Hard News:

R: Stephanie Miller - Guest Judy Tenuda , a comedian, one of the best

- The only thing you ask a woman about her eggs is "How do you want them for breakfast?"
- As Cindy Lauper said last night on Ed, what Obama has done opens up the way for our friends from far away to be treated equally, too
- What Obama did was bring it to equality for all folks - goes beyond any stories about what is correct or not, or what we have heard from the so-called info we get from other life-forms.
 - Mother will address this issue; she has some answers about the very, very ancient story which goes back when we were balls of light travelling with Mother / Father god.
- We are in the Sat Yuga Golden age - the best thing that could happen is what he did yesterday,
 - this has really changed the conversation, and exposes a new understanding of a new kind of conversation - if we are gay, or our family members, or if we are not from earth - this brings a whole new level of respect - Divine human rights, not just human rights

T: Hitler did a project to change the gender of the human race with the intent to reduce the population

- he did it by reversing the DNA code and the children he worked on were twins, who all died in the process.
 - This is how the huge population of gay and lesbians came about; there is a dispensation; rights are rights and we don't make people less for something done by a maniacal character.
- Society is now the culmination. Best described by the title of a book that Thom Hartmann wrote some time ago: **Unequal Protection** - this is free on truthout.org - can print it out
 - Other side of inequality is prejudice of all kinds; the money situation depicts this
- Marx wrote 200 years ago that capitalism can only last for 200 years or less; time ran out a while ago
- The abuse of Capitalism has gone on for a long time; it shows when society has a 1% and a 99% under the control of the 1%: in fact, the controllers are really 1/100 of 1%
- The big story is that the Koch Bros have been issued an international warrant for their arrest by the ICJ;
 - Interpol has been handed the documents to pick them up; Interpol is in 190 countries

R: there are arrests going on now; there's a real shakeup going on in terms of the change being discussed:

- the issues are becoming more black and white as time passes
- Heard that Mittens will have to drop out of the race as he is a fraud
- goes into deeper stories that he was involved with Bernie Madoff, Gov Chris Christie, Marco Rubio: major blood on hands of Mitt, Bernie

R: Mittens will have to answer to some troubling stories that are coming to surface

- As Obama has talked about the issue of bullying & what Mittens did in high school & harassed some people he did not like -
 - brings in the larger story talked of by many: the Trayvon Martin story and hate crimes
- What is being directed at the unique man holding the Oval Office - it is so unique for this man to be holding this office with his particular background and 19.5 degrees
 - this has been orchestrated down to the nano second by the Great Divine Director
 - farthest thing in anyone's consciousness that is is happenstance
- Met an archaeology prof today on the red star kachina, blue star kachina and the line-up with centre of Milky Way Galaxy - some folks say it will happen next year

T: Has to do with the long count of Mayan calendar - happened after Oct 28 - Dec 2011; already here and we have experienced it

Caller: spoken of gay people: what about transexual?

T: B O spoke of LGBT group - covered all them; speaks of Rama's background in Egypt & was bi-sexual

- Because of genetic manipulation by Hitler, there is a dispensation - gay people are born like that - so their sexuality was misused and abused by others

- what is happening with the reptiles and others is real abuse - doing it to children, etc - getting into it and getting addicted to it for the sake of abuse is a different story
- There is also a small subset of primarily women who have had such abhorrent experiences and abuse from men that they are afraid to be involved with men at all

R: Mother spoke of this in the separation of worlds, when Jehovah, Lilith and Lucifer were playing games across the galaxy and separating the heart and the mind; and creating anomalies in DNA structure and when we dropped down and now we are going upwards again, back to wholeness & oneness

- Randi Rhodes spoke of this: if one is with a partner and brings the frequencies to higher level of love where it's not just about sex: when 2 souls come together, when soul mates come together, as you work with your soul mate, it brings the Twin flame in [soul mates are not Twin Flames]
 - El Morya and Kuthumi were twin flames in male bodies - they did not consummate in physical

