 - Cancer, Libra, Capricorn - will have some challenges - too much happening at once
 - The rest of the signs: will watch what's happening
- Worried by the full moon: it is Aries which means it's quick to act - likelihood about a lot of conflict in the world - may not be on our street, but in Asian countries & Africa
 - Tempers likely to flare - be careful of your words
- Week 1, October: barriers broken down; unexpected conversations; lots of happiness & growth

AR: interested in the *Mayan Calendar*: does she feel that there will be more spiritual growth period in the world surrounding the last day in the *Calendar*?

Rainbird: Yes - it is raising our bodies to the 5th dimension; we discard our water-based bodies and put on our bodies of light. It is a Zero Point day

- this 2012 calendar begins the move into the Great Long Count
- The equinox which is also the Galactic Harmonic Convergence & the opening of our hearts

AR: not so much jealousy, envy as in the past

- so much more love expressed than has been in the past, and easier for everyone to do - easier expression of inner feelings

Hard News: some highlights

R: things moving to a higher more spiritual aspect as we get to end of the *Mayan Calendar*

- Yesterday, Julian Assange addressed the UN from Ecuadorian Embassy
 - this is the biggest story: JA has done nothing, same as Bradley Manning, other than tell us the truth of what has gone on in the wars; JA now considered an enemy of the state!
 - This has to do with the crimes of 9/11
- **KOS** said we will see what we have been waiting for, at the same time, there is a doubling down and the **story is not happening on Obama's watch - HILLARY is behind it.**
- **Ed Schultz'** show: Jeremy Scahill was on; said he could say little or he would be gone
 - Enemies of the state: serious stuff - more and more encroaching on our freedoms and rights as beings of Living Love, Living Light
- Dr Keshe, those speaking truth to power: the old world order has nothing to go on
- It is about unmanned aerial drones - has to do with the next shoe dropping - this is the biggest story at the moment - when do we all become "enemies of the state" for speaking truth to power?
- **Thom Hartmann:** said Julian A was simply being a journalist, And NY Times also put it up that other journalists are not being held - something serious going on
 - JA said the United States is guilty of global Hegemony with war crimes against humanity; Ahmadinejad said same thing, called them global bullies & it is time for accountability

From the **Ed show:** Rama asked them why they are not talking about the crimes being committed, only about Julian Assange, Bradley Manning and Wikileaks:

- Mike Pap jumped in and said: I have one word for you Lord Rama, it's Hillary, not Barack - it is all about her!! None of this has to do with Obama.
- Jeremy Scahill jumped in & said he was in over his head, but he seconded the motion
- **T & R happy to hear others saying what they have been saying for so long** - it is not Barack!

Nada - Tuesday at the UN: Palestine still does not have a voice: need to follow the words of Itzak Rabin, Jasser Arafat, Bill Clinton - **a one state country called Palestine**

- what happens to the Israeli people - they do not wish to make the settlements
 - they do not believe Netanyahu is stable
- Rana Mu said **Net has been taken out**; the clone is unfit for duty
- the process called a vote of no confidence to get him out of office - this is what will happen
- Pres Morsi spoke at UN and said needed a single state
- Pres Abbas asked for status as observers
 - This is good - gaining a foothold for Palestine in UN
 - UN is a gang of criminals to be dealt with; there will be a Justice League that comes from a cosmic understanding of who we are
- Dr Keshe's information has been "shut up"; Obama put a clamp on it in April - R thinks because it's

because the technology is at the 5th D level and has a kind of cloaking device so it cannot be seen as they listen to what is going on

T: BO gave a stellar speech - Ahmadinejad said US has been playing global bully

- Dr Keshe has given another writing and said that Iran has the ability to neutralize all kinds of nuclear devices around the world; the Triad is the US - UK - France, and they have gone from an opium war on the people to a nuclear war
- **Katherine from BIS** told Rama: by Oct 1, entire global economy will collapse full stop
 - St. Germain with his catcher's mitt will be there
- Neil Keenan-connected case out of Seattle WA: 1878, their constitution has a law in it about ?
this extends itself to every state in US and to every country

MR: how does this go to all states?

T: gives brief explanation; **more on Friday**

Housekeeping: Tara Thanks to all for support!!!!

