TUNING FORKS: Solfeggio Frequencies

MR asks listeners to think about something they would like to unfold differently than it has been to date
- letting go of all kinds of past events, thoughts, emotions, relationships, situations - whatever we have created that we want to change. As we make changes, we make changes for everyone else.

Ute - 396 Hz - #9 vibration - helps liberate us from guilt, fear, grief, past hurts ; works on all the astral bodies; to get us beyond the frequencies which hold us back

Re [ray] - 417 Hz - #3 vibration - facilitates change; letting go of old baggage; helps to clean chakras; reminds us we are worthy, holy child of god

Mi [me] - 528 Hz - #6 vibration - Transformation and miracles; DNA repair; clears vibrations which are not in harmony with our being

Fa [fah] - 639 Hz - #9 vibration - connecting, changing relationships, family, home / group; supporting us as a co-creator; calls in the heart

Sol [soul] - 741Hz - #3 vibration - awakening intuition; helps us solve problems; balances right & left parts of the brain; to be really attuned to our own purpose

La [lah] - 863 Hz - #6 vibration - helps us return to spiritual order; cleans the chakras - it reverses movement, restores order; clearing, returning all to spiritual order

for 7th chakra, do all 6 together - angel frequency - very high - 4686 Hz

Earth - 136.1 Hz - finishes with this one to bring us back to the earth we live on

- The frequencies in the tuning forks are not in any instruments we have today.
- The Solfeggio tones were used in the past with the chants; they kept the monks balanced & healthy, using them eliminated fear, guilt, etc and kept the monks healthy.
- Eventually the church suppressed their use, as control of people was their goal.
- Add any of them together, they come out 3, 6, or 9. Tesla said if you understand the 3, 6, 9 matrix sequence, you understand the structure of the universe

Randi Rhodes: an all-out effort to create the scenario of the

KOS: Katherine answers his phone: KOS goes with Obama wherever he is;

- St. Germain has all the money; when he is ready, he will deal with it and the time is NOW
- Just had 8-8 Lions Gate, Mercury has gone direct, the roaches are crawling into the sun; we are witnessing the vilest of stories; how do you keep the story clean when all the money is dripping with blood -
 - love BM Mittens even more, as the money he got in Bain is blood money
 - To this day, Oliver North, Madie Albright, Wesley Clark are not yet in jail; North a schill for Fox

Katherine: there were 4 shooters on Monday [Sikh temple]; Tues or Wed, story was one shooter - story

has been twisted - it is Black Ops

- this is like a slice out of Wizards, literally calling up the demons to inhabit bodies in the last moment; the 3rd and 4th dimensions are merged; the further up the dimensions we go, the more we see the darkness left over from the 4th
- turn the TV off, get in nature, forget about the news: the stories are so intense, they are trying to make us hit the showers and say it F it because nothing is coming - yet it is!
- Today T & R got their car fixed; he got 10 people together at ET's garage; they listened to the Ed show
 - the jaws of the other 10 were on the floor: the commercial was an outright lie about Obama by Romney; they are playing with a level of IQ that is quite low

Mike P: talks about the fact that USA produces more gas & oil and exports more than anyone else, even more than Russia - US bypassed Russia 5 months ago: #1 producer & exporter of gas & oil

- the Republicans still want to continue and destroy Alaska, and go under the ice to drill and do other things

T: refers to some new technology and the story out of Vancouver saves the Day!

- Louise Hartman, Thom's wife, has breast cancer - R was begging Thom to go to Dr Cody, but she opted for chemo; Thom has been off air for 2 weeks, longest time ever because of wife's health
- She has a form of Breast cancer that is the most difficult to heal: the doctors said can only heal it with chemo - 1/10 of 10% is the survival rate of those who take chemo
- Dr Cody's octozone therapy could save her and others!

