Hard News:

Camp Loveway: Benjamin Stewart on the subject of the credibility of the times we are in & fake economy

- 2 intergalactic war criminals running for President - Ben Stewart asking why Atlas Shrugged is taught in school, and
- outright war on black people

R: talks of meeting the 2 Pleiadian women and talking to Heidi of the Bank of International Settlements

- the 8-8 Lion gate energies are here
- we are in a tremendous time and the particles of love are pouring in as we go into 2014 and Harmonic Convergence - we either work with the forces of light or the others
- The ladies said in spite of the horror stories, there is tremendous light pouring onto earth and the surrounding areas: work with the degrees, invocations
- As Ben Stewart said: had to get to this point of absolute dissolution

- Max Keiser last night: war between Wall Street and City of London, and Wall Street wants to be on top
 - Heidi said Angelca Merkel is walking a tight wire and the wire is gone!

- The one in the White House has every right to be there

- We were created with 12 strands of DNA by Mother: we have the abilities of Thor, Superman, the Green Lantern - story of green guardians is not a legend, yet only told in comic books
- We went down to less than 2 strands so we could be made into sheeple - Ben was talking of this, as well as the Pleiadians - we are in the final moments of breaking out of this state of being.
- Israel in huge amounts of hot water for breaking all kinds of international rules etc
 - none of us can offer judgement as we all played roles in the dark as well as the light.
- The final conclusion is not about extinction level events though the fear tactics are being amped up
 - we will never stop learning about who and what we are,
 - Stevie Wonder can see through his 3rd eye - he is no slouch!

T: Iran had an earthquake last night - 6.3 - it was intentional; in same place as last time - set off from the space station, not by HAARP

- Netanyahu has said he would nuke Iran whenever he wants to and is cutting off ties with the US and the president; Romney, Leon Panetta talked to him of these things - treason.
- This gives Ashtar Command right to step in - UN has been dysfunctional from the start

R: This is where the Justice League steps in

- Gregg Braden, Dr Quantum, & others coming forth with new information about the galactic alignment - and the increasing wonkiness continues
- The farther away you move from the tonal, the more the naqual kicks in - God is a number, the sacred geometry, the Fibonacci series and how the story began - the "big bang"

Caller: what effects will the rover "Curiosity" have?

R: Mars has always been helping us - has to do with Incas - we are sisters and brothers with the Incas

- the good guys under the Incas under Lord Monka's jurisdiction brought gold here ;
this gold was stolen by the cabal and taken to the Philippines; the White Knights took it back
 - Raelyn Allan's husband was an Austrian Illuminati who knew where to get the Peruvian gold as he had been one of those who moved it from Peru
 - a decade later, 1995, Gunther Russbacher [the husband] was killed by orders of Al Gore

- the stolen gold was from Mars: Lord Monka's gold: works with his son, Soltec of the Phoenix, and St Germain and Korton
- when the consciousness is ready, they drop a crop circle - this is another sign; it literally puts a symbol into the earth that says the people are ready to understand
 - the gold was taken back after it was stolen the 2nd time, moved it to Germany
 - then KOS got it back with help of St. Germain - it is in the US; the Ashtar Command has been facilitating this
 - since 1999, KOS has had his own star ship issued by the Ashtar Command personally: he is a world bridger: the 7th incarnation & initiation of Sananda on the planet and is not doing it by himself [2000 years ago, Jeshu was the 6th incarnation & initiation of Sananda, and the mission was not completed; he did not die on the cross, and had descendants and brought them to the west - that is us! And we have to complete what he started as it did not get done 2000 years ago - those who were to participate lost their way.
 - The one who was thought to be "crucified" was not Barrabas, but Aruhabi who had 6 strands of DNA & did not die either - nor was there a cross, only a tree limb - all this is coming to light now
- T names all kinds of people: Lady Di, Dodi, KOS, Nada, King Hussein have been pulling things out of Vatican, Alexandria, Genevea Peruvian [Machu Pichu] libraries
 - all the teachings are all there are part of the Akashic Records
 - the Keys of Enoch are coded to all the formulas of all that needs to be healed
 - there is a grid on this planet where the 13 chakras of Mother Earth are placed
 - there are stone beings who have been placed from other dimensions during time of Machu Picchu in Peru: it was the Mars people / the Incas who placed the stone beings, built Machu Picchu, and brought us the gold - these different stone beings anchor energies in the earth's chakras

R: the stone people have souls too - we are all one in the circle of Light

T: the mission to Mars started 2 years ago: amazing for photos to sent at this precise time and 3 years ago

R: Mars does not have a red atmosphere, but a blue - green atmosphere - Dr Hoagland's site tells much more

Caller: as getting closer to end of 2012, getting anxious - what are the thoughts?

R: **2012 is NOT AN EXTINCTION LEVEL EVENT ON ANY LEVEL - ABOUT THE RETURN OF THE GALACTIC GUARDIANS WHO ARE OUR BROTHERS AND SISTERS.**

- The cabal is dealing in stories of fear - they are the ones who have something to worry about and are going extinct, as they forfeited their 12 strands of DNA to avoid having emotions
- Mother Earth is moving into multi-dimensional levels
- 2012 has to do with the extinguishing of anything that does not deal with love: the war time consciousness is collapsing in on itself

Caller: has a lot of friends starting new relationships; friends not acting the same; events already transpiring - feeling that things already happening

T: NOT NEGATIVE EVENTS!!! People are making choices - Mother said in 2010 she would extend her love and compassion so people could make decisions to choose love -

- What caller is talking about is not what the love is about
- Consider the higher description of LOVE
- the big changes are that you go within, that you go deep into your high heart, that you

understand the right use of will and the the sacredness of the body, and the mind, and spiritual knowledge

Audio: Kadosh, Kadosh, Kadosh

Reading: Keys of Enoch coded as 308 to explain the

- The abomination of desolation is the doing of whatever and whoever gets in the way of people learning about the spirituality of life. [reference to religions]

Caller: more questions re: robotic device on Mars - thoughts on the energies that will affect us

T: the executive order that pres Obama signed in Jan 2009, he said he would as president have all the secrets of our ET brothers and sisters revealed;

- the Scientists had the device go from 13,000 mph to zero and have it land softly - the scientists were brainstorming, but they are also getting down loaded from the celestial realms so they got the wisdom and quantum leaps in understanding of how things work
- It is not really magic but how things work

- Mars is conjunct Saturn - this is why they were able to do it [input from Richard]

Caller: the most important question: has

T: caller cut off! They got punked again!

