going to be taken away in the next moment?

**R:** yes

**Caller:** Alan Grayson has won his primary in Florida

**Angel Card / Tarot Readings:** Angelsu

4 different callers

**The readings for all are blessings for all of us.**

**Mother:**

In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

It is about how we best do things in the greatest of love - all have been experiencing the depths of emotions going on; send love to the situations we are experiencing - seems as world has turned on its side, never to turn up again!

- We are living in times when things will never be the same again; it is Sat Yuga and things will change
  - Her children are in desperation - we have heard about the intensity of what people are feeling as they walk through the depths of Mordor; yet have a picnic alongside the river and you may hear elvish music at the same time as the mountain sends off some explosions.
- We have been called at this moment to rise to the occasion as we knew we would be called: we have waited for so long to get to this moment - have we asked to be here as things are happening as they do?
- There is a tremendous feeling of a wanting of conclusion / resolution to this, yet if we move farther back and get a different perspective: we are doing this in the greatest of moments and we have been given the task of bringing forth the light of living love, living truth when we seem to be the enemies of the state unless we can prove otherwise.
- We are all one society, one village of stars as we discussed last week: these villages are coming together as we pass the rainbow talking sticks. We are on the edge of such greatness, and such greatness is manifesting within; it takes time to do things slowly as if what you are doing is the only thing to be done at this moment.
- What has been occurring in these moments is the big distraction separating us from our Ascension, yet it is an illusion; also the bombardment of the machine technology - get outside and have your feet

on the ground and your head in the clouds

- The greatest challenge is how we do things together, to get all of us on the same page: we are one society, one group, village of stars - as Dodi told Rama today; yet the constant distractions to take our mind from our ascension - moving it to stories about money, this country, that country -
  - what about ascension, focusing on being love now, in this moment here?  
This is the greatest gift we are being given in this moment with the abilities we have as we are co-creators
- 9/11 is the key to the ugly story that has brought us to this moment of Mordor; suggests we **all watch the video on 9/11 by the architects and engineers**. There is much unfolding that is all about they wish to distract us with and keep us from discovering that we are co-creator gods, along with all the other co-creator gods - we never stop learning into forever.
- The rainbow bridge does not really separate us; it is about the Great Tree of Life: Is-ra-El
  - this realm called earth is one of the 9 realms of Is-Ra-El - we get into the different realms through the rainbow bridges, through frequencies of our heart & it is this frequency that is being made manifest on the planet now
  - Imagine all the people with the wisdom of the ages!
  - it is part of our destiny to complete, as one of the 13 tribes of Ariadne
  - South Park put a play on Broadway "The Book of Mormon" - it is this issue at hand, the tribe of Dan & our wayward son - Lucifer, Lucifera who is vying for the seat of power with a shoddy companion
- Jehovah/Lilith/Lucifer has come to love come back to love a long time ago, we are watching a time loop that has not quite ended here -
- KOS will soon shut that program down, and then all the stories about clones, holograms, fake issues will soon be known
  - We have been watching is a series :dimensions are layered and layered within the frequencies of the higher harmonics of the speed of light & how we work with that
  - when we cease to think of things in a linear sense, time -space removes itself & we are there!
  - Think about it, and you are there, then this moment is all there is , and then we go to the next moment - and this is happening inside every single particle inside us that is awakening to the fact that this story holds no water except the wisdom of who and what we are: co-creator gods
- Except for knowing that we are co-creator gods, all the other stuff is extra emotional baggage, to be gotten rid of - "Shattered and consumed"; what is going is that which is out of its time-space continuum is being shattered and consumed; the energy of the ancient old world order has no place in this time: all that is affecting our present reality, has every thing to do with us going into the reality of being co-creator gods is who and what we are in spite of the fact that we do not feel that way at the moment
- Mother knows some of us go back and forth between bed and bath, yet we have the keys and the abilities; it is about how we do this with love, and we have the wisdom to do this - Mother suggests we get on with this.
  - **We have the ability to change the story as we choose, as the critical mass has been reached; as you do it, we back you up because it is both / and now.**

**Mo:** Reference to Blankfein and Dimon: time for them to think of next moment & "brother can you spare a dime?" St Germain always destined the money for us - Be grateful that we are here at this moment on this planet - this is where the action is, and it is the story about humanity - it is about the greatest of gifts and the greatest of stories, in spite of the fact that we might think it is the

greatest of curses! Yet it is not! That is the paradox we have been led to believe.

