Annie Rose:

- everyone has aspects today which indicate they got up with an idea of what they wanted to do, but all kinds of interruptions prevented that from happening!

Next week: other kinds of unforeseen obstacles will show up; new ventures will get bogged down

- On Tuesday, Mercury goes retrograde - Mercury in Neptune - going to be a realistic mode of thinking that will hang over situations and decisions we have to make from 6th to 12th / 13th
- things will be grey for us, wasted conversations next week

Mon: • a very intuitive day; intuition strong for everyone

- will witness a lot of truth we did not expect to learn about - will be in news media
- all next week: will see jealousy raising its ugly head: when you see this, study the behaviour and try to understand why they are like this

Tues: • we want economic security for us, our loved ones, now and in future - think about joint projects

- if you can work on joint projects, do it - should be fruitful - if working with someone from past, should be great

- be on time with any payments due

Wed: • will be more jealous behaviour; probably just the stars - don't get angry

- people will be acting out of character
- we may be stressed out about work - at home, career - this too shall pass

Thurs: • extremely serious day

- just enjoy some hours by yourself - you will have an innate desire to seek knowledge out accept an invitation to go to a seminar, for example
- clear out - do a fall cleaning

Fri: • every sign shows people will be thinking about travelling - will be bored with routine tasks

- be careful around the house: haphazard things might happen

- Send our prayers to those on the East Coast for this week and next

MR: people whose phone companies are hassling them about using their cells for the conference calls, let her know - name of company, some basic info.

AR: asks about why the people should not be on the calls?

MR: because they are using too many hours

AR: but they pay for it!

Cathy: just confirming to AR that what she said about ongoing interruptions: she lives between NY and Philadelphia - people coming for showers, to pick up water, to eat

- trees on homes, power lines - lots of winds - just confirming that is what is going on at her house

AR: have had the wind - horrific! Lives on tip of Lake Michigan

Cathy: one hour away is a beach community of Belmar, New Jersey - so devastated, people going up and down the streets in kayaks; yet another place close by got nothing!

MR: the Friday before 9/11, she was talking with grandson about the idea that people needed to communicate & have compassion with each other; this usually happens when there is a disaster & this is what is happening now

AR: we have to learn to think "we", not "me" - what this storm is about!

T: people are now thinking about big ideas like Republican gov't does not want much gov't or FEMA - the wealthy people do not need the gov't they can do things themselves - except perhaps save their souls!

- It will be 8 - 10 days; there are 6 Million without power - why not paper ballot? Not electronic

MR: would eliminate electronic voter fraud

T: It is **ELECTION FRAUD** as opposed to voter fraud - there is a big lawsuit being filed by United Auto Workers, Bob King

R: they are filing in 9th District Court - evidence already against Romney, Mr Sproule, Ryan, Karl Rove

Cathy: wondering about pushing election back

T: this was in their intention: piggy backed on climate change and enhanced the Sandy storm

AR: contact # 219 - 980 - 0010 - to make an appointment.

Hard News:

R: various ones talking about the stark realities of polarity at the moment; people saying we don't want your canned events, Mr Romney; just get out your check book and put your \$ where your mouth is!

- Chris Christie has done a 360; Randi Rhodes thinks Obama took him aside and gave him a talking to: lots of New Jersey folks in trouble
- Ed Schultz, Eliot Spitzer - there are parts of the subway still not running: conflicting reports on this
- R spoke with Randi Rhodes: **this is HUGE and a very big story breaking is United Auto Workers**
 - **Mr King has sued Romney for election fraud in the 9th Circuit Court**

T: there are a whole group of Republicans for Obama: citing the hurricane, the election fraud, the lack of support for the people for collective usage of the commons and when the commons are not working well, we the people have paid for the commons

- Romney and the Republicans want to privatize everything for profit: FEMA, schools, highways - all that is part of the commons

R: if there were no FEMA, where would we be? Romney said give it back to the state, yet there are 9 states involved in this and where would we be for collaboration etc?

Guest: Christine - an astrologer about what's happening in the world, the election

Background: started when she was 13/14 - mother of her friend was an astrologer - this tool helped her make sense of what she saw happening around her; she learned to open her heart to others

- in 1986, she began doing this professionally - just something that feel into place for her
 - she was trained as a classical musician - playing, singing
- when she was about 22, on Queen Ann Hill in Seattle in 1979, she had a flash of a powerful direction and saw herself helping people find out what was going on in their souls; saw herself as a metaphysical teacher and it came true about 6 years after she had the vision

MR: She and MR share the same background in music

What would be most helpful to people?

