#### Hard News:

- R: Sam Seder show:** Mitch Batross was on, talking of anomaly at centre of Milky Way Galaxy
- Imagine a horizontal line through Mother's yanni, the centre of M W G, the Dark Rift
  - There are two gigantic bubbles of energy building on either side of that line - the northern and southern parts of the MWG [direction is really NW & SW - called the Galactic Plane]
  - These two bubbles are expanding all the time, in conjunction with the Photon Belt
  - As we approach Dec 21, 2012, there is a wave of energy expanding out from these 2 bubbles, often referred to as "The Nexus"
  - On the morning of **Dec 21<sup>st</sup>, 2012, at 11:11 am**, we will see the sun directly in the centre of the MWG
  - This is **NOT where it always is; this only happens once every 26, 826 years**
  - Mitch: NASA is completely perplexed by this; not discussing this; the scientists, those of the 13 families all very concerned about these bubbles that are expanding;
  - Ties in with Dry Baltic Index, seed storage, food storage, unused missile silos being turned into underground living spaces
  - Brought this up with what is going on in the galaxy: particles being released from Mother's yanni which are magnetic light which affects all living matter & bring up all kinds of events, feelings, etc to be healed; also has to do with the intensity of the solar flares; increases peoples' animosities - like war in Syria
  - We can bring this to balance by not buying into fear factor
  - Also brought up: will ship show up on August 4<sup>th</sup> at Olympics? That is up to our friends. Who is to say what will happen? Just lots of rumours and stories -

**Mother:** Greetings, Children of Ra!

Yes events unfolding in most magnificent way, plus our awareness of events we are all having an experience of finding out what it is like

The story is about you, Children of Ra! Commencement day at Star fleet Academy: we are called to active duty!

- How do we de-activate the system without blowing up the ship?  
By going to the heart & it is almost the last place people go to in a crisis situation
- Our wayward children have committed so much -
  - at this moment, we, along with the planet, are becoming the shining stars - Tita Lacoria / Terra Nova - the reality in which this planet has become the star and Us with it.
- In this Mercury Retrograde, all that is unlike love is brought up - the hidden stuff

- the skeletons, the event which goes back BILLIONS of years, the ancient ancient story that goes to Fertile Crescent
- Max Keiser - talking of 9/11
- such a crisis at this moment, yet it is also greatest of moments: all 144,000 of us get to play as humanity
- It is a blessing to be alive and breathing in this moment:
  - we have such grateful magnitude of understanding of what it is like - the Passion Play for our soul matrix, yet our souls are not for sale, nor is the planet -
  - how do you deal with people who will not take no for an answer?
- We [Mother] are here to level the playing field: Enki, Enlil, Jehovah, Lucifer - the story being played out on 3D stage as we move into 5D as we move through it -
- the heart is about the fact that this place - the heart cave - is the star gate
  - as we move through with 12 strands of DNA, we move through the other star gate -
  - as we focus on where we want to be, one thought - and we are there
- There is a battle for our heart and our mind; it is about the higher principle of the higher harmonics - our wayward children play with this - could they create a race devoid of love?
  - They first came from Nibiru and went to Dracos and re-wrote the history there
  - We have served with many of our reptilian brothers and sisters amongst the
    - It is a small group of life forms, maybe about 1 Million souls, and these ones have decided to play with the book - E T 101 as Diane Robbins wrote -
    - to this day, we still know less about the oceans and what is circling the planet than what is going on inside our own bodies.
- If we understood the crystal skull and the brain we have inside it - [we would know] we have the ability as Mother does - we are all equal -
  - we are being called to active duty by our cellular structure and as we surrender, we experience more ecstasy and joy; resist and [it is more struggle]
- Right now, it is not very easy to look at the pictures on the screen with bodies stacked to the sky - yet there are miracles afoot. It is about the heroes and the prophets who are here doing this
  - this story is so magnificent, we are beginning to lose the words through this temple to convey to you, how magnificent you are!
  - You are co creator gods - can we do it? It IS about love - that simple.
  - What Gandhi did: sat down and said "this is enough" - today, we say "tag you are it!" by sharing the wisdom through all the transmissions - don't need wireless, we are the wireless!
  - Solex Mal - from my mind to yours; the Vulcan Mind Melt! Time to use these abilities to get to next step
- **Speaking to the dogs and all others listening** who play with the ghosts in the machine - you are right to remain silent! A man today - in Tennessee - the time is now for love!