- We walk with her and the others with death on their shoulder: there is paradise to be seen - everlasting life, everlasting love which is already in our midst.
- For those who wish to cross the River Styx, the barge is waiting.

**T:** number of calls she receives from people saying the world has suffered enough; world situation continues to be dead bodies across the screen . . .

**Mo:** hate is not a family value; we ARE walking through the depths of Mordor - understands how it is when we live, eat, sleep death - yet we are what we speak of: take a walk with us on the wild side, in the naqual & understand there is no death, there is only ever lasting life  
It may seem at the moment there is only one side to the hologram, yet there are 3 sides to it!

**T:** refers to another story of China - the elite of China are planning to buy up 6,000 metric tons of gold

**Mo:** the last story going on is about the great empire wanting to crush the people of the West

- There is a revolution, an evolution going on in PR of China: those representing the Indigos, the crystals are showing up - out of the depths come the people of the Pleiades, Andromeda, Sirius: there are many systems involved in the story of China and her people: It is about the people of the golden, white, red, green dragons
- This is why we bring in the story of the Great Tree of Life, of the 9 realms & that Hyperborea is in our midst right now: why do we think that Yoko Ono put the peace tower light in Iceland for John Lennon? It is about the people of Is-Ra\_el.

**T:** article that says not enough gold in china or anywhere else for China to buy this much gold.

**Mo:** the lie is that there are shortages on the planet - wake up: there is enough air, gold, food, water - it is the 1% stealing it from the 99%

**Cathy:** soon will be weeks before year's end - what else can we expect?

**Mo:** we are rising to the occasion with our gifts and abilities: we honour all of you for your commitment to this mission

- What will be happening in next few moments: will be revealed that Nibiru is behind the sun and is larger than the sun; our scientists are aware of this; our ship is affecting all the gravitational fields throughout the solar system.
- All lines up with our yanni & the energy coming from centre of MWG is heating up the centres of the planets & earth, and also increasing the heat from Sol
  - We are being given the garment of gossamer strands of eternal life in this moment in the particles of living light, living love pouring forth from the sun.
- It is affecting all of the matter: it is about matter AND anti-matter which is where it all began [Anti-matter] - it is a story of love, light, joy, wisdom . . .
- In the fleeting moments of the last moments of this Mayan calendar is the beginning - tears of joy to behold this as we walk through the depths of Mordor! "Well," you may say: "this is fine, well and good, Mother, yet we still see dead bodies, and the division between the haves and the have nots"
  - It may look like one side of this story, yet we will see the other too, as we hold the vision, and focus on what we see in the world: it is challenging to be here and to see joy in the moments of joy in the midst of the chaos that is increasing by the second - remember the work you volunteered to walk into knowing full well you would forget the instruction manual for looking after the temple of the living god , as Diane Robbins' book ET 101 said

- my enemy is my friend because I cannot tell the difference
- have the utmost kindness, love and respect for each other no matter what we look like - it is about the love which is pouring forth - we are all love, no matter the shapes and sizes - the **Greatest of this is LOVE.**

**Cathy:** wants to **ask about the media** which is the last to open up and can speak the truth without fear, and when that happens, we know we are there, and we aren't yet

**Mo / T:** we are there and we are not

- **Larry** [of Larry, Curly and Mo, from the Ashtar Command, who are not human, though they look like us, and were with Cheney 53 levels below the White House on 9/11] was on Mike Papantonio's show yesterday:
  - told Holder to grow a pair - you let Goldman Sachs walk off the stage!
  - Then told everyone to send that video from Colorado to everyone - no more time to leave it under the rug! Keep on sending it to someone every day! We need accountability -
  - this has been swept under the rug for 11 years!
- **Rachel Maddow** was on David Letterman last night [Aug 22]; said to David and the audience: did you know that George Washington gave a speech and said it was stupid to have a party system!
  - She said maybe he was right! **This is a NESARA point** [that there will be no more party systems]