Christine:

- 3 x a year, Mercury goes retrograde; fouls a few things up, yet Mercury comes as an assignment regarding a truth or direction to be followed - Nov 6th
- she has not seen a Mercury like this one which is in a square to Neptune and to Chiron
 - it means a variety of distractions, confusing events which began last Aug/Sept 11 & Libya
 - what media chooses to report or not
 - bizarre events without clear explanations - this is escalating to Nov 6th, and there could be an increase in these to take us off track
 - whether it is purposeful or intentional or a result of the astrology:

hold on to the positive of this event & confront the -ve parts of Neptune: confusion, deception, loss, hopelessness, distractions

- the Mercury in Sag is trying to help us have our vision and what we want to see as very, very strong visions: our economy healed, our space cars, bonding together as a community and to feel in our hearts that we want these things and none of the negative chat that says this is not possible or not even addressing the issues.
 - We are to hold on to our far-sighted vision and high moral standards
- +ve aspects of Mercury: a change for the better; there could be a truth that runs like a golden thread, a clarity of some truth that rises above all the other confusion - gives us an idea of what we want, or a candidate that rises above
- Looks confusing as to which candidate will win - astrologically she is completely neutral - cannot figure one or the other out
 - **Obama's chart**, based on premise that Mercury helps us zero in on bull's eye -
 - 10th house of president is where Mercury is - meaning he could be re-elected
 - 10th house has to do with ruling over others or being in an advantageous position
 - thinks he is intensely pressured to pick and choose his issues more carefully to keep something not discussed so people do not get more confused - to project confidence
 - Because of the Neptune square, thinks he is upset over something and wishes he could come out and spill the beans - he cannot tell [others] what is bothering him

MR: is this a "this too shall pass"?

Ch: yes, there is an event that means he will release what he wants to release about something that is not so cut and dried as the public thinks

- The US chart has an indication of a truth that they will have to deal with that they have never had before! It is not so much about positive beings coming to help people, but others that might be a problem and this will cause people to be stressed
 - She sees 3 stages
 - 1st is Dec 18th - 25th, peaking Dec 20, 2012
 - 2nd is Apr 10 - 30, 2013, peaking Apr 22nd exactly
 - 3rd and final stage of challenging and potentially shocking information - Sept, 2013 peaking on Sept 17, 2013 - the final chunk of information

- Ch:** **Subject: planetary and inter planetary history, future and technology, ET presence** - those who are in defence positions cannot completely disclose yet because it to be too big and don't know how to bring it forth
- the whole pattern of 1950s - 90s history could be revealed - the interfacing, relationships and constant growth and the sudden growth of computers etc after the 40s - he could discuss this
 - she thinks he might bring up another reason it has been embraced not only for advance of humanity, and he will skirt an issue until the fall and bring it up as mildly as he can: there has been an opposition to this and he wants to protect the people from it: don't know how to deal with another faction that is not a nice race, and they don't know how to talk about it.
 - In the US 1789 natal chart, she sees a similar pattern: she looks for patterns: in first chart, it slightly matches Obama's disclosure pattern: Saturn making an opposition to the US Sun
 - 1789 when Washington was inaugurated - dates are slightly later than Obama's, yet the US chart and Obama's charts have same pattern - these astrological cycles only happen once in 29 yrs
 - **Jan 19, 2013** the US people have a test to mature and embrace a truth about reverse engineering, equipment and technology and things having to do with Taurus and engineering and cultural fabrics and to re-arrange itself to get up to speed in embracing a new reality without

losing their goodness and humaneness

- **March 20, 2013** - 2nd release of awareness & having to digest the new challenge on the people - they have to grow up and move forward - there is no turning back
 - 3rd and final initiation of country - **Sept 22 to Oct 7, 2013**
- This is a theme that runs through the 9 months and is in both US charts & Obama's - Saturn cycles
 - Has **another US chart** with a similar challenge and pressure to grow - same astrology cycle as the other one - they are all Saturn
 - Sept 2nd - 2012
 - May 1 - 17 - what does this mean for our jobs, skill development, vocational training?
 - Hits people in a little harder way: once people become aware of amazing truths, they have to think about where they fit in for the future - will mean re-arranging of one's personal worth and growth and where they fit in the world
 - Aug 27, 2013 - acceptance of this maturity
1. This puts pressure on the people and the Pres to push the people into a new global and celestial awareness of what is out there
 2. Regardless of disclosure or not, the astrology cycle for the country causes all of us to agree to move the country into a higher world, an effortless golden age and to move together: not just the technological part, but also spiritual, philosophical, giving value to each person