R: what is being defined now is **that Romney has not paid his taxes for 25 years!** Yes, the IRS and the Fed Res are witches, and T Geitner is as guilty as Bernie Madoff, Jamie Diamon

- Keep watching Max Keiser - only one telling the truth about how bad it is!

T: Eurozone: it is all the way in or all the way out: people are dying from not having food - it will be a challenge to get out, but it will be a short term thing. Argentina went out of the system 20 years ago, and they snatched their natural resources out of hands of the US.

R: China is the great shadow in Africa. The galactics are stepping in - there are so many ships showing up and everyone is talking of it

- Patti Cota-Robles says send more and more love to the stories and the concerns of the planet
- Lex Luther and his inter galactic band of criminals are only temporary

Amy Goodman, Katherine: there are recruiters from the military going into the prisons and looking for men from the "depths of the nether regions" -

- they want ankle biters, the ancient ones who were here before the gods were, those who took the negative path and the ramifications of free will choice
- as we choose the law of the One, Peace and love is the order of the day
- Amy and Katherine: talked of Holmes [Aurora, CO shooting] as mentally ill yet he did not do it.
 - There were 9 of them, like there were 4 in the sikh event: this is a silent coup between dark & white hats, some with allegiance to Lucifer, others with allegiance to commander-in-Chief
 - Lucifer has turned back to the light, Lucifera, the Bright Morning Star - we are in the last, last little bit - they are trying to recruit our children and brainwash them with all the games on twitter, tv, whatever - turn the box off, get outside, go barefoot on the ground

T: Johannesburg, SA got snow yesterday - over last 102 years, have only had snow 12 X

- Researchers in Canada an illuminating innovation - harnessing sunlight that lights up interiors without turning into electricity first [ref to Vancouver story]

T: with some of the technologies that will be released: we have the ability to store sunlight all over the

planet AND transport it!

R: the president of the Sikh temple of Oak Creek - one of the co-contributors with Dr Steven Greer's and the Sirius Project - he was killed & son was on Rachel Maddow on Aug 6th.

T: big fight for control of Aleppo, Syria - 300,000 people have left so far; roughly 2 million in the city

Caller: there is a you tube video by someone in Burbank CA, showing a train with flatcars and military tanks, going south towards the border

R: he asked Katherine about this; Sybel Edmunds was on Randi Rhodes -

- all has to do with the silent coup between the dark hats and the white hats - big game at highest levels with rumours of false flag events, etc
- was the oil refinery a black ops? There are not accidents at this time of 2012, as they are always creating some kinds of diversion, scenario to take attention from what is being said
- It is about by moving tanks, equipment, troops, setting up events: are they drills or the real things? This goes back to 9/11 - they are drooling for some kind of event that will take attention away from what Harry Reid has said
- Romney cannot even describe what a doughnut is! Or what it's name is - it is about the level of brinkmanship
- Israel is salivating about hitting Iran right now: there was a meeting in Switzerland to bring in black ops and divert attention - they have taken over one fifth of the West Bank to use it for their military training

T: 98% of Pentagon is on the side of the white hats

Caller: said they are going to shut off the border between Mexico and Texas;

- lots of retired officers up to generals have been called back to duty to take part in these activities, to arrest bankers & so on.
- When the convention goes on in Florida, will ask the candidates hard question - don't care much for Romney either; that party does not support the people, only the cabal.

T: **Katherine** has said that all this stuff is coming from Faction 2; they are not in charge; they are making up stories:

- Leon Panetta, Faction 2, Hillary Clinton, Faction 2 - are behind it - treason.
- Those who take part in this are complicit with treason

• How do we know this? Because Katherine speaks for KOS who knows exactly what is going on.

R: want to discredit Obama because they think he was born in Kenya

T: the people saying that - and Trump is one to talk: he was born in a Dutch colony

- Mr X was on the Ed show [radio] yesterday: Drake, this is your last call. You are crossing the line; you are in my cross-hairs; you are promoting hate.

