## HARD NEWS:

R:energies very intense with our sun & all the way to the Great Central Sun

- not sure when the briefing orders will come, but knows everyone is on standby!
- Playing with intense energies involving Nibiru and Mother
  - The one with the answers is saying "Pass this job bill, pass all my bills" - rest is distraction
  - Distraction is London and Iran
- Distractions are black flag events - they are playing a game of chicken with Ashtar - send all the love you have - energies are in the place where we need to focus on love and more love, in spite of what emotions come up and the images we see on tv
- Yet we are all here, and are still here - the energies are moving at magnetic light speed, affecting everything and everyone, all matter - things are not what they used to be
- As we witness these things, Praise, respect, thank and love the feelings that come up:
  - thank goodness we live in a city of bleeding heart liberals who know what time it is - and it is about the man from 19.5 degrees!
- Why is Mother's face on the surface of Mars? Why can't they explain the city of Sedona and Mother's face and the pyramids that are a copy of the Giza Plateau?
- all of what's happening is major fiasco of distraction that has to do with TV stories
  - Chris Matthews on Hardball [MSNBC] interviewed Jeff Daniels of *Newsroom* on HBO -
  - it is a show that tells how a newsroom is properly run where people do not hide the truth, including stories of miraculous events or stories of encounters with our friends
- R has been hearing: **focus on what Mr Obama is saying**: the rest is distractions with no basis in reality, have basis only fear & fascination with the dark side - 26, 826 years of fear & fascination is enough!
- Had a new moon yesterday: the energies moving up to July 26<sup>th</sup>, the day out of time; they are playing with very intense energies
  - he is being told to **focus the violet flame into the Middle East, London, & other areas** as the 144,000 work with this and we focus on LOVE, not the fear and fascination with what is going on - which is about distraction
- Black Magic Mittens' story goes so deep: how do you talk about this except with the story of Luciferia is all about lies and distraction, separating mind and heart
  - when he was getting investors for Bain Capital in 1986, Reagan was getting ready with Iran contra Scandal, the murders in El Salvador, Panama, Nicaragua
  - Romney is directly linked to death squads in El Salvador - got money from families in the upper classes donated money to Bain Capital, & the money they donated came from the sale of guns in Iran
  - now we have Mitt R with blood on his hands; the more he is pressed to release his tax returns, the harder he drives down, now his wife is getting curt

**R:** the energies coming across here: a story came out in **Veterans Today:**

- an assassination attempt on Hillary - the story of death squads in El Salvador came out in The Nation magazine - only 2 places he has heard of it - also from Stephanie Miller on Current TV

**MR:** New moon begins today after midnight? Difference of time between locations across country? Yes

**T:** Hillary is Mossad; Mossad, Israel, Vatican are Nazi

- Ref to Vatican being invaded for the first time ever - over money laundering and through this operation, Mitt is getting millions!
- Hillary completely out of money, so Mitt is funding black ops in Syria, things in Bahrain, Saudi Arabia
  - US military are in the Persian Gulf ready to back up Israel
  - Israel wants to blame the attempted assassination and the killing of people in Bulgaria on Iran

**R:** read that the person connected to the Bulgaria story had a fake Michigan drivers licence

**T:** Netanyahu has a headache: the Lakud party is far right wing, fundamentalist extreme religious -giving him problems

**Cathy:** why is there an assassination attempt on Hillary when she is the one doing all the killings

**T:** dark forces are fighting amongst themselves; will do anything to save themselves

- usually Mossad has a helicopter overhead, won't let people anywhere near close - this is amongst themselves! They are definitely scared! Scared over here, too

**R:** more and more implosions in Congress:

- Jim Clyburn was on first hour of Ed Schultz radio show - thinks it's time for the Sargent of Arms to do some arresting on the floor of Congress; said he was ashamed to stand on the floor and speak with those who call themselves Republicans!

**Caller:** what is status / situation re: our friends in Iraq? Starting Ramadan tomorrow & that there will be a situation as the pilgrims arrive to offer up prayers, will something miraculous be happening?

**R:** some ideas from the 13 families - Area 51 Project Blue Beam stuff: can make the Mahdi show up, or maybe Diana & have all the light workers thinking this is it! Yet when this happens, the feeling is of such joy, there is no fear!

- as they try to pull something off like this, the good guys will show up and the inter galactic war criminals will be taken into custody. Immediately. It is already happening.

