Opening Meditation: Angelsu

Mayan Calendar: Rainbird

We started the wave on Nov 1, so each date is the same as the tone of the day

10th Sat: 10 CIMI - 10 a manifesting #; manifesting transmutation

Destiny pattern for 13 MULUC / solar eclipse day: there is a rock with only this date on it, a Mayan date - guided by the Skywalker, the energy of focus in our journey; the tone supporting us is Oc the dog, unconditional dog. Our occult guide is Chiccan, service - we are shedding o???

Cauoc the storm is our guide - about lighting pure thoughts

This is a moment of birth - smells like Nesara to her!!

T: Cynthia was talking of the rock that had only one date: the Mayan date translates to Nov 13 & it is

R: thinks it is in the Pacific - search for it under "Robinson Crusoe Island" - she also talked of the angels of Miraculous Rescue

It is a solar eclipse that day, and the Mayan date shows the date of the solar eclipse

T: has something to do with what is going to happen: it is a black box day which means that what is in the way of the miraculous event is removed!!!!

MR: Is the 13th as the day the markets fall?

T: Yes, and it's a **black box day: nothing new in the sun will happen that day and anything in the way of what is supposed to be on that day will be removed.**

MR: in Indiana, property taxes are due on the 10th, but they have until 13th - the Courthouse is open again on the 13th by the time we get past Armistice Day and closed gov't offices open again.

Housekeeping: Tara T & R are the official spokespeople for Faction 3

Calling for the Angels of Miraculous Rescue!!!!

Annie Rose:

- eclipse is in Scorpio and will square certain signs - Aquarius, Leo and be in opposition to Taurus squares are not negative, they often force action to occur
- Any action taken near an eclipse has more importance, is more powerful - wise to postpone major decisions until a week after an eclipse occurs
 - activities begun in that week after are important, but lack the element of surprise - we will know where to go and what to do; we should follow our intuition; vibrations very strong after an eclipse
- Yes, it IS a good time: we can make proper judgements and evaluations of events - we will be able to see clearly

T: Angels of Miraculous Rescue - is it for 22 degrees Leo?

AR: Eclipse @ 21 degrees 57; sun 21, 13; moon will be at 21 degree, 57; they sit on top of each other

- There are trines also to think about -
- this should be a transformative time for those with
- This eclipse will have effects for 4 - 6 months after the event!
 - The country is a Cancer: it will be trined by the eclipse: Cancer in Pisces will be trined in Scorpio
 - So good things will come of it - will take 4 - 6 months to straighten things out -
 - Because it is Scorpio / Libra - monetary things affected

Rainbird: Angels of Miraculous Rescue are Scorpio 22 degrees!

T: we can't get away with anything! The angels render people assistance by intuition -

AR: the new moon and the eclipse will give us the drive, steadiness will improve; wisdom will have it to accomplish aims of coming months - will push them into having to take action.

- Scorpios are very private, very individual, yet this eclipse will be like a melting pot - they will hear from people, they will reach out to people, there will be an expansion in their lives, in all phases

Aries: new moon & solar eclipse - will make us look introspectively at selves and situations