Annie Rose

- astrological chart shows Hillary - Oct 26/1947 - going into a contrary mood
 - will be horribly busy, can expect some not so pleasant news
 - sees her going through a change - does not want to keep the position; thinks she's had it
 - thinks she is just plain tired
- Reading up on Prince Charles: will go through a lot this coming year, very unsettled time, including loss of money
- sees no one getting any down time in October

Caller: About the dinar: she keeps picking up \$4.20 or thereabouts; more than \$1

- Does not think it will be long until it re-values

Caller: where do you see him in 2013, and what will he be doing?

- As you were talking, watch your stomach area: diet?

- 2013 - before the middle of the year, feels a new residence for him
 - There's a lady of spirit who had a bit of a hearing problem who is passing this on

Caller: she sees travel for the caller - thank you! You made my night!

- Guided to say this: middle east as solar plexus; Great Pyramid was solar plexus part of the earth
- Asks how long Hillary has been dark? Has she always been so ; doesn't think that it has been all her life

T: she arranged for the black op of Waco, TX ; this is a look-alike clone along with 15 others

- On Nov 4th , 2008, the real Hillary was executed + 10, 000 bankers
- Killed her lover; arranged for OK city bombing
- She was born of 13 families; grandfather was Hitler, grandmother of DuPont family
- Cousin is Angela Merkel - both have had very severe upbringings
- There is a soul in there: she plays the role of the Black Widow and the role is necessary but it has been difficult for Obama and his family - she has been designated to do the dirty work for the 13 families in DC
- Since Sept 30th when KOS made Basel II compliance last year, we kept on going - KOS got money from the \$40 Trillion on Oct 2nd , 2008 in order to make US Basel II compliant
 - when Bush Jr tried to declare martial law, he was literally hauled out, and Nancy Pelosi became Acting Pres of the US
 - on Oct 10th he came out, looking like his mother had died and said "In 3 days, I will be leaving, and no one knew what he meant; after 3 days, he was taken out, and there has only been a hologram of Bush walking around
- this is a far out story, like hearing about Dr Keshe saying that Iran has been making star ships for the last 4 years
- the Ashtar Command will back Iran up, as Iran has the technology: the Ashtar Command is part of the ACOO - Alien Contact Intelligence Command, 32 levels above the President: which means the President can give orders to the Ashtar Command
- So **Oct 1, 2012 is DAY 1 of the fiscal year 2013; they are to be BASEL III on the books** - ie, they have to own up to it and they won't - looks like the global economy will collapse:

R: Katherine said she would neither confirm nor deny this date; as you watch them play with the fake money, they are very worried: there is NO catcher's mitt for these ones

Caller: Sees that Hillary has a reptilian that overlays her; has reptilian energy in her solar plexus

- Asks about dates: OK City 1993; Waco: 1994

AR to Caller: Spirit tells her that there are relatives not seen for a while, will see them soon

- financially, not to worry - will be fine
- Since you were a child, were having spiritual enlightenments coming to you - you were the one who was ahead of the rest of the family; it was private to you
- Sees some unrest in the chest area:
- when you go to bed, open up your mind and let the energies come to you - don't always have to reach out
- 1st son - clashing with caller; not too much in spirituality, thinks father is a bit crazy!
 - Your father is coming back to make amends for what happened to you as a child, he will oversee your son in a positive manner
 - Your son will be fine - still seeking a direction in life

- Jan 4th, 1991 - son is Capricorn; looking for work in international relations/gov't business
- son has to relax and learn to smile a lot more!
- will be happy after Jan 13, 2013 - maybe something with work in mid-October

Caller: lots of changes! Saw her covered with paint!

- Don't move when Pluto, planet of mind, is retrograde - Nov 6th - Nov 27th
- Home is Florida - she sees water around the caller
- any type of business: will be self-employed ultimately

Caller: before she goes to sleep, sees a blue light in the periphery of her eyes

- it's a healing light for her eyes; when that happens, give thanks and say you accept the healing!
- It's a wonderful thing to have a visitation of that light - can be healing of problems as well
- take a glass of water, drink some of it; sit down at same time in same place every day, meditate and visualize a white light [supreme being] and ask spirit to help you
- 9 am, or 11 am in the morning; 7 or 9 pm at night - spirit establishes a routine; if you are there at same time every morning, spirit will make itself known to you - remember to let spirit will come to you too - don't try and be the boss with spirit
- What about spiritual groups in the town? Discussion about how to find them