**T:** Rebecca Brooks - formally charged with hacking into phones, including Millie's [dead girl's cell]

**Mo:** this story is ridiculous - humanity needs an update - the challenge? Developing our siddhis -

• Our children are in the death throes right now

**T:** this puts Miss Brooks in the centre of the scandal - can see in the picture [of the article she is reading that] something that is not pretty

- KA has been working with shifty characters who are not playing with a full deck; he is handing it over to a higher power. We can step in and say only so many days left in Ramadan

**T:** KA between a rock and a hard place: UN goes down with announcement of NESARA

- he did something good: he met with Syrian Free Army, the Syrian military; Russia, Iran, Assad
- SFA are winning in Damascus, Aleppo - and Assad military have been defecting like crazy
  - happy to be arrested by SFA - if we tried to defect, we would be killed by the military [the ones who get seen letting others go - they all get killed!]
- People are getting it that don't want Assad around any more: has taken Russian-made military gun ships and killed people from the air!
- SFA stole Assad's military stuff
- people fleeing to Turkey - there is a group in Turkey helping the SFA

**Mo:** Imagine all the people with nothing to kill or die for! Drop all the borders

**T:** torturing hundreds that have been arrested, then shooting them in the head!

What do you say when human rights groups say let the people die?

**Caller:** coming back to Aurora, James Holmes - what can someone do who suspects being targeted, [and programmed] by black ops

**Mo:** as there is a process of going deep within the soul matrix through regression, can retrieve the memory and bypass the brain; the cells can remember

**T:** in the case of that particular drug, this is not true: the memory was never recorded so cannot retrieve

**Mo:** there are more things in heaven and earth [ in other words, **it CAN be done**]

- as we begin to understand hyper-dimensional physics, will understand how brain works
- this was pre-planned to divert attention from LIBOR/lie more, and all the folks in Wall Street
- more than \$135T, more than \$800 Tr - about 40 zeroes, and Beloved Ascended Master St Germain / Count Vlad
- how do we heal? In a circle, passing the talking stick as we are doing right now
- we work with our ascended masters, our guides, our angels - as you cast the circle, you involve them, and nothing of darkness can sit in that energy before the throne of god -

### **Mother's Summary**

• As we go through this next few hours into the weekend, as we approach the dates, understand it is not about dates, but about the fact that we have arrived at this moment of active duty by our own divine mighty I AM presence, and we are honoured to be in your presence!

• In this moment, you have the abilities to get through the next moment - as we move into the next 72 hours, watch the change in degrees of alignments - send only love in what is unfolding, because what is unfolding is of such beauty, magnificence

**Closing: Cathy**

We will bring more love: we put James Holmes in our circle of Love - we send more love to this situation, to the families

- we praise, respect, thank and love in all the feelings of what is happening on the earth.
- We choose love, healing, unity

**MR:** a final comment: that the people calling in and talking, asking questions, are demonstrating the meaning of the word "Roundtable" : a place for us to learn how to govern ourselves in a new way!

2012, July 28 **Batman Massacre - WHY and HOW and WHO**

Written by By Grace Powers July 28, 2012

## THE MOTIVES

Robert Holmes, the shooting suspect's father, is a senior lead scientist with [FICO](#), the American credit score company. He was scheduled to testify in the next few weeks before a US Senate panel that is investigating the largest bank fraud scandal in world history. This banking fraud threatens to destabilize and destroy the Western banking system.