- this is good - will awaken us to new visions of what we really want
 - will also give us more drive to go after what we have feelings for
- Taurus:** have new phases of how to reach goals - a new partnership
- may have someone new come into their lives, or a new look at someone already there
 - will dismiss negativeness and doubt
 - the eclipse will happen late in day: as soon as it is over, they will be able to breathe again - no more heaviness in the chest
- Gemini:** need for change in work health or service routine - they will find easy ways to get over bad habits
- will find there could be misinformation from a partner or someone else; their psychic ability will shine
 - may experience someone new coming into their lives or re-entering
 - they will be more concerned about creative work, healing of old hurts
- Leo:** eclipse will happen in home sector - affected over next 4 - 6 months
- not the day to jump to conclusions or accept all they have heard - words of others need to be analyzed
- Virgo:** thinking of getting together for the holidays - Thanksgiving, about travelling
- own need is to have an opening for a new perspective - will push people into making decisions
 - making the decisions will be easy
- Libra:** Scorpio is their 2nd house - will affect finances; a 6 mos financial impact - might completely overhaul their handling of finances - love pretty things, pastels not bright colours; when it comes to money,
- not always consistent - they will be pushed into making financial impacts that will be positive
- Scorpio:** eclipse happening in this house, so it affects you personally
- will give them strength, wisdom to accomplish what they want to accomplish - they will get their way
 - should try to spend influence on others - should not be afraid to impact others
 - should let people know what they really think - they are deep emotionally, mentally - they do have answers for problems but they often hold it in - spit it out
- Sagittarius:** going to cause a karmic overhaul on their inner psyche - for self-betterment, self-improvement
- they may feel a lot of confusion during the transition - wait until Wed or Thursday what you want to do for your own self - aggrandizement - creative thinkers
- Capricorn:** will stress the importance of friends in their lives: at least a month, they will be involved with others - Mercury retrograde brings people back into their lives - a good thing - relatives, friends or both - will have to make a fresh start with these people - a good thing
- Aquarius:** in their professional life, will find there is a need to express publically
- changes over next 6 months!
 - need to watch their money - should also budget their money for the holidays and Christmas
- Pisces:** a possibility of new ideas, particularly in the realms of travel, litigation
- will feel need to strengthen ties with people far away - pick up the phone yourself!
 - always concerned about the feeling of others - afraid to make the first move to get to others
- For everyone:**
- during the 1.5 days before, she hopes people will postpone making final decisions about what to do think about how best to serve self and others
- Caller:** for last couple of days, she sees that she has lots of appointments on that day

- She is a Taurus - there are difficulties in the job, stuff in personal life, dreams about old issues; is it about resolving them?

AR: you will be pushed into making a decision about a new phase of a relationship: you will say what you think about the suggestion made: you have a habit of biting your lip and not saying what you think

Caller: thank you for being right on point!

AR: we don't have a lot of eclipses, but this one will be major! Cancer, Pisces will be affected positively

- like stepping off the sand on to a concrete sidewalk!
- It's been a dismal outlook for the stock market, but there are other ways to have positive results with finances
- Keep the people on the east coast in your prayers.

Rama: Talked to LM Nada, Queen Moor, a lady Doctor from Iran

- Has to do with the next step, the free energy Dr Keshe is bringing forth
- Heard on **Mosaic News** that US was playing with their drones over international waters 16 miles from Iran; Iran shot at them, It was reported as an attack!

Eliot Spitzer there was a young man on the program

- Hillary is going to resign - she had advanced stomach cancer and not doing well - date not sure
- the young man suggested that Bill Clinton be the Sec of State

BOTH OF THEM HAVE SEVERED TIES WITH THEIR HANDLER, Hillary

- Bill has been helping Barack because he is free - and so is Barack!

Journal News: story of EU and it is already collapsed: trying to blame it on Greece

LM Nada: by the 13th the entire global market could take a nose dive - and Queen Noor was with her again

Guest: Claire

- lives in Hawaii; what ancient Lemurian things might be connected
- Have just passed Oct 31 - the day Lemuria sank; the re-election of Barack fulfills the prophecy
- Hawaii was a continent that took in America, Canada, all kinds of islands, Australia
 - the history of Lemuria went underground - the gov't swayed into an Atlantean way of governing
 - these ways are crumbling: the financial stuff, the way media creates division
 - Lemuria use only words of love - who we speak of is who we are;
 - **only speak words that you want to see come back to you**
- In Hawaii, these words are more powerful than anywhere else
 - They are at 19.5°, the same latitude as Egypt - Hoagland speaks of the healing power; the same healing power of Hawaii being channelled into the geometry of Washington, DC to re-create the energy of Hawaii
- Lemuria is rising: the Lemurians lived in 5th dimensional reality; they could levitate, they worked with the stars and star people - Pleadians, Sirians, etc - all on the earth came from other places
 - We are all one, we have the same god power, as we learn to channel that energy and become more awake; all of this energy is awakening us to become more 5th dimensional
 - as we learn how to direct our thoughts to only love, we create the new world and we will understand that immediate manifestation will happen for us
 - we only want to talk about what we will create, so be aware of the words coming out of your mouth: what you speak is what you want to create
 - We win together; we hold hands together as we walk together

