T: what is behind this is the NRA which is an arm of the Republican Party - we have to push back on this - it is not the guy in the white house!

Pushback: we have to change our gun laws - the 2nd amendment does not say what the NRA says it says

- Marriage to Wener: also arranged by Bill Clinton; her whole life was planned even before she was born!
- Same is true of Hillary: molested since she was born, tortured, & so on mazzaroth. Archons [a.k.a ankle biters] are in control over them

Caller: is it just the real Hillary that was programmed - what about clones?

T: her life was planned from the day she was seeded in her mother's womb - need to walk in their shoes to have some understanding [clones carry the programming of the original life form]

Caller: are you saying we planned all this?

T: Mother created the mazzaroth

- she created us in anti matter in the 12th dimension, with all our DNA strands active
- we were equal to her
- then we co-created, with Mother, the entire universe of Nebadon:
 - this universe was created as one beingness, as a race of beings together, with our 12 active strands of DNA, our equality with Mother, our 12th aspect of consciousness - we made the 7th super universe
 - we cannot conceive of the time: eons and eons and eons and eons = trillions and trillions and trillions of years - not conceivable in linear time
- For one tiny split second, we were bored so we asked Mother who agreed and we created our universe
 - it was a 23 sun system, with 12 -14 planets around each sun
 - we decided to do this as a council, so we created the Nebadon universe
 - we created a 5D form from [while in] 12th dimension; while we had all the strands active, we had

already fallen - this form [body] we have now was created in the Lyran constellation

- Luciferia had the idea he wanted to be master of the universe; "I want to be god; do you want to join me? I want to play Darth Vader" so Luciferia became Lucifer, a fallen angel in consciousness
- he had the ability to create a star ship; at the start, he was Planetary Prince of this universe
- He created a ship called the Ship of 144,000; Sananda was the ship's Admiral at the start
- Admiral Sananda Kumara became the instant replacement and AA Michael joined him to become the Planetary Prince [s] [when Lucifera took on his self-appointed role]
- creation was instantaneous at that time: the second you had a thought, it came into being
- the hierarchy always was: it was about rays of wisdom and knowledge - not about individuals
- we have 80 billions planets in this universe of Nebadon with life on them
- This earth was to do things to heal simultaneously all the rest
- the oneness of our beingness has never been flawed: this is not about "me", it is about "we"
- this is the first time - they only talk of the first 4.5 billion yet it is 450 billion years before that of pure consciousness
 - at the time in South America - when Veracochoa was about, there were only 2 dimensional beings
 - As well, there are some people on this planet who have no soul

- Talking heads are saying not to allow Mittens close to medicare, medicaid

Caller: great way to get rid of records - banking records [ref to blowing stuff up in London at Olympics]

T: too late: Ashtar et al have all the copies - yes, they do know that!

All they think is that people are stupid

Caller: need to use the violet flame every day

T: have to take the negativity and help people find a way to help their neighbours

Caller: the MSNBC reports did not mention killer's name - kept focus on the people who'd been killed

Caller: something positive around the Olympics: London is the earth's star chakra which needs to be opened and Olympics is supposed to help this

- Diana Cooper said this "Ascension through the Orbs" [?]

T: it only takes a small group of us to send that violet fire into the vortex

talk to the fairies, the whales, the sylphs - as we request their assistance, they are begging us to help

- Just south of London, there is an island rising

Caller: lots of things that happened to him have helped - knows it was not necessarily his genes, etc

T: how come they targeted you?

Caller: grew up opposite where TJ Ready killed all the people in Gilbert, AZ - was one of earliest black Moors; his family active in Christian church - dad would stand up and channel in church!

- Dad, then Mother and sister diagnosed with MS; him with Schizophrenia - he played with brain wave generators

Music:

T: we can all do something for what's gone on here: when one is harmed, all are harmed

Audio: next episode of **Newsroom from Sunday, July 15th** - on HBO

it's good stuff in the sense that we can see what a real newsroom is supposed to look like.

PLEASE LISTEN TO THE PROGRAM; THE AUDIO IS A RECORDING OF THE tv program

T: this is uncanny - it was played on Sunday and they are playing it now: the show picked up the vibes about guns and a power that is beyond normal, what we are used to is going on - the powers of understanding at higher levels are coming through

2012, July 20 **Remarks by the President on the Shootings in Aurora, Colorado**

Harborside Event Center
Fort Myers, Florida

10:44 A.M. EDT

THE PRESIDENT: Well, let me, first of all, say how grateful I am for all of you being here, and how much we appreciate everything that you've done. I know that there are a lot of people here who have been so engaged in the campaign, have sacrificed so much, people who've been involved back since 2007. (Applause.) And so I want all of you to know how appreciative I am.