T: the things we are reading about is bringing up stuff that needs to be healed March 21, 2008 - July 25, the day out of time in 2012 = 1335 days

2012, Aug 10 **Spiritual & Energetic Significance of August 8th Stargate**

[August 8, 2012](#) by [2012thepicture](#)

The date 8/8 is a significant one. Below are some messages to help us understand the full meaning of dates such as this.

August 5th – **Sananda on the Lion's Gate 2012**

I come to you today to ask you to please sustain this heightened level of Oneness throughout the next few days until Lions Gate on August 8, 2012. Lions Gate is a supernatural door opening – it is like a portal but much more like a StarGate. You are in the Ring of Fire which is when the physical realm is pushed to its maximum ability and it is carrying such great energy it begins to burn and glow and heat up as fire. You are in the crowning before birth. New Earth is in the birth canal and crowning as the contractions push her to her very edge and it is causing a burning flame of love to engulf all of Earth. You have entered the Fire Ceremony today by holding the Potentials in your Heart and Desiring them. Lions Gate will be the final push, the final contraction and the full body of the New will be ready to emerge.

As the energies of 2012 grow in speed and propulsion, we are escorted to a conjunction of inter-dimensional possibilities and opportunities. We are asked to expand our horizons and expectations and our ability to receive. We are asked to become more, to do more, to see more, and to be more. Our gifts that come on the winds of change escort us into new understandings of how we are to enhance our innate abilities and DNA contracts. You are commander and chief of your cellular content; you are a directional for all biological functions. As this energy adjusts itself to your body Ask for enhanced sight, hearing, healing and cooperation of all cells in your body. Your body seeks your direction and wisdom. If your cells are holding karma thank the cells and ask that the karma now be released and cleared from the DNA structure. If you have extra fat cells on your body ask that the powerful emotion that created them, as you stuffed your feelings, be released, redirected. Place this newly freed power/energy/light/ into any section of your life that needs and extra boost. It is pure energy, spend it well.

As we round the corner into the lair of the Lion in the month of Leo, we find ourselves face to face with our ancient future and our ancient past. Reflections in our world mirror our inner needs on all levels bringing to the surface all that has been buried alive. Emanations from the light behind the sun rearrange our brain waves, readjusting the thinking patterns that have kept us hostage in an elliptical orbit of humanness.

The giant sunspots and coronal mass ejections we are presently seeing are but a glimpse into the life force of this Superior Sun that extends her super magnetic vibration into all parts of our known and unknown solar system. Lifting us to a point of open eyes within all the seeing cells of our natural state. Just like celestial acupuncture we receive injections of knowing that cannot be explained away. We finally find the passion to do, to be, to believe to create without a shadow of doubt.

The solar system lines up celestial body by celestial body, stopping only for a moment to pay homage to earth and her inhabitants observing the shifts and changes within the evolving species that calls earth there home. All buried landmasses within our consciousness come to a place of buoyancy, circumnavigating our linear flat world thinking. Exposing on a stellar level that which lies beneath all of our longings and choices. We finally stand up for what we believe and what believes in us.

The blue light from the star Sirius shines down onto all of our choices Stellar gateways open via earthen conduits allowing us to be lifted to a place of innate knowing. Everything we do or do not do will be felt in all sectors of heaven and earth.

It is time for the SOLAR LION via the SPHINX to rise from her enigmatic posture of guardian and unleash what has been subjugated to human restriction. A full positioning of this event transpires within the secret chamber of the left hemisphere of the brain for females and the right hemisphere of the brain for males. Like an unexpected tsunami the ocean floor parts to release a surge that will clear the mental shorelines of non-belief. Fractions of self and soul that had once been fluid through time and choice come running home with open arms and an open heart. Settling into all of the cracks of our personal universe filling them with what needs to be seen.

Emanations from the stars reach down to work there healing magic upon all of us. The light behind our Sun lifts her skirt of light exposing her Nubian body of light for all to see. The dance of the seven veils of time eternal cleverly keeps most of her concealed. Finally the children of earth have earned the right to see the truth of the Cosmos.

On August 8, Solar power will move into material form. Birthing a level of light that even the blind will be able to see. Uniting the two hemispheres of the brain in a cosmic fusion. So powerful is this solar vibration we will have but one choice as it enters our energy field. The choice is to just allow it to pass through us like a solar wind, not holding on to any part of it. Like a cool breeze on a hot day just allow the solar emanations to encircle and embrace you without trying to corral them and tie them to the fence of humanness. Just this minute action will shift the future into a place that can be seen and felt.

The 8:8 STARGATE VIBRATION is symbolic of the human DNA kept separate purposefully. The symbiotic relationship that humanity has had with earth life will shift into direct alignment with time passages. This time passage is allowing a new beginning to occur that increases mental capacities, IQ and the ability to remember (near and far). For some time now the human brain has been in the shop being repaired. Too much information has been painful and not properly. The brain has been resistant, seeming to have Teflon coating not wanting anything to stick to it. Each new set of thoughts triggered dormant fears that needed to be released and replaced with new strands of awareness.

The star Sirius rises every midsummer this rising is associated with new thought, new light, and new beginnings. It rises before the sun purposefully after being in stellar hiding for about 70 days. Sirius houses the Great White Brotherhood, the Lemurian Elders as well as the Christ Consciousness. It is now time to come from a point of high solar vibrations and allow this new light to shine on places within the psyche and history of earth that needs cleansed.

We stand at the base of the mountain of Creational maturity on our sojourn home to the Light. Everything in the universe opens its cupboards to show what has been hidden on all of its shelves. It is a personal choice as to how to wear this energy and wisdom. It has been laid at your anointed feet with a great love by those that have taken all of your evolutionary possibilities to heart.

