Hard News

T: people calling up and saying they are mad as hell, can't we DO something ?

KOS, David Icke - both told Rama today that we are the ones we are waiting for AND are the ones who have the ability to remove the criminals

- as we watch things play out in London: Julian Asssange, Equador are a trigger point - the Empire is prepared to invade a sovereign nation as they have since 9/11
- This is a trigger point - has to do with changing many time lines into one time line, and Wingmakers are coming to help us - inter galactic reality a hair's breadth away!
- We are 125 days away from end of Mayan calendar: watch time collapse in on itself over the next while
- Neil Keenan has filed a cease and desist order with ICC and ICJ - all is in St. Germain's back pocket, and is under HIS JURISDICTION!
 - Beloved Ascended Master ST. Germain began the story by giving the formula to Mother's children; as they did not help the people of the planet, now it is our turn!
 - BM Mittens has to get on the train to the Void, as do the other life forms: love them as they go
- A great shift has occurred [in the minds and hearts of the collective]

Camp Loveway: guest today was an actor from a sit com: talked of a ship experience he has had in last 6 mos in the Balkans; saw a ship land, 3 tall blondes come out; he got a download which has to do with the energy of the Shekinah, the Mahdi

- this ties into the story of Kofi Annan stepping down from UN
 - former Algerian Ambassador has taken over as new envoy: Lakhtar Ramini who has come out of retirement at 78 years old
 - this is the link to Lord Maitreya showing up now, and having a link to all the different folks and the cease fire can begin
 - Syria has a key role in this story and the healing of the timelines and the ley lines, grid points, stargates, gates of Ishtar in Bahgdad: Syria is in a unique geographical location having to do with the confederation of worlds
 - As we learned in Spirit Science, the new religion is the cosmic religion and is about us; the myths, legends, magical experiences
- as KOS, David were talking to him, they were listening to Camp Loveway and Joseph Campbell and the myths - we are physical sons / sons of the most high, co-creators with Mother, and this is what the cabal wanted us not to know!
 - When Rama came in, he had no veil and saw what was going on:

T: **Neil Keenan filed cease and desist order: humungous!**

- Nada said yesterday: **Out of nowhere the Mahdi will show up**

R: the different cultures of the people of Syria will come together at the table

T: Lakhtar Ramini also said there needs to be unity at the UN Security Council level too or there is no hope - he was former ambassador to US

- 2001 - 2005, he was direct assistant to Kofi Annan during this time - so he is known
- They want nothing to do with the west, as we are the criminals!
- He was very blunt during that 4 year period: US did not like this so the Arab League likes this

South Africa: police in SA killed young people who were working in the mines, but cannot feed their families because of inflation; they were demanding an

- a platinum mine there: the US is doing the mining, taking the money and the natural resources -
- the police killed 34 of them in cold blood; the union head called it mass murder, not self - defence, tho' there were 2 guns and some machetes -

Russia: free Pussy Riot, Mr Putin - a farce to put them in jail for 3 years!!!

Myanmar: an investigation into sectarian violence that has killed some and displaced many

- There is no protection for the Rohingya people, the state gov't / police are programmed to get rid of them, though they have been there since 700 AD.
- There is a place called Arcana in south Myanmar which is where they live

US: Gen William Ward: in charge of drafting and executing US military program AFRICONA

- used hundreds and thousands of US taxpayer dollars for personal travel and expenses - an investigation after 3 years of his being on the job
- what happens now is up to Leon Panetta by end of August
- he is temporarily demoted, and may lose much or all of his retirement benefit

KOS: as England does not change the stance to storm the embassy and not honour the asylum granted to Assange - they will land in the Hague, meaning David Cameron and all others associated with him who follow unlawful orders!!!!!!!!!!!!!!!!!!!!

Music: Kadosh, Kadosh, Kadosh

Reading: **Keys of Enoch # 316** **From J. J. Hurtak, page 508**

This whole key is about the role of light and sound, and the role of light beings.