**Mo:** the Republican part are the Taliban in the USA - and they want to make us enemies of the state

**Cathy:** glad to hear this news - it's boots on the ground information!

**T:** It was Thom who has been in trouble: he was in the emergency room for 4 days!

- His wife is getting better, and she insisted on coming to the hospital to help him
- He has been on Big Picture for 3 hours, and does some parts of the show from his bed!
- He says he believes in miracles: something deep has happened to him!
- Tuesday's Ashtar on the Road call - the free healing call - was tremendous! Doing more sharing there
  - It is time to get active like we have never been active in our lives, time to share

**T:** A boots on the ground story from Greece: people living from pay cheque to pay cheque will be wiped out when the Euro goes - **yet there are only miniscule numbers of people who know about NESARA** - there are many people who put \$ into the 78 programs, both big wigs and little people who got into those programs - she is talking about spiritual evolution : it does not matter how much or little they put into the program, if they are not spiritually evolved, if they think only of self and what they will get, they will get nothing: the time which is now is "we, we, we", not the "me, me, me": those who think only of self have "not graduated"

### **Mother's Closing Remarks**

As we go through next 72 hours, as we watch the energies increase in magnitude, send even more love into the strange circumstances, the events unfolding in Tampa.

- Send even more love to the focus of Hurricane Isaac -
- the least among us is the greatest on the planet, and this is the story these ones are running from - there is more than enough for everyone, not just the 1%.

**MR:** [www.growbetterfood.com](http://www.growbetterfood.com) how to treat the soil, regenerate it so it is left in better shape for the next generation - this is an educational event on her farm: she knows the right people will be there

**Closing:** **Cathy**

Putting MR's Field Day in the centre of the circle, as well as those we love and care for - family, friends

**2012, Aug 22 Neil Keenan says, “Blankfein, we’re coming after you!”**

*Neil Keenan read the article I recently posted called [GOLDMAN: It’s Time To Bet On A Big Comeback In Europe](#) and decided to respond to it. ~J*

**[SEE BELOW]**

<https://jhaines6.wordpress.com/2012/08/23/neil-keen-an-says-blankfein-were-coming-after-you-august-22-2012/>

This is absolutely the most absurd statement ever made by any banking official! Bet on Europe to come back big, he says! Well, there is some truth to his words, but the banksters just don’t get it yet: Yes, Europe *is* going to come back big, but this is going to happen because Europe is soon going to shed this horrible European Union/Commission! A Commission run by Communists, Socialists and most especially Globalists. An Organization that believes it controls Europe and its purse strings, when in fact they have illegally been using the Collateral Accounts (Global Funds) to finance Europe. All any nation has to do is just ask these banksters if the money is legitimate—is it clean—and they will falter!

On the other hand, Europe needs the money so badly that in most cases they are afraid to ask such a tough question—and they take the illegal funds! Well, the funds have been shut off, and if the BIS allows them to continue to mirror the Accounts, we will come after them. The EU Commissioners realize we are watching them, and they know what they have done to destroy our world by working with the Cabal. What we must all realize, though, is that the BIS, IMF and the WORLD BANK are all one and the same: all Globalists. Upon being appointed to the Head of the IMF, Christine Lagarde did come forth and put a stop to the laundering of funds within the IMF, so the mirroring of Global Accounts has stopped there. Christine is doing a great job of frustrating the Globalists, but remember, she is also managing to save her own skin in the process.

Let me get to the meat, and that means you, Blankfein. You have played your Globalist Games long enough, and it is time for people to know that Goldman Sachs is literally attempting to take over Europe. You have illegally put in Monti as Prime Minister of Italy and Papedemos as Prime Minister of Greece, and to top it off, you have Mario Draghi as head of the European Central Bank. You are even looking to make more undemocratic, illegal appointments with which the people of the concerned nations have no say, no vote, and this cannot be permitted to continue. You have used illegal funds, and you have paid Debt with illegal funds. The Global Accounts are filled with your phony Euro Notes that you use to pay off the Leased Gold. Yes, Lloyd, we have many of them, and what would you do if we were to walk into Draghi tomorrow and claim they be validated? What would happen to your show? It would simply shut down—unless you actually found a few shekels to pay them off. Then again if you pay off a couple of Euros, you would have to pay off the Trillions of Euros you printed to pay your debt. All phony!!!! And, the fact is, you can’t do it! You can’t pay off any debts— not anymore!