THE INVISIBLE LIGHT OF THE 8:8 STARGATE

As the sun sends forth her rays of clarity a personal and planetary sonic boom is heard throughout the land. Explosions of the old are nuclear (new clear) as they are cast off like dust in a dirt devil. Truth unfolds itself to be seen in the long and short of it. Narrating an internal bedtime story that can only be learned by heart. Sleep beckons but the energy shouts so loud and is so demanding that sleep is short and not so sweet.

As the vibrations of the 8:8 Stargate come forth into materialization the human body bucks at the thought of housing more light, downloading more encodings, or receiving any more truths. If the truth be known the energies of the 8:8 Stargate are being birthed to smooth out the static cling of the personality. The tiredness comes to slow down the ancient angers that stir in the emotional layer of humanity.

The gravitational pull has increased not lessened as Earth begins a new evolutionary spin. Centrifugal force fails as all that was within the spinning bucket falls changing scientific truths to a point beyond confusion.

The sun behind the sun (at the center of our galactic nucleus) is seen with a new eye. As the invisible light from the superior sun is felt and not seen our humanness explodes with untapped potential. Pathways of cortical transmissions (from the core projections) intersect with all of earth, challenging even those of devout faith. The invisible light from the sun behind the sun at galactic center spreads itself over our lives like softened galactic butter soaking into every pore and membrane of our person.

What was once hidden is seen, what was once seen is changed. The eyes of the soul see with a new clarity redefining what was once considered dark. The overlapping of the two suns creates a portal (vesica pisces) for all to enter or exit depending upon choice. Liposuction of the soul moves what had been weighty and dense into a placement of understandability. Deleting the need for repercussions or

judgements. What is, just is, until you shift it. The 8:8 Stargate assists us in this knowing and portal preparation.

2012, Aug 10 **THE LION'S GATE AND BEYOND.....TOWARDS THE MULTI-DIMENSIONAL NEW EARTH**
The New Earth Energies August 2012
ARCHANGEL MICHAEL through Celia Fenn

Image by Nyako Nakar at www.nyakonakar.com and based on a Crop Circle of 3rd of August 2012.

Beloved Family of Light, in this year of 2012 you have just passed a Singular Time Marker...the Lion's Gate of 8 : 8, the 8th of August 2012. This marks the beginning of the Planetary New Year and the New Cycle of Energies leading into 2013 and the Manifestation of the Multi-Dimensional New Earth into your Reality.

What a Joy, Beloved Family, to welcome this Blessed time and the Transformations of the Earth to her Higher Reality and her New Destiny. Yes, your Earth is in the process of ascending into her new role as a Member of the Galactic Council, and into a time when the Planet/Star will be guided in her further Evolution by her own Councils of Light.

The Lion's Gate was always a particular celebration of the Sirius energy in collaboration with the Ancient Egyptian Wisdom Keepers. At this time, your Sirian Light Family celebrate your "graduation" to independent status as the Wisdom Keepers and Earth Keepers of the New Earth.

Many of You who are ready are now activating your Solar and Galactic Light Bodies and moving into Multi-Dimensional Consciousness. You are taking great strides forward as you prepare yourselves for your work as Earth Keepers and Navigators of "Spaceship Earth" as she transits the 2012 portals into the New Earth Frequencies of Light. As you enter into this New Work, you will feel Joy, Strength, Purpose and a sense of Achievement as you move through this Transit without disaster or catastrophe, just as we assured you for many years!

Beloveds, this will be a confusing time for many around you. There will be a final "lifting" or clearing of the long held "Atlantis Syndrome" of fear, when the fear of global catastrophe and punishment will be released from the Collective Consciousness, and the Planet will move forward without any of the old belief systems that caused fear, lack and suffering. As this process occurs, many will feel confused and lost, as if without a center, as the Collective Consciousness begins to formulate a New Perspective on Life and on Social Evolution. This will be most evident in your political and economic systems and in the great changes that will be made in the next five years.

This is the "moment" for the Indigo Beings, those who were Children in the 1970s and 80s and who are now emerging into their adult years, ready to begin their mission in weaving or manifesting the Multi-Dimensional New Earth Society. Together with the Magnificent Crystal Children, this is their Spiritual Soul Task. They know, deep within themselves, how the Energy of the New Earth will Emerge and Manifest in the time after December 2012.

The New Earth Councils of Light

The Multi-Dimensional New Earth will be guided by her Higher Dimensional "Councils of Light". These are the "Council of Elders", the "Earth Keeper Council" and the newly established "Council of Children". These Higher Dimensional Councils, working together with the Solar Council and the Galactic Council, will be tasked with guiding the New Earth into its Multi-Dimensional Future of Peace and Abundance.

The Major Decisions about the Earth's Future Developments and its Relationship with its Solar and Galactic neighbours will be made in the Council of Elders in conjunction with the Solar and Galactic Councils. The Major Decisions concerning the Earth and the well-being and sustainability of the Planet will be made in the Earth Keeper Council.

All members of the Council of Elders will also be Members of the Earth Keeper Council, and these two bodies will work closely together.

Newly formed also, is the Council of Children, which will manage the affairs of the New Souls and the New Waves of Crystal Children that arrive on the New Earth. The Council will be dedicated to ensuring their well being on the Planet and that all are welcomed and cared for as they deserve.

Beloved Family of Light, as you begin to work with these Councils, you will begin to understand the true power of Higher Consciousness and your ability to Manifest a Peaceful and Abundant future for yourselves and the Planet as a whole.

Activating the Solar and Galactic Light Bodies

Beloved Family of Light, as many of you are aware, as you begin this transit of the 2012 portals, you will be exposed to many powerful incoming Cosmic Frequencies and Light Codes. But know, that as your Consciousness expands into Multi-Dimensional frequencies, your Light Body will activate the Solar and Galactic levels that will balance out these frequencies and absorb them at the proper levels so that the Physical Body is not overtaxed or damaged.

The Solar Light Body is your connection to Solaris, or the Sun. This Body consists of Golden Light, and it easily absorbs the energy of the Solar Flares and Magnetic Radiation from the Sun. When this Body is activated, you will cease to be adversely affected by the Solar activity and radiation of the Sun. The Solar Light Body easily absorbs and conducts this energy so that it may be used in effective ways to energize the entire Light Body/Physical Body System with the incoming energy patterns and information delivered via the Solar Council Transmissions.