- The prophecy of Obama walking us into the *Golden Age* - he knew that when he was in high school
 - he is very aware: he knew of the prophecy - follow our hearts,
- many spirits are being called back home - their hearts call them to take the next step and the doors open - could be Arkansas or the Caribbean or Egypt or wherever

MR: in the past, she has remembered what she did in Atlantis; last November, she met and worked with someone else in biological farming. When she connected with them, they became aware of coming back together to finish something they started in Lemuria. Also about expanding the time to get things done; never had a personal connection or remembering of Lemuria, only of Atlantis

Claire is on **Facebook**; has a **Lemuria page** there too

- Facilitates Galactic Federation of Light channellers - SaLuSa, Nidle, others
 - sees the consistency of info about government, finances, beings will be landing soon
 - They also are being uplifted, expanding due to influence of Great Central Sun
- Events happening now were meant to put an end to what they are doing - love governs the universe; we have an eternal spirit within us; we are incarnated at this time to bring in the *Golden Age* - as we believe these thoughts, as we focus them on the creation of a new existence, we will manifest them

Cathy: we read the same messages - are on point with Claire

Caller: What is my responsibility towards the future? What will I be doing?

Claire: You are an Ascended Master in physical form: you choose by listening to your heart and thinking with your mind. Look at being in service to the creator within in you - this is your main responsibility to find out what you want to do

- If I could get paid a million bucks to do nothing at all, what would it be? Anything that inspires you is what you are meant to be doing - you are not limited
- About **natural time: what used to take a year, now takes a minute**
 - Be aware of what is around you: **time is no longer Gregorian time, it is natural time**
 - time will be 11:11, mileage will be 12: 12; gas station will be 44.44; her clients are also in synchronicity - **seeing numbers line up means we are in alignment** - whatever I am doing is what I am supposed to be doing.
 - Watch this in your own life - seeing the synchronicity; hearing what people say to you - all these things help guide you as to your choices.

Caller: who is my mentor?

Claire: she **focusses on the question of who is guiding me?** Who are my guides? She will have pictures of who they are: the first person she saw was Merlin, looking like Leonardo

- Your Higher Power is your foremost power; you also have angels - she also calls in ML King, Mother Mary and others - of the many thoughts in your mind, there will be one voice that is louder, feels more right - something you can
- Practice the art of intuition, of following your heart. The power of the creator is asking the best question - for yourself and for all others involved here - as we bless others we bless ourselves and the answer to our question may come from the next person who comes to you.

Tara: it was music to her ears to hear someone else say what they have been saying for so long!

Rama: 19.5 and the man with the plan is here

Claire: the *Golden Age* has very much started: this part of the calendar started on Oct 28th - visualized it happening and bring it on - many people are being called forward.

- She helps people find what is in their hearts & it is not always about real estate - people will get a vision in their head and go to a place and meet someone who has the same idea in their head: a synchronicity - welcome that and connect with that place
- We are dreaming awake right now - we are dreaming and in physical form, and we create instantly
- When we sleep, we go elsewhere; in our bodies, we can create the world both inside and out.
- Every spirit has this power to love: the universe is calling us to love - time to use the power within us
She describes the experience of being on a particular property -
and a whole lot of other experiences - **really worth listening to the tape!**

Mother:

Greetings in the Light of the Most Radiant One! In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

- T:** we ask for the energies of grasping, the cosmic flow of all the timelines converging now - that we can grasp this cosmic turnaround and be on our way to the Cosmic Dispensation for earth
- There is a special dispensation for Washington, DC as Hoagland said - has to do with the Dan Brown story and the replica of the Giza Pyramid under DC bring the same energy as 19.5
 - there could be no better sign that this is going to be the greatest grand slam home run in the history of our country and the world
 - this means we have woken up and now the work begins!

