**Roundtable:** Time for people to bring up anything they have on their mind

#### **Hard News:**

**R:** Has heard from various sources about the Commander being here to lead us through the 2012 doorway

- Heidi of BIS said today we are watching the dissolving of BM Mittens campaign - he was on Telemundo last night; he had a double tan that makes the Speaker's tan look almost natural!
- R knows that all the different cultures on the planet have gone through all kinds of prophecies about destinies - Thom Hartmann brought up a story today:
  - the White Horse prophecy in Mormon religion: Mitt's mother thought it was a miracle to he was born, and thought he was the one to destined to fulfill the White Horse prophecy - about the idea of the Constitution is hanging by a thread, and a Mormon will come and save the day
  - yet you don't come and call 47% of them blood-sucking leeches
- events are neck and neck between full disclosure and full exposure of 9/11 and the crimes
- Sen Sharrod Brown on Ed show today: being outspent in Ohio - yet it is all lies about him.
  - Karl Rove is dogging him like he dogged Don Seigelman - Brown thinks he will call in Valerie Plame and Joe Wilson and have them talk about what Rove did and how it was high treason - all 3 of them will confront Rove very shortly
  - The Repub candidate beginning to falter:
- Ed had on Naomi Klein: they were talking about The Shock Doctrine & that they are seeing it all around them
- Heidi - spoke of the 7 squares with Uranus-Pluto: this is ripping off the scab of the story about how this planet was taken over by these ones - the story of Ceres coming back with daughter Persephone - now is the time to see the Darth Vader "he don't get us" who is running for president
  - The quickening has happened: has to do with everyone realizing love is the answer; not about war.

**Caller:** On Sept 21, Keshe Fdn getting ready to release their devices - in Belgium, Dr Keshe will discuss the technology and make it available

**T:** in Area 51, Sept 22 - US and UK deep throat generals will be talking about all kinds of secrets

- Every day on CNN to be talking about UFO secrets
- Heidi brought up Project Northwoods: the idea of three "9/11s"
  - #1: Pearl Harbour; #2: Sept 11, 1973 - assassination of Allende, putting in Pinochet; #3: Sept 11/01

**T:** Refers to 2 articles to be reviewed on Saturday: means 9/11 is being called up

- Don Seigelman story: why is Karl Rove not in jail? What we are witnessing is The Shock Doctrine!
- Naomi Klein made the point today that Romney said he had been working for 13 years on this and it was his turn! References how the grooming of the mind of these ones leads them to expect certain things for themselves, regardless of their qualifications, etc

**R:** he asked Ed about Gordon Duff's article: there is an unseen war between various factions of the media

- Also, in the last 24 - 48 hours, George Zimmerman went before the court: there is not on trace of Trayvon Martin's DNA on the gun - he was the only one who handled it!

**T:** Project Bluebeam: a fake Star War's operation: the Chinese naval warships are in the Pacific Basin, and a few American ships - the particle beam technology of Area 51 can do a lot of things:

**Ashtar is on RED ALERT.**

**R:** Ahmadinejad is a prophet: they are building star ships, not nukes

**T:** the group of Jews calling themselves Ashkanazi Jews are really Khazars, as was Hitler and those in the Vatican

**Caller:** about the article about Jesus calling Mary Magdalene his wife

**R:** and he was black, as well - will be good when it comes out!

**T:** this story has been on Rachel's show, and on Thom Hartmann yesterday

**R:** brings out the true story of the Merovingian line: the Planetary Prince of this universe is here now

**T:** the Qumran Essenes were still doing the whole thing about sackcloth and ashes; Jesus was doing the married life and showing how you can do the monastic life inside that relationship

**R:** speaking of the videos and **the warring timelines have disappeared** -

they merged on Sunday [16<sup>th</sup>] with the peace timeline, then went to 0 point

**T:** Tim Pawlenty got \$1.8 M to work as a lobbyist to work for the banks

**Caller:** talking about rats and sinking ships: the Ass't AG resigned; so did Holder as Congress due to leaks

**T:** Things are moving faster than we can keep up with them!

• People are getting lots of letters in the mail about the AGs of different states:

people are to get restitution for fore-closures

• Her sister got a card from her State attorney - her bank was Washington Mutual who sold it to German Deutsche Bank - that sale was kept really secret!!!!