**T:** big banks funded the Nazis and launched a coup against the US presidents - a headline

• **R got a call from Nada** who was in Damascus about the Free Syrian Army

- The FSA got together with the opposition forces, one of the guards - put a bomb on himself and blew himself up so the others were killed inside a small room: it's a turning point in the story
- the people are stopping the lies that Syrian TV is telling:
  - every story is being blamed in Iran, and the people are revealing the truth of events

• **Nada said the US and the UK are 100% bankrupt!!!!**

**Guest:** **Annie Rose**

In a Mercury retrograde period: Friday July 13 - August 6<sup>th</sup>: mixed communications, equipment issues

- We are relatively free of problems for a long time after - Nov 4<sup>th</sup> - 24<sup>th</sup>
  - Presidential election coming up;
  - fighting amongst candidates - **pay attention after Aug 6<sup>th</sup>** - accusations flying that shouldn't be
- Especially affecting Leos - others who have lost track of a friend, family member will hear from them but it will all be good
- People having Taurus, Scorpio, Aquarius will have upsets over ?/

- New moon in Cancer, which is a lunar sign - has more effect than any other lunar sign of the year  
Gemini- financial; Aries - things caught up around home; Scorpios, Sag - have legal things to look at; Libras - possibly miscommunications at work or with work;

**Caller:** in Taurus: anything about health?

**Caller:** personal questions

**Cathy:** asks about the Dinar and last time Annie was on the call

**AR:** feels we are sitting on top of the mountain: a volcano that is about to explode; she sees money coming from it - Mercury retrograde is a delay; after August 6<sup>th</sup>, things will straighten out

- She's watching the Viet Nam Dollar: thinks it will be re-valued faster than the Dinar - very quickly
- Maliki, a leader in Iraq: he has plans A, B, C, D etc - she does not see him being ousted for some reason; he's too manipulative to get where he is as leader of Iraq - thinks he'll keep his job
- She's disturbed over US and involvement in Syria: prays for peace there

**Cathy:** what about 2012?

**AR:** it is more a spiritual thing: a better quality between people - less hostility, but Nov election something to watch - massive amounts of argumentation on the election day; by Dec 12, massive changes to the people

**AR:** knows something about NESARA - thinks it will grow; thinks next president will straighten out the economy and people will be more pleasant

**Caller:** DOB: 2-2-42 - on health issues & finances: needs vitamins, etc - has spent much time in hospital

**AR:** sees a woman who will give her guidance and help a lot

**Contact:** 219-980-0010

[roseantich@att.net](mailto:roseantich@att.net)

**Donation for readings:** \$60 and it takes over an hour to get ready, an hour to give it

**Keep a bright expectation on Dec 12 - NOT THE END OF THE WORLD!!!!**

**Mother:**

Greetings in the light of the most radiant One! In the Office of the Christ and only in the Office, we invoke the loving energies of St. Germain and the Violet Flame

**T:** We ask for the kind of love of the rainbow and the magic which comes with it; we could also use the pot of gold at the end of it! Now would be a good time to start over, and with the purity of heart of the gold: we are all tired of looking at the dark side of the force! May peace be our venture now.

**Greetings, Children of Ra!**

- It is the time when our cells, our particles of living love, living light have called us to active duty - or we would not be here! It means we have all made it! Welcome - we are well met!
- This is about we the people, the whole of us, this planet, this universe, not just the 1% - they are really part of us - the part of US, Mother England is not without warning that this would happen: when you sleep with fleas, you get fleas - we are at the time when we need a disinfectant!
  - making a joke about inter galactic criminals among us - the dangerous game being played - all about chicken and who will make it to the edge of the cliff and fly - ref to Baba Jii's story
- all about the fact that we [Mother] are here - send our children more love as they enter the rift that is

wider and wider with what is occurring with the energies rippling out from our yanni