Greetings, Children of RA!

Now is the time, this moment, we are here as everybody is looking around and checking each other out as the gifts are showing up exponentially: it is looking as if we are stepping into infinite realms of orgasmic joy - and more and more of that in the moment as the rippling effects are going out from the centre of the MWG - as things line up for the NEXUS, as these frequencies ripple out over time/space on Dec 21, 2012. Already the waves of frequencies are changing -

- We are in a place now with the events happening - a year a minute! As we have a perfect mind, perfect thoughts, we bring in the awareness that what is shifting from 3D to 5D, we all have the ability to change this reality in the twinkling of an eye as we hold those perfect thoughts. There is enough of a paradigm shift: critical mass has been reached - it's over the edge now - now is the time as things are speeding up and even more so - 2014, 2015 are already here in our midst, & the events are unfolding - we are speaking to Self as well, in this temple of the living god
- As there is both upload, download in the body at the same moment; as we begin to understand what it is to be in this moment and the ecstatic orgasmic understanding / overstanding of this moment and as we move to the next moment, mind, body, spirit coming into sync now. And it is automatic for universes upon universes.
- The latest drama of how the chips have been thrown up into the air & now they are coming down: Turd Blossom is running for his life as all the billionaires want their money back as the investment did not pan out! He is on the dinner plate as he cannot ante up to his karma: both the light and the

dark are after him

- Her grandson who is supposed to "disappear" very soon - **he is not going anywhere**
 - Melanie Sloan of Citizens' Responsibility & Ethics in Washington, plus ACLU and other groups are working together
 - not just about earth, but also about us: has to do with Mr 19.5 ° - how does he start the conversation about the structures on the moon, Mars, Mother's face on Mars, the legends that are not legends, but real? Mermen, mermaids; we used to have bodies as clear as glass during the time of Lemuria and Pangea: when we wanted to change the weather, we changed their thoughts!

Cathy: what was that about your grandson? Rama?

Mo: talking about Lucifer, Mitt Romney: Jehovah was first born of Mother & Alcyone; he married Lilith & they had a son named Lucifer

- he is about to be indicted for election fraud, major crimes of the inter galactic kind.
 - He is Lucifer posing as a frail HU-Man.
- It has to do with the ancient war story of Revelations, and what is playing out in Aleppo, Hebron, and Palestine: Netanyahu is drooling at the idea of taking on Iran.
- It is time for love - how do we end the fiasco of the night of the long knives? This is what these ones are about against Mr 19.5. Obstruction is the game now - the gov't is NOT short of money, as Michael Moore says! The truth is coming out now.
 - Max Keiser may be pointing to Nov 13 - may be the day we cash our chips in, and a new era /cycle begins where we take care of the least among us, and we pick ourselves up and begin again
- As previous caller said, a year passes in a minute - miracles can happen in a second - a planet full of flowers - this will go like lightening

T: China - attempting to introduce democratic reform into the Communist Party because their legitimacy has been severely challenged by their own people; the people of China are aligned with the people of the world

Mo: they are secret capitalists - well, not exactly - Mother gives her definition of "commune - ism"!

- at the same time of China: now the young ones, the Indigo Crystal ones of China aligned with the ancient Pleiadians, Lemurians, etc - enough of death, etc - let us start anew with the wisdom of the Buddha, Quan Yin, Lao Tzu

T: know the economic collapse has to happen to clear the way; down the road far enough to know the European Central Bankers are an extension of the Nazis. When Greece applied to join EU, they didn't check the Greeks & let them come in on purpose!