You have deceived the Global Accounts long enough and have not paid your debts properly, and I am coming for you shortly. You can expect us! Soon we will be knocking on your door, and you will be arrested—despite having your attorney present with you at all times. Lloyd, you have made a mess of it. It is over and you will all pay. Count your blessings that you are still free, but breathe the smell of liberty while you can, because soon you will get what you reaped—a long time in prison. It is difficult for me to imagine how we, the people, have allowed you to be free so long, but maybe enough of us have now opened our eyes to actually put you away.

Yes, Europe *is* ready to rebound, this fact is for sure—and they will—just as soon as they shed themselves from the Goldman Sachs-Bilderberg albatross! Europe will rebound and begin once again to use the old currency denominations we are all so familiar with. Mr. Rothschilds’ dream of this European Union has failed, and it is best for him to get out while he can. It is a situation where the phony money is going to come back and bite the Nations that printed it—instead of innocent people. Believe me, I have seen the Euros the Treasury Departments have used to pay their debts, and they are no more valuable than toilet paper—well, no, actually, toilet paper has more value!

(Photos of these totally useless payments will be published here on a daily, on-going basis.) Some of what you will see is real and some is not. It is how they print and pack it. They pay their debt by printing phony and real money, but the Holders have no idea of what is real or not, so they do their best not to pay at all. They are nearly

all Frauds. The pictures I am sharing are some of the bundles in the bunkers. There is so much more. No one has any idea without monetization if these funds are real or not. The result is that the Global Accounts do not actually know if anyone ever paid. It is one massive FRAUD and an audit and review must be done to establish what is real—and what is not. We are bringing a Bank to Indonesia to deal with this and do an accurate accounting, and upon completion we must decide who to prosecute for Fraud.

There is an old saying and it applies here perfectly: “In the land of the blind the one eyed man is king”. Well, this might have been correct at one time, but now people are opening their eyes and their target is YOU!!!! Run-Lloyd-Run! Yes, Run, Lloyd, run—and keep on running.

## 2012, Aug 20 GOLDMAN~ It's Time To Bet On A Big Comeback In Europe

[Matthew Boesler](#)

[Todd Klassy, Flickr](#)

Many analysts, strategists, and economists forecast that the [U.S.](#) is entering a long-term period of outperformance against Europe as the eurozone deleverages and battles financial crisis. However, [Goldman Sachs](#) equity strategists Christian Mueller-Glissmann and [Peter Oppenheimer](#) think it's time to bet on a comeback in Europe. In their latest note to clients, they make an unusual trade recommendation – buy companies with exposure to the European economy and sell companies with exposure to the United States.

Here is their reasoning:

Long GSSTDOME vs. Short GSSTAMER: We recommend a long position in our GSSTDOME basket of European companies with high sales exposure to the Euro Area vs. a short position in our GSSTAMER basket of European companies with high sales exposure to the US. GSSTAMER has performed strongly relative to GSSTDOME year to date and is now trading at a significant premium. **We think this is likely to reverse as the European sovereign situation improves. Also, this trade position tends to perform when the euro strengthens vs. the US dollar; as such, this trade is in line with our [FX](#) strategists' recommendation to go long the euro vs. the US dollar.**

The strategists are also bullish on emerging markets even though everyone is worried about how the global slowdown is affecting major growth markets like China.

In other words, they expect that emerging markets will do better than Europe, which will do better than the United States:

Long GSSTBRIC vs. Short GSSTDOME: We recommend a long position in our GSSTBRIC basket of European companies with high sales exposure to the BRICs economies vs. a short in our GSSTDOME basket of European companies with high sales exposure to the Euro Area. On a P/E basis the valuation of these two baskets is similar. While GSSTDOME could perform well in the near term, we believe GSSTBRIC is better positioned from a long-term perspective due to higher economic growth rates in the BRICs economies **and our anticipation that growth momentum in China is in the process of turning.**

Spanish stocks have already rallied hard, outperforming U.S. stocks by 11.3 percent over the past month.