Likewise, the Galactic Body, when activated, is able to absorb and manage Galactic Transmissions on the Diamond Light Frequency, so that these are not disruptive of the Life Force Energy of the Being on the lower dimensions of experience. The Galactic Body is the Diamond Light Body, and it connects to the Galactic Center and the Galactic Council of Light. When these two Light Bodies are activated, the Solar and Galactic Bodies, the Being is fully activated to what we would call the Ninth Dimensional level, and is ready to accept responsibility as a member or co-worker with the New Earth Councils of Light.

Beloveds, you will recognize those who have ascended into Multi-Dimensional Consciousness. They will have a Strength and a Light in their Being, they will Radiate this Light from Within! They will be Empowered and Direct in their manner, while at the same time being Compassionate and Loving. They will be Joyful and Happy, living in the Present Moment without fear or resentment. They will be fully "human" in their ability to live life in all its aspects, while also able to experience the Divine and Infinite that is their Essence. They will be Spiritual Warriors, Leaders, Mothers and Fathers, Wise Men and Women and Elders.

It is indeed a time of Great Celebration, of Change, of Beauty and Joy! It is the moment that you came to

experience and the time that you have worked towards for many lifetimes! What a Joy that Earth is ascending into Multi-Dimensional Frequencies of Love, and is unfolding as a Magnificent Flower of Light in the Galaxy. As this occurs, Beloved Family of Light, know that you too, each One of You, is a Magnificent Multi-Dimensional Being of Light, a Cosmic Jewel, a Star in the Heavens, a Spark of Divine Light!

Beloveds.....we celebrate You at this Time!

We wish you Joy in your Ascension Journey through the 2012 Portals of Light into the Multi-Dimensional New Earth Reality!

It has Begun!

LIVE KRYON CHANNELLING

"The History of DNA and the Human Race"

This live channelling was Given in Portland, Oregon
August 29, 2009

To help the reader, this channelling has been rechannelled [by Lee and Kryon] and added onto, to provide even clearer understanding. Often what happens live has implied energy within it, which carries a kind of communication that the printed page does not. So enjoy this enhanced message given in Portland, Oregon.

Greetings, dear ones, I am Kryon of Magnetic Service.

We would give anything to void the rules of free choice, to show ourselves in a way that would allow proof that we're actually here. But on this planet of free choice, it is you who must open that door to us. We stand like the angels we are in your lives, walking the whole duration with you. At the point in which you are born on this planet, the angels surround the area of your birth, then they stay with you until your last breath. In those beginning weeks, you might see the infant with wide eyes actually looking at the angels! The infant will point, or sometimes even smile at them, even at two or three weeks old, because the infant recognizes us. All of you did it, indeed, in those early days where there is so much change and so much to get used to being so fresh out of the womb, the angels are a comfort to the infant. Do you remember? [Kryon smile] Then slowly that reality slips from you. Slowly. But many of you have seen it when the infant looks into what you call empty space and is pleased with what he sees.

These are the same angels who are with you now. They don't age, you know? But you do. They have been with you all your lives; they walk beside you; they came in with you; they'll leave with you. And if you never speak to them, they will say nothing. For that is the agreement. But oh, dear Human Beings, if you just give us one little space of intent, and you say, "*Dear God, show me that I'm loved,*" you open the floodgate. For this is when we enter your lives to the degree you will allow us. This is when we will give you what you ask for, beginning the synchronicity, the teaching, the hand-holding, and the end of feeling all alone. This is when we fill you up to such a degree that you will not be concerned with disease or age or drama. And all you will see is the promise of who you are. This has always been the way of it since the day we began, for our job is to allow awareness that you are part of us.

The message is sacred

There are still those who wonder about this process of channelling. It works best when the channeller is clear. It works when the bias of being a singular Human is set aside. It is the way of it and has always been the way of it. All scripture on the planet has been written by Humans. Take a look at how this works, Human Being, for you, by yourselves, are responsible for all the prophecy and all the good things that you would find in those words that comfort you, that you say are *from God*. And so it is again that we come before you with information that is given in this sacred, ancient way.

The information given this evening for those who are in the room is given in what you would call *real time*. Those who are listening and hearing in what these sitting here call *their future* know how this works. However, this linear track of time is not our reality. We are quantum, so therefore we can see the potential of who is looking at this page, even though it hasn't happened yet for those who sit in front of me. What it means is that the message, although all about history, is still a personal one and we invite you to feel the ancient truth of it, for we know whose eyes are on the page.

All of the information I give now has at some point been given in the last 20 years within the Kryon channelling. But we have never given you this synopsis, for we are starting to summarize subjects for simplicity, for clarity, so that they begin to be less obtuse and more present in your reality. Plain speaking and plain words are what clear channelling is able to bring you.

The information of today's teaching

This is the gift to us, that you would sit and let us wash your feet. And while my partner gives you information, the *third language* will be present in all the hearts here. Some of those who are listening and reading in your future will be touched as well. For we know who you are as your ears hear these words, for we see you there. We see your faces and we see the light that you have as well. It is no accident that with free choice you are willing to have this communication enter your lives this day.

Let the information given today be passed to many. This information we give now is about the lineage of DNA... from the start of DNA to the present. We will speak of the way it occurred on the planet, the way it works, the way it changed, and the things that you need to know around it in this new energy to get you to the place where you can begin to use it as it was designed.

In this teaching, we must start where my partner started even today in his lecture series. For much of what he taught in these last hours is going to be covered here. However, for those who are just joining us through transcription, we will start at the beginning... such is the way you live in a linear world. We start with history of DNA and humanity.

What's all this about DNA?

The question has been asked, "*Kryon, why is it you speak so much of DNA? It is a biological attribute of the Human body. It is the blueprint for the Human genome. It writes the chemistry for all of the genes, over 30,000 of them. But why would you speak of this? You don't speak of molecular substances or chemistry, so why would you speak of DNA? Instead, speak to us about spiritual things.*"

The above criticism has been spoken by many. They have a strong spiritual quest, but their disappointment is seen and they don't understand why we speak of DNA, seemingly a physical attribute of the Human. So let me finally explain, dear ones, if you are one of those, that it is time to reveal your DNA for what it is.