- This anomaly being brought up: Nibiru is here, it is **not** about death squads, about our wayward children who are criminals of the highest order in this place and they are only now becoming known to the people as the shape shifters they are - more and more will be shared in the next moment
- We are in a pickle: the Republicans are one pickle we are in!
- How do we begin to talk about what you are witnessing: the piles of radioactive waste that the children play in in Baghdad, Syria? The depleted uranium around the earth and in the bullets police carry with them here in US? This empire is changing
- As we focus on the rainbow bridge and orgasmic joy in the midst of a nuclear nightmare: it is possible for the 144,000 to sing carols down the yellow brick road as we walk towards Mordor and give the lord one heaven of a headache!
  - we have already won, Children of Ra; the tide is lapping at the shore, the tsunami of truth
- Our grandson is doing a magnificent job of lying to us about tax returns; it is just a distraction - pay no attention to this bad version of our grandson - Randi Rhodes called him a two bit pimp off K Street
  - the blood over his hands won't come off: 70,000 in El Salvador; Bain's actions in the US that resulted in loss of factory jobs and people unable to support themselves
  - the crazy stuff coming through the TV: we need to think with our heart, feel with our head to deal with the ads & all that is being said

**T:** in Nigeria, 3 days before yesterday, people in a slum were told it would be burned; it was burned, and now there are 100,000 homeless

**Mo:** As we walk through the depths of Mordor, an avatar shows up and says let's sing - as we think, so we are - the anomaly coming from our Yanni - as we go further and further into this year, and experience the frequencies of 12 / 21 / 12, it is the beginning of a new story.

- Send our wayward children on with love; it is the end of their story - it is Sat Yuga
  - the outrageous things we see and hear need to come up so we and Gaia can heal
  - in the twinkling of an eye, Ashtar and Captain Sananda are on a moment's notice
- the Games and the torch and the ritual going back to ancient Greece, yet it is in the confines - what is playing out as this Mercury Retrograde is here - go within and heal that which is most unlike love:
  - What is the worst story coming up: death squads
- there is only one story: black is beautiful; there is only one story, a hidden story that has to be told that of Kemmet that has been erased from the history books:
  - the frail white lady instead of the black Goddess- give me a break! Mother Zudiachus is here
  - This man is leading us through the depths of Mordor; people are whining about where is my money? As we do this together, it shows up instantly
  - Our wayward children have absconded with the money, and St. Germain has it stashed: they are kicking and screaming and ask if they can make a deal? The roll is over! No more deals!
  - Time for a hanging of banksters, as Max Keiser says - there is no other way & we are here

**T:** the banks just finished giving piles of money to the Nazis

**Mo:** that is a story that has to come out

- why have they ordered so many coffins to be in London in the wake of events called the Olympics
- Israel is planning to blow it up - yet Captain Ashtar is here! **Enough is enough!**
- Each moment you take the abilities with what you have in the moment and send the love - shut off TV, walk in the grass, send all the love you can hold
  - it is the **medicine of how we change the story:** surrender to God/Goddess/All that is
  - when it looks like there is no other place to go - sitting in Gitmo, facing death row - love the moment in which you are , as Len Pelletier & others are doing: I am Trayvon Martin, I am Troy Davis

- Where does it end, where does it begin?
  - **It begins right here with you - "I love you, I'm sorry, please forgive me, thank you".**
  - It is the only we get through the eye of the needle which is as wide as the Grand Canyon, or as wide as my yanni which is a black hole: how many ways do you get it?
  - Any one of us made this choice when we began this story: we all got the book "E T 101" and we said "A piece of cake; I'll have another, thank you very much!"
  - and here we are, full circle - now we stand in our power with the heroes and the prophets & we begin once again - Sat Yuga and 100,000 years of peace, and the story of Mordor is over
- We are witnessing the ugliest of stories coming out about this beloved man and his family who hold the frequencies of the Council of 9
  - If we had the magnitude and understanding of how deep this story goes and how important this is on a galactic nature, we would not be making jokes about a black man in a white house - we would be getting how deep, the ramifications of the seriousness of the predicament our beloved Gaia is in the moment - it is about the fact that the gravitational fields, the solar flares, the adjustments of the mechanisms the solar system has to go through to do this with love
  - it is about about hyper dimensional physics, in chapter 5 of ET 101: access the memory chip in your pineal/ pituitary gland & you'll have this chapter 5: it is in within all the 144,000
  - it is about the magic that we are here and in which you create this rainbow bridge which has already manifested in the moment: it is so simple, we have to laugh - it is just about letting go and loving! Sitting in the middle of Mordor with the elves and the fairies and hobbits and dwarves - having a picnic - not affected by radiation because the love is so high!
- It is that place of what we speak: we bring the place to what the Buddha did under a tree and the nuclear bomb goes off and there is just a blink, a breeze [in his awareness] : it is that what we get in our cells -
  - we have been called to active duty now - the 144,000 x 10 hundred thousand x 10 hundred thousand is physically manifesting in the moment, and that is the Superman's hair that is saving this planet in this arm of the MWG, of this planet
  - Already been completed: just do it now - We the People occupy everywhere across this local universe; as we do this with the greatest of love, it changes the entire story in an instant - it is that simple.
  - Yet as we are the midst of terror, how we get to the place of neutrality and know there is no death? It is that place where you surrender: they cannot kill this which is the temple of the living god - as you surrender to the understanding of that which is about to occur, as you surrender to that which is, it is the radiant energy that pours forth
  - the idea of ship? **You are the ship**, the merkaba - as we collectively come together, it forms this grand ship called the New Jerusalem of which JJ Hurtak spoke in The Keys of Enoch
- The story has been cancelled about the ultimate smack-down on the plains of ?? - that story has been cancelled. Yet here we are!