MR: we have all been hoping for this

Ch: Romney's chart has his Mercury retrograde landing on his 7th house of the opponent, meaning it gives power to the opponent - he did not articulate clearly enough what mattered to the people

- **Ryan's chart** has challenging aspects before during and after the election
 - what is confusing is that Mercury had a good aspect in the fall, but we are all uniting spiritually and we are conducting our own spiritual election - **There is a spiritual revolution going on!**
 - there is an event that is happening that occurred 1776 during the American Revolution - it was Pluto in Capricorn and it was exactly Jan 1, 1762 - Apr 3, 1788.
 - **Pluto** is a confusing planet: doesn't know it it's a real planet - it has a strange aspect on earth and people's cycles.
 - It is +ve as it presses a compact release of power into our lives especially if it has a good aspect to something in our charts. It will empower the US chart - it will start expanding people's spiritual awareness on Jan 13, 2103. A trine releases tons of powerful +ve energy - it is in 9th house of consciousness: ideas, intentions about economic prosperity, transforming social programs to be more effective, a good power for success, good fortune
 - This Pluto trine will send ripples of transformation on all levels of the country from Jan 13, 2013 for years to come - an important thing to consider as not far from Nov 6 to January 13
 - Pluto has a powerful influence months before it trines the sun; thinks people are already feeling this some deep resonating unifying sense of purpose as a country, as a people: we are Atlantis come back again and we are here to do it more magnificently than we did before.
 - Pluto moving into a particular area of solar system, moving in front of constellation of Capricorn; **last time we saw it was from 1762 to 1788. It is back again from Jan 25, 2008 - Jan 2024**, this planet is releasing energy, and transformative will & pressure etc to transform the sign of Capricorn which has to do with Government, with those who amass power, who control, who are taking a monopoly of the economic gains of the planet, those who have a monopoly of technology
1. ramps up their clamping down on the little people to have more as England clamped down on the colonies 1762 - 1788
 2. millions of us also have the right to use that energy and transform their blue print & agenda into the

divine higher energy of the cosmos, during 2008 - 2024, to take the reins and release the energy of the golden blueprint of Aquarius under St Germain **for the benefit of all**, not just those who currently have the power - without violence, without wars, just pressing higher ideals boundaries

- In the midst of this massive Pluto wave, there is **this little snippet: the planet Uranus**
- The planet **Uranus**, a revolutionary high evolution, technology, expansion planet has to do with things that break the mould - it is in conflict with Neptune in a right angle and earth is sandwiched between the pressures
 - of Pluto race for who is going to bring in their blueprint first and Uranus which is saying that through a variety of methods, souls, meditations, intention and spirit, this Pluto will not turn into another matrix which will hold us again. This started June 24, 2102 - why we feel the pressure and excitement and intensity
 - The battle is on for light, harmony, progress, and freedom and it is checkmaking the potential of Pluto's conglomerate monopolizing of power and resources on the earth
 - This escalation of conflict between those who still have greed and souls of good will continue to 2015
- Also, **magnetically**, in addition to other astronomical events - in this solar system and galaxy
 - Uranus has also moved into the **US Conceptual chart of 1776**, and the 4th house at the bottom of the wheel - you put down your feet on the ground; it is our place of security; the foundation of a house where we feel secure - it's a bedrock
 - once in 83 years, Uranus moves into this 4th house of the natal chart and then there are shakings of the foundations: small earthquakes in Peru, Ecuador, CA, odd sink holes, increased tornadoes activity, odd weather patterns - she lists a number of things and places.
 - This began in 2011 - **not a bad thing** - +ve is we have to change as a nation! Not just land and home security; could also represent the mortgage situation - we no longer fit into the shell of the old way - this is to help us to move into a new home - **our frequency has changed - we are transitioning!**
- The President knows way more than we even know about why what is happening is happening.
 - Those on the call are more aware than the general public and they will be shocked.
 - People in Europe are way more ahead than the people in the US - other countries far more willing to accept what is happening than people in US.
- There is also our **alignment with the sun and Galactic Centre** and the **discovery by scientists in 2006** of the neutrino particles which are activating the DNA - there will be debris coming from the elliptic of the section of the solar system we are travelling through - this is helping us raise in consciousness.
 - **We are in 2 worlds - physical, spiritual - and we are getting used to it.** The veil is thinning and we are beginning to see things as they really are.
- **2012 - 2105 is the key period when we will all see the total truth.** As the colonists in their way had to discover their truth in 1760 - 1780, peaking 1776, so do we now.