Caller: it does not sound like he is promoting hate

T: the entire undertone is that he hates Obama

Caller: does not seem to care much for Romney either

T: Romney is undercutting the president too

R: **Katherine:** when we can't even get the light community together, how do you expect get everyone else on the same page?

- Ref to the movie "the day the earth stood still": story was based on truth, as the character Klotu actually did show up, and spoke to Eisenhower and ?

T: the rogue militia [specifically Drake], and the Commander in Chief - make no mistake about it

- Sybel Edmunds said the same thing on Randi Rhodes' show too
- Barack Obama surrounded himself with all of the old order - **ON PURPOSE!** - they think they

are wearing the pants! They had to deal with it - Hillary has tried to kill him 100s of times.

- Also involved: the Ashtar command, KOS - this is a **GALACTIC OPERATION; THE ARCHONS ARE INVOLVED, SO THIS MAKES IT AN INTER GALACTIC OPERATION**

K: the right moment is the right time for the arrests, and the galactic forces of light are watching -

- **the will of the people MUST PARTICIPATE - THE MOST IMPORTANT MESSAGE.**
- **98% OF PENTAGON'S LEADERS ARE THE WHITE HATS; THE 2% ARE FLAPPING THEIR WINGS OF POWER**

Cathy: What about Greg Giles? Authenticity reading - and ascension 2012

R: there are parts that Rama reads that he finds uplifting, yet he knows it is not exactly correct -

- R understands that everyone has a wisdom that comes from every sector in all parts of this universe and the 23 super universes; lots resonates, yet some pieces have an undertone that does not feel like Ashtar

Cathy: and you have the same feeling about Nidle - he mentioned that the Sirians have a deadly plan in place - dreading some kind of test that might separate wheat from chaff . . . yet thought it would be the best for all concerned

R: they want to do something; when R hears the words, he sees a diversion of energy from one thing to do another thing - brings up various scenarios to create a way in which everyone's attention is captured so they can hear the message of "stand down and put away your technologies of death"

T: Ashtar said about Fukushima: the questions were "how come Ashtar let them do that?" Yet the bombs were planted, and Fulford lied then and is still lying, as has been said many times on this call

- Ashtar through Susan Leland sounds true; Mother coming through Susan is the same as Mother coming through Rama - it is a heart intelligence; the knowingness of our soul, of every life time we have ever lived. The brain is a facilitator of thought; the heart knows, is where we think.
- They let it happen (1) the nukes were planted in 1945; our cabal threatened Japan and said do what you are supposed to do or we will get you
- Decades ago the cows said they no longer wanted to be our food, and they were never intended to be our food, and so are the fish

R: Sybel Edmunds today: Angkor Watt in Cambodia: why is it in all the countries of the world that all dinosaur skeletons bones are painted with lead paint? Because they **were so highly radioactive**, they slightly glowed in the dark!

- This has not been shared with the rest of the world - only came out in **Ancient Aliens**: where was radiation at that time? Because there were inter galactic wars
- The wars were spoken about in the Mahabharata

T: the new light technology breaks down the "going after Iran" story

- there is science: noticing that the half lives of isotopes is diminishing
- as we shorten our days: every 20 days, a couple of years goes by - we are in galactic time
This means living from the heart, not the linear mind - so powerful to go to Cheryl's call -
- the 5th dimension going to the 12th - Mother created us with 12 strands when she created us. In 1987 the photon belt came along; we were wobbling off our axis , outside the periphery of MWG
- How come Moses and Moab are buried in the forest?
 - They came to the west in star ships, and transferred into other bodies -
Moses/Akenauton with a conscious transfer into another body without death
- Rama's story - has gaps in his memory circuits - Moses was a grumpy old man, like Abraham

R: Akn had a deformed body; was an hermaphrodite [had both sexual organs] - huge head and carrying it around was hard