DNA is the core element of who you are, both physically and spiritually. If you had to choose a place where the Higher-Self dwells, it's in your DNA. The Akashic Record, that blueprint of everything you ever were, is in the DNA. All of the lifetimes, all of your spiritual growth, all of your talents over eons of your lives, is there. The karma that you came in with and that many of you have dismissed is there. The record of that enlightened action is there.

Your Human spiritual history is there, written in the quantum parts. Some of you understand this to the degree that you *know* you were Lemurian. If you feel this way, you know the incredible profundity of what's inside you. That is the reason we speak of these things. It's very hard for a Human to believe this, for it means that much of what you have felt was "outside of yourself" is actually inside. But this follows the teaching of the masters, and of Kryon, that you are a piece of the creator, and the processes of mastery are within you.

The science of DNA

It has only been in the last few years that science has given you the proof of what we are going to

speak of now. We have alluded to this in the past and now we'll just say it straight out so that there is no mystery about what science is puzzling over: Your DNA is over three billion chemicals strong. Each molecule of DNA, which is a loop, has over three billions chemicals within it. It is a molecule so small that you need an electron microscope to see it.

The Human Genome Project, a scientific endeavor, has revealed a mystery: Only 3% of the DNA chemistry does anything! We speak of the protein-encoded portion of the DNA parts. It alone produces over 30,000 Human genes. These genes are the blueprint of life that you were looking for. But only 3% of DNA is the entire gene-producing scenario. Three percent does it all, everything the project was looking for. Over 90% of the chemistry of observed DNA, therefore, is a mystery, for it seems to have no function that is obvious. There is no observable system, symmetry, or biological purpose seen within the 90% of the chemistry. It has no chemical codes as the protein-encoded parts do. It seems random in nature, and some have even called it "junk DNA."

Some biologists are convinced that this part of DNA is left over chemistry from the evolutionary process and is no longer used by the Human Being. There is no code, and it seems to do nothing. Therefore, the tendency is to ignore it. It's useless.

A group of ancients makes an astounding discovery: Left on the beach by a time traveler is an amazing wireless stereo system. The small, efficient speakers are pumping out the most amazing rhythms, and the men are mesmerized by it all. They don't dare touch it, but they sit and enjoy the music, not understanding how it is being produced or anything about the gleaming equipment before them.

After many days, they begin to look deeper into the seeming magic of it all. They are curious, for curiosity is the main trait of the Human Being. They begin to analyze it. They look it over, again, not daring to touch it, and the elders finally announce to all that they have figured it out.

They see the CD player, the main amplifiers, and the processors that are sitting with the speakers... lots of equipment. The speakers, however, are where the audio is coming from, and so it is the speakers that are seemingly doing all the work.

The tribe comes together and they announce their findings: Advanced space creatures have landed and left some of their equipment. The wise men of the tribe can't figure out what everything does, but two small items are responsible for the wonderful music they are hearing. The rest of the equipment is a mystery, and must simply be space junk that isn't related to the music.

The parable speaks for itself. What is not understood as "part of the whole" is discarded due to ignorance. Hidden within this example is even more than you think. It's not just the incredible technology to play the music that is not seen. What about the creation and composition of the music? What about those who recorded it, and the incredible resources that went into even getting it to the CD player? What about the history of music itself, and the evolvement of rhythms over the centuries? There is a giant, intellectual secret hiding in the sand before them and they only see the speakers, since that is the only thing "making noise."

Evolution and what you call Mother Nature (Gaia) work together and are very efficient when it comes to Human biology and to life in general. Whether it's the appearance of photosynthesis at just the right time on the planet, or the way the Human genome has evolved, the system throws

away things that are not needed. The 90% of DNA that is not understood is not junk. Hardly! Instead it is the processor and the instructions driving the part that is understood. It is processing the music that is being played by the 3%.

I will tell you what it is specifically, and in the revelation yet again I want you to ponder what it could mean to you personally. Ninety percent of your DNA is literally the quantum blueprint of your divinity. It is the blueprint of your Akash. It is the record of all lifetimes, all things accomplished, all growth, all epiphany, and all failure. For those of you who called yourselves Lemurians, it represents a vast amount of experience on the planet, all the way from the beginning, which we are going to speak of.

Things in a quantum state are not logical in 3D. Quantum physics makes very little sense to the linear thinker, and you are linear. Therefore, the "bias" you carry is this very fact: That your reality is based in only a few of the dimensions that the Universe enjoys. Until the "rest of the picture" reveals itself, most likely due to your scientific quests, you will only see the limited reality you sit within. Things outside of 3D will remain a mystery, seemingly to be random and chaotic instead of logical and systematic. Your DNA carries with it your spiritual blueprint, and all the instructions for who you are. All of that is in the 90%, which is quantum.

Therefore, the discussion of DNA is the discussion of your creation, your Akashic record, and your spiritual lineage. This is why we are concentrating on it.

Human consciousness... 3D?

It's time to connect these things and think about the bigger picture: Within that 90% of quantum DNA is Human consciousness. The consciousness of humanity is not measureable with codes and genes. It is outside the purview of chemistry and continues to be something that science sees as a mysterious result of how biology comes together... again, there is no understanding of what creates the "whole Human." Within Human consciousness there is your ability to talk to DNA, to control it, to work with it, and to become part of it. This is what we have taught from the beginning. Therefore, one of the largest secrets of your own reality is your ability to be in charge of your own body and its basic functions.

Now, according to new science, even some of the processes of the planet itself are seen to be affected by Human thought. Are you starting to get the picture? The 90% of your DNA may actually be part of something larger than your own personal biology.

One of the first things we ever told you is that consciousness moves the earth. Consciousness is what is responsible for the vibration of the planet, and you have always been able to change what you have thought was something unrelated to you... the reality of what happens on your planet. When you begin to understand this truth, you will absolutely understand that Gaia responds to YOU!

So, these are the workings of it, spoken in a clear fashion. It's only because of the development of the Human genome and the revelation of the 90%, which seems to do nothing, that allows us to speak of what it really does. It's going to make sense to science at some point in time. The hint: When they take a look at that 90% and they begin to study it as non-coded engrams, they will begin to see that the largest part of DNA is really signal modifiers to the 3%, which is the engine that drives the biology of the Human body.