T: In physical realm, El Morya over shadowed Arthur, Kuthumi over shadowed Guinevere so they consummated it in the physical, in the male and female form

- In male-male partners, one of the males had high oestrogen amounts, like women; the intent was evil - to move in more reptiles and have them take over the planet; in female-female, one female has more testosterone - for same reason

R: to create a slave labour race - David Wilcock talks of this: 25,000 years ago, all of the neanderthals disappeared over night: what happened to them has to do with the genetic manipulation of changing the different species

- this happened before destruction of Great Crystal - things happening in atmosphere, on the land - had to do with sons and daughters of gods, sons of daughters of man, twisting the codes and dumbing us down from 12 strands to 2 strands of SNA - so things were forgotten because we started to forget, thanks to the intentions of those who made the DNA changes

R: spoke to Katherine today [KOS office] - we are in the change over at this very moment - we can see the changeover and the difference is clear

- it is clear what Obama is doing to move the country forward, and Mitch Mc Connell is moving backwards: don't want same sex marriage or equality - want to take us back to poor house, prisons

T: short items from **Mosaic News**

- South Sudanese accuse Khartoum of cross border shelling which is denied
- Yemenis renewed demand for re-structuring the army before democracy can be talked about
 - nepotism is still going on; the former president is still in place - they want him out
- US confirms Al Queda underwear bomber is an FBI informant

R: a total shake-up going on in all 3 branches of gov't - cleaning out the houses and the clocks of everyone

- when it comes to the final moment, the Pentagon, are aligned with KOS, forces of light
- there are also folks that we think would not be arrested that will be arrested!
- The ones at the top, the Joint Chiefs, who sit privately with KOS, Obama, Michelle - they know the story that has to change in the twinkling of an eye
 - go from talking about Bill O'Reilly, Jerry Springer to the ancient story, the Tigris - Euphrates area, and the whole gamut of a quantum, spontaneous awakening & so on

MR: the ones arrested that we don't expect to be - who might they be?

R: folks in Congress that you think have been on the up and up: eg, Sen Lindsay Graham - voted with

Congress to go to war in Iraq, Afghanistan; also sold secrets -

- Sybel Edmunds knows about this from her work as a translator; she was on RT tv last night

T: Thom Hartmann spoke of 9/11, rummy and others

R: this brings in the technology that was used;

- Dr Judy Wood - where did the towers go?
- Jesse Ventura's questions still unanswered -
- those who ask too many questions just disappear - those who did 9/11 will be held accountable

T: yesterday, Netanyahu got together with the opposition to create a coalition so he would not have to have elections - Israeli people are livid, in the streets!

- So are the members of his Likud party. Big corruption call from within the party

• **Egypt:** Akman Shafeek got back in race; Omar Suliman got barred from running

- they are fighting to get the military from Mubarak's regime out of the running
- there is a constituent assembly working on a new constitution
 - as soon as all groups get close to agreement on issues, something else happens
 - Issues are: presidential election & formation of the Constituent Assembly

presence of an invisible hand trying to postpone the adoption of a new constitution

• **Iraq** Tariq Al Hashini, VP of Iraq - how he is handled is going to be a template for how all officials will be arrested of the 100,000 criminals & the sealed indictments that Fitzgerald has in hand

- they are all involved with the US as the US is the seat of power in the world
- Maliki is a criminal too; he wants to give up his seat -

MR: why did they do the citizenship thing [Michelle Bachman & husband] and then revoke it?