**Cathy:** You always talk of you not doing the work for us, etc; so where do we sit with regards to announcement, the shift, and so on

**Mo:** sitting on the precipice - the chicken game is just about over;

- we have passed with flying colours - we know we can fly and walk on water & air
- can our wayward children match these energies? That is a place where it is precarious

**Cathy:** how is it precarious?

**Mo:** they are playing with the brinkmanship idea, and don't understand that at the same moment, we can

de-cloak; guns don't work; tanks stop; planes don't fly - and how will this be explained to the talking heads at CNN and the fake news places and to the people?

- How do they tell real news, and not fake news and the war is over.
- About taking the moment when you take your life in your hands and say "I love you; I am sorry; please forgive me, thank you" - but I lied to you & there are folks here from 30 million light years across the galaxy who might be able to help you, but I can't because I am going to a place in the galaxy from where I won't come back

**T:** story of the Bushes had no money, and the Thyssen chicken people

- UBC bank in NYC is still Nazi funded money: how do we get that the and eugenics program and the food wrecking program Bill and Hillary are responsible for?

**Mo:** All this ends right now; Bernie Sanders and some others will pull a daisy chain in Congress and let it rip!

**Cathy:** meaning?

**MR:** how do we get rid of the food changing things in Congress?

**Mo:** Bernie and others will start to talk and will keep on talking until all the stories are told, & all the media gets the idea that the whole story of 9/11 is being told and everything else -

- as you know, they are killing 9/11 witnesses at this moment; they are disappearing!

**T:** this does not explain how we get over this;

- Nada has told us that US & UK are broke - so how is this getting funded?

**Mo:** the revolution is about a different kind of thing called respect - we are about to see folks stand up and say with all respect, sir, you are under arrest, sir

**T:** looks like the military are playing chicken little too -

- Scalia was laughing and lying and acting like he is fine [interview with Piers Morgan on Wed pm]
- George Zimmerman saying it was god's will that Trayvon died - what is going on?

**Mo:** we are witnessing the most horrendous of realities - will change in the twinkling of an eye

- send them more love and more love - only way we can walk through this and not go looney toons
- It is already occurring! Take a moment: chill! If you don't, you ain't here either -
  - As you don't meditate, have to take care of the sanity of the temple; as you are more concerned about a situation 3 billion miles away or 3 seconds away, not helping self

**Mo:** 8-8-8 right in your face, coming up, along with every thing else

- we are being asked to take a quantum leap: walk off the cliff and know we can fly
- we do this with the greatest of love
- Laurence O'Donnell talking about "Off the Cliff" on his program today

**T:** Nada say that Geo Bush is not long for this world

**Mo:** Must deal with war crimes tribunals; when that starts, it is in our turf; that can happen instantaneously

**Cathy:** which Geo Bush?

**T:** Bush Sr Bush Jr - both are solid holograms, the clones are done with

- has to do with Bush Jr showing up the other day on a TV program
- Last night on radio: played a 2 hour 9/11 exposed story - the trailer looks like they will be telling the truth
- the Mercury retrograde will reveal lots of ugly; this time period will get uglier by the second:
  - re-value yourself, re-align yourself every second with love

**Mo:** meditate every day; keep the food light to match/deal with the heavy energies

**Mother's closing:**

As we go through this weekend & the frequencies & this guy turning 59, there is a magic about the frequencies: things are not as they seem: big change and turn it over to the Captain!

**Closing:** Cathy