Mother Sekhmet

In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

T: and that we can make use of the energies of the higher octaves as we look for work, as we wake up

Greetings, Children of Ra:

- Indeed we are in the last few seconds of this moment of 2012
 - many think it will be just another day in the life of the galaxy
 - but it is about in the twinkling of an eye where we go from the place of walking with death on our shoulders to the place where we are co-creator gods and find out what it is like: we can stop the death cycles in the body - it is how we think about things: the mass coronal ejections and so on
- we are so on the money: this is NOT about money, but about the creator gods who are here!!!
- Even if we feel like we are at the bottom of the tar pits, we are still creator gods!
 - We will have our key lime pie in Mordor - not to worry!
 - All of us are making difference in our own lives in the lives of others - it IS the quickening: how we get this temple ready for what is going on - we are moving right along with the energies
- It is about the fact of the matter that we said we would be here to do this, and here we are - in the boat, the flying barge, going to Satori, Nirvana, whatever we call it - how we do this with the greatest of wisdom, love - the intensities of what we are experiencing are unprecedented
- this is not about money, but about our own ascension and that of the planet; both are assured

T: so when we change the money relationships to that of love, the planet can get the technologies she needs?

Mo: yes - just need a little tweak here and there, and we are up to snuff! How we do this in the twinkling of an eye!

- The miraculous events are awesome to behold: the entire universe is watching, focussed on this Terra Nova; this moment now is the moment and how we do this with love!

- Just - how do we get past the race question? Still many not sure of the Sirian Commander and his intentions -
- Now is the time, Children of Ra, about the Commencement Day - no diplomas, just being assigned to our sectors of the galaxy on the particular craft and we get our briefing orders!
- Our Wayward children still playing with the devil: having all to do with the old world order
 - That ace they have is the fear card, the last card:
- Who is here to save the day? WE ARE - as the Rev AI says: it's not about Obama; it's about your Momma!
- The story is we are having to deal with our children who have not owned up to the fact that they wish to lay down the gauntlet, but it is being removed from their hands in spite of their stubbornness to receive the blessing of knowing who we are and that it is not about the 1% who are frail, white and rich. It is about all the people of Nebadon - all eyes focused on this blue-green marble in the universe; a blessing to have so much water on one body in the universe.

T: in northern India, millions lost their homes; an island somewhere - part of it is under water, people moved

Mo: major quakes in Aleutian Islands - has to do with shifting and balancing of Mother earth as she becomes Terra Nova and as we put on our mantles of who and what we are! The light is so bright, we gotta wear shades! The particles from Alcyone coming into our physical reality, this 3D going up to 5D we are twinkling within that second - ain't no time to sit back and watch - get in the circle and dance!

- We have the unique opportunity to change the destiny of a planet with the one from 19.5 degrees, ascension - it's about your Momma!
- We have the power as the people
- The criminals running for office opposite the president: Lex Luther, yet people want to see him as a good christian - we have not gotten the full scope of the 520 years that are missing, of the black people from the black land; we need that information to complete the healing for all

T: on Moabite Aboriginal Call: in 1928 and the meeting of the day - where all the land of the west was mandated back to the Moorish people which is why the royals pulled the plug, when they found out they could not play with owning the land - as Noble Drew Ali - and they pulled their money out and so caused the 1929 crash

Mo: St Germain has them safe, and they will be revealed

- The whole story about the embargo, Fidel Castro, the Bay of Pigs - about brinkmanship; had they wanted to bring in Lord Kryon and try out a new species, they would have done it!
- Imagine all the people, no borders; it's about love
- Mother is here to collect her children and be on their way; visitors from our future which is her past; the paths converge now for the moment, not just on the Nibiru but for the Confederation of World - issues of poverty, hunger erased -
- Dr Keshe has the key - there is an opportunity where we can leave weapons at the doors and talk

T: we'll be busy dismantling big cities, re-creating, morphing -

- On the Pleiades, they can re-shape a glass house just with thoughts

Mo: Earth is an amusement park, yet we have a way to get out of it: love
The doorway is as big as the Grand Canyon!

T: Rachel returned to theme of Ahmadinejad in 2011 saying 9/11 was an inside job: she showed the scene from last year

Mo: won't be long

Closing: Rainbird