T: Michelle Bachman was the only one, not husband

- Ed was surmising that she is a double agent
- she takes her orders from the Trilateral Commission!
- T thinks there is lots of money involved in the Swiss banks, and think they can get better access to it there - she does not want to get arrested, but she will

R: Mike P sat in for 2 days for Ed Schultz - talked of the rollovers, and how yield gains, how those with \$5000 took it to the level where Bernie is in jail;

- this is about the takeover of the banks, the revoking of the Glass Steigal act & turned them into gambling casinos - like money changers in the temple

T: Interpol issued an international arrest notice demanding the handover of Tariq Al Hasimi - who fled Iraq and is accused of supporting and financing terrorist operations, 300 charges in all, including the killing of 6 judges in Iraq

- Sec Gen said the issuance of the red notice for him will hinder his ability to cross borders
- Al Hashini's case shows the commitment of Iraqi authorities to work with the world police

• Interpol in the French city of Lyon asked for help from its 190 member countries to track him down

T: reads the transcript of the conversation between reporter, representative of Interpol

Interpol is responsible for basic legal provisions

- He is in Turkey, and Turkey has 24 hours to hand him over

Reading: Japan: another quake could hit Japan - 30 million live in and around Tokyo + 1000s of countries

- effect of a quake under Tokyo
- the Japanese are being prepared - they are leaders in this area, they are disciplined
- the oriental people are on the golden yellow ray under Lao Tzu - peace for 800 years

- Syria: at least 55 people have died in downtown area of Damascus; near a building housing the

intelligence agencies - the bombing is being blamed on the opposite side

- the truth is it's the government [of Syria] doing this!
- The other loose cannon on the deck: in the 1920s France was involved: Sarkozy in bed with Hillary.

Caller: question about the info about the sexuality - had heard and read some info - that the HAARP equipment was used for more than weather modification; another aspect of this machine is that people's sexuality can be changed - any idea of this?

T: yes, Tesla technology has been adjusted - millions of people have been programmed

R: they can play with your genetics if you play with the dark side

T: you start the process by playing in the darkness

Caller: one's spiritual position and dedication to light would be a protection of sorts?

T: the violet flame is a shield - it's extremely painful to them as they have no heart

- it is not just the blue bloods - there is no one who not part of the 13 families
- the Khazars are the top ones of those families; they are not human

Caller: this technology was in place during Hitler's reign?

T: Hitler genetically modified all the races - took twins from each colour, and changed DNA in one of the identical twins and watched to see if they could produce a gay one, and they did

- They did initiate through the DNA and the physical
- when you come into divine love, you stop going through back doors which is not the proper use of the body - which is what happens when not in the divine love

Caller: he had no idea that El Morya, Kuthumi were related as such - did they really manifest as Arthur and Genevieve - **T and R - YES!**

Caller: what the latest with Keith Olberman?

T: Keith is still in litigation; got a hint last Friday on Bill Maher's show: I gave my million to B O

- Brought up Keith O - what he was hinting was that Keith gave the \$ to Obama, which is why Gore turfed him. Quite sure it was done through BO's Super PAC
- Gore is a criminal
- Eliot Spitzer knows what's going on; he protects Stephanie Miller and others - has her back!
- Keith will be back; suing Al Gore for breaking his contract
 - latest Tweets: negotiations are ongoing; I will come out on top!

Caller: with Fitzpatrick & indictments for mass arrests - what keeps him alive?

T: white knights, KOS; he has a bullet proof car; guards like Obama and the others - there are 20 million militia forces - Interpol is crawling all over the planet - they are shaking in her boots

- why Michelle Bachman is shaking in her boots -
- Ben Fulford is good for saying that the Tony Sopranos of the world will no longer do their dirty work.

Caller: for those who still have to pay income tax - good to forget about it at this point?

T: best thing is to learn how to become sovereign - we have to learn how to do this

- the first 72 hours will be lesson plans
- then 6 weeks after that . . . not completed
- the ability to do sovereignty takes knowledge - can you delay paying the taxes?
 - anyone who paid taxes since Feb 2007 - the IRS has taken it for the criminals

Caller: will the population be grandfathered in after NESARA? [ref to sovereignty]

T: people will be re-educated and all will learn it

- After N, will only be 15% - no longer a tax on work
- re-education is an absolute from the tiniest ones to the oldest ones
- getting involved with sovereignty should have started as first we heard about it
- She and Rama have been such since 1993 - classes for 2 years solid and they are done
 - we still need to know what the rules are

T: Taxes never went to the right place - only went to secret government and never helped the people