• 40% of all mortgages are underwater at the moment!

• The sister is going to get re-imbursed!

**T:** there is a turnaround on Obama's watch before the elections happen!!!!

**Guest: Doctor Richard Disenso "Dr D"**

• Cathy explains how she got to him:

• Last summer, she had diabetic situation; healing crisis; in serious trouble

• she also had Lymes Disease and sciatica - talk about major troubles all at once!

• Emergency in hospital at 299; let her out at 249 -

• no meat, exercising constantly; alkaline foods, all to do with diabetes - with all the work, still @7.6

• Had to get somewhere concrete: found Dr D as she searched - sent urine, saliva analysis to him thinking it would all be fine because of all the work she had been doing. Not!

• You can call him at 2 pm on Thursday with any questions - clear, concise answers

• 712 432 0075 at 2 pm EST - 464136# [PIN]

• A ground breaking doctor in whole person treatment

**"Dr D":**

he started this journey around 35 years ago to find out why people with symptoms were having them on the schooling route, found that 2 people with same symptoms -

• has studied medicine, chiropractor, all major medical disciplines

• same story in all of them: no inclination to trying to identify why the people had the symptoms, just do this, do this, do that - he wanted to try and understand why people experience

• he was in forensics for about 10 years and then realized that was the mindset to help him identify what was going on

- he realized that people when gave him a diagnosis, what they were really giving him was a description of a condition of some kind: what doctors do is run tests to see if the complaints of the patient fit the picture they have of what the possibilities are - not the other way around!
  - in none of the disciplines were any of the people trained to think outside of the box - he was looking for ways to pull back the curtain and **find out why people experience** why they have certain conditions
- He used saliva, urine, blood - did all kinds of tests, calculations to find the ranges of deviations from normal - based solely on bio-chemistry.

As he got more into forensics, he found 3 things affected people

- the physical experience: genetics, environment
- trauma - stress related to all kind of things
- Negative thinking, feed-back, preconceived beliefs, behaviours - and that unseen influences are as capable of producing symptoms as the physical experience and/or trauma
- this gave him the process called the **Matrix Assessment Profile**
- The matrix is the human realms of influence: physical, bio-chemical; psychological, emotional, mental, spiritual
  - The assessment of the matrix became an assessment of the 3 parts
  - starts with bio-chemistry and looks in the fluids for clues for the root causes of symptoms  
Ph levels - alkalinity; free radicals; resistivity; nutrient density of the body
- As technology began to advance, he could feed the fluids into electrodes which gave results to very minute levels
  - if he were looking at a person experiencing full body inflammation, he could see precisely what was happening - how toxicity would build up in various ways, for example
  - Began to associate patterns with what he was finding
- **Beyond Medicine: Exploring a new way of thinking** is his latest book; all these things were an expression of deficiencies or imbalances which were not diseases, but
  - He found out that 95% experienced imbalances that were called diseases are not diseases - people are pre-disposed to certain things: their environment
- when he evaluates fluids, he finds deviations from normal: they address these deviations with nutraceuticals like herbs, vitamins, minerals and introduce them to re-balance the deficiency -
  - can tell if the imbalance is bio-chemical; if not, it will be in one of the other 2 realms
  - 90% of the people will get 90% of the results in 90 days
- within the last several years, with continued advancements in technology, no longer needs blood draw - can find it via a saliva and urine samples - can do it as a mail-order process!
- Now has a presence in a lot of countries - they can e-mail results with an interpretation & a recommendation to people anywhere in the world
- as for treatment: de-tox is first;