T: mentioned that there was something that Obama would have to ease into, about a not nice race.

- From their involvement in Faction 3, they know the race is called the Archons [Christine agrees] - lots of them are in body on the planet, yet numbers have been disarmed of their powers; they have been controlling the more willing ones to do not nice things - which Romney, Ryan etc represent

- Romney, Ryan, Rove all have an anti-christ aspect in them ; all of them engaged with this and not feeling their hearts and being willing to be eliminated by genocide large masses of people, the big trigger being 9/11.

- As you look at the chart, how and when will this be dealt with - we cannot go forward until the not so nice ones are held accountable for their actions

Ch: has been a long process! Her recollection is that when those on the negative, destructive side and when the new age of prosperity and love, the golden age is in full swing, **2026 - 2032** is the period of peace and progress and resolution and freedom from fear and freedom from being attacked and being manipulated with overriding aspects of global community.

- She believes that the archons and other races are being taken to the court of sacred fire and are being disappeared - their electronic pattern, their momentum, their capacity to dodge karma is gone -
 - This shift began on Jan 1, 2012: she felt a massive shift in the dimensions and frequencies; she could see them lose their ground; they were being moved into a darker place or a difficult dimension , and we began to feel our confidence & courage return - we would get our lives back.

- Astrologically, **outer planets indicate greatest signs of progress**

- squares, oppositions, challenges, negatives are about having to confront darkness within selves as well as in the US - we have to become stronger as individuals with or without the President's help

- by 2017, there is a stability, an accountability in public, political terms; by then the people know who the enemies have been, no more confusion

still some bumps up to 2021 -

2025, 2026, 2027 - there is a cycle called Uranus trine Pluto comes in - a glorious astrological cycles, idyllic - across the planet

2016, 2017 - a possibility brought to a judgement or accountability in a physical way - lectures, and so on that tells what all of these ones have done - Obama already knows these things; by then, he will know they have been diminished and can bring the truth to the people without causing alarm
2012 - he gets over the hump, so then he can work to telling

T: vast majority of the ones operating in the dark way are in prison ships of the coastal regions of every continents - guesses there are 100s of thousands of them, starting in 2009 after he was sworn in.

Faction 3 has said that 98% are no longer where they can continue to cause harm. The ones still appearing to be in the forefront of running the empire are clones or holograms, no longer original selves.

- **all that is left is the illusion of that many of millions hold about that power being there**

Ch: the election happening, not happening is happening in the Mercury Retrograde of illusion:

you can see it everwhwere - an event happens: then people start saying here we go again with lies

- Mercury empowers the people to do their fact-checking., etc -

- people are beginning to check and come out and challenge the Neptune and its illusion:

- her best example: a video from Rush + one from the Navy Seals exposing what they knew from Libya - more and more details will be brought out

- another is the Louisiana Bayou cones - before people were not discussing what was under there & why it was flooding; people did research and found that this is a toxic waste dump because of

ALL THIS IS BECAUSE OF US WHO HAVE CHANGED, DOING OUR RESEARCH, WE ARE EMANATING DOMINION & RESPECT, TALKING AMONG OURSELVES

- **ELECTION OR NO ELECTION, WE ARE TAKING OUR COUNTRY BACK!**

T: so hungry for this, so beautiful to hear the matching truth

Caller: Tara always says we are ahead of time in terms of dates: how does this play into the astrology?