T: sexuality was used for many different reasons in the temples

R: teachings of the shekinah; there was also a dark priesthood that did it for different reasons

T: we are each a universe; we are whole; we come with the awareness of our fractal

- A. Lincoln said America's greatest enemies are the bankers
- T. Jefferson said bankers
- Obama watched bankers grovel for TARP - the fake NESARA -
TARP was 700 billion dollars of 2008 and issued by Bush Jr before they left office
- Fake N came into being 1999 after March 9th when KOS surrounded in a sequestered location with Faction 3
- TARP: Troubled Asset Relief Program - let's keep the crimes going, the LIBOR and so on -
- NESARA - National Economic, Security and Reformation Act -
- The only thing stabilized and recovered was the pocket book of the bankers and the congress members who got to do insider trading; APAC;
 - Bernie Madoff was a saint compared to Jack Abramhoff who is going down;
 - ALEC - founder of it keeps saying we don't want everyone to vote, just those we want to vote;

Cathy: how quiet and peaceful around the Olympics; if anything being tried, being countermanded by our galactic friends

T: those stories are put out by the renegade militia -

R: story - Veterans today - about people being picked up

- if need be, our galactic friends will protect the people; i
- The Games, as an international body, bring some unity to the people of the planet - as different cultures, communities come together out of love, any disruptive activities occur will be stopped

T: Bahrain:

Mother:

In the Light of the Most Radiant One; in the Office of the Christ, and only in the Office of the Christ, we invoke the loving energies of St. Germain and the Violet Flame

Greetings, Children of RA:

- Nibiru is behind the sun; Scientists know this; gravitational fields of solar system being affected
- the story of the anomaly at the center of the MWG which is growing and growing;
 - it is the end of the Mayan calendar and how we fit into this story is why we are here: why this is so significant at this time, and what is life all about?
- This story occurring now and how an entire universe heals, with the nexus wave of love coming from the epicenter of the universe is not just one story - it is affecting all in its path
 - the ultimate story is being played out here in the small moments of opportunity to expand and grow, as we look at each other in a new light as there are 144,000 x 10 hundred thousand x 10 hundred thousand people manifesting as co-creator gods -
 - might sound like a bed time story, yet it is an ancient story that flows through the temple of the living gods we each live in, our bio-transducers, our bags of water, and we have abilities that we have no idea about yet - may have forgotten them, but they are not new, have always been here
- the story of how we do this together - the Wingmakers fit into the story now, as the final last few breaths of this bed time story conclude: the Wingmakers have a role to play - already the timelines have changed, and one time line is emerging & it is about how disclosure occurs

- the one coming to the forefront is about moving from the debt-based structure and moving to a wisdom-based economy, and what is in the heart cave -
 - this is magnificent to behold as we are getting rid of the clouds and the fog around the thought forms, and how we do this with love
 - We are moving magnificently along the path of awakening to zero point, and already it is here: she brings up the scenario of the 15 second auto destruct sequence: we have passed the test with flying colours, yet there is this last critical moment . . .
 - this might seem we are moving at a snail's pace but it is moving at magnetic light speed.
 - As we move - Mercury has gone direct: things are vastly changing: it is forward, ahead, second star to the right and straight on til morning - we will see all we have dreamed of, as heaven on earth is being made manifest, and with it comes: the metaphorical explanation [reference to the 5 of cups in the Tarot Deck] - the card with 5 cups: we see the 3 tipped ones, and miss the ones behind flowing over with water - [ie, don't see whole story & don't look for it, either!]
 - time to move on and there will also be accountability
 - Showing up with blood in the mouth to the family of Saud: about blood money at the heart of the story
 - the rapture, Armageddon - already come to pass; he has said you know not the hour of my arrival!
 - It is in this moment that we can say it is now; in the same moment, we may not see the forest for the trees, yet take the quantum leap off the cliff and sit with Baba Gi - leap and you know you will fly. It is not "what if"; **we know we can fly - it is in the DNA** - we re-member and turn them on
 - The 1% or our children say "yes Mother, we know what we have done; we will face this, but how do we forgive ourselves?"
 - Love yourselves for the choice you made; how many billions, trillions of years?
 - Solex Mal was the original solar tongue, the language of living light, living love - we will Re-member it - bring it into the heart, and see the flowing fountain of youth out of the other 2 cups behind you.
 - We mourn the ones tipped; do an about face and know that the light of the great central sun is shining forth and the energies of the old order are falling away now: we are the ones here
 - We are going to the unknown place - the 2 cups are spilling forth such energies; the centre of the MWG is pouring forth such incredible energies yet it is not really being discussed
 - Jack Safardi, Greg Braden, Neal Donald Walsh; Dr. Quantum are discussing this: not many others
 - We are meeting up with ourselves at this moment; we all have the wisdom, the Gnosis
- T: On HNK news, the anniversary of Nagasaki day: time to end all this
- Mo: TSA