T: Reading about the Syrian situation

- yesterday they shelled a convoy, injured 30 people
- Sarkozy / the French still have Syria is a colony - he is in bed with al Assad
 - they want to bring in NATO and
- Damascus has been plagued with a series of bombings on gov't buildings since January

TPP - Trans Pacific Partnership -

Greece: political parties having troubles creating a government

- Euro countries have decided to hold back some money to Greece
 - [Doing the same in Spain who nationalized on of the bank]
- Angela Merkel looked pretty ashen today - the German people doing well because Germans have unions and 50% of the Board members have to be workers; US unions do not do this.
 - Germany has lent some of their wealth to the others and does not want to do it any more to the Mediterranean country and Ireland ;
 - time for Angela to go to the world court & tell what she knows

MR: about getting a card for T & R: **can only go through Robyn**

T: don't worry about Chicago - Ashtar will come in if they try anything - can't trust the police

- It's a NATO summit, not a G8 - the G8 is secret at Camp David - Putin is not coming, Medvedev is;
- Rama heard that Obama may spill all kinds of beans at the G8 - will need lots of protection
- Chinese ships are blocking the shell / shoal [?] - supposed to be Philippines land but the Chinese are raping everything and there is gold there too
- the Ashtar Command are not going to let this go on - nor in Syria
- Arrest our criminals is a good place to start - and BO will sign on to ICJ [already signed on to ICC]

Mother:

In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St. Germain and the Violet Flame

T: for the greatest of love that you carry to be in the hearts of all on the planet, that we can go deeper into all the records of all the life times we have been on this planet and ask for forgiveness at the deepest level and to be aware of all we are not aware of and that healing is at hand for all

Greetings, Children of Ra:

- the energies are high for the manifestation of miracles in the moments
 - All that we are experiencing, witnessing is leading to our ascension at this time - miraculous events unfolding in the present time; it's about the freedom and the joy unfolding in this moment
- this one who has taken it to the next level and said equal rights for all life forms no matter who and what you are concerning how you come together in divine union; it's a bigger deal than just civil unions - it's a huge story that has made waves across the galaxy - it's about the love coming in for equality, divine human rights, divine human rights for all life forms; how we best deal with each other
 - We pushed this man on to the stage and talk about next step - which is US! [we the people] - and implement the activities that are occurring as we are on your doorstep - time to open the door and tell the story which has already gone up a notch or two
- We may find ourselves in a different time space, reality as it is not serving the whole of the story; it is about the whole of us at this time, as we are creating an opening in this anomaly of the moment
 - we are visitors from your future, the outcome of the story we know and it is glorious to behold!
- The freedom at the same moment as the insanities at such a deep level that we need each other to wake each other up, gently, lovingly, with kindness - the energies are intense on the planet - things come up, things get blown out of proportion and things happen - this is what is happening in the moment -
 - Things get a bit twisted and changed and then ideas are bandied about; one group of life forms may have issues with another group and here we are 25, 860 years later -
 - now is the time for love, now is the time for peace.

- There are anomalies across the planet - in some places the bombs don't work, nor the tanks etc
- Right now, today, there were 3 mass coronal ejections - M Class flares and the sun is going through its shift

T: quadro polar shift? The coronal mass ejections could have been worse if not for the quadro polar sun?

Mo: Yes. The issues coming about are about the transformation of us all at the moment.

- We need to remember this: they are begging for us to jump into the fray with the hate crimes and the pitting of one against the other; the intensity of what everyone is feeling as we all go through this - it is about the healing that has to occur now, for all

T: a special archaeologist that Rama met today - knew Timothy Leary and Ram Dass; still friends with Timothy Leary's wife - he said Mother Earth is aligning herself cosmically with the Dark Rift in space, Mother's yanni - all the pins are in place.

- The mass coronal ejections are affecting everyone and resistance is painful to them - he talked about the 2 mile high glass structures on moon and on Mars - built by a galactic group living there - they threw us off the moon and were told not to come back!