T: we are actually, in Mayan calendar; as of Aug 18, we are in 2014 - good question! **Already in 2014!**

- The **King of Swords** has been telling us that **it is done now**, despite [sentence not finished]
- Also, there are 13 constellations; the international ass'n decided to keep secret the 13th const. which is Ophiucus: there are not really equal months or sections, eg only 7 days in Scorpio.
- Scorpio is from Nov 23 - 29th; Ophiucus is from Nov 30th - Dec 18th

Ch: is familiar with this

T: has been taught the man holding the serpent by the tail & head is bringing back the polarity to unity consciousness: the man is St. Germain. When we include St Germain in the formulations which was left out for all time, this understanding also affects things -

- with all that is being done behind the scenes **plus** the magic of who we are, we are **BOTH/AND** - from what we learn from both the 12 and the 13 astrology - we are not just in 2012, we are also in 2014
- so what she is talking of have some variables, so we could literally be experiencing awakenings you say are coming in the fall or next spring **but we have already traversed through it** - it is like there is something out of the air that we are not sure what it is, yet it is already tangible like maybe the energy of Mother is here so we get it NOW. We really aren't in a place to allow the work that has been going on with the archon group to further its place anymore
- Mother has Divine Intervention; she carries that with the 4 Muskateers: AA Michael, AA Metatron, MotherSekhmet; Lord Maitreya, the Cosmic Christ, the Mahdi - they have dipomatic immunity in our civilization's development - they can intervene
- the movement of our planet is being pulled like a tractor beam by the photon belt from Great Central Sun, Alcyone; we are not in the same place in the heavens as we were in 2006; before the first week of Dec of 2006, we were not in the MWG but in another galaxy - we were wobbling off our 23.5 degrees off our axis at the edge of our galaxy and were in danger of going super nova - the wisdom of the Great Central Sun, Alcyone, and the photon beam reached out like an arm from the Pleiades 400 light years away
- the tractor beam literally locked onto the solar system and now we are moving into the Pleiades where we will have 9 suns in our atmosphere and a whole different story going on, and because there are so many layers going on, we may not see it in the established astrology

Ch: depending on what science you use or the Mayan or anything else: there is a handful of tools we can use that we can depend on - there is a system - the Mayan calendar might or might not coincide with this but as you shift your frequency of attention to the 13th sign astrology or Chinese astrology or Vedic Astrology - they may not match, but they give their own gifts.

T: Because we are evolving; our DNA is actually changing, as we do that change consciously, we have more access to more gifts and as we learn how to navigate those gifts - it is because of us.

Christine's contact #: 406 - 222 - 1763

Mother:

Greetings, in the light of the Most Radiant One. In the Office of the Christ, and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

T: we ask for the deepest of understanding and overstanding to enlighten our souls as we take in this enormous time of synthesizing the understanding and wisdom we have received

Greetings, Children of Ra:

- This is the story about the heart opening, about the frequencies of this time, of what is occurring at such a magnificent level in this quiet little sector of the western spiral arm of the Milky Way galaxy - just a day in the life of the galaxy! It is magnificent to behold why you are becoming, already become, as the Indigo Crystals step up to the plate.
- It is about the heroes and the prophets, the 4th turning; about this guy who is not just a guy, but the 9th member of the Council of Nine and what he has to share with the people concerning structures on the moon, Mars, and how we have been visited by folks without bodies - just energy, thought;
 - it is at the level that we could say now that it is not about dates, but about the spiritual evolution that is occurring within the DNA of this magnificent form called ADAM KADMON. You are already god-men, god-women - we speak of the strands of DNA that are moving at light speed, and now things really begin to take hold.
- We have been speaking of the anomaly at the centre of the MWG, expanding the Nexus; as things are increasing in magnitude in resonance with these temples, the gold dust is coming into play.
- Keep focussing on the Ascension, it is imperative; yet these events coming to pass are not without the fact that we are the ones taking up the gauntlet about how to do things a different way with respect, praise, thanks, love for all concerned in the matter as it is about us and our children.
- The story playing out in the next 5 days has everything to do with completely changing over the time lines and the process of how we do things in each moment, having orgasmic joy and expansion at such a deep level that we lose the sense of time and place.
 - then everything is NOW and this NOW is all you focus on: right here, right now and the next moment will take care of itself as you move into it and you focus on it with joy, then you move into the next moment and focus on it with more orgasmic joy - and so on.
- The greatest of polarities are being played out right now in everyone's faces concerning these events that do not come from the hand of god; they are geo-engineered events by our children who want to twist the timelines - they are having a tough time of it; it is about soul matrix - they are not giving up without the fact that they have lost the war and the battle - nothing left to discuss but that you are getting on the train with me. [meaning her wayward children]