T: on Jennifer Granholm's program: referred to Ann Coulter as Madam Voldemort

Mo: Oak Creek: 4 shooters, **black ops**, story unfolding that has to do with the healing, the children that believe the lies they heard on 9/11 and thought they were serving their country -

- when you have a standing army in times of peace, asking for trouble - right now, Israel in Switzerland with other countries trying to decide how to carve up Middle East
- Has to do with the fake army of androids that they are trying to create: bio-engineer such an army and it will not work; as you witness in the movie "Wizards" -
- **Love wins**

T: one minute it looks like Mordor, next is complete change

Key of Enoch - # 308

1335 day period at the end times and then to be free: but what is the start date?

Beginning of chapter spoke of the Abomination of Desolation - the A of D is the religions:

the Blackwater & the family owning it are of 13 families; QE2 owns blackwater inadvertently, and the

Vatican owns QE2 - so the church owns the android army

- By her calculations, the 1335 days has to do with the secret government - related to the Day out of Time - **LISTEN TO HER CALCULATIONS!**

T: Harry Reid said he know Mittens has paid no taxes

- His source is Tom the Ring Tailed Cat: technology is such that they can hear our thoughts and can read everything from afar - nothing can be hidden! Using Ashtar Command technology!

Mo: we must get to the place and do this with love now: we are saying we will meet ourselves in this story and the needs of the many outweigh the needs of the few

Cathy: asking about the position of the earth: are we more centred within the MWG?

Mo: yes, we have centered ourselves within the MWG as we align ourselves to the sector where we are adjacent to the Pleiades

T: how long does it take to get 400 light years ?

Mo: we are almost half way there; the star charts may not be able to explain it, yet it is about hyper dimensional physics

- as we look at it from the vantage point of the centre of the MWG outwards, we can see the line - up of what is occurring; this is bringing in a higher harmonics within the scheme of things -
 - as we understand the hyper dimensional physics of each planet and its inhabitants in the solar system and that the frequencies of each planet have to do with the higher harmonics that go into the 9 solfeggio tones
- This is within the scheme of understanding as colour, light and sound are in the cosmic, universal geometry - how we work with the sacred geometry of the various forms
 - as we bring this into play, it brings the greater understanding of how we as individual merkaba vehicles interact with these different energies. Santos Bonacci describes it well

T: Merkaba vehicle has 2 triangles, one above, one below; solfeggio tones have 3 triangles to make a 9 pointed star - like playing 3 tier chess

Cathy: has known for some time that our planet is moving forward with the MWG, and unless we right ourselves and get centered, we go together

T: Many people have said we will wait until Methusaleh comes for all to change, yet Rama told us today that 10 hard-core Republicans changed their minds in 15-20 minutes of listening to Ed Schultz

Mo: Ed was talking to John Nichols about Mittens' lies about welfare queens riding in cadillacs

MR: getting rain!

Closing: Cathy