Robert Holmes not only uncovered the true intent of the massive [LIBOR](#) banking fraud, but his "predictive algorithm model" also traced the trillions of "hidden" dollars to the exact bank accounts of the elite classes who stole it. In other words, Robert Holmes could NAME NAMES! Those names WOULD AWAKEN THE WORLD to the depth of government and corporate corruption which could include members of Congress, Wall Street, Federal Reserve and EU executives and could even include US Presidential candidates and the British Royal family.

The motives for the massacre are:

- 1) To silence whistle blower Robert Holmes whose son is now facing a possible death sentence
- 2) To influence the upcoming vote on the UN Global Small Arms Treaty which could result in gun confiscation and disarming world citizens. The UN treaty could override national sovereignty and give a license to federal governments to assert preemptive gun control powers over state regulatory powers.

## THE REAL JAMES HOLMES

James Holmes grew up in a churchgoing family in a "Mayberry" style community. Neighbors describe "Jimmy" Holmes as quiet, shy, unassuming, smart, clean cut and "not dangerous". His mother, Arlene, is a registered nurse. His father, Robert, is a FICO senior scientist.

In high school, James ran cross-country, played soccer and snow boarded. After graduating, he completed an internship at the Salk Institute and Miramar College's biotechnology "boot camp." He also worked as a camp counselor. James has no criminal or military history whatsoever.

James Holmes received the prestigious National Institutes of Health Neuroscience Training Grant at the University of Colorado Anschutz Medical Campus in Denver. The \$26,000 stipend paid his tuition for the highly competitive neuroscience program. Billy Kromka who worked with James for three months last summer in the Medical lab, said, "There's no way I thought he could have the capacity to commit an atrocity like this".

## JAMES HOLMES WAS KIDNAPPED

Two months prior to the theater massacre, James Holmes' entire world was turned upside down. That's when two "Black Op" hitmen, entered his life and unravelled it using a drug called "SCOPOLOMINE" - also known as the "The Devil's Breath".

**DRUGGED** [http://www.youtube.com/watch?feature=player\\_embedded&v=ToQ8PWYnu04](http://www.youtube.com/watch?feature=player_embedded&v=ToQ8PWYnu04)

Scopolomine or "The Devil's Breath" is colorless, odorless and tasteless and can be easily dissolved in drinks or sprinkled on food. Victims become so docile, they have been known to help thieves rob their homes and empty their bank accounts. Women victims have been drugged repeatedly over days and gang-raped or rented out as prostitutes.

In a common scenario, a person is offered a drink laced with the substance and wakes up miles away, extremely groggy and with no memory of what happened. The victim soon discovers that they have handed over jewelry, money, car keys, and sometimes even made multiple bank withdrawals to their assailants.

Scopolamine completely blocks the formation of memories making it impossible for victims to ever identify their aggressors. Under hypnosis, people can normally recall what happened to them...but scopolamine induces amnesia because the memory was never recorded," said Dr. Camilo Uribe, the world's leading expert on the drug. The drug depresses the cerebrum and destroys the power of reasoning'. There is no power to think or reason.

This is what happened to James Holmes. He claims he has no memory of the massacre or what happened. An employee at the Arapahoe County Detention Center, where Holmes is in an isolation cell, told sources: "He claims he doesn't know why he's in jail. He asked, 'Why am I here?'"

## TIMELINE

June, 2011 - James Holmes enrolls in the neuroscience Ph.D program at the University of Colorado Denver.

May 21, 2012 - Two months before the massacre, James Holmes is befriended by BLACK OP HITMAN #1 who drugs him with scopolomine for the first time. The hitman takes the drugged Holmes back to

Holmes apartment at 1690 Paris Street in Aurora. The hitman moves in with Holmes and stays undercover for 8 weeks. The hitman maintains Holmes in a drugged state and accesses his email and bank accounts.

May 22nd, 2012 - Hitman #1 buys a Glock pistol using James Holmes identification. Less than a week later, he upgrades to a shotgun. The following week, he buys an AR-15 rifle. Hitman #1 also purchases explosive materials and equipment to rig Holmes entire apartment with a complex series of booby traps.

June 7th, 2012 - James Holmes shows up on campus for an oral exam in a drugged fog and fails.