Jeshu exists in many forms, but took on the form of Adam Kadmon - physical creation must pass its coding through the Eye of Horus if it is to receive its form

Urum, thummim:

Role of solfeggio scales is important: also, each of the notes in the known scale [a, e, i, o, u] are really special sounds that communicate certain awarenesses.

Mother has said many times that people not willing to deal with non-physical realities will end up on Wolf Planet

Those willing to continue with the non-physical realities stay on this planet

This is an incredibly interesting Key!!!

Caller: Neil Keenan's order to cease and desist criminal acts to various banks- does that sound like they are going to shut down business?

R: This is a death penalty to bad business: corporations are going to get the death penalty; Rick Perry will learn a new lesson about the death penalty

Caller: So this is a far reaching document - Yes!

• Rama heard about it today: they are not really waiting, just collecting info - will be a terrible shock.

R: Black Magic Mittens and his sock puppet are in Florida drumming up supporters - want Ryan's mother to come on stage and say vote my son in;

T: these 2 are mass murderers

R: as Bernie Sanders has described it: they know what is coming, and that is the Hague - he voted for the

war. Paul Ryan has played with the markets too

- the members of Congress have received billions in bribe money from Israel - they have no shame

Caller: is this in addition to the other things NK was going to file?

R: Yes, there are the bonds which have now come to light; there is a huge revolution in terms of the global structures. This cannot go on, as Max Keiser has said - there is nothing backing up the holographic economy.

- Yes, Ryan has had his fingers in the till. Eliot Spitzer talked about this on **Right, left and Centre:** how patriotic is it to hide your money in a Swiss bank account? And he has an Amschalt account & needed a minimum of \$50,000 to open it.
- and Westinghouse/GE was never meant to be a bank; Goldman Sachs, JPMorgan are going down and all they have to show for it is 450 BILLION+ years of entrails all across the galaxy!
- So they are inter galactic war criminals: Faction 3 will be the ones going after them
 - the 38th level above the President IS THE MILITARY. What is in the 38th level is the ACIO: the Alien Contact Intelligence organization = the Ashtar Command.
- They are NOT waiting for anything: this is the commencement
 - one trigger point was the Julian Assange event & the Brits demanding Ecuador turn him over
 - Another is the death of the 34 miners in South Africa: people are calling Pres. Zuma a murderer because he had no need to kill the protesters as he did

Caller: so there is much to get Ashtar involved

- Yes, the timing has to be right; as the Brits use their brute force on the Equadorean Embassy and have their weapons out, that is a violation!

Reading: back to the 316th Key of Enoch.

Quit at 1.45 minutes.

Hour 6 **Music:** Cat Stevens

Audio: from Pirate TV

This is an hour long audio by a panel that discusses a number of initiatives that members on the panel are either doing or know about that can help local people anywhere address their questions of self-sufficiency in the face of globalization and the influence of transnationals.

Globalization is the rapid expansion of something that started 500 years ago - Europeans dismantled self-sustaining economies; it has changed somewhat in 20th century - the trans national businesses have grown so large they have taken over gov'ts etc etc etc. In order to compete, the big corporations are demanding more and more de-regulation - major implications for the environment and for people

One speaker: those who are happy are those who know they are not alone in the world

Speaker: small business owners are angry at environmentalists because they think they are the ones responsible for the degradation of the environment! Need to articulate an alternate agenda

- need to adapt commercial activities to local bio-diversity, local environments
- talks about local food industries and their contribution

Another speaker: contest between 2 globalizations: corporations in service to money and people in service to idea of power residing in real people who recognize their location on earth

- to create organizations that adapt to earth, to place, to the local everywhere, including below the soil and the agriculture that enlivens the soil

Speakers from Seattle: about creating community, about creating self-sufficiency about creating awareness of the earth, the planet we live on

Another speaker: talking about evaluating life/how we get on by looking at living systems

- looking at things like community banks which supply money locally and keep it circulating
- discussion about permaculture, reducing consumption, and many other topics