**Cathy: what is your diet?**

**Dr D:** he outlined caveats in the latest books:

- everything works - which means everything is good, everything is bad: works most effectively for the situation for which it is indicated: whatever works for you will work most effectively
- Everything has its benefits and its downsides
  - when all you have is a hammer, everything looks like a nail!
- Follows basically a Mediterranean diet - was a vegetarian for 10 years, put on weight, got unhealthy

- has found in patient population that vegetarians had highest cancer rates

All the info is on the site

**Cathy:** why did you decide to have the hour program every week?

**Dr D:** thought it was part of his responsibility to make himself available to people even though they do not require/need/want a consult: part of his service, a venue where he can share -

- it is a process in which he is involved and that he cares for the people who invest in his process and products.

**Cathy:** Planning on retiring any day soon?

**Dr. D:** No - he plans to do this until he dies

**T:** how about until you don't die?

**Dr D:** goal is to live as long as he can

- and yes, he goes on his own protocols: has been his own guinea pig for a long time, as have all those involved in the company and the product development
- His partner was the one who saw the potential for going mail-order -
- In the office, they practice "mindful awareness" on a daily basis: how mindful can you be when people call & complain etc etc; their wounds can be healed by sheer contact with the person who answers the call!!!
- He got a call from one of his internists in Santa Barbara: his mother got sick instantly due to mixing meds - he recommended long distance that his mindfulness staff would focus their intention that his mother be fully recovered!
- Told his internist "Just deal with it" - if you think a vitamin C tablet will fix it when you've got all that regular medical stuff happening - it won't! If we deal with this on an energetic level, the possibility that she will recover are 100 x more power, more potent, than a supplement -
  - they did it for a solid 10 days: as they focussed on her, she grew, and then would relapse - once the thoughts "took", she got up and walked out of the hospital
  - The internist called back later and put her mother on the line: the mother said she could feel them working on her and described the ups and downs of the experience until the day that she passed over the hump and walked out of the hospital - and feels better than she ever did!

Phone # - not everyone has a computer

1-800-959-2640 - call this one, and you will get the number you need to

**Next book: Beyond Medicine: exploring a new way of being**

**Mother:**

Greetings in the Light of the Most Radiant One. In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

**Greetings, Children of Ra!**

The hour draws nigh: we have been called to active duty by the time we are in.

We can say the eye of Ra , the right and left mystery schools of Horus coming back into focus

- all that Dr D just said is so: we have to remove the debris, and it is happening at the moment
  - the shift is hitting the fan: we are the Ones we have been waiting for in this hour
  - We can truly say that we creator gods have risen to the occasion; it may not seem like much has

unfolded yet we would say the moment is now: work with the energies & the frequencies that are coming forth: these temples of the Living God are being raised at such a rapid rate that we will not recognize ourselves in 30 Days - that is how radical the cellular molecular structure changes are

- The least among us is the order of the day, as it has been said: it is unfolding that our grandson has exposed to us that he cares nothing for our welfare - more concerned about his affairs and his dividend changes than if you have enough to eat
- This is the hour: we have asked "how can we be of service?" We are called to service to do this - has all to do with the exposure of all that is surrounding us & the answers are at your fingertips: was never about nukes in Iran: always about star ships yet the story still unravelling
  - there is much that

**Now is the hour: let us do this us as one heart, one voice, one mind**

We are going to see some transformational changes : it has to do with NESARA

Has all to do with the signing of the NESARA bill into law: things will come back into focus - it was not a clone that signed it, but the real Bill

Cathy: tell us more!

**Mo:** has to do with the power we speak of: 144,000 x 100 thousand x 100 thousand have been called to active duty; now is the time for the Order of Melchizedek to get busy: Wet Willy set it up

**Cathy:** he did not sign it into law willingly - you had to bring in the troops, etc

**T: NOT TRUE - it was a lie in that piece - he did it completely on the up and up, quite willingly!**

**And in the real Bill form!**

The other is Patrick Bellringer mis-information

**Mo:** There is a lot of misconstrued information and dead bodies!

**Caller:** said about our DNA will be changing in next 30 days: if these things are happening, will we still have elections in 30 days?