The puzzle of the Human body's weakness

One month ago we spoke of this issue: Here you are at the top of the DNA evolutionary ladder on

planet Earth, and you have a system that is weak... far weaker than you would expect it to be.

This is a review.

Your cellular structure does not represent what was given to you originally. Rather than evolving, the quantum portion of your DNA has devolved in response to Human consciousness (the driver of your reality). The fact is that your immune system doesn't work very well! Many major diseases and viruses on the planet go right around it. Did you notice? You can't even stop a common cold. There's a problem here, you might say, and there is! For the 90% of your DNA that's supposed to be quantum is only 30% efficient. We gave you that information some time ago, but for this lesson, I give you it again so that the logic of this teaching is succinct.

Briefly, I'll say this: How does it make you feel to know that you could have cancer in your system and your body will never tell you? You've got to go to a medical expert and have a technical test to find out what your body is doing! What kind of a system is that? The self-diagnostics that have been built into the Human Being simply don't work well. Cancer is the result of an incompatibility of the Human body to cope with modern food. The result creates signals that are not congruent with how the body is supposed to work... balanced division of cells in a manner that is balanced with the chemistry of what it takes in as food. Instead, the body produces abnormal growth... tumors that eventually devour the entire organism.

Cancer is not a virus, and it isn't contagious. Instead, it's an imbalance... an allergy to modern society. The body's immune system isn't really involved at all, for cancer appears to all the body's defenses as normal cells doing what they always do. They are not, for they are specifically cancerous, but they have "learned" to hide within cellular structure. A quantum consciousness creates a system of "knowing" that alerts the body to imbalance. The result is that you would know right away that there was a problem, but you don't since the system isn't working as designed.

Another attribute of quantum DNA behaving as it should is the creation of a much, much longer Human life span. The body doesn't want to age! It wants to live! This is basic survival, so it is able, through an intuitive process, to create an intelligent scenario regarding the division of cells. Without this quantum enhancement, the body's cellular clock simply counts days and goes with the cycle of the moon. It doesn't know any better. It's not working as designed.

Some of the ancients, indeed, lived lifetimes two and three times as long as yours. It depended on where they were and how much of the quantumness they had lost. Know this: The eventual successful life extension processes being developed on this planet will all have one thing in common... the increased signals to the DNA to return to a more quantum state. You call it "activating the DNA."

A quantum consciousness is one that is "one with everything" and would absolutely know if cells were running wild and inappropriate growth was threatening health. But your immune system won't alert you. Something is broken, but you have grown up in this reality, so the logic of what I'm saying escapes you. If you spend enough time hanging upside down, soon your body will object to walking or the whole idea of it. Eventually, everyone simply hangs upside down and starves, having forgotten how to walk. Walking is something that only the masters could do, or so the thought develops. Therefore, nobody walks. This is simply the way Human reality develops over time, and this is what we are challenging daily in this new energy.

When nerves are severed in your spinal cord, there's a chemistry that races to that area and keeps them from growing back together. Did you know that? The process itself is known by science and even has a name! It's just the opposite of what you want, and seems contrary to the logic of how a body should work. Something is broken.

Starfish can grow back an arm, and you can't. How does that feel, being at the top of the evolutionary ladder? All of this because the "blueprint" that creates the genes is not functioning as designed.

But it used to...

Let me take you back to the beginning.

The creation of your quantumness... the creator in you

Here it is, laid out so that anyone can see it and hear it and all of the attributes of it you need to hear, in plain language. One hundred thousand years ago, there were up to 17 kinds of Human Beings in development. Just like the variety of nature would call for regarding some of the other animals and mammals, there was the built-in variety that Gaia provides for in the survival of a species. Just as there are dozens of kinds of monkeys, and a tremendous variety in so many other animals on the planet, a variety of humans was also in progress. But if you noticed, there is only *one* kind of Human today. Oh, there are different colors and a variety of facial attributes, but only one kind. There is not the typical kind of differences you find in nature. You don't have the kinds with tails, and the ones without. You don't have the super small, hairy ones in one continent next to the super tall, spotted ones in another. Something happened.

Go back with me 100,000 years and you'll see that documented by science who discovered this anomaly within the last decade. They are seeing the same thing. Counter-intuitive to all biological evolutionary forces, something happened to create only one kind of Human Being, and it happened about 100,000 years ago.

Now be prepared, for some of you hearing and reading this are not going to like it. This was the lecture of today by my partner, and I'm going to give it to you again for those whose eyes are on the page, or ears are listening to this transcription. Listen: A beautiful thing happened... beautiful! Something happened by design, and you were waiting for it with me, when you were creating the planet, dear ones. When you were with me watching it cool down, you knew this would happen. A divine plan was in progress.

In your own galaxy, called The Milky Way, you have a cluster of stars called the Seven Sisters. It represents seven stars, one of whom has a planetary arrangement around it. You have called this arrangement and those coming from this solar system the Pleiadians. These are the ones who visited Earth 100,000 years ago, and it didn't take them very long to get here.

This Humanoid race is semi-quantum, just like you. That is to say that within their consciousness there is a meld of 3D and quantum. There is no time; there is no space; there is no distance. They willed themselves here and they appeared. It is an advanced race that is spiritual, and it is spiritually *graduate* in nature. This isn't going to make sense to you, since it's out of the spiritual system you think is real. So let's just say that their spirituality is mature, beautiful, and totally appropriate. They arrived on schedule, by design, and on purpose.

They came to plant the seeds of quantum, divine DNA within one of the types of Human Being of the 17 types in development on Earth. They stayed for as long as it took. You should know that this took over 100,000 years, and they stayed. Slowly, all of the other kinds of Human Beings dropped away, and only one was left... the kind with the seeds of the creator. The kind that exists today.

This is the original and divine creation story given to you on purpose in a beautiful way by Spirit. It was an anointed time and I would like to tell you, souls who are here, that long before Lemuria,

when you looked upon this potential scenario, you knew it was good. Intuitively, you feel it and know it, for you are firmly related to those in another star system who gave you this great gift.