June 7th to July 2nd, 2012 - Using James Holmes email, Hitman #1 orders guns, rounds of ammunition, magazine holders, combat vest, knife, mask etc. with expedited shipping costs through FEDEX and USPS. Holmes signs for the deliveries in a drugged state.

July 5th, 2012 - While James Holmes is drugged, Hitman #1 dyes Holmes' hair red-orange and takes a photo of him. The hitman then creates a profile for James Holmes on the AdultFriendFinder adults-only website. When completing the profile for Holmes, the hitman doesn't know that Holmes is 6'3", so he mistakenly enters 6'0".

The hitman uploads James Holmes photo (above). Only days before the massacre, the hitman makes an entry on the AdultFriendFinder website site. Pretending to be Holmes, he describes his penis as "short/average". He uses the screen name "classicjimbo" with a message on top of the profile which reads, "Will you visit me in prison?"

July 18th, 2012 - Hitman #1 mails an incriminating notebook filled with gruesome sketches and details of the plans for the attack in the crowded theater. The notebook is in a package sent to a professor at the University of Colorado, where Holmes was a Ph.D. candidate until dropping out of school just prior to the killings. The package was delivered by the U.S. Postal Service on the Monday after the shootings which forced the evacuation of a campus building for 2 1/2 hours.

July 19th, 2012 - Hitman #1 drives the GETAWAY CAR to the theater and parks it at the side of the multiplex. He buys a Batman 'The Dark Knight Rises' movie ticket and enters Theater 9. He sits in the far right front theater seat near the emergency exit door. He receives and picks up a cell phone call from BLACK OP HITMAN #2, then gets up and goes over to the emergency exit door. A movie theater witness named Corbin Dates sees him talking on the cell phone and holding the exit door open with his foot. Hitman #1 jams the exit door ajar for Hitman #2.

[http://www.youtube.com/watch?feature=player\\_embedded&v=Hoaiw2jrpmE](http://www.youtube.com/watch?feature=player_embedded&v=Hoaiw2jrpmE)

[http://www.youtube.com/watch?feature=player\\_embedded&v=h4MW\\_qhAPAU](http://www.youtube.com/watch?feature=player_embedded&v=h4MW_qhAPAU)

Hitman #2 parks James Holmes' white Hyundai Coupe outside the Theater 9 emergency exit door at the back of the multiplex. James Holmes is drugged and semi-conscious in the passenger seat next to him. Hitman #2 is wearing full protective combat gear. His guns, ammunition, gas can and mask are stashed in back of the car. He calls Hitman #1 on the cell phone and gets the "go ahead" signal.

Hitman #2 gets out of the white Hyundai, leaves the semi-conscious James Holmes (locked?) inside the car, then opens up the hatchback and arms himself with guns and ammo. He straps on his gas mask, carries his weapons and gas cans into the theater through the exit door twenty minutes after the movie starts. Using the tactical maneuvers of a trained commando, he throws a gas canister into the crowd and shoots one shot into the air. The shot scares people out of their seats making them easy targets.

Gunman #1 leaves the theater through the exit door and returns to the getaway car parked at the side of the multiplex.

For 90 seconds, Hitman #2 shoots hundreds of rounds of bullets into the crowd killing 12 people and wounding 58 others. He then turns and runs out the exit door, strips off his armour and leaves a trail of blood, guns and protective gear that lead to the white Hyundai where James Holmes is sitting in a drugged stupor.

The gunman continues wearing his gas mask to hide his identity from the eye of a rooftop security camera positioned at the corner of the multiplex. After passing under the security camera, Hitman #2 ditches the mask, turns the corner of the building, then ducks into the getaway car driven by Gunman #1. The Black Op hitmen speed away.

## **ARRESTED**

James Holmes is reportedly arrested at his car without resistance.

Why was the back rear window on James Holmes white Hyundai Coupe broken? Was he locked inside? Did the police have to break the window to gain access to him? The mainstream media didn't report whether or not James was in the car when he was arrested or whether he was coherent.