**Mo:** cannot say yeah or nay: the son of Malcolm X is walking you through the doorway of 2012 - this has been ordained - it has to do with the story of Islam and the people of Palestine

- Why is it now the Admiral's wife now in the story: the story about him having a wife, & children [reference to the news story about Jesus referring to his wife Mary - small parchment fragment just released]

is about what is occurring at the exponential level of the frequency uptick that is happening as we are racing to the centre point of the MWG, to the NEXUS which is like wrapping ourselves in joy

- Her grandson is laying out the plan and all it does is take away your money
- He is the One [The Sirian Commander] how we do this in the next 30 days meditate every day, 2x a day -  
Your DNA is calling you: you are coming to meet yourselves
- Still integrating how all this works: going from the 3D guy on the street to the 5D - as you meditate and get in touch with your DNA, you can experience the cells absorbing the light and saying more please
- As we hug people with hope, it changes the conversation - working on the Dept of Peace instead of keeping up the Dept of Defence - it's about what is in the heart, we have the abilities of co-creator gods
- Do it, do it now, and watch the changes in the cellular molecular structure

- The rainforest - as it dies, the body dies; as the rainforest transforms, so do the bodies - those in the forest know the white brothers will make it - need to embrace the naqual, walk with the thunder cat - when you walk with death on your shoulder yet you know that you are invincible
- The shift in our realm is radical - we are being asked to rise to the occasion
- Someone spoke about the sacred right people have to vote, and some are giving up on voting this has to do with what the story was all about - the walk to Selma: **vote for this man**,
- The felony issues at hand about voter fraud are in hand - in spite of the rhetoric of what you hear, the highest ranking members of the good lawmakers are discussing 9/11 - Patrick Leahy chair of the Senate Judiciary committee - re-opening the investigation, and recall of the Supreme Court

**MR:** saw tabloids in the grocery store: Clinton sick and dying, botox on face to look healthy - story?

**Mo:** those kinds of papers having a hard time selling their papers. Mr Bill is doing fine, thank you very much!

**Caller:** wants to bring more awareness to the public about the dark using sexuality to control people both in the physical and energetic senses - lots of seduction.

- We are actualizing our pure roles in physicality of what we are in our divine nature, and the dark tries to change this via our lower chakras. The greatest bliss, joy, satisfaction is in choosing the heart power over the other - we can heal, we can bring the truth to light and heal it:
- Tells the story of 10 years ago when she saw crop circle in her back yard in grass that was 5 feet tall - Can Mother speak more about it?

**Mo:** she has been visited for many eons of time; as you call in the Office of the Christ, the issues can be lessened greatly - knows it has not been easy for the caller; moving the frequencies from the lower to the higher chakras is not easy.

- Now is the time to raise the energies - the Admiral, the Planetary Prince of this planet, had a wife; based on higher teachings of the kundalini
- Many are still awakening to this awareness; as you do ho' o pono pono and "I am sorry, please forgive me, thank you, I love you", there can be transfiguration in your lives.

**Caller:** got an e-mail - global meditation and prayer - [GAIAM.org](http://GAIAM.org)

**Mo:** 1 pm Sept 21 - World Meditation for World Peace Day

**Caller:** reminds us about the nature of the Shekinah and masculine energy being the same, really

**Cathy:** more bankers sequestered off shore on ships: how close to closing down on these ones?

**Mo:** in the next few moments, everything can turn on a dime

**T:** lots of ships, around the planet - untold numbers on them!

**Mo:** the transformation of this very sacred hour: we are the key to the story; we are the transformation - as we move from the ability of 3D to 5<sup>th</sup>, it is a magical moment as we can go about kindness, forgiveness, the love being brought forth in this hour - that is how we get to the next step

**Mother's Closing:** as we go through this weekend and the sacred frequencies of what we experience - the meditations, the equinox, the sacred hour - this is the place where we can transform the planet in the twinkling of an eye: 144,000 - we are already there!

**Closing:** Cathy