The Pleiadian brothers and sisters look like you. They do not have lizard skins; they do not have strange arms and legs, funny eyes or large heads. They have no agenda and are not controlling Human thought. They're a bit taller, but they look like you! There'll come a day, when it's proper and correct and appropriate, when they will show themselves. It won't be in your lifetime, for they are waiting for a specific vibration on the planet for that. But when arrive to greet you, they're going to get out of their crafts and look just like you! Then you will know that what I say here is accurate and true for they are watching as I give this message, and are smiling with the appropriateness of delivering it to those who need to hear it this way.

Listen to me: There is no conspiracy here. No one did anything to Earth or to humanity that you didn't plan. There is no control issue here and nothing is hiding. By design and on purpose Spirit allowed them, by invitation, to come and give you this gift. The only planet of free choice moved from the Pleiadians system to this solar system and literally to the earth. Biological beings slowly gained their quantum DNA and spiritually was born. Nothing happens fast with God, did you notice? God is slow and the earth is patient. But Humans have trouble with the "slow" concept. They want spiritual things to happen quickly, and the mythology shows this.

It's controversial, this information, and those listening and reading now don't have to believe it. This information is not critical to having your light shine on Earth. If it does not ring true to your soul, then pass it by. But understand that somehow there is God in you. Perhaps it isn't necessary for you to know how, but feel the creator at work in your DNA.

The controversy will rage, and it should not be forced on anyone. It is not evangelical, and it is only for you to see it as a part of the big picture. But this is where your seed biology came from and I have just given you truth.

Oddly enough, there will still be those who wish to go with the mythology that God came to the earth quickly and within a few days presented the entire spiritual system to the planet. They really don't want to think that the eye-rolling story of space aliens coming to Earth has anything to do with God, or the spiritual nature of a Human Being. It's ridiculous to them! As my partner says, *"They like their talking snake story."* Then that is what they should have, for hidden history should not be something that keeps a Human from his faith or takes away his belief.

Lemuria

Slowly, the first civilization on the planet was born and it was called Lemuria. Know this: It was not an advanced civilization in the way you think about "advanced." But they had something you should know about. Their quantum DNA was at 90%, not 30% as yours is today. All the quantumness of their DNA was activated, for that is what the Pleiadians passed on to them. Lemuria was the oldest civilization on the planet, the one that was the most long lasting, which never saw war.

It was eventually broken up only because the oceans and seas rose. As I have described to you before, they became a sea-faring people and scattered to the many parts of the earth. Ironically, some made it to far away continents and science sees them as actually starting there, instead of traveling from somewhere else.

Lemurians were the original Human society on the planet, and they were located where the Pleiadians originally landed, on the top of the highest mountain on Earth, as measured from the bottom to its top... currently the largest island of Hawaii, where the Lemurian "canoes" are buried. Hawaiian elders will tell you today that this is the lineage of Hawaii, that the Pleiadians came

there, for it is what they teach as how humanity began.

Lemurians had a quantum understanding of life, and they knew in their DNA all about the solar system. A quantum DNA, working at 90%, creates a consciousness that is *one with the universe*. One of the most ancient of your spiritual beliefs on the planet asks you to be one with everything. It's not an accident. I'll get to that in a moment.

The remnants of Lemuria are gone, covered by water a long time ago. You're not going to have proof of this, for nature has buried it completely and it is now only available to be felt in those places that were Lemuria but never covered by water. And if any of you should happen to go there with pure intent, the ancestors will come to you and will say, "Welcome home."

Here is some historical advice: Do not place so much attention on Atlantis. Atlantis was much, much later, and there were actually three of them, and much confusion around what was there, and what happened there. Which one do you want to talk about? Atlantis did not play near the role that those in metaphysics and esoteric teachings wish to assign upon it. Oh, it was important, but one of them is not ancient at all! It was so recent, off the Greek Isles, and was even reported within the history that you see today from the Greeks. Humans have a dramatic interest in civilizations that get destroyed quickly. It creates further mythology, creating ideas that Atlantis was one of the most advanced civilizations. It wasn't. Lemuria was, but in consciousness only.

Lemuria was not an advanced technical society, for it had no technical abilities at all. Yet they knew how to heal with magnetics. It was in their DNA, you see? It was intuitive information. Quantum DNA produces quality intuitive information. Being *one with the Universe*, they knew all about DNA. Doesn't everyone? [Kryon smile] They even knew the shape of it... all without a microscope. That's what quantum DNA does.

The ancients knew!

Lemurians knew much due to the quantum DNA they carried, thanks to the Pleiadians. They knew all about the solar system, and about the galaxy in general. They looked at the stars and understood what was there. This created a seemingly advanced society, but without any technical advancement as you now have.

Long after the Lemurians were gone, thousands of years later, there is vast evidence that ancients still had this knowledge. Today's modern version of Human history doesn't give credibility to the 30,000 years of advanced humanity that were Lemurian. You barely even see Humans existing 10,000 years ago. That will change with new discovery and time.

However, what you do see is that as little as 4,000 to 5,000 years ago, the ancients still had knowledge of the stars... far more than you realize. Most of the ancient civilizations of Earth knew about the Galactic Alignment that is coming in the "era of 2012." We have told you that this Galactic Alignment has already begun. You see it as 2012, and we see it as 1998. Do the math with modern computers and telescopes and you will see that 2012 is only a gross estimate from cultures without your technology. So with this in mind, you will find that you are sitting in the energy of the Galactic Alignment as we speak.

This alignment is a 26,000-year cycle that the ancients knew about it! How is this possible, you might ask? For when you rewind history to only a few hundred years ago, you find "modern science" having totally lost all this knowledge! The earth was flat, the sun went around the earth, and almost all the intuitive knowledge of how the body worked was totally gone.

The ancients had DNA that was working in a quantum way, as inherited from Lemuria, without telescopes or computers. They knew. They knew about the solar system, equinoxes, eclipses, and planetary movement. They even knew you were in a larger group called the galaxy. So I ask you,

what happened? We reveal the obvious, that you slid backwards in a very significant way, and only recently.