- Hank Paulson was in Germany around December 2006 and was supposed to sign off to pay back China - \$35 trillion - he refused to do it. Angela Merkel helped KOS, unknown to others:
 - Hank P was arrested as LM Nada sent a document to Angela saying if you don't arrest Hank Paulson if he refuses to sign off, you will be held equally responsible for the crimes he has committed. Angela put him in solitary confinement, the White Knights came to get him & left a clone in his place, with her knowledge
 - The white unmarked plane from the Brits came and got him and took him to Israel where he got an Israeli passport and was in the Rose Garden on Jan 2/ 2007!
- When he refused to pay, he went to Greece, where he got the bankers involved in hedge funds against the Greek stability and assets - they stole the Greek money; as this all comes home to roost, Greece is being blamed.

Mo: The human traders on the market floors are being replaced by algorithms and artificial intelligence
- yet, when all is said and done even artificial intelligence answers to the mighty I AM / ALL
THAT IS, and can only respond to love

T: they are doing financial transactions in nano seconds

Mo: The frequencies are coming to a crystal clear head as we go into the solar eclipse and the black box:

T: the Communist Party has been an unbroken power since 1949 - almost same time as Israel becoming a country (1948) & a state of the US (1949)

- Mo:**
- the ugly truth is the Zionists are the Kazahrs, the ancient story of our children the Annunaki, the Nephilim; Jeshu and Lucifer came out of the same pie - they are brothers
 - Has to do with the Fertile Crescent - Eruk, City of Baghdad; as everything is lining up in Synchronicity with what is occurring as we approach these sacred dates: the thing we call linear motion - time is dissolving and as we change our thoughts, it changes what is happening with time/space and everything in conjunction; it is fluid, as we are moving into no time already, it is wherever you are, there you are. That is what is happening at this moment now.
 - It is entirely on the Naqual side what is happening now - this is a pathless path we have not walked yet, and what is occurring here is about the return of Nibiru which has to do with the collection of our children and the restoration, reformation of this planet.
 - How long have our children been here creating animosity between gene pools, that have set up ancient ancient stories that are not based in truth, fuelling ancient feuds - now is the time to leave this aside, it is time for peace, love, reconciling, reforming what has not been in balance from eons ago. It is occurring in the moment that forgiving self happens; this changes things for all life forms
 - What Mr 19.5 is doing is setting up a process where the least among us gets the most attention now - aside from cleaning up a few asteroids along the way which have to do with the old war stories. the new frequencies have people jumping out of their skins.

T: the opposition groups are being supplied by Hillary's money: they walk up close range and shoot innocent people who are unarmed, shoot them dead!

- Mo:** this is not just about the US; it is about the ancient stories of our people that are both Sunni, Shia, and it goes beyond those words; has to do with interbreeding the people from Nibiru & the interbreeding of species which occurred for the sole purpose of bringing the gold - changing the reality of what was happening
- 28, 626 years ago, it was a very different story about the make up of your DNA: you still had the abilities of understanding the greater concepts of what we speak of. Only now is it coming full circle and has taken that long - for Mother, it is the blink of an eye; for us, it is linear time and it is erasing in and of itself as we become aware of the time space that is fluid and there is no time, there is only this moment now, and all is dissolving into NOW, this moment.
 - It is **a feat of epic proportion** to get that that ONENESS place in spite of what is happening around us. It is a great challenge to be in that oneness, that meditation, to be everywhere and nowhere in this moment - how this best be performed: energies as we approach the sacred days on calendars will only increase as we move to these sacred days.
As the energies break and we see what we see on our TV screens, love them more as there will be even more shocking revelations about my children
 - And the understandings about the miraculous nature of what we are when we really get that we really ARE the metichorians, the FORCE. It is that place of thinking and creating at the same moment - as I think it, so I am - this is what created this Temple of the Living God - the 144,000 x 144,000

and so on

- How many avatars have we got here: billions and trillions! What is occurring is the transformational sea change as the Planet becomes the 33rd member of the Intergalactic Confederation of Worlds.
 - The commander leading the way with simple Community Organizing which is enough for all of us.