MR: who was the one talked of the glass structures on the moon?

Dr Hoagland! - has been revealed to many people, maybe they didn't believe it

Mo: the man shared the story with Rama - there are 2 monoliths on Mars and they are emitting sound signals in a language not known to the people of earth. This is right out of the movie **2001**; it is a message that we are knocking on your door -

T: it is the Elohi sending these sounds, and NASA is freaking out because they know they are not in charge of anything, and they can't stop it. The Russians and the NASA know about it

Mo: this was known when Arthur C Clarke and Stanley Kubrick made **2001**, and **2010** - these movies are about first contact.

- It would be nice to sit at the dinner table and discuss how to fix things

- It has to do with the separation of mind and heart, and this is what our grandson, on the planet, does best; he opposed to same sex marriage, and says Mr Obama does not want to discuss economy
- T:** then Rama ran into someone else he knew; R used to work for them at the NM State Library which is where he met an ET in the basement; the sub library has 10s of thousands of books there and is far as the eye can see
- At the $\frac{1}{2}$ mile, you find doorways; you need retinal scan to get in and then you get on the mag level train - it goes all the way St John's college and from there, to the Bruton Vault in Williamsburg, Virginia, and in 18 minutes!
 - Anyway, he met his 2 former bosses and they all talked with the archaeologist - the two Sikhs did not know how much Rama knew and want him to speak at the temple
- the more people understand the transition, the more help there is - only 2 groups: we the people and the others
 - Obama in the G8 may just drop the dime and say drop ALL nukes; Thom H was saying today that China is laying plans to create 30 more nuclear reactors; saying they are ahead of the US in terms of polluting; Enron has a **\$40 Billion** contract to set up a plant in Texas to blow up . . .
- Mo:** Obama going to begin talk about zero nukes - may begin as soon as G8 meeting - global zero nukes.
- Already some are being dismantled - there are stories about us [galactics] coming in and neutralizing war heads. The action across the planet is to remove the nukes completely
- T:** www.globalzero.com the G8 people does not include China - how will they hear of it?
- Mo:** will hear it later - a delicate dance going on that Fulford only hints at - the whole story is that the people of the orient are about the Pleiadians, the Vegans - to do it with peace
- MR:** all the ads on TV are about drilling for gas and that fracking is good - is there any end in sight?
- Mo:** yes. As the money disappears faster than they can keep up, they cannot continue with the thoughts that do not fit in with the universe
- T:** the new money system will take the money away from the cabal / rich people
- Mo:** they would like to keep the story of never ending nuclear cycles, but as \$ is gone, cannot go on
- their thoughts don't fit in with cosmic thought
 - next level of energy is nuclear fusion - like what happens with the sun
- MR:** it's such a destructive thing for water supplies and in every way;
- does not seem that we are seeing it stopped in the physical; wants to know what is going on behind the scenes
- T:** yesterday Enron is building a \$40 Million plant to do fracking - and other companies will join them
- On April 24 call, Ashtar talked of **Tokyo inundated with radiation**; it is pouring into the sea, too
 - this is going on because the people need to wake up
- Mo:** the people are being saved & radiation is being mitigated but this story is not told in the MSM because it is not profitable
- T:** will only stop with arrests, announcement of Nesara, the distribution of money - giving the light workers as much time to wake up all the way as they can't give people money if they are not awake, as could repeat the cycle
- Every time they give us a little more time, as Obama has, it changes history
- Mo:** The fundamental change that he spoke of yesterday - watch what happens across the planet as the good people of the cloth come to the altar and begin to discuss the stories of how this goes beyond male/female;
- it is about beings of living love, living light, not body parts or gender
 - it is about the divine frequencies of co-creator gods that radiate that frequency that is like

the sun Sol, like Helios and Vesta, and like Alcyone and Mother - we have that ability, we are that magnificent in our awareness.