T: recalls that Christine said that the Archons are no more

Mo: we are talking to those within listening earshot who have everything to do with this and have oodles of cash who think they can continue to act as if they were gods, and they can't

- Their life force is being removed by their own hand! Things have moved into a place where it is in their best interests to accept love in their life; since they have made their bed, they are sleeping in it, and the gauntlet is being handed to we the people - by the people, for the people, to the people

T: got so much hope from the energy from Christine

Mo: what happens now: this is about where you pick it up and you move it forward: the gauntlet has been handed to we the people; as you move it forward with the man who has said "You push me; I want to do it for you": with deep gratitude and awareness of what this family has done

- The pieces of the puzzle have to do with the various groups that make up our inter galactic family - we are all family here, even the ones who are our wayward children: Jehovah, Lucifer,

Lilith who have already come back to love;

- this disappointed life form is playing out a very dangerous game of brinkmanship, it is not about anything but an empty suit creating by an agenda which has come to an end [Romney]
 - B M Mittens today said we have 5 more days; Rama, Ed Schultz, Mike Papantonio said how about writing some checks for the people at Bainport, IL; bring the jobs home - you've got the connections & the where-withal; we don't need to bring in Professor Xavier to save the day
 - These ones have already lost, we have great gratitude, great respect for our wayward children who have played their roles so magnificently - yet they are done. It is time for the Indigo Crystals
 - we are creating a new heaven and a new earth - Nibiru is here, not about an extinction level event on Dec 21 as the movies might say - NO DATES, NO NUKES, NO FLUKES!
 - it is **about the inner revolution / evolution going on**
 - this is the moment that this temple "I AM THAT I AM" - that is how we get through the next moments and Dec 21, 2012
 - There are events happening in our local system that have to do with lining up with our yanni and Nibiru, and in conjunction with all of that is moving into higher harmonics of infinite peace, infinite wisdom, infinite love and joy: we would say what more could you ask for as we have been witnessing hell loca for the last few eons, time for a break!
 - We have the strands of DNA that are going off like super novae in these bodies saying : talk to me, work with me, interact with me - you are never alone! The entire universe is screaming in your head: wake up folks, listen to the DNA. As you learn to listen to the voice, you can walk on water as you listen to the voices!
 - Each day is so magnificent to behold with each passing second, including Frankenstorm Sandy
 - Don't be surprised that stories will be coming out that we have been seen in the last 72 hours - the pictures are coming out now. As we can do this with the least among us who only have faith
 - As we say this in this very second, the first responders are responding in Jersey where voices of the light are saying "I want some water; I just want to feel OK in this moment"
 - 20,000 have had no food or drink for 4 days; 6 million souls without power - and they want to discuss if FEMA is a good idea???
- T: there is all this energy around re-valuing the dinar. Rama talked to the King today - 1st time in long time
- KOS said they [dark ones] just would love to have us access the dinars before NESARA: they have plans to take every person who gets dinars, take their money & then take them out
 - **TIME FOR EVERYONE TO STOP FOCUSING ON THE MONEY; AFTER NESARA HAS BEEN ANNOUNCED, THE MONEY WILL BE PAID OUT TO PEOPLE. [BY THE WHITE KNIGHTS]**
 - **THERE WILL ONLY BE 10 MILLION DOLLARS BEING PAID OUT TO PEOPLE.**
 - **FOCUS ON NESARA, NOTHING ELSE.**

Caller: Rama said that when President wins, he'd be calling Congress back a week early.

Mo: still a ball being juggled - high crimes have been committed at such a high level

- the light ones she calls her children want to **select** the one who is her grandson
- at such a deep level of the crimes that have been committed, yes that is in the works ; cannot say what will happen on Nov 7th - we have a crisis of global proportions on our hands: Syria, Ramallah, Palestine, the West Bank, all the hot buttons at the moment which have everything to do with the fake war on terror & on Islam, and they want a fake war with the galactics
- At the same time, loose strands are being gathered together & cauterized so all can be taken care of.