When we speak this way, there are always those who want to believe that some force other than humanity was responsible for "taking your knowledge away" and leaving you wounded. This is the Human Being denying that they control the vibration of Earth. Free choice is honored by Spirit, and the whole idea of you being here is to examine where this planet will go depending on what Humans do. The splitting of Lemuria and the fragmenting of Human society created many ways to lose what was a collective consciousness. As long as the societies had a quantum community, there was a confluence of understanding. When they split up, slowly, over time, the most intuitive knowledge accepted for centuries simply died. If you doubt that, then how do you explain that the ancients knew what only "modern astronomy" has given you in the last few years?

This is the process where the DNA that used to be at a 90% level was slowly reduced to 30%. Indeed, that's what you have today. You have literally started over. You lost the quantum intuitive knowledge, that intuition, the absolute understanding of where your seed came from, how the body works, and the Pleiadian experience was gone... lost.

Humans forgot basic astronomy, and they didn't even think the earth was a globe. All this wonderful intuition went away about the working of the Universe and the Human DNA. Now you have a shift at hand, and you are slowly pulling yourself up from where you are today. I'm going to tell you what is different today, and with it, we are almost complete.

The great shift

The lineage and history of DNA started from a precious creation that was appropriate, with the integrity of the angelic realm, and anointed with a sacred purpose. Through free choice, it declined as Humans accepted a lower consciousness state. Mythology is filled with dramatic stories of the "fall of mankind," but there were no devils involved, only the process of free choice within humanity.

You sit in a shift. You sit in an age you call New Age, but it isn't new. Instead, it is a remembrance of the ancient knowledge, and the ways of Lemuria. It is, therefore, a return to a Lemurian state, and it's about time. This is what you call the new energy, and the shift is upon you that allows for gifts to begin a slow and purposeful enhancement of consciousness on this planet. But as we have discussed, it must start within your own DNA.

Oh, Human Being, listen to me: This is the crux of why you're here. It is what we teach in this day, that the DNA, that quantum sacred part of you, is laying there ready to be enhanced with your pure intent. All that Kryon brought in *magnetic service* to you was to service this planet in a way where the magnetics could shift and communicate to your DNA. This new communication is a result of the 1987 Harmonic Convergence and the combination of moving into a new Gaia energy that the Galactic Alignment is creating. It gives the potentials of a return to a state that you deserve... a Lemurian state of awareness, a state where war is not an option and health is intuitive. The Mayans spoke of it! This is the highest vibration that Gaia has ever seen, and you sit in the ramp-up of it all. This was their 2012 information, and it is not taught that way by many.

Bring Human consciousness to match that vibration and your DNA will start to increase in its efficiency. It will begin to be quantum again. You're going to start to see it in many ways and we've spoken of this as well. Look for the signs that Humans are evolving. This evolution process is starting with what you have called the Indigo children. These children of new consciousness are very different, did you notice? It's all about how much of the quantum DNA they are using, in contrast to how linear you are! The clash between the quantum and the linear has only just begun! If you think there are issues now with the new children, just wait until they have their children! Humans are changing.

Within this "New Age," you are potentially bringing back an original energy, slowly, that was designed for today. It is time for you to return to the quantum state, which is the spiritual state that the Pleiadians gave to you, and it starts now.

At the moment, you fight a battle on the earth between old and new energy and the new energy is winning. Make no mistake that the old energy will be with you for some time. It continues to create issues that you see as problems, but are actually a "quantum clean-up." As you clean up your economy, and you're not done, you will see the ways of a new paradigm of being, of structuring, but it's going to take some time. Do not fear what it will do, for it will emerge just like you knew it would emerge... one of the strongest on Earth, filled with integrity. It will potentially represent a new paradigm that makes sense for a new age. Count on that, and Indigo adults will help you to design it. New concepts will leap over existing thought, and bring a revolution in the way life can be on the planet.

All this is part of a Human evolvment in consciousness that you can see in your DNA. "*Kryon, is a scientist going to be able to put this under a microscope and see it?*" No. Regardless of what you have been told, they will not see a change in DNA. The current microscope is 3D. So I say to the scientists this: When you develop the *quantum lens*, you will see it, for you will actually see the chemistry in the 90% random areas. It will glow under the influence of the quantumness and you will know I'm right. Then it will *change colors* with the activations you are creating and you will be able to see and track it. But at the moment, you have no quantum lens. There is no device for measuring the quantumness of the Universe that exists on the planet, but you're getting close. And when you do, the first revelation can be seen within your own biology. Here is another hint. Continue to examine things in an entangled state, for this is the beginning of the true quantum state that you can alter with 3D technology.

These are the things we wish to bring you today, and these are the things of the teaching for the day. All through this, we've been hugging you. Why do we bring these things to you? Why do we care? Because as family, you are beginning to discover a great secret... that your core souls are related to the Universe, and that your Higher-Selves are angelic and forever. Humanity is beginning to come *full circle*. Very slowly, and through the next three lifetimes, you may actually create a new earth. These are the potentials we told you about 20 years ago.

You wouldn't have missed this, dear Human Being. You are reading this because of it. You are part of the solution to peace on Earth. I know you. There will be a certain percentage of those reading and listening who, in these next years, will come see me. There will be a transition that is not new to you. It is a life transition that is appropriate and beautiful. For an old soul, it's something you've done many times, so many you can't even count. And you will come back to the planet after that, and then you will come back yet again, because you're not going to miss this! You've spent eons working on this planet, and you're not going to miss this.

This is the shift you have asked for, that you've waited for, and that you have prayed for. Many in this room will live out their normal lives, but are coming back with a higher level of DNA efficiency than you left with. We'll say it again. If you wish to see Human evolution, watch these Indigo children. For they are going to develop into an even more frustrating group than they are now! And some of YOU will be THEM, when you return.

[Kryon smile]

I wouldn't say these things unless they were accurate and true. See the clarity of the channel today. Feel in your own innate sense the truth of it all. Be aware that you are dearly loved. It is the reason we are here.

We metaphorically collect the bowls of the tears we shed in joy as we wash your feet. We invite you in the room with us now to carry on this energy of Spirit. Let us sit with you for a moment before you rise and leave. Let it be known that this day Spirit really was here... to meet the brother and the sister, to wash your feet with respect, that you would let us do such a thing as this... to be with you for an hour and to love you like we are doing.

And now you know our secret. This entire meeting was arranged so that we could just sit with you, and we have.

And so it is.

KRYON