And I know many of you came here today for a campaign event. I was looking forward to having a fun conversation with you about some really important matters that we face as a country and the differences between myself and my opponent in this election. But this morning, we woke up to news of a tragedy that reminds us of all the ways that we are united as one American family.

By now, many of you know, many of you have heard that a few miles outside of Denver in a town call Aurora, at least 12 people were killed when a gunman opened fire in a movie theater, and dozens more are being treated for injuries at a local hospital. Some of the victims are being treated at a children's hospital.

We're still gathering all the facts about what happened in Aurora, but what we do know is that the police have one suspect in custody. And the federal government stands ready to do whatever is necessary to bring whoever is responsible for this heinous crime to justice. (Applause.) And we will take every step possible to ensure the safety of all of our people.

We're going to stand by our neighbors in Colorado during this extraordinarily difficult time. And I had a chance to speak with the Mayor of Aurora as well as the Governor of Colorado to express, not just on behalf of Michelle and myself, but the entire American family, how heartbroken we are.

Now, even as we learn how this happened and who's responsible, we may never understand what leads anybody to terrorize their fellow human beings like this. Such violence, such evil is senseless. It's beyond reason. But while we will never know fully what causes somebody to take the life of another, we do know what makes life worth living. The people we lost in Aurora loved and they were loved. They were mothers and fathers; they were husbands and wives; sisters and brothers; sons and daughters, friends and neighbors. They had hopes for the future and they had dreams that were not yet fulfilled.

And if there's anything to take away from this tragedy it's the reminder that life is very fragile. Our time here is limited and it is precious. And what matters at the end of the day is not the small things, it's not the trivial things, which so often consume us and our daily lives. Ultimately, it's how we choose to treat one another and how we love one another. (Applause.)

It's what we do on a daily basis to give our lives meaning and to give our lives purpose. That's what matters. At the end of the day, what we'll remember will be those we loved and what we did for others. That's why we're here.

I'm sure that many of you who are parents here had the same reaction that I did when I heard this news. My daughters go to the movies. What if Malia and Sasha had been at the theater, as so many of our kids do every day? Michelle and I will be fortunate enough to hug our girls a little tighter tonight, and I'm sure you will do the same with your children. But for those parents who may not be so lucky, we have to embrace them and let them know we will be there for them as a nation.

So, again, I am so grateful that all of you are here. I am so moved by your support. But there are going to be other days for politics. This, I think, is a day for prayer and reflection.

So what I'd ask everybody to do, I'd like us to pause in a moment of silence for the victims of this terrible tragedy, for the people who knew them and loved them, for those who are still struggling to recover, and for all the victims of less publicized acts of violence that plague our communities every single day. So if everybody can just take a moment.

(Moment of silence.)

THE PRESIDENT: Thank you, everybody. I hope all of you will keep the people of Aurora in your hearts and minds today. May the Lord bring them comfort and healing in hard days to come.

I am grateful to all of you, and I hope that as a consequence of today's events, as you leave here, you spend a little time thinking about the incredible blessings that God has given us.

AUDIENCE MEMBER: We love you, Obama! (Applause.)

THE PRESIDENT: Thank you very much, everybody. God bless you. God bless the United States of America. (Applause.)

Just after midnight, a gunman walked into a busy movie theater in Aurora, Colorado and opened fire into the crowd. Police report that 12 people have been killed and dozens more are currently being treated for injuries.

Just moments ago, President Obama [discussed](#) the shooting, calling on the country to stand with those who have been touched by the tragedy:

[Even] as we learn how this happened and who's responsible, we may never understand what leads anybody to terrorize their fellow human beings like this. Such violence, such evil is senseless. It's beyond reason. But while we will never know fully what causes somebody to take the life of another, we do know what makes life worth living. The people we lost in Aurora loved and they were loved. They were mothers and fathers; they were husbands and wives; sisters and brothers; sons and daughters, friends and neighbors. They had hopes for the future and they had dreams that were not yet fulfilled.

Earlier, the President spoke with both the mayor of Aurora, Steve Hogan, and Colorado Governor John Hickenlooper -- and pledged the full support of federal law enforcement to aid the investigation.

Vice President Joe Biden has also issued a [statement](#).

Update: President Obama has issued a [proclamation](#) that the flag of the United States be flown at half-staff at the White House and at all public buildings and grounds until sunset on July 25.