ABC News circulated a false report about an incriminating statement made by James Holmes' mother. Arlene Holmes. ABC reported that when they phoned Arlene Holmes and asked her about her son being a suspect in the shooting, she answered "You've got the right guy". His mother has denied making that statement.

Take a look at Holmes' mugshot photo next to the courtroom photo. What do you see?

Why does the mugshot show Holmes in the same emotional state as the courtroom photo? Because James Holmes mugshot wasn't taken after his arrest which is standard procedure. The mugshot was taken right before he appeared in court 3 days later. His facial hair growth is the same in both photos.

Why did they take the mugshot on the same day as his court appearance instead of the day of his arrest?

Because James Holmes was too "drugged" when they found him to even stand up for the mugshot!

James Holmes has no memory whatsoever of the massacre or of the past two months of his life. That's why he is asking, 'Why am I here?' He really doesn't remember.

## **JAMES HOLMES - THE FIRST VICTIM**

12 people were killed and 58 wounded. The official number of reported victims of the Batman shooting is 70. That number is wrong. There were 71 victims!

What effect has two months in a "scopolamine" stupor had on James Holmes physical, emotional and mental health?

What kind of a deal will his father work out with the bankster MAFIA to save his son from the death penalty?

## **INSIDE JOB**

Like 9/11, The Batman movie massacre was an inside "Black Op". What is a Black Op? It is a covert operation by a government, a government agency, or a military organization. The term is also used for activities by private companies or groups. A black operation typically involves a significant degree of deception and clandestine,

illegal activities that are often outside of standard military protocol.

The ruling crime families of trillionaire royals and banksters are conscienceless. They don't care who they have to deceive, abuse, rob or sacrifice to achieve their one world government New World Order agenda.

2012, Aug 1      **Anonymous Hacks IRS Database and publishes Romney Tax Returns**

August 1, 2012 - Late last night, the mysterious group of hackers known as Anonymous successfully hacked the main database for the Internal Revenue Service. The group appeared to have a singular target- Republican Presidential nominee Mitt Romney. Romney has been criticized by both parties for his failure to produce more than one past tax return.

The Anonymous attack successfully retrieved 25-years worth of Romney's tax returns and published them without permission on major websites throughout the Internet. The majority of these websites removed the returns within minutes, however it was too late to completely protect the candidate's already tainted image.

Romney campaign spokeswoman Andrea Saul stated last week that "there has been no year in which Romney paid zero taxes". In 2008, this was true. He earned \$23,425,316 and paid \$412.18 in federal income taxes. This calculates to a federal tax rate of 0.0018%. How did Romney get his tax burden so low? According to his return, he had approximately \$23,407,000 in itemized deductions. These deductions ranged from \$78,923 for "Toupee Creators Unlimited" and \$41,826 for "Spray-on tan services" to a \$3.8 million dollar write-off for a trip to Las Vegas with potential campaign donors. The Romney family also paid salaries to their numerous employees including, two yacht captains, three pilots for their private jets, two professional dog walkers, one toupee stylist and a "live-in contortionist". What someone does with a live-in contortionist, one can only speculate. However, the \$891,064 Romney spent on an "EWS Donor Party at the Pennsylvania Mansion" might give us a clue. While the return does not indicate what "EWS" stands for, given that the deducted supplies for the party included "Venetian masks, alcohol, lubricant and various Egyptian leather accessories" it was most likely an "Eyes Wide Shut" party.

In addition to his wild nights, Romney also deducted health related expenses. These included \$127,000 for Cognitive Behavioral Therapy for a condition termed "Pseudologia fantastica" also known as Compulsive Liar Syndrome. This may explain why the Republican nominee's views seem to change dramatically depending on his audience. In fact, his recent string of political gaffes may be the direct result of his inability to keep up with the many competing "truths" he has spoken over the past year. According to noted Psychiatrist Bryan King, "Pathological liars seem utterly sincere about their lies, but if confronted with facts to the contrary, will often just as sincerely reverse their story." According to Politifact, a news organization that researches the veracity of politician's statements, only 16% of Romney's examined statements were found to be completely true