- we are sons and daughters of the Most High and we have the ability as co-creator gods to do this - this is the biggest story that ever was

T: another aspect: on Al Jazeera today: report of a new ancient language discovered: clay tablets in ruins of a palace in SE Turkey, on Iranian / Iraqi border yet still on Turkey's border **[SEE BELOW]**

- David McGuinness - to discover a new language is extremely rare! The people already knew and were probably deported; the Assyrians had a habit of doing this
- The intent was to break the power of local societies and make them easier to rule. They were enslaved - once language is decoded, will have a whole new story

T: the Ashtar command will not let this planet go down! Many people are getting a good look at what is going on right now and seeing that it is very naughty!

Mo: in the last few moments, taking it to next level of who and what we are in the destiny of the planet's story and our story: we are intricately connected

- as she is ascending, we are ascending; this affects every living particle of matter AND anti matter and this has stirred the entire universe
- It is lining up with our yanni - watch the events unfold with beauty, grace and dignity
- as you approach this Mother's Day, watch the Divine Mother do her cosmic dance across the universe - the whole of creation, the energy which is goddess - that is Happy Mother's Day!!!

2012, May 10 **Ancient language discovered on clay tablets found amid ruins of 2800 year old Middle Eastern palace**

<http://www.independent.co.uk/news/science/archaeology/ancient-language-discovered-on-clay-tablets-found-amid-ruins-of-2800-year-old-middle-eastern-palace-7728894.html>

Archaeologists have discovered evidence for a previously unknown ancient language – buried in the ruins of a 2800 year old Middle Eastern palace.

The discovery is important because it may help reveal the ethnic and cultural origins of some of history's first 'barbarians' – mountain tribes which had, in previous millennia, preyed on the world's first great civilizations, the cultures of early Mesopotamia in what is now Iraq.

Evidence of the long-lost language - probably spoken by a hitherto unknown people from the Zagros Mountains of western Iran – was found by a Cambridge University archaeologist as he deciphered an ancient clay writing tablet unearthed by an international archaeological team excavating an Assyrian imperial governors' palace in the ancient city of Tushan, south-east Turkey.

The tablet revealed the names of 60 women – probably prisoners-of-war or victims of an Assyrian forced population transfer programme. But when the Cambridge archaeologist – Dr. John MacGinnis - began to examine the names in detail, he realized that 45 of them bore no resemblance to any of the thousands of ancient Middle Eastern names already known to scholars.

Because ancient Middle Eastern names are normally composites, made-up, in full or abbreviated form, of ordinary words in the relevant local lexicon, the unique nature of the tablet's 45 mystery names is seen by scholars as evidence of a previously unknown language.

The clay tablet text originally formed part of the palace's archive – used by local Assyrian imperial officials to record their administrative, political and economic decisions and actions.

The 60 women (including the 45 with evidence of the previously unattested language) were almost certainly being deployed by the palace authorities for some economic purpose (potentially a female-associated craft activity like weaving). Indeed the text mentions that some of them were being allocated to specific local villages.

Typical names, borne by the women – the evidence for the lost language – include Ushimanay, Alagahnia, Irsakinna and Bisoonoomay.

Now archaeologists and linguistics experts are set to analyse the mystery names in even greater details to try to discover whether the letter-order or letter frequency shows any similarities to previously attested ancient tongues to which this mystery language could be related.

The 45 women are thought to come from somewhere in the central or northern Zagros Mountains – because that is the only area in which the Assyrians were militarily active at the relevant time where the ancient languages are still largely unknown.

It's likely that the women were compulsorily moved from their Zagros Mountains homeland and assigned to work near Tushan sometime in the second half of the 8th century BC – probably as a result of conquests carried out in the Zagros by the Assyrian kings Tiglath Pilasser III or Sargon.

The excavation of the palace at Tushan is being carried out by a German archaeological team directed by Dr. Dirk Wicke of Mainz University as part of an archaeological investigation into the ancient

Assyrian city led by Professor Timothy Matney of the University of Akron in Ohio. Full details about the discovery of the mystery names are published in the current issue of the Journal of Near Eastern Studies .