Caller: Something Beth channelled - talk of galactics dismantling Wall Street and trading bonds, etc?

Mo: not exactly correct information. The damage from the storm destroyed or maybe possibly destroyed birth records but we have yet to fully begin to discuss that story.

- **Hurricane Sandy was geo-engineered** - this is not just about the transformation of our atmosphere as we understand it. There is a challenge going on with the ancient war technologies being used against the people of the planet called "Changing the weather patterns" - using the technologies that are based in free energy for dark energy; we are talking about what has been used on the Space Station & we are not talking just about 9 //

T: not a natural anything, **done on purpose by the dark side, as is the next storm**

Mo: to have a chat with Nick Beggege; he has talked about this on Camp Loveway: geo-engineered storms that have to do with the changing of what is happening with climate change & not just with climate change but moving to the place where we are adjacent with the Pleiades and that changes everything. There are many discussions going on between different groups of life forms who are vying for control this planet

T: this is a way to cover up the gold that was stolen from Germany that they don't want to pay back or acknowledge that it is already stolen

Mo: this is an event that is transformational in nature, an obfuscation of what is happening - **this [storm] is a distraction:** create a super storm! At the same time there is also the gerry-mandering of this election and the absolute fiasco of what Lucifer did: how do you buy a congress, an election? Takes an inexhaustible amount of cash

T: people are on to the game, and would not take it

Mo: the congress, the white house, the planet is not for sale - **it is a transformational sea change about all not representative of the Office of the Christ**

Caller: Rama talked about a new vice-pres: will there be a new one? What about Robert F Kennedy, Jr

Mo: as the waves of energy get sorted out, yes, Uncle Joe Biden is guilty of complicitwar crimes to do with 9/11, and Bobby Kennedy may step in - yet no way to confirm or deny

- First there has to be closure for the last 10 -12 year of missing time for the people which has only been fear porn, fear porn, fear porn; has to be closure and see the dogs of war frog-marched before the people; then we can continue on sharing the wisdom. Needs to be a completion to this story.

Caller: don't know what is going to happen

T: will take first things first. Eric Holder is on front of the list along with Hillary; once Eric is arrested, Patrick Fitzpatrick takes over and 100,000 sealed indictments are opened and the answers will come - all involved will come up

Mo: Uncle Joe did what he had to do to get us to this place because of what he speaks; he is walking the fine line with death on his shoulder

T: all need to be held accountable; as we are not longer doing 3D, accountability will be dealt with at a higher level - no real justice at a 3D level

- ending of the death penalty in CA did not pass
- Gabby Gifford and husband were in court to see Loeffner go to jail for life - yet this shooting

was a distraction - Black Ops

- Aurora CO was Black Ops - the man who was said to do it, didn't; was given a drug to forget and a Black Op guy did the shooting. Still don't know who is totally responsible for this
- Most important is to see mercy seasoned with Justice, and to bring in divine compassion
 - Both Bill and Barack have cut free from Hillary as their handler: Bill signed the NESARA document into law on Oct 10, 2000 & there are too many things to say about that; we would have nothing if he had not done this.
 - But he did kill Kuchinich's brother and sister: Dennis knows Clinton killed them and that Hillary put him up to it & that she would kill him if he did not do it; Dennis is also Andromedan, a divine Being of Light, and here to show divine compassion.

Mo: we are on the pathless path: these are extra ordinary events - we all made a conscious agreement before any of this ever began to be in this circle and do things, now is the time to be in this story "Morning has broken" as Cat Stevens sings

Closing: Cathy Mother always says she is from her past which is our future and that we have already won.

- NESARA is already here; we watch the timelines come together
